Now, therefore, This Indenture Witnesseth, That the first party, in consideration of the premises, the sum of five dollars (\$5.00), the receipt whereof is hereby acknowledged, and of the covenants and agreements herein contained, to be kept and performed by the said second party, has demised and leased, and by these presents does demise and lease, unto the said second party, its successors and assigns, for the term hereinafter specified, all and singular its railroad described as follows, to-wit; Beginning at Concord, in Morgan County, Illinois, and extending thence southeasterly, via Jacksonville, through the Counties of Morgan, Sangamon, Macoupin, Montgomery, Bond, Clinton, and Marion, to Centralia, in said Marion County, a distance of about one hundred and twenty-one (121) miles, together with all roadbeds, rights of way, depot and terminal grounds, or other lands, or interest therein; station houses, buildings and structures of whatsoever kind; leaseholds, rights under contract, ordinances and licenses; telegraph lines, ties, poles, and other materials and supplies; cars, locomotives, tools and all other equipment, and all other property, real and personal, of whatsoever kind and wheresoever situated, now owned by the first party or hereafter to be acquired by it, whether appurtenant to the said railroad or not, together with the rents, revenues and income to be had, levied, or derived therefrom; also all rights, privileges, immunities and franchises, possessed by the first party, except its franchise to be a corporation.

To Have and to Hold, the said railroad, property, franchises and privileges for and during the term of twenty-five (25) years from the date of this indenture.

The second party, in consideration of the premises, hereby covenants and agrees with the first party, either by itself or a competent third party, to take immediate possession of the demised railroad and the property above described, to place the same in good condition, and to equip, or cause to be equipped, the said railroad with all necessary rolling stock and equipment, and to maintain and operate, or cause to be maintained and operated, the said railroad in such a manner as to furnish reasonable accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied or charged against the said railroad property, or any part thereof; and upon the expiration of the term of this lease to return the said railroad and property to the first party in as good condition and repair as they were at the commencement thereof.

The second party in addition to the foregoing, and as rental for the use of the said railroad and property, agrees that after paying the expenses of operating, renewing, replacing and maintaining the same, including

reasonable improvements and additions thereto, taxes, rentals and all other proper and reasonable charges, to apply its net income, if any, derived from its operation of said demised railroad, to the payment of interest on the bonds and obligations now issued for which the first party, or the property owned by it, is liable, or obligated to pay.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, the day and year first above written.

DEED, July 1, 1905, The Jacksonville and Saint Louis Railway Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

Indenture, Made this first day of July, A. D. 1905, by and between the Jacksonville & St. Louis Railway Company, party of the first part, and

the Chicago, Burlington & Quincy Rail Road Company, party of the second part, both being corporations created, organized, and existing under and by virtue of the laws of the State of Illinois, Witnesseth: That,

Whereas, The first party being thereunto duly authorized by law, is the owner of a certain railroad hereinafter described, in the State of Illinois; and,

Whereas, The railroads of the parties hereto connect, and make a continuous railroad; and,

Whereas, The second party is now in possession of and operating the said railroad, in connection with its own railroad, under a lease for twenty-five (25) years, and has offered to purchase the remaining interests, property, and franchises of the first party in and to its railroad, upon the terms and conditions hereinafter stated, which have been agreed to by the directors of both the said companies, and approved by the stockholders owning and holding two-thirds in amount of the capital stock of each of the said companies, in manner and form as required by law:

Now, Therefore, This Indenture Witnesseth: That the said first party, for the considerations hereinafter expressed, by these presents does grant, bargain, sell, convey, release, assign, and transfer, to the said second party, the following described railroad, property, franchises, and privileges, to-wit:

Its certain railroad, beginning at Concord, in Morgan County, Illinois, thence extending southeasterly, via Jacksonville, to Centralia, in Marion County, Illinois, a distance of about one hundred and twenty-one (121) miles;

Together with all road-beds, rights of way, bridges, depot and terminal grounds, and other lands or interest therein; station houses, buildings, and structures of whatsoever kind; leaseholds, rights under contract and licenses; locomotives, cars, and other rolling stock and equipment; telegraph lines, supplies, tools, and material; rents, profits, income; and all other property, real or personal, of whatsoever kind and wheresoever situated, now owned by it or hereafter to be acquired, whether appurtenant to the railroad aforesaid or otherwise. Also all rights, privileges, immunities, and franchises belonging to the said first party, except its franchise to be a corporation.

To Have and to Hold the same to the said second party, its successors, and assigns, forever.

In consideration of the foregoing, the said second party covenants and agrees with the said first party that it will equip the said railroad, or cause the same to be equipped, and will maintain and operate the same, or cause the same to be maintained and operated, in such a manner as to furnish reasonable accommodations to the public; that it will pay, or cause to be paid, all taxes and assessments that may be lawfully levied upon the said railroad and property, or any part thereof; and will assume and discharge the funded debt, both principal and interest, of the said first party, as it may mature; and that it will pay to the owners and holders of the capital stock of the said first party ten (10) dollars for each share of their stock, upon the presentation and surrender of the certificates therefor.

And, to the end that the second party may have, hold, use, exercise, and enjoy the railroad and property and franchises of the first party, hereby conveyed and intended to be conveyed, and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and, for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be hereto attached and attested by their respective Secretaries, the day and year first above written.

FENTON AND THOMSON RAILROAD COMPANY

This company was incorporated under the General Laws of Illinois by Articles providing its time of commencement shall be June 1, 1903. By the second section of its articles, this company defined its road as follows, to wit:

“It is intended to construct the proposed railway from a point on the Galesburg and Savanna branch of the Chicago, Burlington & Quincy Railroad, about two miles north of Fenton, in the County of Whiteside and State of Illinois; thence in a northerly direction to a point about three miles south of Thomson, on the said Galesburg and Savanna branch of the Chicago, Burlington & Quincy Railroad, in said County and State, a distance of about 12 miles.”

It was organized at Chicago, July 6, 1903, and built from Fenton Junction, on the Galesburg and Savanna branch of the Chicago, Burlington & Quincy Railroad, thence in a northerly direction to Ebner, Illinois, on the same branch a distance of twelve and seven tenths miles.

It was completed January 1, 1905.

By lease for twenty-five years, dated January 2, 1905, this company leased all of its road to the Chicago, Burlington & Quincy Railroad Company.

In 1906 this company conveyed its road to the Chicago, Burlington & Quincy Railroad Company by deed, dated March 1, 1906.

ARTICLES OF INCORPORATION, June 4, 1903. Fenton and Thomson Railroad Company.

* * * * *

We, the undersigned, Henry W. Weiss, Chester M. Dawes, Charles V. Carpenter, Joseph A. Connell, and John M. Dering, desiring to form an incorporated company for the purpose of constructing and operating a railroad under the laws of Illinois, hereby adopt the following Articles of Incorporation:

First: The name of the proposed corporation shall be the Fenton and Thomson Railroad Company.

Second: It is intended to construct the proposed railway from a point on the Galesburg & Savanna Branch of the Chicago, Burlington & Quincy Railroad, about two (2) miles north of Fenton, in the County of Whiteside, and State of Illinois; thence in a Northerly direction to a point about three (3) miles south of Thomson, on the said "Galesburg & Savanna Branch" of the Chicago, Burlington & Quincy Railroad in said County and State,—a distance of about twelve (12) miles.

Third: The principal business office of the Company shall be established and maintained at the City of Chicago in the County of Cook and State of Illinois.

Fourth: The time of the commencement of the corporation shall be June 1st, 1903, and it shall continue for fifty (50) years thereafter, with the right to renew the same as may be provided by law.

Fifth: The amount of the capital stock of the corporation shall be four hundred thousand dollars (\$400,000.00).

Sixth: The names and places of residence of the several persons forming the association for incorporation, are:

Names:	Residences:
HENRY W. WEISS,	Hinsdale, Illinois,
CHESTER M. DAWES,	Chicago, Illinois,
CHARLES V. CARPENTER,	Downer's Grove, Illinois,
JOSEPH A. CONNELL,	LaGrange, Illinois,
JOHN M. DERING,	LaGrange, Illinois.

Seventh: The names of the first Board of Directors are: Henry W. Weiss, Chester M. Dawes, Charles V. Carpenter, Joseph A. Connell and John M. Dering.

The government of the corporation and the management of its affairs shall be vested in the Board of Directors.

Eighth: The capital stock of the corporation shall be divided into four thousand shares (4000) of the par value of one hundred dollars (\$100.00) each.

In Witness Whereof, we have hereunto severally subscribed our names, this day of A. D. 1903.

OFFICE OF SECRETARY.

I, James A. Rose, Secretary of State of the State of Illinois, do hereby certify that the foregoing Articles of Incorporation of Fenton and Thomson Railroad Company, were filed for record in the office of the Secretary of State of the State of Illinois on the tenth day of June, A. D. 1903, at 9 o'clock A. M, and duly recorded in Book No. 15 of Railroad Records, at page 451.

In Witness Whereof, I hereto set my hand and affix the Great Seal of State, at the city of Springfield, this 10th day of June A.D. 1903.

[SEAL]

JAMES A. ROSE,
Secretary of State.

LEASE, January 2, 1905. Fenton and Thomson Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture of Lease, made this second day of January, 1905, by and between the Fenton & Thomson Railroad Company, a corporation duly organized and existing under the laws of the State of Illinois, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, a corporation duly created, organized and existing under the laws of the same State, party of the second part;

Witnesseth: That,

Whereas, the first party owns the railroad hereafter described, extending from a point near Fenton, in the State of Illinois, to a point near Thomson, in said State, and the second party owns a system of railroad extending from Chicago, through the State of Illinois and other States, including in said system a railroad extending from Galesburg, via Fenton and Thomson, to Savanna, the roads of the two parties thus forming a continuous and connected line of railroad; and,

Whereas, it appears to be to the mutual advantage of the parties hereto and the public that the railroad of the first party shall be operated in connection with and as a part of the second party's railroad system; and,

Whereas, the execution of this indenture has been authorized by proper resolution of the directors of both of said Companies:

Now, Therefore, This Indenture Witnesseth: That the first party, in consideration of the premises, the sum of five dollars (\$5.00), the receipt

of which is hereby acknowledged, and of the covenants and agreements herein contained, to be kept and performed by the said second party, has demised and leased, and by these presents does demise and lease, unto the said second party, its successors and assigns, for the term hereinafter specified, all and singular its railroad, described as follows, to-wit: Beginning at a point about two and nineteen one-hundredths (2.19) miles northwest of Fenton, on the Galesburg and Savanna Branch of the second party's railroad, and extending thence in a northerly direction to a point about one and ninety-one one-hundredths (1.91) miles south of Thomson, on the same Branch, a distance of about twelve and eight-tenths (12.8) miles, together with all road-beds, rights-of-way, depot and terminal grounds, or other lands, or interest therein; station houses, buildings, and structures of whatsoever kind; leaseholds, rights under contract, ordinances and licenses; telegraph lines, ties, poles and other materials and supplies; cars, locomotives, tools and all other equipment, and all other property, real and personal, of whatsoever kind and wheresoever situated, now owned by the first party or hereafter to be acquired by it, whether appurtenant to the said railroad or not, together with the rents, revenues and income to be had, levied, or derived therefrom; also all rights, privileges, immunities and franchises, possessed by the first party, except its franchise to be a corporation.

To Have and To Hold the said railroad, property, franchises and privileges, for and during the term of twenty-five (25) years from the date of this indenture.

The second party, in consideration of the premises, hereby covenants and agrees with the first party, either by itself or a competent third party, to take immediate possession of the demised railroad and the property above described, to place the same in good condition, and to equip, or cause to be equipped, the said railroad with all necessary rolling stock and equipment, and to maintain and operate, or cause to be maintained and operated, the said railroad in such a manner as to furnish reasonable accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied or charged against the said railroad property, or any part thereof; and, upon the expiration of the term of this lease, to return the said railroad and property to the first party in as good condition and repair as they were at the commencement thereof.

The second party, in addition to the foregoing, and as rental for the use of the said railroad and property, agrees that, after paying the expenses of operating, renewing, replacing and maintaining the same, including reasonable improvements, and additions thereto, taxes, rentals and all other proper and reasonable charges, it will apply its net income, if any, derived from its operation of said demised railroad, to the payment of interest on the bonds or indebtedness, for the cost of the construction of its road, for which the first party, or the property owned by it, is liable, or is obligated to pay.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their cor-

My commission expires June 3rd, 1908.

DEED, March 1, 1906. Fenton and Thomson Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture, Made this first day of March 1906, by and between the Fenton & Thomson Railroad Company, first party, and the Chicago, Burlington & Quincy Rail Road Company, second party, both being corporations created, organized and existing under and by virtue of the laws of the State of Illinois,

Witnesseth, that,

Whereas, the first party, being thereto duly authorized by law, is the owner of the following described railroad in the state of Illinois, to-wit:

Beginning at a point near Fenton, in Whiteside County, Illinois and extending in a northerly direction to a point near Thomson, in Carroll County, Illinois, a distance of about twelve and eight-tenths (12.8) miles, and

Whereas, the railroad of the first party connects with the railroad of the second party, forming a continuous and connected line of railroad, and,

Whereas, the second party is now in possession of and operating the said above described railroad, in connection with its own railroad and has offered to purchase the remaining interests, property and franchises of the first party in and to said railroad, upon the terms and conditions hereinafter stated, which have been agreed to by the Directors of both of said companies, and approved by the stockholders owning and holding two-thirds in amount of the capital stock of the parties of the first and second parts, in manner and form as required by law:

Now, Therefore, This indenture witnesseth, that the said first party for and in consideration of the sum of Five dollars (\$5.00) to it in hand paid, the receipt of which is hereby acknowledged, and other good and valuable considerations, has granted, bargained, and sold and by these presents does grant, bargain, sell and convey, release assign and transfer, to the said second party, all and singular the said above described railroad, and all its right, title and interest therein, together with all road-beds, rights of way, bridges, depot and terminal grounds, of the first party and other lands or interest therein station houses, buildings and structures of whatsoever kind; and all other property, real or personal, of whatsoever kind and wheresoever situated, now owned by the first party or hereafter to be acquired, whether appurtenant to its railroad aforesaid or otherwise. Also all rights, privileges, immunities, and franchises belonging to the said first party, except its franchise to be a corporation.

To Have and to Hold the same to the said second party, its successors and assigns, forever.

In consideration of the foregoing, the said second party covenants and agrees with the said first party that it will equip the said railroad or cause the same to be equipped, and will maintain and operate the same, or cause the same to be maintained and operated, in such a manner as to furnish reasonable accommodations to the public; that it will pay, or cause to be paid, all taxes and assessments that may be lawfully levied upon the said railroad and property, or any part thereof, and will assume and discharge the funded debt, both principal and interest, of the said first party, as it may mature, and that it will pay to the owners and holders of the capital stock of the said first party ten (10) dollars for each share of their stock, upon the presentation and surrender of the certificates therefor.

And to the end that the second party may have, hold, use exercise, and enjoy the railroad and property and franchises of the first party,

hereby conveyed and intended to be conveyed, and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be hereto attached and attested by their respective Secretaries, the day and year first above written.

NORTHERN AND SOUTHERN ILLINOIS RAILROAD COMPANY

This company was incorporated under the General Law of Illinois by Articles dated July 12, 1904. By the second section of the Articles, the company defined its road as follows, to wit:

“It is proposed to construct the said railroad from a point at or near Centralia, in the County of Marion, Illinois, in a south and southeasterly direction, to a point at or near Herrin, in the County of Williamson, Illinois.”

It was organized at Chicago, July 28, 1904.

It built from a connection with the Chicago, Burlington & Quincy Railroad at Centralia, Illinois, thence southerly to Herrin, Illinois, a distance of fifty-one and fifty-six one hundredths miles, and a branch beginning at a junction point with the main line 1.5 miles south of Cambon, Illinois, and extending from thence easterly to West Frankfort, Illinois, a distance of three and sixty-one one hundredths miles. This branch line was originally built as a coal spur, but has been main line track since November 1, 1916.

Total mileage, 55.17 miles.

It was completed and opened to Herrin, April 1, 1906.

By lease dated July 2, 1906, the Northern and Southern Illinois Railroad Company leased all of its railroad property for twenty-five years to the Chicago, Burlington & Quincy Railroad Company.

In 1908 this company conveyed its railroad, extending from Centralia to Herrin, together with spur or branch tracks to various coal mines, to the Chicago, Burlington & Quincy Railroad Company by deed dated December 1, 1908.

ARTICLES OF INCORPORATION, July 12, 1904, Northern and Southern Illinois Railroad Company.

* * * * *

First. The name of this corporation shall be “Northern and Southern Illinois Railroad Company.”

Second. It is proposed to construct the said Railroad from a point at or near Centralia in the County of Marion, Illinois, in a South and South

Easterly direction to a point at or near Herrin, in the County of Williamson, Illinois.

Third. The principal business office of this Corporation shall be established and maintained at Chicago, Illinois.

Fourth. The time of the commencement of this corporation shall be July twelfth, 1904, and continue in force for fifty years.

Fifth. The amount of the Capital Stock of this Corporation shall be twenty-five thousand dollars.

Sixth. The names and places of residence of the several persons forming this Corporation are:

Names.	Residence.
Dwight Lawrence,	7 Ritchie Place, Chicago.
Thomas P. Sheldon,	3737 Ellis Avenue, Chicago.
Richard S. Folsom,	57 Lake Shore Drive, Chicago.
John R. Philp,	298 E. Superior St., Chicago.
Charles A. Folsom,	226 E. 41st St., Chicago, Ill.

Seventh. The names of the first Board of Directors are: Dwight Lawrence, Thomas P. Sheldon, Richard S. Folsom, John R. Philp.

And the government of this Corporation shall be vested in a President, Vice President, Secretary and Treasurer.

Eighth. The Capital Stock of this Corporation shall be divided into 250 shares of the value of one hundred dollars each.

In witness whereof, We have hereunto severally subscribed our names this twelfth day of July, A. D. 1904.

DWIGHT LAWRENCE,
THOMAS P. SHELDON,

LEASE, July 2, 1906, Northern and Southern Illinois Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture of Lease, made this 2nd day of July 1906, by and between the Northern & Southern Illinois Railroad Company, a corporation duly

organized and existing under the laws of the State of Illinois, first party, and the Chicago, Burlington & Quincy Railroad Company, a corporation duly created, organized, and existing under the laws of the same State, second party;

Witnesseth, that:

Whereas, the first party owns the railroad hereafter described, extending from a point near Centralia, in the state of Illinois, to a point near Herrin, in said State and the second party owns a system of railroad extending from Chicago, through the state of Illinois and other states, including in said system a railroad extending from Concord to Centralia in said state of Illinois, the roads of the two parties thus forming a continuous and connected line of railroad; and,

Whereas, it appears to be to the mutual advantage of the parties hereto and the public that the railroad of the first party shall be operated in connection with and as a part of the second party's railroad system; and,

Whereas, the execution of this indenture has been authorized by proper resolution of the directors of both of said companies:

Now, therefore, This Indenture Witnesseth: That the first party in consideration of the premises, the sum of Five Dollars (\$5.00), the receipt of which is hereby acknowledged, and of the covenants and agreements herein contained, to be kept and performed by the said second party, has demised and leased, and by these presents does demise and lease, unto the said second party, its successors and assigns, for the term hereinafter specified, all and singular its railroad, described as follows, to-wit: Beginning at a point about one and forty hundredths (1.40) miles southerly from the center of the depot at Centralia, in Marion County, and extending thence in a southerly direction through the counties of Marion, Jefferson and Franklin, to Herrin, in Williamson County, a distance of about fifty-one and fifty-six hundredths (51.56) miles, with branch or stub lines to various coal mines in said counties, together with all road-beds, rights of way, depot and terminal grounds, or other lands, or interest therein; station houses, buildings, and structures of whatsoever kind; leaseholds, rights under contract, ordinances and licenses; telegraph lines, ties, poles, and other materials and supplies; and all other property, real and personal, of whatsoever kind and wheresoever situated, now owned by the first party or hereafter to be acquired by it, whether appurtenant to the said railroad or not, together with the rents, revenues and income to be had, levied, or derived therefrom; also all rights, privileges, immunities and franchises, possessed by the first party, except its franchise to be a corporation.

To have and to hold the said railroad, property, franchises and privileges, for and during the term of twenty-five (25) years from the date of this indenture.

The second party in consideration of the premises, hereby covenants and agrees with the first party either by itself or a competent third party, to take immediate possession of the demised railroad and the property above described, to place the same in good condition, and to equip, or cause to be equipped, the said railroad with all necessary rolling stock and equipment, and to maintain and operate, or cause to be maintained and operated, the

said railroad in such a manner as to furnish reasonable accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied or charged against the said railroad property or any part thereof; and, upon the expiration of the term of this lease, to return the said railroad and property to the first party in as good condition and repair as they were at the commencement thereof.

The second party, in addition to the foregoing, and as rental for the use of the said railroad and property, agrees that, after paying the expenses of operating, renewing, replacing, and maintaining the same, including reasonable improvements, and additions thereto, taxes, rentals, and all other proper and reasonable charges, it will apply its net income, if any, derived from its operation of said demised railroad, to the payment of interest on the bonds or indebtedness, for the cost of the construction of its road, for which the first party, or the property owned by it, is liable, or is obligated to pay.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, the day and year first above written.

DEED, December 1, 1908, Northern and Southern Illinois Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

Indenture, Made this First day of December, A. D. 1908, by and between the Northern and Southern Illinois Railroad Company, party of the first part, and the Chicago, Burlington & Quincy Rail Road Company, party of the second part, both being corporations created, organized and existing under and by virtue of the laws of the State of Illinois.

Whereas, The first party, being thereunto duly authorized by law, is the owner of a certain railroad, hereinafter described, in the State of Illinois; and,

Whereas, The railroads of the parties hereto connect, and make a continuous railroad; and,

Whereas, The second party is now in possession of and operating the said first party's railroad, in connection with its own railroad, under a lease for twenty-five (25) years, and has offered to purchase the remaining interests, property, and franchises of the first party in and to its railroad, upon the terms and conditions hereinafter stated, which have been agreed to by the directors of both the said companies, and approved by the stockholders owning and holding two-thirds in amount of the capital stock of each of said companies, in manner and form as required by law:

Now, Therefore, This Indenture Witnesseth: That the said first party, for the considerations hereinafter expressed, by these presents does grant, bargain, sell, convey, release, assign, and transfer, unto the said second party, the following described railroad, property franchises and privileges, to-wit:

Its certain railroad beginning at the point of connection with the railroad of the second party, in the Northwest Quarter of Section No. Nineteen (19), Township No. One (1) North, Range No. One (1) East, at Centralia, Marion County, Illinois, and extending thence in a southerly direction through the counties of Marion, Jefferson, Franklin and Williamson, to the point of connection with the railroad of the Chicago & Carterville Coal Company, in the Northwest Quarter of Section No. Nineteen (19), Township No. Eight (8) South, Range No. Two (2) East, at Herrin, in said Williamson County, a distance of about Fifty-two and thirty-three one-hundredths (52.33) miles, together with all side tracks and connections, and spur or branch tracks to various coal mines in said counties;

Together with all road-beds, rights of way, bridges, depot and terminal grounds, of the first party, and other lands or interest therein; station houses, buildings, and structures of whatsoever kind; leaseholds, rights

under contract and licenses; locomotives, cars, and other rolling stock and equipment; telegraph lines, supplies, tools, and materials; rents, profits, income; and all other property, real or personal, of whatsoever kind and wheresoever situated, now owned by the first party or hereafter to be acquired, whether appurtenant to its railroad aforesaid or otherwise. Also all rights, privileges, immunities and franchises belonging to the said first party, except its franchise to be a corporation.

To Have and to Hold the same to the said second party, its successors, and assigns, forever.

In consideration of the foregoing, the said second party covenants and agrees with the said first party that it will equip the said railroad, or cause the same to be equipped, and will maintain and operate the same, or cause the same to be maintained and operated, in such manner as to furnish reasonable accommodations to the public; that it will pay, or cause to be paid, all taxes and assessments that may be lawfully levied upon the said railroad and property, or any part thereof; and will assume and discharge all contracts, debts, liabilities, and obligations of whatsoever kind, both principal and interest, of the said first party, as they may severally mature; and that it will pay to the owners and holders of the capital stock of the first party ten (10) dollars for each share of their said stock, upon the presentation and surrender of the certificates therefor.

And, to the end that the second party may have, hold, use, exercise, and enjoy the railroad and property and franchises of the first party, hereby conveyed and intended to be conveyed, and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and, for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto, and to one other original, subscribed, and their corporate seals to be affixed, by their respective Presidents, and said corporate seals to be attested by their respective Secretaries, the day and year first above written.

HERRIN & SOUTHERN RAILROAD COMPANY

This company was incorporated under the General Law of Illinois by Articles dated June 25, 1909. By the second section of said Articles this company defined its road as follows, to wit:

“It is proposed to construct, acquire, maintain and operate a railroad from a point at or near the town of Herrin, in the County of Williamson, State of Illinois, from a connection with the railroad of the Northern & Southern Illinois Railroad Company; thence extending in a southerly direction through the Counties of Williamson, Johnson and Massac, a distance of about 57 miles, to a point on the Ohio River on the boundary line between the States of Illinois and Kentucky, opposite or near the town of Metropolis, in said Massac County, Ill., with the right as a part of said railroad to construct, use and maintain a bridge across the Ohio River as may be authorized by the laws of Congress and of the State of Kentucky.”

It was organized at Chicago, August 31, 1909.

It built from a connection with the Chicago, Burlington & Quincy Railroad at Herrin Junction, Illinois, thence southerly to a connection with the Chicago & Eastern Illinois Railroad at Neilson, Illinois, and from a connection with the Chicago & Eastern Illinois Railroad at West Vienna, Illinois, thence southerly to Metropolis, Illinois, a distance of fifty-eight and forty-seven one hundredths miles.

From Neilson to West Vienna, Illinois, fifteen and seventy-nine one hundredths miles, operated under trackage agreement with the Chicago & Eastern Illinois Railroad Company dated June 1, 1910.

It was completed and opened for traffic October 15, 1910.

By lease dated October 19, 1914, the Herrin & Southern Railroad Company leased all of its railroad property to the Chicago, Burlington & Quincy Railroad Company for the term of twenty-five years.

In 1914 this company conveyed all of its property to the Chicago, Burlington & Quincy Railroad Company by deed dated October 29, 1914.

ARTICLES OF INCORPORATION, June 25, 1909, Herrin & Southern Railroad Company.

* * * * *

We, the undersigned, D. Willard, F. E. Ward, J. M. Dering, E. A. Howard, L. B. Larson desiring to form an incorporated company for the purpose of constructing and operating a railroad under the laws of the State of Illinois, hereby adopt the following Articles of Incorporation:

First: The name of the proposed corporation shall be the "Herrin & Southern Railroad Company."

Second: It is proposed to construct, acquire, maintain and operate a railroad from a point at or near the town of Herrin, in the county of Williamson and State of Illinois, from a connection with the railroad of the Northern & Southern Illinois Railroad Company, thence extending in a southeasterly direction through the counties of Williamson, Johnson and Massac, a distance of about Fifty seven (57) miles, to a point in the Ohio River on the boundary line between the States of Illinois and Kentucky, opposite or near the town of Metropolis in said Massac County, Illinois, with the right as a part of said railroad to construct, use and maintain a bridge across the Ohio River, as may be authorized by the laws of Congress and of the State of Kentucky.

Third: The principal business office of the corporation shall be established and maintained at Chicago, in the County of Cook and State of Illinois.

Fourth: The time of the commencement of this corporation shall be June 25, 1909, and it shall continue for Fifty (50) years thereafter, with the right to renew the same as may be provided by law.

Fifth: The amount of the capital stock of the corporation shall be One hundred thousand dollars (\$100,000.00).

Sixth: The names and places of residences of the several persons forming this association for incorporation, are:—

<i>Names</i>	<i>Residences</i>
D. Willard,	Chicago, Illinois
F. E. Ward,	Evanston, Illinois
J. M. Dering,	LaGrange, Illinois
E. A. Howard,	Chicago, Illinois
L. B. Larson,	Chicago, Illinois

Seventh: The names of the members of the first Board of Directors of this corporation are,

D. Willard	J. M. Dering
F. E. Ward	E. A. Howard
L. B. Larson	

And the government of the corporation and the management of its affairs shall be vested in the Board of Directors.

Eighth: The capital stock of the corporation shall be divided into one thousand (1000) shares, of the par value of one hundred dollars (\$100.00) each.

In witness whereof, we have hereunto severally subscribed our names, this 25th day of June, A. D., 1909.

LEASE, October 19, 1914. Herrin & Southern Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture of Lease, Made this Nineteenth day of October, 1914, by and between the Herrin & Southern Railroad Company, a corporation

duly organized and existing under the laws of the State of Illinois, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, a corporation duly created, organized and existing under the laws of the same State, party of the second part:

Witnesseth:

Whereas, the first party owns the railroad hereinafter described, extending southerly from a point near Herrin, in the State of Illinois, to Metropolis, in said State, and the second party owns a system of railroads, extending from Chicago, through the State of Illinois and other states, including in said system a railroad extending to a point of connection with the railroad of the Herrin & Southern Railroad Company near Herrin, the roads of the two parties thus forming a continuous and connected line of railroad; and,

Whereas, it appears to be to the mutual advantage of the parties hereto and the public that the railroad of the first party shall be operated in connection with, and as a part of, the second party's railroad system; and,

Whereas, the execution of this Indenture has been duly authorized by the Directors and Stockholders of both of said Companies:

Now, Therefore, This Indenture Witnesseth: That the first party, in consideration of the premises, the sum of five dollars (\$5.00), the receipt whereof is hereby acknowledged, and of the covenants and agreements herein contained, to be kept and performed by the said second party, has demised and leased, and by these presents does demise and lease, unto the said second party, its successors and assigns, for the term hereinafter specified, all and singular its railroad, described as follows, to-wit: Beginning at a point near Herrin, on the railroad of the second party, and extending thence in a southerly direction about fifty-four (54) miles to the City of Metropolis in said state, together with all roadbeds, rights-of-way, depot and terminal grounds, or other lands, or interest therein; station houses, buildings and structures of whatsoever kind; leaseholds, rights under contract, ordinances and licenses; telegraph lines, ties, poles and other material and supplies; cars, locomotives, tools, and all other equipment, and all other property, real and personal, of whatsoever kind and wheresoever situated, now owned by the first party or hereafter to be acquired by it, whether appurtenant to the said railroad or not, together with the rents, revenues and income to be had, levied, or derived therefrom; also all rights, privileges, immunities and franchises, possessed by the first party, except its franchise to be a corporation.

To Have and To Hold the said railroad, property, franchises and privileges, for and during the term of twenty-five (25) years from the date of this Indenture.

The second party, in consideration of the premises, hereby covenants and agrees with the first party, either by itself or a competent third party, to take immediate possession of the demised railroad and the property above described, to place the same in good condition, and to equip, or cause to be equipped, the said railroad with all necessary rolling stock and equipment, and to maintain and operate, or cause to be maintained and operated, the said railroad in such a manner as to furnish reasonable

accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied or charged against the said railroad property, or any part thereof; and, upon the expiration of the term of this lease, to return the said railroad and property to the first party in as good condition and repair as they were at the commencement thereof.

The second party, in addition to the foregoing, and as rental for the use of the said railroad and property, agrees that, after paying the expenses of operating, renewing, replacing, and maintaining the same, including reasonable improvements, and additions thereto, taxes, rentals and all other proper and reasonable charges, it will apply its net income, if any, derived from its operation of said demised railroad, to the payment of interest on the bonds or indebtedness, for the cost of the construction of its road, for which the first party, or the property owned by it, is liable, or is obligated to pay.

In witness whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, the day and year first above written.

DEED, October 29, 1914, Herrin & Southern Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture, Made this 29th day of October, A. D. 1914, by and between the Herrin & Southern Railroad Company, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, party of the second part, both being corporations created, organized, and existing under and by virtue of the laws of the State of Illinois, *Witnesseth*, That,

Whereas, The first party, being thereto duly authorized by law, is the owner of the following described railroad in the State of Illinois, to-wit: Beginning at a point near Herrin, in Williamson County, extending thence southerly to Metropolis, in Massac County, a distance of about fifty-four (54) miles; and,

Whereas, The railroad of the first party connects with the railroads of the second party, and forms therewith a continuous and connected line of railroad; and,

Whereas, The second party is now in possession of and operating the said above described railroad, in connection with its own railroads, under a lease for twenty-five (25) years, and has offered to purchase the remaining interests, property, and franchises of the first party in and to said railroad, upon the terms and conditions hereinafter stated, which have been agreed to by the directors of both the said companies, and approved by the stockholders owning and holding two-thirds in amount of the capital stock of the parties of the first and second parts, in manner and form as required by law:

Now, Therefore, This Indenture Witnesseth: That the said party of the first part, for and in consideration of five dollars to it in hand paid, the receipt of which is hereby acknowledged, and other good and valuable considerations, has granted, bargained, and sold, and by these presents does grant, bargain, sell and convey, release, assign, and transfer, to the said party of the second part, all and singular the said above described railroad, and all its right, title, and interest therein; together with all rights of way, road-bed, bridges, and depot and other lands, or interest therein; and all station houses and other buildings and structures of whatever kind belonging thereto; together with all the fixtures and appurtenances appertaining to the said railroad, or in any manner connected therewith; also all rights, privileges, and franchises of the said party of the first part, in and to the aforesaid railroad; together with all other present and in future to be acquired property, of

every kind and description, belonging to the said first party, except its franchise to be a corporation.

To have and to hold, the said railroad and lands, tenements, rights, privileges, and franchises, and other property, above mentioned and conveyed to the said second party, its successors and assigns, forever.

And the said party of the second part covenants and agrees with the said party of the first part to equip the said railroad, or cause the same to be equipped, and to maintain and operate the same in such manner as to furnish reasonable accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied, charged, or assessed upon the said railroad and property, or any part thereof; and to assume all contracts, bonds, and other obligations, of whatsoever kind, and pay and discharge all debts and liabilities, both principal and interest, of the said party of the first part, as they may severally mature.

And to the end that the second party may have, hold, use, exercise, and enjoy the railroad and property and franchises of the first party, hereby conveyed, and intended to be conveyed and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and, for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In witness whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, all on the day and year first above written.

FRANKLIN & WAVERLY RAILWAY COMPANY

This company was incorporated under the General Law of the State of Illinois by Articles dated January 18, 1906. By the second section of the said Articles, the company defined its road as follows, to wit:

"It is intended to construct the said railroad from Franklin, in Morgan County, in the State of Illinois, thence in a general southerly direction to Waverly, in said Morgan County, in said State."

The purpose of this company was to change the line of the Chicago, Burlington & Quincy Railroad between Franklin and Waverly, Illinois, and the company was organized in the interest of the Burlington Company and all of the construction paid for by that company.

It was organized at Chicago, October 1, 1906.

It built from a point south of Franklin, Illinois, to a point north of Waverly, Illinois, a distance of one and fifty-seven one hundredths miles. The Jacksonville and Saint Louis line originally constructed between Franklin and Waverly has been abandoned since the opening of the new line constructed by this company.

The line was completed and opened for business in January, 1907.

By deed dated March 23, 1917, this company conveyed all of its property to the Chicago, Burlington & Quincy Railroad Company.

ARTICLES OF INCORPORATION, January 18, 1906, Franklin & Waverly Railway Company.

* * * * *

We, the undersigned, Chester M. Dawes, Charles V. Carpenter, Joseph A. Connell, John M. Dering and Lars B. Larsen, desiring to form an incorporated company for the purpose of constructing and operating a railroad under the laws of Illinois, hereby adopt the following articles of incorporation:

First. The name of the proposed corporation shall be the Franklin & Waverly Railway Company.

Second. It is intended to construct the said railroad from Franklin, in Morgan County, in the State of Illinois, thence in a generally southeasterly direction to Waverly, in said Morgan County in said State.

Third. The principal business office of the company shall be established and maintained at the City of Chicago, in the County of Cook and State of Illinois.

Fourth. The time of the commencement of the corporation shall be January 18th, 1906, and it shall continue for fifty (50) years thereafter, with the right to renew same, as may be provided by law.

Fifth. The amount of the capital stock of the corporation shall be Fifty Thousand Dollars (\$50,000).

Sixth. The names and places of residence of the several persons forming the association for incorporation are:

Chester M. Dawes,	Chicago, Illinois.
Charles V. Carpenter,	Downer's Grove, Illinois.
Joseph A. Connell,	La Grange, Illinois.
John M. Dering,	La Grange, Illinois.
Lars B. Larsen,	Chicago, Illinois.

Seventh. The names of the first Board of Directors are Chester M. Dawes, Charles V. Carpenter, Joseph A. Connell, John M. Dering and Lars B. Larsen.

Eighth. The capital stock of the corporation shall be divided into five hundred (500) shares of the par value of one hundred dollars (\$100) each.

In witness whereof, we have hereunto severally subscribed our names, this 18th day of January, A. D. 1906.

MORGAN	February 7, 1906	F.	42

DEED, March 23, 1917, Franklin & Waverly Railway Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

Indenture, Made this 23rd day of March, 1917, by and between the FRANKLIN & WAVERLY RAILWAY COMPANY, first party, and the CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY, second party, both being corporations created, organized and existing under and by virtue of the laws of the State of Illinois.

Whereas, the first party, being thereunto duly authorized by law, is the owner of a certain railroad, hereinafter described, in the State of Illinois; and,

Whereas, the railroads of the parties hereto connect and form a continuous railroad and the second party is now in the possession of and operating the railroad of the first party in connection with and as an extension of its own railroad, and has offered to purchase the railroad, property and franchises of the first party upon the terms and conditions hereinafter stated, which has been consented to by the Directors of both of said Companies and approved by the Stockholders owning two-thirds of the capital stock of each of the said companies, and said purchase and sale have been approved and consented to by the State Public Utilities Commission of Illinois, by its Order entered on the 15th day of March, 1917, as required by law;

Now, Therefore, This Indenture Witnesseth: That, the said first party, for the considerations hereinafter expressed, by these presents does grant, bargain, sell, convey, release, assign and transfer to the said second party the following described railroad, property, franchises and privileges, to-wit:

A certain railroad beginning at M. P. 24.62 on the line of the Chicago, Burlington & Quincy Railroad, in the northwest quarter Section 5—T 13

N—R 8 W, Morgan County, Ill., thence running in a southerly direction 5841.8 feet through Section 5 and Section 4—T 13 N—R 8 W to a point in the last named Section; thence through Sections 4 and 9 on a one degree curve to the left 2363.3 feet; thence in an easterly direction 194.9 feet through Section 9, to connection with line of said Company on the north line of said Section 9—T 13 N—R 8 W together with all roadbeds, rights-of-way, bridges, depots and terminal grounds, station houses, buildings and structures, of whatsoever kind, lease-holds, rights under contract, ordinances and licenses, and all other property, real or personal, of whatsoever kind and wheresoever situated, and now owned by it or hereafter to be acquired, whether appurtenant to the railroad aforesaid, or otherwise; also, all rights, privileges, indemnities and franchises belonging to said first party, except its franchise to be a corporation;

To Have and to Hold the same for said second party, its successors and assigns forever.

In consideration of the foregoing the said second party covenants and agrees with the said first party that it will cancel and discharge all claims against the said first party for the cost of the construction of said railroad, and that it will maintain and operate the same, or cause same to be maintained and operated, in such a manner as to furnish reasonable accommodations to the public; that it will pay or cause to be paid all taxes and assessments that may be lawfully levied upon the said railroad and property, or any part thereof.

And, to the end that the second party may have, hold, use, exercise, and enjoy the railroad and property and franchises of the first party, hereby conveyed and intended to be conveyed, and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In witness whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be hereto attached and attested by their respective Secretaries, the day and year first above written.

CENTRALIA & SANDOVAL RAILROAD COMPANY

This company was incorporated under the General Law of Illinois by Articles dated June 12, 1909. By the second section of its said Articles, the company defined its line as follows, to wit:

“It is intended to construct the said railroad from a point on the line of the Chicago, Burlington & Quincy Railroad Company, in Clinton County, Illinois, about one and one-half miles north of Centralia, Marion County, Illinois; thence in a generally northeasterly direction to Sandoval, in Marion County, Illinois.”

It was organized October 14, 1909, at Chicago.

MAIN LINE: From a connection with the Chicago, Burlington & Quincy Railroad at a junction 1.75 miles north of Centralia, Illinois, thence northerly to Junction City, Illinois, a distance of two and five tenth miles.

It was completed and opened for traffic during 1909.

By deed dated March 23, 1917, this company conveyed all of its property to the Chicago, Burlington & Quincy Railroad Company.

ARTICLES OF INCORPORATION, June 12, 1909, Centralia & Sandoval Railroad Company.

* * * * *

We, the undersigned, Joseph A. Connell, John M. Dering, Henry W. Weiss, Herbert Haase and Edward D. Northam, desiring to form an incorporated company for the purpose of constructing and operating a railroad under the laws of the State of Illinois, hereby adopt the following articles of incorporation.

First: The name of the proposed corporation shall be the Centralia & Sandoval Railroad Company.

Second: It is intended to construct the said railroad from a point on the line of the Chicago, Burlington & Quincy Railroad Company, in Clinton County, Illinois, about one and one-half miles north of Centralia, Marion County, Illinois: thence in a generally northeasterly direction to Sandoval, in Marion County, Illinois.

Third: The principal business office of the Company shall be established and maintained in the City of Chicago, in the County of Cook and State of Illinois.

Fourth: The time of the commencement of the corporation shall be June 12th, 1909, and it shall continue for fifty (50) years thereafter, with the right to renew the same as provided by law.

Fifth: The amount of the capital stock of the corporation shall be twenty-five hundred dollars (\$2,500.00).

Sixth: The names and places of residence of the several persons forming the association for incorporation are:

Joseph A. Connell,	LaGrange, Ill.
John M. Dering,	LaGrange, Ill.
Henry W. Weiss,	Hinsdale, Ill.
Herbert Haase,	Western Springs, Ill.
Edward D. Northam,	Aurora, Ill.

Seventh: The names of the first Board of Directors are Joseph A. Connell, John M. Dering, Henry W. Weiss, Herbert Haase and Edward D. Northam. And the government of the proposed corporation and the management of its affairs shall be vested in a President, Vice President, Secretary and Treasurer.

Eighth: The capital stock of the corporation shall be divided into twenty-five (25) shares of the par value of One Hundred Dollars (\$100.00) each.

In witness whereof, we have hereunto severally subscribed our names this 12th day of June, A. D., 1909.

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY (ILLINOIS).

CHICAGO & NORTH WISCONSIN RAILWAY COMPANY.

CHICAGO, BURLINGTON & NORTHERN RAILROAD COMPANY (CONSOLIDATED).

WINONA, ALMA AND NORTHERN RAILWAY COMPANY.

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY
(WISCONSIN).

CHICAGO, BURLINGTON & NORTHERN RAILROAD COMPANY (MINNESOTA).

This road extends from Fulton to Savanna, Illinois, and from Oregon, Illinois, westerly to Savanna, and thence along the Mississippi River and across the State of Wisconsin to St. Paul, Minnesota. It was completed and opened for traffic in August, 1886. While the road was financed and constructed and for several years was operated by a separate and independent corporation named Chicago, Burlington and Northern Railroad Company, that company was, from its beginning, affiliated with the Chicago, Burlington & Quincy Railroad Company, and the road was, in effect, an extension of that company's line from Aurora and Oregon to St. Paul.

As early as 1870, the C. B. & Q. became directly concerned in promoting the construction of the railroad then being built westerly, by the Hinckley interest, from Aurora, known as the "Chicago and Iowa." Prior to 1883, it had secured virtual ownership and control of that road from Aurora to Oregon, and in that year promoted the organization in Illinois and Wisconsin and Minnesota of the companies which later constituted the Chicago, Burlington & Northern.

(THE ILLINOIS COMPANY)

The Chicago & North Wisconsin Railway Company was organized under the general law of Illinois for the incorporation of railway companies, the Articles bearing date November 14, 1883. The company was organized at Savanna, Illinois, November 16, 1883, and was authorized to build a railroad from Chicago via Aurora to the state line between the states of Illi-

nois and Wisconsin. This company acquired rights of way which of date July 1, 1887, it conveyed by deed in fee simple to the Chicago, Burlington and Northern Railroad Company of Illinois.

Of date August 22, 1885, Articles of Incorporation under the general law of Illinois were adopted by the Chicago, Burlington and Northern Railroad Company, covering the same line as the North Wisconsin Company whose rights of way it purchased in 1887.

Of date December 1, 1885, the company executed a mortgage of its road to William J. Ladd and Thomas S. Howland, Trustees, to secure an issue of three million dollars in forty year bonds.

Of date November 15, 1885, this company made a contract with the Consolidated Company of Wisconsin and Minnesota of the same name, by which said consolidated company agreed to provide the means for building the road in Illinois in consideration of three millions of stock and three millions of bonds to be issued under said Mortgage of December 1, 1885.

Of date November 16, 1885, these two companies made what was called a "Connecting Contract" by the terms of which the Wisconsin Company agreed to furnish equipment and to maintain and operate the Illinois road and pay to the Illinois Company thirty per cent of the gross earnings thereon which it guaranteed would be sufficient to meet the interest on said three million dollars of bonds.

The actual construction work on the Illinois road was done under a contract with S. H. Mallory & Company, dated December 2, 1885. Mallory was acting for the Wisconsin Company.

Of date June 1, 1888, the Illinois Company found it necessary to borrow \$1,070,000 additional in order to finish its road, which it secured by a second mortgage to Francis Beaumont and Frederic Stone, Trustees.

Of date February 25, 1889, this company made a contract with the Dunleith and Dubuque Bridge Company for the use of its bridge across the Mississippi River at Dubuque in order to secure an entrance to that City, at a rental of \$18,000 per annum, and a wheelage proportion of the cost of maintaining and operating the bridge.

Of the same date (February 25, 1889) this company made a contract with the Illinois Central Railroad Company for the use of the tracks of said company, from Portage Curve to East Dubuque, (12.39 miles). Both of these contracts are subject to termination on three years' notice and both were assigned by this company to the Wisconsin corporation.

Of date **March 1**, 1899, the Illinois Company gave a twenty-five year lease of its road to the Chicago, Burlington & Quincy Railroad Company.

Of date March 16, 1899, this company made a Deed in fee simple of its road and all its property.

(THE WISCONSIN COMPANY)

Winona, Alma and Northern Railway Company was formed under the general incorporation laws of Wisconsin, the Articles being dated August 20, 1883, to build a railroad from a point on the East bank of the Mississippi River in Buffalo County, State of Wisconsin nearly opposite the city of Winona in the State of Minnesota, to the city of Menomonie in the county of Dunn, State of Wisconsin, with a lateral branch from some point on such main line westward to and into the state of Minnesota.

The "lateral branch" was the only road that was intended to be built. A Patent was issued by the state of Wisconsin, dated August 21, 1883. The company was organized at Alma, Wisconsin, August 20, 1883.

In October, 1883, it was voted to extend the road as follows: "That the Winona, Alma and Northern Railway Co. extend its road from the original initial point in the State of Wisconsin opposite the City of Winona, Minnesota to a point on the south line of said state of Wisconsin at or near and into the city of Dunleith in the State of Illinois with a branch from any point of said line southeasterly and into the State of Illinois. The length of which extension will be one hundred and seventy five miles."

The Chicago, Burlington and Northern Railroad Company was formed under the laws of Wisconsin, the Articles being dated August 26, 1885, and a Patent was issued by the State of Wisconsin, dated August 28, 1885.

Of date October 12, 1885, the Winona, Alma and Northern, in consideration of \$755,000, conveyed its railroad and all of its

property to this newly created C. B. & N. Co. by deed in fee simple.

(THE MINNESOTA COMPANY)

In the State of Minnesota a corporation of the same name was organized under the general law of that state, the Articles being dated August 27, 1885, the route for its railroad being described as follows:

“Commencing at a point in Washington County, Minnesota, on the state line between the States of Wisconsin and Minnesota, near the town of Prescott in Pierce County, Wisconsin, (where it will connect with a railroad organized and in process of construction in and through the State of Wisconsin), thence in a northwesterly direction to and into the city of Minneapolis, Minnesota, via and through the city of St. Paul, Minnesota.”

Of date October 21, 1885, these two corporations of the same name (Chicago, Burlington & Northern Railroad Company) created, as aforesaid under the laws of Wisconsin and Minnesota respectively were consolidated into one corporation of the same name by Articles of Consolidation.

Of date November 25, 1885, this company made an important connecting contract with the Chicago, Burlington & Quincy Railroad Company and The Chicago and Iowa Railroad Company.

Of date December 1, 1885, the consolidated C. B. & N. Company executed a mortgage of all its property to Parkman, Forbes and Sargent to secure an issue of nine million dollars of forty year bonds.

In June, 1886, the Company voted to construct a branch of its road across the Mississippi River to and into the City of Winona, Minnesota. Of date August 8, 1890 the company took a Lease of the bridge from the Winona Bridge Railway Company.

Of date June 1, 1888, the Company executed a second mortgage upon all its property to the American Loan & Trust Company to secure an issue of \$3,625,000 of forty year bonds.

Of date March 1, 1899, this company made a twenty-five year Lease of its road to the Chicago, Burlington & Quincy Railroad Company.

Of date June 1, 1899, it conveyed its road and all its property to the Chicago, Burlington & Quincy Railroad Company by deed in fee simple.

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY (ILLINOIS)

ARTICLES OF INCORPORATION, November 14, 1883, Chicago and North Wisconsin Railway Company.

* * * * *

The undersigned subscribers to the capital stock of the body corporate hereinafter named, do hereby associate ourselves together for the purpose of constructing, purchasing, operating, leasing and using a railroad in the State of Illinois, and do adopt the following Articles of Incorporation, as follows:

ARTICLE FIRST.

The name of the corporation shall be the Chicago and North Wisconsin Railway Company.

ARTICLE SECOND.

It is intended to construct a line of railroad from Chicago, in the County of Cook, through the Counties of Cook, Du Page, Kane, De Kalb, Ogle, Carrol, Stephenson or Jo Daviess, to the most eligible point on the Wisconsin state line in said Jo Daviess or Stephenson Counties, there to meet and connect with another Railroad built or to be built in said State of Wisconsin. But should it be found that any line of Rail Road or part of Rail Road already constructed through one or more of the above mentioned Counties, can be leased, used or operated, by said Company, or running arrangements made with the corporations owning or operating the same, then it is proposed to construct only so much of the line between Chicago and the state line of Wisconsin aforesaid as is necessary to form a continuous line of Railroad between those points.

ARTICLE THIRD.

The principal business office of said proposed corporation shall be at Chicago in the County of Cook aforesaid.

ARTICLE FOURTH.

Said proposed corporation shall commence on the fifteenth day of November A. D. 1883 and continue fifty years and for such other period as may be provided by law.

ARTICLE FIFTH.

The amount of capital stock of said proposed corporation shall be four million dollars (\$4,000,000.)

ARTICLE SIX.

The names and places of residence of the several persons forming this association for incorporation, are: A. D. Barnum, Minneapolis, Minnesota. W. H. Devore, Port Byron, Illinois. J. W. Traer, Cedar Rapids, Iowa, D. L. Bowen, Savanna, Illinois, D. S. Berry, Savanna, Illinois.

ARTICLE SEVEN.

A. D. Barnum, W. H. Devore, J. W. Traer, D. L. Bowen and D. S. Berry, subscribers to the capital stock of said corporation shall comprise the first Board of Directors of said Company, and are authorized and empowered to manage the affairs of said Company as fully and to the same extent as directors chosen by the stockholders at their annual meeting. The management of the affairs of said Company shall be vested in its Board of Directors which shall elect a President, Vice President, Secretary and Treasurer and appoint such other officers as it shall deem necessary.

ARTICLE EIGHTH.

The number of shares of capital stock shall be forty thousand of one hundred dollars (\$100.00) each.

ARTICLE NINTH.

When twenty shares of said capital shall be subscribed, the said body corporate may proceed to do and transact all business appertaining thereto, including the making of contracts and incurring liabilities.

In Witness Whereof, we have hereunto set our hands and seals this 14 day of November A. D. 1883.

DEED, July 1, 1887, Chicago and North Wisconsin Railway Company to Chicago, Burlington and Northern Railroad Company.

* * * * *

This Indenture, made this first day of July, 1887, between the Chicago & North Wisconsin Railway Company, a corporation organized and existing under the laws of the State of Illinois, party of the first part, and the Chicago, Burlington & Northern Railroad Company, a corporation existing under and by virtue of the laws of the State of Illinois, party of the second part,

Witnesseth: That the party of the first part for and in consideration of the sum of One Dollar (\$1) to it in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted, bargained, sold and conveyed and by these presents does grant, bargain, sell and convey unto the said party of the second part, its successors and assigns forever, all its franchises and property of every nature and description wherever situated including the following described tracts, pieces or parcels of land, situated in the State of Illinois, and known and described as follows, to-wit:

First. All those portions of a strip of land one hundred (100) feet wide, traversed centrally by the center line of the Chicago and North Wisconsin Railway Company as originally located and staked out, and extending over and across Sections Thirty-three (33), Twenty-eight (28), Twenty-nine (29), Twenty (20), nineteen (19), and eighteen (18) in Township Twenty-six (26) North of Range Two (2) East of the Fourth principal meridian which are included in the following described lands, to-wit:

The North-west quarter of the South-east quarter of Section Thirty-three (N.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 33) being land conveyed by Jacob Vogt and wife to said party of the first part by deed recorded May 14th, 1884; A portion

of the South-west quarter of the North-east quarter of Section Thirty-three (33) (S.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 33) being land conveyed by Hugh R. Bain and wife to said party of the first part by deed dated May 9th, 1884. The South-west quarter of the South-west quarter of Section Twenty-eight (S.W. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ Sec. 28) and the East half of Section Twenty-nine (E. $\frac{1}{2}$ Sec. 29) and that portion of the North-east quarter of the North-west quarter of Section Twenty-nine (N.E. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 29) lying South of the highway being land conveyed by Orson A. Hunt and wife to said party of the first part by deed recorded May 14th, 1884.

That portion of the North-east quarter of the North-west quarter of Section Twenty-nine (N.E. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 29) laying North of the highway; the South half of the South half of the South-west quarter of Section Twenty (S. $\frac{1}{2}$ of S. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ Sec. 20) and the North-west quarter of the South-west quarter of Section Twenty (N.W. $\frac{1}{4}$ of S. W. $\frac{1}{4}$ Sec. 20) being land conveyed by William H. Chapman to said party of the first part by deed recorded April 24th, 1884.

The South half of the South-east quarter of the North-east quarter of Section Nineteen (S. $\frac{1}{2}$ of S.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 19); The North-east quarter of the South-east quarter of Section Nineteen (N.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 19) and the North half of the Southwest quarter of the South-west quarter of Section twenty (N. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ Sec. 20) being land conveyed by Samuel C. Jameson and others to party of the first part by deed recorded April 24th, 1884.

The South-east quarter of the North-east quarter of Section Nineteen (S.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 19) being land conveyed by Thomas Jobe and wife to said party of the first part by deed recorded April 24th, 1884.

The North-west quarter of the South-west quarter of Section Eighteen (N.W. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ Sec. 18) being land conveyed by Charles N. Hammond and wife to said party of the first part by deed recorded May 12th, 1884.

The South-west quarter of the North-west quarter of Section Eighteen (S.W. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 18) being land conveyed by James Hanna and wife to said party of the first part by deed recorded May 12th, 1884.

Second. All those portions of a strip of land one hundred (100) feet wide, traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across Township Twenty-six (26) North of Range One (1) East of the Fourth Principal Meridian which are included in the following described lands, to-wit:—

The East half of the North-east quarter of Section Thirteen (E. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 13) being land conveyed by James Hanna and wife to said party of the first part by deed recorded May 12th, 1884.

The North-west quarter of the North-east quarter of Section Thirteen (N.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 13) being land conveyed by Daniel McAllister and wife to said party of the first part by deed recorded May 28th, 1884.

The South-west quarter of the South-east quarter of Section Twelve (S.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 12) being land conveyed by Julius A. Hammond and wife to said party of the first part by deed recorded May 14th, 1884.

The South half of the South-west quarter of Section Twelve (S. $\frac{1}{2}$

of S.W. $\frac{1}{4}$ Sec. 12) being land conveyed by Sereno D. Edgerton and wife to said party of the first part by deed recorded May 12th, 1884.

The North half of the South-west quarter of Section Twelve (N. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ Sec. 12) being land conveyed by Julius A. Hammond and wife to said party of the first part by deed recorded May 14th, 1884.

The North-east quarter of the South-east quarter and the South half of the North-east quarter of Section Eleven (N.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ and S. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 11) being land conveyed by Thomas E. Edgerton and wife to said party of the first part by deed recorded May 20th, 1884.

The East half of the North-east quarter of Section Ten (E. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 10) being land conveyed by John Lattimer and wife to said party of the first part by deed recorded May 20th, 1884.

The North-west quarter of the North-east quarter of Section Ten (N.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 10) being land conveyed by Gustav Franke and wife to said party of the first part by deed recorded May 14th, 1884.

A part of the North-east quarter of the South-west quarter, the North-west quarter of the South-west quarter and the South-west quarter of the North-west quarter of Section Three (N.E. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ —N.W. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ and S.W. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 3) also the South-east quarter of the North-east quarter of Section four (S.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 4) being land conveyed by John Beatty and wife to said party of the first part by deed recorded Aug. 15th, 1884.

The South-east quarter of the North-west quarter of Section Three (S.E. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 3) being land conveyed by George Fablinger and wife to said party of the first part by deed recorded August 15th, 1884.

Third. All those portions of a strip of land one hundred and seventy-five feet wide, the easterly boundary of which is parallel to the center line of the Chicago and North Wisconsin Railway as originally located and staked out and one hundred (100) feet distant easterly therefrom and extending over and across Sections Twenty-eight (28) and Twenty-one (21) Township Twenty-seven (27) North Range One (1) East of the Fourth Principal Meridian which are included in the following described lands, to-wit:

The South-east quarter of the South-west quarter of Section Twenty-eight (S.E. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ Sec. 28), being land conveyed by George Geiger and wife to the said party of the first part by deed recorded May 29th, 1884.

The North-east quarter of the South-west quarter and the North-west quarter of the South-east quarter of Section Twenty-eight (N.E. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ and N.W. $\frac{1}{4}$ of S. E. $\frac{1}{4}$ Sec. 28), being land conveyed by Stephen Younker and others to said party of the first part by deed recorded May 24th, 1884.

An undivided one-third interest in the following described tract in Section Twenty-eight (28); beginning three (3) chains East of the center of said Section Twenty-eight (28), thence South twenty-five and one half degrees West (S. $25\frac{1}{2}^{\circ}$ W.) one and two tenths (1.2) chains; thence West to West line of said Section; thence North to quarter corner; thence East to the point of beginning; also the West half of the North-east quarter of Section Twenty-eight (W. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 28), being the land

an undivided one-third interest in which was conveyed by Caroline Lenfers to said party of the first part by deed recorded March 26th, 1884.

The North-west quarter of the South-east quarter and the South half of the South-west quarter of the North-east quarter of Section Twenty-one (N.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ and S. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 21), being land conveyed by Rosanna Wise to said party of the first part by deed recorded March 26th, 1884.

The North half of the South-west quarter of the North-east quarter of Section Twenty-one (N. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 21), being land conveyed by Seth Partridge and wife to said party of the first part by deed recorded March 18th, 1884.

The North-west quarter of the North-east quarter of Section Twenty-one (N.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 21), being land conveyed by Thomas B. Hughlett and others to said party of the first part by deed recorded March 29th, 1884.

Fourth. All those portions of a strip of land one hundred (100) feet wide traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across Sections Sixteen (16) Nine (9) Eight (8) and Five (5) in Township Twenty-seven (27) North of Range One (1) East of the Fourth Principal Meridian, which are included in the following described lands to-wit:—

The South-west quarter of the South-east quarter of Section Sixteen (16) (S.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 16), being land conveyed by Herman Dankbar and wife to the said party of the first part by deed recorded March 31st, 1884.

The North-east quarter of the South-east quarter of Section Sixteen (N.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 16), being land conveyed by Herman Dankbar and wife to the said party of the first part by deed recorded March 31st, 1884.

The South half of the North-east quarter of Section Sixteen (S. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 16), being land conveyed by Robert Entwistle and wife to said party of the first part by deed recorded March 11th, 1884.

A part of the North-west quarter of the North-east quarter of Section Sixteen (N.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 16), the South-west quarter of the South-east quarter of Section Nine (S.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 9), the South-east quarter of the South-west quarter of Section Nine (S.E. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ Sec. 9) and the North-east quarter of the South half of Fractional Section Eight (N.E. $\frac{1}{4}$ of S. $\frac{1}{2}$ Frac'l Sec. 8), being land conveyed by Frank Bautsch and wife to said party of the first part by deed recorded March 19th, 1884.

The South-west quarter of the South-west Quarter and the North half of the South-west quarter of Section Nine (S.W. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ and N. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ Sec. 9), being land conveyed by Andrew Scharpf and wife to said party of the first part by deed recorded March 19th, 1884.

The South-east quarter of the North half of Fractional Section Eight (S.E. $\frac{1}{4}$ of N. $\frac{1}{2}$ Frac'l Sec. 8), being land conveyed by Bernard Daters and wife to said party of the first part by deed recorded March 19th, 1884.

The North half of the East half of the North half, and the West half

of the North half of Fractional Section Eight (N. $\frac{1}{2}$ of E. $\frac{1}{2}$ of N. $\frac{1}{2}$ and W. $\frac{1}{2}$ of N. $\frac{1}{2}$ Frac'l Sec. 8), being land conveyed by Henry Woolweber and wife to said party of the first part by deed recorded February 7th, 1884.

The South-west quarter of the South-west quarter of Section Five (S.W. $\frac{1}{4}$ of S.W. $\frac{1}{4}$ Sec. 5), being land conveyed by John Spratt and wife to said party of the first part by deed recorded March 4th, 1884.

Fifth. A strip of land one hundred (100) feet wide traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across the following described lands in Township Twenty-seven (27) North Range One (1) West of the Fourth Principal Meridian, to-wit:—

The North-east quarter of Section Twelve (N.E. $\frac{1}{4}$ Sec. 12) East of the Galena River being land conveyed by Henry Woolweber and wife to said party of the first part by deed recorded February 7th, 1884.

The South-east quarter of the South-east quarter of Section One (S.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 1), being land conveyed by George W. Spratt and wife to said party of the first part by deed recorded February 16th, 1884.

Sixth. Also the following described lands situated in Carroll County in said State of Illinois, to-wit:—

The whole of Lots Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), and Twelve (12) in Block Thirty (30) of the town (now city) of Savanna.

The whole of Lots Nine (9), Ten (10), Eleven (11), Thirteen (13), Fourteen (14), Fifteen (15), and whole of Lot Sixteen (16) except the easterly Thirty (30) feet thereof,—in Block Thirty-one (31) of the Town (now city) of Savanna.

The whole of Lots Six (6), Seven (7), Eight (8), Nine (9), and Ten (10) in Block Thirty-two (32) of the Town (now city) of Savanna.

The Westerly Sixty (60) feet of Lots Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), and Fourteen (14) in Block Thirty-three (33) of the Town (now city) of Savanna.

The whole of Lots Seven (7), Eight (8), and Thirteen (13) in Block Thirty-five (35) of the Town (now city) of Savanna.

The whole of Lots Six (6), Seven (7), and Eight (8) in Block Fifty (50) of Bellow's Addition to the Town (now city) of Savanna.

Also a strip of land Twenty (20) feet in width on each side of and adjoining the center line of the Railroad of the Chicago and North Wisconsin Railway Company as the same is located over and across Lot Five (5) in said Block Fifty (50) of Bellow's Addition to the Town (now city) of Savanna, and being the same land acquired by said party of the first part from Calvin Hubbel and wife by deed recorded March 12th, 1884.

The whole of Lots One (1), Two (2), and Five (5), Six (6), Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), Eighteen (18), Nineteen (19), Twenty (20), Twenty-one (21), Twenty-two (22), Twenty-three (23), Twenty-four (24), Twenty-five (25), Twenty-six (26), Twenty-seven (27), Twenty-eight (28), Twenty-nine (29), Thirty (30), Thirty-

one (31), Thirty-two (32), in Block Fifty-one (51) of Bellow's Addition to the Town (now city) of Savanna.

All of that portion of Lot One (1) of the North-east fractional quarter of Section Four (4) in Township Twenty-four (24) North of Range Three East (Lot 1 of Sec. 4, T. 24 N., R. 3 E.) of the Fourth Principal Meridian, lying Westerly of the Galena and Savanna highway and Northerly of Block Fifty-one (51) of Bellow's Addition to the Town (now city) of Savanna.

Also the whole of Lots One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), and Twelve (12) in Block One (1) of Hale's Addition to the Town (now city) of Savanna.

The whole of Lots Three (3) Four (4), Five (5), Six (6), Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), and Twelve (12) in Block Nine (9) of Hale's Addition to the Town (now city) of Savanna.

The whole of Lots Three (3), Four (4), Five (5), Six (6), Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), Fifteen (15), and Sixteen (16) in Block Seventeen (17) of Hale's Addition to the Town (now city) of Savanna.

Seventh. All those portions of a strip of land one hundred (100) feet wide, traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out extending over and across Sections Thirty-three (33), Twenty-eight (28), Twenty-nine (29), Twenty (20), Nineteen (19), and Eighteen (18) in Township Twenty-six (26), North of Range Two (2) East of the Fourth Principal Meridian, which are included in the following described lands, to-wit:—

A portion of the South-west quarter of the North-east quarter of Section Thirty-three (Part of S.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 33) and the North-west quarter of Section Thirty-three (N.W. $\frac{1}{4}$ Sec. 33), being land acquired of Thomas B. Bockins and others by said party of the first part by order of Court, dated July 29th, 1884.

The West half of the North-east quarter of Section Nineteen (W. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 19) and the North-east quarter of the North-west quarter of Section Nineteen (N.E. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 19), being land acquired of John Eadie and others by said party of the first part by order of the Court, dated July 29th, 1884.

The South-west quarter of the South-east quarter and the East half of the South-west quarter of Section Eighteen (S.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ and E. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ Sec. 18), being land acquired of Emily F. Miller and others by said party of the first part by order of Court, dated July 29th, 1884.

Eighth. All those portions of a strip of land one hundred (100) feet wide traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across Township Twenty-six (26) North of Range One (1) East of the Fourth Principal Meridian which are included in the following described lands, to-wit:—

The North-west quarter of Section Eleven (11) (N.W. $\frac{1}{4}$ Sec. 11), being

land acquired of James L. Edgerton and others by said party of the first part by Order of Court, dated July 19th, 1884.

The South-east quarter and a part of the East half of the South-west quarter of Section Three (S.E. $\frac{1}{4}$ and pt. E. $\frac{1}{2}$ of S.W. $\frac{1}{4}$ Sec. 3), being land acquired of Margaret A. Young and others by said party of the first part by order of Court, dated July 29, 1884.

The North half of the North-east quarter of Section Four (N. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 4), being land acquired of Nicholas Peschang and others by said party of the first part by order of the Court, dated April 15th, 1884.

Ninth. A strip of land one hundred (100) feet wide traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across the following described lands in Township Twenty-seven (27) North of Range One (1) East of the Fourth Principal Meridian, to-wit:—

The South-west quarter of the South-east quarter and the west half of Section Thirty-three (S.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ and W. $\frac{1}{2}$ Sec. 33), being land acquired by said party of the first part of Nicholas Peschang and others by order of Court, dated April 15th, 1884.

Tenth. All those portions of a strip of land one hundred and seventy-five (175) feet wide the Easterly boundary line of which is parallel to the center line of the Chicago and North Wisconsin Railway as originally located and staked out, and one hundred (100) feet distant Easterly therefrom, and extending over and across Sections Twenty-eight (28) and Twenty-one (21) in Township Twenty-seven (27) North of Range One (1) East of the Fourth Principal Meridian, which are included in the following described lands, to-wit:—

An undivided two-third's interest in that tract in Section Twenty-eight (28) beginning three (3) chains East of the center of said Section Twenty-eight (28); thence South Twenty-five and one half degrees West (S. $25\frac{1}{2}$ W.) one and two tenths (1.2) chains; thence West to West line of said section; thence North to quarter corner; thence East to point of beginning; also, the West half of the North-east quarter of Section Twenty-eight (W. $\frac{1}{2}$ of N.E. $\frac{1}{4}$ Sec. 28); said undivided two-thirds interest having been acquired by said party of the first part of Anna C. Henke and Guardian by order of Court, dated May 2nd, 1884.

The South-west quarter of the South-east quarter of Section Twenty-one (S.W. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 21), being the same land acquired by said party of the first part by quit claim deed recorded March 29th, 1884, from Daniel S. Harris and wife and an order of Court against Edward L. Taylor, dated May 12th, 1884.

Eleventh. All those portions of a certain strip of land one hundred (100) feet wide traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across Section Sixteen (16) Township Twenty-seven (27) North of Range One (1) East of the Fourth Principal Meridian, which are included in the following described lands, to-wit:—

The South-east quarter of the South-east quarter of Section Sixteen (S.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ Sec. 16), being land acquired by said party of the

first part of William Kamphouse and others by order of Court, dated April 15th, 1884.

The North-west quarter of the North-east quarter of Section Sixteen (N.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ Sec. 16), being land acquired by said party of the first part of Christian Schubert and others by order of Court, dated April 7th, 1884.

Twelfth. A strip of land one hundred (100) feet wide traversed centrally by the center line of the Chicago and North Wisconsin Railway as originally located and staked out and extending over and across the Southeast quarter of the North-west quarter of Section One (1) Township Twenty-seven (27) North Range One West (S.E. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ Sec. 1, T. 27, N. R. 1 W.) of the Fourth Principal Meridian, being the land acquired by said party of the first part of John B. Frentress by order of Court, dated April 7th, 1884.

To Have and to Hold the same together with all and singular the hereditaments and appurtenances thereunto belonging or in any wise appertaining unto the said party of the second part, its successors and assigns, forever, and the said party of the first part does covenant with the said party of the second part, its successors and assigns, as follows:—

1. That it is lawfully seized of said premises.
2. That it has a good right to convey the same.
3. That the same is free from all encumbrances.
4. That the said party of the second part shall quietly enjoy and possess the same.
5. That the said party of the first part will warrant and defend the title to the same against all lawful claims.

In Witness Whereof the party of the first part has caused its corporate name to be signed hereto by its President, and its corporate seal to be affixed and attested by its secretary, both said officers being thereunto duly authorized, on the day and year first above written.

[SEAL]

The Chicago & North Wisconsin Railway Co.,
Attest: By CHESTER M. DAWES, *President*.

H. W. WEISS, *Secretary*.

STATE OF ILLINOIS, }
COUNTY OF COOK. } ss.

I, Lester O. Goddard, a Notary Public within and for said State and County, do hereby certify that Chester M. Dawes, President of the Chicago & North Wisconsin Railway Company, and H. W. Weiss, Secretary of the said Company, to me personally known to be the same persons whose names are subscribed to the foregoing instrument as such President and Secretary respectively appeared before me this day in person and acknowledged that they and each of them have signed said instrument, attached the Corporate Seal of said Company thereunto, and delivered the same, as the free and voluntary act of the Chicago & North Wisconsin Railway Company for the uses and purposes therein set forth.

Given under my hand and Notarial seal this 13th day of September, 1887.

ARTICLES OF INCORPORATION, August 22, 1885, Chicago, Burlington and Northern Railroad Company [Illinois].

* * * * *

We, the undersigned, do hereby associate ourselves together for the purpose of constructing, purchasing, operating, leasing and using a railroad in the State of Illinois, and do adopt the following articles of incorporation, viz.:—

ARTICLE I.

The name of the corporation shall be the “Chicago, Burlington and Northern Railroad Company.”

ARTICLE II.

It is intended to construct a line of railroad from Chicago in the County of Cook, through the Counties of Cook, DuPage, Kane, DeKalb, Ogle and Carroll, to some point on the Mississippi River at or near Savannah in Carroll County: and from some point within the City of Fulton in Whiteside County, northwardly to a connection with the road above mentioned at or near Savannah; thence northwardly to the boundary line of the State of Wisconsin in Jo Daviess County, there to meet and connect with another railroad built or to be built in said State of Wisconsin: but should it be found that any line of railroad already constructed in or through one or more of the above named counties, can be leased, used or operated by this company, or running arrangements made with the corporations owning or operating the same, then it is proposed to construct only so much of the line above described as is necessary to form continuous lines of railroad between said point in Fulton and the north boundary of Illinois, and between Chicago and Savannah aforesaid.

ARTICLE III.

The principal business office of said proposed corporation shall be at Chicago, in the county aforesaid.

ARTICLE IV.

Said proposed corporation shall commence on the 24th day of August, A. D. 1885, and continue fifty years and for such longer period as may be provided by law.

ARTICLE V.

The amount of capital stock of said corporation shall be three millions of dollars.

ARTICLE VI.

The names and places of residence of the several persons forming the association for incorporation, are

L. O. Goddard, Frank S. Bagg, Charles L. Allen and H. W. Weiss, all of Chicago, Illinois, and B. R. Watson, Boston, Massachusetts.

ARTICLE VII.

L. O. Goddard, Frank S. Bagg, Charles L. Allen, H. W. Weiss and B. R. Watson, subscribers to the capital stock of said corporation, shall comprise the first board of directors.

The management of the affairs of said corporation shall be vested in its board of directors, which shall elect a president, secretary and treasurer and appoint such other officers as it shall deem necessary.

ARTICLE VIII.

The number of shares of capital stock shall be thirty thousand shares, of one hundred dollars each.

In witness whereof, we have hereunto set our hands and seals this 22nd day of August, A. D. 1885.

L. O. GODDARD.

H. W. WEISS.

FRANK S. BAGG.

CHAS. L. ALLEN.

B. R. WATSON.

OFFICE OF SECRETARY.

I, Henry D. Dement, Secretary of State of Illinois, do hereby certify that the foregoing Articles of Incorporation of the Chicago Burlington & Northern Railroad Company were filed for record in the office of the Secretary of State of the State of Illinois on the 25th day of August A. D. 1885, at 9 o'clock A.M. and duly recorded in Book No. 6 of Railroad Records at Page 190.

In Witness Whereof, I hereunto set my hand and affix the Great Seal of State, at the City of Springfield, this 25th day of August A. D. 1885.

[SEAL]

HENRY D. DEMENT, *Secretary of State.*

TRUST MORTGAGE, November 20, 1885, Chicago, Burlington and Northern Railroad Company [Illinois] to William J. Ladd and T. S. Howland, Trustees.

* * * * *

This Indenture of Mortgage made this Twentieth (20th) day of November A. D. 1885, by and between The Chicago, Burlington & Northern Railroad Company, a corporation created and organized under and in conformity with the laws of the State of Illinois, party of the first part, and William J. Ladd and T. S. Howland, of Boston, in the State of Massachusetts, Trustees, for the uses and purposes and upon the terms and conditions hereinafter stated, parties of the second part:—

Witnesseth: That Whereas The Chicago, Burlington & Northern Railroad Company, pursuant to the terms of the statutes and acts of the legislature of the said State of Illinois creating it, and of the organization of the Company under and in accordance therewith, is engaged in constructing a railroad from a point at or near Oregon, in Ogle County, Illinois, westerly to the town of Savanna, in Carroll County, Illinois, and also from some point in the city of Fulton, in Whiteside County, Illinois, northerly to a connection with the above mentioned railroad at or near Savanna, and thence Northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, there to meet and connect with the railroad of the consolidated Chicago, Burlington & Northern Railroad Company of the States of Wisconsin and Minnesota, built or to be built, a distance in all of about one hundred and five (105) miles, and

Whereas the said first party is authorized by the statutes and laws aforesaid, and by the terms of its organization to execute Trust Mortgages of its railroad and franchises connected therewith, and of its other property to secure the payment of bonds issued for the objects and purposes hereinafter set forth, and

Whereas the said first party is desirous of borrowing money to an amount not exceeding Three Million Dollars, (\$3,000,000.) for the purpose of constructing, equipping, completing, finishing, improving and operating its said railroad, and purchasing the right of way and material necessary for the superstructure thereof and defraying all necessary expenses of transportation and other charges connected with the building, equipping and operating said railroad, and the appendages and appurtenances connected therewith, and for other purposes, and at a meeting of its Board of Directors duly called and held at Chicago, Illinois, on the twenty-seventh (27th) day of August, A. D. 1885, did resolve to borrow the sum of Three Million Dollars, (\$3,000,000.) for so building, equipping, completing, finishing, improving and operating its said railroad, and for other purposes, and to execute and issue the bond of said Company for the said sum of Three Million Dollars, (\$3,000,000.) of the date of November Twentieth (20th) A. D. 1885, having Forty (40) years from April First, 1886, to run to maturity, bearing interest from and after April first, 1886, at the rate of Five per centum per annum payable semi-annually on the first days of April and October in each year, the first six months interest to be payable October First 1886, and the principal to be payable April First, A. D. 1926; both

principal and interest to be payable at the office of the Company in the city of Boston, Massachusetts, or at such other places as the said Company may appoint; and also resolved to secure the payment of the same, both principal and interest, by a mortgage of its said railroad, franchises and other corporate property of every nature and kind, to said parties of the second part as trustees for the benefit and security of the holders of said bond, which said bond shall be authenticated by a certificate signed by said parties of the second part as being issued under and secured by said mortgage, and which said resolution of the Board of Directors to borrow said sum of Three Million Dollars, (\$3,000,000.) and to execute the bond of this Company for that amount and to secure the same by mortgage in manner aforesaid, was concurred in by the holders of all of the stock of this Company at a meeting of the stockholders duly called and held under and in conformity with the statutes of the State of Illinois at Chicago, Illinois, on the sixth day of November A. D. 1885.

Now, therefore, This Indenture Witnesseth That the said Chicago, Burlington & Northern Railroad Company, party of the first part, in order to secure the payment of its said bond, issued as aforesaid, and the interest thereon, and in consideration of One Dollar, (\$1.00) to it in hand paid by said parties of the second part at the ensealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, transferred and conveyed, and by these presents does grant; bargain, sell, transfer and convey to said parties of the second part, their survivor and successors in said trust, and assigns, all the following described property, to wit:

All the present and in the future to be acquired property of said Railroad Company, party of the first part, in and relating to its said railroad, except future extensions and branches, and all the right, title, interest and equity of redemption therein; that is to say, all the said railroad of said first party, now constructed and to be constructed, extending from a point at or near Oregon, Ogle County, Illinois, westerly to the town of Savanna, in Carroll County, Illinois, and also from some point in the city of Fulton, in Whiteside County, Illinois, northerly to a connection with the above mentioned railroad at or near Savanna, and thence northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, there to meet and connect with the railroad of said consolidated Chicago, Burlington & Northern Railroad Company, built or to be built, a distance in all of about One Hundred and five (105) miles including therein the rights of way, road bed, superstructure, all the lands, depots, depot grounds, stationhouses, viaducts, fences, bridges, timber and materials, appurtenant to or to become connected with said railroad, and all property purchased or to be purchased for the construction of said railroad; also all engines, tenders, cars and machinery, and all other kinds of rolling stock, now belonging to or which may hereafter be acquired by said party of the first part for use upon its said railroad, all of which shall be suitably designated and marked, but not including cars and other rolling stock purchased for use upon future extensions or branches; also all rights, privileges and franchises of said first party relating to said railroad, and property acquired by virtue thereof, now in possession or

which may hereafter be acquired, including all machine shops, implements and tools contained therein or along the line of said railroad, although the same may not be herein specifically mentioned.

To have and to hold the said line of railroad and all the other property and interests above mentioned, or intended to be mentioned and included, and all and singular said premises and every part thereof, with the appurtenances, unto the said parties of the second part, or the survivor of them, and their successors in said trust, and assigns, but for the following purposes, and upon the following express trusts, that is to say:

In case the said Chicago, Burlington & Northern Railroad Company of Illinois, shall make default in the payment of taxes and adjustments, as hereafter provided, after thirty (30) days' notice in writing by the parties of the second part requiring the payment thereof; or shall fail to pay the principal or any part thereof, or the interest on said bond secured or intended to be secured hereby at any time when and where the same may become due and payable according to the tenor thereof, and for sixty (60) days thereafter, then and in such case, at the written request of the holder of said bond at the time outstanding, the said parties of the second part, their survivor or successors in said trust, or assigns, may, upon being indemnified by the parties making the application, enter into and take possession of said railroad of said Illinois Company, and all other property, rights and interests hereby conveyed or intended to be conveyed, and as attorneys in fact and agents of said first party, by themselves or their agents duly constituted, have, use and employ the same and receive the revenues therefrom, making from time to time all needful repairs, alterations and additions thereto, and after indemnifying themselves from loss, damage or liability arising from the management of said trust, apply the net earnings of said railroad, franchises and the other property hereby conveyed, to the payment of all such interest on said bond as may at that time remain in arrear and unpaid, but when and as soon as the second parties, out of such net earnings shall have paid off all such arrears of interest, and of taxes and assessments, or such net earnings in their hands shall be sufficient for that purpose they shall re-deliver said railroad and property to the first party: provided, however, that nothing in this provision contained shall be deemed or construed to preclude the second parties proceeding to foreclose this mortgage in the manner hereinafter provided; or the said second parties, their survivor, or their successors in said trust or assigns, at their discretion may, and upon the written request of the holders of said bond then unpaid shall upon being indemnified by the parties making the application, in case such mode of foreclosure shall at that time be authorized by law cause said premises and property to be sold at public auction at the city of Chicago, in Cook County, Illinois, after giving sixty (60) days notice of the time, place and terms of such sale, by publishing the same at least four times in each week in one or more of the principal newspapers for the time being published in each of the cities of Boston, Massachusetts, New York, N. Y., and Chicago, Illinois, and upon such sale execute to the purchaser or purchasers thereof a good and sufficient deed or deeds of conveyance in fee simple for all the property held by said Com-

pany under such title, and a suitable and effective conveyance and assignment for all other property held by said Company and sold by said parties of the second part, which conveyances shall be a bar to the Chicago, Burlington & Northern Railroad Company of Illinois, party of the first part, its successors and assigns and all persons claiming under it or them, of all right title, interest and claim in or to said premises or any part thereof.

Said trustees shall after deducting from the proceeds of such sale the costs and expense thereof, and of the management of said property, and sufficient to indemnify and save themselves harmless from and against all liability arising from this trust, appropriate and apply so much of the proceeds of said property as may be necessary to the payment in full of the principal and interest of said bond then remaining unpaid, whether the same may then be due and payable or not, and shall restore the residue thereof to said first party its successors and assigns.

It is understood and agreed that in no case shall any claim be made under or advantage taken by said first party, its successors or assigns, of valuation, appraisement, redemption or extension laws now in force or hereafter enacted; nor any injunction or stay of proceedings be prayed for or had, or any process be obtained or applied for by it or them to prevent such entry, sale and conveyance as aforesaid.

And further, that in case said parties of the second part, their survivor or successors in said trust, or assigns, shall, for any reason, omit to avail themselves of any such default as aforesaid, such omission shall not prejudice or impair the rights or remedies of said second parties, their survivor or successors in said trust, or assigns, to avail themselves of any other or further neglect or default of said first party.

Nor shall the above remedies provided for in cases of default exclude the parties of the second part, their survivor or successors from any other legal or equitable remedies they may be entitled to in the premises, including the foreclosure of this indenture, by a proper proceeding in court. In case a bill shall be filed for the foreclosure hereof, by the said second parties they shall be entitled as a matter of right to the appointment of a Receiver of all the property herein conveyed, and from the proceeds of any sale under such proceeding, there shall first be paid all the expenses of such receivership, and the costs of such proceeding, including compensation to said trustees and also fees of counsel and attorneys, and all other expenses and disbursements properly chargeable against said first party or the said property by reason of any default on the part of said first party in carrying out the covenants of this indenture, the residue of such proceeds to be applied to the payment in full of the principal and interest then remaining unpaid upon said bond, and any surplus to be paid over to said first party its successors or assigns.

And the said party of the first part, for itself and its successors, hereby agrees to execute and deliver any further reasonable and necessary conveyance and assignment of said premises or any part thereof, to said parties of the second part, their survivor or successors in said trust, or assigns, which counsel of the parties of the second part, at any time, may advise, for the more effectually vesting the title to the property hereby granted or

intended to be conveyed, in said parties of the second part, their survivor or successors and assigns, and for the more fully carrying into effect the objects and purposes of these presents.

The trustees herein, and their successors, shall at all times have full power and authority, to be exercised in their own discretion and not otherwise, to release or convey to any party or parties who may be designated in writing by the first party to receive the same; or to release from the lien or operation of this indenture, in such other manner as the trustees may deem proper, any portion of the premises hereby granted appurtenant to said railroad, but which, in the opinion of said trustees, shall be unnecessary for use in connection therewith, and also to release and convey on like request any lands, not occupied by the track, which may become disused by reason of a change of the location of any stationhouse or other building connected with said railroad, and such lands occupied by the track and adjacent to such stationhouse, depot, or other building, as the first party may deem it expedient to disuse or abandon by reason of such change.

Provided, that any lands or other property acquired by the first party in substitution of the lands so released and conveyed shall immediately become subject to the lien and operation of this indenture, or the proceeds of sale of any property, so disused shall be paid over to the said trustees, if they so request, to be applied upon the bond hereby secured, or to be held by them as a part of a sinking fund for the ultimate payment of such bond, and to be invested, in their discretion, for that purpose.

It is hereby, also, mutually agreed and understood that it shall be lawful for said first party, its successors and assigns to retain possession of said property hereby conveyed, and to receive and dispose of the current revenues of said railroad and property hereby conveyed as it or they shall deem proper, until default shall be made in the payment of the principal or interest of the bond hereby secured, or some part thereof, or of taxes and assessments that may be lawfully levied or assessed upon said railroad and property connected therewith, as they shall respectively become due and payable.

And that upon full and final payment of the principal and interest of said bond, issued under and secured by this instrument, the estate hereby granted to said parties of the second part shall be void, and the right and title to the premises and property hereby conveyed shall revert to and rest in said party of the first part, its successors and assigns, without any acknowledgment of satisfaction, reconveyance, re-entry or other act.

And further that the bond secured by and issued under this indenture, and the proceeds thereof, shall be used for and appropriated to the objects and purposes herein contemplated. And said bond shall at any time be certified by said second parties, their survivor or successors in said trust or assigns, upon the written application of the party of the first part, expressed through a resolution of its Board of Directors adopted at a regular meeting, or a special meeting called for that purpose.

It is further mutually agreed that the said parties of the second part, their survivor and successors in said trust, or assigns, shall only be accountable for gross negligence, or wilful default in the management thereof, and

shall not be responsible for the acts of each other to which they do not severally assent, nor for the acts of any agent employed by them, when such agent shall have been selected with reasonable discretion.

And that said second parties, their survivor or successors in said trust and assigns, shall be entitled to reasonable compensation for their labor, services and expenses in the management of said trust.

And further, that whenever a vacancy among said parties of the second part, or their successors shall occur by death resignation or inability to discharge the duties of this trust, which inability shall be determined and declared by resolution of the Board of Directors of the first party, the first party by its Board of Directors shall proceed forthwith to nominate and with the concurrence of the remaining trustee, if there be any trustee remaining, to appoint a new trustee to fill such vacancy, by endorsing such appointment in writing on one part of this indenture, and each person so appointed shall endorse his acceptance of such appointment upon this indenture.

In case such vacancy shall not be filled within sixty (60) days from the occurrence thereof in the manner aforesaid, the holders of said bond secured by this mortgage and then outstanding, may apply to any court in the State of Illinois having jurisdiction of the premises to appoint a new trustee or trustees to supply such vacancy, and such new trustee or trustees appointed in either manner shall become one of the parties of the second part, and vested for the purposes aforesaid with all rights, interests or powers requisite to enable him or them to execute with the others this trust, without any further assurance or conveyance of the same. But should it be thought desirable or necessary by the counsel of the second parties, the parties hereto shall execute and deliver, or cause to be executed and delivered such releases and conveyances as counsel shall advise to be necessary.

It being further understood that the remaining trustee shall in the meantime and until such vacancy shall be so filled be fully empowered to execute all the provisions of this trust.

And that each and every of the stipulations and agreements herein contained shall be binding upon the successor or successors, survivor and assigns, respectively, of the parties hereto.

The said parties of the second part hereby severally accept the trusts created by these presents.

In Witness Whereof The said Chicago, Burlington & Northern Railroad Company, party of the first part, has caused its corporate name to be hereunto and to four other originals subscribed, and its corporate seal to be hereto attached by its President and the same to be attested by its Secretary; and the said parties of the second part have also hereunto, and to the four other originals, set their hands and seals, all on the day and year first above written.

RELEASE, May 10, 1909, William J. Ladd and T. S. Howland, Trustees to Chicago, Burlington and Northern Railroad Company [Illinois].

* * * * *

Whereas, the Chicago, Burlington & Northern Railroad Company, a corporation organized and existing under the laws of the State of Illinois, by indenture of mortgage bearing date the twentieth day of November, 1885, in and for the consideration therein mentioned and to secure the payment of the bonds therein specified, did convey certain described property unto William J. Ladd and T. S. Howland; and

Whereas, said mortgage has been recorded as follows:

December 12, 1885, in the office of the Secretary of State of Illinois, Book 7 of Railroad Records, Page 20.

1450 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

December 12, 1885, in the Recorder's office for Ogle County, Illinois, Book 45 of Mortgages, Page 119.

AGREEMENT, November 15, 1885, Chicago, Burlington and Northern Railroad Company [Illinois] and Chicago, Burlington & Northern Railroad Company [Consolidated].

* * * * *

This Agreement, made and entered into this fifteenth (15th) day of November, A. D. 1885, by and between the Chicago, Burlington & Northern Railroad Company, a corporation organized and existing under the laws of the State of Illinois, party of the first part, and the Chicago, Burlington & Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota, and organized and existing under the laws of the said States, party of the second part,

Witnesseth—That, Whereas, the first party is desirous of constructing and equipping its railroad from a point at or near Oregon, in Ogle County, Illinois, westerly, to and into the town of Savanna, in Carroll County, Illinois, and also from some point in the city of Fulton, in Whiteside County, Illinois, northerly, to a connection with the above mentioned railroad at or near Savanna, and thence northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, there to meet and connect with the railroad of said consolidated Chicago, Burlington & Northern Railroad Company; and, said first party being without ready means or resources for raising money, has resolved to borrow for that purpose Three Million Dollars (3,000,000), for which it will issue its bonds to that amount, bearing date November 20th, 1885, having forty (40) years from April 1st, 1886, to run to maturity, and bearing interest at the rate of five (5) per cent per annum, payable semi-annually, on the first days of October and April in each year, and to secure the same by a first mortgage upon its entire railroad and equipment, and all the property and franchises connected therewith; and has further resolved to use and devote its Capital Stock for the said purpose of construction and equipment; and

Whereas, the second party, owning a long and valuable line of railroad connecting with the road of the first party at the north boundary line of the State of Illinois, and extending thence to the city of St. Paul, has proposed to furnish to the first party the money for the construction and equipment of its road, and to purchase the said stock and bonds of the first party for the money so furnished in the manner hereinafter specified, and to make a contract for connecting with the first party's railroad upon terms to be mutually agreed upon, so as to form a continuous line; and

Whereas, the railroad of the first party will connect at Fulton and Oregon, Illinois, with valuable lines of road operated to and into the cities of Chicago and St. Louis, and thus the second party may be furnished with a track and ready means of access to said cities:

Now Therefore, the said parties do make the following agreements, to-wit:

First. The second party agrees to furnish to the first party the money necessary to construct and equip its said road in the State of Illinois, in the full paid Capital Stock of the second party, to the amount of Three Million Dollars (\$3,000,000), to-wit: Thirty Thousand (30,000) shares of One Hundred Dollars (\$100) each, and Three Million Dollars (\$3,000,000) in its five (5) per cent bonds, dated December 1st, 1885, having forty (40) years from April 1st, 1886, to run to maturity, and secured by a first mortgage upon its entire line, which said stock and bonds are to be delivered when and as called for by the first party, the proceeds thereof to be used by the first party only for the construction and equipment of its road, aforesaid. The second party further agrees that it will form a connection with said railroad of the first party, upon such equitable terms as may be mutually agreed upon, so as to make the same part of a through line between St. Paul and Chicago.

Second. In consideration of all the foregoing, the first party agrees to cause to be transferred and assigned to the second party, as full paid, Twenty-nine Thousand Nine Hundred and Seventy-five (29,975) shares of its Capital Stock of One Hundred Dollars (\$100) each, and to sell and to deliver to said second party Three Million Dollars (\$3,000,000) of its first mortgage bonds, of the form and tenor above described, and to execute the connecting contract, aforesaid.

In Witness Whereof, the parties have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals attached by their Secretaries, the day and year first above written.

* * * * *

This Agreement, made and entered into this sixteenth (16th) day of November A. D. 1885, by and between the Chicago, Burlington & Northern Railroad Company, a consolidated corporation created and existing under the laws of the States of Wisconsin and Minnesota, party of the first part, and the Chicago, Burlington & Northern Railroad Company, a corporation

created and existing under the laws of the State of Illinois, party of the second part:

Witnesseth: That said parties have agreed to connect with each other, and that their respective railroads shall be connected and operated together, as one continuous line, upon the following terms, which have been mutually agreed upon, to wit:

1st. The road of the first party is described as follows:

A railroad from a point on the State line between the States of Illinois and Wisconsin, in Grant County, Wisconsin, near the city of East Dubuque in the State of Illinois, northerly into and through the Counties of Grant, Crawford, Vernon, LaCrosse, Trempealeau, Buffalo, Pepin and Pierce in the State of Wisconsin to a point on the west boundary line of said State of Wisconsin, in or near the town of Prescott on the St Croix River, in said Pierce County, thence northwesterly through and into the Counties of Washington and Ramsey in the State of Minnesota, to and into the city of St. Paul, Minnesota, a distance in all of about two hundred and fifty seven (257) miles, and

The road of the second party is described as follows:

A railroad from a point in or near Oregon in Ogle County, Illinois, westerly to and into the town of Savanna, in Carroll County, Illinois, and also from some point in the city of Fulton, in Whiteside County, Illinois, northerly to a connection with the above mentioned railroad at or near Savanna and thence northerly to the boundary line of the State of Wisconsin in Jo Daviess County, Illinois, a distance in all of about one hundred and five (105) miles.

2d. The first party shall furnish such, and such amount of, equipment and rolling stock as may be necessary beyond that possessed by the second party, for the operation of the second party's railroad, and shall connect with and operate the said railroad in a first class manner, so as to make it part of a through line between the city of St. Paul and the cities of Chicago and St. Louis and shall fix and collect all tolls for the transportation of persons and property over said road.

3d. The first party shall pay all taxes and assessments that may be lawfully charged and assessed against said railroad and property of the party of the second part during the continuance of this contract, and shall maintain said road and keep the same in good condition and repair: it being understood that, in case this contract shall be terminated at any time, the second party, before it shall be entitled to the possession of said road, shall pay to the first party the original cost of all additional construction which the first party may deem necessary or proper to make on said premises, and of all permanent improvements made thereon, with interest upon the same, at the rate of six per cent (6%) per annum, from the time of the completion of each item of construction and improvement; and for all such expenditures and interest thereon the first party shall have a lien which shall entitle it to hold possession of and use said premises and the revenues to be derived therefrom until all such expenditures and interest shall be paid.

4th. The first party further agrees to pay over semi-annually on

the first days of April and October in each year to the second party thirty per cent (30%) of its gross earnings on all business done on or over the railroad of said second party; earnings from all joint business done upon or along said railroad to be computed upon a pro rata basis per mile, according to the distance carried respectively on the roads of the two parties, and said party of the first part agrees and guarantees that the amount so to be paid to said party of the second part shall in each year be not less than the amount of the interest on the first mortgage bonds of said second party, to wit; One hundred and fifty thousand dollars (\$150,000.) and agrees that it will in each and every year so long as this contract shall remain in force pay over to said second party at least that sum.

5th. This contract continues in force until its formal termination, which may be done at any time by either party's giving thirty (30) day's notice in writng of its intention to so terminate it.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto affixed by their respective Presidents, and their corporate seals to be affixed and attested by their respective Secretaries, the day and year first above written.

TRUST MORTGAGE, October 1, 1888, Chicago, Burlington and Northern Railroad Company [Illinois] to Francis B. Beaumont and Frederic M. Stone, Trustees.

This indenture of Mortgage made this first day of October, A. D. 1888, by and between the Chicago, Burlington & Northern Railroad Company, a corporation created and organized under and in conformity with the laws of the State of Illinois, party of the first part (hereinafter referred to as the first party), and Francis B. Beaumont and Frederic M. Stone, of the City of Boston in the State of Massachusetts, Trustees, for the uses and purposes and upon the terms and conditions hereinafter stated, parties of the second part (hereinafter referred to as the Trustees):

Witnesseth: That Whereas, the first party is now the owner of a line of railroad extending from a point in the Town of Oregon, in Ogle County, Illinois, westerly to and into the Town of Savanna, in Carroll County, Illinois, and also from a point in the City of Fulton, in Whiteside County, Illinois, northerly to a connection with the above mentioned railroad in the Town of Savanna, and thence northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, a distance of one hundred three and 40/100 miles, there meeting and connecting with the railroad of the consolidated Chicago, Burlington & Northern Railroad Company of the States of Wisconsin and Minnesota, and also of certain branches, to wit:—

the Galena Branch line extending from a point near the mouth of the Galena River to and into the city of Galena in the State of Illinois, and being three and 60/100 miles in length, said main line and branches of the first party making a total mileage of one hundred and seven miles; and

Whereas the first party on the 20th day of November, A. D. 1885, made and executed a certain mortgage to William J. Ladd and T. S. Howland, of Boston, in the State of Massachusetts, Trustees, of all its railroad, railroad property, franchises and appurtenances as therein described, to secure the payment of the five per cent (5%) Bonds of the first party for the sum of Three million dollars (\$3,000,000) dated November 20th, A. D. 1885, and payable on the 1st day of April, A. D. 1926: and

Whereas, the first party is authorized by the statutes and laws aforesaid, and by the terms of its organization to execute Trust Mortgages of its railroad and franchises connected therewith, and of its other property to secure the payment of Bonds issued for the objects and purposes hereinafter set forth: and

Whereas, the first party is desirous of borrowing money to an amount not exceeding one million and seventy thousand dollars (\$1,070,000), to pay an indebtedness heretofore incurred by said first party to obtain money which was used for the purpose of completing, finishing, improving and operating its lines of railroad, and to complete, finish, improve and operate its lines of railroad, and at a meeting of its Board of Directors duly called and held at Chicago in the State of Illinois on the fourteenth day of July, A. D. 1888, did resolve to borrow the sum of one million and seventy thousand dollars (\$1,070,000), with which to pay such indebtedness so incurred and for completing, finishing, improving and operating its said railroad, and execute and issue its bond for the said sum of one million seventy thousand dollars of the date of June first, A. D. 1888, having thirty (30) years from said last mentioned date to run to maturity, bearing interest from and after the first day of June, A. D. 1888, at the rate of six (6) per cent per annum, payable semiannually on the first days of June and December in each year: the first six months interest to be payable on the first day of December, A. D. 1888, and principal to be payable on the first day of June, A. D. 1918, both principal and interest to be payable at the office of the first party in the City of Boston, Massachusetts, or at such other place as it may appoint; and also resolved to secure the payment of the same, both principal and interest, by a second mortgage of its railroad, franchises and other corporate property of every nature and kind, to said parties of the second part as trustees, for the benefit and security of the holders of said bond, which said bond shall be authenticated by a certificate signed by the Trustees as being issued under and secured by said mortgage, and which said resolution of the Board of Directors to borrow said sum of one million seventy thousand dollars and to execute a bond for that amount and to secure the same by mortgage in manner aforesaid, was concurred in by the holders of 29,995 shares of the stock of the first party at a meeting of the stockholders duly called and held under and in conformity with the statutes of the State of Illinois, at Chicago, on the twenty-second day of September,

A. D. 1888, and which meeting was duly adjourned to the twenty-fourth day of September, A. D. 1888, at the hour of 10 o'clock A.M. at the same place, the same being more than two-thirds in amount of all the stock of such first party and all but five (5) shares thereof:

Now Therefore, This Indenture Witnesseth, That the first party, in order to secure the payment of its said bond, issued as aforesaid, and the interest thereon, and in consideration of One Dollar (\$1.00), to it in hand paid by the Trustees at the ensailing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, transferred and conveyed, and by these presents does grant, bargain, sell, transfer and convey to the Trustees their survivors and successors in said trust, and assigns, all the following described property, to wit:—

All the present and in the future to be acquired property of the first party, in and relating to its said railroad, except future extensions and branches, and all the right, title, interest and equity of redemption therein; that is to say, all the said railroad of the first party, extending from a point in the Town of Oregon, in Ogle County, Illinois, westerly to the town of Savanna, in Carroll County, Illinois, and also from a point in the city of Fulton, in Whiteside County, Illinois, northerly to a connection with the above mentioned railroad in the town of Savanna, and thence northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, there meeting and connecting with the railroad of said consolidated Chicago, Burlington & Northern Railroad Company, a distance of one hundred three and 40/100 miles, and also of certain branches, to wit, the Galena Branch line extending from a point near the mouth of the Galena River to and into the City of Galena in the State of Illinois and being three and 60/100 miles in length, making a total mileage of one hundred and seven miles, including therein the rights of way, road bed, superstructure, all the lands, depots, depot grounds, station houses, viaducts, fences, bridges, timber and materials appurtenant to or to become connected with said railroad, and all property purchased or to be purchased for said railroad; also all engines, tenders, cars, and machinery, and all other kinds of rolling stock, now belonging to, or which may hereafter be acquired by the first party for use upon its said railroad all of which shall be suitably designated and marked, but not including cars and other rolling stock purchased for use upon future extensions or branches: also all rights, privileges and franchises of the first party relating to said railroad, and property acquired by virtue thereof, now in possession or which may hereafter be acquired, including all machine shops, implements and tools contained therein or along the line of said railroad, although the same may not be herein specifically mentioned: the premises hereinbefore conveyed being subject to the prior lien created by the said mortgage to William J. Ladd and T. S. Howland, Trustees, dated November 20th, 1885; and also in addition to the above does grant, bargain, sell, transfer and convey to the Trustees, their survivors or successors, its said branches now built, to wit:— the Galena Branch line aforesaid extending from a point near the mouth of the Galena River to and into the City of Galena, in the State of Illinois, including therein the rights of way, road bed, super-

structure, all the lands, depots, depot grounds, station houses, viaducts, fences, bridges, timber and materials appurtenant to or to become connected with said branches.

To Have and To Hold the said line of railroad and said branches thereof and all the other property and interests above mentioned, or intended to be mentioned and included, and all and singular said premises and every part thereof, with the appurtenances, unto the Trustees, or the survivor of them, and their successors in said trust, and assigns, but for the following purposes, and upon the following express trusts, that is to say:

In case the first party shall make default in the payment of taxes and assessments, as hereafter provided, after thirty (30) days notice in writing by the Trustees requiring the payment thereof: or shall fail to pay the principal or any part thereof or the interest on said bond secured or intended to be secured hereby at any time when and where the same may become due and payable according to the tenor thereof, and for thirty (30) days thereafter, then and in such case, at the written request of the holder of said bond at the time outstanding, the Trustees, their survivor or successors in said trust, or assigns, may, upon being indemnified by the parties making the application, enter into and take possession of said railroad of the first party and branches thereof and all other property, rights and interests hereby conveyed or intended to be conveyed, and as attorneys in fact and agents of the first party, by themselves or their agents duly constituted, have, use and employ the same and receive the revenues therefrom, making from time to time all needful repairs, alterations and additions thereto, and after indemnifying themselves from loss, damage or liability arising from the management of said trust, apply the net earnings of said railroad, branches, franchises and the other property hereby conveyed, to the payment of all such interest on said bond as may at that time remain in arrear and unpaid, but when and as soon as the Trustees, out of such net earnings shall have paid off all such arrears of interest, and of taxes and assessments, or such net earnings in their hands shall be sufficient for that purpose they shall re-deliver said railroad and property to the first party: *Provided However*, that nothing in this provision contained shall be deemed or construed to preclude the Trustees proceeding to foreclose this mortgage in the manner hereinafter provided; or the Trustees, their survivor, or their successors in said trust, or assigns, at their discretion may, and upon the written request of the holders of said bond then unpaid shall, upon being indemnified by the parties making the application, in case such mode of foreclosure shall at that time be authorized by law, cause said premises and property to be sold at public auction at the city of Chicago in the State of Illinois, after giving sixty (60) days notice of the time, place and terms of such sale, by publishing the same at least four times in each week in one or more of the principal newspapers for the time being published in each of the cities of Boston, Massachusetts, New York, N. Y. and Chicago, Illinois, and upon such sale execute to the purchaser or purchasers thereof a good and sufficient deed or deeds of conveyance in fee simple, for all other property held by the first party and sold by the Trustees, which conveyance shall be a bar to

the first party, its successors and assigns, and all persons claiming under it or them, of all right, title, interest and claim in or to said premises or any part thereof.

And in case of such default in the payment of the principal or interest of said bond or in the performance of any of said covenants, continued for thirty (30) days as aforesaid, the principal of said bond, upon notice to that effect, to be given by the Trustees in their discretion and to be served in writing upon the Treasurer of the first party, shall become and be at once due and payable and shall be held and deemed to be so due and payable for the purposes of foreclosure and sale under this instrument, and for all other purposes whatever.

The trustees shall, after deducting from the proceeds of such sale the costs and expenses thereof, and of the management of said property and sufficient to indemnify and save themselves harmless from and against all liability arising from this trust, appropriate and apply so much of the proceeds of said property as may be necessary to the payment in full of the principal and interest of said bond then remaining unpaid, whether the same may then be due and payable or not, and shall restore the residue thereof to the first party, its successors and assigns.

It Is Understood and Agreed that in no case shall any claim be made under or advantage taken by the first party, its successors or assigns, of valuation, appraisement, redemption or extension laws now in force or hereafter enacted; nor any injunction or stay of proceedings be prayed for or had, or any process be obtained or applied for by it or them to prevent such entry, sale and conveyance as aforesaid.

And Further, that in case the Trustees, their survivor or successors in said trust, or assigns, shall, for any reason, omit to avail themselves of any such default as aforesaid such omission shall not prejudice or impair the rights or remedies of the Trustees, their survivors or successors in said trust, or assigns, to avail themselves of any other or further neglect or default of the first party.

Nor shall the above remedies provided for in cases of default, exclude the trustees, their survivor or successors, from any other legal or equitable remedies they may be entitled to in the premises, including the foreclosure of this indenture, by a proper proceeding in court. In case a bill shall be filed for the foreclosure hereof, by the Trustees they shall be entitled as a matter of right to the appointment of a Receiver of all the property herein conveyed, and from the proceeds of any sale under such proceedings, there shall first be paid all the expenses of such receivership and the costs of such proceeding, including compensation to the trustees and also fees of counsel and attorneys, and all other expenses and disbursements properly chargeable against the first party or the said property by reason of any default on the part of the first party in carrying out the covenants of this indenture; the residue of such proceeds to be applied to the payment in full of the principal and interest then remaining unpaid upon said bonds, and any surplus to be paid over to the first party, its successors or assigns.

And the first party, for itself and its successors, hereby agrees to execute and deliver any further reasonable and necessary conveyance and assignment of said premises, or any part thereof, to the Trustees, their survivor

or successors in said trust, or assigns which counsel of the Trustees at any time may advise, for the more effectually vesting the title to the property hereby granted or intended to be conveyed, in the Trustees, their survivor or successors and assigns: and for the more fully carrying into effect the objects and purposes of these presents.

The trustees herein, and their successors, shall at all times have full power and authority to be exercised in their own discretion, and not otherwise, to release or convey to any party or parties who may be designated in writing by the first party to receive the same, or to release from the lien or operation of this indenture, in such other manner as the trustees may deem proper, any portion of the premises hereby granted appurtenant to said railroad, but which, in the opinion of the trustees, shall be unnecessary for use in connection therewith, and also to release and convey on like request, any lands, not occupied by the track, which may become disused by reason of a change of the location of any station house, or other building connected with said railroad, and such lands occupied by the track adjacent to such station house, depot, or other building, as the first party may deem it expedient to disuse or abandon by reason of such change.

Provided, That any lands or other property acquired by the first party in substitution of the lands so released and so conveyed shall immediately become subject to the lien and operation of this indenture, or the proceeds of sale of any property, so disused, shall be paid over to the trustees, if they so request, to be applied upon the bond hereby secured, or to be held by them as a part of a sinking fund for the ultimate payment of such bond, and to be invested, in their discretion, for that purpose.

It Is Hereby Also, Mutually Agreed and Understood, that it shall be lawful for the first party, its successors and assigns, to retain possession of said property hereby conveyed, and to receive and dispose of the current revenues of said railroad, branches, and property hereby conveyed, as it or they shall deem proper, until default shall be made in the payment of the principal or interest of the bond hereby secured, or some part thereof, or taxes and assessments that may be lawfully levied or assessed upon said railroad, branches and property connected therewith, as they shall respectively become due and payable.

And that upon full and final payment of the principal and interest of said bond, issued under and secured by this instrument, the estate hereby granted to the Trustees shall be void, and the right and title to the premises and property hereby conveyed shall revert to and revest in the first party, its successors and assigns, without any acknowledgment of satisfaction, re-conveyance, re-entry or other act.

And Further that the bond issued under and secured by this indenture, and the proceeds thereof, shall be used for and appropriated to the objects and purposes herein contemplated. And said bond shall at any time be certified by the Trustees, their survivor or successors in said trust or assigns, upon the written application of the first party, expressed through a resolution of its Board of Directors, adopted at a regular meeting or a special meeting called for that purpose.

It Is Further Mutually Agreed that the Trustees, their survivor and successors in said trust, or assigns, shall only be accountable for gross

negligence, or wilful default in the management thereof, and shall not be responsible for the acts of each other to which they do not severally assent, nor for the acts of any agent employed by them, when such agent shall have been selected with reasonable discretion.

And that the Trustees, their survivor or successors in said trust, and assigns, shall be entitled to reasonable compensation for their labor, services and expenses in the management of said trust.

And Further, that whenever a vacancy among the Trustees, or their successors, shall occur by death, resignation or inability to act, to be determined and declared by resolution of the Board of Directors of the first party, the first party by its Board of Directors shall proceed forthwith to nominate, and, with the concurrence of the remaining trustee, if there be any trustee remaining, to appoint a new trustee to fill such vacancy, by endorsing such appointment in writing on one part of this indenture, and each person so appointed shall endorse his acceptance of such appointment upon this indenture.

In Case such vacancy shall not be filled within sixty (60) days from the concurrence thereof in the manner aforesaid, the holders of said bond, secured by this mortgage and then outstanding may apply to any court in the State of Illinois having jurisdiction in the premises, to appoint a new trustee or trustees to supply such vacancy, and such trustee or trustees appointed in either manner shall become one of the parties of the second part, and vested for the purposes aforesaid with all the rights, interests or powers requisite to enable him or them to execute with the others this trust, without any further assurance or conveyance of the same. But should it be thought desirable or necessary by the counsel of the trustees, the parties hereto shall execute and deliver, or cause to be executed and delivered such releases and conveyances as counsel shall advise to be necessary.

It being further understood that the remaining trustee shall in the mean time, and until such vacancy shall be so filled, be fully empowered to execute all the provisions of this trust.

And that each and every of the stipulations and agreements herein contained shall be binding upon the successor or successors, survivor, and assigns, respectively, of the parties hereto.

The trustees hereby severally accept the trusts created by these presents.

In Witness Whereof, the said Chicago, Burlington & Northern Railroad Company, party of the first part, has caused its corporate name to be hereunto, and to four other originals, subscribed, and its corporate seal to be hereto attached by its president, and the same to be attested by its secretary; and the said parties of the second part have also hereunto, and to the four other originals, set their hands and seals, all on the day and year first above written.

AGREEMENT, February 25, 1889, Dubuque and Dunleith Bridge Company and Chicago, Burlington & Northern Railroad Company.

* * * * *

This Indenture, made this 25th day of February A. D. 1889, between the Dunleith and Dubuque Bridge Company, party of the first part, and the Chicago, Burlington and Northern Railroad Company, party of the second part,

Witnesseth: Whereas the party of the first part is the owner of a railroad bridge across the Mississippi river between the city of Dubuque, in the State of Iowa, and the town of East Dubuque, in the State of Illinois, and of a railroad track in the city of Dubuque extending from the westerly end of said bridge to the south line of Jones street:

And Whereas the party of the second part is the owner of and operating a line of railway in the State of Illinois along or near the easterly bank of

the Mississippi river, and has, by a certain indenture in writing made with the Illinois Central Railroad Company and bearing even date herewith, acquired the right to run its cars, engines and trains over certain tracks of the last-named company leading to and connecting with the easterly end of the said railroad bridge:

And Whereas the party of the second part is engaged in the transportation of passengers and freight over its said line of railway to and from the city of Dubuque, and for the more convenient transaction of such business is desirous of using the railroad bridge and track of the party of the first part for the passage of passenger and freight trains across the Mississippi river between Dubuque and East Dubuque:

Now, Therefore, In consideration of the premises and of the covenants and agreements of the said party of the second part hereinafter contained, the said party of the first part hereby grants to the party of the second part the right to use the said bridge and railroad track for the passage of its locomotive engines and passenger and freight trains to and from the city of Dubuque, subject to the terms and conditions hereinafter expressed.

Any other railroad company may be allowed to use the said bridge and railroad track for the passage of its trains upon such terms as have been, or may be hereafter, agreed upon between such company and the party of the first part.

The party of the second part shall have the right to the passage of trains over said bridge at all hours of the day and night, provided it shall not unreasonably interfere with the passage of the trains of other companies over the same; but so long as the Illinois Central Railroad Company shall continue to use the said bridge, that corporation shall have the right to arrange the time-table for each company using said bridge and track, which right shall be judiciously exercised, so as not to produce unnecessary inconvenience to the public, or to the said party of the second part.

Preference shall be given in all cases to the passage of passenger trains.

The party of the second part shall be at the expense of moving its own trains, and shall assume and pay all expenses incident thereto, including the turning of switches, and no engine or car shall be moved over said bridge or track faster than six miles an hour.

The party of the first part shall have general supervision and control of said bridge and track, and may make, from time to time, such reasonable regulations for the use thereof as it shall deem proper.

The party of the first part shall signal the trains of the party of the second part at all times of the day and night, and for that purpose shall employ skillful signalmen and other servants, and shall keep the draw closed except when open for the passage of boats.

The party of the first part shall maintain the said bridge and track, and keep the same in repair, so that trains may safely pass at all times except when the crossing shall be necessarily temporarily suspended while the bridge is, undergoing repairs, or when the draw is open for the passage of boats. In case of the destruction of the bridge by ice or flood, it shall be restored as soon as practicable by the party of the first part. If any such casualty

shall occur during the first six years of the continuance of this contract, the cost of reparation shall be borne by the party of the first part.

Accurate books of account shall be kept by the party of the first part, which shall show the taxes paid by the said party of the first part on said bridge and track, and all sums paid for maintenance, operation, renewals, repairs, betterments and additions, which books shall always be open to the inspection of the directors and officers of the party of the second part.

In consideration of the foregoing grant, the party of the second part agrees that it will pay to the said party of the first part, for the right to use said bridge and railroad track, the sum of eighteen thousand (\$18,000) per annum, payable in equal monthly installments of one thousand five hundred dollars (\$1,500) each, on or before the last day of each calendar month for that month, at the office of the party of the first part in the city of Chicago, and that, in addition thereto, it will pay such proportion of the cost of operating and maintaining the said bridge and track, including all sums paid for taxes, operation, renewals, repairs, betterments and additions, as the number of engines and cars moved across said bridge, by the party of the second part, shall bear to the whole number of engines and cars moved over said bridge by all parties using the same. An accurate account shall be kept showing the number of engines and cars moved across said bridge, which shall always be open to the inspection of the party of the second part. Monthly statements of such account shall be rendered to the party of the second part, and settlements shall be made of these expenses on or before the fifteenth (15th) day of each month.

It is understood that the sum above agreed to be paid by the party of the second part has been fixed upon by both parties for the local traffic of the party of the second part originating at or consigned to the city of Dubuque, which will pass over the said bridge; and it is hereby covenanted and agreed, that if the said party of the second part shall own or control any line of railway extending beyond the city of Dubuque, on the west side of the Mississippi river, or make any traffic alliance, or any interchange of business, with any such line of railways, the amount to be paid by the party of the second part for the use of the said bridge, shall be subject to readjustment and increase from time to time, as shall be just and reasonable. Readjustments may be demanded by either party as often as once in each year, and if, upon any such occasion, the amount to be added to the said eighteen thousand dollars per annum, on account of such new business, can not be mutually agreed upon by the parties, it shall be submitted to referees, one to be appointed by each party hereto, and the two so appointed to select a third, and the decision of said referees, or a majority of them, shall be final and binding upon both parties. Should either party fail to select and name a referee within twenty days from the time it shall have been requested in writing by the other party so to do, or should the referee chosen by such party refuse or fail to act and a substitute willing to act shall not have been selected and named before the expiration of the said twenty days, the referee selected by the party demanding the reference shall name the second referee and those two shall appoint a third. The decision of a majority of the referees so chosen shall be final and binding on the parties hereto. When any readjustment

shall have been made by agreement of the parties or by arbitration, such readjustment shall continue in force until the same shall be changed by a new agreement or arbitration.

This contract shall commence on the first day of March, A. D. 1889, and shall continue in force for six years from that date, and indefinitely thereafter, until the same shall be terminated by notice given by one party to the other, in the manner next hereinafter provided: If either party shall be desirous of terminating the said contract after the expiration of the said term of six years, and shall, at any time after three years from the first day of March, A. D. 1889, give the other party three years' previous notice in writing of such its desire and intention, and shall duly perform and observe all the covenants hereinbefore contained on the part of such party to be performed and observed up to the time of such determination, then, and in such case, at the expiration of the time mentioned in such notice, which shall not be less than three years, this indenture, and everything therein contained, shall cease and absolutely determine: Provided, always, and it is hereby agreed and declared, that neither party shall be permitted to terminate the said contract by giving the notice hereinabove provided for, so long as the indenture bearing even date herewith, made by the party of the second part with the Illinois Central Railroad Company, providing for the use of a part of that company's railroad, shall continue in force, and a notice to terminate the same shall not have been given pursuant to the provisions in that behalf therein contained.

The party of the second part further covenants and agrees, in consideration of the foregoing grant, that it will not, within three years from the date of this indenture, nor at any time thereafter, before notice shall have been given by one party to the other, for the termination of this contract agreeably to the provisions in that behalf herein contained, undertake, or promote, or in any way aid or assist in the construction of any new bridge across the Mississippi river, in the vicinity of the said city of Dubuque, or permit the authority granted to the said party of the second part, its successors and assigns, by an Act of Congress, approved July 19, 1886, and entitled, "An Act to authorize the construction of a railroad, wagon and foot passenger bridge across the Mississippi river, at or near Dubuque in the State of Iowa," to be used or exercised for that purpose; and the said party of the second part further covenants and agrees that it will cause the said Act of Congress, and the powers and authority thereby conferred, to be made over and assigned in due form of law to Alexander G. Hackstaff and J. Murray Forbes, as trustees, to be held by them in trust for the joint and equal benefit of both parties hereto, for the term of three years from the date of this indenture, and indefinitely thereafter until notice shall be given by one of the parties hereto to the other for the termination of this contract, conformably to the provisions on that subject hereinbefore contained. On such notice being given by either party the said Act of Congress and the powers and authority thereby conferred shall revert to the said party of the second part, and said trustees shall on demand execute all proper instruments to reconvey and evidence the re-transfer thereof. And it is further covenanted and agreed, that during the continuance of the said trust, neither party hereto shall part with its

interest in the said Act of Congress, or in the rights, powers and privileges thereby conferred, or make any use or disposition thereof, without the written concurrence of the other.

It is further understood and agreed and these presents are upon the express condition that if the rent or any of the money payments due to the party of the first part under the provisions of this contract, or any part thereof, shall at any time be in arrear and unpaid for sixty days after the same ought to have been paid, whether the same shall have been expressly demanded or not, and such default shall continue for thirty days, then and in such case it shall be lawful for the party of the first part, at its election, absolutely to determine this indenture by a notice in writing to be served upon the President or Secretary of the party of the second part, or any executive officer in charge of any division of its road, or left for the party of the second part at its principal business office in the city of Dubuque, and thereupon, immediately after the delivery of such notice, the said party of the first part and its railroad bridge and track hereinbefore referred to shall thenceforth be freed and discharged from all obligations created by this indenture which then remain unperformed, and thereafter in such case the said party of the second part shall neither have nor attempt to acquire the right to use the said railroad bridge and track for the passage of its trains, except with the written consent of the said party of the first part, and upon such terms as shall be mutually agreed upon by both parties hereto. And it is further mutually agreed that if this contract shall be determined by notice given by the party of the first part, pursuant to the provisions in that behalf last above set forth, at any time before the expiration of the term of six years commencing on the first day of March, A. D. 1889, the said party of the second part shall nevertheless be holden and firmly bound to pay, and shall pay to the party of the first part on demand, as liquidated damages for the failure of the said party of the second part strictly to observe the terms of this contract, a sum of money equal to the entire rent or compensation payable to the party of the first part by the preceding terms of this indenture—to be computed at the rate of eighteen thousand dollars per annum—for the whole residue of the said term of six years then unexpired.

This indenture and all the stipulations and agreements therein contained shall apply to and bind the successors and assigns of the respective parties hereto.

In witness whereof the party of the first part and the party of the second part have hereto set their respective corporate seals, and each has caused these presents to be signed by its President and attested by its Secretary on the day and year first above written.

ASSIGNMENT OF AGREEMENT, March 15, 1889, Chicago, Burlington and Northern Railroad Company to Alexander G. Hackstaff and J. Murray Forbes, Trustees.

This Indenture, made this 15th day of March A. D. 1889, between the Chicago, Burlington and Northern Railroad Company, a corporation duly organized under the laws of the State of Illinois, party of the first part, and Alexander G. Hackstaff and J. Murray Forbes, Trustees, parties of the second part,

Witnesseth:

Whereas, by a certain indenture bearing date the 25th day of February, A. D. 1889, between the Dunleith and Dubuque Bridge Company and the Chicago, Burlington and Northern Railroad Company, a copy whereof is hereto annexed, the said Dunleith and Dubuque Bridge Company did, in consideration of the covenants and agreements of the said Chicago, Burlington and Northern Railroad Company therein contained, and subject to the terms and conditions therein expressed, grant to the said Chicago, Burlington and Northern Railroad Company the right to use the railroad bridge across the Mississippi river between the city of Dubuque, in the State of Iowa, and the town of East Dubuque, in the State of Illinois, and the railroad track in the city of Dubuque, extending from the westerly end of said bridge to the south line of Jones street, belonging to the said Dunleith and Dubuque Bridge Company, for the passage of the locomotive engines and passenger and freight trains of the said Chicago, Burlington and Northern Railroad Company to and from the city of Dubuque:

And Whereas, in and by the said indenture, the said Chicago, Burlington and Northern Railroad Company, in consideration of the aforesaid grant, did, among other things, covenant and agree to and with the said Dunleith and Dubuque Bridge Company that it would not within three years from the date of the said indenture, nor at any time thereafter, before notice should have been given by one party to the other for the termination of the said contract, agreeably to the provisions in that behalf therein contained, undertake or promote, or in any way aid or assist in the construction of any new bridge across the Mississippi river in the vicinity of the said city of Dubuque, or permit the authority granted to the said Chicago, Burlington and Northern Railroad Company, its successors and assigns, by an Act of Congress approved July 19, 1886, entitled, "An Act to authorize the construction of a railroad, wagon and foot-passenger bridge across the Mississippi river at or near Dubuque, in the State of Iowa," to be used or exercised for that purpose, and that it would cause the said Act of Congress, and all the powers and authority thereby conferred to be made over and assigned in due form of law to Alexander G. Hackstaff and J. Murray Forbes as Trustees, to be held by them in trust for the joint and equal benefit of the said Dunleith and Dubuque Bridge Company, and the said Chicago, Burlington and Northern Railroad Company for the term of three years from the date of the said indenture, and indefinitely thereafter, until notice should be given by one of the parties thereto to the other for the

termination of the said contract conformably to the provisions on that subject therein contained:

Now, therefore, in compliance with the said covenant, and in consideration of the premises and the sum of one dollar by the said parties of the second part hereto in hand paid to the said party of the first part, the said party of the first part does hereby assign, transfer and set over to the said parties of the second part, their successors and assigns, the said Act of Congress approved July 19, 1886, entitled, "An act to authorize the construction of a railroad, wagon and foot passenger bridge across the Mississippi river at or near Dubuque, in the State of Iowa," and all the rights, powers, privileges and authority thereby conferred, to be held by them in trust for the joint and equal benefit of the said Dunleith and Dubuque Bridge Company and the said Chicago, Burlington and Northern Railroad Company for the term and to and for the uses and purposes and upon the conditions in the said indenture of February 25, 1889, set forth and declared, that is to say, for the term of three years from the date of the said indenture and indefinitely thereafter, until notice shall be given by one of the parties thereto to the other for the termination of the contract therein contained, conformably to the provisions on that subject therein expressed, which said provisions are as follows, to wit:

"This contract shall commence on the first day of March, A. D. 1889, and shall continue in force for six years from that date, and indefinitely thereafter, until the same shall be terminated by notice given by one party to the other, in the manner next hereinafter provided: If either party shall be desirous of terminating the said contract after the expiration of the said term of six years, and shall, at any time after three years from the first day of March, A. D. 1889, give the other party three years' previous notice in writing of such its desire and intention, and shall duly perform and observe all the covenants hereinbefore contained on the part of such party to be performed and observed up to the time of such determination, then, and in such case, at the expiration of the time mentioned in such notice, which shall not be less than three years, this indenture, and everything therein contained, shall cease and absolutely determine: *Provided, always*, and it is hereby agreed and declared, that neither party shall be permitted to terminate the said contract by giving the notice hereinabove provided for, so long as the indenture bearing even date herewith, made by the party of the second part with the Illinois Central Railroad Company, providing for the use of a part of that Company's railroad, shall continue in force, and a notice to terminate the same shall not have been given pursuant to the provisions in that behalf therein contained."

Upon such notice being given by either party to the said indenture, but not before, the said Act of Congress and all the rights, powers, privileges and authority thereby conferred shall revert to the said party of the first part, and the said parties of the second part shall, on demand, execute all proper instruments to reassign and evidence the retransfer thereof.

In Witness Whereof the said party of the first part has caused its corporate seal, attested by its Secretary, to be hereto affixed, and these presents

to be signed, acknowledged and delivered by its President the day and year first above written.

Chicago, Burlington and Northern Railroad Company,

DEED, February 25, 1889, Illinois Central Railroad Company and Chicago, Burlington and Northern Railroad Company.

* * * * *

This Indenture, made this 25th day of February, A. D. 1889, between the Illinois Central Railroad Company, party of the first part, and the Chicago, Burlington and Northern Railroad Company, party of the second part, both corporations organized under the laws of the State of Illinois,

Witnesseth: Whereas the party of the first part owns and operates a line of railroad, extending southeasterly towards Chicago from the east end of

the railroad bridge over the Mississippi River, known as the Dunleith and Dubuque bridge, in Jo Daviess county, Illinois, and the party of the second part owns and operates a railroad extending from the city of Fulton, in Whiteside county, Illinois, northerly to a point on the Illinois Central Railroad, in the county of Jo Daviess, at the west end of what is known as Portage Curve; which road connects with and is operated in connection with a line of railroad extending from the State line between Illinois and Wisconsin to St. Paul in the State of Minnesota:

And, whereas, in making its said connection the party of the second part used a portion of the right of way of said party of the first part between Second street, in East Dubuque, and Portage Curve, to which it is unable to acquire title, and by a deed bearing even date herewith has conveyed to the party of the first part all its railroad tracks constructed between said last named points:

Now, therefore, in order to make such connection complete and to obtain a connection with and the use of the Dubuque and Dunleith bridge, and in consideration of the premises the parties hereto covenant and agree with each other as follows:

First.—The party of the first part hereby grants unto the party of the second part the right to connect its said railroad and to maintain connections of its said railroad with the railroad of the party of the first part at the said Portage Curve, and also in East Dubuque, and to run its cars, engines, and trains over the tracks of the party of the first part between said point of junction and Second street, in the city of East Dubuque. The right hereby granted shall extend to the use of both of the main tracks of the said party of the first part and the adjacent side tracks and switches appurtenant thereto and used for side-tracking for the purpose of meeting and passing trains, and shall be exercised and enjoyed in common with the party of the first part and such other railroad company or companies as the said party of the first part may permit to use the railroad tracks above described. But nothing herein contained shall be so construed as to prevent the party of the first part from readjusting its tracks as the necessities of business or convenience may from time to time require, provided that the convenient use of the said tracks shall always be preserved to the said party of the second part.

Second.—The party of the first part also grants unto the party of the second part the right to lay down and maintain on the grounds of the party of the first part in East Dubuque, between Second street and a point five hundred and fifty (550) feet north of the center line of the Jack-Knife Draw, so called, certain tracks for its separate use, to be laid and maintained as shown upon the plat hereto attached, marked "Exhibit A." But it is distinctly understood and agreed that the party of the first part shall have the right to make such connections of its tracks with every track so laid or used by the party of the second part, and to put in and maintain such crossing frogs and fixtures over or upon the same, for the use and accommodation of the party of the first part and its tenants or licensees as the said party of the first part shall deem proper; but said connections and crossings shall not be used so as to unnecessarily embarrass or hinder the

movement of engines and trains upon the main track of the party of the second part. The party of the second part shall also be entitled to the joint use, in common with the party of the first part and such other railroad company or companies as the party of the first part may admit to the use of the same, of the tunnel and tunnel track leading to the east end of the Dunleith and Dubuque bridge, and the station house, the engine house and its appurtenances, and the side tracks in the yard or station grounds at East Dubuque belonging to the said party of the first part, except the tracks adjacent to the grain elevator and the two river warehouses of the party of the first part, and used in connection therewith: Provided, however, that if the said party of the first part shall hereafter desire to remove the said engine house and its appurtenances it shall be at liberty to do so upon giving the party of the second part ninety days' notice in writing of such its intention, and at the expiration of such notice the right of the said party of the second part to the joint use of the said engine house shall cease. If any additional tracks shall be required for the use of the party of the second part between Second street and the point above mentioned, five hundred and fifty (550) feet north of the centre line of the Jack Knife Draw, all matters relating thereto shall be settled by mutual agreement of the parties hereto; but no new track shall be laid without the consent and approval of the party of the first part. It is understood that the tracks at the Jack-Knife Draw shall be rearranged, if practicable, so as to dispense with the said Jack-Knife Draw, but this change, if made, shall be in conformity to plans approved by both parties hereto and at their joint expense.

Third.—The party of the first part shall, at its own expense, within six months from the date hereof, and as much sooner as practicable, reduce the gradients of its original or easterly main track between Portage Curve and East Dubuque, so that the party of the second part can run its usual and customary freight trains over the same without the use of an auxiliary engine, if it shall appear that the present gradients are such as to prevent its engines from hauling the trains usually hauled on the tracks of the party of the second part south of Portage Curve and north of East Dubuque between Savanna and St. Paul. Connections are to be made at Portage Curve and in East Dubuque suitable for the operation by both parties of a double-track railroad between those points, and for the convenient passage of all trains through East Dubuque and through the tunnel to the Dunleith and Dubuque bridge.

Fourth.—The cars, engines, and trains of the party of the second part shall be run over and upon the tracks and the portion of said railroad so to be used in common, under and according to the orders and directions of the party of the first part, to be given through its officers, agents, and servants, but such orders and directions shall be reasonable, and afford the said party of the second part fair and ample privileges for the prompt and efficient movement of its cars, engines and trains. Trains of the same class belonging to any party entitled to the use of the said railroad shall be moved and run over said tracks on an equal footing and without discrimination. Passenger trains shall in all cases have priority over freight trains. The officers, agents, and servants of the party of the first part, authorized by it to give

orders and directions for the movement over the portion of road referred to of cars, engines, and trains, shall be deemed employes of both parties, to the extent that the party of the first part shall not be responsible for any damage, injury, or loss of any kind, caused by their negligence in giving, or failing to give, such orders and directions to the party of the second part, or employes on its trains; neither shall the party of the first part be liable to the party of the second part for any loss, injury, or damage caused by defects in the railroad or appliances used in common under this contract; provided, however, that upon the request in writing of the manager of the party of the second part, and for good and sufficient cause, any such employe shall be discharged by the party of the first part and not thereafter employed upon that part of the road except with its consent.

Fifth.—The party of the second part shall have the right to maintain for its own use and operate the several railroad tracks and switches heretofore laid or constructed by it and now situated upon the strip of ground belonging to the party of the first part lying between the Mississippi River and the bluff, and extending from the point hereinabove mentioned, situated five hundred and fifty (550) feet north of the Jack-Knife Draw, to a point about three hundred (300) feet south of the Wisconsin State line, as shown upon the map hereto annexed, marked "Exhibit B." But in case the party of the first part should hereafter determine to extend its line of railroad northerly from East Dubuque, along the east bank of the Mississippi River, or should it become interested in any line of railroad to be built from East Dubuque northerly along the east bank of the Mississippi River, it is distinctly understood and agreed that a roadway thirty (30) feet wide upon and along the westerly side of the strip of ground above described, may be occupied, and the same is hereby excepted and reserved by the party of the first part for that purpose; and the said party of the second part shall, within six (6) months after service of notice so to do, remove from the said roadway so reserved any track or tracks or other works or structures it may have thereon, and shall thereafter be restricted to the use and occupation of the residue of the above-described strip of ground lying between the said roadway so reserved and the bluff: Provided, that if the right to use the tracks of the said party of the second part for the purposes above indicated can be secured on satisfactory terms, the party of the first part may, at its option, waive the specific enforcement of the rights reserved in this article for such length of time as may be agreed upon, and shall not be precluded thereby from afterwards demanding such strict enforcement, if it shall so elect. It is also mutually understood and agreed that if at any time or times the passage of trains across the Dunleith and Dubuque bridge shall be interrupted, the party of the first part shall have the right, for itself, its tenants and licensees, while such interruption shall continue, to use jointly with the said party of the second part the graded incline now existing, together with the tracks necessary to the use thereof, north of the said bridge, to aid in and expedite the transfer of its engines and cars by boat across the river.

Sixth.—The party of the second part agrees to pay to the party of the first part, as rent or compensation for the rights and privileges hereinbe-

fore granted, the sum of twenty-one thousand dollars (\$21,000) per annum, payable in equal monthly installments of seventeen hundred and fifty dollars (\$1,750) each, on or before the last day of each calendar month for that month, at the office of the party of the first part in Chicago, Illinois, in addition to its proportion of the cost of maintenance, renewals and repairs, as hereinafter provided.

Seventh.—The party of the first part agrees to keep the double-track railroad used in common hereunder, and all its appurtenances and accessories, in good condition and repair; to keep accurate accounts of the cost and expense thereof, and of all taxes and special assessments assessed upon the property used in common, of the cost of policing the same, and of the joint station expenses at East Dubuque, and monthly, on or about the tenth (10th) day of each month, to render to the party of the second part a detailed statement of such costs and expenses for the preceding month, together with the total mileage and wheelage over the road so used in common of all parties using the same during the preceding month. The party of the second part agrees to return to the party of the first part at its office in Chicago, on or about the fifth (5th) day of each month, a true statement of its mileage and wheelage for the preceding month over the road so used in common, and to pay to the party of the first part, on the fifteenth (15th) day of each month, at its office in Chicago, such a proportion of said costs and expenses for the preceding month as the number of wheels per mile run over or upon such road, or any part thereof, by the party of the second part during such preceding month bears to the whole number of wheels per mile run over said road, or any part thereof, during the same month by all parties using the same. All tracks, sidings, and switches set apart for the separate and exclusive use of the party of the second part shall be maintained and kept in repair by the party of the second part at its sole cost and expense.

Eighth.—Should any additional side tracks or other permanent improvements be provided for the common use of the parties hereto, the party of the second part shall pay to the party of the first part, in addition to the rent or compensation hereinbefore provided, three per centum per annum, upon the cost of such additions and improvements, payments to be made monthly on the last day of each month, as provided in the sixth article.

Ninth.—This contract shall commence on the first day of March A. D. 1889, and shall continue in force for six years from that date, and indefinitely thereafter until the same shall be terminated by notice given by one party to the other in the manner next hereinafter provided. If either party shall be desirous of terminating the said contract after the expiration of the said term of six years, and shall at any time after three years from the first day of March A. D., 1889, give the other party three years' previous notice in writing of such its desire and intention, and shall duly perform and observe all the covenants hereinbefore contained on the part of such party to be performed and observed up to the time of such determination, then and in such case, at the expiration of the time mentioned in such notice, which shall not be less than three years, the preceding articles of this indenture and everything therein contained shall cease and absolutely determine: Provided, always, and it is hereby agreed and declared, that neither party shall

be permitted to terminate the said contract by giving the notice provided for in this article so long as the contract bearing even date herewith made by the party of the second part with the Dunleith and Dubuque Bridge Company, providing for the use of that company's bridge shall continue in force, and a notice to terminate the same shall not have been given pursuant to the provisions in that behalf therein contained.

Tenth.—It is further understood and agreed, and these presents are upon the express condition, that if the rent, or any of the money payments due to the said party of the first part under the provisions of this contract, or any part thereof, shall at any time be in arrear and unpaid for sixty days after the same ought to have been paid, whether the same shall have been expressly demanded or not, or if the said party of the second part shall at any time fail or neglect to perform and observe any of the covenants, conditions or agreements contained in this indenture, and on its part to be performed and observed, and such default shall continue for thirty days, then and in such case it shall be lawful for the party of the first part, at its election, absolutely to determine this indenture by a notice in writing, to be served upon the President or Secretary of the party of the second part, or any executive officer in charge of this division of its road, or left for the said party of the second part at its principal business office in Chicago, Illinois; and thereupon, immediately after the delivery of such notice, the said party of the first part and its railroad and railroad property hereinbefore referred to, shall thenceforth be freed and discharged from all obligations created by this indenture which then remain unperformed. And it is further mutually agreed that if this contract shall be determined by notice given by the party of the first part pursuant to the foregoing provisions of this article at any time before the expiration of the term of six years, commencing on the first day of March, A. D., 1889, the said party of the second part shall nevertheless be holden and firmly bound to pay, and shall pay, to the party of the first part on demand, as liquidated damages for the failure of the said party of the second part strictly to observe the terms of this contract, a sum of money equal to the entire rent or compensation payable to the party of the first part by the terms of the sixth article of this indenture for the whole residue of the said term of six years then unexpired.

Eleventh.—In case this contract shall be terminated by notice given by either party pursuant to the provisions of the ninth article of this indenture, the party of the first part agrees to reconvey to the party of the second part so much of the railroad conveyed by the party of the second part to the party of the first part, by deed bearing even date herewith, as lies beyond the limits of the road or right of way of the party of the first part, between East Dubuque and Portage Curve—the same being in some places one hundred (100) feet, and in others two hundred (200) feet, in width—as the same was laid out and held prior to the first day of September, A. D. 1885: Provided, the said party of the second part shall first, and before the termination of the said contract, at its own cost and expense, prepare the bed for a new railroad track along the westerly side of the present easterly main track of the party of the first part and upon a level with it, and construct thereon a new railroad track for the said party of the first part, to take the

place of that which shall be reconveyed to the party of the second part; and the right is hereby granted to the party of the second part to construct such new road-bed so far as practicable on the right of way and land of the party of the first part, without cost to the party of the second part for the land so used. All filling and grading and ditching, all bridges and culverts, and all material of every kind required for the construction of said new road-bed and track, and its suitable protection where exposed to the action of water, including earth, stone, timber, iron, steel, steel rails, ties and ballast, must be done, provided and furnished by the party of the second part at its own cost and expense. All materials used in the work must be new and the best of their respective kinds, and both the materials and workmanship such as are required in the construction of railroads of the first class. Should the party of the second part give the notice provided herein, and decide to construct for its own use a new line of road between Portage Curve and the Wisconsin State line, it shall have the right to construct and throw out not exceeding five switches, switch-tracks and connections to facilitate the work of construction at any place between East Dubuque and Portage Curve, the same to be removed before this contract expires; and this indenture and everything therein contained, shall be without prejudice to any right the party of the second part may now have to construct an independent line, and to resort to the exercise of the right of eminent domain in the manner provided by law for the purpose of acquiring the necessary land on which to construct a road between Portage Curve and the Wisconsin State line; but this provision shall not preclude the party of the first part from contesting the existence of any right to appropriate any part of its right of way or other property, or from resisting any condemnation proceeding which may be commenced for that purpose by the party of the second part.

Twelfth.—This contract shall be construed liberally so as to perfect and to secure each party the privileges and benefits herein provided or manifestly intended; and if any question as to the proper construction of any of the provisions herein contained or any difference as to any act or duties claimed to be involved in the performance hereof shall arise, if the same can not be amicably adjusted by and between the parties it may be submitted to referees to be chosen in the manner following: The party demanding the reference shall serve upon the other party a notice of such demand, stating the question upon which it demands the judgment of the referees, and the name of one referee by it chosen. The party so notified shall, within ten days after receiving such notice select a second referee and notify the other party thereof in writing. The referees so selected shall, within a reasonable time meet and select a third referee and fix a time and place for hearing the parties of which they shall be notified in writing. If any referee shall fail or refuse to act, the party by whom he was chosen shall select another to act in his place. The award of any two of said referees made after hearing the party or parties who have attended in compliance with the notice required to be given as above stated shall be final and binding on the parties, and they severally hereby expressly agree to be bound thereby.

Thirteenth.—This indenture, and all the stipulations and agreements

therein contained, shall apply to and bind the successors and assigns of the respective parties hereto.

In Witness Whereof the party of the first part and the party of the second part have hereto set their respective corporate seals, and each has caused these presents to be signed by its President and attested by its Secretary on the day and year first above written.

LEASE, March 1, 1899, Chicago, Burlington and Northern Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture of Lease made and entered into this first day of March, A. D., 1899, by and between the Chicago, Burlington & Northern Railroad Company, a corporation created, organized and existing under and by virtue of the laws of the State of Illinois, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, a corporation created, organized and existing under and by virtue of the laws of the same state, party of the second part;

Witnesseth: That Whereas, the party of the first part is the owner of and maintains a railroad extending from a point at or near the town of Oregon, in Ogle County, Illinois, westerly to the town of Savannah, in Carroll County, Illinois, and also from a point in the City of Fulton, in Whiteside County, Illinois, northerly to a connection with the above mentioned railroad at or near Savannah, and thence northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, where it makes a connection with the railroad of the Chicago, Burlington & Northern Railroad Company, a corporation of the States of Wisconsin and Minnesota, with a branch from Galena Junction to Galena, Illinois, the entire length of said first party's railroad being about one hundred and six (106) miles; and,

Whereas, the said first party has heretofore, in order to procure funds to pay for the construction and equipment of its road and other lawful purposes, been compelled to borrow large sums of money, for which it has issued its mortgage bonds, and for which it is now liable with interest; and,

Whereas, the said party of the second part owns and operates a line of railroad extending from Chicago to Oregon, to a connection at said point with the railroad of the first party: and it is believed to be for the mutual interest of the two Companies and of the public, that the said first party's railroad and property shall be leased to and operated by the second party; and,

Whereas, with this purpose in view, meetings of the respective boards of directors of said corporations have been duly and legally called and held, at which the lease and agreements herein contained were considered and acted upon, subject to ratification by the stockholders of the party of the first part; and,

Whereas, more than four-fifths of the said stockholders of the party of the first part have approved this lease in writing, as shown and indicated by their written instrument of approval hereto annexed,

Now, Therefore, this Indenture Witnesseth: That the party of the first part, the Chicago, Burlington & Northern Railroad Company, in consideration of the stipulations and agreements herein contained, to be kept and performed by the party of the second part, has granted, demised and leased, and does hereby grant, demise and lease to the said party of the second part, the Chicago, Burlington & Quincy Railroad Company, its successors and assigns, for the period hereinafter stated, all and singular its railroad above described, and extending from Oregon to Savannah, and from Fulton, via Savannah, to the boundary line between the States of Wisconsin and Illinois as above described, together with all rights of way and depot and other lands, or interests therein, belonging to or connected with the said railroad: all station houses and other buildings and structures belonging thereto or used in connection therewith, together with all fixtures and appurtenances of said railroad, together with all other property of every kind and description belonging to or appurtenant to the said railroad or any part thereof.

To Have and to Hold the said railroad, and the premises and property above mentioned and described, unto the said Chicago, Burlington & Quincy Railroad Company for the period hereinafter named.

The said party of the second part, in consideration of the premises does hereby covenant and agree with the party of the first part, its successors and assigns, to take immediate possession of the said demised railroad and other property above mentioned and described, and to keep the said railroad equipped, and to maintain and operate the same in such manner as to furnish reasonable accommodations to the public, and to pay or cause to be paid all taxes and assessments that may be lawfully charged or assessed against said railroad and property, or any part thereof, and to keep the said railroad and property and equipment in good condition and repair, and to return the same to the party of the first part at the expiration of this lease in as good condition and repair as they are at the commencement thereof.

The said party of the second part, in addition to the foregoing, and as rental for the use of the railroad and other property demised as aforesaid, agrees to pay the interest upon all the bonds issued by the party of the first part, as aforesaid and now outstanding, and the interest upon any renewals or extensions or replacements of said bonds, or any of them, as and when the several installments of the said interest mature and become due and payable: the interest coupons attached to the said several bonds being taken up and cancelled by the party of the second part as they respectively mature.

This lease shall take effect on the date hereof, and shall continue in force for the period of twenty-five (25) years from March 1st, 1899.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto, and to one other original, subscribed by their respective

Presidents, and their corporate seals to be attached and attested by their respective Secretaries, the day and year first above written.

[SEAL]

H. E. JARVIS,

Notary Public for said County and State.

DEED, June 1, 1899, Chicago, Burlington and Northern Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture, Made this first day of June, A. D. 1899, by and between the Chicago, Burlington and Northern Railroad Company, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, party of the second part, both being corporations created, organized, and existing under and by virtue of the laws of the State of Illinois, Witnesseth: That,

Whereas, The first party, being thereto duly authorized by law, is the owner of the following described railroads in the State of Illinois, to-wit:

Beginning at Oregon, in Ogle County, and extending thence north-westerly via Savanna, in Carroll County, to a point on the south boundary line of the State of Wisconsin, in Jo Daviess County, where it connects with the railroad of the Chicago, Burlington & Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota, a distance of about eighty-seven and twenty-four hundredths (87.24) miles; also extending from Savanna, aforesaid, to Fulton, in Whiteside County, a distance of about sixteen and seventy-two hundredths (16.72) miles; also a branch from Galena Junction to Galena, in Jo Daviess County, a distance of about three and eighty-two hundredths (3.82) miles; and,

Whereas, The railroads of the first party connect with the railroads of the second party, and form therewith continuous and connected lines of railroad; and,

Whereas, The second party is now in possession of and operating the said above described railroads, in connection with its own railroads, under a lease for twenty-five (25) years, and has offered to purchase the remaining interests, property, and franchises of the first party in and to said railroads, upon the terms and conditions hereinafter stated, which have been agreed to by the directors of both the said companies, and approved by the stockholders owning and holding two-thirds in amount of the capital stock of the parties of the first and second parts, in manner and form as required by law:

Now, Therefore, This Indenture Witnesseth: That the said party of the first part, for and in consideration of five dollars to it in hand paid, the receipt of which is hereby acknowledged, and other good and valuable considerations, has granted, bargained, and sold, and by these presents does grant, bargain, sell and convey, release, assign, and transfer, to the said party of the second part, all and singular the said above described rail-

roads, and all its right, title, and interest therein; together with all rights of way, road-bed, bridges, and depot and other lands, or interest therein; and all station houses and other buildings and structures of whatever kind belonging thereto; together with all the fixtures and appurtenances appertaining to the said railroads, or in any manner connected therewith; also all rights, privileges, and franchises of the said party of the first part, in and to the aforesaid railroads; together with all other present and in future to be acquired property, of every kind and description, belonging to the said first party, except its franchise to be a corporation.

To Have and to Hold, the said railroads and lands, tenements, rights, privileges, and franchises, and other property, above mentioned and conveyed, to the said second party, its successors and assigns, forever.

And the said party of the second part covenants and agrees with the said party of the first part to equip the said railroads, or cause the same to be equipped, and to maintain and operate the same in such manner as to furnish reasonable accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied, charged, or assessed upon the said railroads and property, or any part thereof; and to assume all contracts, bonds, and other obligations, of whatsoever kind, and pay and discharge all debts and liabilities, both principal and interest, of the said party of the first part, as they may severally mature; and to issue and deliver to the owners and holders of the capital stock of the first party, one share of its own capital stock for every fifteen shares of the capital stock of said first party, upon the surrender and transfer to it of such shares of the first party's stock.

And to the end that the second party may have, hold, use, exercise, and enjoy the railroads and property and franchises of the first party, hereby conveyed and intended to be conveyed, and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and, for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, all on the day and year first above written.

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY (WISCONSIN)

ARTICLES OF INCORPORATION, August 20, 1883, Winona, Alma and Northern Railway Company.

* * * * *

We, the undersigned, A. Finkelnburg, Richard R. Kempter, J. C. Traer, Chas. W. Tracy and J. W. Traer, do hereby associate ourselves together as a Corporation under the laws of the State of Wisconsin, relating to the formation of Railroad Corporations for the purpose of locating, constructing, maintaining and operating a Railroad as stated in the following Articles:

Article 1. The name of the Corporation shall be the Winona, Alma and Northern Railway Company.

Article 2. The object of the corporation is to locate, construct, maintain and operate a railroad, with all necessary warehouses, wharfs and appurtenances from a point on the East bank of the Mississippi River in Buffalo County, State of Wisconsin, nearly opposite the City of Winona, in the State of Minnesota to the City of Menominee in the County of Dunn, State of Wisconsin, with a lateral branch from some point on such main line westward to and into the State of Minnesota.

Article 3. The length of said Railroad and Branch will be one hundred and twenty-five (125) miles located in the Counties of Buffalo, Pepin, Dunn, St. Croix and Pierce.

Article 4. The principal office of said Company shall be at Alma in Buffalo County, Wisconsin, but meetings of the Board of Directors may be held, and branch offices may be established in the States of Iowa, Illinois and Minnesota or either of them.

Article 5. The Capital Stock of the corporation shall be five hundred thousand dollars (\$500,000) divided into five thousand shares (5000) of one hundred dollars (\$100) each.

Article 6. Until the first annual meeting after the organization of said Company, the affairs of the Company shall be managed by a board of five Directors, who shall select a President and Vice President from their number and may appoint a Treasurer and Secretary and such other officers as they shall by their by-laws prescribe.

The names and residences of the directors herein referred to are as follows: A. Finkelnburg, Fountain City, Buffalo County, Wisconsin; Richard R. Kempter, Alma, Buffalo County, Wisconsin; J. C. Traer, Vinton, Iowa; Chas. W. Tracy, Oskaloosa, Ia.; J. W. Traer, Cedar Rapids, Iowa.

Article 7. The Board of Directors of said Company shall by their by-laws prescribe the time for holding the annual meetings of said Company and the number of its Directors.

In witness whereof we the above named Directors have hereunto subscribed our names and residence and the number of shares we have severally agreed to take of the Capital Stock of said Corporation this 20th day of August 1883.

A. Finkelnburg, Fountain City, Buffalo County, Wisconsin, Five (5) shares, Richard R. Kempter, Alma, Buffalo County, Wisconsin, Five (5) shares, J. C. Traer, Vinton, Iowa, Ten (10) shares, Chas. W. Tracy, Oska-loosa, Iowa, Ten (10) shares, J. W. Traer, Cedar Rapids, Iowa, Twenty (20) shares.

STATE OF WISCONSIN,
BUFFALO COUNTY.

We, A. Finkelnburg, Richard R. Kempter and J. C. Traer, being severally first duly sworn on our oaths say, that we are three of the directors named in, and who have signed the foregoing Articles of Incorporation, that the signatures affixed to said Articles are the genuine signatures of the individuals purporting to have executed said Articles of organization, that it is the intention in good faith to construct, maintain and operate the railroad therein mentioned.

J. W. DEGROFF,
Clerk of Circuit Court

STATE OF WISCONSIN,
BUFFALO COUNTY.

We, J. W. Traer, President and Glenn W. Traer, Secretary of the Winona, Alma and Northern Railway Company, do hereby certify that we have carefully compared the above copy of Articles of Incorporation of said Company with the original now on file and of record in the office of said Company, and that the same is a true and correct copy of said Articles of incorporation and of the whole thereof.

Witness our hands this 14th day of November, 1883.

GLENN W. TRAER,
Secretary.

J. W. TRAER,
President

Resolved: That the Winona, Alma and Northern Railway Company extend its road from the original initial point in the State of Wisconsin, opposite the City of Winona, Minnesota to a point on the south line of said state of Wisconsin, at or near and into the city of Dunleith, in the State of Illinois, with a branch or branches from any point of said line southeasterly to and into the State of Illinois. The length of which extension will be one hundred and seventy five miles and the same is intended to be

made through the Counties of Trempealeau, LaCrosse, Vernon, Crawford and Grant in the State of Wisconsin, and the length of such branch being one hundred and twenty five miles and the same is intended to be made through the counties of Richland, Iowa, LaFayette and Green Counties, in the State of Wisconsin.

Resolved: That the above resolution be entered in the record of the proceedings of said Railway Company and that a copy of such record, certified by the President and Secretary of said Company, be filed and recorded in the office of the Secretary of State as provided by law. Dated this 15th day of October 1883, and signed by the Directors of said Company.

J. W. TRAER, Cedar Rapids, Iowa.

A. FINKELNBURG, Fountain City, Wis.

RICHARD R. KEMPTER, Alma, Wis'n.

CHAS. W. TRACY, Oskaloosa, Iowa

PATENT, August 21, 1883, Winona, Alma and Northern Railway Company.

* * * * *

RAILROAD PATENT

STATE OF WISCONSIN

To All to Whom these Presents shall Come,

Greeting:

Whereas, August Finkelnburg, Richard R. Kempter, J. C. Traer, Charles W. Tracy, and J. W. Traer have filed in the Office of the Secretary of State, certain Articles of Association, with a view to forming a Corporation to be known as The Winona Alma and Northern Railway Company, with a capital of Five hundred thousand dollars (\$500,000.00), for the purpose of constructing, maintaining and operating a Railroad from a point on the east bank of the Mississippi river in Buffalo County, State of Wisconsin, to the city of Menomonie in the county of Dunn State of Wisconsin, with a branch

from some point on such main line, to and into the State of Minnesota, and having complied with the provisions of the statutes in such case made and provided; *Therefore* the State of Wisconsin does hereby grant unto the above named persons, and their successors and assigns, full authority by and under the said name of The Winona Alma and Northern Railway Company to exercise the powers and privileges of a corporation, for the purposes above stated, and in accordance with their said Articles of Association and the laws of this State.

In Witness Whereof, These presents have been attested with the Great Seal, and signed by the Governor and countersigned by the Secretary of the State of Wisconsin, at Madison the twenty first day of August, in the year one thousand eight hundred and eighty three.

[SEAL]

J. M. RUSK,

Governor.

ERNST G. TIMME,

Secretary of State.

DEED, October 12, 1885, Winona, Alma and Northern Railway Company to Chicago, Burlington and Northern Railroad Company.

* * * * *

This Agreement made and entered into this twelfth day of October, A. D. 1885, by and between the Winona, Alma and Northern Railway Company, party of the first part, and the Chicago, Burlington and Northern Railroad Company, party of the second part,

Witnesseth: Whereas, the said first party is authorized to build a railroad from a point on the state line between the States of Illinois and Wisconsin, in Grant County, near Dunleith in the State of Illinois, thence northerly to a point on the state line between the States of Wisconsin and Minnesota in Pierce County, Wisconsin, near the town of Prescott in said County, the said line passing into and near the towns of Prairie du Chien, La Crosse and Alma as places upon its line, and into and through the following counties of the State of Wisconsin, to-wit: Grant, Crawford, Vernon, La Crosse, Trempealeau, Buffalo, Pepin and Pierce, and

Whereas said first party has definitely located its said line in the following Counties by filing maps of its route therein, to-wit: Grant, Crawford, Vernon, La Crosse, Trempealeau, Buffalo, Pepin, Pierce and St. Croix: and

Whereas, the said first party in pursuance of its charter to build a railroad has procured and acquired along said line by voluntary conveyance or by condemnation, valuable rights of way and grants of land for depot and track purposes and other uses, and has done a large amount of grading, bridging and other construction work upon said line, and has acquired iron, ties and lumber for bridges and other material for its said line and tools for its use, and has made contracts for rights of way and for construction, and has instituted proceedings for acquiring further rights of way under the Statute, some of which proceedings are now pending, and

Whereas, the first party being without ready money to build its road or pay for said property, has agreed to issue and has issued to the persons who

have performed work and advanced money to pay for material and for rights of way and other property, certificates of its capital stock and agreements to issue and deliver to them its bonds secured by first mortgage, which certificates for stock and bonds are now outstanding in the hands of its creditors and amount in the aggregate to \$755,328.43, and

Whereas, said first party finds itself unable to procure further advances or means to proceed with said work, and in consequence has been compelled to suspend the same with prospect of an entire abandonment of the enterprise, and

Whereas, the second party has procured a patent from the State of Wisconsin for a railroad between the same points and termini and through the same counties and places above described, and is possessed of ample means to prosecute and complete the same and to operate said railroad for the benefit of its stockholders and the public, and has offered to purchase the said property, and

Whereas the second party by reason of its connections with railroads being constructed in the States of Minnesota and Illinois will be able to make said line in the State of Wisconsin above described part of a valuable through line between St. Paul, Minnesota and the cities of Chicago and St. Louis.

Now Therefore, in consideration of the sum of \$755,328.43 payable as hereinafter specified, and at the request of all the stockholders of the first party and of all its creditors holding said certificates, the following several covenants and agreements of sale are made, to-wit:—

First. The first party sells, assigns and transfers to the second party all that portion of its railroad above mentioned and described in the counties, through the places and between the termini named, and all its property, rights and franchises of every description connected therewith, including all rights of way and all contracts therefore, with full power of substitution of the second party in all condemnation proceedings for right of way pending or necessary to be instituted upon or along said line; also all grading, embankments, track or tracks, bridges and culverts, and all work and material of every kind, and all contracts and agreements relating thereto or to the construction of that portion of the line as indicated, and all agreements with other Railroad Companies for connection or for joint use of tracks or right of way, or depot grounds or other facilities: also all rights to build bridges over navigable streams or otherwise, procured from the United States Government or other authority: and the first party agrees to execute and deliver a formal deed of conveyance of said property or any portion thereof, and in addition thereto will execute and deliver any other deed, agreement, conveyance assignment or transfer that may be found necessary or that counsel may advise as necessary to fully invest said second party with said property and rights and the possession and use thereof.

Second. The second party agrees to take possession of all that part of the railroad and property of the first party above described and to construct and complete a railroad upon said route with connections in Minnesota and Illinois as aforesaid, and in payment therefor it agrees to issue to the creditors or stockholders of the first party, to-wit: the holder of certificates for stock and bonds of the first party above mentioned, its own certificates

of like amount and similar form entitling the holders thereof to the stock of the second party and to its bonds secured by first mortgage upon all its railroad in the State of Wisconsin.

In witness whereof, the said parties have caused their corporate names to be hereto subscribed by their respective Presidents with the corporate seals attached, the day and year first above written. J. W. TRAER,

[SEAL] *President of the Winona, Alma and Northern*
Attest: *Railway Company.*

L. O. GODDARD,

Secretary of the Winona, Alma and Northern
Railroad Company.

Secretary of the Chicago, Burlington and Northern
Railroad Company.

ARTICLES OF ORGANIZATION, August 26, 1885, Chicago, Burlington and Northern Railroad Company [Wisconsin].

* * * * *

We, the undersigned, W. H. Holcomb, R. C. Brundage, W. B. Lawson, J. W. Traer, John Brindley, G. W. Traer, and J. J. Fruit, hereby associate ourselves together to form a corporation under the laws of the state of Wisconsin for the purpose of locating, constructing, maintaining and operating a railroad, and telegraph lines in connection therewith, as stated in the following articles:

Article 1.—The name of the corporation is to be the Chicago, Burlington & Northern Railroad Company.

Article 2.—The railroad of this corporation with all necessary appurtenances, and with telegraph lines in connection therewith, is to be constructed, maintained and operated from a point on the south boundary line of the State of Wisconsin, in Grant County, at or near the City of Dunleith in the State of Illinois, northerly to a point on the west boundary line of the State of Wisconsin in or near the town of Prescott on the St. Croix River in Pierce County, there to connect with a railroad constructed or to be constructed in the State of Minnesota.

Article 3.—The length of said railroad will be two hundred and twenty-five miles, and the following are the names of the counties through or into which the said railroad is made or intended to be made, to wit:—Grant, Crawford, Vernon, La Crosse, Trempealeau, Buffalo, Pepin, and Pierce. Should it be found that any line of railroad already located and constructed or in process of construction in or through any of the above named counties can be purchased or used by this company as and for a part of its line, then it is proposed to construct only so much of the line above described as may be necessary together with the line so purchased or used to complete said railroad and form a continuous line of railroad upon the route and between the termini above mentioned.

Article 4.—The capital stock of the corporation will be \$4,500,000., consisting of forty-five thousand shares of one hundred dollars each.

Article 5.—The following are the names and residences of the directors of the corporation who shall manage its affairs for the first year and until others are chosen in their places:— W. H. Holcomb, R. C. Brundage, W. B. Lawson, J. W. Traer, John Brindley, G. W. Traer, and J. J. Fruit, all of La Crosse, in La Crosse County, State of Wisconsin.

In witness whereof, we, the persons above named as corporators and directors, hereunto subscribe our names and places of residence and the number of shares we severally agree to take of the capital stock of said corporation, on this twenty-sixth day of August, A. D., 1885.

J. W. TRAER	Cedar Rapids, Iowa	Five Shares
W. H. HOLCOMB	La Crosse, Wis.	Five Shares
R. C. BRUNDAGE	La Crosse, Wis.	Five Shares
W. B. LAWSON	La Crosse, Wis.	Five Shares
GLENN W. TRAER	La Crosse, Wis.	Five Shares
J. J. FRUIT	La Crosse, Wis.	Five Shares
JOHN BRINDLEY	La Crosse, Wis.	Five Shares

We, W. B. Lawson, R. C. Brundage, and Glenn W. Traer, being severally first duly sworn, on our oath say, that we are three of the directors named, and who have signed the foregoing articles of association; that the signatures fixed to the said articles are the genuine signatures of the individuals purporting to have executed said articles of organization, and that it is the intention in good faith to construct, maintain and operate the railroad therein mentioned.

R. C. BRUNDAGE,
W. B. LAWSON,
GLENN W. TRAER.

Subscribed and sworn to before me this 26th day of August, 1885.

PATENT, August 28, 1885, to Chicago, Burlington and Northern Railroad Company (Wisconsin).

UNITED STATES OF AMERICA

THE STATE OF WISCONSIN

DEPARTMENT OF STATE

To All to Whom These Presents shall Come:

I, Fred R. Zimmerman, Secretary of State of the State of Wisconsin and Keeper of the Great Seal thereof, do hereby certify that the annexed copy of railroad patent, issued to Chicago, Burlington and Northern Railroad Company has been compared by me with the record on file in this Department and that the same is a true copy thereof, and of the whole of such record.

In Testimony Whereof, I have hereunto set my hand and affixed the Great Seal of the State at the Capitol, in the City of Madison, this eighth day of November, A. D. 1926.

[SEAL]

FRED R. ZIMMERMAN,
Secretary of State.

THE STATE OF WISCONSIN

To All to Whom These Presents shall Come, Greeting:

Whereas, W. H. Holcomb, R. C. Brundage, W. B. Lawson, J. W. Traer, John Brindley, G. W. Traer and J. J. Fruit have filed in the Office of the Secretary of State, certain Articles of Organization, with a view to forming a corporation, to be known as Chicago, Burlington and Northern Railroad Company, and with a capital of four million five hundred thousand (\$4,500,000) dollars, for the purpose of constructing, maintaining and operating a Railroad from a point in Grant County Wis, at or near Dunleith, Illinois, northerly to or near Prescott, Wis, to connect with a railroad constructed or to be constructed, in the State of Minnesota, and have complied with the provisions of the Statutes in such case made and provided:

Therefore, The State of Wisconsin hereby grants unto the above named persons, and their associates, successors and assigns, full authority, by and under their said name of Chicago, Burlington and Northern Railroad Company, to exercise the powers and privileges of a corporation, for the purposes above stated, and in accordance with their said Articles of Organization and the laws of this State.

In Witness Whereof, These presents have been attested with the Great Seal, and signed by the Governor and countersigned by the Secretary of State of the State of Wisconsin, at the City of Madison, the twenty-eighth day of August, in the year one thousand eight hundred and eighty-five.

[SEAL]

ERNST G. TIMME

Secretary of State.

J. M. RUSK,
Governor.

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY (MINNESOTA)

ARTICLES OF INCORPORATION, August 27, 1885, Chicago, Burlington
and Northern Railroad Company [Minnesota].

* * * * *

Articles of Incorporation of the Chicago, Burlington & Northern Railroad Company. The persons whose names are hereto subscribed, hereby form an association for incorporation under and in pursuance of the laws of the State of Minnesota, for the purpose of building, improving and operating a railroad and telegraph lines in connection therewith, and they hereby organize by adopting and signing the following Articles of Incorporation.

First. The name of the corporation is the Chicago, Burlington and Northern Railroad Company, and the general nature of the business is to build, improve and operate a railroad with single and double tracks and side tracks and all necessary property and appurtenances connected therewith, commencing at a point in Washington County, Minnesota, on the State line between the States of Wisconsin and Minnesota, near the Town of Prescott in Pierce County, Wisconsin (where it will connect with a railroad organized and in process of construction in and through the State of Wisconsin); thence in a northwesterly direction to and into the City of Minneapolis, Minnesota, via and through the city of St. Paul, Minnesota, upon such convenient route as the directors may determine; and said corporation may also erect and maintain lines of telegraph along or over its lines of railroad. The principal place of transacting the business of said corporation shall be at St. Paul, Minnesota, and branch offices may be established at any other place or places within or without the State as may prescribed in the by laws.

Second. The time of commencement of said corporation shall be the twenty-seventh day of August A. D. 1885, and the period of its continuance shall be nine hundred and ninety-nine years from that date.

Third. The amount of the Capital Stock of said corporation is \$4,500,000. to be paid in as called for by the Board of Directors who may use and dispose of the Capital Stock or any part thereof in the construction or operation of the road, or other purposes of the company as may be deemed expedient.

Fourth. The highest amount of indebtedness or liability to which said corporation shall at any time be subject, exclusive of its indebtedness secured by a mortgage of its property, shall not at any one time exceed two-thirds of the amount of its Capital Stock.

Fifth. The following are the names and places of residence of the persons forming this incorporation, to-wit: Charles L. Allen, H. W. Weiss, Frank S. Bagg, C. M. Higginson and R. E. Wells, all of Chicago, Illinois.

Sixth. The government of the corporation and the management of its affairs shall be vested in a Board of five Directors, who shall be elected at the annual meeting of the stockholders, which shall be held on the Second Wednesday in June in each year, and who shall hold office until their successors are elected and qualified.

The names of the first board of Directors are: Charles L. Allen, H. W. Weiss, Frank S. Bagg, C. M. Higginson and R. E. Wells, all of Chicago, Illinois, who shall respectively continue in office until the second Wednesday in June, 1886, and until their successors are elected and qualified.

The officers of the Corporation shall be a President Secretary and Treasurer who shall be elected by the Board of Directors of the Corporation at its first meeting and at the first meeting of the Board after the annual meeting of the stockholders in each year, and who shall hold their offices respectively at the pleasure of the Board of Directors. Vacancies in the Board of Directors or in the offices of President Secretary or Treasurer may be filled by the Board of Directors at any regular or special meeting held in pursuance of the by-laws.

Seventh. The number of shares in the Capital Stock shall be forty-five thousand of one hundred dollars each.

In Witness Whereof, we have hereunto set our hands and seals this twenty-seventh day of August, A. D. 1885.

Witnesses to all signatures:

CHICAGO, BURLINGTON & NORTHERN RAILROAD COMPANY (CONSOLIDATED)

ARTICLES OF CONSOLIDATION, October 21, 1885, Chicago, Burlington
& Northern Railroad Company [Consolidated].

* * * * *

The Articles of Agreement and consolidation made and entered into this 21st day of October, 1885, by and between the Chicago, Burlington & Northern Railroad Company, a corporation organized and existing under the laws of the state of Wisconsin, party of the first part, and the Chicago, Burlington & Northern Railroad Company, a corporation organized and existing under the laws of the state of Minnesota, party of the second part;

Witnesseth: That Whereas, The party of the first part is duly authorized to build a railroad with all necessary appurtenances and telegraph lines connected therewith, from a point on the south boundary line of the state of Wisconsin, in Grant County, Wisconsin, at or near the City of Dunleith, in the State of Illinois, northerly to a point on the west boundary line of the state of Wisconsin in or near the town of Prescott on the St. Croix River, in Pierce County, Wisconsin, and

Whereas, the party of the second part is duly authorized to build, improve and operate a railroad and telegraph lines and all necessary property and appurtenances connected therewith, from a point in Washington County, Minnesota, on the state line between the states of Wisconsin and Minnesota, near the town of Prescott, in Pierce County, Wisconsin, where it connects with the railroad of the first party above described, thence in a northwesterly direction to and into the city of Minneapolis, Minnesota, via and through the city of St. Paul, Minnesota, upon such convenient route as the directors may determine, and

Whereas, The respective lines of railroad of the said parties of the first and second parts can be lawfully connected and operated together to constitute one continuous main line with or without branches, so as to admit of the passage of trains over them without break or interruption, and

Whereas, the said parties are desirous of consolidating their corporations and their capital stock and property and franchises into a new corporation and have agreed upon the terms of such consolidation, which have been duly authorized by the respective boards of directors of said companies, and

Whereas, all the stockholders in each of the parties hereto have in writing hereunto annexed consented to and approved these articles of consolidation.

Now, Therefore, it is agreed, that in consideration of the covenants and agreements herein made and contained and for other good and valuable considerations, the parties of the first and second parts have consolidated and

merged, and do hereby consolidate and merge their respective corporations and their capital stock, property and franchises into a new corporation to be known by the name hereinafter selected and stated, which shall possess all the rights and powers, including the right of further consolidations with other corporations, and all the franchises, contracts, privileges and immunities possessed by either of the corporations parties of the first or second parts at the time of consolidation or amalgamation by the laws applicable to them or either of them, and the said parties grant, convey, assign and transfer to said consolidated company all the railroads and property of every description, owned or possessed by them or either of them, including all lands, rights of way, contracts and effects of every nature and description, and the parties hereby adopt and agree to the following articles, to-wit:—

First. The name of the consolidated corporation is the Chicago, Burlington & Northern Railroad Company, and the general nature of the business is to build, improve and operate a railroad with single and double tracks and side tracks and all necessary property and appurtenances connected therewith from a point on the south boundary line of the state of Wisconsin in Grant County, Wisconsin, at or near the city of East Dubuque in the state of Illinois, northerly to a point on the west boundary line of the state of Wisconsin in or near the town of Prescott on the St. Croix River in Pierce County, thence in a northwesterly direction to and into the city of Minneapolis, Minnesota, via and through the city of St. Paul, Minnesota, upon such convenient route as the directors may determine, and said corporation may also erect and maintain lines of telegraph along and over its line of railroad.

The length of said railroad will be two hundred and fifty six and 41-100 miles and the following are the names of the counties in the state of Wisconsin through or into which the said railroad is made or intended to be made, to-wit: Grant, Crawford, Vernon, La Crosse, Trempealeau, Buffalo, Pepin and Pierce, and in the state of Minnesota the counties of Washington, Ramsey and Hennepin.

The principal place of transacting the business of said corporation shall be at LaCrosse, Wisconsin, and a branch office is hereby established at Boston, Massachusetts, and other branch offices may be established at any other place or places within or without the states of Wisconsin and Minnesota as may be prescribed in the By-Laws.

Second. The time of commencement of said corporation shall be the 21st day of October 1885, and the period of its continuance shall be nine hundred and ninety nine years from that date.

Third. The amount of the capital stock of said corporation is \$12,000,000.00, consisting of one hundred and twenty thousand shares of one hundred dollars each to be paid in as called for by the Board of Directors. The stockholders of each of said corporations, parties hereto, shall surrender to the said consolidated corporation the stock in the parties hereto by them held respectively, and thereupon the Board of Directors of said consolidated corporation may use and dispose of the capital stock or any part thereof of such consolidated corporation in the construction, equipment or operation of its railroad, or in exchange for the bonds of said corporation, and

for such other uses and purposes of said corporation as they may deem expedient.

Fourth. The highest amount of indebtedness or liability to which said corporation shall at any time be subject, exclusive of the indebtedness secured by a mortgage of its property, shall not at any one time exceed two-thirds of the amount of its capital stock.

Fifth. The following are the names and residences of the directors of the corporation, who shall manage its affairs for the first year and until others are chosen in their places:

John L. Gardner, of Boston, Mass.,
Charles J. Paine, of Boston, Mass.,
Augustus Hemenway, of Canton, Mass.,
Alexander Cochrane, of Boston, Mass.,
W. Powell Mason, of Walpole, N. H.,
Albert E. Touzalin, of Boston, Mass.,
Edward C. Perkins, of Milton, Mass.

Sixth. The government of the corporation and the management of its affairs shall be vested in the Board of Directors, and in such officers and agents as the Board may from time to time appoint. The Directors shall be elected at the annual meeting of the stockholders.

Seventh. The stockholders shall hold a regular annual meeting at La-Crosse, Wisconsin, on the second Wednesday in June in each year, of which meeting all stockholders shall take notice without further notification.

Eighth. The Board of Directors shall have power to adopt by-laws and rules and regulations for the government of the corporation and the management of its affairs; But such by-laws may be modified or repealed by the stockholders at their annual meeting or at any special meeting duly called for that purpose.

Ninth. The consolidated company assumes and agrees to pay and fully discharge all the debts, obligations and liabilities of whatsoever kind, nature or description of either of said corporations, parties of this agreement.

In Witness Whereof, The said parties have caused their corporate names to be hereunto subscribed by their respective Presidents and their corporate seals attached by their secretaries, the day and year first above written.

The Chicago, Burlington & Northern Railroad Company a corporation existing under the laws of the state of Wisconsin.

STATE OF MINNESOTA, }
 SECRETARY OF STATE'S OFFICE. } SS.

I, Fred Von Baumbach, Secretary of State of the State of Minnesota, do hereby certify that I have compared the foregoing copy with the record in my office of the Articles of Consolidation of Chicago, Burlington & Northern Railroad Company and that said copy is a true and correct transcript of said record and of the whole thereof.

In Testimony Whereof, I have hereunto set my hand and Affixed my official seal, the Great Seal of the State, at St. Paul, on this Twenty-third day, of October, A. D. 1885.

[SEAL]

FRED VON BAUMBACH,
Secretary of State.

AGREEMENT, November 25, 1885, Chicago, Burlington & Northern Railroad Company [Wisconsin and Minnesota], Chicago, Burlington & Quincy Railroad Company and The Chicago and Iowa Railroad Company.

* * * * *

This Agreement, made this twenty-fifth day of November, A. D. 1885, by and between the Chicago, Burlington & Northern Railroad Company, a consolidated corporation of the states of Wisconsin and Minnesota, organized and existing under the laws of said states, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, and the Chicago & Iowa Railroad Company, parties of the second part, the two last named companies being corporations organized and existing under the laws of the state of Illinois:—

Witnesseth: That Whereas, the said consolidated Chicago, Burlington & Northern Railroad Company has made and entered into a connecting contract with the Chicago, Burlington & Northern Railroad Company of Illinois, a corporation duly organized and existing under the laws of that state, by which said contract the railroads of said contracting parties are made a continuous through line connecting with the Chicago, Burlington & Quincy Railroad at Fulton, Illinois, and with the Chicago & Iowa Railroad at Oregon, Illinois, and extending thence to St. Paul, Minnesota; and

Whereas, the parties hereto desire to make such arrangements for connecting and operating and doing business with each other as shall be beneficial to all;

Now Therefore, the said parties hereto, in consideration of the foregoing, and each in consideration of the agreements of the party of the other part herein made, hereby make and enter into the following agreements to and with each other, to wit:

ARTICLE I.

For the purposes of this agreement, and in the interchange of business hereinafter provided for, the railroad of the said consolidated Chicago, Burlington & Northern Railroad Company and the said Chicago, Burlington & Northern Railroad Company of Illinois shall be considered as one line of railroad and called the "road" of the first party, and the Chicago, Burlington & Quincy Railroad and the Chicago & Iowa Railroad and their

leased lines, and the Railroads mentioned in Article VIII of this agreement, which are owned or managed by either of them through the ownership of the stock or in any other way, shall also be considered as one line of railroad and called the "road" of the second party.

The word "business" in this contract shall be understood as covering both freight and passenger business, except when either is distinctly specified.

ARTICLE II.

It is mutually agreed, that each party to this contract shall so far as it can lawfully control the same, send by the road of the party of the other part all the business originating at stations on its own road, or received from connecting lines, when such business is going to or beyond a point on the road of the other party, to which the road of such other party and its connections shall afford a natural and reasonably direct route, and will adopt all lawful and proper measures for so directing and controlling the said business in the same manner and to the same extent as though the said roads were owned by one and the same company, except the business of the St. Louis, Keokuk & Northwestern Railroad, and its connections between Burlington, Iowa, and St. Louis, Missouri, on the west side of the Mississippi River, which is specially excluded from this contract: It being understood, that the business of said line and such portion of the business of St. Louis as may be done over it, may be sent by way of the railroad of the Burlington, Cedar Rapids & Northern Railway Company.

ARTICLE III.

All joint business shall be exchanged either at the town of Fulton, that being the junction point of the Chicago, Burlington & Northern Railroad of Illinois with the Chicago, Burlington & Quincy Railroad, or at the town of Oregon, that being the junction point of the Chicago, Burlington & Northern Railroad of Illinois with the Chicago & Iowa Railroad; and, in directing the traffic so to be interchanged at one of the said junction points, that one shall be selected which affords the most direct and feasible route.

ARTICLE IV.

On all business interchanged between the parties hereto, as hereinbefore provided, each party shall have its local rates, when the sum of the two locals constitutes the through rate. When it is necessary to make through rates which are less than the sum of the two locals, the divisions shall be as follows: all customary arbitraries being first deducted.

Section 1. On all business between St. Paul, or points reached by way of St. Paul, and any point on or east of the Mississippi River, rates shall be divided pro rata per mile.

Section 2. On all business, except that described in Section One of this Article, when the actual haul on the road of the parties of the second part is not over seventy five (75) per cent of the actual haul on the road of the party of the first part, rates shall be divided pro rata per mile.

Section 3. On all business, except that described in Section one of this

article, when the actual haul on the road of the parties of the second part exceeds seventy five (75) per cent of the actual haul on the road of the party of the first part, each mile of the road of the first party shall be counted as a mile and a half.

Section 4. But in order to facilitate business and save work in keeping accounts the managing officers of the parties hereto may, if they can, agree from time to time upon territorial or other percentages to govern in making the divisions of rates even though the same may not be strictly upon the pro rata basis as above provided.

ARTICLE V.

Neither party shall make through rates without the consent of the other.

ARTICLE VI.

The parties hereto mutually agree that each of them shall place on sale, at each of the stations on its road, coupon or through tickets between such stations and each of the stations on the road of the other; and that they will do all other acts in their power to trace or identify the earnings of the second party upon the business to and from the road of the first party.

ARTICLE VII.

The parties hereto shall carry material, each for the uses of the other, over their own road, charging for the same on the same basis as is now in force between the Chicago, Burlington & Quincy Railroad Company and other companies whose railroads it now owns or controls.

ARTICLE VIII.

The said Chicago, Burlington and Quincy Railroad Company and the said Chicago & Iowa Railroad Company, will devote, in each year up to December 1st, 1906 (unless the bonds hereinafter mentioned are sooner redeemed) one half (1-2) of their estimated net earnings, upon the main lines, branches, and leased lines of their respective roads, and, in addition thereto, the Chicago, Burlington & Quincy Railroad Company will devote a sum equal to one half (1-2) of the estimated net earnings upon the following roads, to wit:—

The Hannibal & St. Joseph Railroad, in the state of Missouri; the St. Louis, Keokuk and Northwestern Railway; the Chicago, Burlington & Kansas City Railway, and the Kansas City, St. Joseph & Council Bluffs Railroad, in the states of Iowa and Missouri, earned during the previous year on all business to and from the "road" of the first party, to the purchase, at not above one hundred and five (105) and accrued interest, of the first mortgage five (5) per cent bonds of said consolidated Chicago, Burlington and Northern Railroad Company. The business year, for the purposes of this agreement, to terminate on the thirtieth (30th) day of November.

Said net earnings shall be estimated by taking the difference between the actual receipts per ton, and per passenger, per mile, on business exchanged with the Northern Company, and the actual average cost, includ-

ing taxes, per ton and per passenger, per mile, of all business done during the preceding calendar year, over the said Chicago, Burlington and Quincy Railroad, said Chicago & Iowa Railroad, their leased lines, and the railroads mentioned in this article respectively, to be ascertained by the General Auditor of said Chicago, Burlington and Quincy Railroad Company, whose decision shall be final.

ARTICLE IX.

The said Chicago, Burlington and Quincy Railroad Company guarantees that the amount to be so invested in each year for twenty (20) years from and after the first day of December, A. D. 1886, at which time it is expected that said railroads of said Illinois Company and said consolidated Company will be in operation through to St. Paul, shall not be less than One Hundred Thousand (100,000) Dollars.

ARTICLE X.

The said parties of the second part will, annually, as soon as possible after the close of said business year, make up their accounts, showing the amount of said one half ($\frac{1}{2}$) of said net earnings so to be invested in said bonds, and will, each for itself, before the first of March next following, make a written statement to the Trustees under the mortgage to be made by said consolidated Chicago, Burlington & Northern Railroad Company, of the amount of money so to be invested, and on or before that date pay over to them said amount, to be by them invested in the following manner, to wit:

Section 1. The said trustees shall forthwith, in the month of March in each year, or as soon thereafter as practicable, after deducting from the sums so received by them such an amount as they shall estimate to be necessary to cover all expenses of advertising drawing, &c., but not their commissions, (said amount so deducted to be divided between said Chicago, Burlington and Quincy, and said Chicago and Iowa Railroad Companies, in proportion to the amounts received from each) give notice, by public advertisement daily, except Sundays, for one week in a daily newspaper published in each of the cities of Boston, Massachusetts, and New York, New York, stating the amount to be so invested which shall be the amount remaining after the above deduction is made and asking for tenders to sell to them on the lowest terms said bonds, the maximum price to be par and five (5) per cent premium and accrued interest.

Section 2. In case they do not, in the foregoing manner, obtain enough of said bonds to absorb the sum in their hands, they may purchase said bonds at private sale, the price in no case, however, to exceed par and five (5) per cent premium and accrued interest.

Section 3. In the event, however, that no bonds, or that bonds to an amount insufficient to absorb the sum so held by them to be so invested, are obtained by both the above methods, then said trustees shall proceed to draw by lot such amount of said bonds as may be required to exhaust, as nearly as may be, the amount so in their hands to be invested, and shall thereupon give notice by public advertisement, to be inserted daily, except

Sundays, for ten (10) days in a daily newspaper published in each of the said cities of Boston, Massachusetts, and New York, New York, stating the number of the bonds so drawn, and the day when the said bonds will be paid at one hundred and five (105) and accrued interest, on presentation to said trustees, and that from and after such last named day all interest upon bonds thus drawn shall cease.

Interest on said bonds, when purchased, shall cease from the first day of the month next following such purchase, and, when drawn by said trustees in manner aforesaid, shall cease from the day named in the trustees' notice of drawing as the day for presentation of said bonds for payment.

Section 4. Said trustees shall, as soon as a drawing has taken place, if one is necessary, otherwise as soon as the requisite number of bonds have been purchased, immediately apportion all such bonds, whether purchased or drawn, giving the numbers and denominations of the bonds set off to each, between said two companies, parties of the second part, to wit: the Chicago, Burlington and Quincy Railroad Company and the Chicago and Iowa Railroad Company, and shall deliver said bonds to them, when and as fast as they come into the possession of said trustees, and shall, upon such apportionment, pay over any balance remaining in their hands, over and above the amount necessary to pay for said bonds so purchased and drawn, and expenses not including commissions, to the respective companies to which it belongs; and said balance shall be carried forward and added to the amount to be so invested in the following year.

ARTICLE XI.

Said bonds, as soon as they come into the possession of said Chicago, Burlington and Quincy Railroad Company and the said Chicago and Iowa Railroad Company, shall be presented by them to said consolidated Chicago, Burlington and Northern Railroad Company, which Company will take up and cancel said bonds so presented, and will issue in place thereof to the Chicago, Burlington and Quincy Railroad Company and the Chicago and Iowa Railroad Company, respectively, the full paid capital stock of said consolidated Chicago, Burlington and Northern Railroad Company to an amount equal at par to the face value of the bonds so presented by each and will pay to said companies, respectively, in cash, the amount of accrued interest due upon said bonds so presented by each.

ARTICLE XII.

Upon such apportionment, notice shall be immediately given to said consolidated Chicago, Burlington and Northern Railroad Company by said trustees, or, in case of their failure so to do, by said parties of the second part, of the numbers of said bonds so purchased and drawn, and of the apportionment which has been made of the same between said Chicago, Burlington and Quincy Railroad Company and said Chicago and Iowa Railroad Company; and said two last named companies shall become respectively entitled to dividends, from and after the days on which interest ceases on said bonds, whether purchased or drawn, upon an amount of stock equal at par to the face value of said bonds so apportioned to them; any divi-

dends, however, not to be payable to them until and as fast as such bonds are actually presented to said consolidated Chicago, Burlington and Northern Railroad Company.

Said Chicago, Burlington and Quincy Railroad Company and said Chicago and Iowa Railroad Company shall also, respectively, be and become entitled to vote upon an amount of stock equal at par to the face value of the bonds so purchased or drawn and apportioned to them, respectively, from and after the dates when interest ceases upon such bonds, although such bonds may not have been actually presented and cancelled and corresponding certificates of stock actually issued to said two companies in place thereof.

ARTICLE XIII.

The said consolidated Chicago, Burlington & Northern Railroad Company, will, in its mortgage, reserve the power in and to the trustees under the same, to draw bonds for the purposes hereinbefore specified, and will make all necessary provisions for so doing.

ARTICLE XIV.

The consolidated Chicago, Burlington and Northern Railroad Company will build its own telegraph lines, and will not contract with the Western Union Telegraph Company or any other Telegraph Company, except temporarily, not exceeding a year at a time, and will not contract with any express company for a longer period.

If it makes a contract with the Pullman Palace Car Company for the use of its sleeping cars, the same shall be so made as to expire at the same time that the existing contract between the Chicago, Burlington & Quincy Railroad Company and the Pullman Palace Car Company expires; and, generally, the consolidated Chicago, Burlington & Northern Railroad Company will make no contracts with other companies except such as may be consistent with the relations created by this contract.

ARTICLE XV.

The said consolidated Chicago, Burlington & Northern Railroad Company will not exercise its right of calling its first mortgage bonds at par and five (5) per cent premium and accrued interest, after the expiration of ten (10) years from the date of the mortgage, which right is to be reserved in the mortgage made by it, without the consent in writing of the said Chicago, Burlington and Quincy Railroad Company.

ARTICLE XVI.

Said consolidated Chicago, Burlington and Northern Railroad Company will forthwith place in the hands of trustees, Three Million (3,000,000) Dollars of its full paid capital stock, to be held by said trustees for, and only for, the following purposes, to-wit; the said stock, while in the hands of such trustees, shall not be considered as issued, and shall have no voting power until issued to said Chicago, Burlington and Quincy Railroad Company and said Chicago and Iowa Railroad Company under the provisions of this agreement, except that, as hereinbefore provided in the twelfth

(12th) article of this agreement, said two last named companies may become entitled to vote upon portions of said stock before it is actually issued to them.

The said trustees shall, at any and all times, transfer to said Chicago, Burlington and Quincy Railroad Company and said Chicago and Iowa Railroad Company, on the written order of the President of said consolidated Chicago, Burlington and Northern Railroad Company, duly authorized by a vote of the Directors, an amount of the said full paid capital stock equal at par to the face value of the said first mortgage five (5) per cent bonds of said consolidated Company, so purchased or drawn and offered for redemption by said Chicago, Burlington and Quincy Railroad Company and said Chicago and Iowa Railroad Company, in the manner hereinbefore provided.

The agreement or deed of trust shall fully and carefully provide that said stock shall be available and be used for and only for the above purposes.

ARTICLE XVII

It is mutually agreed between the parties hereto, that during the life of this contract, the officers and employes of either party, when travelling upon the business of their respective companies, shall be transported free on the roads of either of the other parties, upon the request of the President, Vice President or other managing officers of such party.

ARTICLE XVIII.

It is further mutually agreed, by and between the parties to this agreement, that, if it is or shall become necessary, in order to more fully carry out the objects and purposes of this contract, to add other and further stipulations, then the same shall be negotiated in a spirit of fairness and equity.

ARTICLE XIX.

This agreement shall continue in force until the first day of December, 1906, unless sooner terminated by the mutual consent of all the parties hereto.

In Witness Whereof, the parties have caused their corporate names to be hereunto, and to two other originals, subscribed by their Presidents, and their corporate seals to be hereunto, and to two other originals, affixed and attested by their Secretaries, on the day and year first above written.

TRUST MORTGAGE, December 1, 1885, Chicago, Burlington & Northern Railroad Company [Wisconsin, Minnesota] to Henry Parkman, J. Malcolm Forbes, and Lucius M. Sargent, Trustees.

* * * * *

This Indenture of Mortgage, made this first day of December, in the year of our Lord one thousand eight hundred and eighty-five, by and between the Chicago, Burlington and Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota, and organized and existing under the laws of said States, party of the first part, and Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, of Boston, in the State of Massachusetts, trustees, for the uses and purposes and upon the terms and conditions herein stated, parties of the second part.

Whereas, the said Chicago, Burlington and Northern Railroad Company is engaged in constructing a railroad from a point on the State line between the States of Illinois and Wisconsin, in Grant County, Wisconsin, near the City of East Dubuque, in the State of Illinois, northerly to a point on the west boundary line of the State of Wisconsin, in or near the Town of Prescott on the St. Croix River in Pierce County, Wisconsin, and thence northwesterly in the State of Minnesota to and into the City of St. Paul, a distance of about two hundred and fifty-seven (257) miles, and the Chicago, Burlington and Northern Railroad Company of Illinois, a corporation created and organized under and in conformity with the laws of said State of Illinois, is engaged in constructing a railroad from a point in or near Oregon in Ogle County, Illinois, westerly to and into the Town of Savanna in Carroll County, Illinois, and also from some point in the City of Fulton in Whiteside County, Illinois, northerly to a connection with the above-mentioned railroad at or near the Town of Savannah, and thence northerly to the boundary line of the State of Wisconsin in Jo Daviess County, Illinois, a distance of about one hundred and five (105) miles, there to meet and connect with the railroad of said consolidated Chicago, Burlington and Northern Railroad Company, and making with it one continuous line of railroad from St. Paul to Fulton and Oregon, Illinois, at which points it connects with the railroad system of the Chicago, Burlington and Quincy Railroad Company, a distance in all of about three hundred and sixty-two (362) miles; and

Whereas, The said first party is authorized by the statutes and laws aforesaid, and by the terms of its organization, to execute trust mortgages of its railroad and franchises connected therewith, and of its other property, to secure the payment of bonds issued for the objects and purposes herein set forth; and

Whereas, The said first party is desirous of borrowing money to an amount not exceeding Nine million dollars (\$9,000,000), for the purpose of constructing and equipping its said railroad, and purchasing the right of way and materials necessary for the superstructure thereof, and of defraying all necessary expenses of transportation and other charges connected with the building, equipping and operating said railroad, and the appendages and appurtenances connected therewith, and for the purpose of furnishing aid to said Chicago, Burlington and Northern Railroad Company of Illinois,

as it is authorized by law to do, and for other purposes; and at a meeting of the Board of Directors, duly called and held at its Office in the City of Boston, Mass., on the twenty-eighth day of November A. D. 1885, did resolve to execute and issue Bonds of said Company for the sum of Nine million dollars (\$9,000,000) of the date of Dec. 1, 1885, having forty (40) years from April 1, 1886, to run to maturity, bearing interest from and after April 1, 1886, at the rate of Five per centum (5 %) per annum, payable semi-annually on the first days of October and April in each year, the first coupon for six months' interest to be payable Oct. 1, 1886, and the principal to be payable April 1, A. D. 1926; both principal and interest to be payable at the Office of the Company in the City of Boston, Massachusetts, or at such other places as the said Company may appoint, and to be in the form and contain the provisions following, that is to say:—

UNITED STATES OF AMERICA.

STATE OF WISCONSIN.

CHICAGO, BURLINGTON AND NORTHERN RAILROAD COMPANY.

No. FIRST MORTGAGE 5 % BONDS. No.

Know all Men by these Presents, That the Chicago, Burlington and Northern Railroad Company, a consolidated corporation duly created and organized under the laws of the States of Wisconsin and Minnesota, is indebted to Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, in the sum of

Dollars in the lawful money of the United States of America, which the said Railroad Company promises to pay at its Office in Boston, Massachusetts, to the bearer hereof, or in case of registration, to the registered holder, on the First day of April, A. D. 1926, together with interest thereon from and after the First day of April, A. D. 1886, at the rate of 5 per cent per annum, payable semi-annually, at the office of the Company in Boston, or at such other places as the Directors of said Railroad Company may from time to time designate, on the first days of October and April, in each year, on the presentation and surrender of the annexed coupons as they severally become due, in accordance with their provisions. Said coupons to be paid to the bearer thereof, whether the Bond is registered or not, and the Company may, but shall not be obliged to require proof of ownership of any coupon before paying the same, and payment thereof to the person presenting the same shall in any case discharge the Company. This Bond shall pass by delivery unless registered, or, if registered, by transfer upon the books of the Company, in the city of Boston, or at such other places as the Company may hereafter appoint. After registration of ownership, certified hereon by the Treasurer or Transfer Agent, this Bond shall not pass by delivery unless the last transfer on the books of the Company shall have been to bearer; the Bond to be subject to successive registrations and transfers to bearer at the option of the lawful holder.

This Bond is one of a series of First Mortgage Bonds, amounting in the aggregate to Nine million dollars (\$9,000,000), issued by the Chicago, Burlington and Northern Railroad Company, payable to Henry Parkman,

J. Malcolm Forbes and Lucius M. Sargent, or bearer: all bearing even date herewith, and secured by a First Mortgage upon all its said Railroad, constructed and to be constructed, and all the property and franchises thereto belonging, not including, however, any future Branches or Extensions thereof. The Construction Bonds of the Chicago, Burlington and Northern Railroad Company of the State of Illinois, secured by a First Mortgage upon its Road, have been conveyed to, and are to be held by the said Trustees for further and additional security, as provided in the Mortgage securing the Bonds of this issue.

The Chicago, Burlington and Quincy Railroad Company, and the Chicago and Iowa Railroad Company, have agreed to devote for twenty years one half of their net earnings on all business to and from the Chicago, Burlington and Northern Railroad to the annual purchase of the Bonds of this issue, at not above one hundred and five (105) and accrued interest. And the Chicago, Burlington and Quincy Railroad Company has guaranteed that after the said Railroad is open for business through to St. Paul, the amount so invested in each year shall not be less than One hundred thousand dollars (\$100,000) for twenty years from such date. In case the Bonds cannot be purchased at or below the above price, after public advertisement, then a sufficient amount of Bonds to absorb the fund shall be drawn by lot, and paid for at one hundred and five (105) and accrued interest, and when so purchased, or drawn, they are to be converted at their face value into the Capital Stock of the Chicago, Burlington and Northern Railroad Company, the maker hereof, at par, and then cancelled.

The Chicago, Burlington and Northern Railroad Company hereby reserves the right to redeem all the Bonds of this issue on April 1st, 1896, or on any coupon day thereafter before the maturity of the Bonds, at One hundred and five (105) and accrued interest, by giving, in either case, notice of its intention so to do, by publication once each week for the six months next preceding the date fixed for their redemption, in one daily newspaper published in each of the Cities of Boston and New York.

This Bond is to be valid only when authenticated by a certificate endorsed hereon, signed by the trustees above named.

In Witness Whereof the Chicago, Burlington and Northern Railroad Company has caused its corporate seal to be affixed to this Bond, and the same to be signed by its President and its Treasurer under the date of December First, A. D. 1885.

Chicago, Burlington, and Northern R. R. Company,

By

..... *Treasurer.* *President.*

And did also resolve to secure the payment of the same, both principal and interest, by a Mortgage of its said railroad, franchises and other corporate property of every nature and kind, to said parties of the second part, as trustees, for the benefit and security of the holders of said Bonds, which said Bonds shall be authenticated by a certificate signed by said parties of the second part as being issued under and secured by said Mortgage.

Now, therefore, this indenture witnesseth; That the said Chicago, Burlington, and Northern Railroad Company, party of the first part, in order to secure the payment of its said Bonds to be issued as aforesaid, and the interest thereon, and in consideration of one dollar (\$1.00) to it in hand paid by said parties of the second part at the ensembling and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, transferred and conveyed, and by these presents does grant, bargain, sell, transfer and convey to said parties of the second part, their survivors and successors in said trust and assigns, all the following described property, to wit:

All the present and in the future to be acquired property of said Railroad Company, party of the first part, in and relating to its said railroad, except future extensions and branches, and all the right, title, interest and equity of redemption therein: that is to say, all of said railroad of said first party, now constructed and to be constructed, extending from a point on the State line between the States of Illinois and Wisconsin, in Grant County, Wisconsin, near the City of East Dubuque, in the State of Illinois, where it connects with a railroad built or to be built in the State of Illinois, northerly into and through the Counties of Grant, Crawford, Vernon, La Crosse, Trempealeau, Buffalo, Pepin and Pierce, in the State of Wisconsin, to a point on the west boundary line of said State of Wisconsin, in or near the Town of Prescott, in said Pierce County, thence northwesterly into and through the Counties of Washington and Ramsey, in the State of Minnesota, to and into the City of St. Paul, Minnesota, a distance of about two hundred and fifty-seven miles, including therein the rights of way, road bed, superstructure, all the lands, depots, depot grounds, station houses, viaducts, fences, bridges, timber and materials appurtenant to or to become connected with said railroad and all property purchased or to be purchased for the construction of said railroad; also all engines, tenders, cars and machinery, and all other kinds of rolling stock now belonging to or which may hereafter be acquired by said first party, all of which shall be suitably designated and marked, but not including cars and other rolling stock purchased for use upon future extensions or branches; but this clause shall not be so construed as to prevent the said consolidated Company from selling any materials or rolling stock, in the ordinary course of their business, to be replaced by new, which shall immediately vest in said trustees without any further conveyance; also all the rights, privileges and franchises of said first party relating to said railroad, and property acquired by virtue thereof now in possession, or which may hereafter be acquired, including all machine shops, implements and tools contained therein, or along the line of said railroad, although the same may not be herein specifically mentioned; also all the Construction Bonds, amounting to Three million dollars (\$3,000,000), and all of the Capital Stock, amounting to Three million dollars (\$3,000,000), of said Chicago, Burlington and Northern Railroad Company of Illinois, which said stock and bonds were purchased from said Illinois Company for the money furnished to it for the construction of its railroad and are now held and owned by said first party, and are hereby by it assigned, transferred and conveyed to the second parties, as and for further and additional security

for the payment of the Bonds secured by this indenture, subject, however, to the provisions relating thereto, hereinafter contained; also all the revenues and income of said consolidated Chicago, Burlington and Northern Railroad Company; also any and all right, title, interest and property which said first party may at any time hereafter acquire in or to said railroad of said Chicago, Burlington and Northern Railroad Company of Illinois, whether by lease, purchase, consolidation or otherwise, but not including any extensions or branches which may in the future be built by either of said Companies, and belong to or be acquired by said consolidated Chicago, Burlington and Northern Railroad Company.

The party of the first part, however, reserves to the trustees hereunder, whenever in each and every year they cannot purchase in open market, after advertisement in the manner hereinafter provided, or at private sale, a sufficient amount of the Bonds issued hereunder to take up and absorb one half (1-2) of the net earnings of said Chicago, Burlington and Quincy Railroad Company, and of said Chicago and Iowa Railroad Company, earned during the previous business year, on all business to and from the railroads of said consolidated Chicago, Burlington and Northern Railroad Company, and of said Chicago, Burlington and Northern Railroad Company of Illinois (which said one half (1-2) of net earnings, as stated in said Bonds, said Chicago, Burlington and Quincy Railroad Company, and said Chicago and Iowa Railroad Company have agreed to devote to the purchase of the bonds issued hereunder), the right to and they shall draw by lot, and pay for at one hundred and five (105), and accrued interest, after giving notice in the manner hereinafter provided, a sufficient amount of the bonds issued hereunder to absorb said one half (1-2) of said net earnings, and reserves also the right to redeem all the Bonds of this issue on April 1st, 1896, or on any coupon day thereafter before the maturity of the Bonds, at one hundred and five (105) and accrued interest, by giving, in any case, notice of its intention so to do, by publication once each week for the six months next preceding the date fixed for their redemption, in one daily newspaper published in each of the Cities of Boston, Massachusetts, and New York, N. Y.

To have and to hold the said railroad of the said consolidated Chicago, Burlington and Northern Railroad Company, constructed and to be constructed, and all the other property and interests above mentioned or intended to be included, and all and singular said premises and every part thereof, with the appurtenances, unto the said parties of the second part, or the survivors of them, and their successors in said trust and assigns; but for the following purposes, and upon the following express trusts, that is to say:—

In case the said consolidated Chicago, Burlington and Northern Railroad Company shall make default in the payment of taxes and assessments, as herein provided, after thirty days' notice in writing by the parties of the second part requiring the payment thereof; or shall fail to pay the principal or any part thereof, or any of the interest on any Bond secured or intended to be secured hereby at any time when and where the same may become due and payable according to the tenor thereof, and for sixty (60) days there-

after, then and in such case, at the written request of the holders of one tenth (1-10) of said Bonds at the time outstanding, the said parties of the second part, their survivors or successors in said trust or assigns, may, upon being indemnified by the parties making the application, enter into and take possession of said railroad of said consolidated Chicago, Burlington and Northern Railroad Company, and all other property, rights and interests hereby conveyed or intended to be conveyed, and as attorneys in fact and agents of said first party, by themselves or their agents duly constituted, have, use and employ the same and receive the revenues therefrom, making from time to time all needful repairs, alterations and additions thereto, and after indemnifying themselves from loss, damage or liability arising from the management of said trust, apply the net earnings of said railroad, franchises and the other property hereby conveyed, less such an amount as may be necessary for the payment of taxes and assessments and a reasonable compensation to the trustees, to the payment of all such interest on said Bonds as may at that time remain in arrear and unpaid, in the order in which such interest shall have become or shall become due, ratably to the persons holding the coupons evidencing the right to such interest; but when and as soon as the second parties, out of such net earnings, shall have paid off all such arrears of interest, and of taxes and assessments, or such net earnings in their hands shall be sufficient for that purpose, they shall redeliver said railroads and property to the first party; *provided, however*, that nothing in this provision contained shall be deemed or construed to preclude the second parties proceeding to foreclose this mortgage in the manner hereinafter provided; or the said second parties, their survivors or their successors in said trust or assigns, at their discretion *may*, and upon the written request of the holders of one tenth (1-10) of said Bonds then unpaid *shall*, upon being indemnified by the parties making the application, in case such mode of foreclosure shall at that time be authorized or permitted by law, cause said premises and property, including said Construction Bonds and said Capital Stock of said Illinois Company, to be sold at public auction at La Crosse in said State of Wisconsin, after giving sixty (60) days' notice of the time, place and terms of such sale, by publishing the same at least four times in each week in one or more of the **principal** newspapers for the time being published in each of the Cities of Boston, Massachusetts, New York, N. Y. and La Crosse, Wisconsin, and upon such sale execute to the purchaser or purchasers thereof a good and sufficient deed or deeds of conveyance in fee simple for all the property held by said Company under such title, and a suitable and effective conveyance and assignment for all leaseholds and other property held by said Company and sold by said parties of the second part, which conveyances shall be a bar to the Chicago, Burlington and Northern Railroad Company, party of the first part, its successors and assigns, and all persons claiming under it or them, of all right, title, interest and claim in or to said premises or any part thereof.

Said trustees shall, after deducting from the proceeds of such sale the costs and expense thereof, and of the management of said property, and sufficient to pay all taxes and assessments and a reasonable compensation to themselves for their services, and to indemnify and save themselves harmless

from and against all liability arising from this trust, appropriate and apply so much of the proceeds of said property as may be necessary to the payment in full of the principal and accrued interest of said Bonds then remaining unpaid, whether then due and payable or not, and shall restore the residue thereof to said first party, its successors and assigns; and in case said proceeds shall not be sufficient for such payment in full, then to appropriate and apply the same, without preference, ratably to the payment of all of such unpaid principal and interest.

It is understood and agreed that in no case shall any claim be made under or advantage taken by said first party, its successors or assigns, of valuation, appraisement, redemption or extension laws now in force or hereafter enacted; nor any injunction or stay of proceedings be prayed for or had, or any process be obtained or applied for by it or them to prevent such entry, sale and conveyance as aforesaid.

And further, that in case said parties of the second part, their survivors or successors in said trust or assigns, shall, for any reason, omit to avail themselves of any such default as aforesaid, such omission shall not prejudice or impair the rights or remedies of said second parties, their survivors or successors in said trust, or assigns, to avail themselves of any other or further neglect or default of said first party.

Nor shall the above remedies provided for in cases of default exclude the parties of the second part, their survivors or successors, if they shall so elect, from any other legal or equitable remedies they may be entitled to in the premises, including any other legal mode of foreclosing this mortgage.

And the said party of the first part, for itself and its successors, hereby agrees to execute and deliver any further reasonable and necessary conveyance and assignment of said premises, or any part thereof, to said parties of the second part, their survivors or successors in said trust, or assigns, which counsel of the parties of the second part, at any time, may advise, for the more effectually vesting the title to the property hereby granted, or intended to be conveyed, in said parties of the second part, their survivors or successors and assigns; and for the more fully carrying into effect the objects and purposes of these presents.

It is hereby, also, mutually agreed and understood that it shall be lawful for said first party, its successors and assigns, to retain possession of said property hereby conveyed, and to receive and dispose of the current revenues of said railroads and property hereby conveyed, as it or they shall deem proper, until default shall be made in the payment of the principal or interest of the Bonds hereby secured, or some part thereof, or of taxes and assessments, as herein provided; and further, that said first party hereby covenants to pay all taxes and assessments that may be lawfully levied or assessed upon said railroad of said consolidated Company and property connected therewith, as they shall respectively become due and payable.

And that, upon full and final payment of the principal and interest of said Bonds, issued under and secured by this instrument, the estate hereby granted to said parties of the second part shall be void, and the right and title to the premises and property hereby conveyed shall revert to and

revest in said party of the first part, its successors and assigns, without any acknowledgment of satisfaction, re-conveyance, re-entry or other act.

And further, that all Bonds secured by and issued under this indenture, and the proceeds thereof, shall be used for and appropriated to the objects and purposes herein contemplated.

And further, that the Bonds issued under and secured by this Trust Mortgage are to be issued and used only when and so fast as the same and the proceeds thereof shall be required by said first party, its successors and assigns, for the payment of the costs and expenses of construction and equipment of the said railroad of said consolidated Chicago, Burlington and Northern Railroad Company, constructed and to be constructed, and for the other objects and purposes herein mentioned or contemplated, and said Bonds shall at any and all times be certified by said second parties, their survivors or successors in said trust or assigns, upon the written application of the party of the first part.

And it is further covenanted and agreed, that the parties of the second part shall collect the interest on said Construction Bonds of said Chicago, Burlington and Northern Railroad Company of Illinois, hereby transferred to them, and, when so collected, as long as the terms of this Mortgage are complied with by the party of the first part, shall, on the first days of April and October in each year, pay over the same to said party of the first part; and also that said parties of the second part shall execute and deliver to said first party a power of attorney of even date herewith, irrevocable as long as the terms of this mortgage are complied with by said party of the first part, authorizing it to vote, as it shall deem best, upon all of said Capital Stock of said Illinois Company, at any and all meetings of said Company, and to collect and receive, and use for its own purposes, any and all dividends upon the same; and further that any or all of said Capital Stock may, at any time or times, by consent of the first and second parties hereto, be used or disposed of in such manner as they shall judge best.

And further, in case and as soon as said consolidated Chicago, Burlington and Northern Railroad Company shall become the owner in fee of the railroad of said Chicago, Burlington and Northern Railroad Company of Illinois, or become consolidated with that Company, the title to said railroad and property shall thereupon immediately inure to the parties of the second part, their survivors or successors in said trust and assigns, for the objects and purposes of this trust, and the party of the first part shall thereupon make apt and suitable conveyances thereof to said second parties, their survivors or successors in said trust; and that thereupon or at any time thereafter, at the option of said first party, it shall have the right to withdraw such Construction Bond or Bonds as are secured by Mortgage thereon, and said Capital Stock of said Illinois Company, from the operation of this indenture, and the said second parties, upon request of the party of the first part hereto in writing therefor, shall assign and redeliver said Capital Stock, and shall cancel and redeliver said Construction Bond or Bonds, to the party of the first part, its successors and assigns, and said Mortgage of said Chi-

ago, Burlington and Northern Railroad Company of Illinois, securing said Construction Bonds, shall thereupon be discharged of record.

It is further covenanted and agreed, that, in order to enable the said Chicago, Burlington and Quincy Railroad Company and the said Chicago and Iowa Railroad Company to invest said one half ($\frac{1}{2}$) of their net earnings in said Five per cent (5%) Bonds, issued hereunder, and in accordance with the power hereinbefore reserved to the trustees of drawing Bonds by lot for that purpose, said trustees shall—

(1) Give notice, in the month of March in each year, or as soon thereafter as practicable, by public advertisement daily, except Sundays, for one week in a daily newspaper published in each of the Cities of Boston, Mass., and New York, N. Y., stating the amount to be so invested, and asking for tenders to sell to them on the lowest terms Bonds issued under this mortgage; the maximum price to be par and five per cent (5%) premium and accrued interest.

(2) In case they do not in the foregoing manner obtain enough of said Bonds to absorb the sum in their hands, they may purchase said Bonds at private sale; the price in no case, however, to exceed par and five per cent (5%) premium and accrued interest.

(3) And in the event, however, that no Bonds or that an insufficient amount of Bonds to absorb the sum so held by them to be so invested are obtained by both the above methods, then said trustees shall proceed to draw by lot such an amount of said Bonds as shall be required to exhaust, as nearly as may be, the amount so in their hands to be invested, and shall thereupon give notice by public advertisement to be inserted daily, except Sundays, for ten (10) days in a daily newspaper published in each of the said Cities of Boston, Mass., and New York, N. Y., stating the numbers of the Bonds so drawn, and the day when the said Bonds will be paid at one hundred and five (105) and accrued interest on presentation to said trustees, and that from and after such last-named day all interest upon Bonds thus drawn shall cease.

Interest on said Bonds, when purchased, shall cease from the first day of the month next following such purchase, and, when drawn by said trustees in manner aforesaid, shall cease from the day named in the trustees' notice of drawing as the day for presentation of said Bonds for payment.

Said trustees shall, as soon as a drawing has taken place, if one is necessary, otherwise as soon as the requisite number of Bonds have been purchased, immediately apportion all such Bonds, whether purchased or drawn, giving the numbers and denomination of the Bonds set off to each, between said two Companies, to wit: the Chicago, Burlington and Quincy Railroad Company and the Chicago and Iowa Railroad Company, and shall deliver said Bonds to them when and as fast as they come into the possession of said trustees, and shall upon such apportionment pay over any balance remaining in their hands, over and above the amount necessary to pay for said Bonds so purchased and drawn, to the respective Companies to which it belongs, and said balance shall be carried forward and added to the amount to be so invested in the following year.

It is further mutually agreed that the said second parties, their survivors and successors in said trust, or assigns, shall only be accountable for gross negligence or wilful default in the management thereof, and shall not be responsible for the acts of each other to which they do not severally assent, nor for the acts of any agent employed by them, when such agent shall have been selected with reasonable discretion.

And that said second parties, their survivors or successors in said trust, and assigns, shall be entitled to reasonable compensation for their labor, services and expenses in the management of said trust.

And further, that whenever a vacancy among said parties of the second part, their survivors or successors, shall occur by death, resignation or inability to discharge the duties of this trust, which inability shall be determined and declared by resolution of the Board of Directors of the first party, the first party shall proceed forthwith to nominate, and, with the concurrence of the remaining trustees or trustee, as the case may be, if there be any trustee remaining, to appoint a new trustee or trustees to fill such vacancy or vacancies, by endorsing such appointment in writing on one part of this indenture, and each person so appointed shall endorse his acceptance of such appointment upon this indenture.

In case such vacancy shall not be filled within sixty (60) days from the occurrence thereof in the manner aforesaid, the holders of one hundred (100) of the bonds secured by this mortgage and then outstanding, may apply to any Court in the States of Wisconsin or Minnesota having jurisdiction of the premises, to appoint a new trustee or trustees to supply such vacancy, and such new trustee or trustees appointed in either manner shall become one of the party or parties of the second part, and vested for the purposes aforesaid with all rights, interests or powers requisite to enable him or them to execute with the others this trust, without any further assurance or conveyance of the same. But, should it be thought desirable or necessary by the counsel of the second parties, the parties hereto shall execute and deliver or cause to be executed and delivered such releases and conveyances as counsel shall advise to be necessary.

It being further understood that the remaining trustee or trustees shall in the mean time, and until such vacancy shall be so filled, be fully empowered to execute all the provisions of this trust.

And, further, that in relation to the duties herein provided to be performed by said three trustees, the same may be executed and performed by a majority thereof.

And that each and every of the stipulations and agreements herein contained shall be binding upon the successor or successors, survivor or survivors, and assigns respectively, of the parties hereto.

The said parties of the second part hereby severally accept the trusts created by these presents.

In witness whereof, The said Chicago, Burlington and Northern Railroad Company, party of the first part, has caused its corporate name to be hereunto, and to fifteen other originals, subscribed, and its corporate seal to be hereto attached by its President, and the same to be attested by its Secre-

1518 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

tary; and the said parties of the second part have also hereunto, and to the fifteen other originals, set their hands and seals, all on the day and year first above written.

On this fifth day of December A. D. 1885, before me, a Notary Public in and for said County of Suffolk, duly commissioned to take acknowledgments and proofs of deeds and other instruments in writing, under seal, personally came A. E. Touzalin, President, and J. Murray Forbes, Secretary of the Chicago, Burlington and Northern Railroad Company, to me known to be such President and Secretary, and to be the persons who executed the foregoing instrument, and whose names are thereto subscribed as such officers, and severally duly acknowledged the same to be their free and voluntary act and deed as such President and Secretary, and the free and voluntary act and deed of the said Chicago, Burlington and Northern Railroad Company, for the uses and purposes therein expressed; and the said A. E. Touzalin and J. Murray Forbes, being by me first duly sworn, did depose and say: That they are respectively President and Secretary, as hereinbefore stated, of said Railroad Company; that they know the corporate seal of the said Company; that the seal affixed to the foregoing instrument is the corporate seal of said Railroad Company; that it was affixed thereto by order of said Company duly made, and that they signed their respective names thereto as such President and Secretary by the like order.

In witness whereof, I hereunto set my hand and official seal, this fifth day of December, A. D. 1885.

APPOINTMENT, December 2, 1885, of J. Murray Forbes, Agent and A. E. Touzalin, Agent with Power of Attorney for S. H. Mallory & Co.

* * * * *

Whereas, we, S. H. Mallory & Company, of Chariton, Iowa, on the twenty first (21st) day of November 1885, entered into a contract with the Chicago, Burlington and Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota, to build and equip the railroad of said Company; in payment for which we are to receive Six million dollars (\$6,000,000.) of the full paid Capital Stock of said Company, and Six million dollars (\$6,000,000.) of its first mortgage bonds; and also on the second day of December 1885 entered into a contract with the Chicago, Burlington and Northern Railroad Company of Illinois to build and equip the railroad of that Company; in payment for which we are to receive Three million dollars (\$3,000,000.) of the full paid Capital Stock and Three million dollars (\$3,000,000.) of the first mortgage bonds of said consolidated Chicago, Burlington and Northern Railroad Company of the States of Wisconsin and Minnesota, and

Whereas we, said S. H. Mallory & Company, desire to sell and dispose of said stock and bonds, amounting to Nine million dollars (\$9,000,000.) of each, at the highest possible figures in order to raise the necessary money for building and equipping said railroads and carrying out both our said contracts in a manner satisfactory to said Railroad Companies, and cannot ourselves advantageously sell and dispose of said stock and bonds.

Now Therefore, in order to sell said stock and bonds to the best advantage and to have said railroads built and equipped in a manner satisfactory to the said Companies, we hereby irrevocably appoint J. Murray Forbes of Milton, Massachusetts, our agent to call for and have issued and delivered to him at such times and in such installments as he may request, and to receive said Nine million dollars (\$9,000,000.) of Capital Stock and Nine million dollars (\$9,000,000.) of first mortgage bonds, which by the terms of said contracts are to be paid to us by said Railroad Companies, giving to said Forbes full power to sell and dispose of the same to such persons and upon such terms as he shall think best, and to receive and receipt for all such money accruing from such sales.

We also hereby irrevocably appoint A. E. Touzalin our agent with full power to make and sign and approve sub-contracts for the building of said railroads and for obtaining material and equipment therefor, and to perform such other acts as may be necessary to push said contracts to speedy completion; payment for such building, material and equipment will be made by our said agent, J. Murray Forbes, as and when called for by said Touzalin, and

We hereby further authorize and empower said Forbes to use expend and dispose of so much of the money received by him as our Agent from the sale of said stock and bonds as may be necessary in carrying out the sub-contracts made or approved by said Touzalin for building and equipping said Railroads aforesaid and in carrying out our obligation under said contracts, it being understood and agreed that the books of account kept by said J. Murray Forbes as Treasurer of said Consolidated Chicago, Burlington and Northern Railroad Company, showing the receipts of money and expenditures of the same, shall be treated and considered as showing the accounts between him and us, said Mallory & Company, and that, as said agent, he shall not be obliged or required to keep any other books of account.

In Witness Whereof, we hereunto set our hands and seals, this second (2nd) day of December, 1885.

S. H. MALLORY & Co. [SEAL]

Signed sealed and delivered in presence of
J. J. BURNS.

RELEASE OF MORTGAGE, July 2, 1908, Henry Parkman and T. Jefferson Coolidge Jr., Trustees, to Chicago, Burlington & Northern Railroad Company [Wisconsin and Minnesota].

* * * * *

Whereas, the Chicago, Burlington & Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota and organized and existing under the laws of said States by indenture of mortgage bearing date the first day of December 1885, in and for the consideration therein named and to secure the payment of the bonds therein specified, did convey certain described property unto Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, their survivors and successors in said trust and assigns; and

Whereas, said mortgage has been recorded as follows:

December 10, 1885, in the office of the Secretary of State of Minnesota, Book 3 of General Railroad Records, Page 422.

December 11, 1885, in the office of the Register of Deeds for Washington County, Minnesota, Book W of Mortgages, Page 174.

December 14, 1885, in the office of the Register of Deeds for Ramsey County, Minnesota, Book 107 of Mortgages, Page 10.

December 9, 1885, in the office of the Secretary of State for Wisconsin, Volume 7 of Railroad Mortgages, Page 231.

December 9, 1885, in the office of the Register of Deeds for Trempealeau County, Wisconsin, Book 19 of Mortgages, Page 409.

December 10, 1885, in the office of the Register of Deeds for Crawford County, Wisconsin, Book L of Mortgages, Page 318.

December 9, 1885, in the office of the Register of Deeds for Vernon County, Wisconsin, Book U of Mortgages, Page 283.

December 8, 1885, in the office of the Register of Deeds for LaCrosse County, Wisconsin, Book 32 of Mortgages, Page 83.

December 10, 1885, in the office of the Register of Deeds for Pepin County, Wisconsin, Book H of Mortgages, Page 578.

December 9, 1885, in the office of the Register of Deeds for Buffalo County, Wisconsin, Book 15 of Mortgages, Page 285.

December 19, 1885, in the office of the Register of Deeds for Pierce County, Wisconsin, Book 30 of Mortgages, Page 387.

December 10, 1885, in the office of the Register of Deeds for Grant County, Wisconsin, Volume 38 of Mortgages, Page 113.

and

Whereas, all the bonds issued under and secured by said mortgages have been fully paid and cancelled and all the agreements under said mortgage have been carried out on the part of said Railroad Company; and

Whereas, said J. Malcolm Forbes and Lucius M. Sargent are no longer Trustees under said mortgage; and

Whereas, T. Jefferson Coolidge, Jr. of Boston, Massachusetts, has been duly appointed as successor in trust to said Lucius M. Sargent;

Now therefore, We, Henry Parkman, as Trustee, and T. Jefferson Coolidge, Jr., as successor in trust, respectively under said mortgage, hereby certify that the same has been, and is, fully paid and satisfied, in all respects, and that we, as such Trustee and successor in trust respectively, hereby release and discharge the property covered by said mortgage of and from the lien thereof.

In witness whereof, We have hereunto set our hands and seals this second day of July, A. D., 1908.

TRUST MORTGAGE, June 1, 1888, Chicago, Burlington & Northern Railroad Company [Wisconsin, Minnesota] to the American Loan and Trust Company.

* * * * *

This Indenture of Mortgage, made this first day of June, in the year of our Lord one thousand eight hundred and eighty-eight, by and between the Chicago, Burlington and Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota, and organized and existing under the laws of said States, party of the first part (hereinafter referred to as the first party), and the American Loan and Trust Company, a corporation duly organized under the laws of the Commonwealth of Massachusetts, trustee, for the uses and purposes and upon the terms and conditions herein stated, party of the second party (hereinafter referred to as the trustee).

Whereas, the first party is now the owner of a line of railroad extending from a point on the State line between the States of Illinois and Wisconsin, in Grant County, Wisconsin, near the city of East Dubuque, in the State of Illinois, northerly to a point on the west boundary line of the State of Wisconsin, near the town of Prescott, on the St. Croix River, in Pierce County, Wisconsin, and thence northwesterly in the State of Minnesota to and into the city of St. Paul, a distance of about two hundred and forty-five 16/100 (245.16) miles, and also of certain branches, to wit, the La Crosse freight line, six 12/100 miles in length; the La Crosse and Black River line, one 48/100 miles in length, and the Winona Branch line, two 72/100 miles in length, said main line and branches making a total mileage of about two hundred and fifty-five 48/100 miles; and the Chicago, Burlington and Northern Railroad Company of Illinois, a corporation created and organized under and in conformity with the laws of the said State of Illinois, is now the owner of a line of railroad extending from a point in the town of Oregon, in Ogle County, Illinois, westerly to and into the town of Savanna

in Carroll County, Illinois, and also from a point in the city of Fulton, in Whiteside County, Illinois, northerly to a connection with the above-mentioned railroad in the town of Savanna, and thence northerly to the boundary line of the State of Wisconsin, in Jo Daviess County, Illinois, a distance of one hundred and three 40/100 miles, there meeting and connecting with the railroad of said first party and making with it one continuous line of railroad from St. Paul to Fulton and Oregon, Illinois (at which points it connects with the railroad system of the Chicago, Burlington and Quincy Railroad Company), and also of a certain branch, to wit, the Galena Branch line, extending from a point near the mouth of the Galena River to and into the town of Galena, Illinois, and being three 60/100 miles in length; said main line and branches of said Illinois Company making a total mileage of one hundred and seven miles, and the railroads owned by the first party and the said Chicago, Burlington and Northern Railroad Company of Illinois making together a total mileage of about three hundred and sixty-two 50/100 miles; and

Whereas, the first party, on the first day of December, A. D. 1885, made and executed a certain mortgage to Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, of Boston, in the State of Massachusetts, trustees, of all its railroad, railroad properties, franchises and appurtenances, as therein described, and of three million dollars (\$3,000,000) of the construction bonds, and three million dollars (\$3,000,000) of the capital stock of the Chicago, Burlington and Northern Railroad Company of Illinois, to secure the payment of the five per cent bonds of the first party to the total amount of nine million dollars (\$9,000,000), payable on the first day of April, A. D. 1926; and

Whereas, the first party has also issued and now has outstanding its debenture bonds or notes to the amount of two million two hundred and fifty thousand dollars, dated Dec. 1, A. D. 1886, payable Dec. 1, A. D. 1896, bearing six per cent (6%) interest, and unsecured by any mortgage, in and by which said debenture bonds or notes it is provided "that whenever the said company shall make any further mortgage covering any of the railroad of said company described in and covered by said first mortgage, such further mortgage, which, under all circumstances, is to be limited to ten thousand dollars per mile, shall provide that out of the bonds issued thereunder, an amount, the principal of which shall be equal in face value to the principal of said debentures then outstanding, shall be reserved, and the proceeds thereof shall be applied only to the payment of an equal amount of said debentures"; and

Whereas, the first party is authorized by the statutes and laws aforesaid, and by the terms of its organization, to execute trust mortgages of its railroad and franchises connected therewith, and of its other property, to secure the payment of bonds issued for the objects and purposes herein set forth; and

Whereas, the first party is desirous of borrowing money to an amount not exceeding three million six hundred and twenty-five thousand (\$3,625,000) dollars, for the purpose of completing, improving and maintaining its lines of railroad, and of providing for the payment of said debentures now out-

standing, and of furnishing aid to said Chicago, Burlington and Northern Railroad Company of Illinois, as it is authorized by law to do, and for other purposes; and at a meeting of its Board of Directors, duly called and held at its office in the city of Boston, Massachusetts, on the fourteenth day of August, 1888, did resolve to execute and issue its bonds of the date of June 1, 1888, having 30 years from June 1, 1888, to run to maturity, bearing interest from and after June 1, 1888, at the rate of not over six (6%) per centum per annum, payable semi-annually on the first days of June and December in each year, the first coupon for six (6) months' interest to be payable Dec. 1, 1888, and the principal to be payable June 1, A. D. 1918, both principal and interest to be payable at the office of the company in the city of Boston, Massachusetts, or at such other place or places as the Board of Directors may appoint; said bonds, however, to be redeemable at par and accrued interest on June 1, 1898, or on any coupon day thereafter, and to be in the form and contain the provisions following, that is to say:—

UNITED STATES OF AMERICA

CHICAGO BURLINGTON AND NORTHERN RAILROAD COMPANY.

No..... SECOND MORTGAGE % BONDS. No....

Know all men by these presents, That the Chicago, Burlington and Northern Railroad Company, a consolidated corporation duly created and organized under the laws of the States of Wisconsin and Minnesota, is indebted to the American Loan and Trust Company, a corporation duly organized under the laws of the Commonwealth of Massachusetts, in the sum of one thousand dollars in the lawful money of the United States of America, which the said railroad company promises to pay, at its office in Boston, Massachusetts, to the bearer hereof, or, in case of registration, to the registered holder, on the first day of June, A. D. 1918, together with interest thereon from and after the first day of June, A. D. 1888, at the rate of per cent per annum, payable semi-annually at the office of the company in Boston, or at such other places as the directors of said railroad company may from time to time designate, on the first days of June and December in each year, on the presentation and surrender of the annexed coupons as they severally become due, in accordance with their provisions. Said coupons to be paid to the bearer thereof, whether the bond is registered or not, and the company may, but shall not be obliged to, require proof of ownership of any coupon before paying the same, and payment thereof to the person presenting the same shall in any case discharge the company. This bond shall pass by delivery unless registered, or, if registered, by transfer upon the books of the company, in the city of Boston, or at such other places as the company may hereafter appoint. After registration of ownership, certified hereon by the treasurer or transfer agent, this bond shall not pass by delivery unless the last transfer on the books of the company shall have been to bearer; the bond to be subject to successive registrations and transfers to bearer at the option of the lawful holder.

This bond is one of a series of second mortgage bonds amounting in the aggregate to three million six hundred and twenty-five thousand dollars, issued by the Chicago, Burlington and Northern Railroad Company, payable

to the American Loan and Trust Company or bearer: all bearing even date herewith, and secured by a second mortgage upon all its said railroad and all the property and franchises thereto belonging, not including, however, any future branches or extensions thereof. Bonds of the Chicago, Burlington and Northern Railroad Company of the State of Illinois, to the amount of one million and seventy thousand dollars (\$1,070,000), secured by a second mortgage upon its road, have been conveyed to, and are to be held by, the said trustee for further and additional security, as provided in the mortgage securing the bonds of this issue.

The Chicago, Burlington and Quincy Railroad Company, and the Chicago and Iowa Railroad Company, have agreed to devote, for twenty years, one half of their net earnings on all business to and from the Chicago, Burlington and Northern Railroad to the annual purchase of the first mortgage bonds of this company, at not above one hundred and five (105) and accrued interest; and the Chicago, Burlington and Quincy Railroad Company has guaranteed that after the said railroad is open for business through to St. Paul, the amount so invested in each year shall not be less than one hundred thousand dollars (\$100,000) for twenty years from such date.

The Chicago, Burlington and Northern Railroad Company hereby reserves the right to redeem all the bonds of this issue on the first day of June, A. D. 1898, or on any coupon day thereafter before the maturity of the bonds, at par and accrued interest, by giving, in either case, notice of its intention so to do, by publication once each week for the six months next preceding the date fixed for their redemption, in one daily newspaper published in each of the cities of Boston and New York.

This bond is to be valid only when authenticated by a certificate indorsed hereon, signed by the trustee above named.

In Witness Whereof, the Chicago, Burlington and Northern Railroad Company has caused its corporate seal to be affixed to this bond, and the same to be signed by the chairman of its finance committee and its treasurer, thereunto duly authorized, under the date of June 1, A. D. 1888.

Chicago, Burlington and Northern R. R. Company.

by

Treasurer

Chairman of Finance Committee.

and did also resolve to secure the payment of the same, both principal and interest, by a second mortgage of its said railroad, branches, franchises and other corporate property of every nature and kind, to said party of the second part, as trustee, for the benefit and security of the holders of said bonds, which said bonds shall be authenticated by a certificate signed by the trustee as being issued under and secured by said mortgage.

Now, Therefore, this Indenture Witnesseth: That the first party, in order to secure the payment of its said bonds to be issued as aforesaid, and the interest thereon, and in consideration of one dollar (\$1.00) to it in hand paid by the party of the second part at the ensembling and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, transferred and conveyed, and by these presents does grant, bargain, sell, transfer and convey to the party of the second part as trustee, and to

its successors in said trust and assigns, all the following described property, to wit:—

All the present and in the future to be acquired property of the first party, in and relating to its railroad, except future extensions and branches, and all the right, title, interest and equity of redemption therein; that is to say, all of said railroad of the first party extending from a point on the State line between the States of Illinois and Wisconsin, in Grant County, Wisconsin, near the city of East Dubuque, in the State of Illinois, where it connects with the railroad of said Chicago, Burlington and Northern Railroad Company of Illinois, northerly into and through the counties of Grant, Crawford, Vernon, La Crosse, Trempealeau, Buffalo, Pepin and Pierce, in the State of Wisconsin, to a point on the west boundary line of said State of Wisconsin, near the town of Prescott, in said Pierce County, thence northwesterly into and through the counties of Washington and Ramsey, in the State of Minnesota, to and into the city of St. Paul, Minnesota, a distance of about two hundred and forty-five 16/100 miles, and also its said branches now built, to wit: the La Crosse freight line, six 12/100 miles in length; the La Crosse and Black River line, one 48/100 miles in length, and the Winona Branch line, two 72/100 miles in length, including therein the rights of way, road-bed, superstructure, all the lands, depots, depot grounds, station houses, viaducts, fences, bridges, timber and materials appurtenant to or to become connected with said railroad and branches, and all property purchased or to be purchased for said railroad and branches; also all engines, tenders, cars and machinery, and all other kinds of rolling stock belonging to or which may hereafter be acquired by the first party, all of which shall be suitably designated and marked, but not including cars and other rolling stock purchased for use upon future extensions or branches; but this clause shall not be so construed as to prevent the first party from selling any materials or rolling stock, in the ordinary course of its business, to be replaced by new, which shall immediately vest in the trustee without any further conveyance; also all the rights, privileges and franchises of the first party relating to said railroad, and property acquired by virtue thereof, now in possession, or which may hereafter be acquired, including all machine shops, implements and tools contained therein, or along the line of said railroad, although the same may not be herein specifically mentioned; also all the construction bonds, amounting to three million dollars (\$3,000,000), and all of the capital stock, amounting to three million dollars (\$3,000,000), of said Chicago, Burlington and Northern Railroad Company of Illinois, which said stock and bonds were purchased from said Illinois Company for the money furnished to it for the construction of its railroad, and were by the first party assigned, transferred and conveyed to Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, trustees, under its said first mortgage as and for further and additional security for the payment of the bonds secured by said first mortgage; also all the revenues and income of the first party; also any and all right, title, interest and property which the first party may at any time hereafter acquire in or to said railroad of said Chicago, Burlington and Northern Railroad Company of Illinois, whether by lease, purchase, consolidation or otherwise, but not including any extensions or branches which

may in the future be built by either of said companies, and belong to or be acquired by the first party; the premises hereinbefore conveyed being subject to the prior lien created by the said mortgage to Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, trustees, dated December 1st, A. D. 1885, and part of the rolling stock belonging to the first party being also subject to the prior lien created by an equipment mortgage to Francis Peabody, Jr., E. V. R. Thayer and Nathaniel H. Stone, dated February 1st, A. D. 1888; and also the second mortgage bonds of the said Chicago, Burlington and Northern Railroad Company of Illinois, amounting to one million and seventy thousand dollars (\$1,070,000), which said second mortgage bonds were issued by said Illinois Company for the purpose of raising money to pay an indebtedness incurred by it for completing, finishing, improving and operating its lines of railroad and to complete, finish, improve and operate its lines of railroad, and were purchased from said Illinois Company and are now held and owned by the first party, and are hereby by it assigned, transferred and conveyed to the trustee, as and for further and additional security for the payment of the bonds secured by this indenture, subject, however, to the provisions relating thereto hereinafter contained.

The first party reserves the right to redeem all the bonds of this issue on June 1, 1898, or on any coupon day thereafter before the maturity of the bonds, at par and accrued interest, by giving, in any case, notice of its intention so to do, by publication once each week for the six months next preceding the date fixed for their redemption, in one daily newspaper published in each of the cities of Boston, Massachusetts, and New York, N. Y.

To have and to hold the said railroad of the first party, and said branches thereof, and all the other property and interests above mentioned or intended to be included, and all and singular said premises and every part thereof, with the appurtenances, unto the trustee and its successors in said trust and assigns; but for the following purposes, and upon the following express trusts, that is to say:—

In case the first party shall make default in the payment of taxes and assessments, as herein provided, after thirty days' notice in writing by the trustee requiring the payment thereof; or shall fail to pay the principal or any part thereof, or any of the interest on any bond secured or intended to be secured hereby at any time when and where the same may become due and payable according to the tenor thereof, and for sixty (60) days thereafter, then and in such case, at the written request of the holders of one tenth (1-10) of said bonds at the time outstanding, the trustee, its successors in said trust or assigns, may, upon being indemnified by the parties making the application, enter into and take possession of said railroad of the first party and said branches thereof, and all other property, rights and interests hereby conveyed or intended to be conveyed, and as attorney in fact and agent of the first party, by itself or its agents duly constituted, have, use and employ the same and receive the revenues therefrom, making from time to time all needful repairs, alterations and additions thereto, and after indemnifying themselves from loss, damage or liability arising from the management of said trust, apply the net earnings of said railroad, branches, franchises and the other property hereby conveyed, less such an amount as

may be necessary for the payment of taxes and assessments and a reasonable compensation to the trustee, to the payment of all such interest on said bonds as may at that time remain in arrear and unpaid, in the order in which such interest shall have become or shall become due, ratably to the persons holding the coupons evidencing the right to such interest; but when and as soon as the trustee, out of such net earnings, shall have paid off all such arrears of interest, and of taxes and assessments, or such net earnings in its hands shall be sufficient for that purpose, it shall redeliver said railroad, branches and property to the first party: provided, however, that nothing in this provision contained shall be deemed or construed to preclude the trustee proceeding to foreclose this mortgage in the manner hereinafter provided; or the trustee, its successors in said trust or assigns, at their discretion may, and upon the written request of the holders of one tenth (1-10) of said bonds then unpaid, shall upon being indemnified by the parties making the application in case such mode of foreclosure shall at that time be authorized or permitted by law, cause said premises and property, including said construction bonds and said capital stock and said second mortgage bonds of said Illinois Company, to be sold at public auction at La Crosse, in said State of Wisconsin, after giving sixty (60) days' notice of the time, place and terms of such sale, by publishing the same at least four times in each week in one or more of the principal newspapers for the time being published in each of the cities of Boston, Massachusetts, New York, N. Y., and La Crosse, Wisconsin, and upon such sale execute to the purchaser or purchasers thereof a good and sufficient deed or deeds of conveyance in fee simple for all the property held by the first party under such title, and a suitable and effective conveyance and assignment for all leaseholds and other property held by the first party and sold by the trustee, which conveyances shall be a bar to the first party, its successors and assigns, and all persons claiming under it or them, of all right, title, interest and claim in or to said premises or any part thereof.

And in case of such default in the payment of the principal or interest of said bonds, or in the performance of any of said covenants, continued for sixty days as aforesaid, the principal of all of said bonds, upon notice to that effect, to be given by the trustee in its discretion and to be served in writing upon the treasurer of the first party, shall become and be at once due and payable, and shall be held and deemed to be so due and payable for the purposes of foreclosure and sale under this instrument and for all other purposes whatever.

The trustee shall, after deducting from the proceeds of such sale the costs and expense thereof, and of the management of said property, and sufficient to pay all taxes and assessments and a reasonable compensation to itself for its services, and to indemnify and save itself harmless from and against all liability arising from this trust, appropriate and apply so much of the proceeds of said property as may be necessary to the payment in full of the principal and accrued interest of said bonds then remaining unpaid, whether then due and payable or not, and shall restore the residue thereof to the first party, its successors and assigns; and in case said proceeds shall not be sufficient for such payment in full, then to appropriate and apply the same,

without preference, ratably to the payment of all of such unpaid principal and interest.

It is understood and agreed that in no case shall any claim be made under, or advantage taken by, the first party, its successors or assigns, of valuation, appraisement, redemption or extension laws now in force or hereafter enacted; nor any injunction or stay of proceedings be prayed for or had, or any process be obtained or applied for by it or them to prevent such entry, sale and conveyance as aforesaid.

And further, that in case the trustee, its successors in said trust or assigns, shall, for any reason, omit to avail themselves of any such default as aforesaid, such omission shall not prejudice or impair the rights or remedies of the trustee, its successors in said trust or assigns, to avail themselves of any other or further neglect or default of the first party.

Nor shall the above remedies provided for in cases of default exclude the trustee or its successors, if they shall so elect, from any other legal or equitable remedies they may be entitled to in the premises, including any other legal mode of foreclosing this mortgage.

And the first party, for itself and its successors, hereby agrees to execute and deliver any further reasonable and necessary conveyance and assignment of said premises, or any part thereof, to the trustee or its successors in said trust or assigns, which counsel of the trustee, at any time, may advise, for the more effectually vesting the title to the property hereby granted, or intended to be conveyed, in the trustee, or its successors and assigns; and for the more fully carrying into effect the objects and purposes of these presents.

It is hereby also mutually agreed and understood that it shall be lawful for the first party, its successors and assigns, to retain possession of said property hereby conveyed, and to receive and dispose of the current revenues of said railroads, branches and property hereby conveyed, as it or they shall deem proper, until default shall be made in the payment of the principal or interest of the bonds hereby secured, or some part thereof, or of taxes and assessments, as herein provided; and further, that the first party hereby covenants to pay all taxes and assessments that may be lawfully levied or assessed upon its said railroad, branches and property connected therewith, as they shall respectively become due and payable.

And that, upon full and final payment of the principal and interest of said bonds, issued under and secured by this instrument, the estate hereby granted to the trustee shall be void, and the right and title to the premises and property hereby conveyed shall revert to and revest in the first party, its successors and assigns, without any acknowledgment of satisfaction, reconveyance, re-entry or other act.

And further, that all bonds issued and secured by this indenture, and the proceeds thereof, shall be used for and appropriated to the objects and purposes herein contemplated.

And further, that the bonds issued under and secured by this trust mortgage are to be issued and used only when and so fast as the same and the proceeds thereof shall be required by the first party, its successors and assigns, for the objects and purposes herein mentioned or contemplated, and

said bonds shall at any and all times be certified by the trustee, its successors in said trust or assigns, upon the written application of the first party.

And it is further covenanted and agreed, that the trustee shall collect the interest on said second mortgage bonds of said Chicago, Burlington and Northern Railroad Company of Illinois, hereby transferred to them, and, when so collected, as long as the terms of this mortgage are complied with by the first party, shall, on the first days of June and December in each year, pay over the same to the first party.

And further, in case and as soon as the first party shall become the owner in fee of the railroad of said Chicago, Burlington and Northern Railroad Company of Illinois, or become consolidated with that company, the title to said railroad and property shall, subject to the lien of the first mortgage as aforesaid, thereupon immediately inure to the trustee, its successors in said trust and assigns, for the objects and purposes of this trust, and the first party shall thereupon make apt and suitable conveyances thereof to the trustee or its successors in said trust; and that thereupon or at any time thereafter, at the option of the first party, it shall have the right to withdraw such construction bond or bonds as are secured by mortgage thereon, and said capital stock and said second mortgage bonds of said Illinois Company from the operation of this indenture, and the trustee, upon request of the first party in writing therefor, shall assign and redeliver said capital stock, and shall cancel and redeliver said construction bonds and said second mortgage bonds to the first party, its successors and assigns; and said mortgages of said Chicago, Burlington and Northern Railroad Company of Illinois, securing said construction bonds and said second mortgage bonds, shall thereupon be discharged of record.

It is hereby expressly understood and declared that this trust mortgage is made subject to said first mortgage hereinbefore mentioned, executed by the first party on its railroad and other property, as hereinbefore stated, to Henry Parkman, J. Malcolm Forbes and Lucius M. Sargent, dated December 1, 1885, and also subject to the equipment mortgage hereinbefore mentioned, executed by the first party on part of its rolling stock, as hereinbefore stated, to Francis Peabody, Jr., E. V. R. Thayer and Nathaniel H. Stone, dated February 1, 1888.

It is further mutually agreed that the said trustee, its successor and successors in said trust, shall only be accountable for gross negligence or wilful default in the management thereof, and shall not be responsible for the acts of any agent employed by it or them, when such agent shall have been selected with reasonable discretion.

And that said trustee, its successor or successors in said trust, shall be entitled to reasonable compensation for its labor, services and expenses in the management of the same.

In the event of the resignation or inability to act of said trustee, or any trustee of these presents, which inability shall be determined and declared by resolution of the board of directors of the first party, the first party shall, by a vote of its directors, proceed to designate a successor or successors in said trust, and shall notify the bondholders of such designation by an advertisement in one daily newspaper in each of the cities of Boston and New

York, to be published three times a week for three successive weeks, and thereupon, unless the holders of a majority in amount of the bonds then outstanding shall, in writing, within thirty days from the last publication of such notice, notify the first party of their dissent from such appointment, the same shall stand, and shall by the first party be indorsed hereon.

In case such majority of the bondholders shall dissent as aforesaid from said appointment designated by the first party, and no agreement is made between the first party and such majority upon an appointment to fill such vacancy, within sixty (60) days from the last publication of said notice to the bondholders, then, upon the application of any bondholder under these presents, after notice to the first party, or upon the application of the first party, a new trustee or trustees may be appointed by the judge of any court having jurisdiction of the premises.

If either the first party or a majority in interest of the bondholders hereunder shall desire to remove any trustee or trustees of these presents, and substitute other trustee or trustees in its or their place, they shall have the right so to do in the manner following, to wit: Such majority of the bondholders shall have the right, in a written communication to the first party, to express their desire for such change, and shall designate a successor or successors to take the place of the trustee or trustees they desire to have removed; and if such change and such new appointment shall be assented to by a vote of the directors of the first party, such new appointment shall stand, and it shall be by the first party indorsed hereon.

In like manner the first party, by vote of its directors, may declare its desire to make such change of trustee or trustees hereunder, and designate a successor or successors to succeed in said trust, and shall notify the bondholders thereof by an advertisement in one daily newspaper in each of the cities of Boston and New York, to be published three times a week for three successive weeks; and thereupon, if a majority in interest of the holders of all the outstanding bonds shall, in writing, within thirty days from the last advertisement, notify the first party of their dissent from such appointment of trustee or trustees, such appointment shall be void; otherwise, the appointment shall stand, and be by the first party indorsed hereon.

The person or persons, or corporation, so chosen or appointed in whatever manner as trustee, or named in such judge's appointment, shall thereupon be and become the trustee or trustees for the time being of these presents as fully to all intents and purposes as if these presents had been in the first place executed and delivered to such person, persons or corporation.

But, should it be thought desirable or necessary by the counsel of the trustee or trustees, the parties hereto shall execute and deliver, or cause to be executed and delivered, such releases and conveyances as counsel shall advise to be necessary.

And each person or corporation appointed or chosen as trustee, in whatever method, shall indorse an acceptance of such appointment upon this indenture.

It is further understood that during a vacancy for any cause, the remaining trustee or trustees, if any, shall, until such vacancy shall be filled, be fully empowered to execute all the provisions of this trust.

And that each and every of the stipulations and agreements herein contained shall be binding upon the successor or successors, survivor or survivors, and assigns, respectively, of the parties hereto.

The said trustee hereby accepts the trust created by these presents.

In Witness Whereof, the said Chicago, Burlington and Northern Railroad Company, party of the first part, has caused its corporate name to be hereunto, and to fifteen (15) other originals, subscribed and its corporate seal to be hereto attached by William Powell Mason, the chairman of its finance committee, and the same to be attested by its secretary, and the said trustee has also hereunto, and to the fifteen (15) other originals, caused its corporate name to be subscribed, and its corporate seal to be hereto attached, by its president, and the same to be attested by its actuary, all on the day and year first above written.

The Chicago Burlington & Northern R. R. Co.,
by WILLIAM POWELL MASON,
Chairman of the Finance Committee.

STATE OF MASSACHUSETTS, }
COUNTY OF SUFFOLK. } ss.

Be it remembered that on this 23rd day of October A. D. 1888, before me, a notary public residing in Boston, in said County duly commissioned to take acknowledgments and proofs of deeds and other instruments in writing, under seal, personally came William Powell Mason, the Chairman of the Finance Committee of the Chicago, Burlington and Northern Railroad Company, who is known to me to be the person whose name is signed to the foregoing deed of conveyance, and who, being by me duly sworn, deposes and says, that he resides in said Boston; that he is the Chairman of the Finance Committee of said Chicago, Burlington and Northern Railroad Company; that the seal affixed to the foregoing conveyance is the corporate seal of said company; that it was affixed by order of said company, and that he signed the corporate name of said company to said conveyance, by like order, as the Chairman of the Finance Committee of said company; and acknowledged that he executed and delivered the said deed on behalf of said company, as his free and voluntary act, and that the said company

also executed said conveyance, as its free and voluntary act, for the uses and purposes therein set forth.

In witness whereof, I hereunto set my hand and official seal, this twenty-third day of October A. D. 1888.

RELEASE, February 19, 1908, American Trust Company, formerly American Loan and Trust Company, Trustee to Chicago, Burlington & Northern Railroad [Wisconsin and Minnesota].

* * * * *

Whereas, the Chicago, Burlington & Northern Railroad Company, a consolidated corporation of the States of Wisconsin and Minnesota and organized and existing under the laws of said States, by indenture of mortgage bearing date the first day of June, A. D. 1888, in and for the consideration therein named and to secure the payment of the bonds therein specified, did convey certain described property unto the American Loan & Trust Company, and

Whereas, said mortgage has been recorded as follows:

October 29, 1888, in the office of the Secretary of State for Minnesota, Book 4, General Railroad Records, page 472.

October 29, 1888, in the office of the Register of Deeds for Ramsey County, Minnesota, Book 170 of Mortgages, page 225.

October 29, 1888, in the office of the Register of Deeds for Washington County, Minnesota, Book 2 of Mortgages, page 491.

October 30, 1888, in the office of the Register of Deeds for Pierce County, Wisconsin, Book 41 of Mortgages, page 315.

and

Whereas, by Act of the Legislature of the Commonwealth of Massachusetts the name of the American Loan and Trust Company was changed in February, 1907, to American Trust Company; and

Whereas, all the bonds issued under and secured by said indenture of mortgage have been fully cancelled;

Now, therefore, the American Trust Company, Trustee under said mortgage hereby releases and discharges the property covered by said mortgage of and from the lien thereof.

In witness whereof, the American Trust Company, Trustee as aforesaid, has caused its corporate name to be subscribed and its corporate seal to be hereto attached by its President, and the same to be countersigned by its Secretary, this Nineteenth day of February, A. D. 1908.

Be it remembered, that on this Nineteenth day of February, A. D., 1908, before me, Eugene W. Leighton, a Notary Public, residing in Newtonville, Mass., duly commissioned to take acknowledgments and proofs of deeds and other instruments in writing under seal, personally came R. G. Fessenden, the President of the American Trust Company, Trustee, who is known to me to be the person whose name is signed to the foregoing deed of release, and who, being by me duly sworn, deposes and says that he resides in Boston, Mass.; that he is the President of the American Trust Company; that the seal affixed to the foregoing conveyance is the corporate seal of said Company; that it was affixed by order of said Company, and that he signed the corporate name of said Company to said release by like order, as President of said Company, and acknowledged that he

executed and delivered the said deed on behalf of said Company as his free and voluntary act; and that the said Company also executed said conveyance as its free and voluntary act, for the uses and purposes therein set forth, as such Trustee.

In witness whereof, I have hereunto set my hand and official seal this Nineteenth day of February, A. D., 1908.

EUGENE W. LEIGHTON, *Notary Public*.

My commission expires February 5th, 1909.

LEASE, March 1, 1889 (Effective May 1, 1899), Chicago, Burlington & Northern Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture of Lease made and entered into this first day of March, A. D. 1899, by and between the Chicago Burlington & Northern Railroad Company, a consolidated corporation created, organized and existing under and by virtue of the laws of the States of Wisconsin and Minnesota, party of the first part, and the Chicago, Burlington and Quincy Railroad Company, a corporation created, organized and existing under and by virtue of the laws of the State of Illinois, party of the second part;

Witnesseth: That, Whereas the party of the first part is the owner of and maintains and operates a railroad extending from a point on the south boundary line of the State of Wisconsin, in Grant County, at or near the City of East Dubuque, in the State of Illinois, thence northerly to a point on the west boundary line of the State of Wisconsin, in or near the town of Prescott, on the St. Croix River, in Pierce County, Wisconsin; thence in a northwesterly direction to and into the City of Minneapolis, Minnesota, via and through the City of St. Paul, Minnesota; the length of said railroad of the first party being about two hundred and sixty (260) miles; and,

Whereas, the said first party has heretofore, in order to procure funds to pay for the construction and equipment of its road, and for other purposes, been compelled to borrow large sums of money, for which it has issued its mortgage bonds, for which the said first party is now liable, together with the interest thereon; and,

Whereas, the said party of the second part operates a line of railroad extending from Chicago, Illinois, to the said point on the boundary line between the States of Illinois and Wisconsin, where it connects with the railroad of the first party; and it is believed to be for the mutual interest of the two companies and of the public, that the said first party's railroad and its equipment and other property shall be leased to and operated by the party of the second part; and,

Whereas, with this purpose in view, meetings of the respective boards of directors of said corporations have been duly and legally called and held, at which the lease and agreements herein contained were considered and acted upon, subject to the approval of the stockholders of the party of the first part; and,

Whereas, more than four-fifths of the said stockholders of the party of the first part have approved this lease in writing, as shown and indicated by their written instrument of approval hereto annexed,

Now therefore, this Indenture Witnesseth: That the party of the first part, the Chicago, Burlington & Northern Railroad Company, in consideration of the stipulations and agreements herein contained, to be kept and performed by the party of the first part, has granted, demised and leased, and does hereby grant, demise and lease to the said party of the second part, the Chicago, Burlington & Quincy Railroad Company, its successors and assigns, for the period hereinafter specified, all and singular its railroad above described, extending from the point on the boundary line between the States of Illinois and Wisconsin, to and into the City of Minneapolis, Minnesota, together with all rights of way and depot and other lands, or interests therein, belonging to or connected with the said railroad or any part thereof; all station houses, shops, offices and other buildings and structures of whatsoever kind belonging thereto, or used in connection therewith, together with all fixtures and appurtenances of said railroad; and all in singular the equipment and rolling stock of the said railroad, and every part thereof, including engines, cars and all tools and machinery of every kind, connected with the equipment of said railroad, together with all other property of every kind and description belonging to or appertaining to the said railroad and its branches, or any part or portion thereof.

To Have and to Hold the said railroad and its equipment and the premises and property above mentioned and described, unto the said Chicago, Burlington & Quincy Railroad Company for and during the period hereinafter named.

The said party of the second part, in consideration of the premises doth hereby covenant and agree with the party of the first part, its successors and assigns, to take immediate possession of the said demised railroad and its equipment and other property above mentioned and described, and to

keep the said railroad equipped, and to maintain and operate the same in such manner as to furnish reasonable accommodations to the public, and to pay or cause to be paid all taxes and assessments that may be lawfully charged or assessed against said railroad and property or any part thereof, and to keep the said railroad and property and equipment in good condition and repair, and to return the same to the party of the first part at the expiration of this lease in as good condition and repair as they are at the commencement of this lease.

A correct schedule or memorandum of the engines, cars and all other rolling stock and personal property leased as aforesaid, is hereto annexed, together with the estimated value thereof; and it is agreed that if, for any reason, the party of the second part cannot at the expiration of this lease, return to the party of the first part the identical articles so scheduled, then others of equal value may be substituted therefor.

The said party of the second part, in addition to the foregoing, and as rental for the use of the said railroad and its equipment and the other property, demised as aforesaid, agrees to pay all interest upon all the bonds issued by the party of the first part, and now outstanding, and also the interest upon any renewals or extensions or replacements of said bonds, or any of them, as and when the several installments of said interest mature and become due and payable, during the period of this lease, the interest coupons attached to the several bonds being taken up and cancelled by the second party as they respectively mature.

This lease shall take effect on the date hereof, and shall continue in force for the period of twenty-five (25) years from and after this date.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto, and to one other original, subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, the day and year first above written.

DEED, June 1, 1899, Chicago, Burlington & Northern Railroad Company to Chicago, Burlington & Quincy Railroad Company.

* * * * *

This Indenture, Made this first day of June, A. D. 1899, by and between the Chicago, Burlington & Northern Railroad Company, a consolidated corporation created, organized, and existing under and by virtue of the laws of the States of Wisconsin and Minnesota, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, a corporation created, organized, and existing under and by virtue of the laws of the State of Illinois, party of the second part, Witnesseth: That,

Whereas, The first party, being thereto duly authorized by law, is the owner of the following described railroad in the States of Wisconsin and Minnesota, to-wit:

Beginning at a point on the south boundary line of the State of Wisconsin

sin, in Grant County, where it connects with the railroad of the Chicago, Burlington and Northern Railroad Company, a corporation of Illinois, thence extending north-westerly via La Crosse, to and into St. Paul and Minneapolis, Minnesota, a distance of about two hundred and fifty-eight and thirty hundredths (258.30) miles; together with a branch from East Winona, Wisconsin, to Winona, Minnesota, a distance of about one and nineteen hundredths (1.19) miles, and all railroads, yards, and terminal grounds, and other lands and property held by the party of the first part, for the use and operation of its said railroad, or appurtenant thereto, lying and situated in Dubuque, Iowa, Winona, St. Paul, and Minneapolis, Minnesota; also certain locomotives, cars, and other rolling stock, equipment, furniture, telegraph lines, tools, supplies, materials, implements, machinery, and personal property; and,

Whereas, The railroad of the first party connects with the railroads of the second party, and forms therewith a continuous and connected line of railroad; and,

Whereas, The second party is now in possession of and operating the said above described railroad, in connection with its own railroads, under a lease for twenty-five (25) years, and has offered to purchase the remaining interests, property, and franchises of the first party in and to said railroad, upon the terms and conditions hereinafter stated, which have been agreed to by the directors of both the said companies, and approved by the stockholders owning and holding two-thirds in amount of the capital stock of the parties of the first and second parts, in manner and form as required by law:

Now, Therefore, This Indenture Witnesseth: That the said party of the first part, for and in consideration of five dollars to it in hand paid, the receipt of which is hereby acknowledged, and other good and valuable considerations, has granted, bargained, and sold, and by these presents does grant, bargain, sell and convey, release, assign, and transfer, to the said party of the second part, all and singular the said above described railroad, and all its right, title, and interests therein; together with all rights of way, road-bed, bridges, and depot and other lands, or interest therein; and all station houses and other buildings and structures of whatever kind belonging thereto; also all locomotives, cars, and other rolling stock, equipment, furniture, telegraph lines, tools, supplies, materials, implements, machinery, and personal property owned by the first party; together with all the fixtures and appurtenances appertaining to the said railroad, or in any manner connected therewith; also all rights, privileges, and franchises of the said party of the first part, in and to the aforesaid railroad; together with all other present and in future to be acquired property, of every kind and description, belonging to the said first party, except its franchise to be a corporation.

To Have and to Hold, the said railroad and lands, tenements, rights, privileges, and franchises, and other property, above mentioned and conveyed, to the said second party, its successors and assigns, forever.

And the said party of the second part covenants and agrees with the said party of the first part to equip the said railroad, or cause the same to be

equipped, and to maintain and operate the same in such manner as to furnish reasonable accommodations to the public; to pay, or cause to be paid, all taxes and assessments that may be lawfully levied, charged, or assessed upon the said railroad and property, or any part thereof; and to assume all contracts, bonds, and other obligations, of whatsoever kind, and pay and discharge all debts and liabilities, both principal and interest, of the said party of the first part, as they may severally mature; and to issue and deliver to the owners and holders of the capital stock of the first party, one share of its own capital stock for every three shares of the capital stock of said first party, upon the surrender and transfer to it of such shares of the first party's stock.

And to the end that the second party may have, hold, use, exercise, and enjoy the railroad and property and franchises of the first party, hereby conveyed and intended to be conveyed, and whether now existing or hereafter acquired, as fully as might be done by the first party, if this conveyance had not been made, the first party agrees to execute from time to time any additional assignment, conveyance, or assurance, and to perform any act, which the counsel of the second party may advise; and, for the purposes aforesaid, the first party agrees, if the second party shall so desire and advise, that it will keep up and maintain its corporate existence and organization.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their respective Presidents, and their corporate seals to be attached and attested by their respective Secretaries, all on the day and year first above written.

AGREEMENT, August 8, 1890, Winona Bridge Railway Company and Chicago, Burlington & Northern Railroad Company.

* * * * *

This Indenture, made and entered into this Eighth day of August in the year of our Lord One Thousand, Eight Hundred and Ninety (1890), by and between the Winona Bridge Railway Company, a corporation created and organized under the laws of the State of Minnesota, party of the first part, and the Chicago, Burlington & Northern Railroad Company, a corporation created and organized under the laws of the States of Wisconsin and Minnesota, party of the second part,

Witnesseth: That the said party of the first part for and in consideration of the rents, covenants and agreements hereinafter contained, set forth, and appended on behalf of said party of the second part, its successors and assigns, to be paid, kept and performed, has granted, demised and leased, and by these presents doth grant, demise and lease unto the said party of the second part, its successors and assigns, all and singular, the

right to use for the purpose of railway traffic, the bridge of the party of the first part from the City of Winona, Minnesota, across the Mississippi River to the Wisconsin shore, and its appurtenances, appendages, protections, railways and all franchises and property of the party of the first part however or wherever acquired, or which may be hereafter acquired in the premises.

That the use and rights hereby demised shall not as regards said premises be deemed exclusive; but that said party of the first part, may from time to time, lease to other railroads companies the right to use said bridge, and that the right to use said bridge, approaches and appurtenances, and that the use of said premises shall be subject to the reasonable regulations from time to time adopted by the party of the first part.

To Have and to Hold the above rights and privileges in said premises, together with all appurtenances thereto, without reservation unto the party of the second part, and to its successors and assigns, from and after the date hereof, for and during the period of thirty years and until the Eighth day of August, 1920, upon the terms and conditions hereinafter contained, set forth and appended.

And the party of the second part for itself, its successors and assigns, hereby covenants and agrees to and with the said party of the first part, that is, that the said party of the second part, its successors and assigns, will during the term of this lease employ no other method of crossing the Mississippi River within three miles of said bridge; but will carry all traffic controlled by it destined across said river to, from or through the City of Winona, over said bridge.

And the said party of the second part hereby for itself, for its successors and assigns hereby covenants and agrees to and with the said party of the first part, its successors and assigns to pay the party of the first part, for the use of its said bridge, approaches and appurtenances, under and during the term of this lease at the end of each month, rent and tolls at the rates particularly set forth in the schedule of tolls annexed hereto and made a part of this lease and contract, which schedule and rates are hereby accepted and agreed to by both parties.

The said party of the second part, for itself, its successors and assigns, hereby further covenants and agrees to and with the said party of the first part, that is, the said party of the second part will for the period of five years from the date of the completion of said bridge, pay to the party of the first part, its successors and assigns, the further sum of One Hundred (\$100.00) Dollars per month for the maintenance of and repairs, taxes and insurance upon said bridge and approaches, and the party of the first part agrees to keep said bridge and approaches in good condition and repair.

And the said party of the second part, for itself, its successors and assigns, hereby further covenants and agrees that it will at all times hereafter guarantee and indemnify the said party of the first part against all claims or damage growing out of its operation of said bridge, approaches, protections, and appurtenances, and will pay and satisfy all damages which may be legally assessed or adjudged against either of the parties hereto, growing out of its operation of said premises, or any part thereof.

And it is hereby stipulated and agreed that if said party of the second part, or its successors and assigns, shall fail to keep, observe and perform the covenants, conditions and agreements herein contained, on its part to be kept, observed or performed, and such default shall continue for the period of three months, then it shall and may be lawful for the party of the first part to enter upon said premises, or any part thereof, such default so continuing as aforesaid, and after demand of the possession of said premises so obtained under this lease, and the failure of the party of the second part to surrender the same and its use thereof, the party of the second part shall be guilty of a forcible and unlawful detainer, and may be proceeded against according to law; but no re-entry of the party of the first part shall discharge the party of the second part of or from any of the covenants herein contained on its part and behalf.

In Witness Whereof, the parties herein named have caused these presents to be sealed with their corporate seals, attested by their respective Secretaries, and to be signed by their respective Presidents on the day and year first above written.

THE WINONA BRIDGE RAILWAY COMPANY

SCHEDULE OF TOLLS, ETC.

Said Chicago, Burlington and Northern Railroad Company, party of the second part in the agreement to which this is annexed and is made a part of, hereby for itself, its successors and assigns, covenants and agrees to and with the said Winona Bridge Railway Company, its successors and assigns, to pay said Bridge Railway Company for the use of its bridge, approaches, and appurtenances under and during the term of this lease, at the end of each month, tolls at the following rates, hereby agreed to and accepted by both parties, to wit:—

Four (\$4.00) Dollars per car-load for freight above Fourth class.

Two and one-half (\$2.50) Dollars per car-load for freight of Fourth class or under.

Four (4¢) per hundred pounds on freight in lots less than a car-load, not however, to exceed car-load rates.

Twenty-five (25¢) cents per passenger.

In case said party of the second part shall elect to run any of the passenger trains of its main line across said bridge into the City of Winona and return, no toll shall be charged for passengers in transit on such train or trains not stopping at Winona or East Winona, and whose destinations are for neither of said points.

No charge to be made for empty cars, engines, passenger cars and cabooses.

SUPPLEMENTAL AGREEMENT, October 1, 1890, Winona Bridge Railway Company and Chicago, Burlington & Northern Railroad Company.

* * * * *

This Indenture, made and entered into this First day of October, A. D. 1890, *Witnesseth*:—

That the Winona Bridge Railway Company, a corporation of the State of Minnesota, and the Chicago, Burlington & Northern Railroad Company, a corporation of the States of Wisconsin and Minnesota, hereby mutually covenant and agree, each with the other, that a certain indenture of lease, dated the Eighth day of August, A. D. 1890, executed by the said Winona Bridge Railway Company to the said Chicago, Burlington & Northern

Railroad Company, granting and demising the right to use the bridge of the said Winona Bridge Railway Company across the Mississippi River at Winona, Minnesota, and its approaches and other property, be and the same is hereby amended by inserting after the word "thereof" at the end of the last line but one, of page three of said lease, the following provision, to wit:—

It is hereby mutually stipulated and agreed, that in case the party of the first part shall hereafter lease said bridge and property to any other railroad company, or permit any other railroad company to use said bridge and property upon terms or rentals more favorable to the lessee or party using the same, than those provided for in this indenture of lease, then and in that case, during the whole period of such subsequent lease or use, the terms and rentals herein provided for, shall be deemed modified so as to be as favorable as those granted to any such subsequent lessee or party using the said bridge and property.

And it is further covenanted and agreed between the parties hereto, that the said provision so to be inserted, shall be and become a part of said lease, and shall be binding upon the parties to the same, their respective successors and assigns, from and after the date of the execution of said lease, and throughout the full term thereof.

In Witness Whereof, the parties herein named have caused these presents to be sealed with their corporate seals, attested by their respective Secretaries, and to be signed by their respective Presidents on the day and year first above written.

AGREEMENT, September 1, 1915, Chicago, Burlington & Quincy Railroad Company, Green Bay & Western Railroad Company, and Winona Bridge Railway Company.

* * * * *

Agreement, Made and entered into this 1st day of September, 1915, by and between Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under the laws of the State of Illinois, party of the first part; Green Bay & Western Railroad Company, a corporation organized and existing under the laws of the State of Wisconsin, party of the second part; and Winona Bridge Railway Company, a corporation organized and existing under the laws of the State of Minnesota, party of the third part.

Witnesseth: Whereas, the party of the third part, on or about September first, 1890, executed and delivered to the Farmer's Loan and Trust Company of New York, Trustee, its Indenture of Mortgage to secure an issue of \$400,000. of 5% First Mortgage Bonds, to become due and payable September First, 1915, of which said First Mortgage Bonds \$384,000, of par value, have been issued and are outstanding, of which the first party owns \$259,000, the balance being outstanding in the hands of the public; and

Whereas, the first party is also the owner of two-thirds of the capital stock of said Winona Bridge Railway Company, viz: \$266,600; and the said Green Bay & Western Railroad Company is the owner of \$133,200, par value of the total capital stock issued and outstanding; and

Whereas, it is necessary at this time to make provision for the payment or extension of said \$384,000 of bonds, issued and outstanding by said Winona Bridge Railway Company at or prior to the maturity thereof; and

Whereas, \$104,000 now in the treasury of the Winona Bridge Railway Company is to be used for the purpose of retiring an equal amount at par of its said First Mortgage bonds, which said \$104,000 is to be restored to the treasury by the Chicago, Burlington & Quincy Railroad Company and Green Bay & Western Railroad Company, in the proportion of their respective stock ownerships, if and when required for expenditures for maintenance, repairs and renewals of the bridge and property of the said Winona Bridge Railway Company; and

Whereas, the third party is the owner of a certain bridge and property across and near to the Mississippi River at Winona, Minnesota, hereinafter termed the bridge and property (of the third party);

Now Therefore, in consideration of the premises and of the mutual promises hereinafter set forth, it is mutually agreed by and between the parties hereto as follows;

1

The Chicago, Burlington & Quincy Railroad Company agrees to purchase \$21,000 of said bonds held by the public, at par, which said bonds, when so purchased, shall be held by said Chicago, Burlington & Quincy Railroad Company, whereby the total holdings of said latter company of said bonds will be increased to \$280,000; Also, of the amount of cash now in the treasury of said Winona Bridge Railway Company, \$104,000 shall be used by said company to redeem, pay and cancel an equal amount at par of the said outstanding bonds now held by the public. By proper corporate action, said Winona Bridge Railway Company shall make and execute a supplemental mortgage to said Farmers' Loan and Trust Company, Trustee, dated September first, 1915, to secure the extension of \$280,000 of said bonds which have not been retired, for a period of twenty years from said date, to draw interest at six per cent (6%) per annum, payable semi-annually. The said supplemental mortgage of the Winona Bridge Railway Company shall also contain a provision for a sinking fund, under which one-twentieth of the amount of said bonds so extended shall be retired annually and cancelled. The Chicago, Burlington & Quincy Railroad Com-

pany agrees that it will, upon payment of the same from said sinking fund, deliver to the Trustee of said supplemental mortgage, on the first day of September 1916, and thereafter on the same date each year, one-twentieth of said bonds held by it, and that there shall also be a proper provision in said supplemental mortgage that one-twentieth of said bonds may be drawn by lot by the Trustee of said supplemental mortgage, provided said Chicago, Burlington & Quincy Railroad Company shall neglect or refuse to deliver each year said one-twentieth of said bonds, upon tender of payment of the same with interest. The Chicago, Burlington & Quincy Railroad Company and the Green Bay & Western Railroad Company shall take all corporate action necessary for the making of the said supplemental mortgage.

2

In the event that the yearly revenue received by the said Winona Bridge Railway Company from its tolls, charges, rentals and income shall be insufficient to make the payments necessary for the interest on said bonds and said sinking fund retirements, after paying operating expenses, taxes, interest and other proper corporate expenses, and maintaining a working capital of \$20,000, the deficit upon said interest and sinking fund requirements shall be paid by said Chicago, Burlington & Quincy Railroad Company and said Green Bay & Western Railroad Company, in the proportion of two-thirds by said Chicago, Burlington & Quincy Railroad Company, and one-third by said Green Bay & Western Railroad Company.

3

If, after making the payments mentioned in paragraph 2 hereof, and maintaining a working capital of \$20,000, the revenues of the Winona Bridge Railway Company shall be insufficient to meet expenses reasonably required from time to time for the maintenance, repair or renewal of said bridge and property, the Chicago, Burlington & Quincy Railroad Company and the Green Bay & Western Railroad Company further agree to advance to the Winona Bridge Railway Company, during the term of this agreement, in the proportion of two-thirds and one-third respectively, from time to time, amounts necessary for such purposes. But the advances required to be made by the first and second parties as provided in this paragraph, shall not exceed the sum of \$104,000.

4

Any amount advanced by the Chicago, Burlington & Quincy Railroad Company and Green Bay & Western Railroad Company, pursuant to the provisions of paragraphs 2 and 3 hereof, shall be repaid to them by the third party, with five per cent (5%) interest thereon, at the end of each fiscal year ending June 30th, during which such advances are made, provided there are funds in the treasury of said Winona Bridge Railway Company, in excess of said working capital of \$20,000. If there are not funds sufficient to repay said advances at the end of the fiscal year when made, any balance remaining unpaid shall be a charge on said funds in the treasury of the

Winona Bridge Railway Company, (in excess of said \$20,000 working capital) until paid with interest. Advances made under paragraph 2 shall be repaid before those made under paragraph 3 hereof, and when and if, any portion of said advances provided for in paragraph 3 hereof, shall be repaid, then said Chicago, Burlington & Quincy Railroad Company and said Green Bay & Western Railroad Company agree from time to time to further advance, in the proportion of two-thirds and one-third respectively, the difference between the amount so repaid and the sum of \$104,000 when reasonably required for maintenance, repairs or renewals of said bridge and property; but at no time shall said advances exceed a total of \$104,000 during the life of the agreement.

5

It is agreed between said Chicago, Burlington & Quincy Railroad Company and said Green Bay & Western Railroad Company that said Burlington Company shall be represented by three Directors on the Board of said Bridge Company, and said Green Bay Company by two Directors on said Board. The Directors representing the Green Bay & Western Railroad Company shall be nominated in writing by the President of the Green Bay & Western Railroad Company. Access to the books of the Bridge Railway Company shall be afforded the representatives of the Green Bay & Western Railroad Company at all reasonable times. In all matters of repairs, renewals or betterments, exceeding in amount \$5,000., an estimate of the said expense, with a detailed statement of the proposed work, shall be submitted to the President of said Green Bay & Western Railroad Company, and if desired by him, the proper officers of the Bridge Company, or the Chicago, Burlington & Quincy Railroad Company, shall meet him or his representative on the property of the Bridge Company, to view the proposed repairs, renewals or betterments; but the final decision for making such expenditures shall remain in the majority of the Board of Directors of said Bridge Company.

The Chicago, Burlington & Quincy Railroad Company, party of the first part, further agrees that during the term of this agreement and the due and proper performance by the party of the second part of the matters and things on its part to be performed hereunder, the said first party will not foreclose on the mortgage or supplemental mortgage aforesaid, or cause or permit the foreclosure thereof.

6

It is agreed between the parties hereto that the respective leases, dated August 8, 1890, from said Winona Bridge Railway Company to the Chicago, Burlington & Northern Railroad Company, (predecessor of the first party hereto), and Green Bay, Winona & St. Paul Railroad Company, (predecessor of the second party hereto), with any supplements thereto subsequently executed, granting to said lessees the use of the bridge, railway and properties of said Winona Bridge Company for the term of thirty (30) years from said date, shall be extended during the life of this agreement and until the said issue of \$280,000 of bonds now held by the first party

are paid and discharged, together with interest thereon. Said leases are extended upon the same terms as now provided therein, except that upon the expiration of their original term, the tolls, rental and compensation reserved to be paid by the respective lessees, the parties hereto, for the use of said bridge, railway and property, may be modified by mutual agreement of the parties hereto. If the said parties hereto cannot agree at that time upon what tolls, rental or compensation are reasonable and just to be paid by each of them, the said question shall, upon demand of either party, be fixed by arbitration in the following manner:

The party desiring such arbitration shall select an arbitrator, and give written notice thereof to the other party. If the other party shall fail to name an arbitrator on its behalf within ten days after notice upon it as aforesaid, the first party shall appoint an arbitrator for the party in default. If the two arbitrators so chosen cannot agree upon the said tolls, rental or compensation, they shall select a third arbitrator, or in the event of their failure to agree upon such third arbitrator, such third arbitrator may be appointed by any Judge of the District Court of the United States for the district that shall then include the City of Winona, Minnesota. After hearing the parties, the decision of said arbitrators, or a majority of them, shall be final and binding upon both parties hereto, and the tolls, rental or compensation fixed by said arbitrators, or a majority of them, for the use of said bridge, railway and property, shall govern for the term of said leases as extended.

In Witness Whereof, the parties hereto have caused this instrument to be executed on their behalf by their proper officers, thereunto duly authorized, respectively, and their corporate seals to be hereunto affixed and attested by their Secretaries, on the day and year in this agreement first written.

PADUCAH & ILLINOIS RAILROAD COMPANY

This Company was organized in 1910, in the joint interest of the Chicago, Burlington & Quincy Railroad Company and the Louisville & Nashville Railroad Company, which controls the Nashville, Chattanooga & St. Louis Railway Company, for the interchange of business between the two systems.

The road extends from a connection in Paducah, Kentucky, with the railroad of the Paducah & Memphis Division of the Louisville & Nashville Railroad, now leased to the Nashville, Chattanooga & St. Louis Railway Company, to a connection with the road of the Herrin & Southern Railroad Co. near Metropolis, Illinois—including the Metropolis Bridge over the Ohio River—a total distance of 13.94 miles, of which 12.42 miles are in Kentucky, and 1.52 miles in Illinois.

It was placed in operation December 14, 1917. It was built by the Paducah & Illinois Railroad Company, which was incorporated under the general laws of the State of Kentucky, by Articles of Incorporation dated February 21, 1910, which provided for its extension into the State of Illinois. The Foreign Corporation Act of Illinois approved July 1, 1905, authorized such extension into that State, and its provisions were complied with, so that the Kentucky corporation has in Illinois all the rights of an Illinois railroad corporation.

The Bridge over the Ohio River was built under authority of an Act of Congress approved January 11, 1915, authorizing the Paducah & Illinois Railroad Company to build and own it.

The Paducah & Illinois Company does not own any equipment and its Railroad and the Metropolis Bridge are operated under contracts with the Nashville, Chattanooga & St. Louis Railway Company and the Chicago, Burlington & Quincy Railroad Company, of date September 1, 1914, and an agreement supplemental thereto, of date July 1, 1915, and an agreement dated January 10, 1923, between said companies and the Illinois Central Railroad Company, effective as of September 1, 1920,

admitting the Illinois Central Railroad Company to joint use of the Bridge and facilities of this Company.

Of date July 1, 1915, a Trust Deed upon all the property of the Company was executed to the Union Trust Company of Chicago, Illinois, to secure an issue of forty year bonds not exceeding \$7,000,000, bearing four and one half per cent interest. Of date July 1, 1915, a Stock Trust Agreement was executed with the Union Trust Company of Chicago, as Trustee, for the purpose of protecting the rights of the parties to the operating agreement.

ARTICLES OF INCORPORATION, February 21, 1910, Paducah & Illinois Railroad Company.

The undersigned incorporators, T. B. Toon, M. K. Gilbert, J. B. Hampton, C. W. Shaft, J. C. Michael, J. A. Mayfield and W. T. Burks, hereby associate themselves together and hereby establish a corporation for the transaction of the business hereinafter named.

1. The name of the corporation shall be the Paducah & Illinois Railroad Company.

2. The City of Louisville, County of Jefferson, State of Kentucky, shall be its principal place of business.

3. Its business shall be that of constructing, owning, operation and maintaining a railroad to extend from a point of connection with the railroad of the Paducah & Memphis Division of the Louisville & Nashville Railroad, now under lease to the Nashville, Chattanooga & St. Louis Railway, at or near to the City of Paducah, in the County of McCracken, to a point at or near to the City of Metropolis, in the County of Massac, in the State of Illinois, or to such other point or points in said State as from time to time may be determined, said railroad to be constructed and to extend from the point of beginning within McCracken County in a westwardly or northwardly direction to any point that shall be opposite to a point in Illinois within or near to the city of Metropolis, thence to low water mark on the Illinois shore of the Ohio River; and thence the same may be extended to the city of Metropolis or to such other point or points in the State of Illinois as from time to time may be determined, or it may connect with the structure of any other company that may build from the low water mark aforesaid into the city of Metropolis, or to such other point or points within the State of Illinois. The length of said railroad shall be about twelve (12) miles.

4. The amount of capital stock shall be Ten Thousand (\$10,000.00) Dollars divided into One Hundred (100) shares of One Hundred (\$100) Dollars each.

5. The names and places of residence of the different stockholders and the number of shares of capital stock subscribed by each are as follows: viz.,

Name	Residence	Shares
T. B. Toon,	Louisville, Ky.	82
M. K. Gilbert,	Louisville, Ky.	3
J. B. Hampton,	Louisville, Ky.	3
C. W. Shaft,	Louisville, Ky.	3
J. C. Michael,	Louisville, Ky.	3
J. A. Mayfield,	Louisville, Ky.	3
W. T. Burks,	Louisville, Ky.	3

6. The corporation shall begin on the 23rd day of February, 1910, and shall continue for a period of fifty (50) years.

7. The affairs of said corporation shall be conducted by a board of Directors consisting of five (5) members and by such officers as may be elected by said Board of Directors, but no officer need also be a Director.

The following named persons, to-wit: T. B. Toon, M. K. Gilbert, J. B. Hampton, C. W. Shaft and J. C. Michael, shall constitute the first Board of Directors, and they shall hold their offices until their successors shall be elected and qualified. A Board of Directors shall be elected annually on the first Wednesday in the month of July, and such election shall be held at the principal office of the corporation in the city of Louisville, State of Kentucky.

8. Said corporation shall have power to borrow such sums of money as may be necessary for funding its floating debt or for completing, equipping or operating its road or any part thereof or for paying any debts incurred for such purposes, and it may issue and dispose of its bonds or other obligations for any amount necessarily borrowed for such purpose or purposes, and it may mortgage its corporate property and franchises or any part thereof to secure the payment of any debt contracted or to defray any expenditure for the purposes aforesaid.

9. The private property of the stockholders shall not be subject to the payment of corporate debts.

In Witness Whereof, the said incorporators hereunto subscribe their names and acknowledge this to be their act and deed this 21st day of February, 1910.

G. W. B. OLMSTEAD,

[SEAL]

Notary Public,

Jefferson County, Kentucky.

STATE OF KENTUCKY,

JEFFERSON COUNTY.

Be it remembered, at the Court House in the City of Louisville, County, and State aforesaid, in the County Clerk's office of Jefferson County, said Clerk being Custodian of Records of Articles of Incorporation of Articles and Amended Articles of Incorporation, etc. The following is entered of record in Corporation Book 21, page 277:—

At a special meeting of the stockholders of the Paducah & Illinois Railroad Company, held on the 1st day of August, 1912, at its principal office in the City of Louisville, State of Kentucky, pursuant to a written call and waiver of notice signed by all the stockholders, the entire capital stock and all the shares thereof being represented and voting thereat, it was unanimously

Resolved, the holders of all the capital stock having in writing thereto consented, that Article 4 of the original Articles of Incorporation of the Paducah & Illinois Railroad Company, dated and executed February 21st, 1910, which are recorded in Corporation Book 19, page 28, et seq; in the office of the Clerk of the Jefferson County Court, State of Kentucky, and filed in the office of the Railroad Commissioners of said State, and in the office of the Secretary of said State, as required by law, be amended so as to provide that the authorized capital stock shall consist of preferred stock to the amount of Three Million (\$3,000,000.) Dollars par value, and common stock to the amount of Ten Thousand (\$10,000.) Dollars par value, which has heretofore been provided, the present capital stock being increased by the issue of Three Million (\$3,000,000) Dollars, all of which additional stock shall be preferred stock, to be divided into shares of One Hundred (\$100.00) Dollars each; that such preferred stock shall be entitled to receive semi-annual dividends in equal parts, at the rate of four and one-half (4½%) per cent, per annum, payable before any dividends shall be declared on the common stock, and said preferential dividends shall be cumulative; that on the dissolution of the corporation, voluntarily or otherwise, the holders of the preferred stock shall be entitled to have their shares redeemed at par before any distribution of any part of the assets of the corporation shall be made to the holders of the common stock; and that the preferred stock shall have no right to vote and no right to share in the management of the Company.”

It was at said meeting further unanimously

“*Resolved*, that the President and Directors of the Paducah and Illinois Railroad Company, be directed on behalf of said corporation to execute, sign, and acknowledge such amendment to said Articles of Incorporation as may be necessary to carry out the aforesaid resolutions and to do such other acts as may be required by law to affectuate said purpose.”

Pursuant to said resolutions, Article four of the Articles of Incorporation of the Paducah and Illinois Railroad Company is now amended so that the authorized capital stock of said corporation shall consist of preferred stock, of the quality and character aforementioned, to the amount of Three Million (\$3,000,000) Dollars par value, and of common stock of Ten Thousand (\$10,000) Dollars, as at present provided.

In Testimony Whereof, The Paducah and Illinois Railroad Company by T. B. Toon, its president, and said T. B. Toon, as President and T. B. Toon, J. C. Michael, J. B. Hampton, F. P. Caldwell, and M. K. Gilbert, its Directors, have hereunto subscribed their names this 1st day of August, 1912.

Paducah & Illinois Railroad Company,

COMMONWEALTH OF KENTUCKY,
OFFICE OF SECRETARY OF STATE.

I, C. F. Crecelius, Secretary of State for the Commonwealth of Kentucky, do hereby certify that the Paducah and Illinois Railroad Company, has this day filed in this office a certified copy of the amendment to Article Four (4) of its Articles of Incorporation in compliance with the provisions of Section 764, Kentucky Statutes, and that the foregoing is a true copy thereof.

I do hereby further certify that said corporation has filed with me in my office a statement showing that it has paid into the State Treasury the sum of Three Thousand (\$3,000), being one-tenth of one per centum upon Three Million (\$3,000,000) Dollars the amount of the increase in the capital stock which said corporation is authorized to have by the amendment aforesaid of its Articles of Incorporation, as required by the provisions of Section 4225, Kentucky Statutes.

Witness my hand and official seal, this the 9th day of August, 1912.

[SEAL]

C. F. CRECELIUS,

Secretary of State for the Commonwealth of Kentucky.

STATE OF KENTUCKY,
JEFFERSON COUNTY.

Be it remembered, at the Court House in the City of Louisville, County and State aforesaid, in the County Court Clerk's office of Jefferson County, said clerk being custodian of Records of Articles of Incorporation, of Articles and Amended Articles of Incorporation, etc., the following is entered of record in Corporation Book 23, page 304.

At an adjourned annual meeting of the Stockholders of the Paducah & Illinois Railroad Company, held on the third day of August, 1914, at its principal office in the City of Louisville, State of Kentucky, pursuant to the adjournment had at the annual stockholders meeting, which was held in the City of Louisville, State of Kentucky, on July 1, 1914, and a waiver of notice signed by all of the stockholders, the entire common capital stock and all the shares thereof being represented and voting thereat, it was unanimously resolved that:

Resolved, The holders of all the common capital stock having thereto consented, that Article Four (4) of the original Articles of Incorporation of the Paducah & Illinois Railroad Company, dated and executed February 21, 1910; and the amended Article Four (4) of said Articles of Incorporation, dated and executed the first day of August, 1912; which original Articles are recorded in Corporation Book 19, page 28, *et sequitor*, and which amended Article Four (4) is recorded in Corporation Book 21, page 277, in the office of the Clerk of the Jefferson County Court, State of Kentucky, and both respectively filed in the office of the Railroad Commissioners of said State, and in the office of the Secretary of State of said State, as required by law, be further amended so as to provide that the authorized capital stock shall consist of preferred stock to the amount of Six Million (6,000,000) Dollars, par value, and of common stock to the amount of Ten Thousand (10,000) Dollars par value, which has heretofore been provided, the present capital stock being increased by the issue of Three Million (3,000,000) Dollars, all of which additional stock shall be preferred stock, to be divided into shares of One Hundred (100) Dollars each, that all the said Six Million (6,000,000) Dollars preferred stock shall be entitled to receive semi-annual dividends, in equal parts, at the rate of Four and one-half (4½) per cent per annum, payable before any dividends shall be declared on the common stock, and said preferential dividends shall be cumulative; that on the dissolution of the corporation, voluntarily or

otherwise, the holders of the preferred stock shall be entitled to have their shares redeemed at par before any distribution of any part of the assets of the corporation shall be made to the holders of the common stock; and that the preferred stock shall have no right to vote and no right to share in the management of the Company.

It was at said meeting further unanimously resolved:

Resolved, That the President and Directors of the Paducah & Illinois Railroad Company be authorized and directed, on behalf of said corporation, to execute, sign and acknowledge such amendment to said Articles of Incorporation as may be necessary to carry out the aforesaid resolution, and do such other acts as may be required by law to effectuate said purpose.

At a special meeting of the Board of Directors of the said Paducah & Illinois Railroad Company, held at the Burlington Building, Chicago, Ill. on the 4th day of August, 1914, at eleven o'clock a.m., pursuant to a written call and waiver of notice signed by all the Directors, the same resolutions were unanimously passed by said Board.

Pursuant to said resolutions passed by the said stockholders meeting and by the Board of Directors, Article Four (4) of the Articles of Incorporation as heretofore amended is now further amended so that the authorized capital stock of said corporation shall consist of preferred stock of the quality and character aforesaid mentioned in said resolutions, to the amount of Six Million (6,000,000) Dollars, par value, and of common stock to the amount of Ten Thousand (10,000) Dollars, as at present provided, thereby increasing the authorized issue of preferred stock from Three Million Dollars, par value to Six Million Dollars, par value.

In Testimony Whereof, The Paducah & Illinois Railroad Company, by D. Miller, its President, and said D. Miller, as President, and D. Miller, Jno. Howe Peyton, H. E. Byram, W. J. Hills and F. H. Rawson, its Directors, have hereunto subscribed their names, this the 4th day of August, 1914.

STATE OF KENTUCKY,
JEFFERSON COUNTY.

Be it remembered at the Court House in the City of Louisville, County and State aforesaid, in the County Court Clerk's Office of Jefferson County, said Clerk being custodian of Records of Articles of Incorporation, of Articles & Amended Articles of Incorporation, etc. the following is entered of record in Corporation Book 24, Page 320.

At an annual meeting of the Stockholders of the Paducah & Illinois Railroad Company, held on the seventh day of July, 1915, at its principal office in the City of Louisville, State of Kentucky, pursuant to a consent in writing signed by all the stockholders, the entire common capital stock and all shares thereof being represented and voting thereat, it was unanimously resolved that:

Resolved, the holders of all the common capital stock having thereto consented in writing, that Article Four (4) of the original Articles of Incorporation of the Paducah & Illinois Railroad Company, dated and executed February 21, 1910; and the amended Article Four (4) of said Articles of Incorporation, dated and executed the first day of August, 1912, and the further amended Article Four (4) of said Articles of Incorporation, dated and executed the Fourth day of August, 1914; which original Articles are recorded in Corporation Book 19, page 28, et sequitor, and which first amended Article Four is recorded in Corporation Book 21, page 277, and which second amended Article Four is recorded in Corporation Book 23, page 304, in the office of the Clerk of the Jefferson County Court, State of Kentucky, and all three respectively filed in the office of the Railroad Commissioners of said state, and in the office of the Secretary of State of said State, as required by law, be further amended so as to provide that the authorized capital stock shall consist of preferred stock to the amount of Seven Million (7,000,000) Dollars, par value, and of common stock to the amount of Ten Thousand (10,000) Dollars, par value, which common stock has heretofore been provided the present capital stock being increased by the issue of One Million (1,000,000) Dollars, all of which additional stock shall be preferred stock, to be divided into shares of One Hundred (100) Dollars each; that all the said Seven Million Dollars (\$7,000,000) preferred stock shall be entitled to receive semi-annual dividends in equal parts at the rate of five (5%) per cent per annum, payable before any dividends shall be declared on the common stock, and said preferential dividends shall be cumulative; that on the dissolution of the corporation, voluntarily of or otherwise, the holders of the preferred stock shall be

entitled to have their shares redeemed at par before any distribution of any part of the assets of the corporation shall be made to the holders of the common stock; and that the preferred stock shall have no right to vote, and no right to share in the management of the Company.

It was at said meeting further unanimously

Resolved, That the President and Directors of the Paducah & Illinois Railroad Company be authorized and directed, on behalf of said corporation to execute, sign and acknowledge such amendment to said Article of Incorporation as may be necessary to carry out the aforesaid resolution, and do such other acts as may be required by law to effectuate said purpose.

At a special meeting of the Board of Directors of the said Paducah & Illinois Railroad Company, held at the Burlington Building, Chicago, Illinois, on the eighth day of July, 1915, at 4:30 o'clock P.M. pursuant to a written call and waiver of notice signed by the Directors, the same resolutions were unanimously passed by said Board.

Pursuant to said resolutions passed by the said stockholders meeting and by the Board of Directors, Article Four (4) of the Articles of Incorporation of the Paducah & Illinois Railroad Company, as heretofore amended, is now further amended so that the authorized capital stock of said corporation shall consist of preferred stock, of the quality and character aforementioned in said resolutions, to the amount of Seven Million (7,000,000) Dollars, par value, and of common stock of Ten Thousand (10,000) Dollars, as at present provided; thereby increasing the authorized issue of preferred stock from Six Million (6,000,000) Dollars, par value, to Seven Million (7,000,000) Dollars, par value.

In Testimony Whereof, The Paducah & Illinois Railroad Company by Hale Holden, Its President, and said Hale Holden, as President, and Hale Holden, Jno. Howe Peyton, F. H. Rawson, W. J. Hills and H. E. Byram, its Directors, have hereunto subscribed their names this eighth day of July, 1915.

Secretary

STATE OF ILLINOIS,

COUNTY OF COOK.

I, J. H. Pettibone, a Notary Public in and for the County and State aforesaid, do certify that on this day personally appeared before me Hale Holden, The President and one of the five Directors of the Paducah & Illinois Railroad Company, and John Howe Peyton, F. H. Rawson, W. J. Hills and H. E. Byram, the other four Directors of said Company, all of whom are known to me to be the President and Directors respectively of the said Paducah & Illinois Railroad Company, and who jointly and severally

acknowledged that they adopted, signed and executed the foregoing amendment to Article Four (4) of the Articles of Incorporation of the said Paducah & Illinois Railroad Company, as heretofore amended, and to be their acts and deeds for and on behalf of said Company, and for the purposes therein set forth.

In Witness Whereof, I have hereunto set my hand and official seal this 8th day of July, 1915. My Commission expires on the 3rd day of March, 1918.

[SEAL]

J. H. PETTIBONE,
Notary Public.

STATE OF KENTUCKY,
JEFFERSON COUNTY.

I, P. S. Ray, Clerk of the County Court of Jefferson County, in the State of Kentucky, do certify that on this day at 9:30 o'clock A.M., the foregoing Amended Articles of Incorporation were produced to me in my office, and that I have recorded them, this and the foregoing certificate in my said office.

Witness my hand, this 22nd day of July, 1915.

P. S. RAY, *Clerk.*

STATE OF KENTUCKY,
JEFFERSON COUNTY.

I, P. S. Ray, Clerk of the County Court of Jefferson County, in the State of Kentucky, hereby certify that under the laws of the State of Kentucky, and as such clerk I have the custody of the Corporation books of Jefferson County, Kentucky, in which the laws of said State require that Articles and Amended Articles of Incorporation, etc. be recorded; and I further certify that the above and foregoing paper contain a correct transcript of the Amended Articles of Incorporation of the Paducah & Illinois Railroad Company, of the State of Kentucky, as shown of record in my office on Page 320, Corporation Book 24, and I further certify that I have compared said transcript with said original record and I certify that the above transcript is a correct transcript of the whole of said original record of which I am the custodian.

In Witness Whereof, I have hereunto set my hand and affixed the seal of said court and County of which I am the custodian at the Court House in the City of Louisville, this 22nd day of July, 1915.

[SEAL]

P. S. RAY,
Clk., Jefferson Co. Court, Ky.

The undersigned Hale Holden, President, and J. H. Ambrose, Secretary of the Paducah & Illinois Railroad Company, do certify that the foregoing is a true copy of the Amendment to Articles Four (4) of the Articles of Incorporation of the Paducah & Illinois Railroad Company, jointly and severally acknowledged, adopted, signed and executed by the President and all the Directors Thereof, to be their act and deed, and for and on behalf of said Company, and for the purposes therein set forth and duly recorded, as required by law, on the 22nd day of July, 1915, in the office of the

County Court Clerk of Jefferson County, State of Kentucky, in which the principal office or place of business of said Company is located, this attestation and certificate being made as required by Section 764, Kentucky Statutes, in order that the foregoing copy may be duly filed in the office of the Railroad Commissioners and the Secretary of State of the State of Kentucky.

Given under our hands and the official seal of said Company, this 23rd day of July, 1915.

CONTRACT, January 10, 1923, between Paducah & Illinois Railroad Company, Party of the First Part, The Nashville, Chattanooga and St. Louis Railway and Chicago, Burlington and Quincy Railroad Company, Parties of the Second Part, Union Trust Company, of Chicago, Illinois, Party of the Third Part, and Illinois Central Railroad Company, Party of the Fourth Part, relating to the ownership and use of the property of the Paducah & Illinois Railroad Company.

This contract, made and entered into this Tenth day of January, 1923, but effective as of 12:01 A. M., September 1, 1920, by and between the Paducah & Illinois Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Kentucky, hereinafter called the "Bridge Company," party of the first part; The Nashville, Chattanooga & St. Louis Railway, a corporation organized and existing under and by virtue of the laws of the State of Tennessee, and the Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, parties of the second part; Union Trust Company, of Chicago, Illinois, a corporation of the State of Illinois, hereinafter called the "Trustee Company," party of the third part; and the Illinois Central Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter called the "Illinois Company," party of the fourth part;

Whereas, the Bridge Company has constructed a line of railroad approximately fourteen (14) miles long, from Metropolis, Illinois, to Paducah, Kentucky, the entire common stock of which company is now owned jointly and equally by the parties of the second part, but is pledged to the Trustee Company for the purpose and under the conditions set out in a Stock Trust Agreement, dated July 1, 1915, to which reference is here made; and,

Whereas, the parties of the second part, by certain contracts, to be referred to later in detail, have entered into an arrangement for the construction and operation of the properties of the Bridge Company as well as the financing of the Bridge Company; and,

Whereas, the Illinois Company is desirous of coming into this arrangement as a joint and equal associate, both as to right and responsibility,

with the parties of the second part, this being agreeable to said parties of the second part and to the Bridge Company and the Trustee Company:

Now, therefore, in consideration of the premises and the mutual covenants hereinafter set forth, it is agreed by and between the parties hereto as follows:

ARTICLE I.

Specific reference is here made to the following contracts, agreements, and trust agreements, which are attached hereto and made a part hereof, marked in order respectively, Exhibits 1, 2, 3, 4, and 5, to wit:

Exhibit No. 1. Construction and Operating Agreement, dated September 1, 1914.

Exhibit No. 2. Supplemental Agreement, dated July 1, 1915.

Exhibit No. 3. Stock Trust Agreement, dated July 1, 1915.

Exhibit No. 4. Trust Deed Agreement, dated July 1, 1915.

Exhibit No. 5. Division of Surplus and Deficit Agreement, dated July 1, 1915.

The parties of the second part, with the approval of the Trustee Company, each hereby transfers and conveys to the Illinois Company, sixteen and two-thirds ($16\frac{2}{3}$) shares of the Common Capital Stock of the Bridge Company for the consideration to each of One Thousand Six Hundred Sixty-six Dollars and Sixty-seven Cents (\$1,666.67) paid by the Illinois Company, receipt whereof is hereby acknowledged; said transfer and sale being subject to all the provisions of the Stock Trust Agreement hereto attached as Exhibit 3.

It is hereby agreed, the Trustee Company consenting thereto, that said Stock Trust Agreement, Exhibit 3, shall be modified to the following extent, to wit:

Said Trustee Company will cause the minimum number of shares of the Bridge Company's common stock necessary to qualify for directorship in the Paducah & Illinois Railroad Company to be transferred into the names of the six parties designated in writing, by the Chicago, Burlington & Quincy Railroad Company, The Nashville, Chattanooga & St. Louis Railway and the Illinois Central Railroad Company, each company designating two; it being the intention of the parties that the Board of Directors of the Paducah & Illinois Railroad Company, seven in number, shall be made up of two representatives of each of said three railroads, and one official of the Trustee Company.

ARTICLE II.

The second parties hereto (by virtue of the supplemental agreement dated July 1, 1915, Exhibit 2 hereto), having unconditionally agreed to "jointly and severally guarantee the payment by the Bridge Company of both interest and principal of all and every" of the bonds of the Bridge Company, the principal sum not exceeding Seven Million Dollars (\$7,000,000.00), the Illinois Company hereby expressly covenants and agrees with the second parties, and each of them, that if and when said second parties, or either of them, make any payments on account of said guaranty of the

principal or interest of said bonds, or of the indebtedness represented thereby, or of the sums payable to the sinking fund referred to in said guaranty, the Illinois Company will immediately thereafter reimburse and pay to said second parties, or either of them, as the case may be, such sum or sums of money as it would be liable for to the said company or companies, parties of the second part, making such payment if it had executed jointly with them the said guaranty—it being the understanding that as to any such payment or payments so made by the second parties, or either of them, under said guaranty the liability of the Illinois Company shall, as between each of the said two companies, parties of the second part, and the Illinois Company, be the same as though it had signed such guaranty with them; and if by reason of the default of one of said second parties the other shall, after the Illinois Company has paid its one-third share, as above provided, be found to have borne more than its one-third share of any such payment or payments, the Illinois Company shall make good to it one-half of any excess so remaining. It is further understood and agreed between the party of the first part hereto, the parties of the second part and the Illinois Company that the latter shall be entitled to participate in all rights, stocks and other benefits accruing from payments made under said guaranty to the extent of the amount contributed by it towards or on account of such payment or payments, and that should either of said second parties or the Illinois Company, under the provisions hereof, pay more than their respective one-third share of any such payment or payments, it and each of them, shall have a right of action against the other of said second parties so making default for the amount of such excess, together with interest thereon at the rate of six per cent (6%) per annum and such second party so making default shall be severally liable therefor to the Illinois Company and to the said second party making such payment.

ARTICLE III.

Commencing as of September 1, 1920, the Illinois Company shall, in all matters growing out of said contracts, Exhibits 1 to 5, inclusive, be considered as a joint and equal associate, in every respect, with the Chicago, Burlington & Quincy Railroad Company and The Nashville, Chattanooga & St. Louis Railway, and specifically shall become one of the second parties in the Construction and Operating Agreement, dated September 1, 1914, Exhibit 1; one of the second parties to the Supplemental Agreement, dated July 1, 1915, Exhibit 2 (except that the Illinois Company will not formally or directly guarantee payment, either interest or principal, or both, of the bonds themselves of the Bridge Company, executed under and by virtue of the provisions of the Trust Deed, dated July 1, 1915, Exhibit 4, but nothing in this Article shall be considered as a modification of the obligation of the Illinois Company to the Chicago, Burlington & Quincy Railroad Company and The Nashville, Chattanooga & St. Louis Railway, set out in Article II, *supra*); one of the first parties to the Stock Trust Agreement, dated July 1, 1915, Exhibit 3; one of the parties to the Division of Surplus and Deficit Agreement of July 1, 1915, Exhibit 5; on the precise same basis and subject to all of the same conditions and limitations, all

and singular, as the Chicago, Burlington & Quincy Railroad Company and The Nashville, Chattanooga & St. Louis Railway; it being the intention of the parties that the Illinois Company will, except as in this agreement otherwise provided, share with the second parties hereto and meet each and every obligation, liability and responsibility assumed by the second parties hereto under said contracts, and each of them, Exhibits 1 to 5, inclusive, subsequent to and including September 1, 1920, to the same extent and as fully as if said contracts, Exhibit 1 to 5, inclusive, and each of them, had been originally executed by the Illinois Company, Chicago, Burlington & Quincy Railroad Company, and The Nashville, Chattanooga & St. Louis Railway, instead of (but in the same relation as) said second parties hereto; and as if the obligations, liabilities and responsibilities assumed by said second parties hereto under said contracts and each of them, Exhibits 1 to 5, inclusive, had in like manner and proportion originally been assumed by the three last above named parties instead of by said second parties hereto.

It is hereby agreed, the Trustee Company consenting thereto, that Section 10 of Article II, of said Construction and Operating Agreement, dated September 1, 1914, Exhibit 1, shall be modified to the extent that the Auditing Committee therein referred to shall be composed of three members instead of two, to consist of the Chief Accounting Officers of the Illinois Company and each of said second parties hereto.

It is further understood and agreed between the parties of the first part hereto, the parties of the second part, and the Illinois Company, that in case the Illinois Company shall, under the provisions of any of the contracts named in Article III hereof, pay any part of amounts due from the parties of the second part, or either of them, the payment of which has been defaulted, the Illinois Company shall be entitled to participate in all rights, stocks and other benefits which, under the terms of said contracts, accrue to one of said second parties through or by payments made by it upon the default of the other of said second parties, in proportion to the amounts so paid by the Illinois Company.

ARTICLE IV.

This Agreement, although executed on the Tenth day of January, 1923, shall be retroactive in all things, commencing 12:01 A. M., September 1, 1920, but not prior thereto; but, except as herein otherwise expressly agreed, shall not impose any obligation on said Illinois Company for any matters or things prior to said last date.

ARTICLE V.

The Illinois Company shall pay to the Bridge Company, within thirty (30) days from the date of the execution of this contract, as rental for the use made by the Illinois Company of the transportation facilities of the Bridge Company during the Guaranty Period; to-wit, March 1, 1920, to and including August 31, 1920; the sum of Twenty-two Thousand Five Hundred Sixty-five Dollars and Forty-nine Cents (\$22,565.49), and such payment shall constitute full and conclusive settlement between the parties hereto for all

sums due from the Illinois Company as rental for the use made by the Illinois Company of said transportation facilities of the Bridge Company during said period. All sums due by the Illinois Company to the Bridge Company growing out of this contract, and the assumption by it of said contracts, referred to herein as Exhibits 1, 2, 3, 4, and 5, for the period September 1, 1920, to the date hereof, shall be paid by the Illinois Company to the Bridge Company within sixty (60) days from the date hereof; all payments accruing after the date hereof shall be made by the Illinois Company in accordance with the provisions of said contracts.

The Illinois Company shall also within sixty (60) days from the date hereof, pay to the second parties, or to either of them for the account of both said second parties, one-third ($\frac{1}{3}$) of Three Hundred Ninety-seven Thousand, One Hundred Fifty-one Dollars and Thirty-three Cents (\$397,151.33), due the parties of the second part by the Bridge Company on account of construction advances to September 1, 1920, (being the sum of One Hundred Thirty-two Thousand, Three Hundred Eighty-three Dollars and Seventy-eight Cents (\$132,383.78), for which said second parties have not been reimbursed, and for which bonds of the Bridge Company have not been issued.

If, upon final settlement made between the Bridge Company and the United States Railroad Administration, the Bridge Company has not funds available to pay the amount found upon such final settlement to be due said United States Railroad Administration by the Bridge Company for Additions and Betterments made to the property of the Bridge Company during Federal Control of railroads, the Illinois Company and each of said second parties shall, by way of loan, advance and pay to the Bridge Company one-third ($\frac{1}{3}$) of such amount.

Any deficit of the Bridge Company (as defined in Exhibit 5) existing at 12:01 A. M., September 1, 1920, from operations of the Bridge Company prior to said date, shall be paid by the second parties hereto, and the Illinois Company shall not be liable to pay or to contribute in any manner to the payment of such deficit, nor shall the portion of any surplus derived from operations of the Bridge Company after 12:01 A. M., September 1, 1920, to which the Illinois Company may be entitled, be reduced or diminished by the application of such surplus to any deficits of the Bridge Company existing at 12:01 A. M., September 1, 1920, from operations of the Bridge Company prior to said date.

Any surplus of the Bridge Company (as defined in Exhibit 5) existing at 12:01 A. M., September 1, 1920, from operations of the Bridge Company prior to said date shall be divided between and paid to said Chicago, Burlington & Quincy Railroad Company and said The Nashville, Chattanooga & St. Louis Railway, in accordance with the provisions of Article III of said Division of Surplus and Deficit Agreement, dated July 1, 1915, Exhibit 5, and the Illinois Company shall not be entitled to any part thereof.

It is understood and agreed that in determining the amount of any surplus or deficit from the operations of the Bridge Company (as defined in Exhibit 5) after 12:01 A. M., September 1, 1920, the balance of Discount on Funded Debt, being the sum of Ninety-six Thousand, Two Hundred Fifty-one

Dollars and Fifty-one Cents (\$96,251.51), shall be charged to income of the Bridge Company, distributed ratably each month during the remainder of the term of the bonds representing said Funded Debt.

ARTICLE VI.

It is expressly agreed by all of the parties hereto that Section 5 of Article III of the Construction and Operating Agreement, dated September 1, 1914, Exhibit 1, shall be, and the same is hereby, amended to read as follows, and as so amended shall from the date hereof be taken and considered as Section 5 of Article III of said Construction and Operating Agreement, dated September 1, 1914, Exhibit 1, in lieu of said Section 5, Article III, as therein written:

SECTION 5. Except when and to the extent required by law, the Bridge Company shall not grant to any other railway company or companies the right to use said facilities of the Bridge Company, or any part thereof, without the consent in writing of the majority in number of the railroad companies then owning the common stock of the Bridge Company and not then in default, and the Bridge Company shall not, without the consent in writing of all of the railroad companies then owning the common stock of the Bridge Company and not then in default, grant the use of said facilities, or any part thereof, to any other railroad company or companies, or common carriers, upon terms more favorable than those accorded to the railroad companies then owning the common capital stock of the Bridge Company and not then in default; nor shall the Bridge Company in any case grant the use of said facilities, or any part thereof, to any such other railroad company if such additional use would overburden said facilities of the Bridge Company.

The Bridge Company expressly agrees that it will not, during the term hereof, pay or obligate itself to pay any sum of money in excess of the sum of Five Thousand (\$5,000.00) Dollars for any individual improvement or addition to its property, the cost of which is properly chargeable to Road and Equipment Account, without first having had and obtained the consent thereto, in writing, of each of the railroad companies at the time owning common stock of the Bridge Company and not then in default.

It is expressly understood and agreed that the Illinois Company shall have the right at any time during the life of this contract, to establish at its own sole cost and expense, a connection with the tracks of the Bridge Company, such connection to be owned either by the Illinois Company or by a company whose entire trackage is operated by the Illinois Company, provided, however, that such connection, when installed, shall never be used for the operation thereover of trains of any company other than the Illinois Company, unless such other company shall have been admitted to the use of the facilities of the Bridge Company in accordance with the provisions of Section 5 of Article III of said Construction and Operating Agreement dated September 1, 1914, as amended by Article VI hereof.

ARTICLE VII.

The third party hereto, the Trustee Company, joins in this contract for the sole purpose of expressing its assent to the provisions hereof in so far

as its rights and obligations as Trustee under the Stock Trust Agreement and Trust Deed, being Exhibits 3 and 4, respectively, are affected, and to assent to the modifications of Section 5 of Article III of the Construction and Operating Agreement, dated September 1, 1914, Exhibit 1, as set out in Article VI, *supra*.

The Bridge Company, party of the first part, joins in this contract for the purpose of expressing its assent and approval to all of the provisions hereof.

ARTICLE VIII.

All existing contracts, if any, verbal or written, to which the Illinois Company is a party, relating to its right to use the transportation facilities of the Bridge Company, are hereby terminated as of September 1, 1920, except as to liabilities arising thereunder, growing out of transactions prior to said date.

In Witness Whereof, the parties hereto have caused this contract to be executed in quadruplicate by their duly authorized officers, the day and year first above written.

EXHIBIT 1

AGREEMENT, September 1, 1914, between Paducah & Illinois Railroad Company of the first part, the Nashville, Chattanooga & St. Louis Railway and Chicago, Burlington & Quincy Railroad Company of the second part, and Union Trust Company as Trustee, of the third part. Relating to construction and operation of a bridge across the Ohio River at or near Metropolis, Illinois, the construction of connecting tracks, and a line connecting with the N. C. & St. L. Ry. near Paducah, Ky.

An agreement, made this first day of September, 1914, by and between the Paducah & Illinois Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Kentucky (hereinafter called the Bridge Company), party of the first part, The Nashville, Chattanooga & St. Louis Railway, a corporation organized and existing under and by virtue of the laws of the State of Tennessee, and Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, parties of the second part, and Union Trust Company, of Chicago, Illinois, a corporation of the State of Illinois, the corporate trustee under the first mortgage of the Bridge Company hereinafter mentioned (hereinafter called the Trustee Company), party of the third part.

Whereas, the Bridge Company is about to acquire the necessary land therefor and to construct a bridge across the Ohio River from a connection with the tracks of the Chicago, Burlington & Quincy Railroad Company at or in the vicinity of Metropolis, Illinois, and to construct a railroad from the said bridge to a point of connection with The Nashville, Chattanooga & St. Louis Railway near Paducah, Kentucky, and to create terminal facilities for interchange of traffic near said point of connection, all of which are shown in detail in maps, schedule, plans and specifications to be filed with the records of the Bridge Company, which said maps, schedule, plans and specifications shall be marked for identification by the Chief Engineer of each of the railway companies parties hereto and accepted and approved by an Executive Officer of each of the railway companies parties hereto, and which are hereafter collectively referred to as the "Plans" and are made a part of this agreement as fully as if set forth at length herein or attached hereto; and

Whereas, the Bridge Company after the completion of said bridge, connecting railroad and other facilities, proposes, either itself or by employing another Railway Company, to transfer cars, passengers and property of the

said Railway Companies between said Metropolis, Illinois, and Paducah, Kentucky; and

Whereas, the Bridge Company is about to execute to said Trustee Company a mortgage or Deed of Trust, to be known as its First Mortgage, covering all the property of the Bridge Company now owned and hereafter to be acquired by use of the bonds secured thereby or their proceeds, including this agreement and the rentals to be paid hereunder as herein provided, to secure an issue of bonds of the Bridge Company not to exceed in the aggregate six millions of dollars, at any one time outstanding; and

Whereas, each of the Railway Companies, parties of the second part hereto, desires for the purpose of greater economy and convenience to avail itself of the joint use of the bridge, tracks and transfer facilities to be by the Bridge Company created and operated, and the Bridge Company is willing to perform said transfer service and grant to the Railway Companies the right to use all the facilities of the Bridge Company upon the terms and conditions hereinafter set forth;

Now therefore, the parties hereto do mutually covenant and agree with each other as follows:

ARTICLE I.

The Bridge Company, in consideration of the sums to be paid by the Railway Companies respectively, as hereinafter provided, hereby covenants and agrees with the Railway Companies, and with each of them, as follows:

SECTION 1. That the Bridge Company will proceed with all reasonable dispatch to acquire the necessary land and complete the construction of a bridge across the Ohio River with tracks to connect with the tracks of the Chicago, Burlington & Quincy Railroad Company, at or in the vicinity of Metropolis, Illinois, and to a point of connection with The Nashville, Chattanooga & St. Louis Railway near Paducah, Kentucky; and to construct on land to be acquired, facilities for interchanging traffic and all other facilities that the Railway Companies may require of it except local freight and passenger stations in the City of Paducah; all in accordance with the "Plans" which shall form a part of this agreement.

The Bridge Company will provide, at its own expense, telegraph and telephone lines for its use and that of the Railway Companies.

SECTION 2. That the Bridge Company will, from and after the time when said bridge, railroad and facilities are completed and ready for use, and during the term of this agreement, with its own motive power, employees and facilities, promptly and efficiently haul and transport all cars and traffic received by it from either of the Railway Companies at Metropolis, Illinois, or Paducah, Kentucky. It is understood that said service may be performed either by the Bridge Company or such corporation or other agent as it may arrange with to perform said service on its behalf.

SECTION 3. The Bridge Company will maintain such facilities at all times during said term, in good order, condition and repair, and will protect the same by such insurance against loss or damage as may in its judgment be reasonable, the cost of such insurance being considered a part of the ex-

pense of maintaining and operating said bridge and railroad as hereinafter provided.

SECTION 4. The Bridge Company will not do or omit to do any act the doing or omission of which will operate directly or indirectly to forfeit any of the rights, privileges and franchises acquired under its charter, or howsoever acquired, or which will in any manner impair the value of any of the privileges, rights or property the right to use which is herein granted to the Railway Companies, or to impair its power or ability to perform all its obligations in this contract provided for; and that it will, at the expiration of the present term of its corporate existence, cause the same to be renewed and extended in manner and form as may then be provided by law, and will cause similar renewals and extensions to be made from time to time as the same shall be necessary to maintain during the full term of this agreement and any extensions thereof, the existence and powers with which it is now vested. It will at all times, and from time to time during said term and any extensions thereof, when requested by the Railway Companies, or either of them, put forth and exercise each and every corporate power and do each and every corporate act which the Bridge Company might now or may at any time hereafter lawfully put in force or exercise to enable the Railway Companies and each of them to enjoy and avail themselves of and exercise every right, franchise and privilege herein granted in the proper management and operation of the facilities according to the terms of this agreement.

SECTION 5. The Bridge Company will repay to each Railway Company all sums which shall be paid or advanced to the Bridge Company by such company prior to the date when said facilities shall be ready for use as in Section 11, Article III hereof provided.

SECTION 6. Twenty days prior to the date upon which the Railway Companies are by any provisions of this agreement required to make payments, the Bridge Company will render to each of them a statement showing the amount to be paid.

ARTICLE II.

SECTION 1. Each Railway Company hereby covenants and agrees with the Bridge Company, with the Trustee Company, and with the other Railway Company, as follows, viz.:

The Bridge Company shall, from time to time, fix, publish and collect, reasonable and lawful tolls, charges and compensation for the transportation of freight and passengers and other property over said bridge and railroad and for the use of said facilities by the Railway Companies, and in the event that it becomes impracticable for any reason, for said Bridge Company so to do and the Railway Companies or either of them, may lawfully publish and collect said tolls and charges, then the Railway Companies or either of them shall publish, collect and pay the same over to the Bridge Company.

The Bridge Company covenants and agrees to apply said revenue and pay said tolls, rentals, charges and compensation, received by it, in the following order, to-wit:

1st. To the cost and expense incurred by the Bridge Company during each month in the operation, maintenance and repair of the facilities (after applying to such renewal and repairs any sums which may have been received on account of insurance) and including all salaries, wages, supplies, insurance and rentals and all other expenses whatsoever during such months not otherwise herein expressly provided for.

2nd. To the payment of all taxes, rates, benefits, assessments or other Governmental charges of any kind, upon or on account of said bridge, railroad and facilities.

3rd. To the payment of the interest as it may become due and payable, upon any bonds that shall have been issued and that may be outstanding under said First Mortgage of the Bridge Company.

4th. To any sinking fund or premium payment, payable by said Bridge Company under the terms of its said First Mortgage.

5th. To the payment of dividends on any preferred stock, issued as in Section 5 of this Article provided.

In the event that the revenue received by the Bridge Company from said tolls, charges, rentals and compensation, shall at any time be insufficient to promptly make the payments or any of them, aforesaid, then the Railway Companies shall each pay to the Bridge Company one-half of the remainder necessary and at the time specified, to enable it to make the payments above mentioned.

SECTION 2. On the day when any of said First Mortgage Bonds of the Bridge Company shall become due and payable, either by their terms or by acceleration of payment as provided in the said bonds or in said mortgage, each Railway Company agrees to pay to the Bridge Company, a sum equal to one-half of the principal of said First Mortgage Bonds payable on such date.

SECTION 3. In case either of the Railway Companies shall make default in the payment of any sum which shall be payable by such Railway Company, then the sum which such Railway Company in default failed to pay shall be paid by the other Company, forthwith upon demand of the Bridge Company; or, if the Bridge Company be in default, as hereinafter specified, under its said First Mortgage, then except as to payments under Section 5 of this Article, to the Trustee Company upon its demand.

The obligation of each Railway Company to make the payments specified in this Section is absolute and unconditional.

No termination or suspension of any rights of either Railway Company pursuant to any provision of this agreement, or otherwise, shall limit or affect the obligation of the Railway Company whose rights are terminated or suspended or the obligation of the other Railway Company to pay the said several sums. Each of the Railway Companies agrees that it will make the several payments by it to be made as aforesaid absolutely and unconditionally, without deduction for any set-off or counterclaim or other excuse, during such full term.

Except as provided in Section 4 of this Article II, the several sums payable by each of the Railway Companies under the foregoing provisions of

Section 1 of this Article shall be payable to the Bridge Company or pursuant to its written order, either at the office of the Bridge Company at Paducah, Kentucky, or at any agency or depositary elsewhere to be designated by the Bridge Company by a written notice to each Railway Company, stating the sum to be paid by it and the date and place of payment, which notice shall be given by the Bridge Company to each Railway Company at least ten days prior to the date when such sum shall be payable. Each sum payable to the Bridge Company under any of the foregoing provisions of this section shall be set apart by it upon special trust, to apply the same to the payment of the interest, dividends on preferred stock, or principal of bonds, sinking fund, or other obligations, or the taxes, rates, benefits, assessments or other governmental charges in respect of which such sum became payable hereunder, or to reimburse the Bridge Company to the extent it shall have paid any of said items out of its other funds.

SECTION 4. The sums payable by the Railway Companies under this Article (except under Section 5 of this Article) are hereby assigned to the Trustee under said First Mortgage of the Bridge Company, as additional security under said First Mortgage; provided, however, that if and so long as the Bridge Company shall not be in default in the payment of any interest or principal of any of said First Mortgage Bonds or in the payment of any sinking fund payments under said First Mortgage, the several sums payable by the Railway Companies shall be payable to the Bridge Company and shall be received, collected and applied by it as provided in this agreement.

In case the Bridge Company shall be in default in the payment of any interest or principal of any of its First Mortgage Bonds, or in the payment of any Sinking Fund payments under said First Mortgage, and the Trustee Company or its successor Trustee Company under said First Mortgage, shall have given notice of such default to the Railway Companies, the several sums payable by the Railway Companies under the foregoing provisions of this section during the continuance of such default shall be payable to the Trustee Company or its successor at its main office within ten days after written notice from such Trustee Company. Each sum paid to such Trustee Company or its successor as aforesaid shall be received by it upon special trust to apply the same to the payment of the interest or principal of bonds, sinking fund, or other obligations, or the taxes, rates, benefits, assessments or other governmental charges in respect of which such sum became payable, until the same shall be fully paid or discharged.

SECTION 5. Whenever the Railway Companies shall make any payments to the Bridge Company pursuant to Section 2 of this Article on account of the principal of said First Mortgage Bonds of the Bridge Company, or whenever any payment is made to the sinking fund either by the Bridge Company out of its income or by the Railway Companies pursuant to Section 1 of this Article, then the Bridge Company shall issue and shall deliver to the Railway Companies preferred stock of the Bridge Company to an amount at par equal to the par value of the bonds purchased for the sinking fund in any year. Such preferred stock shall be entitled to receive dividends payable semi-annually at the rate of and limited to $4\frac{1}{2}\%$ per annum, before any dividends shall be declared on the common stock, and said dividends

shall be cumulative; and on the dissolution of the Bridge Company, whether voluntarily or otherwise, the holders of the preferred stock shall be entitled to have their shares redeemed at par before any distribution of any part of the assets of the Company shall be made to the holders of the common stock. The preferred stock shall not be entitled to a vote.

SECTION 6. No failure of the Bridge Company or of the Trustee Company or its successor to give any notice or to make a demand upon either Railway Company, as in this Article provided, shall affect the obligation of the other Railway Company to make the payments specified in Section 1 of this Article; and in case of a failure to give to either Railway Company notice, as hereinbefore provided, to pay any sum, such notice may be given at any time thereafter and thereupon such sum shall be payable on the tenth day after such notice shall have been given.

Any notice to or demand upon the Railway Companies under this Article may be given by mailing the same addressed to such Railway Company at Paducah, Kentucky, unless such Railway Company shall have given previous notice in writing to the Bridge Company and to the Trustee Company designating some other address to which such notices and demands shall be mailed, in which case they shall be so sent to the address so designated. Any notice or demand so mailed shall be deemed duly served upon the company to which the same was addressed five days after the date when the same was mailed, whether or not such notice was actually received, and no other notice shall be required.

SECTION 7. If either of the Railway Companies shall be required to make any payment under Section 3 of this Article on account of the default of the other Railway Company, then the claims of the Bridge Company against the Railway Company in default shall be held and enforced by the Bridge Company, as Trustee for the Railway Company that made such payment, and the Railway Company so in default shall be liable and shall pay interest at the rate of six per cent. per annum on the sum in default, and any sum or sums received or collected from such Railway Company in default shall be applied to reimburse the Railway Company which made such payment.

The Bridge Company is authorized to make sight drafts against the Railway Companies for any sums remaining unpaid after the same became due and payable under this agreement.

SECTION 8. The accounts for each fiscal year of the Bridge Company shall be revised and any errors or omissions found therein shall be corrected and supplied and all necessary readjustments made within ninety days after the close of such fiscal year, but any error, mistaken estimate or omission in any bill against the Railway Companies shall be adjusted by suitable charges or credits in the first subsequent bill after discovery of such error, mistaken estimate or omission and in any event within six months after the close of such fiscal year.

SECTION 9. The books and accounts of the Bridge Company shall be open for inspection at all reasonable times by the President of each of the Railway Companies, or by such officer or agent as he may appoint to inspect the same. The Auditor of the Bridge Company shall render to the Auditor

of each of the Railway Companies monthly statements showing all business done by the Bridge Company and all business done on the facilities or any part thereof, during the previous month, and, upon demand of either of the Railway Companies, shall furnish to its Auditor promptly such information as such Auditor may require respecting the business and operation of the Bridge Company.

SECTION 10. At the beginning of each fiscal year the Board of Directors of the Bridge Company shall select an Auditing Committee of two members, to be composed of the chief accounting officers of the Railway Companies, to serve for the fiscal year in which they shall be appointed. It shall be the duty of the Auditing Committee to recommend to the Board of Directors from time to time such changes in the form of accounts of the Bridge Company as they may deem necessary or proper. The Auditing Committee shall from time to time make or cause to be made audits and checks of the accounts of the Bridge Company and report to the Board of Directors.

ARTICLE III.

The parties hereto severally covenant and agree with each other as follows:

SECTION 1. The Bridge Company shall have the exclusive management and control of the operation, maintenance, repair and renewal of the facilities and every part thereof, and shall establish rules and regulations governing the operation of trains within and upon the facilities and the use and enjoyment thereof in all other respects; provided, always, that such rules and regulations shall be fair and equitable and shall apply equally and without discrimination to the Railway Companies, parties hereto. The Railway Companies agree to comply, and cause their employees to comply, with such rules and regulations.

SECTION 2. If any employe of the Bridge Company (not including the elective officers) shall be deemed by either of the Railway Companies to be incompetent, negligent or guilty of unfairness or discrimination, or otherwise unfit for the performance of his duties, such Railway Company, through a representative on the Board of Directors of the Bridge Company, shall deliver to the Bridge Company a written demand for the removal of such employe, and thereupon the Bridge Company shall dismiss such employe forthwith.

SECTION 3. The plan, character and cost of the facilities to be created and provided hereunder shall, subject to the provisions of Section 1 of Article I hereof, be determined by the Board of Directors of the Bridge Company.

SECTION 4. In case either of the Railway Companies, parties hereto, shall desire any addition to be made to the facilities of which addition it shall have the exclusive use, the Bridge Company may make such addition and grant the right to such exclusive use upon the following conditions in this Section 4 expressed, but not otherwise, viz.:

(a) The company to which such right of exclusive use of part of facilities shall be granted, shall enter into an agreement with the Bridge Company, and thereby obligate itself (1) to provide the necessary funds re-

quired to construct said additional facilities for its exclusive use, including all improvements thereon, and (2) to pay sums equal to all taxes, rates, levies, benefits, assessments and other governmental charges on the property so to be used exclusively, and (3) to pay all expenses incurred by the Bridge Company in the operation, maintenance, renewal or repair of the property so to be used exclusively. Or, the Bridge Company shall have the option to provide from its funds the necessary cost of such facilities to be exclusively used by either company, in which case said company shall pay a sum equal to five per cent. interest on the cost to be fixed in such agreement, of the portion of the facilities so to be used exclusively, including all improvements thereof, and shall make other payments mentioned in above clauses (2) and (3) hereof, together with its proper proportion of sinking fund payments payable by the Bridge Company. The Bridge Company, in case a Railway Company shall itself provide the funds for such facilities so to be used exclusively, shall have the option at any time thereafter, to purchase such facilities with all improvements thereon, at their fair value.

(b) The other Railway Company not then in default shall have consented in writing to the grant by the Bridge Company of such right of exclusive use and to the period for which the same shall be granted and to the other terms and provisions of such agreement.

SECTION 5. Except when and to the extent required by law, the Bridge Company shall not grant to any other railway company the right to use the said facilities unless each Railway Company not then in default shall consent thereto in writing.

SECTION 6. The Bridge Company, while it is performing said service of transporting freight, passengers, mail and express for the Railway Companies, either itself or by an agent, shall, as to cars, property or passengers in its possession or on its tracks, assume the obligation of a common carrier or connecting railroad company with respect thereto, and the Bridge Company will indemnify the Railway Companies and each of them against all claims, demands, suits and expenses, growing out of the same.

The Bridge Company shall pay, satisfy and discharge all losses, damages, charges, costs, expenses and liabilities (including liabilities for loss or damages to property and injury or death to persons and including loss by embezzlement or other dishonesty of employes), which shall be suffered or incurred by the parties hereto, or by any other corporation or person through or by reason of any negligence, carelessness, misconduct or other fault of the Bridge Company, or of any of its officers, agents, employes or servants, in the management, operation, maintenance, repair, betterment, extension, and renewal of the facilities, or due to any defect in the same, or to causes which cannot be ascertained; and all sums paid by the Bridge Company under this clause shall be included as part of the maintenance and operating expenses as provided for in paragraph 1st of Section 1 of Article II and shall be paid accordingly.

Any claim against the Bridge Company based upon alleged liability, which would be chargeable to the maintenance and operating expenses hereunder, may be settled, compromised or satisfied by the Bridge Company on

such terms as it may deem expedient, either before or after legal proceedings shall have been instituted in respect to such claim, and any sums paid in settlement, compromise or satisfaction of such claim shall be included as a part of said maintenance and operating expenses.

SECTION 7. Any liability or expense imposed upon the Bridge Company by any Employers' Liability or Compensation Law, whether or not resulting from the negligence of the Bridge Company, its officers, servants or agents, or from any failure or defect in the facilities, or from causes which cannot be ascertained, shall be borne by the Bridge Company, and shall be included as part of the maintenance and operating expenses, as provided in Section 1 of Article II hereof, and shall be paid accordingly.

SECTION 8. Each Railway Company shall pay, satisfy and discharge all claims and liabilities for losses, damages, charges, costs and expenses (including liabilities for loss or damage to property and injury or death of persons, and all expenses and liabilities imposed by any Employers' Liability or Compensation Law), suffered or incurred by the Bridge Company or by either Railway Company, or by any other corporation or person, through or by reason of any negligence, carelessness, omission or wrongful act of such Railway Company or of any of its officers, agents, employes or servants.

Whenever loss or damage to their property, passengers or employes shall be sustained by the parties hereto through their joint negligence, then each party so jointly negligent shall bear such loss or damage to its own property, passengers or employes; but loss or damage caused by such joint negligence to other persons or property, or to property, passengers or employes of any one of the parties hereto who shall not have been so jointly negligent, shall be borne equally by the parties so jointly negligent.

SECTION 9. In case said facilities or property of the Bridge Company shall be injured or destroyed by fire or other cause, the Bridge Company shall and will repair and restore or rebuild the same upon substantially the same site and in accordance with plans which shall first have been approved by the President or some other executive officer of each Railway Company not then in default. Such work of repairing and restoring or rebuilding shall be begun as soon as it reasonably may be after such injury or destruction, and shall be prosecuted continuously until completion. Pending such restoration or rebuilding such temporary arrangements as may be practicable shall be made by the Bridge Company for the accommodation of the Railway Companies and there shall be no deductions in any of the payments to be made hereunder by the Railway Companies, by reason of such injury or destruction of said facilities or property of the Bridge Company.

SECTION 10. The Bridge Company shall give to each of the Railway Companies thirty days' notice in writing of the date upon which the facilities will be completed and ready for use hereunder, and each Railway Company agrees that it will, in accordance with this agreement and during the term thereof, transfer all its cars, freight, passengers, mail and express interchanged with the other Railway Company or destined across the Ohio River between the Illinois Central Bridge near Cairo, Illinois, and the mouth of the Cumberland River via said Bridge and facilities, or run over the said

facilities all its trains crossing the Ohio River between said points; provided, however, and it is expressly understood and agreed by and between the parties hereto, that the facilities to be furnished hereunder by the Bridge Company shall at all times be adequate for the accommodation of the business of each Railway Company.

The rights herein granted by the Bridge Company are for the trains of the Railway Companies, and for the trains of any railroad company whose railway shall be at the time leased to and operated by either of the Railway Companies, its successors or assigns, and for the trains of any railroad company, a majority of whose capital stock shall be at the time owned by either of the Railway Companies, its successors or assigns, but do not include the right to use such facilities by or for the trains of any other railroad companies.

SECTION 11. It is expressly understood and agreed that all of the covenants and agreements to be performed by the Railway Companies under this agreement are several and not joint, and in no event shall either of the Railway Companies be liable for any default of the other, except as herein expressly provided.

SECTION 12. The several covenants, conditions and stipulations of this agreement shall be binding upon and inure to the benefit of the respective parties thereto, their successors, lessees and assigns. No assignment by either Railway Company of any interest or right under this agreement, whether in connection with the sale of the assigning Railway Company's railway and other property or otherwise, shall release such assigning Railway Company from any of its obligations under this agreement. If either Railway Company should be consolidated, the consolidated company shall be liable to make all payments and to perform all obligations hereunder which would be obligatory upon each of the constituent companies if such consolidation had not been made.

SECTION 13. If either Railway Company shall fail to pay any sum, payable by it hereunder, on or before the date when the same shall become due, or shall fail to perform or to comply with any other covenant or condition by it to be performed or complied with under this agreement, and such default shall continue for a period of thirty days after written demand for such payment, performance or compliance shall have been made upon such Railway Company by the Bridge Company, then and in any such case the Bridge Company shall have, and is hereby given, the right at its election to exclude such Railway Company from the use of the facilities, and upon giving notice in writing of such election to such Railway Company, all rights of such Railway Company to use the facilities shall then and there, by such notice, be terminated and the Bridge Company may exclude such Railway Company wholly from the facilities; but such termination shall not relieve any party hereto from any liability that may have accrued prior or shall accrue subsequent to the date of such termination or deprive any party of the right to enforce such liability, and such termination of the rights of one of the Railway Companies shall not affect the rights or obligations of the other Railway Company whose rights have not been so terminated.

Nevertheless, if the Railway Company in default, within thirty days after receipt of any statement rendered to it hereunder by the Bridge Company, shall give notice in writing to the Bridge Company that it contests the correctness of any specified item or items in such statement and shall pay to the Bridge Company all sums other than the item or items so specified and also, if demanded by the Bridge Company, shall furnish adequate security for the contested item or items, then so long as such Railway Company in good faith shall contest the correctness of the item or items specified in such notice, the right of the Railway Company to use the facilities shall not be terminated under this section by reason of the failure of such Railway Company to pay in full such item or items so contested. But no such notice, exclusion or termination shall relieve such Railway Company from the payments, to be made by it as in Section 1, 2 and 3, Article II hereof provided; it being agreed and understood, as a part of the consideration for this agreement, that each of the Railway Companies binds itself to make such payments absolutely and at all events.

In case such default of either Railway Company shall be in respect of payment to be made under Sections 1 and 2, Article II, and shall continue for a period of thirty days after written demand for such payment, performance or compliance shall have been made upon such Railway Company by the Bridge Company, then and in any such case the Bridge Company shall, anything herein contained to the contrary notwithstanding, upon request in writing of the Railway Company not in default, exercise the right hereinbefore in this Section 13 given, and wholly exclude such Railway Company so in default from the use of the facilities.

In case either Railway Company shall be excluded from the use of the facilities under this Section 13, such Railway Company shall be entitled, at any time within a period of one year after such exclusion, but no longer, to be reinstated to the use and enjoyment of all the rights and privileges granted to it hereunder upon payment within such year to the Bridge Company of all sums for which it is in arrears, with interest thereon from the date such sums became due, respectively at the rate of six per cent. per annum, together with interest at the rate of six per cent. per annum on the overdue installments of interest and upon compliance with such other conditions and considerations as the Board of Directors of the Bridge Company may impose.

Each of the Railway Companies, not in default, shall be represented by at least two directors on the Board of Directors of the Bridge Company, and during default their offices shall be vacated and directors may be elected by the other directors to fill such vacancy. All of the issued shares of common stock of the Bridge Company shall be deposited with the Trustee Company under a stock trust agreement which shall provide for the forfeiture and transfer of the deposited stock belonging to either company which shall be in default under this agreement and not reinstated as herein provided, and of the deposited stock of its representatives on the Board of Directors of the Bridge Company. Any stock so forfeited shall thereupon become the property of the other Railway Company not then in default. The voting

power and dividend rights on such deposited stock shall be retained by the Railway Company so long as it shall not be in default, and shall be exercised by the Trustee Company as to the stock of the company in default, prior to its transfer to the other Railway Company.

SECTION 14. It is mutually understood and agreed that while each Railway Company shall have the right to arrange its own schedules and time-tables, this right shall be judiciously, fairly and equitably exercised by each so as not to produce unnecessary inconvenience to the other Railway Company. Should a dispute arise between the Railway Companies as to the arrangement of trains, the use of the facilities or the time-table or train schedule of the Railway Companies, the Bridge Company expressly reserves the power to determine and enforce the proper arrangement and order of trains, the proper use of the facilities, and the proper arrangement of such time-tables or train schedules, and to direct the adoption thereof, and, if in its judgment it shall be necessary for the safe and proper conduct of the traffic over and upon the facilities, the Bridge Company shall have the right of regulating or prescribing the rate of speed or movement of trains thereover and thereon.

SECTION 15. If at any time a difference of opinion or dispute shall arise between the Bridge Company and either Railway Company, or between the Railway Companies, in respect to any of the provisions of this agreement, or as to their respective rights, liabilities and duties hereunder, the question so in dispute, if it cannot be settled by the parties themselves, shall be referred to a Board of Arbitration which shall consist of competent and disinterested persons, skilled in such matters and shall be selected as follows: That is to say, each party shall select one arbitrator and the two arbitrators thus chosen shall select a third arbitrator. The party desiring such arbitration shall give written notice of the same to the other party, stating therein definitely the question or questions in dispute, and naming the person selected as arbitrator by the party giving such notice; and thereupon, it shall become and be the duty of the other party, within twenty days after receipt of such written notice to name the arbitrator selected by such other party as above provided; and in the event that it shall fail to do so, then the party serving such notice may select an arbitrator for it, and the arbitrators thus chosen shall select a third arbitrator. In the event that the two arbitrators chosen by either method aforesaid cannot agree upon a third arbitrator, the Judge of the District Court of the United States for the District in which the City of Paducah is located may, upon the application of any one of said arbitrators, appoint the third arbitrator. The Board of Arbitrators, thus constituted, shall give to each of the parties between whom such difference of opinion or dispute shall have arisen, notice of the time and place of hearing, which shall not be less than twenty nor more than thirty days after service of such notice, and at the time and place appointed the said arbitrators shall proceed to the final hearing, unless, for good cause shown, of which the arbitrators, or a majority of them, shall be the judges, such hearing shall be postponed until some later date. The determination of the Board of Arbitrators, so constituted, or a majority of them, shall be

made in writing, and a report thereof delivered to each of the parties between whom such difference of opinion or dispute shall exist, within sixty days from the date of the appointment of the third arbitrator, to be chosen by the said arbitrators or the said judge, unless the parties in dispute shall agree to enlarge the time within which such report may be so rendered; and such determination, when so made, shall be final and conclusive upon the parties in dispute upon the question or questions submitted to such Board. All expenses attending each and every such arbitration shall be borne equally by the parties to the dispute so arbitrated. Arbitration under this Article shall constitute a condition precedent to the institution of any suit or litigation upon any matters herein provided to be arbitrated; provided, however, that no questions or disputes arising under paragraph 2nd, 3rd or 4th of Section 1 or under Section 2 of Article II hereof which shall affect the obligations of the parties to make the payments therein provided for or the rights of the Trustee or bondholders shall be the subject of arbitration.

ARTICLE IV.

This agreement is hereby transferred and assigned to the Trustee Company under said First Mortgage of the Bridge Company by way of further security for the bonds issued under and secured by said mortgage and such other bonds as may be issued in accordance with the terms hereof, and it is hereby covenanted and agreed by and between the parties hereto that this agreement is subject to the lien of said First Mortgage, and that said Trustee Company shall have the right and power in its own discretion to enforce and require the enforcement of any and every covenant herein contained, the breach of which may in its judgment affect or impair the rights or security of said Trustee Company or the bondholders represented by it; and the Bridge Company hereby expressly agrees to protect and hold said Trustee Company harmless from every expense, liability, claim, charge, action or demand which might impair the validity of this agreement, the right or security of said Trustee Company or the bondholders represented by it or which may be incurred by said Trustee Company in protecting its rights and security and those of the bondholders represented by it; and it is expressly understood and agreed that said Trustee Company, in exercising the powers conferred by this Article IV, shall not in any manner be responsible or liable for any act, default or misconduct of any officer, agent or other person employed by the Trustee Company, except for wilful default or misconduct.

Except when otherwise indicated, the words "Trustee Company" or any other equivalent term, as used in this agreement, are intended and shall be held to designate the Trustee Company under the said First Mortgage of the Paducah & Illinois Railroad Company and any successor Trustee Company under said First Mortgage, and such successor Trustee Company shall have and is hereby granted the respective rights hereunder of the Trustee Company named in said First Mortgage.

In Witness Whereof, the parties hereto have caused these presents to be signed by their respective Presidents or Vice-Presidents thereunto duly au-

thorized and their respective corporate seals to be hereto affixed and attested by their respective Secretaries, the day and year first above written.

My Commission expires December 5th, 1917.

and State aforesaid.

SUPPLEMENTAL AGREEMENT, July 1, 1915, between Paducah & Illinois Railroad Company of the first part, The Nashville, Chattanooga & St. Louis Railway and Chicago, Burlington & Quincy Railroad Company of the second part, and Union Trust Company as Trustee of the third part. Relating to construction and operation of a bridge across the Ohio River at or near Metropolis, Illinois, the construction of connecting tracks, and a line connecting with The N. C. & St. L. Ry. near Paducah, Ky.

Supplemental Agreement, made this first day of July, 1915, by and between Paducah & Illinois Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Kentucky (hereinafter called the Bridge Company), party of the first part, The Nashville, Chattanooga & St. Louis Railway, a corporation organized and existing under and by virtue of the laws of the State of Tennessee, and Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter sometimes called the Railway Companies, parties of the second part, and Union Trust Company, of Chicago, Illinois, a corporation of the State of Illinois, the corporate trustee under the first mortgage of the Bridge Company hereinafter mentioned (hereinafter called the Trustee Company), party of the third part.

Whereas, the parties hereto on the first day of September, 1914, executed an agreement relating to the construction and operation of a bridge across the Ohio River, at or near Metropolis, Illinois, and the construction of a railroad connecting said bridge with The Nashville, Chattanooga & St. Louis Railway near Paducah, Kentucky, with terminal and interchange facilities; and,

Whereas, the said agreement contemplated the making and delivery of a First Mortgage by the said Bridge Company covering its bridge, railroad terminal and other facilities then owned, or thereafter acquired by use of the bonds to be issued under said mortgage, including said agreement and the rentals to be paid thereunder, to secure an issue of bonds of the Bridge Company not to exceed in the aggregate six millions of dollars, and which said bonds should draw interest at the rate of four and one-half per cent. ($4\frac{1}{2}\%$) per annum, and to be dated September 1, 1914, and to mature September 1, 1954, and to be extinguished on or before said date of maturity by annual contributions to a sinking fund beginning September 1, 1920; but which said First Mortgage has not been executed or any bonds issued and sold thereunder; and,

Whereas, said agreement of September 1, 1914, among other things, contemplated that each of the Railway Companies in return for any payments to the Bridge Company on account of the principal of said First Mortgage bonds, or whenever contributions are made from the sinking fund, either by the Bridge Company or by the Railway Companies, the Bridge Company should issue and deliver to the Railway Companies preferred stock in amount equal at par to such payments, which said preferred stock should be entitled to receive dividends payable semi-annually at the rate of, and limited to $4\frac{1}{2}\%$ per cent. per annum, before any dividends should be declared on the common stock; and,

Whereas, since the execution of said agreement of September 1, 1914, it has been determined that the authorized amount of the bonds that may be issued under said First Mortgage shall be increased to seven million dollars, and the same shall also be jointly and severally guaranteed, as to principal and interest and Sinking Fund payments, by the Railway Companies by causing their guaranty to be placed on each of the bonds to be issued under said First Mortgage as hereinafter provided;

Now, Therefore, in consideration of the premises and of the covenants and agreements hereinafter set forth, it is agreed between the parties hereto as follows:

SECTION 1. It is agreed that each of the Railway Companies, in the event that the revenue received by the Bridge Company from the tolls, charges, rentals and compensations for the use of its bridge, railroad and property shall be insufficient to make the payments as provided in Article II, Section 1, of said agreement of September 1, 1914, each of the Railway Companies shall pay to the Bridge Company one-half the remainder necessary, including interest at the rate of $4\frac{1}{2}\%$ per cent. per annum, on the bonds issued, or to be issued under said First Mortgage of the Bridge Company to an amount not exceeding seven millions of dollars at any one time outstanding and including contributions to the sinking fund payable to said

Bridge Company, and also the payment of dividends on any preferred stock issued by the Bridge Company, at the rate of $4\frac{1}{2}$ per cent. as provided in said agreement of September 1, 1914, and shall pay one-half the principal of said bonds in accordance with Section 2 of said Article II thereof in such increased amount now authorized. It is further agreed that Section 5 of Article II of said agreement of September 1, 1914, providing, among other things, that "the Bridge Company shall issue and shall deliver to the Railway Companies preferred stock of the Bridge Company to an amount at par equal to such payment" (referring to any payments on account of the principal of the First Mortgage Bonds of the Bridge Company, or to the sinking fund created for said bonds), shall be amended so that in case any Bonds are paid or retired at a premium of not more than $2\frac{1}{2}\%$, the Railway Companies shall receive preferred stock at par equal only to the par of said bonds.

SECTION 2. It is hereby agreed between the parties hereto, for the benefit of each and all the present or future holders of all the bonds to be issued, or reissued or exchanged under or as provided in the First Mortgage of the Bridge Company, dated July 1, 1915, to Union Trust Company as Trustee, as follows:

The Railway Companies, for a valuable consideration, shall and will jointly and severally guarantee the payment by the Bridge Company of both the interest and principal of all and every of the said bonds, whether in temporary or definitive form, according to their tenor, by causing their guaranty to be placed on each of their said bonds to be issued, or reissued or exchanged, under or as provided in the said First Mortgage, substantially in the form following:

The Nashville, Chattanooga & St. Louis Railway, and Chicago, Burlington & Quincy Railroad Company, for value received, do hereby, jointly and severally, unconditionally guarantee to the holder of the within bond the payment of the principal thereof and of the indebtedness represented thereby, and of the interest on the said bond and indebtedness and of all sums payable to the Sinking Fund provided for in said First Mortgage, as such principal and the installments of the said interest and Sinking Fund payments shall respectively become due; and in case of the failure of the Bridge Company punctually to make payment of either the principal or the interest and Sinking Fund payments as the same shall become due, do hereby jointly and severally agree punctually to make such payments.

In Witness Whereof the said guarantor companies have caused their respective corporate names and the signatures or the engraved facsimile signatures of their respective presidents or vice-presidents to be hereunto affixed and this guaranty to be countersigned on behalf of each of them by Union Trust Company, their agent duly appointed for that purpose.

The Nashville, Chattanooga & St. Louis Railway,

By.....

President.

Chicago, Burlington & Quincy Railroad Company,

By.....

President.

Countersigned on behalf of each of the above Railway Companies by the undersigned Union Trust Company as its agent, which hereby certifies that by agreement in writing dated July 1st, 1915, deposited with the undersigned simultaneously with the delivery to it of said First Mortgage, and signed by the Railway Companies whose engraved signatures are attached to the foregoing guaranty, it is provided as follows:

The Railway Companies adopt respectively the engraved signatures to the guaranty upon the First Mortgage bonds of the Bridge Company to be issued under the mortgage dated July 1, 1915, and authorize Union Trust Company to countersign said guaranty on behalf of each of the Railway Companies, and its counter signature of any guaranty shall be conclusive evidence of the validity and due execution thereof by each of the Railway Companies.

Union Trust Company,
Agent,

By.....
Vice President.

The Railway Companies adopt respectively the engraved signatures to the guaranty upon the First Mortgage bonds of the Bridge Company to be issued under the mortgage dated July 1, 1915, and authorize Union Trust Company to countersign said guaranty on behalf of each of the Railway Companies, and its counter signature of any guaranty shall be conclusive evidence of the validity and due execution thereof by each of the Railway Companies.

The Railway Companies and each of them assent to all the terms and conditions of the said bonds, and of the said First Mortgage, and hereby waive presentation or demand of any of the said bonds and of any interest coupons, and waive protest of the said bonds and of any interest coupons, and waive notice of presentation, demand and protest, and of any sale of the mortgaged premises or other trust estate in pursuance of the said First Mortgage, whether by the Trustee thereunder or in judicial proceedings. The obligations of the Railway Companies shall not be affected by any action taken under the said First Mortgage in the exercise of any right or power thereby conferred or by any failure or omission on the part of the Trustee under the said First Mortgage to enforce any rights given thereunder or conferred thereby, or by any failure or omission on the part of the holder of any of the said bonds to enforce any right of such bondholder against the Bridge Company or any successor corporation, or by any action of the Trustee under the said First Mortgage, or of any bondholder against the Bridge Company or any successor corporation under the said bonds or the said First Mortgage, or by any action of the Trustee or of any bondholder in granting indulgence to the Bridge Company or any successor corporation, or in waiving defaults on the part of the Bridge Company or any successor corporation under the said bonds or the said First Mortgage; and no proceedings taken for the enforcement of the said First Mortgage or for the sale thereunder of the mortgaged premises or trust estate shall affect the obligations of the Railway Companies or any of them.

This agreement of guaranty may be enforced directly by the holders of the said bonds, as well as by the Trustee and its respective successors in the trust under the said First Mortgage, from time to time as often as occasion may arise; and only for the purposes of this Section 2, the said Trustee is made a party to and has executed this agreement, and the Trustee shall not be considered or held to be a party to any of the agreements contained in the other sections of this agreement. The provisions of this Section 2 shall not be subject to modification or change, anything in this supplemental agreement to the contrary notwithstanding.

SECTION 3. The sums payable by the Railway Companies under this supplemental agreement and this agreement itself, are hereby assigned to the Union Trust Company, Trustee, under said First Mortgage of the Bridge Company, as additional security on said mortgage; subject, however, to the provisions of said original agreement of September 1, 1914, except as herein modified.

SECTION 4. It is further agreed that Section 5 of Article II of said Agreement dated September 1, 1914, be amended by striking out the words "to such payment" in the first and second lines of page 9, and substituting therefor the words "to the par value of the bonds purchased for the Sinking Fund in any year."

SECTION 5. Except as changed herein, all the provisions of said original agreement of September 1, 1914, between the parties hereto, are in all respects ratified and confirmed as and for the agreements of the respective parties hereto, and said original agreement and this supplemental agreement shall be in effect for the term of forty years from July 1st, 1915.

In Witness Whereof, the parties hereto have caused these presents to be signed by their respective Presidents or Vice-Presidents thereunto duly authorized and their respective corporate seals to be hereto affixed and attested by their respective Secretaries, the day and year first above written.

EXHIBIT 3

STOCK TRUST AGREEMENT, July 1, 1915, between The Nashville, Chattanooga & St. Louis Railway, and Chicago, Burlington & Quincy Railroad Company, of the first part, Union Trust Company, Trustee, of the second part, and Paducah & Illinois Railroad Company of the third part, relating to stock of the Paducah & Illinois Railroad Company.

An Agreement, Made this 1st day of July, 1915, between The Nashville, Chattanooga & St. Louis Railway, a corporation of the State of Tennessee, and Chicago, Burlington & Quincy Railroad Company, a corporation of the State of Illinois (hereinafter called the Railway Companies) parties of the first part; Union Trust Company, a corporation of the State of Illinois (hereinafter called the Trustee), party of the second part; and Paducah & Illinois Railroad Company, a corporation of the State of Kentucky (hereinafter called the Bridge Company), party of the third part.

Whereas, the Bridge Company is about to execute and deliver to the Trustee a certain mortgage or deed of trust to secure an issue of not exceeding \$7,000,000 in face amount of first mortgage bonds of the Bridge Company, which mortgage or deed of trust is substantially of the tenor of Exhibit A hereto attached; and

Whereas, each Railway Company has acquired and owns an equal number of shares, to wit, fifty (50) shares of the par value of \$100 each of the common stock of the Bridge Company, and the Railway Companies have entered into an operating agreement with the Bridge Company, and with the Trustee, dated September 1, 1914, with an agreement supplemental thereto of this date, substantially of the tenor of Exhibit B hereto attached, whereby, among other things, the Bridge Company has granted to the Railway Companies, severally, the right to use its proposed bridge across the Ohio River at or near Metropolis, Illinois, and the railroad and railroad facilities to be constructed or otherwise acquired by the Bridge Company between said bridge and the City of Paducah, Kentucky, as well as certain terminal properties to be acquired by the Bridge Company in and about

the City of Paducah, as set forth in said Exhibit B, (which bridge, railroad, facilities and property are hereinafter called the Bridge property), and each Railway Company, as an inducement to the execution by the other Railway Company of the agreement composing said Exhibit B, and in consideration thereof, and for other valuable considerations, has agreed with the other Railway Company, to execute these presents, and to assign and transfer, or to cause to be assigned and transferred, to the Trustee all said shares of the common stock of the Bridge Company acquired by such Railway Company, (except directors' qualifying shares certificates for which, endorsed in blank for transfer, are also to be deposited with the Trustee, hereunder), for the purpose of securing the due and punctual performance of this agreement, and of such operating agreement, and agreement supplemental thereto, Exhibit B; *now therefore*, it is mutually agreed by and between the parties hereto, as follows:

ARTICLE I.

SECTION 1. This agreement shall be executed by the parties hereto in quadruplicate, one of which shall be delivered to each of the said parties.

Each Railway Company forthwith will deliver, or cause to be delivered, to the Trustee certificates in the name of the Trustee, or duly endorsed in blank for transfer, representing fifty (50) shares of the common stock of the Bridge Company.

Out of the shares of stock so delivered to the Trustee by each Railway Company, the Trustee will cause the minimum number of shares, necessary to qualify two Directors of the Bridge Company, to be transferred into the names of the persons designated in writing by each Railway Company, as its nominees to act upon the Board of Directors of the Bridge Company and a like number of shares necessary to qualify one Director to be transferred to the person designated in writing by both railway companies as their joint nominee, and shall cause the remainder of said shares deposited with the Trustee to be transferred upon the books of the Company into the name of the Trustee, as trustee for such company so delivering the same, subject to the provisions of this agreement.

Each Railway Company hereby assigns and transfers to the Trustee the shares of stock of the Bridge Company represented by such certificates so to be delivered by it to the Trustee; and the Trustee, subject to the terms and conditions of this agreement, shall have and be entitled to exercise all the rights and powers of a stockholder in respect of said shares, other than said Directors' qualifying shares.

All said shares of stock of the Bridge Company so to be delivered to the Trustee shall be held by the Trustee in trust for the purposes and upon the terms and conditions herein expressed, until delivered, transferred or surrendered by the Trustee as herein provided.

SECTION 2. No additional shares of common stock shall be issued by the Bridge Company except with the consent in writing of each Railway Company. Whenever, and as often as the Bridge Company shall issue additional shares of common stock, the shares of such additional stock, in equal amounts, shall be offered to each Railway Company not then in default

under this agreement, or under said agreements Exhibit B; and each Railway Company agrees to subscribe and pay for such additional stock upon such terms as may be agreed upon, or default of such agreement, on such terms as may be fixed and determined by the Board of Directors of the Bridge Company; to the end that the interest of each Railway Company not in default, represented by its ownership of shares of common stock of the Bridge Company, shall at all times be equal; and any and all shares of additional stock so subscribed and paid for shall forthwith be delivered and transferred to the Trustee, and all the terms and provisions of this agreement shall apply thereto, to the same extent as the stock of the Bridge Company now owned by the Railway Companies and transferred to the Trustee under this agreement.

SECTION 3. Nothing in this agreement contained shall affect the right of the Bridge Company to issue its preferred stock, provided that such stock shall have no voting power. The Bridge Company shall have the right to issue, and the Railway Companies, their successors and assigns, to hold, receive, possess, transfer or dispose of, such preferred stock, and such stock may provide for a preference over the common stock as to assets and as to dividends, at such rate as the Bridge Company may choose, and the dividends thereon may be made cumulative, it not being intended by this instrument to impose any restrictions upon the amount, form, effect, possession or transfer of any preferred stock issued by the Bridge Company, except that no voting power shall attach to any preferred stock so issued.

ARTICLE II.

SECTION 1. Each Railway Company covenants and agrees to and with the other Railway Company, as follows:

(a) To execute said agreement supplemental to the operating agreement substantially in the form shown in Exhibit B;

(b) To pay promptly when due every sum of money that may become payable by it under said agreements Exhibit B, and to conform and comply with all the terms, covenants and provisions of said agreements;

(c) From time to time, upon demand of the Trustee, to pay one-half of the expenses of the Trustee hereunder, including the reasonable compensation of the Trustee and all expenses that may be incurred in preserving the pledged stock and of defending and enforcing the rights and interests of the parties hereto in respect of said stock or under this agreement; and also, to the same extent, to indemnify the Trustee against all damage and liability while acting hereunder, and also from time to time, upon demand of the Trustee, to pay the taxes, if any, assessed upon the stock pledged by such Railway Company hereunder and then held by the Trustee.

SECTION 2. The By-laws of the Bridge Company shall be made to conform with the provisions of this agreement and of said Exhibit B, and when so made they shall not be thereafter changed with respect thereto except by the unanimous vote of the Board of Directors of the Bridge Company.

SECTION 3. Exhibit B, as used herein, shall be deemed to include the said agreements as originally executed and as they may subsequently be

amended or modified by the parties thereto, as therein provided. The expression, the Railway Companies, shall include the Railway Companies and each of them, parties of the second part to this agreement; and also such of the successors of the Railway Companies as shall succeed to the rights and privileges granted by said agreements Exhibit B, and shall become bound by their obligations; *provided*, that no such successor railway company shall have any beneficial interest in the common stock of the Bridge Company, pledged by its predecessor under this agreement, until such successor railway company shall have become a party to this agreement.

ARTICLE III.

SECTION 1. In case either of the Railway Companies shall make default in the payment of any sum which shall be payable by it under this agreement, then the Railway Company so in default shall be liable to pay interest upon such sum, at the rate of six per cent. per annum, from the due date for such payment, until such sum shall be fully paid.

SECTION 2. In case either of the Railway Companies shall be in default in respect to any payment to be made under the agreements as shown in said Exhibit B, or under this agreement, or in the performance of any of its covenants or agreements therein or herein contained, then until such Railway Company shall have paid such sum, with interest as aforesaid, and shall have complied with such covenants or agreements, the other Railway Company not then in default shall be entitled to vote upon the shares transferred to the Trustee by the Railway Company in default, then held by the Trustee hereunder, at all meetings of the stockholders of the Bridge Company, for the election of Directors, and for all other purposes, and the Trustee shall execute and deliver to the Railway Company not then in default a power of attorney appointing such Railway Company, or any person or persons, who may be designated by such Railway Company in writing, the attorney, agent and proxy of the Trustee, with power of substitution, to vote upon such shares at all meetings of stockholders of the Bridge Company.

SECTION 3. If either of the Railway Companies shall be excluded from the use of the Bridge property, as provided in the agreements shown in Exhibit B and particularly in Section 13 of Article III of the agreement dated September 1, 1914, the Trustee shall thereafter hold the shares transferred to it by the Railway Company so excluded from the use of the Bridge property, for the use and benefit of the other Railway Company, which may then be entitled, under the provisions of the agreements composing Exhibit B, to use and enjoy the Bridge property; and each of the Railway Companies hereby agrees with the Trustee, and with the other Railway Company, to release and relinquish to the Trustee all further right, title or interest in or to its said shares, and that this instrument shall operate as a release and relinquishment thereof in the event that it shall be excluded from the use of the Bridge property as aforesaid, and consents and requests that the Trustee shall thereafter hold said shares, under the terms of this instrument, for the use and benefit of the other Railway Company which may then be entitled to use the Bridge property under the terms of the agreements in

Exhibit B; *provided* that of either of the Railway Companies, after being excluded from the use of the Bridge property, as provided in the agreements in Exhibit B, and particularly in Section 13 of Article III of the agreement of September 1, 1914, shall be reinstated and become entitled to use the Bridge property, as therein provided, the Trustee shall thereafter, and so long as such Railway Company shall be entitled to use the Bridge property under said agreements composing Exhibit B, hold the shares of stock transferred to it by such Railway Company under the terms of this agreement, in the same manner and to the same extent as though such company had never been excluded from the use of the Bridge property.

SECTION 4. If either of the Railway Companies shall be excluded from the use of the Bridge property, as provided in the agreements in Exhibit B, and particularly in Section 13 of Article III of the agreement of September 1, 1914, and upon the delivery to the Trustee of a written notice of such exclusion, signed by the President or one of the Vice-Presidents of the Bridge Company, the Trustee shall thereupon forthwith cause to be transferred into its own name, as Trustee under this agreement, the share or shares of stock deposited with the Trustee and standing in the name of the persons who are then the nominees and representatives of such excluded Railway Company on the Board of Directors of the Bridge Company; and the Trustee thereafter shall hold such share or shares of stock, under the terms of this instrument, for the use and benefit of the other Railway Company which may then be entitled to use the Bridge property, under the terms of Exhibit B; *provided* that if such excluded company shall be reinstated and again become entitled to use the Bridge property, as in Exhibit B provided, such Directors' shares shall be again transferred to the names of the nominees of the Railway Company, so reinstated, and the certificate representing such shares shall be by them endorsed in blank, for transfer, and deposited with the Trustee to be held by it under this agreement.

SECTION 5. In the event that the Directors of the Bridge Company shall elect new Directors to take the place of those theretofore representing the excluded Railway Company, the Trustee shall cause the necessary number of shares formerly belonging to the excluded Railway Company to be registered in the name of the new Directors, that they may be properly qualified, and the certificate representing such shares shall be by them endorsed in blank, for transfer, and deposited with the Trustee to be held by it under this agreement.

ARTICLE IV.

SECTION 1. Each Railway Company, if and so long as it shall not be in default in making payment of any sum by it payable under said agreements in Exhibit B, or under this agreement, or in the performance of any of the covenants and agreements therein or herein contained, shall be entitled to receive from the Trustee all dividends received or collected by the Trustee upon the shares transferred by such Railway Company to the Trustee, and then held by the Trustee hereunder; and, from time to time, at the written request of the Railway Company not then in default, the Trustee shall deliver to such Company proper dividend orders, addressed to the Bridge

Company, directing the payment to such Company of the dividends to which it is so entitled; and the Trustee shall pay over to such Railway Company all such dividends that shall be collected or received by the Trustee upon such shares; but if and so long as either Railway Company shall be in default as aforesaid, any dividends upon the shares of stock of the Bridge Company, transferred by such defaulting Railway Company to the Trustee, which may be received by the Trustee during such default, shall forthwith be paid over, by the Trustee to the Railway Company not then in default; *Provided*, that if either of the Railway Companies, after being excluded from the use of the Bridge property, as provided by the terms of Exhibit B, and particularly in Section 13 of Article III of the agreement of September 1, 1914, shall be reinstated and become entitled to use the Bridge property as therein provided, such dividends shall upon such reinstatement be refunded to the Railway Company so reinstated by the other Railway Company which received them, but without interest for the period before such reinstatement.

SECTION 2. Each Railway Company, if and so long as it shall not be in default in making payment of any sum by it payable under said agreement in Exhibit B, or under this instrument, or in the performance of any of its covenants or agreements therein or herein contained, shall be entitled to vote at all meetings of the stockholders of the Bridge Company for the election of Directors, and for all other purposes not inconsistent herewith, upon all the shares of stock of the Bridge Company transferred by such Railway Company to the Trustee, and then held by the Trustee; also upon the shares of stock of the Bridge Company transferred to the Trustee and then held by the Trustee for the use and benefit of the Railway Company then entitled to the use of the Bridge property, as provided in Article III hereof; and the Trustee, from time to time, shall execute and deliver to such Railway Company, not in default, a power of attorney appointing such Railway Company, or any person or persons who may be designated in writing by such Railway Company, the attorney, agent and proxy of the Trustee, with power of substitution, to vote upon such shares at all meetings of the stockholders of the Bridge Company held within ninety days after the date of such power of attorney; provided, however, that any such power of attorney shall be canceled and terminated by the execution and delivery by the Trustee of any power of attorney under the provisions of Section 2 of Article III of this agreement, and shall also be terminated as to either Railway Company by the exclusion of such Railway Company from the use of the Bridge property, as provided in the agreements composing Exhibit B, and particularly in Section 13 of Article III of the agreement of September 1, 1914; and such power of attorney shall also be canceled and terminated and a new power of attorney shall be issued by the Trustee in favor of the Railway Company which, during such period of ninety days, shall make good all defaults previously existing.

ARTICLE V.

This agreement may be terminated or modified at any time by an instrument in writing executed by each Railway Company not then in default;

but unless so terminated, this agreement shall continue in force so long as said agreements in Exhibit B shall remain in force. In case of any such termination of this agreement, the Trustee shall retransfer and redeliver to each Railway Company not then in default any shares of stock of the Bridge Company transferred by it to the Trustee, and it shall also transfer and deliver to the Railway Company not then in default any shares then held by the Trustee for the use and benefit of such Railway Company under Article III hereof, upon payment by such Railway Company of all sums by it payable, under said agreements in Exhibit B and under this agreement, to the Bridge Company.

ARTICLE VI.

The Trustee has become party to these presents only for the purpose of signifying its acceptance of the trusts hereunder; the Bridge Company has become a party to these presents to signify its assent to the provisions of Section 2 of Article I and Section 2 of Article II hereof; it being understood that this agreement is made for the purpose of furnishing to each Railway Company security for the performance by the other Railway Company of its covenants and agreements contained in said agreements composing Exhibit B, and in this instrument, and that the provisions of this agreement shall in no manner impair or affect any of the terms, conditions or provisions of said mortgage or deed of trust for the benefit of the trusts thereunder, or of the holders of the bonds thereby secured, or any of the terms, conditions or provisions of said agreements in Exhibit B.

ARTICLE VII.

Any demand, request, notice, designation or selection to be made by the Railway Companies, or either of them, or by the Bridge Company, under any provision hereof, shall be sufficiently given and served when signed by the President or a Vice-President, or by the Chairman of the Executive Committee, or by the Comptroller, or Secretary or an Assistant Secretary of the Company in whose behalf the same shall purport to be made, and delivered to or served upon any one of such officers of the other Railway Company or of the Bridge Company.

ARTICLE VIII.

SECTION 1. The Trustee, or any successor trustee, may resign and be discharged from the trusts created by this agreement, by giving to each Railway Company notice in writing of such resignation, specifying the date when such resignation shall take effect. Such resignation shall take effect from the date specified in such notice, unless previously a successor trustee shall be appointed, as hereinafter provided, in which event such resignation shall take effect immediately upon the appointment of such successor trustee. The Trustee, or any successor trustee, at any time may be removed from the trusteeship by the Railway Companies or Company not then in default, by an instrument in writing duly signed by them or it, or by their or

its attorneys duly authorized. Upon removal, the Trustee so removed shall be entitled to the payment of its reasonable charges for the services rendered by it, and the expenses incurred by it in the management of the trust.

SECTION 2. In case, at any time, a vacancy shall exist in the trusteeship hereunder, from whatever cause arising, the Railway Companies or Company not then in default may, by written appointment under their or its respective hand, appoint a new trustee or successor trustee; the appointment of a new trustee or successor trustee, as herein provided, shall be effectual to vest in such trustee so appointed the appropriate authority, rights, powers and duties herein provided in that behalf; and in every case of resignation by a trustee, or of removal of a trustee, the Trustee so resigning or removed shall, at the request of either of the Railway Companies or of Trustee so appointed, assign, transfer and deliver to such successor Trustee all moneys, shares of stock, rights, contracts, choses in action, evidences of indebtedness and all other matters or things then held by it as Trustee under this agreement.

The word "default" wherever it occurs in this agreement shall be construed to mean a default hereunder or under said agreements composing Exhibit B.

In witness whereof, each of the parties hereto has caused these presents to be signed by its President, or one of its Vice-Presidents, and its corporate seal to be hereunto affixed and attested by its Secretary or an Assistant Secretary, the day and year first above written.

EXHIBIT 4

TRUST MORTGAGE, July 1, 1915, Paducah & Illinois Railroad Company to Union Trust Company, Trustee.

This Indenture, dated this 1st day of July, in the year one thousand nine hundred and fifteen, by and between Paducah & Illinois Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Kentucky, hereinafter for convenience styled the Bridge Company, party of the first part, and Union Trust Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter for convenience styled the Trustee, party of the second part,

Witnesseth that:

Whereas, the Bridge Company desires to borrow money to pay for the acquisition of necessary real estate and construction of a bridge across the Ohio River at or in the vicinity of Metropolis, Illinois, together with approaches thereto, and a railroad in connection therewith to point of connection with The Nashville, Chattanooga & St. Louis Railway near Paducah, Kentucky, the creation of terminal facilities near said point of connection, for completing, equipping and operating the railroad of the Bridge Company, and for other corporate purposes; and

Whereas, to such ends, the Bridge Company, in pursuance of resolutions of its stockholders and Board of Directors adopted at meetings duly called and held, and in the case of the stockholders by the unanimous vote of the holders of all of the capital stock of the Bridge Company, has determined to make provision under this indenture for an issue of First Mortgage Bonds, limited to the principal amount of seven million dollars at any one time outstanding, to be payable July 1st, 1955, at the office of the Trustee in the City of Chicago or at the agency of the Company in the Borough of Manhattan, New York City, in gold coin of the United States of America of the present standard of weight and fineness, with interest at the rate of 4½ per cent. per annum, payable in like gold coin semi-annually on the first day of January and the first day of July in each year at said office or agency, and to secure the same by mortgage of and upon all of its property, rights, privileges and franchises now owned or hereafter acquired with said bonds or the proceeds thereof; and

Whereas, the bonds to be secured by this indenture are to be coupon bonds of the denomination of one thousand dollars, numbered consecutively from 1 upwards, and registered bonds of the denominations of one thousand dollars, and also of five thousand dollars, every such bond to bear distinctive numbers or designations, and all such bonds, from time to time, as directed by the Board of Directors of the Bridge Company, are to be executed in the name and on behalf of the Bridge Company and under its corporate seal by the President, or a Vice-President, and by the Secretary, or an Assistant Secretary, of the Bridge Company; and

Whereas, such coupon bonds are to be substantially of the following tenor, to wit:

(Form of Coupon Bond)

No.

\$1,000.

UNITED STATES OF AMERICA.

PADUCAH & ILLINOIS RAILROAD COMPANY,

First Mortgage $4\frac{1}{2}$ Per Cent. Forty-Year, Sinking Fund Gold Bond.

Paducah & Illinois Railroad Company, a corporation of the State of Kentucky (hereinafter called the "Bridge Company"), for value received, promises to pay, on the first day of July in the year 1955, at the office of Union Trust Company in the City of Chicago, or at the office or agency of the Company in the Borough of Manhattan, New York City, to bearer, or, if registered, to the registered holder of this bond, one thousand dollars, gold coin of the United States of America of the present standard of weight and fineness, and to pay interest thereon from July 1st, 1915, at the rate of $4\frac{1}{2}$ per cent. per annum, such interest to be payable at said office or agency in like gold coin, semi-annually, on the first day of January and the first day of July in each year, but only upon presentation and surrender of the annexed coupons therefor as they severally mature.

Both the principal and interest of this bond are payable without deduction for any tax or taxes which the Bridge Company may be required to pay thereon or to retain therefrom under any present or future law of the United States, or of any state, county, municipality or other taxing authority therein, except the federal income tax.

This bond is one of a duly authorized issue of coupon bonds and registered bonds of the Bridge Company issued and to be issued to an amount not exceeding seven million dollars in the aggregate of the principal thereof at any one time outstanding, under and in pursuance of, and all equally secured by, a mortgage or deed of trust dated July 1st, 1915, duly executed by the Bridge Company to Union Trust Company, as trustee, of the property and franchises mentioned in said mortgage or deed of trust, to which reference is hereby made for a description of the property and franchises mortgaged and pledged, the nature and extent of the security and the rights of the holders of said bonds under the same, and the terms and conditions upon which said bonds are issued and secured.

The bonds of this issue are entitled to the benefits of the Sinking Fund provided by said mortgage or deed of trust, and are subject, in and after the year 1921, to purchase for the Sinking Fund at a premium of $2\frac{1}{2}\%$ above their par value and accrued interest.

In case a sufficient amount of bonds cannot be bought at a price not exceeding a premium of $2\frac{1}{2}\%$ above par value and interest, then the said Trustee in the month of May of each year, shall draw by lot from bonds then outstanding an amount as nearly as may be equal to the fund in the possession of the said Trustee, and shall on or before the first day of July following such drawing pay for the same at a premium of $2\frac{1}{2}\%$ above par value and accrued interest up to the said first day of July, after which date interest thereon shall cease. Notice of such drawing, stating the numbers of the bonds drawn, shall be published by the Trustee, at least once a week, for two successive weeks, in at least one daily news-

paper of general circulation published in the City of New York, and one published in the City of Chicago, the first publication to be not later than fifteen days after such drawing.

The principal of this bond may be declared due in the manner and with the effect provided in said mortgage or deed of trust, in case default shall be made, and shall continue, as therein provided.

This bond may be registered as to principal in the owner's name on the books of the Bridge Company provided for that purpose at the office of the Trustee in the said City of Chicago, or at the office or agency of the Bridge Company in the Borough of Manhattan, New York City, such registry being noted on the bond by the Bridge Company's bond registrar, after which no transfer shall be valid unless made on such books in the manner prescribed in said mortgage or deed of trust, and similarly noted on the bond; but the same may be discharged from registry by being transferred to bearer, after which transferability by delivery shall be restored; but again, from time to time, it may be registered or transferred to bearer as before. Such registration, however, shall not affect the negotiability of the coupons, but the same shall be payable to bearer and transferable by delivery merely. This bond also, as provided in said mortgage or deed of trust, may be exchanged for a registered bond without coupons, and said registered bond may, in turn be re-exchanged for a coupon bond, upon payment of the charge provided for in said mortgage or deed of trust.

This bond shall not become obligatory for any purpose until it shall have been authenticated by the certificate, hereon endorsed, of the Trustee under said mortgage or deed of trust.

In witness whereof, Paducah & Illinois Railroad Company has caused these presents to be signed by its President, or Vice-President, and its corporate seal to be hereunto affixed and to be attested by its Secretary, or Assistant Secretary, and coupons for said interest, authenticated by the engraved facsimile of the signature of its Treasurer, to be attached hereto, this first day of July, 1915.

and

Whereas, there are to be attached to the said coupon bonds at the time of the issue thereof, coupons representing the semi-annual instalments of interest which shall become due thereon, each of which coupons is to be substantially of the following tenor, viz.:

(Form of Interest Coupon)

No.....

\$22.50

On the first day of,, Paducah & Illinois Railroad Company will pay to bearer, at the office of Union Trust Company in the City of Chicago, or at the office or agency of the Company in the Borough

of Manhattan, New York City, twenty-two and 50/100 dollars, gold coin, without any deduction for any taxes except the federal income tax, being six months' interest then due on its First Mortgage $4\frac{1}{2}$ Per Cent. Forty Year Sinking Fund Gold Bond. No.

.....
Treasurer.

and

Whereas, each of the coupons to be attached to such coupon bonds is to be authenticated by the engraved facsimile signature of the present Treasurer or of any future Treasurer of the Bridge Company, and the Bridge Company may adopt and use for that purpose the engraved facsimile signature of any person who shall have been such Treasurer, notwithstanding the fact that he may have ceased to be such Treasurer at the time when such bonds shall be actually certified and delivered or at the time when such coupons shall be attached to the bonds; and

Whereas, such registered bonds without coupons are to be substantially of the following tenor, to wit:

(Form of Registered Bond Without Coupons.)

No.

\$.

UNITED STATES OF AMERICA.

PADUCAH & ILLINOIS RAILROAD COMPANY,

Registered First Mortgage $4\frac{1}{2}$ Per Cent. Forty-Year, Sinking Fund Gold Bond.

Paducah & Illinois Railroad Company, a corporation of the State of Kentucky, hereinafter termed the "Bridge Company," for value received, promises to pay to or registered assigns, on the 1st day of July in the year 1955 at the office of Union Trust Company in the City of Chicago, or the the office or agency of the Company in the Borough of Manhattan, New York City, the sum ofdollars, gold coin of the United States of America, of the present standard of weight and fineness, and to pay interest thereon from the first day of January or July, as the case may be, next preceeding the date hereof (unless this bond be dated January 1, or July 1, and in that event from its date) at the rate of $4\frac{1}{2}$ per cent. per annum, such interest to be payable to the registered holder hereof at said office or agency in like gold coin, semi-annually, on the first day of January and the first day of July in each year.

Both the principal and interest of this bond are payable without deduction for any tax or taxes which the Bridge Company may be required to pay thereon or to retain therefrom under any present or future law of the United States or of any state, county, municipality or other taxing authority therein, except the federal income tax.

This bond is one of a duly authorized issue of coupon and registered bonds of the Bridge Company issued and to be issued to an amount not exceeding seven million dollars in the aggregate of the principal thereof at any one time outstanding, under and in pursuance of, and all equally secured by a mortgage or deed of trust dated July 1st, 1915, duly executed by the Bridge Company to Union Trust Company, as Trustee, of the

property and franchises mentioned in said mortgage or deed of trust, to which reference is hereby made for a description of the property and franchises mortgaged and pledged, and the nature and extent of the security and the rights of the holders of said bonds under the same, and the terms and conditions upon which said bonds are issued and secured. The bonds of this issue are entitled to the benefits of the Sinking Fund provided by said mortgage or deed of trust, and are subject in and after the year 1921, to purchase for the Sinking Fund at a premium of $2\frac{1}{2}\%$ above their par value and accrued interest.

In case a sufficient amount of bonds cannot be bought at a price not exceeding a premium of $2\frac{1}{2}\%$ above their par value and interest, then the said Trustee in the month of May of each year, shall draw by lot from bonds then outstanding an amount as nearly as may be equal to the fund in possession of the said Trustee, and shall on or before the first day of July following such drawing pay for the same at a premium of $2\frac{1}{2}\%$ above par value and accrued interest up to the said first day of July, after which date interest thereon shall cease. Notice of such drawing, stating the numbers of the bonds drawn, shall be published by the Trustee, at least once a week, for two successive weeks, in at least one daily newspaper of general circulation published in the City of New York, and one published in the City of Chicago, the first publication to be not later than fifteen days after such drawing.

The principal of this bond may be declared due in the manner and with the effect provided in said mortgage or deed of trust, in case default shall be made and shall continue as therein provided.

This bond is transferable only in the manner prescribed in said mortgage or deed of trust, on the books of the Bridge Company at the office of the Trustee in the City of Chicago, Illinois, or at the office or agency of the Bridge Company in the Borough of Manhattan, New York City, upon surrender and cancelation of this bond; and thereupon a new registered bond will be issued to the transferee in exchange therefor, on payment of the charge provided for in said mortgage or deed of trust. This bond, also, in the manner prescribed in said mortgage, or deed of trust, and upon payment of the charge therein provided for, is exchangeable for a coupon bond or coupon bonds for the same aggregate principal sum, and said coupon bond or bonds may in turn be exchanged for registered bonds.

This bond shall not become obligatory for any purpose until it shall have been authenticated by the certificate, hereon endorsed, of the Trustee under said mortgage or deed of trust.

In witness whereof, Paducah & Illinois Railroad Company has caused these presents to be signed by its President, or Vice-President, and its corporate seal to be hereunto affixed and to be attested by its Secretary, or Assistant Secretary, this.....day of....., 19.....

and

Whereas, on each of said coupon bonds and on each of said registered bonds without coupons there is to be endorsed a certificate of the Trustee, or its successor appointed hereunder, that it is one of the bonds issued hereunder, and no bond shall be secured by this indenture or be obligatory for any purpose unless such certificate shall have been executed by the Trustee, or its successor appointed hereunder; such certificate to be substantially of the following tenor, viz.:

(Form of Trustee's Certificate.)

This bond is one of the bonds described in the within mentioned deed of trust.

Union Trust Company,
Trustee.

By.....

and

Whereas, in pursuance of due action of its stockholders and Board of Directors and of all and every legal authority in it vested, the Bridge Company has executed this indenture and proposes to make and execute, and from time to time to issue, the bonds secured hereby; and

Whereas, all acts and things prescribed by law and by the by-laws of the Bridge Company necessary to make said bonds, when certified by the Trustee, valid, binding and legal obligations of the Bridge Company, and these presents a valid indenture to secure and provide for the payment of said bonds, have been duly complied with or have been done or performed or have happened, and the execution and issue of said bonds and of this indenture have been in all respects duly authorized:

Now, therefore this indenture witnesseth: That in consideration of the premises and of the purchase and acceptance of such bonds by the holders thereof, and of the sum of one dollar to it duly paid by the Trustee at or before the ensembling and delivery of these presents, the receipt whereof is hereby acknowledged, and in order to secure the payment of the principal and interest of all such bonds at any time issued and outstanding under this indenture, according to their tenor and effect, and the performance of all the covenants and conditions herein contained, and to declare the terms and conditions upon which such bonds shall be issued and received, Paducah & Illinois Railroad Company, party of the first part hereto, has executed and delivered these presents, and has granted, bargained, sold, aliened, remised, released, conveyed, confirmed, assigned, transferred and set over, and by these presents does grant, bargain, sell, alien, remise, release, convey, confirm, assign, transfer and set over unto Union Trust Company, party of the second part, its successors and assigns, forever;

All and singular, the property of the Bridge Company, including the right, title, interest and estate of the Bridge Company, now vested or which may hereafter be vested, in and to the bridge of the Bridge Company across the Ohio River at or in the vicinity of Metropolis, Illinois, and all lands, terminals, yards, roadbeds, superstructures, rights of way, and all rails, tracks, sidetracks, sidings, switches, culverts, tunnels, bridges, viaducts,

offices, buildings, stations, depots, warehouses, car houses, engine houses, shops, turntables, water stations, fences, telegraph and telephone lines, structures, erections and fixtures, and all other things of whatever kind, and any and all easements, leaseholds, trackage rights, contracts and contract rights, now owned or hereafter acquired or paid for with the bonds hereinafter provided to be issued, or their proceeds, and which at any time shall belong or appertain or to be provided for use upon or in connection with any of said terminal properties or any other properties at any time subject to the lien of this indenture, and particularly the rights and interest of the Bridge Company under and in the agreement dated the 1st day of September, 1914, and supplemental agreement dated July 1, 1915, made between the Bridge Company, of the first part, The Nashville, Chattanooga & St. Louis Railway and Chicago, Burlington & Quincy Railroad Company, of the second part, and Union Trust Company as Trustee, of the third part; and

Also, any and all locomotives, engines, cars, and other rolling stock, floating and other equipment, machinery, instruments, tools, implements, materials and other chattels of the Bridge Company now held, or hereafter acquired, provided or paid for by the Bridge Company with the bonds hereinafter provided to be issued, or their proceeds for use upon any of the said Bridge, railroad or terminal properties, or any other properties at any time subject to the lien of this indenture; and

Also, any and all corporate or other rights, privileges and franchises which the Bridge Company now has, or which the Bridge Company hereafter shall acquire, possess or become entitled to which shall be paid for with the bonds hereinafter provided to be issued or their proceeds for or appertaining to the construction, maintenance, use or operation of said Bridge, railroad or terminal properties, or any other properties at any time subject to the lien of this indenture; and

Also, any and all the rents, issues, profits, tolls and other income of said Bridge, railroad or terminal properties, rights, privileges and franchises, and of any other properties at any time subject to the lien of this indenture.

Together with all the appurtenances of the properties above described, excepting the last day of each and every demised term or any renewal thereof now owned or hereafter acquired by the Bridge Company.

To have and to hold, the premises, bridges, railroads, properties, real and personal, rights, franchises, estates, and appurtenances hereby conveyed or assigned, or intended to be conveyed or assigned, unto the Trustee, its successors and assigns forever;

But in trust, nevertheless, for the equal and proportionate benefit and security of all present and future holders of the bonds and interest obligations issued and to be issued under and secured by this indenture, and for the enforcement of the payment of said bonds and interest obligations when payable, and the performance of and compliance with, the covenants and conditions of his indenture, without preference, priority or distinction as to lien or otherwise of any one bond over any other bond by reason of priority in the issue or negotiation thereof, or otherwise; so that each and every bond, issued and to be issued as aforesaid, shall have the same right, lien

and privilege under this indenture, and so that the principal and interest of every such bond shall, subject to the terms hereof, be equally and proportionately secured hereby as if all had been made, executed, delivered and negotiated simultaneously with the execution and delivery of this indenture, it being intended that the lien and security of this indenture shall take effect from the day of the date hereof, without regard to the date of actual issue, sale or disposition of said bonds, as though, upon such day, all of said bonds were actually issued, sold and delivered to purchasers for value;

And hereby it is covenanted and declared that all such bonds, with the coupons for interest thereon, are to be issued, certified, and delivered, and that the mortgaged premises are to be held by the Trustee, subject to the further covenants, conditions, uses and trusts hereinafter set forth, and it is covenanted between the parties hereto for the benefit of the respective holders from time to time of the bonds issued hereunder, as follows, viz.:

ARTICLE ONE.

ISSUE AND APPROPRIATION OF BONDS.

SECTION 1. *Certification and Delivery of Bonds.* The coupon and registered bonds issued under this indenture, together with the coupons pertaining to the coupon bonds, shall be substantially of the tenor hereinbefore recited, and shall be known as the First Mortgage $4\frac{1}{2}$ Per Cent. Forty-Year, Sinking Fund Gold Bonds of the Bridge Company. The coupon bonds shall be of the denomination of \$1,000 each and the registered bonds shall be of the denomination of \$1,000 each, or any multiple of \$1,000 as the Board of Directors of the Bridge Company may authorize from time to time, but such registered bonds shall bear interest only from the first day of January or July, as the case may be, next preceding the date of the issue of such registered bonds, or from their date if they are issued on the first day of either of those months.

From time to time the bonds to be secured hereby shall be executed by the Bridge Company and by it shall be delivered for certification to the Trustee; and thereupon, as provided in this Article, and not otherwise, the Trustee shall certify and deliver the same. At the option of the Bridge Company from time to time, any of such bonds may be executed, certified and delivered originally either as coupon bonds or as registered bonds.

The amount of bonds hereby secured which may be executed by the Bridge Company and which may be certified by the Trustee is limited, so that never at any time shall there be outstanding bonds hereby secured for an aggregate principal sum exceeding seven million dollars (\$7,000,000), inclusive of such bonds as may be purchased and canceled by the operation of the Sinking Fund.

Before certifying or delivering any coupon bond hereby secured the Trustee shall detach and shall cancel all coupons thereof then matured; and every registered bond shall be dated on the day of the actual certification thereof.

Only such of said bonds as shall bear thereon a certificate substantially in the form hereinbefore recited, duly executed by the Trustee, shall be secured by this indenture or shall be entitled to any lien or benefit hereunder. Every such certificate of the Trustee upon any bond executed by the Bridge Company shall be conclusive, and the only evidence that the bond so certified was duly issued hereunder, and is entitled to the benefit of the trust hereby created.

Whenever, from time to time, any bonds certified by the Trustee shall be delivered by it according to the terms of this indenture, such bonds shall be delivered by the Trustee upon the written order of the Bridge Company, signed by its President, or Vice-President, and by its Secretary, or Assistant Secretary or its Treasurer, and under its corporate seal.

Bonds shall be certified by the Trustee, and delivered as above provided, to reimburse the Bridge Company for expenditures heretofore made and to provide for expenditures hereafter made, in the construction and completion of the Bridge, railroad and terminal facilities of the Bridge Company, as follows (in so far as the following purposes shall be purposes for which bonds may lawfully be issued by the Bridge Company):

(1) The construction and completion of the Bridge across the Ohio River at or near Metropolis, Illinois, together with the approaches thereto, and a railroad in connection therewith to a point of connection with The Nashville, Chattanooga & St. Louis Railway near Paducah, Kentucky, and all necessary terminal and other facilities;

(2) The acquisition or construction by the Bridge Company, of real estate, rolling stock and other equipment, or of additions, improvements or betterments upon or pertaining to, or for use in connection with, the Bridge, railroad or terminal property hereinbefore described, and subject to the lien of this indenture;

(3) The acquisition or construction of additions, improvements, or betterments upon or appertaining to, or for use in connection with, any railroad or properties hereafter acquired or leased by the Bridge Company, when said railroad, or properties or leasehold estate shall have become subject to the lien of this indenture, and when said leasehold estate shall be for a term extending at least ten (10) years beyond the date of maturity of the bonds secured hereby;

(4) Paying or satisfying any mortgage or other lien upon any property purchased by the issuance of bonds hereunder, as hereinafter provided.

SECTION 2. Requirements for Certification of Bonds. Bonds shall be certified and delivered by the Trustee to reimburse the Bridge Company for expenditures previously made for purposes specified in Section 1 of this Article (with interest not exceeding the interest rate on the bonds secured by this indenture), without the deposit of cash as hereinafter provided in Section 3, and deposited cash shall be paid out by the Trustee, only upon and subject to the following conditions and restrictions, namely:

One. There shall in every case be delivered to the Trustee the following instruments:

(a) A copy of a resolution of the Board of Directors of the Bridge Company requesting the Trustee to certify and deliver a specified amount

of said bonds or to pay out a specified amount of deposited cash to reimburse the Bridge Company for expenditures made by it, whether before or after the date of this mortgage, for one or more of the purposes for which bonds may be issued hereunder.

(b) A certificate signed by the President or one of the Vice-Presidents or the Chief Engineer and also by the Comptroller, Auditor or Treasurer of the Bridge Company setting forth that said expenditures have been made on account of some one or more of said purposes and stating as the case may be (1) a general description and location of the work done and property acquired for which such expenditures have been made, and for which bonds may be lawfully issued hereunder, and (2) also setting that said expenditures were not in excess of the fair value of the property so acquired or of such work and that none of such expenditures has been charged to operating expenses or other cost of maintenance or included in any expenditures reported by the Bridge Company in any annual or other report as having been charged to operating expenses or other cost of maintenance, and that no portion of the expenditures so certified was made the basis of the issue of bonds or the payment of deposited cash under any certificate previously furnished to the Trustee under this Section, and (3) whether such property is known or believed to be subject to any lien or charge except undetermined liens or charges incidental to construction prior or superior to the lien of this indenture and the character and amount of any such prior liens or charges and that such property has become subject to the lien of this indenture as a first lien except as aforesaid. Interest on the bonds, and franchise payments, advances and interest on the same not exceeding 5%, taxes and other charges, to the extent that the same are proper charges against capital account, may be included in the expenditures so certified during the period of construction. The period of construction for the purpose of this clause shall be deemed to mean the respective periods of construction of the bridge with approaches and the connecting railroad with terminals.

(c) None of the bonds shall be certified or delivered and none of the deposited cash shall be paid out for or in respect of the construction or acquisition of property subject to any lien or charge certified as aforesaid, unless or until the Trustee shall have reserved therefrom deposited cash authorized to be issued or paid out under this indenture equal to the aggregate amount of such certified liens or charges. Whenever from time to time thereafter any such certified liens or charges in respect of which such reservation shall have been made or any part thereof shall have been paid or satisfied or shall be acquired and be effectually subjected to the lien of this indenture (either by filing with the Trustee evidence of such payment or satisfaction or by depositing with the Trustee evidences of indebtedness representing such liens and charges or by other methods satisfactory to the Trustee), then, as in subdivision Three of this Section provided and not otherwise the Trustee shall pay to the Bridge Company or upon its order a proportionate amount of deposited cash authorized to be paid out hereunder and reserved by the Trustee under this clause (c), but so that the amount of such deposited cash so reserved by the Trustee shall at all times equal

the face value of such liens and charges remaining unsatisfied and not subjected to the lien of this indenture. The Bridge Company shall from time to time and whenever the same may be reasonably required or appropriate furnish to the Trustee the written opinion of its counsel as to the payment or satisfaction of such liens and charges and as to the acquisition thereof and the effectual subjection thereof to the lien of this indenture and as to any other material questions that may arise under this clause (c).

(d) In case the expenditure so certified shall have been for the acquisition of property, the same shall *ipso facto* and forthwith, and without further conveyance become and be subject to the lien of this indenture as fully as if specifically mortgaged hereby, but if the Trustee shall so require a supplemental indenture shall be duly executed by the Bridge Company to the Trustee specifically subjecting the same to the lien of this indenture.

(e) An opinion of the General Counsel of the Bridge Company (1) that the purposes for which such expenditures were made are purposes for which bonds hereunder may lawfully be issued by the Bridge Company, (2) that the Bridge Company has good title to the property acquired or constructed, (3) whether a supplemental indenture is necessary or desirable for the purpose of subjecting the same to the lien of this indenture, and (4) that the property acquired or constructed is free from any mortgage or lien prior to the lien of this indenture, except undetermined liens or charges incidental to construction or current operation and except as provided in clause (c) of this Subdivision One, and that this indenture constitutes a first lien thereon except as aforesaid.

Two. The Trustee shall receive the certificate of the Secretary or one of the Assistant Secretaries of the Bridge Company under the corporate seal of the Bridge Company as conclusive evidence of the adoption by the Board of Directors of the Bridge Company of any of the resolutions in this Section 2 provided for. The same officer or officers of the Bridge Company need not certify to all the facts or opinions required to be certified to under the provisions of this Section, but different officers may certify to different facts and opinions. The resolutions, certificates, statements and opinions required by this Section to be delivered to the Trustee as a condition of the certification of bonds or the payment of deposited cash hereunder may be received by the Trustee as conclusive evidence of any fact or matter therein set forth appertaining to its right or duty to certify or deliver bonds or pay such cash pursuant to the provisions of this Section, and shall be full warrant, authority and protection to the Trustee acting on the faith thereof for the certification by it of such bonds or the payment of such cash, not only in respect of the facts, but also in respect of the opinions therein set forth.

Three. Upon the delivery to the Trustee of all the instruments hereinbefore in this Section required to be delivered for the purpose of authorizing the certification and delivery of bonds reserved under this Section and upon the delivery to the Trustee of all such further assurances and conveyances, if any, as shall be required by it, and, in every case of the authentication of bonds, upon compliance with Section 4, the Trustee shall, upon the written order of the Bridge Company, signed by its President or one of its

Vice-Presidents, and by its Secretary or one of its Assistant Secretaries, under its corporate seal, certify and deliver an amount of bonds issued hereunder, taken at their value determined as hereinafter in this subdivision Three provided, or pay an amount of deposited cash, which shall equal the amount so certified to have been expended by the Bridge Company.

For the purpose of this subdivision Three the bonds shall be taken at the value at which a resolution of the Board of Directors of the Bridge Company shall state that the same have been sold or contracted to be sold, or if no such sale or contract shall have been made, then such value shall be fixed by resolution of said Board of Directors; provided, however, that the value at which the bonds are to be taken shall not in any case be less than the price fixed by the Public Utilities Commission of Illinois in any consent or authorization then prescribed or required by law, and provided, further, that in any case the bonds shall not be taken at a value which would result in the issue of bonds hereunder to an aggregate face amount exceeding the aggregate amount of deposited cash then held by the Trustee and of all proper capital expenditures theretofore made in the acquisition or construction of the bridge, connecting railroad and terminals and other property covered by this indenture as a first lien. The Trustee shall be fully protected in acting in reliance upon the certificate signed by the President or one of the Vice-Presidents or the Chief Engineer and by the Comptroller, Auditor or Treasurer of the Bridge Company as to the amount of proper capital expenditures so made in addition to those otherwise certified to the Trustee under this indenture.

The Bridge Company covenants that if and whenever any unsold bonds shall subsequently be sold by the Bridge Company at a higher price than that at which the same shall have been so valued, the excess proceeds shall be paid forthwith to the Trustee and shall be deemed deposited cash and shall be paid out accordingly.

SECTION 3. *Right to Sell Bonds and Deposit Cash.* The Bridge Company shall have the right from time to time to sell any of the bonds on such terms, by such methods and at such prices as may be approved by the Board of Directors of the Bridge Company in advance of making expenditures as aforesaid; and upon the deposit with the Trustee of the cash proceeds of such sale of the bonds as such proceeds shall be stated in the written order hereinafter mentioned and in the resolution approving such sale, the Trustee shall certify and deliver such bonds upon the written order of the Bridge Company, signed by its President or one of its Vice-Presidents, and by its Secretary or one of its Assistant Secretaries, under its corporate seal, subject, however, to the provisions of Section 4 of this Article, and provided that the aggregate amount so deposited and then held hereunder, together with the aggregate amount of all proper capital expenditures theretofore made, whether from the proceeds of bonds or stock, or otherwise, in the acquisition and construction of the bridge, railroad, terminals and property covered by this indenture as a first lien, shall at least equal the aggregate principal amount of bonds then and theretofore certified hereunder. The Trustee shall be fully protected in acting in reliance upon a certificate signed

by the President or one of the Vice-Presidents or the Chief Engineer and by the Comptroller, Auditor or Treasurer of the Bridge Company as to the amount of proper capital expenditures so made, in addition to those otherwise certified to the Trustee under this indenture. The moneys so deposited are herein sometimes called deposited cash and shall be deemed to be held by the Trustee under and subject to the lien of and as part of the security provided by this indenture until paid out from time to time as hereinbefore provided. All deposited cash and other moneys required under the provisions of this Article and of Section 7 of Article Three, or under any other provisions of this indenture to be paid to or deposited with the Trustee, shall be paid to the Trustee. All such moneys held by the Trustee shall be deemed to be held by the Trustee subject to the lien of and as a part of the security provided by this indenture, and shall be paid out from time to time, but only as in this indenture provided.

SECTION 4. *Order of Public Utilities Commission.* In every instance before the certification of bonds hereunder the Bridge Company shall file with the Trustee a duly certified copy of an order made by the Public Utilities Commission of the State of Illinois, or by any other analogous board of authority the consent of which shall at the time be prescribed or required by law as a condition precedent to the lawful issue of bonds by the Bridge Company, authorizing and consenting to the issue of at least the amount of bonds then requested to be certified and delivered, together with the opinion of counsel of the Bridge Company in writing that such certification and consent is sufficient for the purpose, and evidence satisfactory to the Trustee of the payment of any mortgage recording tax or other tax required by law to be paid upon or because of the certification and delivery of such bonds.

SECTION 5. *Exchange of Bonds.* Whenever any bond or bonds shall be issued originally as a registered bond or bonds, there shall be reserved by the Bridge Company unissued an aggregate face amount of coupon bonds of the denomination of \$1,000 each, equal to the aggregate face amount of the registered bond or bonds so issued, and the number or numbers of the coupon bonds so reserved unissued shall by the Bridge Company be endorsed on such registered bond or bonds. Whenever any registered bond shall be surrendered for transfer, the Bridge Company shall issue, and upon surrender and cancellation of the bond or bonds transferred, the Trustee shall certify and deliver, a like principal amount of new registered bonds, which shall have endorsed thereon the same number or numbers of coupon bonds which were endorsed upon the registered bond or bonds so surrendered and canceled. The holder of any registered bond may also exchange such bond, upon surrender and cancellation thereof, for coupon bonds of the denomination of \$1,000 each, of a like principal amount, bearing all unmatured coupons for interest and bearing the number or numbers endorsed upon the registered bonds so surrendered and canceled. Whenever any coupon bond or bonds of the denomination of \$1,000, together with all unmatured coupons thereto belonging, shall be surrendered for exchange for registered bonds, the Bridge Company shall issue and the Trustee shall certify and deliver, in exchange for such coupon bonds, a like principal amount of registered bonds,

which shall have endorsed thereon the same number or numbers borne by the coupon bond or bonds so surrendered for exchange. In every case of such exchange the Trustee forthwith shall cancel the surrendered bond or bonds and coupons, and upon demand shall deliver the same to the Bridge Company.

Every registered bond of a denomination greater than \$1,000 shall bear thereon an endorsement in the following form:

“This bond is issued in lieu of or in exchange for coupon bonds numbered, for \$1,000 each, not contemporaneously outstanding; and coupon bonds bearing the above numbers will be issued in exchange for this bond upon its surrender and cancelation.”

Every registered bond of a denomination of \$1,000 shall bear thereon an endorsement in the following form:

“This bond is issued in lieu of or in exchange for a coupon bond numbered, for \$1,000, not contemporaneously outstanding; and a coupon bond bearing the above said number will be issued in exchange for this bond upon its surrender and cancelation.”

For any exchange of coupon bonds for registered bonds, and for any transfer of registered bonds without coupons, and for any exchange of registered bonds without coupons for coupon bonds, the Bridge Company, at its option, may require the payment of a sum sufficient to reimburse it for any stamp tax or other Government charge, or other expense connected therewith, and also the further sum of one dollar for each new coupon bond or registered bond without coupons issued upon such exchange or transfer.

SECTION 6. *Replacement of Mutilated, Lost or Destroyed Bonds.* In case any coupon bond issued hereunder, with the coupon thereto appertaining, or any registered bond without coupons, shall become mutilated or be lost or destroyed, the Bridge Company, in its discretion, and upon receipt of satisfactory indemnity, may execute and thereupon the Trustee shall certify and deliver a new bond of like tenor and date (including coupons in case of a coupon bond) bearing the same serial number, in exchange and substitution for, and upon cancelation of, the mutilated coupon bond and its coupons, or the mutilated registered bond bearing the same serial numbers, or in lieu of and substitution for the coupon bond and its coupons or the registered bond so mutilated, lost or destroyed, upon receipt of satisfactory evidence of the destruction, mutilation or loss of such coupon bond and its coupons, or of such registered bond, and upon receipt also of satisfactory indemnity. The Trustee shall not incur any liability for anything done by it in good faith under the provisions of this section.

SECTION 7. *Temporary Bonds.* Until the permanent bonds shall be engraved or lithographed, the Bridge Company may execute, and, upon its request, the Trustee shall certify and deliver, in lieu of such engraved or lithographed bonds and subject to the same provisions, limitations and conditions, temporary printed registered bonds of any denomination, substantially of the tenor of the registered bonds to be issued as hereinbefore provided. Upon the surrender of such temporary bonds for exchange, the Bridge Company shall issue, and upon cancellation of such surrendered bonds,

the Trustee shall certify and deliver, in exchange therefor, engraved or lithographed coupon bonds or registered bonds of the aggregate par value of such temporary bonds surrendered and until so exchanged each of such temporary bonds shall have the same force and effect and shall be entitled to the same security as the corresponding aggregate amount of engraved or lithographed bonds issued hereunder.

ARTICLE TWO.

The Bridge Company bonds issued hereunder and secured hereby shall be payable not later than July 1st, 1955, by the operation of a Sinking Fund to be created by the payment by the Bridge Company to the Trustee at its office in the City of Chicago, in gold coin of the United States of America, of or equal to the present standard of weight and fineness, of the following sums, which the Bridge Company covenants are sufficient to retire the entire issue of said Bridge Company bonds not later than said July 1st, 1955.

(a) On or before the 1st day of May, 1921, and thereafter in each calendar year on or before the 1st day of May in such year, in respect of said Bridge Company bonds at any time prior to the 1st day of November, 1920, certified and delivered by the Trustee, pursuant to any of the provisions of Article One of this Indenture, the sum of \$28,5714 in respect of each \$1,000 in principal amount of said Bridge Company bonds so certified and delivered prior to November 1, 1920.

(b) On or before the 1st day of May, 1922, and thereafter in each calendar year, on or before the 1st day of May in such year, in respect of additional Bridge Company bonds certified and delivered by the Trustee pursuant to any of the provisions of Article One of this Indenture on or at any time after said November 1st, 1920, and prior to the 1st day of November next preceding the date on which payment of such instalment is required to be made, the following sums, in respect of each \$1,000 in principal amount of Bridge Company bonds so certified and delivered during any calendar year hereinafter designated:

1922.....	\$ 29.4118
1923.....	30.3030
1924.....	31.2500
1925.....	32.2580
1926.....	33.3333
1927.....	34.4828
1928.....	35.7143
1929.....	37.0370
1930.....	38.4615
1931.....	40.0000
1932.....	41.6666
1933.....	43.4783
1934.....	45.4545
1935.....	47.6190
1936.....	50.0000
1937.....	52.6315

1938.....	55.5555
1939.....	58.8235
1940.....	62.5000
1941.....	66.6666
1942.....	71.4285

1951.....	200.
1952.....	250.
1953.....	333.3333
1954.....	500.
1955.....	1000.

The Bridge Company may make payment of the whole or any part of the Sinking Fund due in any year by delivering to the Trustee any of the Bridge Company bonds, accompanied by all unmatured coupons appertaining thereto, if any, reckoning each bond by the face value thereof.

All moneys received by the Trustee for account of the Sinking Fund shall be applied by the Trustee, as they are from time to time received, to the purchase of Bridge Company bonds, so far as in the judgment of the Trustee is reasonably practicable, at prices not exceeding the then market price of said bonds and accrued interest, said prices in no event to exceed a premium of $2\frac{1}{2}\%$ above the par of said bonds and accrued interest, and, to the extent to which, at the time of any drawing by lot for the purposes of the Sinking Fund as hereinafter provided, such purchases shall not have been made by the Trustee, to the purchase at a premium of $2\frac{1}{2}\%$ above par and accrued interest of Bridge Company bonds to be designated for that purpose by the Trustee by lot. Drawings by lot for the purpose of the Sinking Fund shall be made at the office of the Trustee in the City of Chicago under the supervision of the Trustee, and shall be made in the discretion of the Trustee between the first day of May and the 1st day of June in each year, beginning with the year 1921, and shall be made in such manner as the Trustee may, in its unrestricted discretion, determine from the numbers of the coupon bonds then outstanding, or held reserved against registered bonds.

Notice of any such drawing, specifying the distinctive numbers of the Bridge Company bonds so drawn, shall be published by the Trustee on behalf of the Bridge Company at its expense at least once in each week for two successive weeks in at least one daily newspaper of general circulation published in the City of Chicago, and at least one daily newspaper of general circulation published in the City of New York, the first publication to be made not later than fifteen days after such drawing. A similar notice shall be sent by the Bridge Company through the mails, postage prepaid, on or

before the date of the first publication, to each holder of registered bonds so drawn, and to each registered holder of coupon bonds so drawn, at the address last furnished by him to the Bridge Company.

The Bridge Company bonds so drawn shall be purchased at a premium of $2\frac{1}{2}\%$ above par upon the first day of July next following the day of such drawing, and from and after such first day of July the holder thereof shall cease to be entitled to interest thereon.

Bonds drawn for purchases for the Sinking Fund must be presented with all coupons maturing after the day on which they are so to be purchased, and shall be paid for upon presentation thereof on or after such day designated for purchase, at the office of the Trustee in the City of Chicago.

Bridge Company bonds at a premium of $2\frac{1}{2}\%$ above par to an amount equal to the amount of payment to the Sinking Fund in any year (less the amount of any Bridge Company bonds at a premium of $2\frac{1}{2}\%$ above par delivered by the Bridge Company to the Trustee for the Sinking Fund under the provision hereof), shall in any event be purchased by the Trustee for the Sinking Fund in each year provided the funds therefor are furnished to it by the Bridge Company; and if the Trustee shall purchase bonds for the Sinking Fund at prices less than a premium of $2\frac{1}{2}\%$ above par value and accrued interest, the amount of the difference between the purchase price and said value (or discount) shall be credited to the Bridge Company upon the next succeeding payment on account of the Sinking Fund. Whenever any coupon bonds, the numbers of which shall be reserved against any outstanding registered bond, shall be drawn for purchase for the Sinking Fund, so much of the principal of such registered bond as is represented by such coupon bonds so drawn, shall cease to bear interest after said date for purchase, and such coupon bonds so drawn shall be delivered to the Trustee on such date for purchase, and, upon surrender of such registered bond at the transfer agency of the Bridge Company in the City of Chicago on or after such date for purchase, the registered holder shall be entitled to receive the principal amount of the drawn coupon bond or bonds, and, for the residue of the principal amount of his registered bond, a new coupon or registered bond.

All Bridge Company bonds acquired by means of the Sinking Fund shall be canceled by the Trustee, and thereafter held by the Trustee as hereinafter provided.

Any interest on Sinking Fund payments allowed by the Trustee shall be credited to the Sinking Fund.

The Bridge Company may at any time make additional payments to the Trustee for the purposes of the Sinking Fund.

All moneys held in the Sinking Fund under any of the provisions of this Article shall be held by the Trustee for the further security of the outstanding Bridge Company bonds until applied to the purchase by the Trustee of Bridge Company bonds for the Sinking Fund, or until the designation by lot of Bridge Company bonds for purchase; but, from and after any designation by lot of bonds for purchase, such moneys shall, to the extent required to effect such purchase of the bonds so designated, be held for the payment of the purchase price of the bonds so designated for purchase.

When the principal and interest of all other Bridge Company bonds shall have been paid in full, and all payments to the Trustee, or otherwise, called for by any of the provisions of this Indenture shall have been made by the Bridge Company, the Trustee shall, on written demand, pay to the Bridge Company at the office of the Trustee in the City of Chicago all moneys held in the Sinking Fund, and all the Bridge Company bonds purchased for the Sinking Fund and held by the Trustee, having been canceled by the Trustee as hereinbefore provided, shall forthwith thereafter be physically destroyed in the manner required by law in the presence of a representative of the Trustee and a representative of the Bridge Company, who shall respectively execute in duplicate a certificate attesting such destruction, and deliver one counterpart to the Bridge Company and one counterpart to the Trustee.

No expenses in connection with the administration of the Sinking Fund of any character shall be charged against the moneys in the Sinking Fund, but all such expenses shall be borne by the Bridge Company.

ARTICLE THREE.

PARTICULAR COVENANTS OF THE BRIDGE COMPANY.

SECTION 1. *To Pay Principal and Interest of Bonds.* The Bridge Company covenants to pay, duly and punctually the sinking fund payments as herein provided and the principal and interest of every bond issued and secured hereunder at the dates and the place, and in the manner mentioned in such bonds, or in the coupons thereto belonging, according to the true intent and meaning thereof, without deduction from either principal or interest for any tax or taxes imposed by the United States, or any State or county, municipality or other taxing authority therein, except the Federal income tax, which the Bridge Company may be required to pay or to retain therefrom, under or by reason of any present or future law. The interest on the coupon bonds shall be payable only upon presentation and surrender of the several coupons for such interest as they respectively mature, and, when paid, such coupons shall forthwith be canceled. The interest on the registered bonds without coupons shall be payable only to the registered holders thereof.

SECTION 2. *To Execute Further Assurances.* All property which hereafter may be acquired by the Bridge Company with the bonds, or the proceeds of bonds, issued under and secured by this indenture, immediately upon the acquisition thereof by the Bridge Company, and without any further conveyance or assignment, shall become and be subject to the lien of this indenture as fully and completely as though now owned by the Bridge Company and specifically described in the granting clauses hereof, but at any and all times the Bridge Company will execute and deliver any and all such further assurances or conveyances thereof as the Trustee may reasonably direct or require, for the purpose of expressly and specifically subjecting the same to the lien of this indenture; and also it will do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered all and every such further acts, deeds, conveyances, transfers and

assurances in law for the better assuring, conveying and confirming unto the Trustee all and singular the hereditaments and premises, estates and property hereby conveyed, or intended so to be conveyed, or which the Bridge Company may hereafter become bound to convey to the Trustee, as the Trustee shall reasonably require; *provided*, however, that the Bridge Company reserves the right, except as in this indenture expressly otherwise provided, to purchase or acquire any real or personal property free from the lien of this indenture, and any such property purchased or acquired without the use of bonds, of the proceeds of bonds, secured by this indenture, and without reimbursement of any part of the expenditures in respect thereof with bonds or the proceeds of bonds issued hereunder, shall be free from the lien of this indenture, unless specifically subjected thereto by an instrument or instruments in writing executed by the Bridge Company and delivered to the Trustee for that purpose.

SECTION 3. *To Register and Transfer Bonds.* The Bridge Company, at an office to be maintained by it in the City of Chicago and in the Borough of Manhattan, New York City, will keep a register or registers for the registration and transfer of bonds hereunder, in which it will register, subject to such reasonable regulations as it may prescribe, all such bonds without coupons, and, upon presentation thereof for such purpose, any such coupon bonds issued hereunder; and such register or registers at all reasonable times shall be open to the inspection of the Trustee.

All notices and demands in respect of said bonds and coupons may be served at said office.

Upon presentation to the bond registrar of the Bridge Company, at the place where such register shall be kept, of any such registered coupon bond, accompanied by delivery of a written instrument of transfer in a form approved by the Bridge Company, executed by the registered holder, such bond shall be transferred upon such register and such transfer shall be noted by such bond registrar upon the bond. The registered holder of any such registered coupon bond also shall have the right to cause the same to be registered as payable to bearer, in which case transferability by delivery shall be restored, and thereafter the principal of such bond when due shall be payable to the person presenting the bond; but any such coupon bond registered as payable to bearer may be registered again in the name of the holder with the same effect as a first registration thereof. Successive registrations and transfers as aforesaid may be made from time to time as desired; and each registration of a coupon bond shall be noted by the bond registrar on the bond.

Registration of any coupon bond, however, shall not restrain the negotiability of any coupon thereto belonging, but every such coupon shall continue to pass by delivery merely, and shall remain payable to bearer.

Any registered bond or bonds without coupons may be transferred upon such register at such office by surrender of such bond to such bond registrar for cancelation, accompanied by delivery of a written instrument of transfer in a form approved by the Bridge Company, duly executed by the registered holder of the bond, and by payment of any charge imposed under Section 4 of Article One hereof; and thereupon a new registered bond, or new reg-

istered bonds, for an equivalent principal sum shall be issued to the transferee or transferees as provided in said section.

SECTION 4. *Not to Create prior Liens.* The Bridge Company will at all times keep this indenture an unimpaired first lien upon all the property hereby mortgaged or at any time subject to the lien of this indenture except as provided in paragraph (c), Section 2 of Article I hereof; it will not voluntarily create, or suffer to be created, any debt, lien or charge which would be prior to the lien of these presents upon the mortgaged premises or any part thereof, or upon the income thereof; and within three months after the same shall accrue, it will pay, or will cause to be discharged, or will make adequate provision to satisfy and discharge, all lawful claims and demands of merchants, laborers and others, which, if unpaid, might by law be given precedence to this indenture as a lien or charge upon the mortgaged premises or any part thereof; *provided* that nothing in this section contained shall require the Bridge Company to pay any such debt, lien or charge so long as it shall in good faith contest the validity thereof.

SECTION 5. *To Pay Taxes and Assessments.* The Bridge Company from time to time will pay and discharge all taxes, assessments and governmental charges (the lien whereof would be prior to the lien hereof), lawfully imposed upon the premises hereby mortgaged or upon any part thereof, or upon the income and profits thereof, and also all taxes, assessments and governmental charges lawfully imposed upon the lien or interest of the Trustee or of the holders of the bonds hereby secured in respect of such premises hereby mortgaged, so that the lien and priority of this indenture shall be fully preserved at the cost of the Bridge Company without expense to the Trustee or the bondholders.

SECTION 6. *To Maintain Plant.* At all times the Bridge Company will keep and maintain the Bridge, tracks, structures, buildings, fixed plant and machinery, rolling stock and other equipment at any time covered by this indenture, in good order and condition, reasonable wear and tear excepted.

SECTION 7. *To Provide Insurance.* The Bridge Company will insure and keep insured to a reasonable amount, the judgment of the Bridge Company to be conclusive as to the amount upon all concerned, against destruction or injury, all such part or parts of the said premises hereby mortgaged as may be reasonably insurable, the policies therefor to so read that the loss, if any, shall be payable to the Trustee, and all moneys collected for such insurance shall be held by the Trustee for the further security of the bondholders hereunder, until the Bridge Company shall have applied a sum of money to the reconstruction or repair of the parts of the property destroyed or injured, or to the erection of other permanent improvements upon such mortgaged premises, or to the purchase of new rolling stock, machinery and equipment, whereupon, from such insurance moneys held by the Trustee, there shall be paid to the Bridge Company from time to time, an amount equal to the amount or amounts so applied by it to such reconstruction, repair or erection, or to the purchase of new rolling stock, machinery and equipment.

A certificate signed by the President or a Vice-President and the Treasurer or Auditor, under the corporate seal, of the Bridge Company, may be

received by the Trustee as conclusive evidence of the amounts of money so applied by the Bridge Company and shall be full warrant to the Trustee for its action on the faith thereof; but the Trustee, in its discretion, may require any other reasonable evidence in the premises.

SECTION 8. *Application of Income from Mortgaged Premises.* The Bridge Company will first pay from the income of the mortgaged property, after paying the operating expenses thereof, the taxes and assessments thereon and the interest accruing upon the bonds issued hereunder; and the net income shall, either before or after default, and whether said property is operated by the Bridge Company or by the Trustee under the power of entry herein reserved, or by a receiver appointed by any court at the instance either of the Bridge Company or of any creditor, stockholder or other person interested in said Company or having the right to apply for such appointment, be primarily pledged and applied to the payment of the interest and principal of said bonds according to the respective rights or priorities of such interest and principal as herein declared.

ARTICLE FOUR.

RIGHTS OF BRIDGE COMPANY UNTIL DEFEASANCE.

SECTION 1. *To Have Possession.* Until some default shall have been made in the due and punctual payment of the interest or of the principal of the bonds hereby secured, or of some part of such interest or principal, or in the due and punctual performance and observance of some covenant or condition hereof obligatory upon the Bridge Company, and until such default shall have continued beyond the period of grace, if any, herein provided in respect thereof, the Bridge Company, its successors and assigns, shall be suffered and permitted to retain actual possession of all the premises hereby mortgaged, and to manage, operate and use the same, and every part thereof, with the right and franchises appertaining thereto, and to collect, receive, take, use and enjoy the tolls, earnings, incomes, rents, issues and profits thereof.

SECTION 2. *May Surrender Possession.* The Bridge Company, at any time before full payment of the bonds, and whenever it shall deem it expedient for the security of the bondholders, although there be then no default entitling the Trustee to enter into possession, may, with the consent of the Trustee, surrender to it possession of the whole or any part of the mortgaged property, for any period, fixed or indefinite. Upon such surrender the Trustee shall enter into and upon the property so surrendered and shall take possession thereof for such period, fixed or indefinite, as aforesaid, without prejudice, however, to its right at any time subsequently, when entitled thereto by any provision hereof, to insist upon and to maintain such possession though beyond the expiration of any such prescribed period. Upon any such voluntary surrender of said property, the Trustee, from the time of its entry, shall operate and use the same in accordance with the provisions of this indenture, and shall receive and apply the income in the manner provided in Section 2 of Article Six hereof.

SECTION 3. *To Have Mortgage Satisfied.* If, when the bonds hereby

secured shall have become due and payable, the Bridge Company shall well and truly pay, or cause to be paid, the whole amount of the principal and interest due upon all of the bonds and coupons hereby secured and then outstanding, or shall provide for such payment by depositing with the Trustee, for such payment, the entire amount due thereon for principal and interest, and shall also pay or cause to be paid all other sums payable hereunder by the Bridge Company, and shall well and truly keep and perform all the things herein required to be kept and performed by it according to the true intent and meaning of this indenture, then and in that case all property, rights and interest hereby conveyed or pledged shall revert to the Bridge Company, and the estate, rights, title and interest of the Trustee shall thereupon cease, determine and become void, and the Trustee, in such case, on demand of the Bridge Company but at its cost and expense, shall enter satisfaction of this indenture upon the record; otherwise the same shall be continued and remain in full force and virtue.

ARTICLE FIVE.

RELEASES OF MORTGAGED PROPERTY

SECTION 1. *Terms Upon Which Releases May Be Made.* Upon the written request of the President, or a Vice-President, of the Bridge Company, approved or authorized by resolution of its Board of Directors, from time to time while the Bridge Company is in possession of the mortgaged premises, but subject to the conditions and limitations in this section prescribed, and not otherwise, the Trustee shall release from the lien and operation of this indenture any part of the lands and other property then subject thereto; *provided, however*, that no part of the mortgaged property shall be released hereunder, unless at the time of such release it no longer shall be necessary or advantageous to retain the same for use in the business of the Bridge Company, and no such release shall be made unless the Bridge Company shall have sold, or shall have contracted to exchange for other property, or to sell, the property so to be released.

The proceeds of any and all such sales, and all moneys received as compensation for any property subject to this indenture taken by exercise of the power of eminent domain, shall be set apart and delivered to the Trustee to be applied by the Bridge Company to the purchase of other property, real or personal, or in betterments of, or improvements upon, any part of the premises then subject hereto. The amount of such expenditures shall be paid out by the Trustee upon the written order of the Bridge Company, signed by its President or a Vice-President and by its Secretary or Assistant Secretary or Treasurer. Any new property acquired by the Bridge Company to take the place of any property hereunder, *ipso facto*, shall become and be subject to the lien of this indenture, as fully as if specifically mortgaged hereby; but, if requested by the Trustee, the Bridge Company will convey the same to the Trustee by appropriate deeds upon the trusts and for the purposes of this indenture.

Nevertheless, and anything herein contained to the contrary notwithstanding, from time to time, upon written request of the President or a Vice-President of the Bridge Company, approved or authorized by resolution of its Board of Directors, and subject to the provisions contained in the first paragraph of this section, the Trustee shall release from the operation of this indenture, without requiring the Bridge Company to account for the proceeds or value thereof, such pieces or parcels of the real estate covered hereby as the Bridge Company may desire; provided, (1) that no single parcel so released shall exceed \$5,000 in value, and (2) that in no one year shall the several parcels so released exceed \$10,000 in value, and (3) that until every bond hereby secured shall have been fully paid the aggregate amount so released shall not exceed \$50,000 in value.

The Bridge Company from time to time may make changes or alterations in or substitutions for any leases or trackage rights subject to this indenture, and may substitute therefor its interest in any other tracks which it may hereafter acquire, lease or have trackage rights over, when such after acquired tracks or interests therein make unnecessary the retention of the interests or rights of the Bridge Company in all or in any part of the property for which they are substituted. In any such event, any new or modified or altered lease, trackage rights or interests in tracks acquired in substitution shall forthwith become bound by and be subject to the terms of this indenture.

The Bridge Company, from time to time, while in possession of the mortgaged premises, also shall have full power, in its discretion, to dispose of any portion of the machinery, equipment and implements, at any time held subject to the lien hereof, which may have become unfit for such use, but it shall to the extent necessary replace the same by new machinery, equipment or implements, of equivalent value, which shall become subject to this indenture.

In no event shall any purchaser or purchasers of any property sold or disposed of under any provisions of this Article, nor shall the Trustee, be required to see to the application of the purchase money.

SECTION 2. *Power to be Exercised by Receiver or Trustee in Possession.* In case the mortgaged premises shall be in the possession of a receiver lawfully appointed, the powers in and by this Article conferred upon the Bridge Company may be exercised by such receiver with the approval of the Trustee; and if the Trustee shall be in possession of the mortgaged premises under any provision of this indenture, then all the powers by this Article conferred upon the Bridge Company may be exercised by the Trustee in its discretion.

SECTION 3. *Evidence of Facts Required for Releases.* A certificate signed by the President or a Vice-President of the Bridge Company, under its corporate seal, may be received by the Trustee as conclusive evidence of the value of any property sold or to be sold and of any other facts mentioned in this Article, and shall be full warrant to the Trustee for its action on the faith thereof; but the Trustee in its discretion, may require any other reasonable evidence in the premises.

ARTICLE SIX

RIGHTS AND REMEDIES OF TRUSTEES AND BONDHOLDERS IN CASE OF DEFAULT.

SECTION 1. *Lien of Detached Coupons Subordinated.* Neither any coupon belonging to any bond hereby secured, nor any claim for interest on any registered bond, which in any way, at or after maturity, shall have been transferred or pledged separate and apart from the bond to which it relates, shall, unless accompanied by such bond, be entitled, in case of a default hereunder, to any benefit of, or from, this indenture, except after the prior payment in full of the principal of the bonds issued hereunder, and of all coupons and interest obligations not so transferred or pledged.

SECTION 2. *Entry After Default.* In case (1) default shall be made in the payment of any interest on any bond or bonds secured by this indenture, and any such default shall continue for a period of two months, or in case (2) default shall be made in the due and punctual payment of the principal of any bond hereby secured, or of any Sinking Fund payment, or in case (3) default shall be made in the due observance or performance of any other covenant or condition herein required to be kept or performed by the Bridge Company, and any such default shall continue for a period of two months after written notice thereof shall have been given to the Bridge Company by the Trustee, or by the holders of a majority in amount of the bonds hereby secured and then outstanding—then and in each and every such case, the Trustee personally, or by its agents and attorneys, may enter into and upon all or any part of the Bridge, tracks, terminals, property and premises, lands, rights, interests and franchises, hereby conveyed, or intended so to be, and each and every part thereof, and may exclude the Bridge Company, its agents and servants, wholly therefrom; and, having and holding the same, may use, operate, manage and control said Bridge, tracks, terminals and other premises, and conduct the business thereof, either personally or by its superintendents, managers, receivers, agents, servants or attorneys, to the best advantage of the holders of the bonds hereby secured; and upon every such entry, the Trustee, at the expense of the trust estate, from time to time, either by purchase, repairs or construction, may maintain and restore, and insure or keep insured the rolling stock, tools and machinery and other property, buildings, Bridge and structures erected, or provided for use, in connection with said premises whereof they shall become possessed as aforesaid; and likewise from time to time, at the expense of the trust estate, may make all necessary or proper repairs, renewals and replacements and useful alterations, additions, betterments and improvements thereto and thereon, as to it may seem judicious; and in such case, the Trustee shall have the right to manage the mortgaged premises and to carry on the business and exercise all rights and powers of the Bridge Company, either in the name of the Bridge Company or otherwise, as the Trustee shall deem best; and it shall be entitled to collect and receive all tolls, earnings, income, rents, issues and profits of the same and every

other part thereof; and after deducting the expenses of operating said Bridge, railroad and terminals, and other premises, and of conducting the business thereof, and of all repairs, maintenance, renewals, replacements, alterations, betterments and improvements, and all payments which may be made for taxes, assessments, insurance, and prior or other proper charges upon said premises and property, or any part thereof, as well as just and reasonable compensation for its own services and for all agents, clerks, servants and other employes by it properly engaged and employed in connection therewith, it shall apply the moneys arising as aforesaid as follows:

In case the principal of the bonds hereby secured shall not have become due, to the payment of the interest in default, in the order of the maturity of the instalments of such interest, with interest thereon at the rate of $4\frac{1}{2}$ per cent. per annum; such payments to be made ratably to the persons entitled thereto, without discrimination or preference.

In case the principal of the bonds hereby secured shall have become due, by declaration or otherwise, first to the payment of the accrued interest, with interest on the overdue instalments thereof at the rate of $4\frac{1}{2}$ per cent. per annum, in the order of the maturity of the instalments, and next to the payment of the principal of all bonds hereby secured; in every instance such payments to be made ratably to the persons entitled to such payments, without discrimination or preference.

These provisions, however, are not intended in any way to modify the provisions of Section 1 of this Article Six, but are subject thereto.

SECTION 3. *Acceleration of Maturity of Principal.* In case default shall be made in the payment of any interest on any bond or bonds hereby secured, or of any Sinking Fund payment, and any such default shall continue for a period of six months, then, and in every case of such continuing default, upon the written request of the holders of a majority in amount of the bonds hereby secured then outstanding, the Trustee shall, or without such request in its discretion may, by notice in writing delivered to the Bridge Company, declare the principal of all bonds hereby secured and then outstanding to be due and payable immediately, and upon any such declaration the same shall become and be immediately due and payable, anything in this indenture or in said bonds contained to the contrary notwithstanding. This provision, however, is subject to the condition that if, at any time after the principal of said bonds shall have been so declared due and payable, all arrears of interest upon all such bonds, or of Sinking Fund payments, with interest at the rate of $4\frac{1}{2}$ per cent. per annum on overdue instalments of interest, together with all expenses and the reasonable charge of the Trustee, shall either be paid by the Bridge Company or be collected out of the mortgaged premises before any sale of the mortgaged premises shall have been made; then and in every such case the holders of a majority in amount of bonds hereby secured then outstanding, by writ-

ten notice to the Bridge Company and to the Trustee, may waive such default and its consequences; but no such waiver shall extend to or affect any subsequent default, or impair any right consequent thereon.

In case the Trustee shall have proceeded to enforce any right under this indenture, by foreclosure, entry or otherwise, and such proceeding shall have been discontinued and abandoned because of such waiver, or for any other reason, or shall have been determined adversely to the Trustee, then and in every such case, the Bridge Company and the Trustee shall be restored to their former position and rights hereunder in respect to the mortgaged premises, and all rights, remedies and powers of the Trustee shall continue as though no such proceeding had been taken.

SECTION 4. *Power of Sale.* In case (1) default shall be made in the payment of any interest on any bond at any time issued under and secured by this indenture, and any such default shall continue for a period of six months; or in case (2) default shall be made in the due and punctual payment of the principal of any bond hereby secured or of any Sinking Fund payment; or in case (3) default shall be made in the due observance or performance of any other covenant or condition herein required to be kept or performed by the Bridge Company, and any such last mentioned default shall continue for a period of six months after a written notice thereof shall have been given to the Bridge Company by the Trustee, or by the holders of a majority in amount of the bonds hereby secured and then outstanding, then and in each and every such case of default, the Trustee, with or without entry, personally or by attorney, in its discretion, may sell to the highest and best bidder all and singular the mortgaged and pledged property and premises, including rights, franchises, interests and appurtenances, and other real and personal property of every kind, and all right, title, interest, claim and demand therein, and right of redemption thereof, in one lot and as an entirety, or otherwise as the court may decree, which sale or sales shall be made at public auction at such place on the premises, or at such other place, and at such time and upon such terms, as the Trustee may fix and briefly specify in the notice of sale to be given as herein provided.

SECTION 5. *Foreclosure.* In case (1) default shall be made in the payment of any interest on any bond at any time issued under and secured by this indenture and such default shall continue for a period of six months, or in case (2) default shall be made in the due and punctual payment of the principal of any bond hereby secured or of any Sinking Fund payment, or in case (3) default shall be made in the due observance or performance of any other covenant or condition herein required to be kept or performed by the Bridge Company and such default shall continue for a period of six months after a written notice thereof shall have been given to the Bridge Company by the Trustee, then and in every such case the Trustee may forthwith proceed to protect and to enforce its rights and the rights of bondholders under this indenture, by a suit or suits in equity or at law, whether for the specific

performance of any covenant or agreement contained herein, or in and of the execution of any power herein granted or for the foreclosure of this indenture, or for the enforcement of any other appropriate legal or equitable remedy, as the Trustee, being advised by counsel learned in the law, shall deem most effectual to protect and enforce any of its rights or duties hereunder.

SECTION 6. *Bondholders may Direct Trustee.* Upon the written request of the holders of a majority in amount of bonds hereby secured and then outstanding, in case of any such continuing default, it shall be the duty of the Trustee, upon being indemnified as hereinafter provided, to take steps needful for the protection and enforcement of its rights and the rights of the holders of the bonds hereby secured, and to exercise the powers of entry or sale herein conferred, or both, or to take appropriate judicial proceedings by action, suit or otherwise, as the Trustee, being advised by counsel learned in the law, shall deem most expedient in the interest of the holders of the bonds hereby secured; but, anything in this indenture to the contrary notwithstanding, the holders of seventy-five per cent. in amount of the bonds hereby secured and then outstanding, from time to time, shall have the right to direct and control the action of the Trustee and the method and place of conducting any and all proceedings for any sale of the premises hereby conveyed or mortgaged or for the foreclosure of this indenture, or for the appointment of a receiver or any other proceeding hereunder.

SECTION 7. *Property to Be Sold as an Entirety.* In the event of any sale, whether made under the power of sale hereby granted and conferred, or under or by virtue of judicial proceedings, or of some judgment or decree of foreclosure and sale, the whole of the property hereby mortgaged and pledged shall, unless otherwise decreed by the court, be sold in one parcel and in entirety, including all the rights, title, estate, Bridge, railroad, terminals, stations, equipment, franchises, leases, leasehold interest, contracts and other real and personal property of every name and nature; and this provision shall bind the parties hereto and each and every of the holders of the bonds and coupons hereby secured or intended so to be.

SECTION 8. *Notice of Sale Required.* Notice of any such sale pursuant to any provision of this indenture shall state the time and place when and where the same is to be made, and shall contain a brief general description of the property to be sold, and shall be sufficiently given if published once in each week and for four successive weeks prior to such sale in a newspaper published in the City of Paducah, Kentucky, and in a newspaper published in the City of Chicago and in the Borough of Manhattan, City of New York, respectively.

SECTION 9. *Adjournments of Sale.* From time to time the Trustee may adjourn any sale to be made by it under the provisions of this indenture, by announcement at the time and place appointed for such sale, or for such adjourned sale or sales; and, without further notice or publication, it may make such sale at the time and place to which the same shall be so adjourned.

SECTION 10. *Conveyance to Purchaser.* Upon the completion of any sale or sales under this indenture, the Trustee shall execute and deliver to the accepted purchaser or purchasers a good and sufficient deed or deeds and other instruments, conveying, assigning and transferring the property and franchises sold. And the Trustee hereby is appointed the true and lawful attorney, irrevocably, of the Bridge Company, in its name and stead to make all necessary deeds and conveyances of property thus sold; and for that purpose it may execute all necessary acts of assignment and transfer, and may substitute one or more persons with like power; the Bridge Company hereby ratifying and confirming all that its said attorney or such substitute or substitutes shall lawfully do by virtue thereof. Nevertheless the Bridge Company shall, if so requested by the Trustee, join in the execution and delivery of any such deeds of conveyance, assignment and transfer.

Any such sale or sales made under or by virtue of this indenture, whether under the power of sale hereby granted and conferred, or under or by virtue of judicial proceedings, shall operate to divest all right, title and interest, claim and demand whatsoever, either at law or in equity, of the Bridge Company, of, in and to the premises sold, and shall be a perpetual bar, both at law and in equity, against the Bridge Company, its successors and assigns, and against any and all persons claiming or to claim the premises sold, or any part thereof, from, through or under the Bridge Company, its successors or assigns.

The personal property and chattels conveyed or intended to be conveyed by or pursuant to this indenture shall be real estate for all the purposes of this indenture, and shall be held and taken to be fixtures and appurtenances of the said Bridge and railroad, and part thereof, and are to be used and sold therewith and not separate therefrom, except as herein otherwise provided.

SECTION 11. *Receipt to Purchaser.* The receipt of the Trustee shall be a sufficient discharge to any purchaser of the property or any part thereof, sold as aforesaid, for the purchase money, and no such purchaser or his representatives, grantees or assigns, after paying such purchase money and receiving such receipt, shall be bound to see to the application of such purchase money upon or for any trust or purpose of this indenture, or in any manner whatsoever be answerable for any loss, misapplication or non-application of any such purchase money or any part thereof, or be bound to inquire as to the authorization, necessity, expediency or regularity of any such sales.

SECTION 12. *Maturity of Principal in Case of Sale.* In case of any such sale, whether made under the power of sale hereby granted, or pursuant to judicial proceedings, the whole of the principal sums of the bonds hereby secured, if not previously due, shall at once become due and payable, anything in said bonds or in this indenture to the contrary notwithstanding.

SECTION 13. *Distribution of Proceeds of Sale.* The purchase money, proceeds or avails of any such sale, whether under the power of sale hereby granted, or pursuant to judicial proceedings, together with any other

sums which then may be held by the Trustee under any of the provisions of this indenture, as part of the trust estate, or the proceeds thereof, shall be applied as follows:

First. To the payment of the costs and expenses of such sale, including a reasonable compensation to the Trustee, its agents, attorneys and counsel, and of all expenses, liabilities and advances made or incurred by the Trustee in managing and maintaining the property hereby conveyed or intended so to be, and to the payment of all taxes, assessments or liens prior to the lien of these presents, except any taxes, assessments or other superior liens to which such sales shall have been made subject;

Second. To the payment of the whole amount then owing or unpaid upon the bonds hereby secured for principal and interest, with interest at the rate of $4\frac{1}{2}$ per cent. per annum on the overdue instalments of interest, and in case such proceeds shall be insufficient to pay in full the whole amount so due and unpaid upon the said bonds, then to the payment of such principal and interest, without preference or priority of principal over interest, or of interest over principal, or of any instalment of interest over any other instalment of interest, ratably, to the aggregate of such principal and the accrued and unpaid interest; subject, however, to the provisions of Section 1 of this Article Six;

Third. The surplus, if any, shall be paid to the Bridge Company, its successors or assigns, or to whomsoever may be lawfully entitled to receive the same.

SECTION 14. *Purchaser May Pay in Bonds.* Upon any such sale by the Trustee or pursuant to judicial proceedings, any purchaser, for or in settlement or payment of the purchase price of the property purchased, shall be entitled to use and apply any bonds, and any matured and unpaid coupons hereby secured (subject, however, to the provisions of Section 1 of this Article), by presenting such bonds and coupons, in order that there may be credited thereon the sums applicable to the payment thereof out of the net proceeds of such sale, after making any deductions which may be made from the proceeds of sale for costs, expenses, compensations and other charges; such purchaser thereupon shall be credited, on account of such purchase price payable by him, with sums applicable out of such net proceeds to the payment of, and credited on, the bonds and coupons so presented; and, at any such sale, any bondholder or bondholders may bid for and purchase such property, and may make payment therefor as aforesaid, and upon compliance with the terms of sale may hold, retain and dispose of such property without further accountability.

SECTION 15. *Waiver of Redemption, etc.* The Bridge Company will not at any time insist upon or plead, or in any manner whatever claim, or take the benefit or advantage of, any stay or extension law, now or at any time in force in the states of Kentucky or Illinois, or elsewhere; nor will it claim, take or insist on, any benefit or advantage from any law now or hereafter in force providing for the valuation or appraise-

ment of the mortgaged premises, or any part thereof, prior to any sale or sales thereof to be made pursuant to any provision herein contained, or to the decree of any court of competent jurisdiction; nor after any such sale or sales will it claim or exercise any right conferred by any statute enacted by the states of Kentucky or Illinois, or otherwise, to redeem the property so sold or any part thereof; and it hereby expressly waives all benefit and advantage of any such law or laws, and it covenants that it will not hinder, delay or impede the execution of any power herein granted and delegated to the Trustee, but that it will suffer and permit the execution of every such power as though no such law or laws had been made or enacted.

SECTION 16. *Trustee Entitled to Appointment of Receiver.* Upon filing a bill of equity, or upon commencement of any other judicial proceedings, to enforce any right of the Trustee or of the bondholders under this indenture, the Trustee shall be entitled to exercise the right of entry herein conferred, and also any and all other rights and powers herein conferred and provided to be exercised by the Trustee upon the occurrence and continuance of default as hereinbefore provided; and, as a matter of contract right hereby stipulated, the Trustee shall be entitled to the appointment of a receiver of the premises hereby mortgaged, and of the earnings, income, revenue, rents, issues, or profits thereof, with such powers as the court making such appointment shall confer.

SECTION 17. *Independent Action of Bondholders Restricted.* No holder of any bond or coupons hereby secured shall have any right to institute any suit, action or proceeding in equity or at law for the foreclosure of this indenture, or for the execution of any trust thereof, or for the appointment of a receiver, or for any other remedy hereunder, unless the holders of a majority in amount of the bonds hereby secured, then outstanding, shall have made written request upon the Trustee to take action in respect of the matter complained of and shall have afforded to it a reasonable opportunity, either to proceed to exercise the powers hereinbefore granted, or to institute such action, suit or proceeding in its own name, and the Trustee shall not have taken such action; nor unless, also, they shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby; and such notification, request and offer of indemnity are hereby declared, in every case at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of this indenture and to any action or cause of action for foreclosure or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more holders of bonds and coupons shall have any right in any manner whatever to affect, disturb or prejudice the lien of this indenture by his or their action, or to enforce any right hereunder, except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal benefit of all holders of such outstanding bonds and coupons.

SECTION 18. *Remedies Cumulative.* Except as herein expressly provided to the contrary, no remedy herein conferred upon or reserved to the Trustee, or the holders of bonds hereby secured, is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative, and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

SECTION 19. *Delay or Omission by Trustee No Waiver.* No delay or omission of the Trustee, or of any holder of bonds hereby secured; to exercise any right or power accruing upon any default, continuing as aforesaid, shall impair any such right or power, or shall be construed to be a waiver of any such default, or an acquiescence therein, or shall extend to any subsequent default; and every power and remedy given by this Article to the Trustee, or to the Bondholders, may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the bondholders.

ARTICLE SEVEN.

IMMUNITY OF OFFICERS, STOCKHOLDERS AND DIRECTORS.

No recourse under or upon any obligation, covenant or agreement contained in this indenture, or in any bond or coupon hereby secured, or because of the creation of any indebtedness hereby secured, shall be had against any incorporator, stockholder, officer or director of the Bridge Company, or of any successor corporation, either directly or through the Bridge Company, by the enforcement of any assessment or by any legal or equitable proceeding by virtue of any statute or otherwise; it being expressly agreed and understood that this mortgage and the obligations hereby secured are solely corporate obligations, and that no personal liability whatever shall attach to, or be incurred by, the incorporators, stockholders, officers or directors of the Bridge Company, or of any successor corporation, or any of them, because of the incurring of the indebtedness hereby authorized or under or by reason of any of the obligations, covenants or agreements contained in this indenture, or in any of the bonds or coupons hereby secured, or implied therefrom; and that any and all personal liability, of every name and nature, and any and all rights and claims against every such stockholder, officer or director, whether arising at common law or in equity, or created by statute or constitution, are hereby expressly released and waived as a condition of, and as part of the consideration for, the execution of this indenture and the issue of the bonds and interest obligations secured hereby.

ARTICLE EIGHT

EVIDENCE OF BONDHOLDERS' RIGHTS.

SECTION 1. *Authentication of Instruments.* Any request or other instrument, required by this indenture to be signed and executed by bondholders, may be in any number of concurrent instruments of similar tenor, and may be signed or executed by such bondholders in person or by agent

appointed in writing. Proof of the execution of any such request or other instrument, or of a writing appointing any such agent, and of the holding by any person of coupon bonds transferable by delivery, shall be sufficient for any purpose of this indenture, and shall be conclusive in favor of the Trustee with regard to due action taken by it, under such request or other instrument, if made in the following manner, viz.:

The fact and date of the execution by any person of any such request or other instrument or writing may be proved by the certificate of any notary public, or other officer authorized to take acknowledgments of deeds, that the person signing such request or other instrument acknowledged to him the execution thereof; or by an affidavit of a witness to such execution.

The amount of coupon bonds transferable by delivery, held by any person executing any such request or other instrument as a bondholder, and the amount and issue numbers of the bonds held by such person, and the date of his holding the same, may be proved by a certificate executed by any trust company, bank, bankers or other depository (wherever situated), if such certificate shall be deemed by the Trustee to be satisfactory, showing therein that at the date therein mentioned such person had on deposit with such depository the bonds described in such certificate, or may be proved in such other or different manner as may be satisfactory to the Trustee. The ownership of registered coupon bonds or of registered bonds without coupons shall be proved by the registers of such bonds.

SECTION 2. *Apparent Title to Bonds.* The Bridge Company and the Trustee may deem and treat the bearer of any coupon bond hereby secured, which shall not at the time be registered as hereinbefore authorized, and the bearer of any coupon for interest on any such bond, whether such bond shall be registered or not, as the absolute owner of such bond or coupon, as the case may be, for the purpose of receiving payment thereof and for all other purposes; and neither the Bridge Company nor the Trustee shall be affected by any notice to the contrary.

The Bridge Company and the Trustee may deem and treat the person in whose name any registered bond without coupons issued hereunder shall be registered upon the books of the Bridge Company, as hereinbefore provided, as the absolute owner of such bond, for the purpose of receiving payment of, or on account of, the principal and interest of such bond, and for all other purposes, and may deem and treat the person in whose name any coupon bond shall be so registered as the absolute owner thereof, for the purpose of receiving payment of, or on account of, the principal thereof, and for all other purposes except to receive payment of interest represented by outstanding coupons; and all such payments so made to any registered holder for the time being, or upon his order, shall be valid and effectual to satisfy and discharge the liability upon such bond to the extent of the sum or sums so paid.

ARTICLE NINE

CONCERNING THE TRUSTEE.

SECTION 1. *Immunities and Compensation.* The Trustee shall not be answerable for the default or the misconduct of any agent, attorney or employe appointed by it in pursuance hereof, if such agent, attorney or employe shall have been selected with reasonable care, or for anything whatever in connection with this trust instrument except wilful misconduct or gross negligence. Any damage which the Trustee may sustain, notwithstanding the exemption herein contained, shall be deemed a part of the reasonable expenses of the Trustee. The Trustee shall not be under any obligation to take any action towards the execution or enforcement of the trusts hereby created which, in the opinion of the Trustee, shall be likely to involve it in expense or liability, unless one or more of the holders of the bonds hereby secured shall, as often as required by the Trustee, furnish it reasonable indemnity satisfactory to it against such expense or liability; nor shall the Trustee be required to take notice of any default hereunder, including any default under any agreement assigned to the Trustee as security hereunder, unless notified in writing of such default by the holders of at least five per cent. in amount of the bonds hereby secured then outstanding, or to take any action in respect of any default unless requested to take action in respect thereof by a writing signed by the holders of not less than a majority in amount of the bonds hereby secured, then outstanding, and tendered reasonable indemnity as aforesaid, anything herein contained to the contrary notwithstanding, but the foregoing provisions of this section are intended only for the protection of the Trustee, and shall not be construed to limit or affect any discretion or power by any provision of this indenture given to the Trustee to determine whether or not it shall take action in respect of any default, without such notice or request from bondholders, or to affect any other discretion or power given to the Trustee. Any action taken by the Trustee upon the request of any person who at the time is the owner of any bond or bonds or coupon or coupons hereby secured, shall be conclusive and binding upon all future owners of the same bond or bonds, coupons or coupons.

The Trustee shall not be responsible for the recording of this or any supplemental indenture and shall not be required to file, renew or continue the same as a chattel mortgage, the Bridge Company covenanting and agreeing to record the same as a mortgage of real property.

It shall not be any part of the duty of the Trustee to effect insurance against fire or other damage on any portion of the mortgaged property or to renew any policies of insurance, or to keep the mortgaged premises free from the lien of any taxes, charges or assessments, or to make any payments on account thereof.

The Trustee shall not be responsible for the collection or non-collection of any insurance money in any event, but only for such insurance money as shall come into its hand, nor shall the Trustee be responsible for the amount of insurance carried by the Bridge Company. In case of any

loss covered by any insurance policy, any appraisalment or adjustment thereof and settlement or payment of indemnity therefor, which may be agreed upon between the insurance company and the Bridge Company may be consented to and accepted by the Trustee, which shall in no way be liable or responsible for such adjustment.

The Trustee shall not be responsible in any manner whatsoever for the validity hereof, or of the said bonds or for the priority thereof, or for the amount or the extent of the security afforded by the property covered hereby, or for the recitals herein or in said bonds contained; nor shall it be accountable for the use of any bonds certified and delivered by the Trustee hereunder or for the application of the proceeds of such bonds.

The Trustee may acquire bonds secured hereby with the same rights which it would have if it were not Trustee.

All moneys coming into the hands of the Trustee hereunder may be treated by it until such time as it is required to pay out the same, as a special deposit, without any liability for interest save such as during that time it allows to its general depositors in its banking department.

The Trustee shall be entitled to reasonable compensation for all services rendered by it in the execution of the trusts hereby created, and the Bridge Company agrees to pay such compensation as well as all expenses, including court costs and reasonable attorneys' fees necessarily incurred or disbursed by the Trustee hereunder, from time to time upon demand; and for the payment of such compensation and expenses the Trustee shall have a first lien on all the property mortgaged hereunder. The Trustee shall be protected in acting upon any notice, request, consent, certificate, resolution, affidavit, bond or other paper or document believed by it to be genuine and to have been passed or signed by the proper party.

The Trustee may advise with counsel, including counsel of the Bridge Company, and the opinion of counsel shall be a full protection and justification for anything done or suffered to be done in accordance with such opinion.

SECTION 2. *Resignation or Removal.* The Trustee, or any trustee or trustees hereafter appointed, may resign, and may be discharged from the trusts created by this indenture by serving upon the Bridge Company forty days' notice in writing, addressed to the Bridge Company, and to the bondholders, specifying a date when such resignation shall take effect, which notice shall be published by the Bridge Company, at least once, on a day not less than thirty days nor more than sixty days prior to the date so specified, in a newspaper at that time published, respectively, in the City of Chicago and in the Borough of Manhattan, City of New York, and in the City of Paducah, Kentucky. Such resignation shall take effect on the day specified in such notice, unless previously a successor trustee shall be appointed as hereinafter provided, in which event such resignation shall take effect immediately upon the appointment of such successor trustee.

Any trustee hereunder may be removed at any time by an instrument

in writing under the hands of the holders of two-thirds in amount of the bonds hereby secured and then outstanding. Such instrument shall be executed in duplicate, and one original thereof shall be lodged with the Bridge Company and the other with the Trustee so removed.

SECTION 3. *Appointment of Successor Trustee.* In case at any time the Trustee, or any successor trustee, shall resign or shall be removed or otherwise shall be or become incapable of acting, a successor or successors may be appointed by the holders of a majority in amount of the bonds hereby secured then outstanding, by an instrument or concurrent instruments signed by such bondholders or their attorneys in fact duly authorized; but until a new trustee shall be appointed by the bondholders as herein authorized, the Bridge Company, by an instrument executed by order of its Board of Directors, may appoint a trustee to fill such vacancy; *provided, however,* that every such trustee shall be a trust company in good standing, having an office in the City of Chicago or in the Borough of Manhattan, City of New York, if there be such a company willing and able to accept the trust upon reasonable and customary terms.

Any successor trustee appointed hereunder shall execute, acknowledge and deliver to the trustee last in office and also to the Bridge Company an instrument accepting such appointment hereunder, and thereupon such successor trustee, without any further act, deed or conveyance, shall become vested with all the estate, properties, rights, powers, trusts, duties and obligations of its predecessor in the trust hereunder, with like effect as if originally named as trustee herein; but, nevertheless, on the written request of the successor trustee, the trustee ceasing to act shall execute and deliver an instrument transferring to such successor trustee, upon the trusts herein expressed, all the estates, properties, rights, powers and trusts of the trustee so resigning or removed, subject, nevertheless, to any lien which the retiring trustee may have pursuant to any provision hereof; and, upon request of any such successor trustee, the Bridge Company shall make, execute, acknowledge and deliver any and all deeds, conveyances, assignments or instruments in writing for more fully and certainly vesting in and confirming to such successor trustee all such estates, properties, rights, powers and duties.

ARTICLE TEN.

SUNDRY PROVISIONS.

SECTION 1. *Covenant to Bind Successors or Assigns.* All the covenants, stipulations, promises and agreements in this indenture contained, by or in behalf of the Bridge Company, shall bind, or inure to the benefit of, its successors or assigns, whether so expressed or not.

SECTION 2. *Definition of Terms.* Except when otherwise indicated, the words "the Trustee" or "said Trustee" or any other equivalent term, as used in this indenture, shall be held and construed to mean the Trustee, for the time being, whether original or successor; the words "Bond," "Bondholder" and "holder" shall include the plural as well

as the singular number, and the term "majority" shall signify "majority in amount," whether or not so expressed.

Union Trust Company, party hereto of the second part, hereby accepts the trusts in this indenture declared and provided, and agrees to perform the same upon the terms and conditions hereinbefore set forth.

In witness whereof, as of the day and year first above written, Paducah & Illinois Railroad Company, the party hereto of the first part, has caused this indenture to be signed, and its corporate seal to be hereunto affixed and attested by its officers thereunto duly authorized; and Union Trust Company, the party hereto of the second part, has caused these presents to be signed, and its corporate seal to be hereunto affixed and attested by its officers thereunto duly authorized.

I, W. S. Burley, a Notary Public in and for the State and County aforesaid, do hereby certify that Hale Holden, with whom I am personally acquainted and to me known to be the President of Paducah & Illinois Railroad Company, whose name is signed to the within and foregoing mortgage of Paducah & Illinois Railroad Company to Union Trust Company, as Trustee, dated the first day of July, 1915, has this day personally appeared before me in the County aforesaid and produced before me said mortgage, and that he did then and there acknowledge the same before me in the County aforesaid and declared that he signed, sealed and delivered the same as President of Paducah & Illinois Railroad Company, the within named mortgagor, and for and on behalf of said Company as its free and voluntary act and deed, and as his own free and voluntary act as such President, for the uses and purposes therein set forth, having as such President signed his name thereto and affixed the corporate seal of said Company; and that he has caused the same to be duly attested by J. H. Ambrose, the Secretary of said Company; all of which has been done by him under and pursuant to the authority conferred on him by the Board of Directors of said Paducah & Illinois Railroad Company.

I do further hereby certify that J. H. Ambrose, with whom I am personally acquainted and to me known to be the Secretary of Paducah

& Illinois Railroad Company, whose name also is signed to the within and foregoing mortgage to Union Trust Company, as Trustee, dated the first day of July, 1915, as hereinbefore referred to, has also this day personally appeared before me in the County aforesaid and produced to me the said mortgage and that he did then and there acknowledge the same and he declared that, by the direction of Hale Holden, as President of Paducah & Illinois Railroad Company and under and pursuant to the authority conferred by the Board of Directors of said Company, he, the said J. H. Ambrose, has duly attested said mortgage and signed his name to said attestation.

Given under my hand and notarial seal this 23rd day of December, 1915.

My commission expires Oct. 4, 1918.

EXHIBIT 5

AGREEMENT, July 1, 1915, between the Chicago, Burlington & Quincy Railroad Company of the first part, and The Nashville, Chattanooga & St. Louis Railway of the second part. Relating to contributions to and division of surplus and deficit of Paducah & Illinois Railroad Company.

This Instrument, Made this, the first day of July, 1915, by and between the Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Illinois, party of the first part, and The Nashville, Chattanooga & St. Louis Railway,

a corporation organized and existing under and by virtue of the laws of the State of Tennessee, a party of the second part,
Witnesseth:

Whereas, on the first day of September, 1914, an agreement was entered into by and between Paducah & Illinois Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of Kentucky, as party of the first part, hereinafter called the Bridge Company, and the Chicago, Burlington & Quincy Railroad Company, and The Nashville, Chattanooga & St. Louis Railway, hereinafter called the Railway Companies, parties of the second part, and the Union Trust Company, of Chicago, Illinois, a corporation of the State of Illinois, as party of the third part, for the construction, maintenance and operation of a railroad bridge across the Ohio river, at or near Metropolis, Illinois, and certain railroad tracks from the southern terminus of said bridge connecting with the tracks of The Nashville, Chattanooga & St. Louis Railway at Paducah, Kentucky, which said agreement of September 1, 1914, has been modified in certain respects by a supplemental agreement of even date herewith, copies of which Agreement and Supplemental Agreement are hereto attached and made a part hereof marked "Exhibit A"; and

Whereas, in Section 1, Article II of said Agreement of September 1, 1914, it is provided as follows:

"Each of the Railway Companies hereby covenants and agrees with the Bridge Company, with the Trustee Company, and with the other Railway Company, as follows, viz:

The Bridge Company shall, from time to time, fix, publish and collect, reasonable and lawful tolls, charges and compensation for the transportation of freight and passengers and other property over said bridge and railroad and for the use of said facilities by the Railway Companies, and in the event that it becomes impracticable for any reason, for said Bridge Company so to do and the Railway Companies or either of them, may lawfully publish and collect said tolls and charges, then the Railway Companies or either of them shall publish, collect and pay the same over to the Bridge Company.

The Bridge Company covenants and agrees to apply said revenue and pay said tolls, rentals, charges and compensation, received by it, in the following order, to-wit:

1st. To the cost and expense incurred by the Bridge Company during each month in the operation, maintenance and repair of the facilities (after applying to such renewal and repairs any sums which may have been received on account of insurance) and including all salaries, wages, supplies, insurance and rentals and all other expenses whatsoever during such month not otherwise herein expressly provided for, and further, including all loss and damage to the facilities covered by insurance, but excluding such loss and damage to the bridge as prevents the use thereof.

2d. To the payment of all taxes, rates, benefits, assessments or other Governmental charges of any kind, upon or on account of said bridge, railroad and facilities.

3d. To the payment of the interest as it may become due and payable, upon any bonds that shall have been issued and that may be outstanding under said First Mortgage of the Bridge Company.

4th. To any sinking fund or premium payment, payable by said Bridge Company under the terms of its said First Mortgage.

5th. To the payment of dividends on any preferred stock, issued as in Section 5 of this Article provided.

In the event that the revenue received by the Bridge Company from said tolls, charges, rentals and compensation, shall at any time be insufficient to promptly make the payments or any of them, aforesaid, then each of the Railway Companies shall pay to the Bridge Company one-half of all sums necessary and at the time specified, to enable it to make the payments above mentioned," which said section is modified by Supplemental Agreement of this date; and

Whereas, in Section 5 of Article II of said Agreement of September 1, 1914, it is provided as follows:

"SECTION 5. Whenever the Railway Companies shall make any payments to the Bridge Company pursuant to Section 2. of this Article on account of the principal of said First Mortgage Bonds of the Bridge Company, or whenever any payment is made to the sinking fund either by the Bridge Company out of its income or by the Railway Companies pursuant to Section 1 of this Article, then the Bridge Company shall issue and shall deliver to the Railway Companies preferred stock of the Bridge Company to an amount at par equal to such payment. Such preferred stock shall be entitled to receive dividends payable semi-annually at the rate of and limited to $4\frac{1}{2}\%$ per annum, before any dividends shall be declared on the common stock, and said dividends shall be cumulative; and on the dissolution of the Bridge Company, whether voluntarily or otherwise, the holders of the preferred stock shall be entitled to have their shares redeemed at par before any distribution of any part of the assets of the Company shall be made to the holders of the common stock. The preferred stock shall not be entitled to a vote,"

Whereas, on account of the method of constructing rates for the transportation of traffic from points north of the Ohio River to points south thereof, and vice versa, the said tolls, rentals, charges and compensation received by the Bridge Company will necessarily reduce the revenues which one or both of the railroads, parties to this agreement, would otherwise have received for such transportation, and will in that sense be contributed from the revenues of one or both of said railroads; and

Whereas, it is provided in said Section 1 of Article II of said agreement of September 1, 1914, as modified by said Supplemental Agreement of this date, that in case the revenue received by the Bridge Company from its said tolls, rentals and compensation shall be insufficient to promptly make the payments therein provided: That is to say, 1st—its operating expenses; 2nd—taxes, rates, benefits, assessments or other governmental charges against its property; 3rd—interest on bonds as it may become due and payable; 4th—sinking fund or premium payments under the terms of its First Mortgage; and 5th—dividends on preferred stock issued as provided

in said Section 5 of Article II of said agreement of September 1, 1914, then the Railway Companies shall pay to the Bridge Company all sums necessary and at the time specified to enable the Bridge Company to make the payments above mentioned; and

Whereas, it is desired by each of said Companies that there shall be a definite and specific understanding between them; first, determining how and in what proportion the preferred stock, to be issued on account of any payment made to the sinking fund by the Bridge Company out of its income or out of sums paid by the Railway Companies, as provided in Section 5 of Article II of said original agreement as modified by the Supplemental Agreement of this date, shall be so issued and delivered to each Railway Company; second, in what proportion any deficit shall be paid by each Railway Company; and third, in what proportion any surplus of the Bridge Company shall be distributed between the Railway Companies;

Now, therefore, in consideration of the premises, it is agreed as follows:

I.

Statements shall be prepared each calendar month by the Bridge Company, and a copy thereof delivered to each of the parties hereto, showing the amount of revenue received by it from its tolls, rentals and compensation for the preceding calendar month, and also showing what proportion thereof has been contributed respectively from the revenues of each of the parties hereto. A similar statement for each fiscal year shall be furnished by the Bridge Company to each of the parties hereto.

II.

In the event that the revenue received by the Bridge Company for any calendar month from its tolls, rentals, charges and compensation shall be insufficient to make the payments chargeable to such calendar month provided for in said Section 1 of Article II of said agreement of September 1, 1914, as modified by Supplemental Agreement of this date, the deficit shall be paid by the parties to this agreement in the same proportion as it may be ascertained under the preceding paragraph that such revenue of the Bridge Company shall have been contributed to for such calendar month from the revenues of each of the parties hereto respectively. Such payments so made by each of the parties hereto shall constitute a floating indebtedness of the Bridge Company and shall be liquidated by the Bridge Company out of its future revenues before there shall be any distribution of surplus as hereinafter provided.

III.

In the event, at the termination of any fiscal year, there shall be a surplus from the operations of the Bridge Company, after making the payments provided for in said section 1 of Article II of the agreement of September 1, 1914, as modified by Supplemental Agreement of this date, and after paying any previous deficits as provided for in paragraph II of this agreement, such surplus shall be divided between the parties hereto

in the proportion which each of them has contributed from its revenues to the revenues of the Bridge Company, as ascertained by the statements provided for in paragraph I hereof.

IV.

When any preferred stock shall be issued by the Bridge Company under Section 5 of Article II of said agreement of September 1, 1914, as modified by Supplemental Agreement of this date, either on account of payments made to the sinking fund by the Bridge Company out of its revenues from operation, or out of sums paid by the parties hereto, such preferred stock shall be issued and delivered to each of the Railway Companies parties hereto, in the same proportion which each of them has contributed from its revenues to the revenues of the Bridge Company for the fiscal year during which such payments to the sinking fund have been made, as ascertained by the statements provided for in paragraph I hereof.

V.

The term "deficit" when used in this agreement, shall signify the amount by which the revenue received by the Bridge Company is insufficient to make the payment provided for in Section 1 of Article II of the agreement of September 1, 1914, as modified by the Supplemental Agreement of this date, and the term "surplus," whenever it appears shall signify the amount of revenue remaining after said payments shall have been deducted therefrom.

VI.

This Instrument shall remain in force during the term of the operating agreement and agreement supplemental thereto herein referred to and made a part hereof, and shall be binding upon and inure to the benefit of the successors and assigns of each party hereto.

In witness whereof, each party hereto has caused this Instrument, and an Instrument of like tenor and even date, to be executed by its President, and its corporate seal to be affixed and attested by its Secretary, both thereunto duly authorized, the day and year first above written.

Chicago, Burlington & Quincy Railroad Company

CONTRACT Dated April 29, 1926, effective January 1, 1926, between Paducah & Illinois Railroad Company, party of the first part, The Nashville, Chattanooga and St. Louis Railway, and Chicago, Burlington and Quincy Railroad Company and Illinois Central Railroad Company, parties of the second part, and Union Trust Company, of Chicago, Illinois party of the third part.

Amending sections 1, 2, 3, and 5 of article II of the "construction and operating agreement" dated September 1, 1914, cancelling sections 1 and 3 of "Supplemental Agreement" dated July 1, 1915, and cancelling "Division of Surplus and Deficit Agreement" dated July 1, 1915.

THIS AGREEMENT, made and entered into this Twenty-ninth day of April, 1926, by and between the Paducah & Illinois Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of Kentucky, hereinafter called the "Bridge Company," as party of the first part, The Nashville, Chattanooga and St. Louis Railway, a corporation, organized and existing under and by virtue of the laws of the State of Tennessee; the Chicago, Burlington & Quincy Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of Illinois; and the Illinois Central Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of Illinois, as parties of the second part, hereinafter referred to as the "Railway Companies"; and the Union Trust Company, of Chicago, Illinois, a corporation of the State of Illinois, hereinafter called the "Trustee Company," as party of the third part;

Witnesseth: That,

Whereas, the said above named parties did on the 10th day of January, A. D. 1923, enter into a certain agreement in writing of that date, but by its terms made effective as of 12:01 A. M., September 1, 1920, which said agreement referred to the following contracts, agreements and trust agreements attached thereto and made a part thereof and marked in order, respectively, Exhibits 1, 2, 3, 4, and 5, to-wit:

Exhibit No. 1. Construction and Operating Agreement, dated September 1, 1914.

Exhibit No. 2. Supplemental Agreement, dated July 1, 1915.

Exhibit No. 3. Stock Trust Agreement, dated July 1, 1915.

Exhibit No. 4. Trust Deed Agreement, dated July 1, 1915.

Exhibit No. 5. Division of Surplus and Deficit Agreement, dated July 1, 1915.

and,

Whereas, the said agreement dated the 10th day of January, 1923, and the said contracts, agreements and trust agreements therein and hereinabove referred to are still in force and effect among the parties hereto; and,

Whereas, the parties hereto are desirous of changing some of the provisions of said contracts, as hereinafter set forth, and the said Railway Companies are desirous of cancelling and annulling said agreement dated July 1, 1915, designated as the "Division of Surplus and Deficit Agreement," Exhibit No. 5 aforesaid;

Now therefore, in consideration of the premises and of the mutual covenants and agreements of the parties hereto as hereinafter set forth, it is agreed by and between the parties hereto as follows:

ARTICLE I.

It is expressly agreed by and between all of the parties hereto that Sections 1, 2, 3, and 5 of Article II of the "Construction and Operating Agreement," dated September 1, 1914, Exhibit 1, shall be and the same are hereby amended to read as follows, and as so amended shall from January 1, 1926 be taken and considered as Sections 1, 2, 3 and 5 of Article II as therein written.

"SECTION 1. It is hereby covenanted and agreed by and between each of said Railway Companies with each other and with the Bridge Company, and by and between said Bridge Company and each of said Railway Companies, the said Trustee Company consenting thereto, as follows, viz:

"(a). The Bridge Company shall, from time to time, fix and publish reasonable and lawful tolls and charges covering the transportation of freight and passengers and other property over said bridge and railroad and the use of said facilities; or, the Railway Companies, or either of them, may fix and publish said tolls and charges covering the transportation of freight and passengers and other property over said bridge and railroad and the use of said facilities of the Bridge Company.

"(b). The Railway Companies hereby agree that they will pay to the Bridge Company for the transportation of freight and passengers and other property over said bridge and railroad by or for said Railway Companies, and for the uses of said facilities by said Railway Companies, a sum of money which shall be sufficient to enable the Bridge Company to pay, and the Bridge Company covenants and agrees that it will apply and pay said sum so received by it, in the following order, to-wit:

"1st. To the cost and expense incurred by the Bridge Company during each month in the operation, maintenance and repair of the facilities (after applying to such renewal and repairs any sums which may have been received on account of insurance, and to the cost and expense of operation, maintenance and repair of the facilities any revenue received by it from sources other than said Railway Companies) and including all salaries, wages, supplies, insurance and rentals and all other expenses whatsoever incurred in the operation, maintenance and repair of said facilities during such month not otherwise herein expressly provided for.

"2nd. To the payment of all taxes, rates, benefits, assessments or other Governmental charges of any kind, upon or on account of said bridge, railroad and facilities.

"3rd. To the payment of the interest as it may become due and payable, upon any bonds that shall have been issued and that may be outstanding under said First Mortgage of the Bridge Company.

"(c). All freight and passengers, and other property transported over said bridge and railroad by or for each of said Railway Companies, and all use made of said facilities by each of said Railway Companies, shall

be calculated at the said published tolls and charges applicable thereto, and each of the said Railway Companies hereby covenants and agrees that it will pay to the Bridge Company, monthly, within ten days after the receipt of bills therefor from the Bridge Company, such proportion of any and all sums from time to time required by the Bridge Company to make the payments specified in items 1st, 2nd, and 3rd of the foregoing paragraph (b), as the total amount of tolls and charges calculated on the freight and passengers and other property transported over said bridge and railroad by or for it, and on the uses made by it of said facilities, bears to the total amount of tolls and charges calculated on all freight and passengers and other property transported over said bridge and railroad by all of said Railway Companies, and on the uses made of said facilities by all of said Railway Companies during the month covered by such bills; Provided, that the amount payable to the Bridge Company by each of said Railway Companies on account of interest on bonds of the Bridge Company as specified in item 3rd of paragraph (b) hereof shall be computed in like manner and upon the same basis, except that for said item 3rd the nearest convenient six months shall be taken as the period for which the computation shall be made instead of one month as above provided.

“(d). The Bridge Company shall for each calendar month prepare and render to each of said Railway Companies itemized bills showing in detail all freight and passengers and other property transported over said bridge and railroad by or for each of said Railway Companies and all uses made of said facilities by each of said Railway Companies during the month covered by such bills, and showing the amounts (computed as hereinabove provided) payable to the Bridge Company by each of said Railway Companies on account of (1) expenses, (2) taxes, and (3) interest, as specified in items 1st, 2nd and 3rd of paragraph (b) hereof; Provided, that payments by the Railway Companies on account of said item 3rd of paragraph (b) hereof as and when required by the Bridge Company shall be computed upon the nearest convenient six months period as hereinabove provided. Payment of such bills by the said Railway Companies shall not be delayed for errors which are not serious and important, but such bills shall be paid promptly by said Railway Companies as rendered notwithstanding any error of ordinary character likely to occur in railroad accounts, the necessary corrections to be made in subsequent bills. Similar statements covering each fiscal year shall be prepared by the Bridge Company and a copy thereof furnished by it to each of said Railway Companies.

“§ 2. (a). On the day when any of said First Mortgage Bonds of the Bridge Company shall become due and payable, either by their terms or by acceleration of payment as provided in the said bonds or in said mortgage, each Railway Company agrees to pay to the Bridge Company a sum equal to one-third of the principal of said First Mortgage Bonds payable on such date.

“(b) The said Railway Companies hereby covenant and agree with each other and with said Bridge Company that they will subscribe during

each year for an amount of the preferred stock of the Bridge Company which shall be equal at par to the amount of the sinking fund payments required to be made by the Bridge Company in each year under its said First Mortgage (each of said Railway Companies agreeing to subscribe for one-third of said amount of said preferred stock), and each of said Railway Companies agrees to pay into the treasury of the Bridge Company on account of such subscription to said preferred stock, as and when required by the Bridge Company during each year, one-third of the amount of the sinking fund payments required to be made by the Bridge Company under its said First Mortgage during such year.

“§ 3. In case either of the said Railway Companies shall make default in the payment of any sum which shall be payable by such Railway Companies as provided in Section 1 and Section 2 hereof, then the sum which such Railway Company in default failed to pay shall be paid by the other Railway Companies parties hereto upon demand of the Bridge Company; or, if the Bridge Company be in default as hereinafter specified under its said First Mortgage, then except as to payments under par. (b) of Section 2 of this Article, and Section 5 of this Article, to the Trustee Company upon its demand.

“The obligation of each Railway Company to make the payments specified in this Section is absolute and unconditional.

“No termination or suspension of any rights of either Railway Company pursuant to any provision of this agreement, or otherwise, shall limit or affect the obligation of the Railway Company whose rights are terminated or suspended or the obligation of the other Railway Companies to pay the said several sums. Each of the Railway Companies agree that it will make the several payments by it to be made as aforesaid absolutely and unconditionally, without deduction for any set-off or counterclaim or other excuse, during such full term.

“Except as provided in Section 4 of this Article II, the several sums payable by each of the Railway Companies under the foregoing provisions of Sections 1 and 2 of this Article shall be payable to the Bridge Company or pursuant to its written order, either at the office of the Bridge Company at Paducah, Kentucky, or at an agency or depository elsewhere to be designated by the Bridge Company by a written notice to each Railway Company, stating the sum to be paid by it and the date and place of payment, which notice shall be given by the Bridge Company to each Railway Company at least ten days prior to the date when such sum shall be payable. Each sum payable to the Bridge Company under any of the foregoing provisions of this section shall be set apart by it upon special trust, to apply the same to the payment of the interest or principal of bonds, sinking fund, or other obligations, or the taxes, rates, benefits, assessments or other governmental charges in respect of which such sum became payable hereunder, or to reimburse the Bridge Company to the extent it shall have paid any of said items out of its other funds.

“§ 5. Whenever the Railway Companies shall make any payments to the Bridge Company pursuant to Section 2 of this Article on account of the principal of said First Mortgage Bonds of the Bridge Company,

or on account of the sinking fund payments required to be made by the Bridge Company under its said First Mortgage, then the Bridge Company shall issue and shall deliver to the Railway Companies preferred stock of the Bridge Company to an amount at par equal to the par value of the bonds purchased for the sinking fund in any year. Such preferred stock shall be entitled to receive dividends payable semi-annually at the rate of and limited to $4\frac{1}{2}\%$ per annum before any dividends shall be declared on the common stock, and said dividends shall be cumulative; and on the dissolution of the Bridge Company, whether voluntarily or otherwise, the holders of the preferred stock shall be entitled to have their shares redeemed at par before any distribution of any part of the assets of the Bridge Company shall be made to the holders of the common stock. The preferred stock shall not be entitled to a vote."

ARTICLE II.

It is expressly agreed by all of the parties hereto that the agreement dated the first day of July, 1915, entered into by and between the Chicago, Burlington & Quincy Railroad Company and The Nashville, Chattanooga & St. Louis Railway, designated as "Division of Surplus and Deficit Agreement," Exhibit No. 5, is hereby cancelled and terminated as of the 31st day of December, 1925.

ARTICLE III.

It is expressly agreed by and between the parties hereto that Section 1 and Section 3 of said Supplemental Agreement, dated July 1, 1915, Exhibit No. 2, shall be and the same are hereby cancelled and terminated as of the 31st day of December, 1925.

ARTICLE IV.

The sums payable by said Railway Companies under said original agreement dated September 1, 1914, as herein modified, and under said Supplemental Agreement dated July 1, 1915, as herein modified, and under this agreement itself, are hereby assigned to the Union Trust Company, Trustee under said First Mortgage of the Bridge Company, as additional security on said mortgage, subject, however, to the provisions of said original agreement of September 1, 1914, and of said Supplemental Agreement dated July 1, 1915, as modified by this agreement.

ARTICLE V.

It is further agreed by and between said Bridge Company, party of the first part hereto, and said Railway Companies, parties of the second part hereto, and by each of said Railway Companies with each other and with the Bridge Company, that this agreement shall not be changed, nor shall any provisions hereof be modified or altered, without the consent of said Bridge Company and said Railway Companies and each of them, and that this agreement shall be binding upon the said Bridge Company and said Railway Companies and each of them, and their lessees, successors and assigns, respectively.

ARTICLE VI.

Except as herein modified the said Construction and Operating Agreement, dated September 1, 1914, the said Supplemental Agreement dated July 1, 1915, the said Stock Trust Agreement dated July 1, 1915, the said Trust Deed Agreement dated July 1, 1915, and the said agreement dated January 10, 1923, shall remain in full force and effect and be binding upon the parties hereto, their lessees, successors and assigns, respectively.

ARTICLE VII.

The Trustee Company enters into this agreement for the sole purpose of signifying its assent to this agreement as an agreement between said first party and said second parties hereto, but with the express understanding and agreement that nothing in this agreement contained shall be construed as changing or modifying in any respect the obligations of the Bridge Company and/or of the said Railway Companies and/or of either of them, made and entered into for the benefit and protection of the bondholders under said First Mortgage of the Bridge Company as set forth in said existing agreements, and that said existing agreements as between said Trustee Company and said Bridge Company and/or said Railway Companies, and each of them, shall stand and be enforceable for the benefit and protection of the bondholders under said First Mortgage of the Bridge Company with the same force and effect as if this agreement had not been made.

In witness whereof, the parties hereto have caused this agreement to be executed in quintuplicate and by their duly authorized officers, the day and year first above written.

FRANK A. WEHMAN,

Notary Public in and for the County and State aforesaid.

AGREEMENT, September 14, 1915, Chicago, Burlington & Quincy Railroad Company, and Peoria and Pekin Union Railway Company. Use of tracks, union passenger station and facilities at Peoria, Illinois. 1.27 miles.

This Agreement, Made and entered into this 14th day of September, A. D. 1915, by and between the Chicago, Burlington & Quincy Railroad Company, hereinafter called the "Burlington Company," party of the first part, and the Peoria and Pekin Union Railway Company, hereinafter called the "Union Company," party of the second part.

Whereas, on the 24th day of July A. D. 1913, the City of Peoria, Peoria County, Illinois, through its Council granted to the Burlington Company a franchise to lay and construct switch tracks from a point on its line situated in Water Street in the City of Peoria, Illinois, and located about one hundred seventy-five (175) feet southwesterly from Bridge Street in said City from said point to and across two adjoining tracks of the Union Company, thence across Water Street entering upon and across lot twelve (12) block thirty-eight (38) in the City of Peoria, Illinois, thence across Bridge Street and thence upon and across lots seven, eight and nine (7-8-9) in block thirty-seven (37) in the City of Peoria, Illinois, thence into and upon Commercial Alley (Street) as shown in yellow on blue print attached hereto and made a part hereof, and

Whereas, certain objections having been made by the Union Company against the laying or construction of said proposed crossings in, upon and across the tracks of the Union Company, as shown on the said blue print, and

Whereas, it has been mutually agreed by and between both parties hereto that the Burlington Company will, during the continuance of this agreement, abandon the plan to construct said crossings in the tracks of the Union Company without waiving its right sustained by the Railroad and Warehouse Commission and the Supreme Court of the State of Illinois, to so construct said crossings, and in lieu of the construction and installation of the said crossings in the tracks of the Union Company as aforesaid, the Burlington Company does hereby agree to use, and the Union Company does hereby agree to permit the Burlington Company the use of its tracks on Water Street (as indicated in red on said blue print) from a point near the southwesterly line of Chestnut Street in the City of Peoria, extending to a point about one hundred fifty (150') feet southwesterly from Bridge Street in the City of Peoria, the said tracks so shown in red on said blue print being for convenience hereinafter

called the "joint tracks," under the following terms and conditions (the said terms and conditions being in accordance with the Finding of date July 1, 1915, of Board of Arbitration composed of R. N. Begien, of Cincinnati, Ohio, H. A. Boomer, of Indianapolis, Indiana, and E. P. Bracken, of Chicago, Illinois, appointed by both parties hereto for the purpose and with authority to decide and settle a disagreement and an issue between the parties hereto, concerning proposed crossings over the tracks of the Union Company by the Burlington Company in Water Street in the City of Peoria and changing and rearranging the construction of Bridge Street viaduct in said City):

ARTICLE I.

The right is hereby granted by the Union Company to the Burlington Company for the use of said joint tracks for a period of Twenty-five (25) years from date hereof; but the Union Company, in making said grant, does not confer to the Burlington Company any greater rights or privileges than those now or hereafter possessed by said Union Company.

ARTICLE II.

It is agreed between the parties hereto that the Burlington Company will construct and install its proportion (about one-half) of a cross-over (as indicated on said blue print) at its own sole expense, from its main track to the main track of the Union Company near Chestnut Street and it is hereby agreed that the Union Company will construct, install and maintain its proportion (one-half) of said crossover, and the Burlington Company will reimburse the Union Company for all expense incurred by the Union Company on account of the installation and maintenance of the said one-half of said crossover, but the ownership of said one-half ($\frac{1}{2}$) of said crossover shall be and remain the property of the Union Company.

ARTICLE III.

It is agreed between the parties hereto that the Union Company will construct, install and maintain a switch and turnout, including frogs, guard rail and appurtenances at a point on its track about one hundred fifty (150') feet south of Bridge Street at the junction or connection of said proposed Commercial Alley switch tracks of the Burlington Company and the Burlington Company does hereby agree to reimburse the Union Company for the total cost to the Union Company of the construction and installation of said switch and turnout; the ownership of said switch and turnout shall be and remain the property of the Union Company.

ARTICLE IV.

For the use of said joint line herein granted the Burlington Company hereby agrees to pay to the Union Company, in monthly payments to be made within thirty (30) days after receipt of bills therefor from the Union Company, as follows:

- (a) Such proportion of a sum equal to five per centum per annum on the valuation of \$2,097.00 dollars on the portion of said joint tracks located between the point marked "G" and the point marked "H" on said blue print (the said valuation being the agreed value of said portion of said tracks exclusive of the value of lands for right of way therefor) as the number of cars and engines operated by the Burlington Company over said portion of said joint tracks bears to the total number of cars and engines operated thereover by all the companies using the same, each engine to be counted as two cars.
- (b) Such proportion of a sum equal to five per centum per annum on the valuation of \$1,303.00 dollars on the portion of said joint tracks located between the point marked "H" and the point marked "M" on said blue print (the said valuation being the agreed value of said portion of said tracks exclusive of the value of lands for right of way therefor) as the number of cars and engines operated by the Burlington Company over said portion of said joint tracks bears to the total number of cars and engines operated thereover by all the companies using the same, each engine to be counted as two cars.
- (c) Such proportion of the cost of operation, maintenance, repairs and renewal of the portion of said joint tracks located between the point marked "D" and the point marked "H" on said blue print as the number of cars and engines operated by the Burlington Company over said portion of said joint tracks bears to the total number of cars and engines operated thereover by all the companies using the same, each engine to be counted as two cars.
- (d) Such proportion of the cost of operation, maintenance, repairs and renewal of the portion of said joint tracks located between the point marked "G" and the point marked "H" on said blue print as the number of cars and engines operated by the Burlington Company over said portion of said joint tracks bears to the total number of cars and engines operated thereover by all the companies using the same, each engine to be counted as two cars.

It is understood and agreed that, to save bookkeeping in determining the Burlington Company's proportion of rental, maintenance, repairs, renewals and operation under paragraphs (a), (b), (c), and (d) of this article IV, the Burlington Company's wheelage proportion is agreed upon as five percent for zones "G" to "H" and twenty-five percent for zones "H" to "M" and "D" to "H" until such time as either party hereto shall feel that any of such proportions is not representative of the wheelage proportion hereinbefore in this Article IV prescribed, in which event the said proportion shall be increased or decreased as the General Managers of the parties hereto shall agree from time to time. In event of failure of the General Managers to agree on any proportion within sixty days after receipt of notice from either party hereto to the other of a desire for a revision thereof, the Burlington Company's proportion shall be determined by actual enumeration on the wheelage basis hereinbefore in this Article IV prescribed.

ARTICLE V.

It is hereby agreed between the parties hereto that the Burlington Company will pay to the Union Company the sum of One Thousand Six Hundred Eighty-five (\$1,685.00) Dollars which it is agreed is its proper proportion that the Burlington Company shall and will pay to the Union Company towards the cost to the Union Company of the construction and installation of the structure known as Bridge Street Viaduct.

ARTICLE VI.

It is hereby agreed by and between the parties hereto that the Burlington Company will, at its own sole expense, make all necessary changes in and upon Bridge Street Viaduct for the purpose of enabling the trains and engines of the Burlington Company to pass beneath said viaduct and into and upon tracks in Commercial Alley (Street), which tracks are indicated upon said blue print.

ARTICLE VII.

SECTION 1. All persons engaged in the maintenance, repair and operation of the joint tracks, although paid by the Union Company shall, as respects liability for loss, damage, injury or death be deemed and considered the joint employees of the Union Company and the Burlington Company.

If any persons are engaged partly in such maintenance, repair or operation, and partly in service not connected therewith, then and in that case they shall be regarded as joint employees only to the extent of their engagement for the joint use and benefit of the Union Company and the Burlington Company.

Engine and train men of each party engaged solely in its own service shall not be considered joint employees hereunder.

§ 2. Each party hereto shall bear and pay for:

All loss, damage, injury or death sustained by any person or persons whomsoever (including both parties hereto and their employees) which is caused wholly by the negligence or willful acts of its sole employees, or by any defect in or failure of its engines or cars.

§ 3. Each party hereto shall bear and pay for:

All loss or damage to its own property; property in its custody; property of its sole employees; property of its passengers and other persons on its trains;—injury to, or death of, its sole employees; its passengers and other persons on its trains;—loss, damage, injury or death not in this section specifically mentioned, sustained by itself, its sole employees, its passengers and other persons on its trains and the owners of property in its custody.

When such loss, damage, injury or death is caused by or results from:

- (a) Any defect or imperfection in said joint tracks or any part thereof,
- (b) unknown causes.
- (c) the negligence or willful act of a joint employee.
- (d) the concurrent negligence or willful acts of a joint employee and a sole employee of either or both parties.
- (e) the concurrent negligence or willful acts of the sole employees of both parties.

- (f) negligence or willful acts of third persons.
- (g) negligence or willful acts when the responsibility therefor cannot be determined.
- (h) an Act of God or inevitable accident.

§ 4. Each party hereto shall bear and pay for all:

Loss or damage to property of joint employes; property of third persons—injury to or death of joint employes or of third persons, when such loss, damage, injury or death is caused by or results from the concurrent negligence or willful acts of a joint employe and its sole employe.

§ 5. All loss, damage, injury or death, liability for which is not in this agreement otherwise, provided for, shall be borne and paid for by the parties hereto on the same basis that the expense of maintenance is borne by said parties under Article IV hereof in respect to the portion of said joint line upon which such loss, damage, injury or death shall occur; the intention being that this Section 5 shall cover all loss, damage, injury or death not mentioned in Section 3 of this Article (except as provided in Section 4 hereof) due to any of the causes specified therein.

§ 6. If either party hereto shall pay or be compelled to pay any sum or sums for which the other party is liable under the terms of this agreement, such other party agrees to repay to it, such sum or sums together with all costs and expenses incident thereto, promptly upon receipt of bills therefor; provided, however, that neither party shall pay any such sum or sums without giving to the other party an opportunity to assume the payment or defend against the payment thereof.

In case a suit or suits shall be commenced against either party hereto, for or on account of any loss, damage, injury or death, for which the other party is liable under the terms of this agreement, the party so sued shall give to the other party notice in writing of the pendency of such suit, and thereupon such other party shall assume the defense of such suit and shall save and hold the party so sued harmless from all loss, cost and expense by reason thereof.

Neither party shall be concluded by any judgment against the other unless it had reasonable notice that it was required to defend, and had reasonable opportunity to make such defense. When such notice and opportunity shall have been given, the party so notified shall be concluded by the judgment as to all matters which could have been litigated in such suit.

ARTICLE VIII.

SECTION 1. If at any time a question shall arise touching the construction of any part of this agreement, or concerning the business, or manner of transacting the business carried on under the provisions hereof, or concerning the observance or, performance of any of the conditions herein contained, upon which question the parties hereto can not agree, such question shall be submitted to the arbitrament of three (3) persons, to be chosen one by the Union Company, one by the Burlington Company and one by the two so chosen; provided, however, that the amount of rental to be paid by the Burlington Company for the use of said joint tracks shall not be a question for arbitration hereunder.

The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten (10) days after written notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice, may and shall, name and appoint an arbitrator for and in behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party.

If the two arbitrators so chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator as aforesaid, such third arbitrator may be appointed upon ten (10) days notice by either party hereto to the other party hereto of its intention to make application therefor, by any Judge of the District Court of the United States for the District which shall then include the City of Peoria, Illinois. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the questions submitted to them, and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them, and shall serve a copy of such award upon each party hereto, and the award of such arbitrators, or a majority of them, shall be final and binding upon both parties; and each or either party shall immediately make such changes in the conduct of its business or such payment or restitution, as the case may be, as in and by such award may be required of them respectively.

The books and papers of both parties, so far as they relate to the matters submitted to arbitration, shall be open to the examination of the arbitrators, and the party against whom the award shall be made shall pay all the fees and expenses of the arbitrators. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

In Witness Whereof, both parties have hereunto subscribed, the date and year first above written.

AGREEMENT, September 1, 1904, The Jacksonville and Saint Louis Railway Company and Chicago, Peoria and St. Louis Railway Company of Illinois. Tracks at Jacksonville, Illinois. 0.52 miles.

This Agreement, made this first day of September, 1904, by and between the Jacksonville and St. Louis Railway Company, a corporation duly created by and organized under the laws of the State of Illinois (hereinafter called the Jacksonville Company), of the one part, and the Chicago, Peoria and St. Louis Railway Company of Illinois, a corporation duly created by and organized under the laws of the State of Illinois (hereinafter called the Peoria Company), of the other part;

Witnesseth as Follows:

Whereas, The main track of the Jacksonville Company has a connection with the main track of the Peoria Company, which, when measured along its center line, is described as follows: Commencing at a point eleven and twenty-five one hundredths (11 25-100) feet east of the west line and on the south line of the north half of lot four (4) in Mathers & Newman Addition to the City of Jacksonville, said point being the connecting point of the center line of the main tracks of the said railway companies; from thence north along the center line of the Peoria Company two thousand nine hundred and forty-eight and two-tenths (2,948 2-10) feet over, upon and across the north one-half ($\frac{1}{2}$) of said lot four (4) across State street, along the east line of Illinois avenue, across the Wabash Railroad to the heel of a frog in said Peoria Company's main track, said heel of frog being seven and one-half ($7\frac{1}{2}$) feet south of the south line of Independence avenue, measured at right angles thereto.

And, Whereas, The Jacksonville Company desires to obtain from the Peoria Company the right to the joint use of certain main tracks, sidings, switches and wye (connecting to the Wabash R. R.), in the City of Jacksonville from the point of connection first above mentioned north to or near Independence avenue where the tracks of the Jacksonville and Concord Railway Company begin.

And, Whereas, The Peoria Company is willing to grant to the Jacksonville Company the right to use the right of way of the Peoria Company for the main track of the Jacksonville Company for the distance above specified, and also the right to use the right of way of the Peoria Company for its side tracks and wye as above specified, and the Peoria Company is further willing to grant to the Jacksonville Company the right to the joint use of so much of the main track of the Peoria Company as lies between the point of connection first above described and the connection with the Jacksonville and Concord Railway Company near Independence avenue, including certain sidings, switches and wye, and other property incident to the use of the same in the said City of Jacksonville between the points above described, and also, in cases of emergency, the right to use, without compensation therefor, a so-called house track indicated in purple on the plat hereinafter referred to.

And, Whereas, The Jacksonville Company desires to acquire this right to the joint use of the property of the Peoria Company in Jacksonville, Illinois, for the purpose of running its engines and cars over the same and conducting its business thereon.

Now, Therefore, The parties hereto have, in consideration of their mutual covenants entered into the following agreement:

ARTICLE I.

The Peoria Company hereby grants to the Jacksonville Company the right to the joint use of the main track of the Peoria Company, between the first above mentioned point of connection of the main track of the two companies and a point at or near Independence avenue, in Jacksonville, Illinois, and also of certain sidings, switches and wye, and other property incident to the use of the same in the City of Jacksonville between the points above described, and also in cases of emergency said so-called "housetrack." This right to such joint use is to be upon the terms and conditions of this agreement and during its full period, subject to termination as hereinafter set forth.

A plat and schedule of the tracks and property so to be jointly used is hereto attached, marked "A." Such plat and schedule is to be taken as part hereof and the valuations of the same, as set forth on said plat and schedule, shall be taken as their true value for the purposes of this agreement. Said value aggregates the sum of Fifty Thousand (\$50,000.00) dollars.

ARTICLE II.

The Jacksonville Company shall pay to the Peoria Company for the right to the joint use of said tracks and property, with the Peoria Company and any other Company which may be admitted to the use of the whole or any part of the same, such a proportion of five (5) per cent per annum upon the above valuation, or the valuation increased or diminished according to the terms hereof, as the number of engines and cars of whatever kind run by the Jacksonville Company upon or over any of the tracks jointly used shall bear to the total number of such engines and cars so run by all companies over the tracks covered by this agreement, each engine or car to be reckoned as a unit, and the Peoria Company shall have the sole right to admit other companies to the joint use as aforesaid, but subject to the rights and obligations, and only upon the same terms and conditions (except as to compensation to the Peoria Company for use) as are created and imposed by this agreement.

ARTICLE III.

The tracks and other property jointly used shall be maintained by the Peoria Company and it hereby covenants to keep the same in good order and repair. And the Jacksonville Company agrees to pay to the Peoria Company for such maintenance and repairs in the proportion that the number of engines and cars of whatever kind run by the Jacksonville Company into, out of, or through the property jointly used, shall bear to the total number of such engines and cars so run by all companies; each engine or car to be reckoned as a unit.

The engines and cars of trains whose run terminates at Jacksonville, thus having a movement in one direction, in-bound, and another movement in the opposite direction, out-bound, shall be counted twice.

A car set out by one train and taken up by another shall be counted twice. Engines and cars engaged in switching movements shall not be counted by either party.

The payment of the rental shall be made by the Jacksonville Company quarterly, on January 1st, April 1st, July 1st and October 1st in each year.

Each company shall report to the other, monthly, the number of its engines and cars of all kinds passing over the said track jointly used or any part thereof, as above stated, and the Peoria Company shall render, quarterly, at the end of March, June, September and December of each year, a bill to the Jacksonville Company for the amount due by the Jacksonville Company under this article of agreement. And the Jacksonville Company shall pay the same within thirty (30) days thereafter.

Each company shall have the right to inspect the records of the other company, showing the movement of all engines and cars on and over the property jointly used.

The taxes upon the property embraced herein and cost of maintenance of the property, including sidings and other property, street lighting, interlocking plants and compensation paid to joint employes and supplies furnished for the benefit of both companies shall all be paid by the Peoria Company and then divided between the two companies in the same proportion as is fixed in this article for the division of maintenance and repairs of the said tracks and property.

The Peoria Company shall render to the Jacksonville Company, quarterly, bills covering the items of all the cost and expenses mentioned in the last paragraph above, and the Jacksonville Company shall pay its due proportion thereof, within thirty (30) days after such bills are furnished.

The Peoria Company shall permit the Jacksonville Company to have access to all necessary books and documents in its possession, showing the amounts and character of its expenditures.

The Peoria Company further agrees to use every endeavor to secure trustworthy and efficient men to operate any interlocking plant which the Peoria Company may control, covered by this agreement, and it will employ no one who is objectionable to the Jacksonville Company and will discharge any such objectionable employe on the written request of the Jacksonville Company.

In case the Peoria Company shall fail to maintain the tracks and property covered by this agreement and to keep the same in good order and repair, within the period of ten days after notice from the Jacksonville Company that repairs are needed, then the Jacksonville Company shall have the right to make the necessary repairs upon the tracks and property covered by this agreement, and to charge its due proportion of the same to the Peoria Company as provided in this Article.

ARTICLE IV.

Improvements and additions to the property to be jointly used shall be made only with the consent of both companies. If they are of a character properly chargeable to capital account they shall be taken as

adding to the fixed value of the property herein embraced; otherwise they shall be added to maintenance account and paid for accordingly.

ARTICLE V.

The engines and cars of the Jacksonville Company, while on the tracks jointly used, shall be managed by the employes of the Jacksonville Company and shall be subject to the rules and direction of the officers of the Operating Department of the Peoria Company.

Schedules of the movements of trains over the tracks affected by this agreement shall be arranged by joint action of the Transportation Departments of the parties hereto.

Trains of either party shall have the right of way over all trains of the other party of an inferior class, but the trains of the Peoria Company shall have the right of way over the trains of the Jacksonville Company of the same class.

ARTICLE VI.

Section foremen, switchmen, watchmen, telegraph operators and laborers, or any persons employed in the maintenance or care or operation of the property jointly used, shall, in respect of the liability of the Peoria Company and the Jacksonville Company using said track or tracks, to each other or to third persons, growing out of the fault or negligence of such servant or employes, be deemed and held to be the sole servants of the company upon, or in connection with whose engine, train, car or property any loss or damage may have occurred.

Should any damage to persons or property result from any negligence of the Jacksonville Company, its officers or agents, it agrees to hold the Peoria Company harmless against such damages. And should the Peoria Company be sued and judgment rendered against it for such damages, the Jacksonville Company binds itself to pay the same, with all costs incident thereto, or to refund the same and costs should the Peoria Company have already paid such damages or costs.

Should any damage to persons or property result from any negligence of the Peoria Company, its officers or servants, it agrees to hold the Jacksonville Company harmless against all such damages. And should the Jacksonville Company be sued and judgment rendered against it for such damages, the Peoria Company binds itself to pay the same, with all the costs incident thereto, or to refund the same and costs should the Jacksonville Company have already paid such damages and costs.

Should any damage result from the joint negligence of the parties hereto, or of their servants, each party shall suffer and pay the damage to its own employes and property in its charge. And all damage to other persons or property, the cost and expense thereof, shall go into the joint account as an operating expense and be charged to the account of maintenance and repairs, provided for in Article III, and each party shall pay its proportion thereof, as therein provided.

In case the parties can not agree as to whose trains or employes were at fault, or as to the amount of damage done, all such questions shall be

referred to arbitration, in the manner hereinafter provided, and each party shall abide by and perform the awards, and comply with the decision of the arbitrators, which decision shall terminate the controversy.

ARTICLE VII.

The tracks covered by this agreement, to be jointly used by the parties hereto, are particularly shown in red upon the plat hereto attached, identified by the signatures of J. P. Ramsey for the C. P. & St. L. Ry. Co., and W. L. Breckinridge for the J. & St. L. Ry. Co., to which reference may be had, and which is made a part hereof.

ARTICLE VIII.

Arbitration.

SECTION 1. If at any time a question shall arise touching the construction of any part of this contract, or concerning the business or manner of transacting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein contained, upon which question the parties hereto can not agree, such question shall be submitted to the arbitrament of three (3) disinterested persons to be chosen, one by the Peoria Company, one by the Jacksonville Company and the other by the two so chosen. The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten(10) days after notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice may and shall name and appoint an arbitrator for and on behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party. If the two arbitrators thus chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator, as aforesaid, such third arbitrator may be appointed, upon ten (10) days' written notice by either party hereto to the other party hereto of its intention to make application therefor, by any judge of the District Court of the United States for the district which shall then include the City of Jacksonville, Ill. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the questions submitted to them, and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them, and shall serve a copy of such award upon each party hereto, and the award of such arbitrators, or of a majority of them, shall be final and binding upon both parties, and each or either party shall immediately make such changes in the conduct of its business, or such payments or restitution, as the case may be, as in and by such award may be required of them, respectively. The books and papers of both parties so far as they relate to matters submitted to arbitration, shall be open to the

1666 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

examination of the arbitrators, and the expense of the arbitration shall be divided equally between the parties. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

ARTICLE IX.

If at any time hereafter, by operation of law, or because of any judicial proceeding, the Peoria Company, or any successor or assign, trustee or receiver thereof, shall have the option to terminate this agreement, then and in any such case, the said Jacksonville Company, its successor or assign shall also have the option to terminate it.

ARTICLE X.

The term of this agreement shall be fifty (50) years from its date and thereafter until sixty (60) days' notice has been given by either party to terminate the same.

ARTICLE XI.

All covenants herein shall bind not only the parties hereto but their successors or assigns.

In Witness of all which, the parties hereto have under resolution of their respective Boards of Directors, caused these presents to be signed by the President of each company, and have caused the seal of each company to be hereunto affixed.

SUPPLEMENTAL AGREEMENT, May 3, 1915, Chicago, Burlington & Quincy Railroad Company and Chicago, Peoria and St. Louis Railroad Company's Receivers. Tracks at Jacksonville, Illinois.

This Supplemental Agreement, Made and entered into this 3rd day of May, 1915, by and between the Chicago, Burlington & Quincy Railroad Company, hereinafter called the "Burlington Company," first party, and the Chicago, Peoria and St. Louis Railroad Company, Bluford Wilson and William Cotter, Receivers thereof, hereinafter called the "Peoria Company," second party.

Witnesseth: That,

Whereas, a certain plat is attached to and made a part of an agreement of date September 1, 1904, between the Jacksonville and St. Louis Railway

Company (the predecessor of the Burlington Company, and said Peoria Company, to show the location of certain tracks of the Peoria Company at Jacksonville, Illinois, used jointly by the parties hereto under said agreement; and,

Whereas, owing to changes made in said tracks of the Peoria Company at said place since the execution of said agreement, the aforesaid plat does not show the true location thereof as the same now exist, the true location of the said tracks of the Peoria Company, which the Burlington Company has the right to use jointly with the Peoria Company under said agreement, being shown in red on plat No. 8186, hereto attached and made a part hereof; and

Whereas, the tracks shown in green on said plat No. 8186 are the exclusive property of the Peoria Company; and

Whereas, it is desired by the parties hereto to substitute said plat No. 8186 for said plat accompanying said agreement of date September 1, 1904;

Now, Therefore, in consideration of the premises it is agreed by and between the parties hereto as follows:

Said plat No. 8186 shall be, and the same is hereby substituted for said plat accompanying said agreement of date September 1, 1904.

All the provisions of said agreement of date September 1, 1904, except as herein modified, shall be and remain in full force and effect.

In Witness Whereof, the parties hereto have caused this supplemental agreement to be duly executed the day and year first above written.

Chicago, Burlington & Quincy Railroad Company,

F. S. ROBINSON

By H. E. BYRAM

Chicago, Peoria and St. Louis Railroad Company,

By W. C. HURST,

General Manager for Receivers of said Chicago, Peoria & St. Louis Railroad Company.

AGREEMENT, June 1, 1910, Chicago and Eastern Illinois Railroad Company and Chicago, Burlington & Quincy Railroad Company. Tracks between Neilson and West Vienna, Illinois. 15.79 miles.

This Agreement made this first day of June, 1910 by and between the Chicago and Eastern Illinois Railroad Company, a corporation organized and existing under the laws of the State of Illinois, hereinafter called the Eastern Illinois Company party of the first part, and Chicago Burlington & Quincy Railroad Company, a corporation organized and existing under the laws of the State of Illinois, hereinafter called the Burlington Company, party of the second part.

Whereas, the Burlington Company desires to use a portion of the railroad of the Eastern Illinois Company between a point fifty-two and three tenths (52.3) feet South of station number four hundred and six (406) in the South-west Quarter (S.W. $\frac{1}{4}$) of Section Twenty-three (23), Township ten (10) South, Range two (2) East of the Third Principal Meridian, in Williamson County, Illinois, and a point thirty-seven and one tenth (37.1) feet south of Station number twelve hundred and forty (1240) in the North half (N. $\frac{1}{2}$) of the Southeast Quarter (S.E. $\frac{1}{4}$) of Section Thirty-four (34),

in Township twelve (12) South, Range two (2) East of the Third Principal Meridian, in Johnson County, Illinois, a distance of fifteen and seventy-nine one hundredths (15.79) miles, as shown on plat hereto attached and made a part of this agreement; and

Whereas, The Eastern Illinois Company is willing to grant such use, upon the terms and conditions hereinafter set forth;

Now, Therefore, this Agreement Witnesseth:

That the parties hereto, in consideration of the premises and the sum of one dollar (\$1.00), lawful money of the United States, by each of said parties paid to the other before the ensealing and delivery of these presents, the receipt whereof is hereby acknowledged, have agreed, and do agree and bind themselves as follows:

ARTICLE I.

Covenants of the Eastern Illinois Company.

SECTION 1. The Eastern Illinois Company, for and in consideration of the premises and of the covenants and agreements on the part of the Burlington Company to be by it kept and performed, as hereinafter mentioned, has granted, and does hereby grant, unto the Burlington Company, its successors and assigns, strictly subject, however, to the terms and stipulations in this agreement expressed, the full and equal right and privilege of using jointly with the Eastern Illinois Company, and such other companies as may now or hereafter use the same, its line of railroad between a point fifty-two and three tenths (52.3) feet South of station number four hundred and six (406) in the Southwest Quarter (S.W. $\frac{1}{4}$) of Section twenty-three (23), in Township ten (10) South, Range two (2) East of the Third Principal Meridian in Williamson County, Illinois, and a point thirty-seven and one tenth (37.1) feet South of station number twelve hundred and forty (1240) in the North half (N. $\frac{1}{2}$) of the Southeast Quarter (S.E. $\frac{1}{4}$) of Section thirty-four (34), in Township twelve (12) South, Range two (2) East of the Third Principal Meridian in Johnson County, Illinois, a distance of fifteen and seventy-nine hundredths (15.79) miles, which, for the purpose of this agreement, is hereafter called the joint line (but including any branches), together with all improvements, additions and betterments to said joint line which may be hereafter constructed or acquired by the Eastern Illinois Company.

The use herein granted shall be for the purpose of the mails and of passenger, freight and express traffic, and such other business as is, or may hereafter be commonly carried on by railroad companies to, from and between all existing stations and such other stations as shall hereafter be established on said joint line, including business between such stations and points on other railroads, and in all respects to do business as if the said Burlington Company were the owner of the said joint line.

§ 2. Nothing in this agreement contained shall be construed in any manner to affect or abridge any of the corporate franchises or powers of the Eastern Illinois Company to use and operate its railroad and property on its own behalf at all times, and to perform and exercise all the corporate franchises, powers and privileges which it may at any time possess, but not

so as to unnecessarily impair in any manner the rights and privileges hereby granted to the Burlington Company.

§ 3. Excepting contracts already entered into between the Eastern Illinois Company and other companies, the Eastern Illinois Company shall not, before the termination of this agreement, make or renew any contract with any Express Company concerning the carriage of express matter, business or messengers upon or over the joint line which will in any wise, interfere with the unrestricted right of the Burlington Company to carry through, —but not local,—express matter, business or messengers upon or over the same, or to enter into a contract with any Express Company which it may at any time or times for the purpose select.

§ 4. The Eastern Illinois Company hereby grants to the Burlington Company, during the existence of this agreement, upon condition that the Burlington Company shall first obtain the consent thereto of the Western Union Telegraph Company, the right, license and privilege to construct, maintain and operate at its own expense, for the commercial and other business of the Burlington Company, such telegraph and telephone wires as it shall desire and crossarms for the support thereof, on the telegraph and telephone poles of the Eastern Illinois Company, with instruments at all stations on and along said joint line.

§ 5. The Eastern Illinois Company shall, at the sole expense of the Burlington Company, construct the necessary connections between its railroad and the tracks of the Burlington Company constituting the Northern and Southern termini of the portion of the railroad the use of which is hereby granted, and shall thereafter properly maintain and operate said connections at the sole expense of the Burlington Company.

§ 6. The Eastern Illinois Company shall erect at said points of connection interlocking plants upon the approval of the Railroad and Warehouse Commission of the State of Illinois, and shall thereafter maintain and operate the same, and the entire expense of the construction, maintenance and operation of said interlocking plants shall be borne by the Burlington Company.

§ 7. The books and accounts of the Eastern Illinois Company shall, so far as they relate to the expenses and services rendered on joint account, be open during the usual business hours for the inspection of the President of the Burlington Company, or other persons duly authorized by it to make such inspection.

§ 8. The Eastern Illinois Company shall at all stations on the joint line, employ all necessary agents and servants and will require them to give the same care and attention to the business and telegraph and telephone service of the Burlington Company as to its own business. All such employes shall be neutral and impartial and shall give the Burlington Company equality of services with the Eastern Illinois Company. They shall receive general orders from the Eastern Illinois Company, but the Burlington Company may issue orders direct to such employes respecting the conduct of its own business. Any such orders, however, shall not in any way interfere or conflict with the duties of such employes respecting the Eastern Illinois Company. The Eastern Illinois Company shall upon complaint of

the Burlington Company, for reasonable cause by it stated, transfer any such agent or servant from the joint line.

The Burlington Company shall at all times at its own expense furnish such stations with such station supplies as may be required solely for the transaction of the separate business of the Burlington Company, and the Eastern Illinois Company shall at all times furnish such stations with all other station supplies. Station supplies furnished and used by the Eastern Illinois Company for its separate business, shall not be charged to operating expenses as hereinafter provided, but the expense thereof shall be borne solely by the Eastern Illinois Company.

The Eastern Illinois Company shall upon the request of the Burlington Company, require such station agents and other employes as receive or handle moneys for or on account of the Burlington Company, to give such reasonable bonds or other indemnity as the latter company may require against loss through the carelessness or dishonesty of such employes. The premiums or compensations for the same shall be paid by the Burlington Company. In case of a shortage occurring in the accounts of any such agent or employe, where it is impracticable to determine to which party the money belonged at the time of such shortage, the loss shall be apportioned between the parties hereto on the basis of the gross revenue accruing to each party on the class of business handled by the employe in such position at such station for the twelve calendar months preceding that in which said shortage was discovered; provided, however, if any such shortage shall be discovered before the expiration of one year from the date of this agreement, such loss shall be apportioned on the basis of the gross revenue accruing to each party on the class of business handled by the employes in such position at such station during the period of time this agreement shall have been in effect.

Neither party hereto shall have or make any claim against the other party hereto for any such loss occurring through the dishonesty, shortage or defalcation of any such employe.

ARTICLE II.

Covenants of the Burlington Company.

SECTION 1. The Burlington Company hereby accepts the terms, covenants and agreements hereby entered into by the Eastern Illinois Company.

§ 2. The Burlington Company shall, from the day upon which it commences the use of said joint line, and thereafter during the entire time this contract is in force, pay or cause to be paid, to the Eastern Illinois Company at its office in the City of Chicago, Illinois, or to its successors or assigns, in gold coin of the United States of or equal to the present standard of weight and fineness, and free and clear of all taxes, without any previous demand, on or before the twentieth day of each month, for the use of said joint line as follows:

(a) A sum equal to one-twelfth of two and one-half ($2\frac{1}{2}$) per cent, per annum on a valuation of Thirty-four Thousand Eight and $86/100$ Dollars (\$34,008.86) per mile of main track, being a total valuation of Five Hundred and Thirty-seven Thousand Dollars (\$537,000.00).

(b) A sum equal to one-twelfth of two and one-half ($2\frac{1}{2}$) per cent, per annum upon the full cost of all improvements and betterments on said joint line, including those provided for by special assessments, changes in profile and alignment, ballast, relaying with rail of heavier material than section now in use, the strengthening of bridges and all additions thereto provided for the equal joint use hereunder. The terms, improvements and betterments used above, as they may relate to existing structures of any nature, shall be construed to mean the difference between the estimated cost of replacing such structures in kind and the net cost of the structures actually erected, after deducting the full value of all salvage or other credits obtained from the structure so removed and replaced, and the Burlington Company shall not be required to pay any additional compensation for the added value of any improvements or betterments which may be made for the sole or exclusive use of the Eastern Illinois Company, or any other company using said joint line, but the Burlington Company may, if it so desires, join with the Eastern Illinois Company and such other companies as may use such joint line, in the use of such improvements and betterments at any time during the term of this agreement upon the same terms and conditions as apply to improvements and betterments made for the joint use of all parties using said joint line.

(c) A proportionate share of the cost of operation, maintenance, repairs and renewals of said joint line, such proportionate share to be determined by the ratio which the locomotive and car mileage of the Burlington Company over said joint line bears to the entire locomotive and car mileage of all parties over said joint line, each locomotive to be counted as two cars. There shall be included in such cost, (1) the salary and wages of such officers and employes of the Eastern Illinois Company as shall be necessarily and solely employed in the performance of duties incident to the common use of said joint line, and, (2) such proportion of the salaries and wages of employes not higher in grade than a division superintendent, whose duties relate to the joint line, and also to additional mileage of the Eastern Illinois Company, including Superintendents, Dispatchers, operators, roadmasters and engineers and their respective forces, engaged in the maintenance or repair of the joint line, or in the conduct of the joint operation thereover, as the number of miles included within the joint line bears to the whole number of miles within the jurisdiction or territory of such employes respectively.

§ 3. The Eastern Illinois Company agrees to keep all buildings and structures subject to loss or damage by fire on said joint line insured against loss or damage by fire in responsible insurance companies and in case of loss or damage by fire, shall apply the insurance money collected by it upon the cost of repairing or renewing such buildings and structures, and agrees that the Burlington Company shall only be obliged to pay its proportionate share (as hereinbefore defined) of the cost of such repairs or renewals in excess of the insurance collected thereon.

§ 4. The Eastern Illinois Company shall keep accurate accounts of such cost of maintenance, operation, repairs and renewals, and shall furnish the Burlington Company a copy of the same on or before the twentieth day

of the month succeeding the month for which such statement is rendered, and the amount due by the Burlington Company to the Eastern Illinois Company shall be paid on or before the last day of the month in which such statement is rendered; provided, always that the value at the time of renewal or replacement of all materials so renewed or replaced shall be credited to the expense of maintenance for the purpose of this agreement.

§ 5. The Burlington Company will, in addition to all other payments hereunder likewise pay to the Eastern Illinois Company, from time to time after being paid by it, and within fifteen (15) days after the receipt of an itemized statement thereof, its proportionate share of the cost of insurance against loss by fire and of all taxes which have accrued during the term of this agreement on property jointly used and to be used hereunder, such proportionate share to be determined by the ratio which the locomotive and car mileage of the Burlington Company over said joint line bears to the entire locomotive and car mileage of all parties over said joint line, each locomotive to be counted as two (2) cars. It is understood and agreed that the Eastern Illinois Company shall pay such taxes as they shall become due and payable, and afterwards be reimbursed by the Burlington Company for its proportionate share as herein provided.

§ 6. If the use of said joint line shall at any time be interrupted or traffic thereover be delayed by any cause which could not have been reasonably foreseen and provided against, and if in such case the use thereof shall be fully restored with all reasonable diligence, then, and in that case, neither of the parties hereto shall have any claim against the other, or its lessors, lessees, successors or assigns for loss or damage of any kind caused, by, or resulting from, such interruption or delay; nor shall the Burlington Company in such case be entitled to any abatement of any of its rentals, unless said interruptions shall continue for a period of one month or more.

§ 7. *Whereas*, the Burlington Company proposes to construct a line of railroad extending from a connection with the railroad of the Eastern Illinois Company at or near the Southern terminus of said joint line in a Southeasterly direction to or near the Village of Metropolis, Massac County, Illinois, or to some other point in the State of Illinois, on or near the Ohio River, and in addition thereto, proposes to construct at some future time a line of railroad paralleling said joint line in a general way and extending from a connecton with the railroad of the Burlington Company near the Northern Terminus of said joint line to or near the Southern terminus thereof.

Therefore, In consideration of the premises and of the covenants and agreements herein contained, the Burlington Company hereby expressly covenants and agrees that if at any time during the continuance of this agreement and after either or both of said lines of railroad are constructed by it as aforesaid, the Eastern Illinois Company shall desire the right to use either or both thereof, and shall express such desire in writing, it will grant unto the Eastern Illinois Company such right upon terms and conditions similar in all respects to the terms and conditions in this agreement contained, and will enter into a written contract with the Eastern Illinois Company granting unto it such right of user.

§ 8. The use hereby granted to the Burlington Company is for its own business only, including all business transported over its own line, and the Burlington Company shall not under cover of this agreement, permit or provide for the use by any other railroad company, person or persons, of said joint property, or haul trains of others over same, or any part thereof.

§ 9. If the Burlington Company shall at any time during the term of this agreement, desire any additional side, industrial or passing tracks or other facilities which do not now or then exist on said joint line, it shall give to the Eastern Illinois Company notice in writing of such desire, and the Eastern Illinois Company may within sixty (60) days after receiving such notice, proceed to construct such track or tracks or provide such facilities for joint use hereunder.

If the Eastern Illinois Company shall fail to proceed to construct such additional tracks or provide such additional facilities within sixty (60) days after the receipt of such notice, the Burlington Company may, at its own expense, construct or provide the same, and shall maintain and be the sole owner thereof, and shall have the right to use and remove the same, or any part thereof, during the term of this agreement; Provided, however, that if the Eastern Illinois Company shall at any time after such construction or acquisition elect to use said tracks or facilities, it shall have the right to do so, and for such use shall pay to the Burlington Company monthly a sum equal to one-twelfth of two and one-half per cent ($2\frac{1}{2}\%$) per annum upon the net cost of same, and in addition thereto a proportionate share of the cost of operation, maintenance, repairs and renewals of said tracks and facilities, such proportionate share to be determined by the ratio which the locomotive and car mileage of the Eastern Illinois Company over said tracks bears to the entire locomotive and car mileage of all parties over said tracks, each locomotive to be counted as two (2) cars; Provided, further, that if the Eastern Illinois Company shall, in case of such election to use as aforesaid, also elect to maintain and repair such tracks or facilities, it shall have the right to do so, and the expense thereof shall be borne in accordance with paragraph (c) of Section 2 of Article II of this agreement respecting maintenance and operation; and provided, further, that the Eastern Illinois Company shall have the right at any time before such tracks or facilities are removed by the Burlington Company, to purchase the same by paying to the Burlington Company the cost of construction or acquisition thereof.

ARTICLE III.

Mutual Covenants

SECTION 1. The maintenance, operation, repairs and renewals of the joint line shall be under the sole charge and supervision of the Eastern Illinois Company, which Company shall keep said line in good condition. But if the Eastern Illinois Company shall fail to repair any defect or defects within a reasonable time after notice in writing from the Burlington Company so to do, specifying the said defect or defects, the Burlington Company may repair same at the cost and expense of the Eastern Illinois Company,

subject to the provisions herein contained respecting the division of the cost and expenses of maintenance and operation.

§ 2. The engines and cars of the Burlington Company, while on the joint line, shall be operated by the employes of the Burlington Company, subject, however, to the rules and directions of the Eastern Illinois Company. Schedules for the movement of trains over the said joint line shall be arranged by the joint action of the Eastern Illinois Company and such other companies as may use such joint line. The Eastern Illinois Company shall have the right to examine the employes of the Burlington Company upon the rules and regulations of said Eastern Illinois Company for the government of its employes engaged in handling engines, cars or trains upon the joint line, and the Burlington Company shall not employ, or retain in its employ, in the running of its trains or engines upon the joint line, any employes who may fail upon such examination or be objectionable or unsatisfactory to the Eastern Illinois Company.

Trains of each party shall have the right of way over all trains of the other party of an inferior class, but otherwise, as nearly as may be practicable, equality of right, privilege and advantage shall be given to the trains of the same class operated by either party. All schedules, rules and regulations shall be reasonable and just to both parties, and shall secure to neither any unfair preference or discrimination against the other. If the parties cannot agree upon the adoption of any schedule, rule or regulation, or as to the modification or execution of any one in existence, either party may demand a decision of such point in dispute by arbitration in manner and form hereinafter provided.

§ 3. No discrimination shall be made by the Eastern Illinois Company in favor of or against the Burlington Company in connection with the use of the joint line. All operators, dispatchers, agents and others engaged in the supervision, maintenance or operation of the joint line (including interlocking plants) though paid by the Eastern Illinois Company in the first place, shall be considered as, and are in fact, joint employes of the parties hereto, as respects liability for damage or injury due to any act or omission to act, in respect to the maintenance, repair or joint operations over the joint line, and they shall render to each party such service as they may be called upon to render within the scope of their position or employment, and shall be removed from the service of the joint line upon written request of either party hereto.

§ 4. Except as hereinafter otherwise expressly provided, each party hereto shall be solely liable for all injury, loss or damage caused by its own trains, engines or cars to the other party hereto, or to third persons, or caused to its own trains, engines or cars or to persons or property thereon.

§ 5. Each of the parties hereto assumes all responsibility for accidents or casualties upon, or to its own trains, and to its passengers, freight and employes by reason of any imperfection of the track, or misplacement of switches by its own or a joint employe, or strangers, or for damages for stock killed or injury that may occur to persons walking upon the track or at highway crossings (if any liability therefor) or from any other cause

(aside from, or except collision in any form with the trains of the other party, or negligence of an exclusive employe of the other party), and no such accident or casualty shall give either party a right of action or claim against the other party, it being the intention and design that each party shall be responsible for its own trains, for the conduct of its own and joint employes as respects such trains, freight, passenger and employes, and generally, except when the other party or its employes are at fault.

§ 6. In the event of the killing of stock not in transit, or of damage on account of personal injuries to persons not riding on the trains of either party hereto, or of any damage by fire caused by or incident to the operation of its trains upon the joint line, or on lands adjoining the same, and without regard to the physical conditions of the joint line or its appurtenances, the claims arising shall be adjusted and settled by the proper officer of the Eastern Illinois Company after notice to the Burlington Company (if it be intended to hold that Company liable) and the party at fault shall pay and bear the full amount so paid in settlement of the liability; provided, however, that in the event of its being impossible for want of evidence to fix the liability in such cases on one of the parties hereto, the amount of liability, including all costs, shall be divided between the parties hereto in the same proportion as expenses of maintenance and operation shall be divided for the month in which the accident occurred. In the event of loss, damage or injury occurring to persons or property on the trains of either party hereto, the proper officer of the party on whose train such loss, damage or injury may occur, shall settle the same, and in all cases of settlement under this clause, the release executed shall be made to include and free and discharge both of the parties hereto from all further liability.

§ 7. In case, by reason of any accident to the engine, train or car of one of the parties hereto, loss, damage or injury shall be done to the engine, train or car, or to persons or property thereon, of the other party hereto, on another track, the party to whose engine, train or car such accident occurs shall be solely responsible for and shall pay for such loss, damage or injury.

§ 8. In case of a collision between the respective engines, cars or trains of the parties hereto while on the joint line, or in case of injury, loss or damage resulting from any other cause, the party whose employes shall have been alone at fault shall be solely responsible for and settle and pay for the entire loss and damage caused thereby, and shall save the other party harmless therefrom; and in case any such collision shall be caused by the fault of the employes of both parties, or by the fault of any joint employe or employes, or in case the cause of the collision shall be concealed so that it cannot be determined whose employe or employes were at fault, each party shall bear and pay for all loss, damage or injury which its own property or property in its custody or its employes or its passengers may have suffered in consequence thereof.

§ 9. In the event of destruction of or injury or damage to any of the depots, buildings, bridges, culverts or other appurtenances as a result of the carelessness, or by reason of the negligence, of either one of the parties to this agreement, the whole of the expense of replacing or renewing the property, less the insurance collected therefrom, shall be paid by the party

at fault, provided that the said replacing or renewing shall be of the same general character as the work destroyed.

§ 10. In case any of the Burlington Company's trains shall be wrecked while running upon any track of the Eastern Illinois Company, the use of which is hereby granted, such wreck shall be picked up and removed by the Eastern Illinois Company and the cost of such service shall be borne and paid for by the Burlington Company.

§ 11. In case a suit or suits be commenced against either party hereto for or on account of any damage or injury for which the other party is liable under the terms of this agreement, the party so sued shall give to the other party notice in writing of the pendency of such suit, and thereupon such other party shall assume the defense of such suit and shall save and hold the party so sued harmless from all loss, cost, or expense by reason thereof.

§ 12. In the issuance of time cards from time to time the parties hereto shall bear equally the expense thus incurred, in case it becomes necessary on account of the change in time of the trains of each of the parties hereto to issue new time cards; but if it becomes necessary to issue such new time cards by reason of the change in time of the trains of one of the parties hereto and not the other, the party making the change in time shall bear the entire expense thus incurred.

§ 13. The rights of the Burlington Company under this agreement shall be dependent upon the prompt payment by it of all moneys, and the faithful performance by it of all of its obligations, the payment or performance of which it has assumed in this agreement. If ninety days' default shall be made by the Burlington Company in the making of any payments which it is required to make by this agreement, after such payments shall have become due, or if the Burlington Company shall fail for ninety days to comply with any of its covenants under this agreement, the Eastern Illinois Company, may at its option, give to the Burlington Company written notice thereof, and if such delinquent payments are not made to the Eastern Illinois Company, or such covenants are not complied with within thirty (30) days from and after the receipt by the Burlington Company of such written notice the Eastern Illinois Company may declare this agreement terminated and annulled and may exclude the Burlington Company from any further use and enjoyment of the rights and privileges by this agreement granted.

§ 14. Nothing in this agreement contained shall prevent the Eastern Illinois Company from admitting one or more additional railroad companies to the use of the joint line, provided such additional use shall not interfere materially with the full enjoyment by the Burlington Company of the rights and privileges herein granted; and provided further that such additional company or companies so using the joint line shall participate with the Eastern Illinois Company and the Burlington Company on a locomotive and car mileage basis as above defined in the payment of operating expenses, repairs, renewals and maintenance of the joint line; and provided further that the Burlington Company in case of the admission of such other company or companies, shall at all time be accorded as favorable terms and

conditions in the matter of the use of said joint line as such other company or companies are accorded.

ARTICLE IV.

Arbitration.

SECTION 1. In case of any dispute or difference arising under this agreement, the same shall be submitted to two (2) arbitrators, one of whom shall be appointed by the Eastern Illinois Company, and the other by the Burlington Company, and if these two arbitrators cannot agree, they shall select a third, who shall be a disinterested party, and the decision of a majority of said arbitrators upon any question submitted shall be final and conclusive and binding upon the parties hereto. In case either of the parties shall fail to appoint an arbitrator for a period of thirty (30) days after written notice by the other party to make such appointment, then and in that event, the arbitrator appointed by the other party shall have the right to appoint another arbitrator, and the two arbitrators so chosen shall select a third, and in case the two arbitrators so appointed by the parties hereto in the manner aforesaid, shall fail within thirty (30) days after their appointment to select a third arbitrator, said third arbitrator shall, on the application of any party hereto, be appointed by the Judge of the District Court of the United States for the Northern District of Illinois. The three (3) arbitrators so chosen and selected shall hear and decide all questions of difference submitted to them in writing, and their decision, or that of a majority of them, shall be final, conclusive and binding upon the parties hereto. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such questions.

ARTICLE V.

Term.

SECTION 1. This agreement shall take effect upon the date upon which the Burlington Company commences the use of said joint line and shall continue for the period of five (5) years from said date and thereafter until the expiration of one year from the date upon which one of the parties shall give to the other notice in writing of its desire to terminate same. In the event of the termination of this agreement as aforesaid, or in any other manner, each party shall have the right, notwithstanding such termination, to recover from the other any obligation or liability which may have accrued under this agreement while the same was effective and in operation.

§ 2. All the grants, covenants and stipulations herein contained shall inure to the benefit of and be binding upon the successors and assigns of the respective parties hereto; provided, however, that no assignment by the Burlington Company of this agreement, or any of the rights or privileges hereby granted,—otherwise than in connection with the assignment, transfer or lease of all of the railroad property of the Burlington Company,—shall

1678 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

be made without the written consent of the Eastern Illinois Company, and any such assignment made without the consent of the Eastern Illinois Company shall be absolutely void.

In Witness Whereof the parties hereto have caused this agreement to be signed by their respective Presidents or Vice-Presidents, and their respective corporate seals to be hereunto affixed, attested by their respective Secretaries or Assistant Secretaries, the day and year first above written.

SUPPLEMENTAL AGREEMENT, June 4, 1923, Chicago and Eastern Illinois Railway Company and Chicago, Burlington & Quincy Railroad Company. 15.79 miles.

This Supplemental Agreement, made and entered into this 4th day of June, 1923 by and between the Chicago and Eastern Illinois Railway Company, a corporation organized and existing under the laws of the State of Illinois, party of the first part hereinafter called the Eastern Illinois Company, and the Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under the laws of the State of Illinois, party of the second part, hereinafter called the Burlington Company, *Witnesseth:*

Whereas, on to-wit: June 1st, 1910, the Chicago and Eastern Illinois Railroad Company, predecessor of the Eastern Illinois Company, and the Burlington Company entered into a certain written agreement by the terms of which the said Chicago and Eastern Illinois Railroad Company granted unto the Burlington Company the right to use in common with the said Chicago and Eastern Illinois Railroad Company its line of railroad between a point fifty-two and three-tenths (52.3) feet south of Station Number Four Hundred Six (406) in the Southwest Quarter (S.W. $\frac{1}{4}$) of Section Twenty-three (23), Township Ten (10) South, Range Two (2) East of the Third Principal Meridian, Williamson County, Illinois, and a point thirty-seven and one-tenth (37.1) feet south of Station Number Twelve Hundred Forty (1240) in the north half of the Southeast Quarter (S.E. $\frac{1}{4}$) of Section Thirty-four (34) in Township Twelve (12) South, Range Two (2) East of the Third Principal Meridian, Johnson County, Illinois, a distance of fifteen and seventy-nine hundredths (15.79) miles, and,

Whereas, said parties re-valued as of September 1st, 1921, the said property of the Eastern Illinois Company so used in common and now desire to substitute in Paragraph Two (2) of Section Two (2) of Article Two (II)

of said original agreement said new valuation in lieu of the valuation therein stated, and,

Whereas, said parties also desire to extend the term of said original agreement for a further period of five (5) years from May 1st, 1922, as well as to add another provision to said original agreement with reference to division of expense growing out of damage to property not belonging to or in the custody of the parties hereto caused by joint employes, and in case of damage or injury by any cars, trains, engines or other appliances while being used solely in the maintenance, repair or renewal of the joint line, and in case of personal injuries to or death of joint employes while so engaged, when not caused by the trains, engines or cars of the parties hereto, other than work trains engaged in the work on the joint track.

Now, Therefore, the parties hereto, in consideration of the premises and the sum of One Dollar (\$1.00), lawful money of the United States of America, by each of said parties paid to the other before the ensealing and delivery of these presents, the receipt whereof is hereby acknowledged, have agreed, and do agree, to bind themselves as follows:

1.—Paragraph (a) and the first sentence of Paragraph (b) of Section Two (2), Article Two (II) of said original agreement between the parties hereto dated June 1st, 1910, shall be changed to read as follows and, as so changed, shall be effective as of May 1st, 1922:

“(a) A sum equal to one-twelfth (1/12) of Two and one-half per cent (2½%) per annum on a valuation of One Million Dollars (\$1,000,000.00).”

“(b) A sum equal to one-twelfth (1/12) of Two and one-half per cent (2½%) per annum upon the full cost of all improvements and betterments on said joint line made after September 1st, 1921, including those provided for by special assessments, changes in profile and alignment, ballast, re-laying with rail of heavier material than section now in use, the strengthening of bridges and all additions thereto provided for the equal joint use hereunder.

2.—The term of said original agreement as modified hereunder shall be extended for a further period of five (5) years from May 1st, 1922, and unless said original agreement so modified is canceled by either party hereto giving to the other written notice of its desire so to do one (1) year prior to the termination of said five (5) year period, the same shall continue in force and effect thereafter until the expiration of one (1) year from the date upon which one of the parties hereto shall give to the other notice in writing of its desire to terminate the same.

3.—That effective as of March 1st, 1917, there shall be added to Article Three (III) of said original agreement as Section Ten A (10A) thereof, the following provision:

“Section 10A. In case of damage to property not belonging to or in the custody of the parties hereto, caused by joint employes, and in case of damage or injury by any cars, trains, engines or other appliances while being used solely in the maintenance, repair or renewal of the joint line, and in case of personal injuries to or death of joint employes while so engaged when not caused or

contributed to by trains, engines or cars of the parties hereto, other than work trains engaged in work on the joint track, all costs and expenses connected therewith or caused by reason thereof, shall be charged to the cost of operation, maintenance, repairs and renewals of said joint line and shall be borne by the parties hereto under the provisions of Paragraph (C) of Section Two (2) of Article Two (II) hereof."

In Witness Whereof, the parties hereto caused this supplemental agreement to be signed by their respective Presidents or Vice-Presidents, and their respective corporate seals to be hereunto affixed, attested by their respective Secretaries or Assistant Secretaries, the day and year first above written.

AGREEMENT. Dated: August 5, 1913. Effective: November 4, 1912.

The Baltimore and Ohio Southwestern Railroad Company and Chicago, Burlington & Quincy Railroad Company. Subject: Common use by C. B. & Q. R. R. of B. & O. S. W. tracks between Shattuc and East St. Louis, Ills.

This Agreement, Made and entered into this 5th. day of August, 1913, by and between The Baltimore and Ohio Southwestern Railroad Company, a corporation by consolidation under the laws of the States of Ohio and Indiana, hereinafter called "Baltimore Company," party of the first part, and the Chicago, Burlington and Quincy Railroad Company, a corporation under the laws of the State of Illinois, hereinafter called "Burlington Company," party of the second part,

Witnesseth:

That, Whereas, Said Baltimore Company owns and operates a line of railroad in the State of Illinois and through the counties of Clinton and St. Clair; and,

Whereas, Said Burlington Company operates a line of railroad in the State of Illinois from Beardstown to Centralia, which line of railroad crosses that of said Baltimore Company at Shattuc, in Clinton County, State of Illinois; and,

Whereas, Said Burlington Company desires to use that part of the line of railroad of said Baltimore Company extending from said Shattuc westwardly through said Clinton and St. Clair Counties, into the city of East St. Louis, in said St. Clair County, for the purpose of carrying freight

and passenger traffic over said line of railroad between said Shattuc and said East St. Louis, including in said term "traffic" both mail and express matter, which line of railroad between said points of Shattuc and East St. Louis is shown in red and yellow on the blue print hereto attached, marked "B. & O. File 7791-1A," signed by the respective Chief Engineers of the parties hereto, and made a part of this agreement; and,

Whereas, Said Baltimore Company is willing to permit said Burlington Company to use said line of railroad between said points for the purposes aforesaid, upon the terms and conditions hereinafter set out and not otherwise;

Now, Therefore, It is mutually agreed by and between the parties hereto, each in consideration of the covenants and agreements of the other, as follows, to-wit:

1. Said Baltimore Company, upon the terms and conditions hereinafter contained, hereby grants unto said Burlington Company, its successors and assigns, the right, for and during the term of twenty (20) years from the date of this contract, and thereafter unless and until this contract shall be terminated upon five (5) years' written notice by either party hereto to the other, which notice may be given so as to terminate this contract at the end of said term of twenty (20) years, or at the end of any year thereafter, unless the same shall be sooner terminated as hereinafter provided, to run its engines and trains over the main tracks and passing tracks of that portion of the railroad of said Baltimore Company extending from Shattuc, in Clinton County, to East St. Louis, in St. Clair County, Illinois, being a distance of approximately fifty-five (55) miles, and to use the water tanks, coal bins and other appurtenances necessary to operate and carry on the business of said Burlington Company over said portion of the railroad of said Baltimore Company, upon the terms and conditions hereinafter set out.

The right to use the tracks aforesaid by said Burlington Company is confined to the running of its engines, trains and cars over the same, and no right is acquired by it to transact any local business of any sort whatsoever upon said tracks at or between said junction points of Shattuc and East St. Louis. The term "local business" is meant to include all business between Shattuc and East St. Louis, and all business at or to or from points between said junction points of Shattuc and East St. Louis. If the Burlington Company is required by law to transact any such local business, then the net profits of such business shall be paid to the Baltimore Company.

2. The use of said tracks by said Burlington Company under this contract shall be common with the use of the same by said Baltimore Company, and by any other company or person to whom said Baltimore Company may grant the right to use the same, or any part thereof, and shall be under such reasonable rules and regulations as said Baltimore Company may from time to time prescribe for their use and operation.

Said Baltimore Company shall provide for the running by said Burlington Company over the aforesaid part of the railroad of said Baltimore Company of such engines, trains and cars as said Burlington Company shall desire

to run, the movement of all of which shall be under the control of the proper officers of said Baltimore Company while on the rails of said Baltimore Company, and the officers of said Baltimore Company shall for that purpose be considered officers of both of the parties hereto. However, the engines and cars of said Burlington Company while on the railroad of said Baltimore Company shall be managed by the employes of said Burlington Company, subject, however, to the reasonable rules and directions of the officers of the Operating Department of said Baltimore Company.

Schedules of the movements of trains over said railroad shall be arranged by the Superintendents of the parties hereto, provided passenger trains of all kinds shall have precedence over all other trains. The cost of printing such schedules shall be charged as follows: If all parties shall desire a change of schedule at the same time the cost of printing such schedule shall be considered as part of the operating expenses, to be apportioned and assumed as hereinafter provided. If only one party shall desire such change, the cost of printing shall be borne by such party. The customary spring and fall changes in time schedules shall be considered as a part of the operating expenses, to be borne as hereinafter provided. If it is necessary because of the requirements of said Burlington Company to issue a new time schedule, although no request therefor has been made by said Burlington Company, then the cost of printing said schedule shall be borne entirely by said Burlington Company.

3. For the use of such railroad and facilities (shown in red and yellow on said plat) from Shattue to East St. Louis, said Burlington Company agrees to pay the Baltimore Company, its successors and assigns, as rental therefor, two and one-half per centum per annum of the valuation of said railroad and facilities herein provided for, which valuation for the purposes of this contract it is agreed shall be Two Million Four Hundred and Eighty-two Thousand Two Hundred and Seventy Dollars and Seventy-five Cents (\$2,482,270.75). Said sum shall be due at the end of each calendar month, and shall be payable on or before the end of the calendar month next succeeding, and shall be due and payable notwithstanding any additional use that may be granted of said tracks by said Baltimore Company. But as to the use and maintenance and taxes and all other charges herein provided to be paid by said Burlington Company on a mileage basis, it is understood that the mileage of any other company that may be allowed to use said tracks shall be counted and treated as mileage of said Baltimore Company.

4. Whenever, in the opinion of the General Manager of said Baltimore Company or the officer hereafter performing the duties now incumbent upon said General Manager, or by virtue of any law, statute, or order of any commission or other lawful authority, it shall be necessary to protect the connection at Shattue, Illinois, between the tracks of said Burlington Company and those of said Baltimore Company, or the connection of said tracks at East St. Louis, Illinois, with an interlocking plant or other safety device, then said Burlington Company shall construct, maintain and operate said interlocking plant or other safety device. Said construction, maintenance and operation shall be to the satisfaction of the General

Manager of said Baltimore Company or the officer hereafter performing the duties now incumbent upon said General Manager, and in compliance with any statute, law, or order of any commission or other lawful authority, and shall be at the sole cost and expense of said Burlington Company. Said Burlington Company at its sole cost and expense shall obtain the approval of the Railroad and Warehouse Commission of the State of Illinois to any plans providing for said interlocking plant or other safety device, but before submitting said plans to said Commission, shall first obtain the written approval of said plans by said Baltimore Company. It is agreed and understood that this provision shall apply only to interlockers at the connection points heretofore referred to at Shattuc, Illinois, and East St. Louis, Illinois, and shall not be construed to apply to interlockers or safety devices installed at any other points between said Shattuc and said East St. Louis. If said Burlington Company shall be able to include within any existing interlocking plant either of said connection tracks, it may do so, at its sole cost and expense, the additional cost of maintenance and operation to be divided as may be provided for in any existing contract respecting the operation and maintenance of such interlocking plant. Division of liability for accidents where such an interlocking plant is utilized shall be upon the basis of any existing contract respecting such interlocking plant.

The maintenance of that part of the line of the railroad of said Baltimore Company to be used under this contract, and all improvements or additions which may be made under the provisions of this agreement, shall be under the charge and supervision of said Baltimore Company, and said part of said railroad shall be kept and maintained in first class condition judged by the standard of lines of the same class, and in accordance with the policy of said Baltimore Company as to the remainder of the division of which said fifty-five (55) miles form a part.

Said Baltimore Company may make any necessary changes, betterments and improvements it may desire in and upon the aforesaid part of its line, including double tracks, renewals of culverts and bridges, and the substitution of one kind of material for another, the installation of a block system and of interlockers, as shall be in accordance with good railroading and as in the judgment of said Baltimore Company may be proper, or as shall be required by any statute or other lawful authority, and shall make such changes, betterments and improvements as may be required from time to time to create and maintain the physical condition above described, and the disposition of the cost therefor, as to whether it shall be treated as an operating expense or a charge to capital account, shall be in accordance with the policy and practice of said Baltimore Company with reference to like expenditures on the remainder of its railroad, and in accordance with established railroad uses as to railroad lines of like character with reference to like expenditures. If such expenditures, or any portion thereof, shall be charged to any other accounts than operating expenses, then said Burlington Company hereby agrees to pay to said Baltimore Company two and one-half per centum per annum on the cost of such betterments and improvements, said payments to be in

addition to any other payments to be made by said Burlington Company to said Baltimore Company under the terms of this agreement; provided, however, if any of said betterments or improvements shall be in the nature of additional facilities, the necessity for the construction of which arises solely from the admission by the Baltimore Company of any other company or companies to the use of the aforesaid part of its line, or any portion thereof, no interest rental on the cost of such additional facilities shall be charged to the Burlington Company.

Said Baltimore Company shall have the right to arrange with the owners of lands adjoining its tracks, or with others, as to the plowing of fire guards upon property adjoining the tracks covered by this agreement, and as to other precautions against fire or stock claims, in which event the cost and expense incident thereto shall be charged to the maintenance account and divided between the parties hereto as other maintenance of way expenses.

Said Baltimore Company shall keep correct accounts of the cost of repairing, maintaining, renewing, improving and keeping up the property covered hereby, and the cost and expense incurred of Agent-operators, Telegraph or Telephone Operators, Towermen, Levermen, Signal Men, Road Watchmen, and other employees employed in the handling of trains, the employees and officers who may be engaged in the repair of the aforesaid portion of the line of railroad of said Baltimore Company, and of the cost of supplying water tanks with water, and of the wages of such other employees as are engaged in the common service of the parties hereto.

5. Said Burlington Company, in addition to the other payments herein provided for, including the monthly rental, shall pay monthly to said Baltimore Company such proportion of all expenses from time to time incurred by said Baltimore Company in renewing and maintaining the tracks, bridges, structures, fences and right of way, and switches and appliances and other property necessary or proper in the operation of the tracks covered by this agreement, and such proportion of all operating expenses incurred in the common service of the parties hereto, and of the cost of supplying water tanks with water, as the car and engine mileage of said Burlington Company over said tracks shall bear to the total car and engine mileage of both said Burlington Company and said Baltimore Company such proportion of all expenses from time to time proportional amount so to be paid shall be included, in addition to the expenses of the officers and employees herein referred to, the proper proportion, as hereinafter defined, of the salaries and cost of services of the division officers and employees and their subordinates and assistants, including the officers engaged in the Operating and Accounting Departments of said Baltimore Company as are necessary for the carrying out of this agreement; the part of the salaries or wages of division officers or employees, and their subordinates and assistants, and of officers, their subordinates and assistants, engaged in the Operating and Accounting Departments as aforesaid, which is to be included in the cost and expense to be jointly paid as aforesaid, shall be ascertained by the proportion which the number of miles used under this agreement shall bear to the whole number of

miles over which the service of such officers, their assistants and subordinates, or employees, extend.

Said Baltimore Company shall render a bill to said Burlington Company for said Burlington Company's share of said expense at the end of each month, which bill said Burlington Company agrees that it will pay to said Baltimore Company on or before the end of the month next succeeding.

Said Burlington Company shall also pay to said Baltimore Company, as often as they shall accrue and become payable, such proportions of any and all taxes, assessments, duties, imposts and charges whatsoever as may be levied, assessed or imposed during the term hereby granted, by any government or lawful authority whatsoever, upon the tracks or property of said Baltimore Company, which said Burlington Company is entitled to use under this agreement, as the car and engine mileage of said Burlington Company shall bear to the total car and engine mileage of said Burlington Company combined with that of said Baltimore Company during the calendar year for which such taxes and assessments shall be levied; bills for such proportions of said taxes, assessments, duties, imposts and charges to be rendered by said Baltimore Company to said Burlington Company, and the same to be payable on or before the end of the month next succeeding that in which they are rendered, it being the intent hereof that all governmental charges upon the aforesaid property, the use of which is hereby granted, shall be paid in part by said Burlington Company as herein provided, however the form thereof may change, and in whatever manner or by whatever name the taxes, assessment, impost or charge may be imposed or called, but said Burlington Company shall not be required to pay any part of any special assessment or taxes levied upon or against any property of said Baltimore Company not used by said Burlington Company. Special assessments levied because of special improvements shall be considered as part of the maintenance expense, and shall be divided between the parties hereto accordingly.

6. It is understood and agreed that all tracks necessary to be laid in order to make connection with the tracks of said Baltimore Company at Shattuc and East St. Louis, shall be constructed and maintained entirely at the expense of said Burlington Company.

7. It is understood and agreed that the employes of said Burlington Company, while on the tracks of said Baltimore Company, shall be subject to the reasonable rules and regulations of said Baltimore Company. If any employe of said Burlington Company, including those engaged in the maintenance and operation of the interlockers at Shattuc and East St. Louis, shall prove objectionable to said Baltimore Company, said Burlington Company, upon request from said Baltimore Company, for reasons deemed by said Baltimore Company good and sufficient, shall not permit said objectionable employe on said tracks, and shall discharge those engaged in the maintenance and operation of said interlockers.

8. In case said Burlington Company shall at any time fail for sixty (60) days to pay any sum of money that shall become due under this contract, or in case it shall refuse or neglect for such time to perform any condition, stipulation or agreement herein contained, upon its part

to be performed, said Baltimore Company may, at its option, terminate this contract and all the provisions thereof upon giving thirty (30) days' written notice to said Burlington Company of its intention so to do, and thereupon this contract and all rights of said Burlington Company thereunder shall cease, end and determine. Provided, however, that said Burlington Company shall remain liable to said Baltimore Company for any moneys due thereunder, and for any failure on the part of said Burlington Company to comply with the terms and conditions of this contract to the time of the expiration thereof as aforesaid.

It is expressly understood and agreed that if said Burlington Company shall, at any time during the term of this contract, become so financially involved that a receiver of its property and franchises shall be appointed, or that its property and franchises shall become, by judicial sale, vested in some other person, natural or artificial, which such receiver or person shall have the right in law to elect whether he or it will take over this contract of lease, then said Baltimore Company shall be and hereby is vested with like right of election, provided the same shall be exercised by it within six (6) months after such right of election shall be vested in any such receiver or person, and notice of the existence of such right shall have been received by said Baltimore Company. Provided, however, that before said Baltimore Company shall exercise such election it shall first notify in writing such receiver or purchaser at judicial sale, as the same may be, of its intention to elect to exercise such right, and thereupon, unless such receiver or such purchaser shall within three (3) months after the receipt of such notice notify the Baltimore Company of the election of such receiver or such purchaser to take over this contract of lease, then the right of said Baltimore Company to exercise said right shall become absolute and it may, at its option, thereupon terminate this contract of lease at once.

It is further agreed that any waiver at any time by said Baltimore Company of a breach of any condition of this contract by said Burlington Company shall extend only to the particular breach so waived, and shall in no manner impair or affect the existence of such condition or right of said Baltimore Company, its successors or assigns, thereafter to avail itself of such conditions or any subsequent breach thereof.

9. Said Burlington Company agrees that it shall not have the right to, and will not, contract or arrange with any other railroad company or person, whose line is or may be constructed or operated directly or indirectly to a junction with the railway possessed and operated by said Burlington Company, for the running of trains by or for such other railroad company over the whole or any part or portion of the line of railroad, the use of which, under the terms of this agreement, is conferred upon said Burlington Company, without the consent in writing first obtained of said Baltimore Company.

10. Said Burlington Company agrees that it will and it does hereby assume all risk and all liability for injury or damage to persons or to property in its possession, or to the property of third persons, caused by its trains, cars or locomotives operated over the railway tracks or

bridges covered by this contract where such injury or damage is caused by its officers, agents or servants employed in the management, running or operation of its trains, cars or locomotives in any manner whatever, or by the officers, agents or servants of the Baltimore Company in charge of any interlocking system, bridges, gates, switches, turntables or other appliances or devices in any manner whatsoever connected with the operation of the property covered by this contract, or in charge of the maintenance, renewal and repair of the same, or in charge of the making or giving of the time-cards, rules, regulations and orders in any manner having to do with the management, starting, moving, running or operation of said trains, cars, or locomotives, causing such injury or damage, and shall and will, during the continuance of this contract, save and keep harmless the Baltimore Company from all claims, demands, loss or damage on account thereof.

Said Burlington Company further agrees that it will, and it does hereby, assume all risk and all liability for injury or damage to persons or to its own property, or to the property of third persons caused by its trains, cars or locomotives by reason of or growing out of defects in the right of way, roadbed, track or tracks, bridges or culverts, or the insufficiency of fences, or the lack of fences, along the right of way of the railway and tracks, the right to use which is granted by this agreement, or the failure to erect or to build signboards or gates or cattle guards, or other protections at highway, street, or other crossings, public or private, in compliance with the law, or the failure to erect interlocking systems or other safety appliances at railway crossings, connections or intersections, or the erection or construction of fences, signboards, gates, cattle guards, interlocking systems, or other safety appliances or protections, or to provide watchmen along the line, the right to use which is granted by this contract, which do not fully conform to the law; and they shall and will, during the continuance of this contract, save and keep harmless said Baltimore Company from all claims, demands, loss or damage on account thereof; but if said Baltimore Company shall fail to repair defects in its tracks or bridges, the right to use which is granted to said Burlington Company, within a reasonable time after notice in writing by said Burlington Company shall have been given, specifying such defects, or shall fail to build or erect such fences, signboards, gates, cattle guards, interlocking systems, or other safety appliances, along its tracks, the right to use which it has granted as aforesaid, as may be required by law, or to repair the same, if in need of repairs, within a reasonable time after notice in writing by said Burlington Company shall have been given, specifying the place or places where such fences, signboards, gates, cattle guards, interlocking systems, or other safety appliances should be erected, or that repairs thereon are needed, or changes necessary to make the same conform to the requirements of the law, then and in every such case said Baltimore Company shall assume all risk and all liability caused by reason thereof.

Neither party shall be liable to the other for any loss, damage, or injury, occasioned by the negligence of the officers, servants or agents engaged in the sole business or the sole operation of the trains of the

employing company; this clause, however, not to modify the two clauses next preceding.

Said Burlington Company further agrees that in case any action or actions, suit or suits, shall be commenced against said Baltimore Company, growing out of any damage or injury as aforesaid, whether actual or claimed, for which, as between the parties hereto, said Burlington Company is liable, if there is any liability, said Baltimore Company may give written notice of the same to the said Burlington Company, and thereafter said Burlington Company shall attend to the defense of the same, and save harmless said Baltimore Company from all expense, counsel fees, costs, liabilities, disbursements, recoveries, judgments and executions, in any manner growing out of, pertaining to, or connected therewith, and in the event that any service in connection with such defense shall be rendered at the request of said Burlington Company, by any officer, agent, representative or employe of said Baltimore Company, who shall be compensated by an annual or other salary, so that no special sum shall be paid him for such service, then there shall be paid to said Baltimore Company, on account of the services so rendered by said salaried employe, a reasonable sum for his services in connection with the matter as to which said Burlington Company is or is claimed to be liable.

11. Said Burlington Company shall forthwith advise said Baltimore Company, in writing, whether it will or will not assume charge of any such suit so commenced against said Baltimore Company, and if it shall refuse so to do, said Baltimore Company may conduct the defense, and the question of liability, or responsibility, under the terms hereof shall thereafter be determined by arbitration as herein provided, save that the question of the amount of the loss or damage shall be deemed conclusively determined by any final judgment that may be rendered in such action, and that in the event of the failure or refusal of said Burlington Company to assume the defense, said Baltimore Company shall have full power and authority to compromise or settle any such claim for such an amount as it may deem proper, and the sum so agreed upon by said Baltimore Company shall be deemed final and conclusive as to measure of damages or amount to be paid. But the failure of said Baltimore Company to give notice to said Burlington Company to make such defense shall not prevent the Baltimore Company from being reimbursed, if in fact said Burlington Company is the party who, as between the parties hereto, should undertake the defense of such suit or suits.

In all cases of collision between the trains, engines or cars of the parties hereto, each party shall assume and bear all loss on account of damage to its engines, cars or equipment, or to engines or cars being operated by it, or to freight or other traffic being hauled by it, or to its own train employes or licensees, or passengers on its trains or engines or cars involved in such collision. All other loss or damage caused by such collision, whether to employes not herein specified, or to third parties, or to the property of third parties, or to the railroad track and its appurtenances, shall be divided between the parties, share and share alike.

Said Baltimore Company agrees to procure an agreement with respect

to liability for accidents caused by collision, substantially in the form herein provided for such cases, between said Baltimore Company and such other person or companies as may hereafter be admitted to a joint use of the tracks covered by this agreement.

In cases of joint liability, that is, in cases in which, as between themselves, under the terms hereof, the parties hereto shall be jointly liable, settlement shall, whenever reasonably practical, be made after the assent of the parties involved shall have been secured, but where they do not agree, then either party may make settlement in the interest of both, and if the same shall not be satisfactory, the question of the reasonableness thereof shall be left to arbitration as hereinafter provided.

In cases in which there is dispute as to the liability as between themselves and the parties hereto, either may settle the claim, if it shall deem fit so to do, and the question of the reasonableness of the amount paid, and of liability as between the parties, may be determined by arbitration as hereinafter provided. If in any case it shall appear or shall be found by the arbitrators that both of the parties hereto are liable, but that it is impossible to determine as between the parties who shall bear the loss, then the amount shall be pro-rated, share and share alike, between the two parties.

The term "liability" as used in this Article, is meant to include not only cases in which there is in fact liability, but cases in which a liability is claimed, whether the same shall or shall not have been established by the judgment of a court against any of the parties hereto.

12. This agreement shall not be construed to deprive the Burlington Company of the right under an existing arrangement between the Burlington Company, and the Baltimore Company; to use about eighteen-hundred (1800) feet of the track of the Baltimore Company at East St. Louis for interchange of business with The Louisville & Nashville Railroad Company, and said right of the Burlington Company shall continue in all respects the same as if this agreement had not been made; it being understood and agreed, however, by and between the parties hereto that from and after the date of the execution of this agreement the charge of twenty-five cents (25¢) per car heretofore made by the Baltimore Company against the Burlington Company for said use of said track shall be discontinued.

13. If any difference shall arise between the parties hereto, either in respect to this agreement or any right, advantage, or obligation growing out of the same, then, after written notice from one party to the other of the existence and nature of the differences, with a statement of the question or questions upon which a decision is desired, the same, with any question or questions which the other party may propose for decision, shall be submitted to arbitration as follows:

To such person skilled in railway management as sole arbitrator as the parties may agree upon within thirty (30) days after notice, and his decision in writing shall be final and binding upon both parties.

If the parties shall fail to agree upon such arbitrator within the time

aforesaid, then, within thirty (30) days thereafter, each party shall appoint an arbitrator skilled in railway management, and the two so appointed shall within twenty (20) days thereafter choose a third. If either party shall fail to appoint an arbitrator within the time specified, the other party may, within ten (10) days after such failure, appoint a second arbitrator, and the two so appointed shall within twenty (20) days thereafter choose a third. In case of the failure of the two arbitrators so appointed to choose a third within said period of twenty (20) days, then said third arbitrator shall be such a person skilled in railway management as shall be named by any acting judge of the Circuit Court of St. Clair County, Illinois, upon the application of any party to the arbitration. So soon as the third arbitrator shall be chosen, the questions shall be submitted to the three arbitrators, and the written decision of any two of them shall be final and binding.

The hearing before the arbitrator or arbitrators shall be at such place as he or they may select at East St. Louis in the State of Illinois, or at St. Louis, in the State of Missouri, but the arbitrator, if there be but one, or the majority of them, if there be more than one, may adjourn the hearing to such other place or places as he or they may deem proper.

If the sole arbitrator, or if any majority of the three arbitrators, shall fail to render a decision within thirty (30) days after the final submission of the question or questions submitted, either party may, at any time before a written decision is rendered, elect to end the arbitration, and shall have the right, upon giving notice as aforesaid, to have the question of differences submitted anew to a new arbitrator or arbitrators, to be selected in the manner above specified.

Pending the submission to arbitration of any question, and until the arbitrators shall have rendered their decision, no legal proceedings shall be taken by either party against the other.

14. This contract shall bind the successors, lessees and assigns of the respective parties hereto as fully as the parties themselves; provided, however, that the rights herein granted shall not pass to any assignee or successor of said Burlington Company who shall not operate the railroad formerly known as the Chicago, Burlington & Quincy Railroad.

The side notes herein are for convenience of reference only, and are not to be taken as affecting the interpretation of the text.

In Witness Whereof, the parties hereto, acting through their corporate officers thereunto duly authorized, have executed this contract in duplicate on the day and year first written above.

The Baltimore and Ohio Southwestern Railroad Company,

[SEAL]

By DANIEL WILLARD,

Attest:

President.

G. F. MAY, *Assistant Secretary.*

Chicago, Burlington and Quincy Railroad Company,

By D. MILLER,

Attest:

President.

H. W. WEISS, *Assistant Secretary.*

STATE OF MARYLAND, }
CITY OF BALTIMORE. } SS:

Be it Remembered, That on this fifth day of August, 1913, before me, the undersigned, a Notary Public in and for the State and City aforesaid, came The Baltimore & Ohio Southwestern Railroad Company, a corporation, by Daniel Willard, its President, and G. F. May, its Assistant Secretary, and acknowledged the execution of the foregoing instrument to be the voluntary act and deed of said corporation, for the uses and purposes therein set forth.

In Witness Whereof, I have hereunto subscribed my name and affixed my notarial seal on the day and year last written above.

[SEAL]

GEO. W. HAULENBEEK,

Notary Public in and for City of Baltimore, State of Maryland.

My commission expires May 1st, 1914.

STATE OF ILLINOIS, }
COUNTY OF COOK. } SS:

I, W. S. Burley, a Notary Public in and for the State and County aforesaid, do hereby certify that D. Miller, President of the Chicago, Burlington & Quincy Railroad Company, a corporation, and H. W. Weiss, Assistant Secretary of said Company, who are severally personally known to me to be the same persons whose names are subscribed to the foregoing instrument as such President and Assistant Secretary, respectively, and who are personally known to me to be the President and Assistant Secretary, respectively, of the said Chicago, Burlington & Quincy Railroad Company, appeared before me this day in person and acknowledged that they signed, sealed and delivered the said instrument as their free and voluntary act, and as the free and voluntary act of the said Chicago, Burlington & Quincy Railroad Company, for the uses and purposes therein set forth.

Given under my hand and notarial seal, this 9th day of August, 1913.

[SEAL]

W. S. BURLEY,

Notary Public in and for Cook County, State of Illinois.

Chicago, Burlington & Quincy Railroad Company.

Chicago, Ill., May 10, 1916.

Mr. J. M. Davis,
General Manager, B. & O. S. W.,
Cincinnati, O.

Dear Sir:—

The valuation on which we pay rental for use of your line Shattuc to East St. Louis includes coal chute at Breese, Ill. We are also paying a proportion of the cost of maintenance and operation of this chute on basis of main line car mileage. We have used this chute only in emergency cases and since January 1st have used it but twice.

We would be glad if your Company will eliminate this chute as a joint line facility and charge us your regular rates for the small amount of coal which we might take in emergency cases. In view of the small amount

1692 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

of use which we have made of this facility I feel that we are justified in making this request and I trust that you will see fit to meet our wishes.

Yours truly,

E. P. BRACKEN.

The Baltimore and Ohio Southwestern Railroad Company,
Operating Department,

Cincinnati, Ohio, June 16, 1916.

Mr. E. P. Bracken,
General Manager, C. B. & Q. R. R.,
Chicago, Illinois.

Dear Sir:—

Replying to your letter of May 10th with reference to our monthly bills for trackage between Shattuc and E. St. Louis including maintenance charge for coal chute at Breese, Ills.

In view of the fact that you do not regularly make use of this facility, it will be eliminated in future bills. It should be understood, however, that this is not retroactive. We could contend that the coal tipple is an indispensable operating facility used in connection with the operation of the joint track, and notwithstanding that you have only made occasional use of it, the charge for maintenance is defensible. The concession is made for the sole reason that you do not regularly use the facility.

Yours truly,

J. M. DAVIS,
General Manager.

Chicago, Burlington & Quincy Railroad Company.

Chicago, Ill., June 20, 1916.

Mr. J. M. Davis,
General Manager, B. & O. S. W. R. R.,
Cincinnati, O.

Dear Sir:—

I have your letter of June 16th about coal chute at Breese, Illinois, and thank you for the concessions you are willing to make.

So that our people may be fully advised will you please advise me what amount will be deducted from the value of the joint line on account of this chute.

Yours truly,

E. P. BRACKEN.

The Baltimore and Ohio Southwestern Railroad Company,
Operating Department,

Cincinnati, Ohio, June 26, 1916.

Mr. E. P. Bracken,
General Manager, C. B. & Q. R. R. Co.,
Chicago, Illinois.

Dear Sir:—

Replying to your letter June 20th relative to coal chute at Breese, Illinois.

It is not contemplated to make any reduction in the valuation of the joint track and facilities.

Inasmuch as you will occasionally use the coal chute, it is proper to include a rental charge. The concession, waiving a wheelage proportion of maintenance was made in consideration of the fact that you do not regularly use the chute. Should conditions change in this respect, the concession will be withdrawn.

Yours truly,

J. M. DAVIS,
General Manager.

Chicago, Burlington & Quincy Railroad Company.

Mr. J. M. Davis,
General Manager, B. & O. S. W. R. R.,
Cincinnati, O.

Chicago, Ill., June 29, 1916.

Dear Sir:—

Regarding your letter of June 26th about coal chute at Breese, Illinois. In appreciation of your generosity I will not urge that you reduce your rental bills as you have agreed to waive maintenance expense. My letter of May 10th also refers to operating expense and as same is in the same category as maintenance expense I assume that, even though your letter is silent as to operating expense, you are willing to waive same. I should be pleased to hear from you.

Yours truly,

E. P. BRACKEN.

The Baltimore and Ohio Southwestern Railroad Company,
Operating Department,

Mr. E. P. Bracken,
General Manager, C. B. & Q. R. R.,
Chicago, Ills.

Cincinnati, Ohio, June 30, 1916.

Dear Sir:—

Replying to your letter of June 29th about coal chute at Breese, Illinois. There will be no regular charge made against you for maintenance or operation. We will charge you only for such coal as you take, adding 15% to the cost of the coal to us to represent cost of handling, accounting, etc.

Yours truly,

J. M. DAVIS,
General Manager.

Chicago, Burlington & Quincy Railroad Company.

Mr. H. W. Weiss,
Assistant Secretary,
Building.

Chicago, Ill., July 3, 1916.

Dear Sir:—

Herewith for file with the Burlington Company's copy of contract (Aug. 5, 1913) with the B. & O. S. W. for use of their line Shattuc to East St. Louis, certain correspondence pertaining to coal chute at Breese, Illinois, which is self explanatory.

Yours truly,

E. P. BRACKEN.

EXHIBIT A. AGREEMENT, Dated October 1, 1889. Between the Terminal Railroad Association of St. Louis and the Several Proprietary Companies.

Exhibit A.

Agreement between the Terminal Railroad Association of St. Louis and the Several Proprietary Companies.

This Agreement, made this first day of October, in the year Eighteen Hundred and Eighty-nine between the Terminal Railroad Association of St. Louis, as first party, and the Missouri Pacific Railway Company, the St. Louis, Iron Mountain and Southern Railway Company, the Wabash Railroad Company, the Terre Haute and Indianapolis Railroad and the St. Louis, Vandalia and Terre Haute Railroad Companies (representing one interest, Vandalia line), the Ohio and Mississippi Railway Company, the Cleveland, Cincinnati, Chicago and St. Louis Railroad Company, and the Louisville and Nashville Railroad Company, as second party (said companies being hereinafter designated as proprietary companies, and each covenanting for itself alone and for no other company whatever),

Bears Witness:

Whereas, The first party has, at the instance and request of the several proprietary companies obtained, by purchase, lease, assignment of lease and otherwise, the properties heretofore belonging to the Union Railway and Transit Company of St. Louis and of East St. Louis; also to the Terminal Railroad of St. Louis and East St. Louis; also to the Union Depot Company of St. Louis; also to the St. Louis Bridge Company and the Tunnel Railroad of St. Louis, to the end that said properties may be held in perpetuity as a unit, and developed and improved in the interest of the proprietary companies for the purpose of furnishing adequate terminal facilities in St. Louis and East St. Louis; and,

Whereas, The several proprietary companies do now wish to secure in proper form and in perpetuity a right to use said terminal properties of the first party now held and hereafter to be acquired.

Therefore, it is agreed between the parties as follows:

I. In consideration of the covenants and payments hereinafter stipulated to be performed and paid by the proprietary companies, severally but not jointly, the first party hereby grants to each of the proprietary companies, its successors and assigns forever, a right of joint use with each other and with such other companies as may be admitted as proprietary lines to joint use thereof, of all said terminal properties of the first party now held or that may be hereafter acquired in St. Louis, Missouri, and East St. Louis, Illinois, including herein the St. Louis Bridge and Tunnel for passenger and freight, express and mail business, and for interchange of the same between each other and with the public, it being understood that the right herein granted to each proprietary company is not transferable to any extent whatever, but is to remain as an appurtenant to the railroad now owned by each proprietary company.

II. The first party agrees to procure, as soon as practicable, additional real estate and construct thereon, at the place or places where the same shall be found most expedient, a new union passenger station, also freight

station or stations, additional main and side tracks, switches and turnouts, wherever the same may be necessary, suitable in size and location and manner of construction, also to perform promptly and efficiently the work of receiving, delivering and transferring all passenger and freight traffic of the several proprietary companies at St. Louis and East St. Louis and of other railroad companies which may be hereafter, under the terms of this agreement, admitted to a joint use of said terminal properties. And the right of joint use of such additional structures and improvements whenever the same shall be acquired by the first party is hereby granted in perpetuity to the several proprietary companies, the same as in respect to properties now in possession and hereinbefore fully described.

III. In consideration of the foregoing each of the proprietary companies, for itself only and not for others, accepts the right of joint use hereinbefore granted by the first party and hereby covenants and agrees that it will forever make use of the bridge and terminal properties of the first party, as above described, for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis, and pay therefor as herein provided.

IV. The directors of the first party shall be eight in number, the same to consist of one representative from each proprietary company, which number may be increased if new proprietary lines are admitted. And there shall be an additional representative at large to be chosen by all the proprietary companies, such representative shall be appointed President of the Board of Directors.

The Board of Directors shall prescribe all rules and regulations in respect to the use, control and operation of said terminal system and every part thereof. They shall, through their Executive Committee, appoint all officers, agents, chiefs of departments, prescribing their duties, and they shall organize the service in the way most conducive to the best interests of the Association and the public. They shall, from among their number, appoint an Executive Committee of three, who shall serve for one year, or until their successors are elected, which committee shall have such power as the Board may delegate to them in the by-laws.

V. It is agreed that such rates of toll or charges for the use of the bridge, depots and other properties of said terminal system shall, subject to provisions of Article 13, be fixed from time to time by the first party as will produce a sum sufficient each year to pay the following, which sums the said proprietary companies, each for itself and for its proportion or amount, hereby agrees to pay, viz.:

1. Rental due to the Bridge and Tunnel Companies under the lease heretofore described, as follows:

Interest on Bridge Bonds.....	\$350,000
Dividend on Bridge Company first preferred stock.....	149,400
Dividend on Bridge Company second preferred stock.....	90,000
Dividend on Tunnel Railroad capital stock.....	75,000
To maintain corporate organization of Bridge and Tunnel Companies	2,500

2. Interest on all outstanding $4\frac{1}{2}$ per cent. bonds of the first party.

3. Dividends on such bonds or preferred stock, not now contemplated, but that may become necessary to be issued hereafter for the purpose of future extensions and betterments to the property of the first party.

4. All taxes and assessments, premiums of insurance, rentals on leaseholds and expenses of every kind incurred in the maintenance, operation, repair and renewal of said terminal system and every part thereof.

5. A sum of money, not exceeding two thousand dollars in any one year, to pay whatever expenses may be legitimately incurred in maintaining the corporate organization of the first party, and of any other company or companies whose creation and organization may become necessary in order to fully accomplish the object desired in the reorganization of said terminal system.

VI. As the current revenues derived from the tolls and rentals are to be applied towards meeting the fixed charges and expenses of operation and maintenance above specified, and it being the intention that the Executive Committee shall always regulate said tolls, charges and rentals, so as to meet the fixed charges, interest and operating expenses, it is understood that no call shall be made upon the proprietary lines to contribute toward the payment of any such charges and expenses unless by reason of extraordinary decrease of traffic or other temporary unforeseen circumstances, there should not be in the treasury, at the time of the maturing of any of the coupons of the Bridge and Tunnel rentals, a sum sufficient to meet the same promptly on the day when due. In such case, and upon a resolution of the Board of Directors certifying to such a deficiency, each proprietary line shall be assessed for its proportion of such deficiency, based upon the number of proprietary companies using said depot, and drafts from the Treasurer of the first party (which drafts shall be made payable fifteen days after sight), to the amount of said assessment shall be made upon each of said proprietary lines for its said proportion, which drafts shall be promptly paid, and thereafter the tolls shall be so adjusted as to yield revenue sufficient to reimburse the companies which have made such advances with interest thereon.

VII. In order that the expenses incident to the maintenance and operation of said terminal system may be distributed as equitably as possible, so as to have each class of traffic bear its proper proportion, the system shall be divided into three departments: The Union Depot Passenger Department, the Bridge and Tunnel Transportation Department (which shall also comprise the upper or wagon roadway), and the General Freight Department. The Union Depot Passenger Department shall comprise the passenger station and buildings, the sheds, storage yards, and all the grounds and tracks designated for and occupied by passenger coaches running into and out of said depot. The Bridge and Tunnel Department shall comprise the movement and transportation of all freight and passenger traffic across the bridge and through the tunnel, the supervision and taking care of engines and rolling stock, roadbed, structures, machinery, interlocking and signal apparatus, shops and buildings, and also the supervision and government of the upper or wagon roadway traffic. The General Freight

Department shall comprise the freight yards, warehouses, stations, offices and bureaus in St. Louis and East St. Louis, the receiving, delivering and forwarding of freight, the billing thereof, and the collection of all transfer and other charges thereon. All other sub-departments shall, under the direction of the Board of Directors, be subordinated to one of these chief departments. The Board shall appoint one Superintendent for each of these departments, and there shall be one General Superintendent or General Manager, under whose supervision the entire system shall be managed.

VIII. For the purpose of securing a proper division of accounts between the passenger and freight service, the Board of Directors of the first party shall, from time to time, establish and declare the territory, tracks, yards, buildings and stations for the maintenance and operating expense of which the passenger traffic shall be chargeable, and shall also declare and determine the proportion of the fixed charges assumed by the party of the first part, which, in addition to the expense of operation and maintenance, shall be borne by the railroads using said passenger depot department. Such expenses and fixed charges shall be apportioned on a wheelage basis, and with such modifications as the Board may, from time to time, prescribe. For the proportion of each company using the passenger depot, drafts shall be made on the 15th day of each month, for the proportion of expense and the pro rate of fixed charges accrued during the previous month. Delinquents shall be dealt with as the Board of Directors may prescribe.

The balance of fixed charges shall be defrayed out of the net earnings derived from the tolls and revenues of the bridge and tunnel and from all the various sources appertaining to it. The freight tolls shall cover the handling of freight billed to East St. Louis, and turned over to the bridge for St. Louis delivery and all track deliveries, but should stations be established in St. Louis for local, and in East St. Louis for through, freight, to which stations the several lines bill direct, the expenses of such stations, including interest on the cost thereof, shall be paid by the roads using them, on a tonnage basis.

IX. No additions or betterments whatever shall be made to said terminal system which will require the issue of stocks, or bonds, or contributions from proprietary companies using said terminal system otherwise than is hereinbefore provided for, except with the consent of three-fourths of the directors of the first party.

X. In case of the partial or total destructions by fire or other cause of any part of said terminal system, the same shall be rebuilt or replaced under the direction of the first party, and the cost thereof in excess of insurance money that may be received shall be borne by the proprietary companies using said terminal system on the basis herein prescribed for the several systems respectively, the same to be computed during the period of one year next preceeding the casualty resulting in such destruction, or at the option of the Board of Directors the necessary funds for such rebuilding or replacement shall be obtained by the issue of additional securities of said Terminal Association.

XI. All claims for damages growing out of injury or loss to person or

property while on any part of the terminal system, and caused partially or wholly by any employee of the first party, shall be paid by the first party and charged to the account of maintenance and operation of the terminal system. But if such injury or loss shall be caused exclusively by an employee, or through the fault of one or more of the companies using said terminal system, claims arising thereon shall be paid by the company which causes such injury or loss.

XII. The General Managers or other chief officers of the companies using the passenger depot, in conjunction with the Superintendent thereof, shall establish the time for departure and arrival of their respective trains, and each company shall receive equal and impartial privileges in the use of said terminal system.

XIII. If either company using said terminal system, or any part thereof, shall at any time made default in the payment of either of the payments herein stipulated by it to be paid, or in the performance of any obligation herein stipulated to be performed by it, and such default shall continue for the space of thirty days after notice and request to pay or perform, in that event at the option of the first party, but not otherwise, all rights of such party in default to the use and enjoyment of any part of said terminal system, whether by virtue of this agreement or otherwise, shall at once cease and determine; and such defaulting company shall and will surrender and yield to the party or parties not in default undisturbed and peaceable possession of said entire terminal system and every part thereof, and in the event of either of the said companies retiring from said premises in default as aforesaid or otherwise, it is agreed that the company or companies remaining in occupancy of said terminal system will pay, in the manner provided in paragraph VI., its proportion of the deficiency arising out of such default; but such defaulting party shall, notwithstanding such re-entry, still be liable in damages to the said party of the first part, and to each of said proprietary lines for all damages sustained by reason of its default; provided, however, that the total gross sum which any one of the proprietary companies parties hereto shall be called upon to pay as provided in Section VI., in any one year toward making up any deficit in the net earning, to meet the fixed charges shall not in any one year exceed one-seventh of one million dollars, which last-named sum is in excess of the entire fixed charges assumed under this agreement, and, provided further, that the tolls to be levied on traffic as contemplated in this agreement shall at no time be so great as to place any proprietary company using said terminals at a disadvantage in respect to its traffic that be in competition with that of other lines.

XIV. The first party agrees that it will cause the corporate existence of the Union Depot Company and of the Union Railway and Transit Company of East St. Louis and of the Terminal Railroad of East St. Louis to be maintained in case counsel shall deem the same necessary, and that each of said companies shall exercise its franchises solely for the benefit of the first party. All of the capital stock of these companies as purchased by the first party shall express on the face of the certificates thereof that it is the property of said first party and that it is not to be alienated from its owner,

except that portions of it may be transferred to individuals to qualify them as directors and inspectors of elections under the law; but such stock so issued shall express upon its face that it is transferable only back to the company.

XV. All subordinate officers, agents and employees engaged in the operation of the terminal system, or any part thereof (not including herein the general officers), shall be subject to removal on request in writing of either of the companies using the same, made to the Executive Committee and for good cause shown.

XVI. Neither the first party nor any of its officers, agents or employees shall, in the operation of said terminal system, discriminate in any manner whatever in favor of any company in respect to the use of the same or any part thereof, or in respect to the transfer or handling of cars, and each of said companies shall in all respects have equal facilities and accommodations with all other companies now or hereafter using said terminal system, except as to the special stations assigned to special lines, as provided in paragraph VIII.

XVII. Neither party hereto shall sell, assign, transfer or underlet the rights and privileges hereby granted, or any of them, to any other company or companies without the unanimous consent of the Board of Directors of the first party.

XVIII. If at any time a difference of opinion shall exist in respect to the rights or duties of any company using the terminal system under this agreement, or under the rules which may be adopted or terms and conditions which may be prescribed by the Board of Directors, the question in dispute shall be referred to a Board of Arbitrators, consisting of three competent disinterested persons, one of whom shall be chosen by the party making complaint, and the other by the President of the first party, and the two so chosen shall select a third. The party desiring such arbitration shall give written notice of the same to the President of the first party, setting forth definitely the point or points in dispute, and name the person selected by such party to act as arbitrator. In the event that the party on whom such notice shall be served shall not, within fifteen days of said service, name a second disinterested person to act as arbitrator, the party giving such notice shall select a second, and the two thus chosen shall select a third. The Board of Arbitration thus chosen shall proceed at once to hear, consider and determine the matters submitted to them, and shall proceed to give the party at least ten days' notice of the time and place of hearing, and at the time and place appointed shall proceed with the hearing, unless for good cause, of which the arbitrators shall be the judges, the same shall be postponed until some later day or days, and the decision of the arbitrators or a majority of them to be made in writing, and a copy thereof to be delivered to each of the parties to the dispute shall be final and conclusive upon the parties in reference to the matter so submitted.

XIX. This agreement may be executed in counterparts, and any railroad company not named as second party hereto, may be admitted to joint use of said terminal system on unanimous consent, but not otherwise, of the directors of the first party, and on payment of such a consideration as they

may determine, and on signing this agreement or any counterpart thereof thereby indicating its rights and duties in respect to use of said terminal system to be the same and none other than the said proprietary companies named as second party hereto.

In Testimony Whereof, the parties have caused this agreement to be executed as of the day and year first above written.

ADMISSION AGREEMENT of new companies. Dated, December 16, 1902, Terminal Railroad Association of St. Louis, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, Chicago, Burlington and Quincy Railway Company and Missouri, Kansas and Texas Railway Company and the Chicago and Alton Railroad Company and Chicago, Burlington and Quincy Railroad Company.

This Agreement made this sixteenth day of December, 1902, between Terminal Railroad Association of St. Louis (hereinafter called the Terminal Company), party of the first part; Southern Railway Company (hereinafter called the Southern Company), Illinois Central Railroad Company (hereinafter called the Illinois Company), The Chicago and Alton Railway Company (hereinafter called the Alton Company), Chicago, Burlington and Quincy Railway Company (hereinafter called the Burlington Company) and Missouri, Kansas and Texas Railway Company (hereinafter called the Kansas Company), and hereinafter designated collectively the New Companies, parties of the second part; The Chicago and Alton Railroad Company and Chicago, Burlington and Quincy Railroad Company, parties of the third part:

On the first day of October, 1889, a certain agreement was entered into between the Terminal Company, as first party, and the Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, and Louisville and Nashville Railroad Company, as second parties, a copy of which said agreement is hereto attached marked Exhibit A, and made part hereof with like force and effect, as if the same were herein fully set forth, and is hereinafter referred to as Exhibit A.

Since the execution of said agreement, Exhibit A, Baltimore and Ohio Southwestern Railroad Company (as successor of said Ohio and Mississippi Railway Company), St. Louis and San Francisco Railroad Company, St. Louis, Vandalia and Terre Haute Railroad Company, and The Chicago, Rock Island and Pacific Railway Company, have severally become and now are parties to said agreement, Exhibit A, as parties of the second part thereto.

The New Companies severally desire to become parties to said agreement, Exhibit A, their rights and obligations thereunder, however, to become effective only as and from the day of the date hereof.

The Terminal Company and all of the parties of the second part to said agreement, Exhibit A, are willing and have consented that the New Companies shall, on the terms and conditions herein set forth, severally become parties to said agreement, Exhibit A.

Unanimous consent of all the directors of the Terminal Company, evidenced by the adoption of a resolution by its board of directors, has been given to the admission of the New Companies severally as parties of the second part to said agreement Exhibit A.

Now, Therefore, for a valuable consideration, it is agreed between the parties hereto as follows:

1. The Terminal Company, each and every of the stockholders and each and every of the directors thereof having thereto consented, in consideration of the obligations herein severally assumed by the New Companies, does hereby agree to cause to be transferred and delivered to each of the New Companies two thousand fifty-eight (2,058) shares of the capital stock of the Terminal Company, said two thousand and fifty-eight (2,058) shares being the proportion of such stock now held severally by each of the parties of the second part to said agreement Exhibit A, and does hereby, on and from this date admit each of the New Companies severally to the joint use with the parties of the second part to said agreement Exhibit A of all the terminal facilities of the Terminal Company, in like manner and to like extent as if the New Companies had at this date executed said agreement Exhibit A as parties of the second part; it being understood, however, that such right is not transferable to any extent, but is to remain as appurtenant to the respective railroads of the New Companies.

2. In consideration of said transfer and delivery of said stock, and of such admission thereby to membership as a proprietary line of the Terminal Company, each of the New Companies hereby severally assumes the obligations of said agreement Exhibit A with like force and effect as if it had on this date executed as party of the second part said agreement Exhibit A, and accepts the right of joint use herein granted by the Terminal Company, and hereby covenants and agrees that it will forever make use of the terminal facilities of the Terminal Company for all passenger and freight traffic within its control, to and from St. Louis and destined to cross the Mississippi River at St. Louis, and to pay therefor as in said agreement Exhibit A provided.

3. It is hereby declared to be the intention of the parties hereto, and the purpose in the execution of this agreement, that each of the New Companies, as consideration for and upon acceptance of said stock and the execution of this agreement, shall be and does hereby become a party to said agreement Exhibit A with like force and effect as if it had executed the same as of October 1st, 1889, the date upon which said agreement was executed by the then parties thereto, save and except that said agreement shall become effective, be binding upon and inure to the benefit of each of the New Companies only as and from the day of the date of the execution and delivery hereof.

4. The stock of the Terminal Company to be issued as herein contemplated shall, in form and condition of issue, correspond in all respects with the certificates of stock heretofore severally issued to said parties of the second part to said agreement Exhibit A.

5. Upon the execution and delivery hereof, or so soon thereafter as can be conveniently done, two shares of said stock allotted to each of the New

1702 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

Companies shall be transferred to such party as it may designate as a director of the Terminal Company to represent its interests therein, and for the purpose only of qualifying said persons as director; and the remaining shares of said stock to be issued to the New Companies as herein contemplated, shall be transferred to them severally, and the Terminal Company shall cause the parties designated by the New Companies to be elected members of the board of directors of the Terminal Company.

6. The Alton Company is lessee of the railroad of The Chicago and Alton Railroad Company, and the Burlington Company is lessee of the railroad of Chicago, Burlington and Quincy Railroad Company. Each of said lessor companies hereby covenants and agrees that it will forever make use of the terminal facilities of the Terminal Company for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis and to pay therefor as in said agreement Exhibit A provided, and as proprietary companies of the Terminal Company may from time to time undertake or be required to pay; and in consideration of the grant by the Terminal Company of such right of use, each of said lessor companies does hereby assent to the execution and delivery of this agreement by its lessee company, and guarantees unto the Terminal Company the faithful performance and observance by its lessee company of the obligations herein and of the agreement, Exhibit A, on the part of its lessee company, and of all other obligations into which, as a proprietary company of the Terminal Company, its lessee may enter with the Terminal Company.

In Witness Whereof the parties hereto have caused this agreement to be executed by their proper officers, in seven or more parts, each part to be deemed an original, as of the day and year first above written.

TRUST AGREEMENT, Dated, December 16, 1902. The Missouri Pacific Railway Company and others,.....Railroad Companies, and Central Trust Company of New York and William Taussig, Trustees.

An Agreement made the sixteenth day of December, in the year one thousand nine hundred and two, between The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Pennsylvania Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, Chicago, Burlington and Quincy Railway Company and Missouri, Kansas and Texas Railway Company, hereinafter termed collectively, for convenience, the Railroad Companies, of the first part; and Central Trust Company of New York and William Taussig, as Trustees under the general mortgage of Terminal Railroad Association of St. Louis, hereinafter described, of the second part, hereinafter termed the Trustees;

Terminal Railroad Association of St. Louis, hereinafter termed the Terminal Association, is a corporation organized under the laws of the State of Missouri, by an agreement of consolidation made on the 26th day of July, 1889, between Union Railway and Transit Company of St. Louis and Terminal Railroad of St. Louis, and duly filed for record in the office of the Secretary of State of the State of Missouri.

The Terminal Association was so organized for the purpose of acquiring title to and possession of various terminal railroad facilities in St. Louis and East St. Louis, and to secure to the various railroad companies owning

or operating railroads entering said cities an efficient and economical method for interchanging passenger and freight traffic at the points named.

By an agreement, dated October 1, 1889, between the Terminal Association, of the first part, and The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, and Louisville and Nashville Railroad Company, of the second part, the Terminal Association granted to each of said companies, and each of said companies accepted, a right, forever, of joint use with each other and with such other companies as might be admitted, as proprietary lines, to joint use thereof, of all terminal properties of the Terminal Association then held or that might thereafter be acquired in said St. Louis and East St. Louis, for passenger and freight, express and mail business, and for the interchange of the same between each other and with the public, the right granted to each proprietary company to remain as appurtenant to the railroad then owned by such proprietary company; and each of said proprietary companies, parties to said agreement, agreed forever to make use of the bridge and terminal properties of the Terminal Association for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis.

By said agreement it was provided that the rates of toll or charges should be fixed, subject as therein provided, so as to produce a sum sufficient each year to pay the fixed charges of the Terminal Association, including rentals, taxes and assessments, the expenses of maintaining the corporate organization of the Terminal Association and interest and dividends on such bonds or preferred stock not then contemplated as might become necessary to be thereafter issued for the purpose of future extensions and betterments to the properties of the Terminal Association, and each of the proprietary companies, parties thereto, agreed by Article XIII thereof to pay its proportion of any deficiency, provided that the total gross sum which any one of the proprietary companies, parties thereto, should be called on to pay in any one year towards making up any deficit in the net earnings to meet the fixed charges, should not in any one year exceed one-seventh of one million dollars, which was therein stated to be in excess of the entire fixed charges assumed under said agreement, and provided, further, that the tolls to be levied on traffic, as contemplated in said agreement, should at no time be so great as to place any proprietary company using said terminals at a disadvantage in respect to its traffic that may be in competition with that of other lines.

Since the execution of said agreement, Baltimore and Ohio Southwestern Railroad Company, as successor of said Ohio and Mississippi Railway Company, St. Louis and San Francisco Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, hereinafter called the Alton Company, Chicago, Burlington and Quincy Railway Company, hereinafter called the Burlington Company, and Missouri, Kansas and Texas Railway Company, hereinafter called the Kansas Company, have severally

become parties to said agreement. The railroad companies, parties to said agreement, to-wit: The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company (hereinafter called the Vandalia Company), Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, the Alton Company, the Burlington Company and the Kansas Company, are hereinafter termed, collectively, Proprietary Companies. The obligations of the Vandalia Company under said agreement have been duly guaranteed by The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, and by Terre Haute and Indianapolis Railroad Company, the lessee, for account of itself and of said The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, of the line of railroad of the Vandalia Company; the obligations of the Alton Company thereunder have been duly guaranteed by The Chicago and Alton Railroad Company and the obligations of the Burlington Company thereunder have been duly guaranteed by Chicago, Burlington and Quincy Railroad Company. The Pennsylvania Company now owns a majority of the capital stock of the Vandalia Company.

The Terminal Association since said October 1, 1889, has from time to time acquired additional properties. The terminal facilities of the Terminal Association both at St. Louis and at East St. Louis are inadequate and must be extended in order to meet the requirements of the Proprietary Companies, and for efficiency and economy it is desired that such extension of terminal facilities be made by the Terminal Association.

For the purposes aforesaid, as well as to provide for funding its existing bonded indebtedness and for the improvement and betterment of its system, the Terminal Association has determined to issue its bonds limited to the aggregate principal amount of \$50,000,000 at any one time outstanding, to be known as its general mortgage bonds and hereinafter called the general mortgage bonds, to be payable the first day of January, 1953, to bear interest from the first day of January, 1903, at the rate of four per cent per annum, payable semi-annually on the first days of January and July in each year, and to be payable, both as to principal and interest, at the office or agency of the Terminal Association in the City of New York, N. Y., in gold coin of the United States, of or equal to the present standard of weight and fineness, and, both as to principal and interest, without deduction for any tax or taxes which the Terminal Association may be required to pay thereon or retain therefrom under any present or future law of the United States, or of any state, county or municipality thereof; and, to secure said bonds, has determined to execute and deliver to Central Trust Company of New York and William Taussig, the Trustees, a mortgage and deed of trust, hereinafter called the general mortgage, of all its property and franchises therein particularly described, and of all its property and franchises at any time by it to be acquired.

The Proprietary Companies are the owners in severalty of all the capital

stock of the Terminal Association, in equal shares, and said action on the part of the Terminal Association has been taken at the instance and request of the Proprietary Companies, each of which has approved the general mortgage bonds and the general mortgage and, in respect of the stock of the Terminal Association owned by it, has authorized the execution and delivery thereof.

The Terminal Association has entered into an agreement to sell the general mortgage bonds, or some of them, and as a condition precedent to the purchase thereof, and as part of the consideration inducing such purchase, the Proprietary Companies, by an agreement with the Terminal Association and the Trustees, bearing date the sixteenth day of December, 1902, hereinafter called the Guaranty Agreement, have agreed, among other things:

(a) That such rates of toll or charges for the use by the Proprietary Companies of the properties of the Terminal Association, granted under the agreement of October 1, 1889, hereinabove recited, shall be fixed from time to time by the Terminal Association as will produce a sum sufficient each year to pay the following charges, which are therein and hereinafter termed the fixed charges of the Terminal Association, to wit:

1. all rentals on any properties leased by the Terminal Association;

2. interest on all bonds of the Terminal Association from time to time outstanding, theretofore issued or authorized;

3. interest on all the general mortgage bonds of the Terminal Association, at any time issued under the general mortgage and outstanding, and such sums as may be required for the payment or satisfaction of installments of the sinking fund created under the general mortgage of the Terminal Association;

4. all taxes and assessments, premiums of insurance, payments, charges and expenses of every nature incurred in the maintenance, operation, repair and renewal of the system and properties of the Terminal Association, and every part thereof;

5. whatever expenses may be legitimately incurred in maintaining the corporate organization of the Terminal Association and of any other company or companies whose creation or organization may be necessary in order fully to accomplish the objects desired in the organization of the terminal system of the Terminal Association;

(b) that the proviso contained in Article XIII of the agreement of October 1, 1889, hereinabove recited, limiting the total gross sum which any one of the Proprietary Companies may be called upon to pay in any one year towards making up any deficit in the net earnings of the Terminal Association to meet the fixed charges of the Terminal Association, and limiting the amount of the tolls to be levied on traffic, be waived;

(c) that the Proprietary Companies will forever make use of the properties of the Terminal Association granted under said agree-

ment of October 1, 1889, for all passenger and freight traffic within their control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis;

(d) that the Proprietary Companies will, at all times, pay for the use of the properties of the Terminal Association granted under said agreement of October 1, 1889, the tariff rates from time to time established by the Terminal Association for such use, and that such tariff rates shall be so fixed as to insure the production of sufficient revenue at all times to enable the Terminal Association punctually to meet and discharge the fixed charges of the Terminal Association as defined as aforesaid in the Guaranty Agreement;

(e) that, to the end that the Terminal Association may at all times be able to pay and discharge promptly as and when due the interest on all of the general mortgage bonds issued by it, as well as any and all taxes, costs, charges, expenses and obligations incurred by the Terminal Association, or for which it shall become liable in the operation and maintenance of its properties, as well as installments of sinking fund under the general mortgage and the other fixed charges of the Terminal Association as defined as aforesaid in the Guaranty Agreement, the Proprietary Companies, each to the extent of one-fourteenth thereof only, guarantee the prompt payment, as and when due, of all interest on all the general mortgage bonds of the Terminal Association at any time issued under the general mortgage, according to the tenor and effect of the general mortgage bonds and of the general mortgage, and the payment and satisfaction of the installments of the sinking fund under the general mortgage.

The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company and Terre Haute and Indianapolis Railroad Company, the lessee, for account of itself and said The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, of the railroad of the Vandalia Company, joined in the Guaranty Agreement, and guaranteed the faithful and punctual performance by the Vandalia Company of the covenants thereof. The Burlington Company is the lessee of the railroad of Chicago, Burlington and Quincy Railroad Company, and the Alton Company is lessee of the railroad of The Chicago and Alton Railroad Company; said lessor companies joined in the Guaranty Agreement and respectively guaranteed the faithful and punctual performance by their respective lessees of the covenants thereof.

The Railroad Companies desire further to secure the general mortgage bonds of the Terminal Association by the assignment and transfer of the stocks hereinafter in the granting clause hereof specified.

For a valuable consideration, it is therefore agreed as follows:

FIRST. The Railroad Companies bargain, sell, assign, set over, transfer and deliver to the Trustees nine thousand five hundred shares of one hundred dollars each, full paid and non-assessable, of the capital stock of Wiggins Ferry Company, and all additional shares of the stock of said Ferry Company which may be acquired by or for or on behalf of the Railroad Companies, or any of them, or in their interest, or be held in trust for

them or for their benefit, or in trust for or for the benefit of any of them;

To Have and to Hold unto the Trustees, their successors in the trust and their assigns, forever, on the trusts and for the uses and purposes, and subject to all the terms, provisions and stipulations in the general mortgage and in the general mortgage bonds contained, and for the uses and purposes, and upon and subject to all the terms, conditions, provisos and agreements in the general mortgage expressed and declared, as additional security for the general mortgage bonds from time to time issued under the general mortgage of the Terminal Association, and outstanding.

SECOND. If the said sums of money in the general mortgage bonds mentioned, as well the principal as the interest thereof, shall be well and truly paid at the times and in the manner therein and in the general mortgage expressed, according to the tenor and effect thereof, then, and in such case, the estate, right, title and interest of the Trustees, their successors in the trust, and their assigns, shall cease, determine and become void, and upon proof being given to the reasonable satisfaction of the Trustees that all the general mortgage bonds at any time issued and all accrued interest thereon have been paid off and satisfied, and upon payment of all costs, charges and expenses incurred by the Trustees in relation thereto, the Trustees shall re-assign or cause to be re-assigned, transferred and delivered to the Railroad Companies, or on their order, the stocks hereby assigned and transferred, and shall cancel and satisfy this agreement.

THIRD. The Railroad Companies, each for itself, expressly waive and release all right to have the stocks embraced in this agreement and hereby assigned and transferred, marshalled in any foreclosure of the general mortgage or other enforcement thereof; and the trustees in the general mortgage or any court, in which the foreclosure of the general mortgage or the administration of the trusts by the general mortgage created is sought, shall have the right to sell the stocks hereby assigned and transferred, as part of the mortgaged premises therein embraced, and to determine whether such sale shall be made of the mortgaged premises as a whole, in a single lot or parcel, or in more than one parcel.

FOURTH. The Railroad Companies will not, nor will any of them, at any time, insist upon, or plead, or in any manner whatever claim or take the benefit or advantage of any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the terms, covenants and performance of this agreement, or of the general mortgage, nor will the Railroad Companies, nor will any of them, claim, take or insist upon any benefit or advantage from any law now or hereafter in force, providing for the valuation or appraisement of the trust estate embraced in the general mortgage, including the stocks hereby assigned and transferred, prior to any disposition thereof to be made pursuant to any provision of the general mortgage or herein contained, or to the decree of any court of competent jurisdiction; nor will the Railroad Companies, nor will any of them, after such disposition, claim or exercise any right under any law or statute wherever enacted and now or at any time in force to redeem the trust estate embraced in the general mortgage, including the stocks hereby assigned and transferred, or any part thereof, and the

Railroad Companies expressly waive any benefit and advantage under any such law or laws, and covenant that they will not hinder, delay or impede the execution of any power in the general mortgage or herein or hereby granted and delegated to the Trustees, but will suffer and permit the execution of every such power as though no such law or laws had been made or enacted.

FIFTH. This agreement shall extend to the successors of the respective parties of the first part and to the successors in the trust under the general mortgage of the parties of the second part.

In Witness Whereof each of the parties of the first part has caused its corporate seal to be hereunto affixed and this agreement to be signed by its president or a vice-president, and its secretary or an assistant secretary, and Central Trust Company of New York has caused its corporate seal to be hereunto affixed and this agreement to be signed by one of its vice-presidents and by its secretary or an assistant secretary and the said William Taussig has hereunto subscribed his name and affixed his seal, the day and year first above written.

GUARANTEE AGREEMENT. Dated December 16, 1902, The Missouri Pacific Railway Company and others, Proprietary Companies; the Pittsburg, Cincinnati, Chicago and St. Louis Railway Company and Terre Haute and Indianapolis Railroad Company, Guarantors of the St. Louis, Vandalia and Terre Haute Railroad Company; the Chicago and Alton Railroad Company, Guarantor of the Chicago and Alton Railway Company; Chicago, Burlington and Quincy Railroad Company, Guarantor of Chicago, Burlington and Quincy Railway Company; Terminal Railroad Association of St. Louis; and Central Trust Company of New York and William Taussig, Trustees.

An Agreement made the sixteenth day of December, in the year one thousand nine hundred and two, between The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, of the second part; Terminal Railroad Association of St. Louis, way Company, hereinafter called the Alton Company, Chicago, Burlington and Quincy Railway Company, hereinafter called the Burlington Company, and Missouri, Kansas and Texas Railway Company, hereinafter called the Kansas Company; which collectively are hereinafter termed, for convenience, Proprietary Companies, of the first part; The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, hereinafter termed the Panhandle Company, Terre Haute and Indianapolis Railroad Company, hereinafter termed the Terre Haute Company, The Chicago and Alton Railroad Company, hereinafter called the Alton Railroad Company, and Chicago, Burlington and Quincy Railroad Company, hereinafter called the Burlington Railroad Company, of the second part; Terminal Railroad Association of St. Louis hereinafter termed the Terminal Association, of the third part; and Central Trust Company of New York and William Taussig, hereinafter termed the Trustees, as Trustees under the general mortgage of the Terminal Association hereinafter described, of the fourth part;

The Terminal Association is a corporation organized under the laws of the State of Missouri, by an agreement of consolidation made on the 26th day of July, 1889, between Union Railway and Transit Company of St. Louis and Terminal Railroad of St. Louis, and duly filed for record in the office of the Secretary of State of the State of Missouri.

The Terminal Association was so organized for the purpose of acquiring title to and possession of various terminal railroad facilities in St. Louis

and East St. Louis, and to secure to the various railroad companies owning or operating railroads entering said cities an efficient and economical method for interchanging passenger and freight traffic at the points named.

By an agreement, dated October 1, 1889, between the Terminal Association, of the first part, and The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company and Louisville and Nashville Railroad Company, of the second part, the Terminal Association granted to each of said companies, and each of said companies accepted, a right, forever, of joint use with each other and with such other companies as might be admitted, as proprietary lines, to joint use thereof, of all terminal properties of the Terminal Association then held or that might thereafter be acquired in said St. Louis and East St. Louis, for passenger and freight, express and mail business, and for the interchange of the same between each other and with the public, the right granted to each proprietary company to remain as appurtenant to the railroad then owned by such proprietary company; and each of said proprietary companies, parties to said agreement, agreed forever to make use of the bridge and terminal properties of the Terminal Association for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis.

By said agreement it was provided that the rates of toll or charges should be fixed, subject as therein provided, so as to produce a sum sufficient each year to pay the fixed charges of the Terminal Association, including rentals, taxes and assessments, the expenses of maintaining the corporate organization of the Terminal Association and interest and dividends on such bonds or preferred stock not then contemplated as might become necessary to be thereafter issued for the purpose of future extensions and betterments to the properties of the Terminal Association, and each of the proprietary companies, parties thereto, agreed by Article XIII thereof to pay its proportion of any deficiency, provided that the total gross sum which any one of the proprietary companies, parties thereto, should be called on to pay in any one year towards making up any deficit in the net earnings to meet the fixed charges, should not in any one year exceed one-seventh of one million dollars, which was therein stated to be in excess of the entire fixed charges assumed under said agreement, and provided, further, that the tolls to be levied on traffic, as contemplated in said agreement, should at no time be so great as to place any proprietary company using said terminals at a disadvantage in respect to its traffic that may be in competition with that of other lines.

Since the execution of said agreement, Baltimore and Ohio Southwestern Railroad Company, as successor of said Ohio and Mississippi Railway Company, St. Louis and San Francisco Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, hereinafter called the Vandalia Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, the Alton Company, the Burlington Company, and the Kansas Company, have severally become parties to said agreement; the obligations of the Vandalia Company under said agreement have been duly guaranteed by the Panhandle Company

and the Terre Haute Company; the obligations of the Alton Company thereunder have been duly guaranteed by the Alton Railroad Company and the obligations of the Burlington Company thereunder have been duly guaranteed by the Burlington Railroad Company.

The Terminal Association since said October 1, 1889, has from time to time acquired additional properties. The terminal facilities of the Terminal Association both at St. Louis and at East St. Louis are inadequate and must be extended in order to meet the requirements of the Proprietary Companies, and for efficiency and economy it is desired that such extension of terminal facilities be made by the Terminal Association.

For the purposes aforesaid, as well as to provide for funding existing bonded indebtedness and for the improvement and betterment of its system, the Terminal Association has determined to issue its bonds limited to the aggregate principal amount of \$50,000,000 at any one time outstanding, to be known as its general mortgage bonds and hereinafter called the general mortgage bonds to be payable the first day of January, 1953, to bear interest from the first day of January, 1903, at the rate of four per cent per annum, payable semi-annually on the first days of January and July in each year, and to be payable, both as to principal and interest, at the office or agency of the Terminal Association in the City of New York, N. Y., in gold coin of the United States, of or equal to the present standard of weight and fineness, and, both as to principal and interest, without deduction for any tax or taxes which the Terminal Association may be required to pay thereon or retain therefrom under any present or future law of the United States, or of any state, county or municipality thereof; and, to secure said bonds, has determined to execute and deliver to Central Trust Company of New York and William Taussig, the Trustees, a mortgage and deed of trust, hereinafter called the general mortgage, of all its property and franchises therein particularly described, and of all its property and franchise at any time by it to be acquired.

The Proprietary Companies are the owners in severalty of all the capital stock of the Terminal Association, in equal shares, and said action on the part of the Terminal Association has been taken at the instance and request of the Proprietary Companies, each of which has approved the general mortgage bonds and the general mortgage and, in respect of the stock of the Terminal Association owned by it, has authorized the execution and delivery thereof. Said approval and authorization on the part of the Vandalia Company has been given with the consent and approval of the Panhandle Company and of the Terre Haute Company, and said approval and authorization on the part of the Alton Company and the Burlington Company has been given with the consent and approval, respectively, of the Alton Railroad Company and the Burlington Railroad Company.

The Terminal Association has entered into an agreement to sell the general mortgage bonds, or some of them, and as a condition precedent to the purchase thereof, and as part of the consideration inducing such purchase, the Proprietary Companies, being owners of all the capital stock of the Terminal Association and interested in the extension of its terminal facilities, have agreed to execute and deliver this agreement.

For a valuable consideration:

First. It is agreed between the Terminal Association, the Proprietary Companies and the Trustees as hereinafter in this article set forth:

(a) Such rates of toll or charges for the use by the Proprietary Companies of the properties of the Terminal Association, granted under the agreement of October 1, 1889, hereinabove recited, shall be fixed from time to time by the Terminal Association as will produce a sum sufficient each year to pay the following charges, which are hereinafter termed the fixed charges of the Terminal Association, to wit:

1. all rental on any properties leased by the Terminal Association;
2. interest on all bonds of the Terminal Association from time to time outstanding, heretofore issued or authorized;
3. interest on all the general mortgage bonds of the Terminal Association, at any time issued under the general mortgage and outstanding, and such sums as may be required for the payment or satisfaction of instalments of the sinking fund created under the general mortgage of the Terminal Association;
4. all taxes and assessments, premiums of insurance, payments, charges and expenses of every nature incurred in the maintenance, operation, repair and renewal of the system and properties of the Terminal Association and every part thereof;
5. whatever expenses may be legitimately incurred in maintaining the corporate organization of the Terminal Association and of any other company or companies whose creation or organization may be necessary in order fully to accomplish the objects desired to the organization of the terminal system of the Terminal Association,

(b) The proviso contained in Article XIII of the agreement of October 1, 1889, hereinabove recited, limiting the total gross sum which any one of the Proprietary Companies may be called upon to pay in any one year towards making up any deficit in the net earnings of the Terminal Association to meet the charges defined in the preceding subdivision, and limiting the amount of the tolls to be levied on traffic as contemplated in said agreement, is hereby waived.

Second. The Proprietary Companies, each for itself and not for the others, hereby covenant and agree, to and with the others, and separately to and with the Terminal Association, and separately to and with the Trustees as trustees of an express trust, as hereinafter in this article set forth:

(a) the Proprietary Companies will forever make use of the properties of the Terminal Association granted under said agreement of October 1, 1889, for all passenger and freight traffic within their control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis;

(b) the Proprietary Companies will, at all times, pay for the use of the properties of the Terminal Association granted under said agreement of October 1, 1889, the tariff rates from time to time established by the Terminal Association for such use, and such tariff rates shall be so fixed as to insure the production of sufficient revenue at all times to enable the Terminal Association punctually

to meet and discharge the fixed charges of the Terminal Association hereinabove in the first article of this agreement specified;

(c) not less than thirty days nor more than sixty days prior to each and every interest day in the general mortgage and in the general mortgage bonds specified, a meeting of the board of directors of the Terminal Association shall be held, at which shall be submitted by its auditor, treasurer or other proper officer, a statement of the funds that will be available for the purpose of meeting at maturity the fixed charges of the Terminal Association as defined in the first article of this agreement. If, from such statement it appears that such funds will not be adequate to pay said fixed charges maturing on and prior to said next ensuing interest day, the Terminal Association shall make sight drafts, respectively, upon each Proprietary Company for its proportion of the deficit, as shown by such statement, payable not less than ten days before such interest day, and such draft upon its each of the Proprietary Companies, for itself agrees to accept and punctually to pay;

(d) for the purpose of carrying into effect the foregoing covenants of this article and to the end that the Terminal Association may at all times be able to pay and discharge promptly as and when due the interest on all of the general mortgage bonds issued by it, as well as any and all taxes, costs, charges, expenses and obligations incurred by the Terminal Association, or for which it shall become liable in the operation and maintenance of its properties, as well as instalments of sinking fund under the general mortgage and the other fixed charges of the Terminal Association as defined in the first article hereof, each of the Proprietary Companies does hereby, each to the extent of one-fourteenth thereof only, guarantee the prompt payment, as and when due, of all interest on all the general mortgage bonds of the Terminal Association at any time issued under the general mortgage, according to the tenor and effect of the general mortgage bonds and of the general mortgage, and the payment and satisfaction of the instalments of the sinking fund under the general mortgage.

Third. The Proprietary Companies, each for itself and not for the others, hereby covenant and agree to and with the others, and the Terminal Association agrees with the Proprietary Companies that, if under subdivision (c) of the next preceding article, the Proprietary Companies, or any of them, shall be required to make payment to the Terminal Association of any deficit in the net earnings of the Terminal Association to meet the fixed charges of the Terminal Association as defined in the first article of this agreement, the tolls of the Terminal Association shall thereafter be so adjusted as to yield revenue sufficient to reimburse each of the Proprietary Companies which shall have made such advances, for the amount of its advances with interest thereon at the rate of four per centum per annum.

Fourth. The Proprietary Companies and the Terminal Association agree with each other that nothing in this agreement contained shall be construed

(a) to affect, as among themselves, the obligation of the Proprietary Companies under the foregoing articles and the covenants of said agreement of October 1, 1889, to pay to the Terminal Association for their respective use of its properties the tariff rates from time to time established by the Terminal Association for such use; or

(b) to impair the right of the Proprietary Companies to be reimbursed by the Terminal Association for any advances made by them, or any of them, under or in pursuance of any of the covenants in the preceding articles of this agreement, or in pursuance of said agreement of October 1, 1889.

Fifth. The Terre Haute Company is the lessee for account of itself and the Panhandle Company of the railroad of the Vandalia Company. For a valuable consideration, the Panhandle Company and the Terre Haute Company, each for itself, hereby guarantee unto the Proprietary Companies, and separately unto the Terminal Association, and separately unto the Trustees, the faithful and punctual performance by the Vandalia Company of each of the covenants of this agreement on the part of the Vandalia Company.

Sixth. The Burlington Company is the lessee of the railroad of the Burlington Railroad Company, and the Alton Company is the lessee of the railroad of the Alton Railroad Company; and the Burlington Railroad Company and the Alton Railroad Company are guarantors of the obligations of their respective lessees under the agreement of October 1, 1889. For a valuable consideration the Burlington Railroad Company and the Alton Railroad Company, each for itself, hereby guarantee unto the Proprietary Companies, and separately unto the Terminal Association, and separately unto the Trustees, the faithful and punctual performance by its said lessee of each of the covenants of this agreement on the part of its said lessee.

In Witness Whereof each of the corporations, parties hereto, has caused its corporate seal to be hereunto affixed, and this agreement to be signed by its president or a vice-president and its secretary or an assistant secretary and the said William Taussig has hereunto subscribed his name and affixed his seal, the day and year first above written.

A. LANSING BAIRD,
Notary Public,
New York County, New York.

FERRY STOCK AGREEMENT. Dated, December 16, 1902. The Missouri Pacific Railway Company and others, and Terminal Railroad Association of St. Louis.

An Agreement made the sixteenth day of December, in the year one thousand nine hundred and two, between The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Pennsylvania Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, hereinafter called the Southern Company, Illinois Central Railroad Company, hereinafter called the Illinois Company, The Chicago and Alton Railway Company, hereinafter called the Alton Company, Chicago, Burlington and Quincy Railway Company, hereinafter called the Burlington Company, and Missouri, Kansas and Texas Railway Company, hereinafter called the Kansas Company, which collectively are hereinafter termed, for convenience, the Railroad Companies, of the first part; and Terminal Railroad Association of St. Louis, hereinafter termed the Terminal Association, of the second part;

The Terminal Association is a corporation organized under the laws of the State of Missouri, by an agreement of consolidation made on the 26th day of July, 1889, between Union Railway and Transit Company of St. Louis and Terminal Railroad of St. Louis, and duly filed for record in the office of the Secretary of State of the State of Missouri.

The Terminal Association was so organized for the purpose of acquiring title to and possession of various terminal railroad facilities in St. Louis and East St. Louis, and to secure to the various railroad companies owning or operating railroads entering said cities an efficient and economical method for interchanging passenger and freight traffic at the points named.

By an agreement, dated October 1, 1889, between the Terminal Association, of the first part, and The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, and Louisville and Nashville Railroad Company, of the second part, the Terminal Association granted to each of said companies, and each of said companies accepted, a right, forever, of joint use with each other and with such other companies as might be admitted, as proprietary lines, to joint use thereof, of all terminal properties of the Terminal Association then held or that might thereafter be acquired in said St. Louis and East St. Louis, for passenger and freight, express and mail business, and for the interchange of the same between each other and with the public, the right granted to each proprietary company to remain as appurtenant to the railroad then owned by such proprietary company; and each of said proprietary companies, parties to said agreement, agreed forever to make use of the bridge and terminal properties of the Terminal Association for all passenger and freight

traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis.

By said agreement it was provided that the rates of toll or charges should be fixed, subject as therein provided, so as to produce a sum sufficient each year to pay the fixed charges of the Terminal Association, including rentals, taxes and assessments, the expenses of maintaining the corporate organization of the Terminal Association and interest and dividends on such bonds or preferred stock not then contemplated as might become necessary to be thereafter issued for the purpose of future extensions and betterments to the properties of the Terminal Association, and each of the proprietary companies, parties thereto, agreed by Article XIII thereof to pay its proportion of any deficiency, provided that the total gross sum which any one of the proprietary companies, parties thereto, should be called on to pay in any one year towards making up any deficit in the net earnings to meet the fixed charges, should not in any one year exceed one-seventh of one million dollars, which was therein stated to be in excess of the entire fixed charges assumed under said agreement, and provided, further, that the tolls to be levied on traffic, as contemplated in said agreement, should at no time be so great as to place any proprietary company using said terminals at a disadvantage in respect to its traffic that may be in competition with that of other lines.

Since the execution of said agreement, Baltimore and Ohio Southwestern Railroad Company, as successor of said Ohio and Mississippi Railway Company, St. Louis and San Francisco Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, The Chicago, Rock Island and Pacific Railway Company, the Southern Company, the Illinois Company, the Alton Company, Burlington Company, and the Kansas Company, have severally become parties to said agreement. The Railroad Companies, parties to said agreement, to wit: The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company (hereinafter called the Vandalia Company), Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago Rock Island and Pacific Railway Company, the Southern Company, the Illinois Company, the Alton Company, the Burlington Company and the Kansas Company, are hereinafter termed collectively Proprietary Companies. The obligations of the Vandalia Company under said agreement have been duly guaranteed by The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, and by Terre Haute and Indianapolis Railroad Company, the lessee, for account of itself and of said The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, of the line of railroad of the Vandalia Company. The Pennsylvania Company now owns a majority of the capital stock of the Vandalia Company. The Burlington Company is the lessee of the railroad of Chicago, Burlington and Quincy Railroad Company and the Alton Company is lessee of the railroad of The Chicago and Alton Railroad Company; said lessor companies have respectively duly guaranteed the

faithful and punctual performance of the obligations on the part of their respective lessees under said agreement.

The Terminal Association since said October 1, 1889, has from time to time acquired additional properties. The terminal facilities of the Terminal Association both at St. Louis and at East St. Louis are inadequate and must be extended in order to meet the requirements of the Proprietary Companies, and for efficiency and economy it is desired that such extension of terminal facilities be made by the Terminal Association.

For the purposes aforesaid, as well as to provide for funding existing bonded indebtedness and for the improvement and betterment of its system, the Terminal Association has determined to issue its bonds limited to the aggregate principal amount of \$50,000,000 at any one time outstanding, to be known as its general mortgage bonds and hereinafter called the general mortgage bonds, to be payable the first day of January, 1953, to bear interest from the first day of January, 1903, at the rate of four per cent. per annum, payable semi-annually on the first days of January and July in each year, and to be payable, both as to principal and interest, at the office or agency of the Terminal Association in the City of New York, N. Y., in gold coin of the United States, of or equal to the present standard of weight and fineness, and, both as to principal and interest, without deduction for any tax or taxes which the Terminal Association may be required to pay thereon or retain therefrom under any present or future law of the United States, or of any state, county or municipality thereof; and, to secure said bonds, has determined to execute and deliver to Central Trust Company of New York and William Taussig, hereinafter termed the Trustees, a mortgage and deed of trust, hereinafter called the general mortgage, of all its property and franchises therein particularly described, and of all its property and franchises at any time by it to be acquired.

The Proprietary Companies are the owners in severalty of all the capital stock of the Terminal Association, in equal shares, and said action on the part of the Terminal Association has been taken at the instance and request of the Proprietary Companies, each of which has approved the general mortgage bonds and the general mortgage and, in respect of the stock of the Terminal Association owned by it, has authorized the execution and delivery thereof.

The Terminal Association has entered into an agreement to sell the general mortgage bonds, or some of them, and as a condition precedent to the purchase thereof, and as part of the consideration inducing such purchase, the Proprietary Companies, by an agreement with the Terminal Association and the Trustees, bearing date the sixteenth day of December, 1902, hereinafter called the Guaranty Agreement, have agreed, among other things:

(a) that such rates of toll or charges for the use by the Proprietary Companies of the properties of the Terminal Association, granted under the agreement of October 1, 1889, hereinabove recited, shall be fixed from time to time by the Terminal Association as will produce a sum sufficient each year to pay the following charges, which are

therein and hereinafter termed the fixed charges of the Terminal Association, to wit:

1. all rentals on any properties leased by the Terminal Association;
2. interest on all bonds of the Terminal Association from time to time outstanding, theretofore issued or authorized;
3. interest on all the general mortgage bonds of the Terminal Association, at any time issued under the general mortgage and outstanding, and such sums as may be required for the payment or satisfaction of installments of the sinking fund created under the general mortgage of the Terminal Association;
4. all taxes and assessments, premiums of insurance, payments, charges and expenses of every nature incurred in the maintenance, operation, repair and renewal of the system and properties of the Terminal Association, and every part thereof;
5. whatever expenses may be legitimately incurred in maintaining the corporate organization of the Terminal Association and of any other company or companies whose creation or organization may be necessary in order fully to accomplish the objects desired in the organization of the terminal system of the Terminal Association;

(b) that the proviso contained in Article XIII of the agreement of October 1, 1889, hereinabove recited, limiting the total gross sum which any one of the Proprietary Companies may be called upon to pay in any one year towards making up any deficit in the net earnings of the Terminal Association to meet the fixed charges of the Terminal Association, and limiting the amount of the tolls to be levied on traffic, be waived;

(c) that the Proprietary Companies will forever make use of the properties of the Terminal Association granted under said agreement of October 1, 1889, for all passenger and freight traffic within their control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis;

(d) that the Proprietary Companies will, at all times, pay for the use of the properties of the Terminal Association granted under said agreement of October 1, 1889, the tariff rates from time to time established by the Terminal Association for such use, and that such tariff rates shall be so fixed as to insure the production of sufficient revenue at all times to enable the Terminal Association punctually to meet and discharge the fixed charges of the Terminal Association as defined as aforesaid in the Guaranty Agreement;

(e) that, to the end that the Terminal Association may at all times be able to pay and discharge promptly as and when due the interest on all of the general mortgage bonds issued by it, as well as any and all taxes, costs, charges, expenses and obligations incurred by the Terminal Association, or for which it shall become liable in the operation and maintenance of its properties, as well as installments of sinking fund under the general mortgage and the other fixed charges of the Terminal Association as defined as aforesaid in the Guaranty Agreement, the Proprietary Companies, each to the extent of one-

fourteenth thereof only, guarantee the prompt payment, as and when due, of all interest on all the general mortgage bonds of the Terminal Association at any time issued under the general mortgage, according to the tenor and effect of the general mortgage bonds and of the general mortgage, and the payment and satisfaction of the installments of the sinking fund under the general mortgage.

The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company and Terre Haute and Indianapolis Railroad Company, the lessee, for account of itself and said The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, of the railroad of the Vandalia Company, joined in the Guaranty Agreement, and guaranteed the faithful and punctual performance by the Vandalia Company of the covenants thereof. The Burlington Company is the lessee of the railroad of Chicago, Burlington and Quincy Railroad Company, and the Alton Company is lessee of the railroad of The Chicago and Alton Railroad Company; said lessor companies joined in the Guaranty Agreement, and respectively guaranteed the faithful and punctual performance by their respective lessees of the covenants thereof.

The Railroad Companies have desired further to secure the general mortgage bonds of the Terminal Association by the pledge and deposit of the stocks hereinafter specified, and are about to execute and deliver to the Trustees under the general mortgage, a trust agreement substantially in the form, a copy of which has been exhibited to the parties, and to deposit with the Trustees, to be held upon the trusts therein declared, certificates for not less than ninety-five hundred (9,500) shares of the capital stock of Wiggins Ferry Company, properly endorsed in blank for transfer.

For a valuable consideration it is agreed as follows:

FIRST. The Railroad Companies will from time to time, as the Railroad Companies, or any of them, may acquire additional shares of stock of Wiggins Ferry Company, assign and transfer or cause to be assigned and transferred, under said trust agreement, the additional stock of Wiggins Ferry Company so acquired, to the Trustees, to be held by the Trustees upon the trusts declared in said trust agreement.

SECOND. Said trust agreement having been so executed and delivered, (a) the Terminal Association will, on or before the 30th day of January, 1903, pay to the Railroad Companies, the following amounts:

to The Chicago, Rock Island and Pacific Railway Company, the sum of \$3,389,833.19

with interest thereon at the rate of three per cent. per annum from April 30, 1902, to October 31, 1902, and thereafter at the rate of five per cent. per annum; thereafter, the Terminal Association will pay to said The Chicago, Rock Island and Pacific Railway Company, such further sum not exceeding \$100,000 as said Railway Company may be or become liable for or which it may pay in settlement or compromise of any equitable claims or demands of any kind whatsoever, arising or growing out of or connected with its purchase, or its attempt to purchase, any shares of stock of said Wiggins Ferry Company;

to the others of the Railroad Companies, the sum of \$3,844,276.22

with interest thereon at the rate of three per cent. per annum from April 30, 1902, to October 31, 1902, and thereafter at the rate of five per cent. per annum;

(b) the Terminal Association will also pay to any of the Railroad Companies which shall assign and transfer to the Trustees, under said trust agreement, additional shares of the stock of said Wiggins Ferry Company, the cost to such Railroad Company of such additional stock.

THIRD. Subject to the pledge of said stock of Wiggins Ferry Company, under said trust agreement, it is declared by the Railroad Companies that the title to all stock of said Wiggins Ferry Company, at any time assigned and transferred to the Trustees, under said trust agreement, shall, at the time of such assignment and transfer, vest in the Railroad Companies in equal undivided shares in severalty; provided, however, if any company, party to the Agreement of October 1, 1889, or to the Guaranty Agreement, make default in the performance of any obligation assumed or imposed upon it under said agreement of October 1, 1889, or under the Guaranty Agreement, and the Terminal Association by reason of such default shall be entitled to exclude the company so in default from the use of the properties the use of which is therein granted, then and thereupon the interest in said stock of Wiggins Ferry Company pledged under said trust agreement of such company so in default as well as of each company guaranteeing the obligations under either of said agreements of the company so in default, shall cease and determine and shall vest in the others of the Railroad Companies, parties hereto of the first part, in equal shares in severalty.

In Witness Whereof the parties hereto have caused their respective corporate seals to be hereunto affixed and this agreement to be signed by their respective presidents or vice-presidents, and their respective secretaries or assistant secretaries in one or more parts, each of which shall be deemed an original.

SUPPLEMENTAL AGREEMENT. Dated, January 16, 1903. The Missouri Pacific Railway Company and others, Proprietary Companies; the Pittsburg, Cincinnati, Chicago and St. Louis Railway Company and Terre Haute and Indianapolis Railroad Company, Guarantors of The St. Louis, Vandalia and Terre Haute Railroad Company; Terminal Railroad Association of St. Louis and the Chicago and Alton Railroad Company, Guarantor of The Chicago and Alton Railway Company; Chicago, Burlington and Quincy Railroad Company, Guarantor of Chicago, Burlington and Quincy Railway Company.

An Agreement made the sixteenth day of January, in the year one thousand nine hundred and three, between The Missouri Pacific Railway

Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, Chicago, Burlington and Quincy Railway Company, and Missouri, Kansas and Texas Railway Company, hereinafter termed, for convenience, Proprietary Companies, of the first part; The Pittsburg, Cincinnati, Chicago and St. Louis Railway Company, hereinafter termed the Panhandle Company, and Terre Haute and Indianapolis Railroad Company, hereinafter termed the Terre Haute Company, of the second part; Terminal Railroad Association of St. Louis, hereinafter termed the Terminal Association, of the third part; The Chicago and Alton Railroad Company and Chicago, Burlington and Quincy Railroad Company, of the fourth part:

The Terminal Association in a corporation organized under the laws of the State of Missouri, by an agreement of consolidation made on the 26th day of July, 1889, between Union Railway and Transit Company of St. Louis and Terminal Railroad of St. Louis, and duly filed for record in the office of the Secretary of State of the State of Missouri.

The Terminal Association was so organized for the purpose of acquiring title to and possession of various terminal railroad facilities in St. Louis and East St. Louis, and to secure to the various railroad companies owning or operating railroads entering said cities an efficient and economical method for interchanging passenger and freight traffic at the points named.

By an agreement, dated October 1, 1889, between the Terminal Association, of the first part, and The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Ohio and Mississippi Railway Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company and Louisville and Nashville Railroad Company, of the second part, the Terminal Association granted to each of said companies, and each of said companies accepted, a right, forever, of joint use with each other and with such other companies as might be admitted, as proprietary lines, to joint use thereof, of all terminal properties of the Terminal Association then held or that might thereafter be acquired in said St. Louis and East St. Louis, for passenger and freight, express and mail business, and for the interchange of the same between each other and with the public, the right granted to each Proprietary Company to remain as appurtenant to the railroad then owned by such Proprietary Company; and each of said proprietary companies, parties to said agreement, agreed forever to make use of the bridge and terminal properties of the Terminal Association for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis.

By said agreement it was provided that the rates of toll or charges should be fixed, subject as therein provided, so as to produce a sum sufficient each year to pay the fixed charges of the Terminal Association, including rentals,

taxes and assessments, the expenses of maintaining the corporate organization of the Terminal Association and interest and dividends on such bonds or preferred stock not then contemplated as might become necessary to be thereafter issued for the purpose of future extensions and betterments to the properties of the Terminal Association, and each of the Proprietary Companies, parties thereto, agreed by Article XIII. thereof to pay its proportion of any deficiency, provided that the total gross sum which any one of the Proprietary Companies, parties thereto, should be called on to pay in any one year towards making up any deficit in the net earnings to meet the fixed charges, should not in any one year exceed one-seventh of one million dollars, which was therein stated to be in excess of the fixed charges assumed under said agreement, and provided, further, that the tolls to be levied on traffic, as contemplated in said agreement, should at no time be so great as to place any Proprietary Company using said terminals at a disadvantage in respect to its traffic that may be in competition with that of other lines.

Since the execution of said agreement, Baltimore and Ohio Southwestern Railroad Company, as successor of said Ohio and Mississippi Railway Company; St. Louis and San Francisco Railroad Company, The St. Louis, Vandalia and Terre Haute Railroad Company, hereinafter called the Vandalia Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railway Company, hereinafter called the Alton Company, Chicago, Burlington and Quincy Railway Company, hereinafter called the Burlington Company, and Missouri, Kansas and Texas Railway Company have severally become parties to said agreement; the obligations of the Vandalia Company under said agreement have been duly guaranteed by the Panhandle Company and the Terre Haute Company; the obligations of the Alton Company thereunder have been duly guaranteed by The Chicago and Alton Railroad Company, and the obligations of the Burlington Company thereunder have been duly guaranteed by Chicago, Burlington and Quincy Railroad Company.

The Proprietary Companies, as parties of the first part, and the Terminal Association, as party of the third part (the parties hereto of the second and fourth parts consenting, as evidenced by their execution hereof), desire to make this Agreement, but subject in all respects to the Agreement of October first, 1889, and to the Guaranty Agreement hereinafter described.

Now, therefore, for a valuable consideration, it is agreed, each of the Proprietary Companies agreeing for itself only and not for the others, and to and with the Terminal Association, the Terminal Association agreeing to and with each of the Proprietary Companies severally, as hereafter in this Supplemental Agreement set forth;

First. Nothing in the agreement of October first, 1889, shall prevent any Proprietary Company from maintaining a passenger station for commuter or suburban service.

Second. Each Proprietary Company shall have the right to use any facilities it may own or control for interchanging its own traffic only with the Terminal Association or any other carrier.

Third. The Terminal Association shall accept traffic offered to it at any junction, connection or incline, and shall handle and deliver the same with promptness and dispatch at the point of interchange designated by the delivering line. The tariff of the Terminal Association shall be so regulated that there shall be no difference in the rate on trans-river traffic by reason of the fact that such traffic is handled by bridge or by ferry; and when a Proprietary Company owns or operates an incline or tracks directly connecting therewith, the tariff shall be divided upon an equitable basis between the Terminal Association and the Proprietary Company or Companies furnishing such property or service; this division of the tariff shall be made by the Board of Directors of the Terminal Association or by arbitration, as provided in the Agreement of October first, 1889.

Fourth. The Terminal Association may, if it so elects, maintain and operate adequate facilities for ferry transfer at any point or points within the present corporate limits of the City of St. Louis and also to, from and between existing inclines owned or operated by any Proprietary Company or Companies within such corporate limits; in the event the Terminal Association does not maintain and operate such facilities, any Proprietary Company or Companies, owning or operating such incline or inclines, may maintain and operate a ferry transfer for its or their own traffic.

Fifth. In the event any Proprietary Company shall make default in the performance of any obligation imposed upon or assumed by it herein or in the agreement of October 1, 1889 (or in the Guaranty Agreement of December 16, 1902, between the Proprietary Companies, the Terminal Association and the Trustees in the General Mortgage of the Terminal Association of that date, to all the provisions of which Guaranty Agreement this agreement is subject), which default shall entitle the Terminal Association to exclude the Proprietary Company so in default from the use of the properties of the Terminal Association, then and thereupon the stock of the Terminal Association held or owned by the Proprietary Company so in default shall be surrendered to the Terminal Association and distributed pro rata among the remaining Proprietary Companies. Such surrender of stock shall not release or discharge the Proprietary Company so in default from any obligation hereunder or in the Agreement of October first, 1889, or in the Guaranty Agreement, imposed upon or assumed by it, or from liability for damage resulting to the Terminal Association or any of the other Proprietary Companies from such default.

In Witness Whereof, the parties hereto have caused this agreement to be executed by their proper officers in one or more parts, each part to be deemed an original, as of the day and year first above written.

REORGANIZATION AGREEMENT, September 21, 1914, Between Terminal Railroad Association of St. Louis and Proprietary Lines.

This Agreement, Made this the 21st day of September, 1914, between the Terminal Railroad Association of St. Louis (hereinafter called Terminal Company), party of the first part; St. Louis Southwestern Railway Company, The Missouri Pacific Railway Company, St. Louis, Iron Mountain and Southern Railway Company, Wabash Railroad Company, Vandalia Railroad Company, Baltimore and Ohio Southwestern Railroad Company, Cleveland, Cincinnati, Chicago and St. Louis Railway Company, Louisville and Nashville Railroad Company, St. Louis and San Francisco Railroad Company, The Chicago, Rock Island and Pacific Railway Company, Southern Railway Company, Illinois Central Railroad Company, The Chicago and Alton Railroad Company, Chicago, Burlington and Quincy Railway Company, and Missouri, Kansas and Texas Railway Company parties of the second part (hereinafter called Proprietary Companies); and the Chicago, Burlington and Quincy Railroad Company, The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company, and The Chicago and Alton Railroad Company, parties of the third part (hereinafter called Guarantors).

Witnesseth:

Whereas, The Supreme Court of the United States, in its opinion in the case of United States of America versus Terminal Railroad Association of St. Louis and others, and the decrees therein entered pursuant to said opinion by the District Court, within and for the Eastern Division of the Eastern District of Missouri, (to which reference is hereby made) determined that the III, XVII and XIX paragraphs of the agreement made and entered into on October 1st, 1889, by and between Terminal Company and the Missouri Pacific Railway Company and several other railroad companies therein mentioned and called Proprietary Companies, were in certain respects in violation of the statute of the United States subsequently enacted; and,

Whereas, Since the date of said agreement several of the above named parties of the second part have, pursuant to the terms of that agreement, been admitted as parties thereto; and,

Whereas, The aforesaid Guarantors did by certain special agreements guarantee the performance of the contract of October 1st, 1889, between the Terminal Railroad Association and the Chicago & Alton Railway Company, and the Chicago, Burlington & Quincy Railway Company, and the Vandalia Railroad Company; and,

Whereas, It is the desire of the Guarantors that their guaranties so respectively and singly made shall continue in respect of the agreement between the parties of the first and second part, as amended herein,

Now, Therefore, Pursuant to and in accordance with said decrees aforesaid it is agreed as follows:

I.

It is agreed that paragraph III of said contract entered into on October 1st, 1889, between said Terminal Railroad Association of St. Louis, as

party of the first part, and certain of the defendant railroad companies therein named as parties of the second part, which reads as follows:

"III. In consideration of the foregoing each of the proprietary companies, for itself only and not for others, accepts the right of joint use hereinbefore granted by the first party and hereby covenants and agrees that it will forever make use of the bridge and terminal properties of the first party, as above described, for all passenger and freight traffic within its control through, to and from St. Louis and destined to cross the Mississippi River at St. Louis, and pay therefor as herein provided,"

is hereby cancelled and made of no further force or effect.

II.

It is further agreed that paragraph XVII of said contract dated October 1st, 1889, which reads as follows:

"XVII. Neither party shall sell, assign, transfer or underlet the rights and privileges hereby granted, or any of them, to any other company or companies without the unanimous consent of the Board of Directors of the first party,"

is hereby cancelled and made of no further force or effect, and in lieu thereof it is now agreed as follows:

No proprietary or using company shall sublet its rights and privileges in the use of the terminal facilities to any other company or companies.

III.

It is further agreed that paragraph XIX of said contract dated October 1st, 1889, which reads as follows:

"XIX. This agreement may be executed in counterparts, and any railroad company not named as second party hereto, may be admitted to joint use of said terminal system on unanimous consent, but not otherwise, of the directors of the first party, and on payment of such a consideration as they may determine, and on signing this agreement or any counterpart thereof thereby indicating its rights and duties in respect to use of said terminal system to be the same and none other than the said proprietary companies named as second party hereto,"

is hereby cancelled and made of no further force or effect, and in lieu thereof it is now agreed as follows:

(1) In case any other railroad company, not named as second party hereto, shall hereafter desire to become a member of the Terminal Railroad Association of St. Louis, it may become a member thereof, with equal rights of joint ownership and control of the combined terminal properties of said Association, upon such just and reasonable terms as shall place such applying company upon a plane of equality in respect of benefits and burdens of the parties hereto of the second part.

(2) Any other railroad company not electing to become a joint owner as above provided, but desiring the use of the terminal facilities of the Terminal Railroad Association of St. Louis may enjoy the use thereof upon such just and reasonable terms and regulations as will in respect of

use, character and cost of service, place it upon as nearly an equal plane as may be, with respect to expenses and charges, as that occupied by the Proprietary Companies.

(3) Any dispute or controversy which shall hereafter arise between any railroad company applying for joint ownership or use of the said terminal properties and the owning, Proprietary Companies shall be submitted to the United States District Court for the Eastern Division of the Eastern District of Missouri by filing a petition in this cause setting out specifically the facts upon which the said parties have disagreed and the party so filing said petition shall at least fifteen (15) days before so doing so serve the other party to the controversy with a copy of the petition proposed to be filed, together with a notice that said petition will be filed on a certain designated day. Thereupon the matter shall be placed upon the docket of the United States District Court for the Eastern Division of the Eastern District of Missouri, and shall be heard when called in its regular order on said docket and the proceedings shall be subject to review by appeal as in any other cases. Upon being advised by the filing of a petition of such dispute or controversy the Court may at once admit the applying company to ownership or use of the terminal facilities during the pendency of the proceeding upon the giving of security in amount and form as it may direct.

(4) All provisions of the purport or effect of those eliminated from said contract dated October 1st, 1889, in all other contracts affecting the ownership or use of the terminal facilities to which the Terminal Railroad Association and the Proprietary Companies or any of them are parties are hereby cancelled and made of no further force or effect, but the benefits and burdens of this agreement shall inure to and rest upon all future proprietary and using companies respectively.

In Witness Whereof, The parties hereto have caused this agreement to be executed by their proper officers, in three or more parts, each part to be deemed an original, as of the day and year first above written.

AGREEMENT, June 1, 1916, Cleveland, Cincinnati, Chicago and Saint Louis Railway and Chicago, Burlington & Quincy Railroad Company. Tracks between East Alton and East St. Louis, Illinois. 19.05 miles.

Agreement, Made and entered into this 1st day of June, 1916, by and between The Cleveland, Cincinnati, Chicago and Saint Louis Railway Company, first party, hereinafter called the "Big Four," and the Chicago, Burlington and Quincy Railroad Company, second party, hereinafter called the "Burlington Company";

Witnesseth:

Whereas, on the fifth day of May, 1870, the Indianapolis & St. Louis Railroad Company, predecessor of the Big Four, and the Rockford, Rock Island & St. Louis Railroad Company, predecessor of the Burlington Company, entered into an agreement, which was subsequently modified by various supplemental agreements, whereby the Burlington Company secures the right to use with its freight and passenger trains certain facilities of the Big Four between East Alton, Illinois, and East St. Louis, Illinois; and

Whereas, it is desired to cancel said agreement of May 5, 1870, and supplements, and execute another agreement in lieu thereof; and

Whereas, by contract with the Chicago & Alton Railroad Company, the Big Four and the Chicago and Alton Railroad Company jointly operate, as a double track, the separate and parallel lines of single track railway owned by these Companies between Bridge Junction and Wann, and it is desired, during the continuance of the said contract with the Chicago & Alton Railroad Company, to admit the Burlington Company to the use of such joint facilities insofar as is possible under the contract with the Chicago & Alton Railroad Company; it being understood and agreed that wherever the words "joint track" are hereinafter used the same shall be construed to include all the tracks and facilities shown colored respectively in yellow and red on the hereinafter mentioned Exhibit "X."

Now, Therefore, in consideration of the sum of One Dollar (\$1.00) in hand paid by the Burlington Company to the Big Four, the receipt of which is hereby acknowledged, and the keeping and observing by the parties hereto of all the covenants and agreements hereinafter set forth, it is hereby agreed by and between the parties hereto, as follows:

ARTICLE I.

The said contract of May 5, 1870, and the various supplements thereto are, effective this date, hereby cancelled and made void, except any liabilities accruing thereunder.

ARTICLE II.

The Big Four hereby grants to the Burlington Company, during the term hereof (regardless of the continuance in effect or termination of said contract between the Chicago & Alton Railroad Company and the Big Four), the right to the joint use with itself, and such other Company or Companies as the Big Four may, from time to time, admit to the use of same, of that portion of the railroad of the Big Four extending from a connection at East Alton, Illinois, of the Big Four with the railroad of the Burlington Company (said connection as the same is now located being indicated on Exhibit "X" attached hereto and made a part hereof, by the letter "A") to a connection with the yard turnout of the Burlington Company at Bridge Junction, East St. Louis, now located as indicated on said Exhibit "X" by the letter "B" and also to a connection of the Big Four with the railroad of the Terminal Railroad Association of St. Louis at Bridge Junction, now located as indicated on said Exhibit "X" by the letter "C"; and also to the bridge connections of the Terminal Railroad Association of St. Louis at Relay Depot, East St. Louis, now located as indicated on said Exhibit "X" by the letter "D"; it being understood that the use of the Big Four tracks between the points at Bridge Junction indicated on said Exhibit "X" by the letters "B" and "C" and the points at Relay Depot, indicated on said Exhibit "X" by the letter "D" hereby granted to the Burlington Company, shall be limited to passenger trains. The present facilities of the Big Four of which the Burlington Company is hereby granted the use are indicated on said Exhibit "X" in yellow. It is understood and agreed that the facilities of the Big Four, to the use of which the Burlington Company is hereby admitted, shall, within the limitations of this contract, include main tracks, passing tracks, side tracks (loading and unloading tracks), industry tracks, connecting tracks with other railroads, water stations and the Big Four Company's passenger station at East Alton, Illinois. It is further understood and agreed that, if the Big Four Company shall hereafter construct, appurtenant to the facilities the use of which is herein granted to the Burlington Company, any additional side tracks (loading or unloading tracks), industry tracks, or connecting tracks with other railroads, the Burlington Company shall have the right at its option to use the same or any part thereof, subject to provisions of Article VI hereof, and shall pay to the Big Four, from the date of the exercise of its option to so use said additional tracks, and during the continuance of such use, an interest rental of two and one-half per cent ($2\frac{1}{2}\%$) per annum on the cost of such tracks so used, together with such proportion of the cost of maintenance thereof and taxes thereon as the number of cars handled thereover by the Burlington Company bears to the total number of cars handled thereover

by all companies using the same; provided, however, that the Burlington Company shall have the right to use any additional main or passing tracks hereafter constructed by the Big Four appurtenant to the facilities the use of which is herein granted to the Burlington Company without payment of any compensation or other charges than that provided for in Article VII hereof; and provided further that in event of discontinuance of any loading or unloading track as at present indicated in yellow on said Exhibit "X," the Burlington Company shall have the use, without additional compensation to the Big Four, of such loading or unloading track as is provided in lieu thereof.

The Big Four and the Chicago & Alton Railroad Company by virtue of a contract of August 1, 1906, copy of which, marked Exhibit "Y," is attached hereto and made a part hereof, having an arrangement whereby the separate and parallel lines of single track railway of these two Companies are operated and maintained as a system of double track railway between Wann and Bridge Junction, East St. Louis, by the said Companies, it is understood and agreed between the parties hereto that the Big Four shall arrange for the use of the said facilities of the Chicago & Alton Railroad Company, shown in red on Exhibit "X" hereinbefore described, by the trains of the Burlington Company on the basis of such trains being the trains of the Big Four, and the Big Four shall make settlements direct with the Chicago & Alton Railroad Company for the said use of its facilities by the Burlington Company.

It is also understood and agreed that, insofar as the Big Four may, under its contract aforesaid with the Chicago & Alton Railroad Company, it grants to the Burlington Company the right to use the said facilities of the Chicago & Alton Railroad Company, and that the compensation to be paid by the Burlington Company to the Big Four for the use of said joint track, as provided in Article VII hereof, covers said use of said facilities of the Chicago & Alton Railroad Company.

ARTICLE III.

To secure safety and efficiency in the operation of said joint track, it is provided that same shall at all times be under the control and management of the Big Four, and the use of the same by the Burlington Company shall be subject to such reasonable rules and regulations as the Big Four may from time to time prescribe. All locomotives, cars or trains of the Burlington Company while upon said joint track shall be run in conformity with a time schedule to be approved by the Superintendent of the Big Four, and with special orders or directions adapted to causal emergencies that may be given directly by him or through the Train Dispatcher or other proper officer or agent of the Big Four. All officers, agents or employes of the Burlington Company engaged in running locomotives or cars or in any manner carrying on the business of said Burlington Company upon said joint track shall, while so employed, be subject to the orders and directions of the Superintendent or other proper officer or agent of the Big Four, and in case of neglect or disobedience of any such rules, regulations, orders or

1766 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

directions they shall be liable to immediate removal from duty or service upon said joint track.

ARTICLE IV.

In the use of said joint track the trains of the Big Four shall be entitled to the precedence of all trains of corresponding character of the Burlington Company, but the passenger trains of the Burlington Company shall be entitled to the precedence of all freight trains of the Big Four.

ARTICLE V.

Subject to the right to manage the running of the said joint track and to the right of precedence reserved to the Big Four as aforesaid, the Burlington Company shall have the right to run its locomotives, cars and trains over said joint track as the exigencies of its business may, in its judgment demand.

In order to provide connections so as to enable the Burlington Company to use the said joint track for the purposes of this agreement via said connections with the line of the Illinois Terminal Railroad Company at North Wood River, the Big Four agrees and provides by contract dated January 11th, 1916, and made by and between it and the Illinois Terminal Railroad Company and the Chicago & Alton Railroad Company, that the Illinois Terminal Railroad Company, at its entire expense, shall construct, maintain and operate at North Wood River a connection between its track and the track of the Big Four and a similar connection between its track and the track of the Chicago & Alton Railroad Company for the purpose of enabling the Burlington Company to use said joint line for the purpose of this agreement via said connections with the Illinois Terminal Railroad Company at North Wood River.

ARTICLE VI.

It is expressly understood and agreed that the rights to the use of said facilities hereby granted under Article II to the Burlington Company shall be subject to the following provisions. The Burlington Company shall not have the right to use the facilities under this contract for

(a) freight or passengers having both point of origin and destination on the line of railway aforesaid; nor freight originating at East Alton, Illinois and destined to East St. Louis, Illinois proper or to any intermediate point on the line of railway aforesaid, or vice versa; nor

(b) freight to or from tracks serving the American Steel Foundries Company at Granite City, Ill., until such time as the Big Four shall obtain the right to grant the use of the same, when said tracks shall be included in this contract; nor

(c) freight originating at any point on the facilities of the Big Four covered by this contract or from any line connecting therewith, for interchange at East St. Louis or at junction points east of East St. Louis to Eastern Lines other than that of the Burlington Company; nor

freight entering East St. Louis from Eastern Lines, except that of the Burlington Company, destined to any point on said facilities of the Big Four covered by this contract, or for delivery to any line connecting therewith; nor

freight from any Eastern Line, except the Burlington Company, at any junction east of East St. Louis, destined to any point on said facilities of the Big Four covered by this contract, or for delivery to any line connecting therewith.

(d) for the purpose of storing cars thereon.

The Big Four agrees to accept for interchange with the Burlington Company at East Alton, Illinois, such business as the Burlington Company has the right hereunder to handle to and from Big Four industry tracks at East Alton and handle same under regular switching charge.

ARTICLE VII.

For the use of said facilities hereby granted, the Burlington Company agrees to pay to the Big Four upon all passenger and freight cars carried upon or over same, as follows:

(a) Twenty cents (20c) per passenger upon all local passengers to or from said joint track and thirteen cents (13c) per passenger upon all through passengers transported by the Burlington Company over said joint track.

(b) Fifty cents (50c) per freight car, whether loaded or empty, handled by the Burlington Company upon or over said joint track, except that cars moved by the Burlington Company between any point on the joint track and said proposed connections with the Illinois Terminal Railroad Company at North Wood River shall be paid for by the Burlington Company at rate of forty cents (40c) per car, loaded or empty; each engine to be counted as one car.

It is understood and agreed that cars handled by the Burlington Company, or by the Terminal Railroad Association of St. Louis for account of the Burlington Company in switch movement between the Burlington Company's freight yard in East St. Louis and the Terminal Railroad Association connection at Bridge Junction, shall not be counted in computing the charges specified in paragraph (b) of this Article.

ARTICLE VIII.

The Burlington Company shall not be required to make any payments to the Big Four for passengers carried on free passes on its trains over said joint tracks.

ARTICLE IX.

The Burlington Company shall make monthly reports to the Big Four of the number of through passengers and the number of passengers to the local territory, also the number of freight cars, loaded or empty, moved by it over any portion of the said joint track, such reports to disclose what cars are moved via North Wood River connection with the Illinois Terminal Railroad Company. Such reports shall cover a full calendar month and be

delivered to the Big Four on or before the twentieth day of the next succeeding month. The Big Four shall have the right to examine all books, papers and records of the Burlington Company relating to the business done upon said joint track whenever it may desire to do so.

ARTICLE X.

The amount thus appearing due from the Burlington Company to the Big Four for the use of its facilities herein granted for each month shall be paid on or before the twentieth day of the next succeeding month.

ARTICLE XI.

The Burlington Company shall, except as otherwise provided, be solely responsible for any and all accidents, injuries, losses or damages that may occur to the persons or property of passengers or other persons in the use by it of said joint track and it hereby promises and agrees to save the Big Four harmless from all demands, judgments, or costs on account of any accidents, injuries, losses or damages to person or property so occurring.

ARTICLE XII.

It is mutually agreed by and between the parties hereto that, as between themselves, each company shall be responsible for accidents or casualties upon or to its own trains by reason of any imperfection of the track, or misplacement of switch or from any other cause, aside from or except collisions in any form with the trains of the other party; and no such accident or casualty shall give it any right of action or claim against the other party, it being the intention and design that each party shall be responsible for its own trains, for the conduct of its employees, and generally except where the other party is at fault.

ARTICLE XIII.

In all cases of collision between the trains or locomotives of the two companies, the party whose men, or whose trains or locomotives are at fault and are or shall be the occasion of the collision, shall be held responsible to the other for all the damage done, or resulting from the collision. In case the two companies cannot agree either as to the question of fault, or the amount of damages, then the controversy shall be referred to disinterested arbitrators, to be chosen in the same manner as is hereinafter provided for the selection of referees to revise and settle questions of compensation, and each party shall abide by and perform the award and comply with the decision of such arbitrators, which shall, in all cases, terminate the controversy or difference.

ARTICLE XIV.

Inasmuch as the rate of payment hereinbefore provided for the use of said joint track may, in practice, be found unequal and burdensome upon one or the other party or may hereafter become so by reason of mutations in value, or in the course of business, it is agreed that the same shall be subject to revision and modification as follows: The said rates for use of said

joint track may be revised or the basis of compensation changed, to take effect on the first day of October, 1920, and each succeeding period of five years thereafter; provided that if between the first day of August and the first day of September next preceeding the first day of October of any year upon which such revision or re-appraisement may take effect as aforesaid, the parties do not agree upon such revision or re-appraisement, then either party at any time between the said first day of September and said first day of October may give to the other party thirty (30) days' written notice of its intention to refer such revision of rates for use of said joint line to disinterested third persons. At the expiration of said thirty (30) days each party may choose one disinterested third person as referee, and if either party shall fail to choose, then the other party may choose both referees. The two referees thus chosen may, if they cannot agree, choose a third like disinterested person. The referees so to be chosen shall determine the rates to be paid by the Burlington Company to the Big Four for the use of said joint track.

And the rates thus to be fixed shall be taken as the basis of the monthly settlements and payments for the five years following such first day of October and shall continue to stand as such basis of settlement and payment until altered by subsequent revision or re-appraisement, as herein provided for.

ARTICLE XV.

In case the Burlington Company shall make default in any payment in the manner or at the times herein provided, or in the manner or at the time that may hereafter be fixed by agreement of the parties hereto, or by the decision of the referees as herein above provided for, and such default shall continue for sixty (60) days, the Big Four may, at its election, annul and vacate this contract, by written notice to the Burlington Company, or may take such other or further action for the enforcement thereof as it may deem advisable. It is also agreed that in case the Burlington Company shall at any time during the term of this contract withdraw or divert from said joint line for a period of one (1) year all its traffic herein provided for, the Big Four Company may terminate this contract upon notice in writing to the Burlington Company; provided, however, the Burlington Company may, at any time upon six (6) months notice in writing to the Big Four Company of its intention so to do, cease to operate its trains over said joint line via said North Wood River connection, and the Big Four Company shall not have the right hereunder to terminate this contract on account thereof. In that event, however, the Big Four shall be relieved of its obligation to maintain the connection at North Wood River, as provided in Article V hereof.

ARTICLE XVI.

This agreement shall, unless sooner terminated as hereinbefore provided, remain in force and effect and be binding upon the parties hereto, their successors and assigns, until September 11, 1966, upon which last named date this agreement shall terminate.

In Witness Whereof, each party hereto has caused this agreement to be signed by its proper officer and its corporate seal to be hereto affixed, attested

AGREEMENT, August 1, 1906, The Chicago and Alton Railroad Company, and The Cleveland, Cincinnati, Chicago and Saint Louis Railway Company. Tracks between Bridge Junction and Wann, Illinois.

EXHIBIT "Y"

This Agreement, made this first day of August, 1906, by and between The Chicago and Alton Railroad Company, a corporation organized under the laws of the State of Illinois (hereinafter called the Alton Company) party of the first part, and The Cleveland, Cincinnati, Chicago and St. Louis Railway Company, a corporation duly consolidated in accordance with the laws of the States of Ohio and Indiana, (hereinafter called the Big Four Company), party of the second part,

Witnesseth That:

Whereas, the Alton Company and the Big Four Company now own and operate separate parallel lines of single track railway between Bridge Junction and Wann, in the State of Illinois, and it is mutually beneficial and advantageous that the same be used and operated as a double track railway by them and certain tenant lines, in the manner hereinafter set forth;

Now, Therefore, in consideration of the premises and of the sum of One Dollar to each party by the other paid, the receipt whereof is hereby acknowledged, and in further consideration of the benefits and advantages which each expects to derive from this agreement, and of their mutual and dependent covenants herein contained, the parties hereto have agreed, and do each with the other as follows:

ARTICLE I.

Section 1. The Alton Company hereby grants to the Big Four Company and such tenant lines as it may have from time to time, for the purposes of this agreement and during the continuance thereof, but not otherwise or longer, an easement for all railway uses and purposes, over and upon those portions of its main tracks and passing tracks between Bridge Junction and Wann, in the State of Illinois, shown marked in red upon the blue print hereto attached and made a part hereof.

Section 2. The Big Four Company hereby grants to the Alton Company, and such tenant lines as it may have from time to time, for the purposes of this agreement, and during the continuance thereof but not otherwise or longer, an easement for all railway uses and purposes, upon and over all parts of its main track and passing tracks of its railroad between said Wann and Bridge Junction, shown marked in yellow upon said blue print hereto attached and made a part hereof.

Section 3. It is mutually agreed that said two lines of railway between the points aforesaid, shall be operated as a double track and that all trains operated thereon shall use the main track of one party in one direction, and the main track of the other party in the other direction.

ARTICLE II.

Section 1. Each of the parties hereto shall and will, at all times maintain and keep in repair, its own portion of such joint tracks. Each party shall and will, in respect of such maintenance and repair, comply with all lawful regulations enacted and ordained for the safety of the public.

Section 2. Each of the parties hereto shall and will, continue to maintain, repair and operate all existing interlocking plants, block signals and safety devices now in use upon its separate tracks, and charge the cost thereof to the maintenance account of the joint tracks, except that the interlocking plant at Lenox shall not be charged to joint track operation under this agreement. Nevertheless it is understood that an agreed proportion of the salaries paid the Towerman at Lenox Tower shall be charged to joint track operation for the account of Block Signals.

Section 3. Nothing herein contained shall require either party to make additions or extensions to the tracks, facilities and appurtenances hereby demised. If such extensions and additions are made by either party, neither the other party hereto nor the tenant lines shall have the right hereunder to use the same, except upon written consent of the owning Company, and under conditions imposed by it.

ARTICLE III.

Section 1. Joint schedules and rules for the movement of engines and trains over the said double track line shall be made by the joint action of the proper officials of both parties, the expense thereof to be borne equally by both parties. Such schedules shall, as nearly as practicable, accord equality of right, privilege and advantage to trains of the same class operated by each party, and to trains of a superior class operated by either party a preference over trains of an inferior class operated by the other.

Section 2. It is mutually agreed, by and between the parties hereto that the use which each party grants to the other, over the tracks owned by it, shall extend only to the movement of trains thereon, and that neither party shall have the right hereunder to use the other's side-tracks and industrial tracks for the purpose of reaching industries located upon the other Company's line, or any facilities not herein expressly granted.

ARTICLE IV.

Section 1. The Big Four Company further covenants and agrees to pay monthly, its car mileage proportion of the cost of maintaining, renewing, replacing, repairing and operating the said tracks, facilities and appurtenances of the Alton Company.

Section 2. The Alton Company further covenants and agrees to pay monthly, its car mileage proportion of the cost of maintaining, renewing, replacing, repairing and operating the said tracks, facilities and appurtenances of the Big Four Company.

Section 3. In determining the cost of maintaining, renewing, replacing, repairing and operating the tracks of each of the parties hereto, as hereinabove provided, the actual cost only of material, supplies and labor shall be considered; but no part of the salaries paid to the managing officers of either Company shall be charged, but the fair and equitable proportion of the salaries of train despatchers, telegraph operators and other employes, employed about the business of each of the parties hereto upon the double track line covered by the terms of this agreement, and in keeping the proper records and accounts necessary to the carrying out of the terms hereof, shall be included. In determining the cost of such maintenance, renewing, replacing, repairing and operating, all books of account and vouchers of either party hereto, evidencing such cost and expenditures, together with all facts and information relative thereto, shall be submitted freely and fully to the other party.

The car mileage of either of the companies hereto shall include the car mileage of its tenant companies.

By the term "car mile," as used in this agreement, is meant the distance of one mile run by one car, each locomotive and its tender to be considered as two cars.

ARTICLE V.

Section 1. Each party shall be bound to use only reasonable and customary care, skill and diligence in maintaining and repairing the track to it for such purpose hereinbefore committed. Except engine men and train men and employes operating switches for the exclusive use of either party otherwise than from interlocking towers all officers and employes of either party in any wise engaged in maintaining, repairing or operating either of the said double tracks, or in despatching, ordering or directing the movement of trains thereon shall, as between the parties hereto, be deemed joint employes of both parties. Engine men and train men of any work train of either party while engaged in maintaining or repairing either of said double tracks, shall likewise be deemed joint employes.

Neither party shall by reason of any defect in either such track or in the roadway thereof or in any structure or appliance appurtenant thereto, or by reason of the failure or neglect of the other party to repair such defect, have or make against such other party any claim or demand for any loss, damage or injury whatsoever arising from such defect, neglect or failure; but in case such other Company shall fail to repair any such

defect as aforesaid, within a reasonable time after receiving written notice specifying the defect and requesting that it be repaired, then the party which shall have given such notice shall have the right to make the necessary repairs at once, and the other party shall and will pay the cost thereof.

Section 2. Each party hereby assumes all risks of loss, damage or injury, which its property, or property in its custody, or its employes or passengers may sustain by the act, neglect or default of any such joint employe, as well as all risks of loss, damage or injury which shall in any manner occur in or upon any part of said double track line or in or about any building or premises appurtenant thereto, whether to its own property or to the property in its custody, or to its passengers, or to its employes, or which third persons or the property of third persons shall suffer, by reason of the movement or operation of any of the engines, cars or trains, in all respects as if such party had been then in the exclusive use and control of such double track line, building or premises; excepting only such loss, damage or injury as shall be caused by the negligence of employes solely of the other party hereto. And except only as aforesaid, each party hereby agrees to save the other party hereto harmless from all such loss, damage and injury, from all liability and claim therefor, and from all consequent cost and expenses.

Each party hereto hereby agrees to save the other party hereto, harmless from all loss, damage and injury which shall be caused by the negligence of its sole employes and from all liability and claim therefor, and from all consequent cost and expenses.

The parties hereto expressly covenant and agree, that in case of any injury or damage to persons other than passengers or employes or to property of such persons, caused by the operation of trains over and upon the railroad and premises embraced in this agreement, and it can not be determined which party operated the train by which such injury or damage was caused, the cause thereof shall be regarded as concealed, and the compensation, if any, made for such injury or damage, shall be divided equally between the parties hereto.

The parties hereto expressly covenant and agree that in case of a collision between the respective engines, cars or trains while on said double tracks, or either thereof, the party whose employes shall have been alone in fault shall be solely responsible for and settle and pay for the entire loss and damage caused thereby and shall so save the other party harmless therefrom; and that in case any collision shall be caused by the fault of the employes of both parties, or by the fault of any joint employe or employes, or in case the cause of the collision shall be so concealed that it can not be determined whose employe or employes were at fault, each party shall bear and pay all the loss, damage and injury which its own property, or property in its custody, or its employes, or its passengers, may have suffered in consequence thereof.

Section 3. Each party shall and will, at its own expense, maintain the connection of each of its private and exclusive tracks with said joint tracks respectively, at each point of such connection, and shall and will, in the absence of interlocking protection and operation thereof, require its employes to turn on to said double track respectively, the switch at

each such point of connection, whenever and as soon as its own engines and cars shall pass over the same, and shall and will also save the other party harmless from all loss and damage which it may suffer or for which it may, in any wise, become liable on account of accident or casualty caused by the misplacement of any such switch by its own agents or employees.

Section 4. If any suit shall be commenced by any person or persons, corporation or corporations, against either party hereto, for or on account of any damage or injury for which the other party is made liable under this agreement, the party so sued shall give to the other party notice of the pendency of such suit, and thereupon such other party shall and will assume the defense of such suit, and shall and will save the party so sued, harmless from all loss, cost or damage by reason thereof; neither party shall be concluded by any judgment against the other unless it had reasonable notice to defend and had reasonable opportunity to make defense. When such notice and opportunity shall have been given, the party notified shall be concluded by the judgment as to all matters which were or might have been litigated in such suit.

ARTICLE VI.

Section 1. This agreement shall be in force and effective as of the first day of August, 1906, and shall continue in force for a period of five years and thereafter until one of the parties hereto gives notice in writing to the other party of its desire to terminate this agreement and such notice shall become effective and in full force and this agreement shall terminate two years from the date said notice is received by the other party hereto. Upon the termination hereof each party shall thereupon immediately, at its own expense, in all respects retire from all tracks and parts of tracks of the other party, which shall theretofore have formed any part of such double track, and shall immediately become entitled to and resume the exclusive use of all such of its own tracks and parts of tracks. All other contracts existing between the parties hereto, relative to the joint use of said tracks, are hereby cancelled and annulled.

Section 2. Every notice to be given under or pursuant to this agreement, shall be subscribed by the President or General Manager of the notifying Company, and be served upon the President or General Manager of the Company to be notified.

Section 3. This agreement shall, during the continuance thereof, attach to and run with the railways of the respective parties and be binding upon an inure to the benefit of any railway which shall, during such continuance, own or operate either of such railways.

ARTICLE VII.

Section 1. If, at any time, a question shall arise touching the construction of any part of this contract; or concerning the business or manner of transacting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein

contained, upon which question the parties hereto can not agree, such question shall be submitted to the arbitrament of three (3) disinterested persons to be chosen, one by the Alton Company, one by the Big Four Company, and the other by the two so chosen. The party desiring such arbitration shall elect its arbitrator and give written notice thereof to the other party, and shall, in such notice, state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten (10) days after notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice may and shall name and appoint an arbitrator for and on behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party. If the two arbitrators thus chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator, as aforesaid, such third party may be appointed, upon ten (10) days written notice by either party hereto to the other party hereto of its intention to make application therefor, by any Judge of the District Court of the United States for the Southern District of Illinois. The arbitrators shall, as soon as possible, after their selection, meet to hear and decide the questions submitted to them, and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them, and shall serve a copy of such award upon each party hereto, and the award of such arbitrators, or a majority of them, shall be final and binding upon both parties, and each or either party shall immediately make such changes in the conduct of its business, or such payments or restitution, as the case may be, as in and by such award may be required of them, respectively. The books and papers of both parties, so far as they relate to matters submitted to arbitration, shall be open to the examination of the arbitrators, and the party against whom the award shall be made shall pay all the fees and expenses of the arbitration. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

Section 2. If, for any reason, any covenant or agreement in this contract expressed, not material to the right of either company to use the railway of the other company, shall be adjudged void, such adjudication shall not affect the validity, obligation or performance of any other covenant or agreement which is, in itself, valid. No controversy as to the construction or validity of any covenant or agreement shall delay the performance of any other covenant or agreement. In the event of the failure in law of any covenant or agreement herein contained, such steps shall be taken and such further contract or contracts shall be made as shall be advised by counsel, to carry into effect the purposes and intents hereby expressed.

1776 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

Section 3. The facilities covered by this agreement having been used from the thirty-first day of July, 1904, to the first day of August, 1906, a period of two years, under conditions not contemplated by the agreement effective January 1st, 1902, which agreement this agreement supersedes, it is hereby agreed that a settlement for the use of said facilities, for the period aforesaid shall be made between the parties hereto, upon and under the terms of this agreement.

In Witness Whereof, each party hereto has caused this instrument to be signed by its proper officers and its corporate seal to be hereto affixed, the day and year first above written.

Sub: Use of Big Four tracks between E. Alton and Bridge Junction by
CB&Q. File 62.15.

Mr. E. P. Bracken, Vice-President,
C. B. & Q. Railroad Company,
547 West Jackson Boulevard,
Chicago, Ill.

Dear Sir:—

Our correspondence ending with your letter of January 30th, in regard to refund for cars which were not handled from Granite City to Bridge Junction.

We have made a cost study which recaps as follows:

	New Rates	Old Rates
East Alton to Bridge Junction.....	\$69.54	\$80.56
East Alton to Granite City.....	45.11	53.47
No. Wood River to Bridge Junction.....	60.38	66.52
No. Wood River to Granite City.....	35.95	39.43

We will arrange to readjust the bills on this basis, effective as of January 1st, 1924.

Yours very truly,
H. A. WORCESTER

Chicago, May 25, 1925

Mr. C. I. Sturgis:

Referring to contract of June 1st, 1916, between the Cleveland, Cincinnati, Chicago & St. Louis Railway Company and the Burlington, covering use by the Burlington of that Company's tracks between East Alton and East St. Louis.

I enclose herewith original letter from Vice-President Worcester of the Big Four, showing result of a new cost study, and naming rates per car on which bills will be readjusted, effective as of January 1st, 1924.

Will you please file this with the original contract, as it constitutes a modification thereof?

Yours truly,
E. P. BRACKEN

Mr. Thiehoff:

As a matter of information, the old rates are shown opposite the new rates.
E. P. B.

Cincinnati, Ohio, July 27, 1925

Mr. W. F. Thiehoff, General Manager,
Chicago, Burlington & Quincy R. R. Co.,
Chicago, Illinois.

Dear Sir:—

As you are doubtless aware, Article XIV of the contract of June 1, 1916 between our respective companies, relating to the joint trackage arrangement between East Alton, Illinois, and East St. Louis (Bridge Junction), Illinois, provides for a readjustment of the rates as of each five-year period on and after October 1, 1920. In actual practice, however, the matter of revising the rates has been given consideration when either party conceived that the conditions justified some revision.

While the Big Four would not be disposed, other things being equal, to immediately ask for a revision of the rates now in effect under the last revision thereof, the fact that failure to now obtain a revision pursuant to the terms of the agreement might continue the existing revised rates in effect for the five-year period beginning October 1, 1925, places the matter in a somewhat different status.

Assuming that the present obtaining rates are also satisfactory to your Company, I wish you would promptly advise whether it may now be understood and agreed that the present rates will continue in effect until October 1, 1925, and for the five year period thereafter, but upon the further understanding and agreement that either party may, during said period, require revision if and when, in its opinion, conditions warrant and, in the event the parties fail to agree upon such revised rates within thirty days after request therefor, the question will be subject to arbitration on demand of either party within thirty days thereafter and otherwise conducted substantially as provided in the contract.

Yours truly,
C. S. MILLARD,
General Manager.

Chicago, August 11, 1925

Mr. C. S. Millard,
Gen. Mgr.—C. C. & St. L. Ry. Co.,
Cincinnati, Ohio.

Dear Sir:—

Referring to your letter of July 27th, file 60-S, in regard to Article XIV of contract dated June 1st, 1916, between our respective Companies, relative to joint trackage arrangement between East Alton and East St. Louis (Bridge Junction), Ill., which article provides for a readjustment of the rates as of each five year period on and after October 1st, 1920.

This is to advise that it may now be understood and agreed that the present rates will continue in effect until October 1st, 1925, and for the five year period thereafter, but upon the further understanding and agreement that either party may, during said period, require revision if and when, in its opinion, conditions warrant, and in the event the parties fail to agree upon such revised rates within thirty days after request therefor, the question will be subject to arbitration on demand of either party within thirty days thereafter and otherwise conducted substantially as provided in the contract.

Yours truly,

To Mr. Sturgis copy I enclose original letter received from Mr. Millard in this regard, together with a copy of same, as well as Mr. Lavidge's copy of my letter to Mr. Millard. Mr. Sturgis will file the original with the contract and forward the copy to Mr. Lavidge. I am also sending a copy of both letters to the Local Officers for their information and guidance.

W F T

AGREEMENT, May 12, 1916, Illinois Terminal Railroad Company and Chicago, Burlington & Quincy Railroad Company. 4.75 miles.

This Agreement, made and entered into this 12th day of May, 1916 by and between the Illinois Terminal Railroad Company, a corporation existing under the laws of the State of Illinois, hereinafter called the "Terminal Company," first party, and the Chicago, Burlington & Quincy Railroad Company, a corporation existing under the laws of the State of Illinois, hereinafter called the "Burlington Company," second party.

Witnesseth: That

Whereas, the Terminal Company owns and operates a line of railroad extending in part from a connection with the railroad of the Missouri & Illinois Bridge & Belt Railroad Company and so called "Levee Tracks," at Alton, Madison County, Illinois, in a southeasterly direction approximately five (5) miles to a crossing at grade with the tracks of the Chicago & Alton Railroad Company, and the Cleveland, Cincinnati, Chicago & St. Louis Railway Company, at North Wood River in said County, together with a railroad yard (which when separately referred to is hereinafter called the "Federal Yard") on said line of railroad between said Alton and said North Wood River, and certain industry and other tracks, including interchange tracks with the Cleveland, Cincinnati, Chicago & St. Louis Railway Company, Chicago & Alton Railroad Company, Chicago,

Peoria & St. Louis Railroad Company, Missouri & Illinois Bridge & Belt Railroad Company, and any other railroad company at said Alton (which when separately referred to are hereinafter called the "Alton side tracks"), and the Terminal Company proposes to construct and operate without delay a freight house with the necessary team and other tracks adjacent thereto (which said freight house with the said tracks adjacent thereto when separately referred to is hereinafter called the "Alton Freight Station"), the location of said line of railroad and of the portion of said Federal Yard to be used jointly hereunder, and of said Alton side tracks and of said Alton Freight Station, being shown in red on plat hereto attached and made a part of this agreement, and identified by the signatures of the Engineers of Maintenance of Way of the respective parties hereto; all of said property of the Terminal Company so shown in red on said plat and including proposed connections with Chicago & Alton Railroad Company and with Cleveland, Cincinnati, Chicago & St. Louis Railway Company at North Wood River hereinafter referred to and colored on dotted line in red on said plat being for convenience hereinafter called the "joint line"; and

Whereas, there exists at said Alton certain tracks connecting with said joint line, commonly known as and hereinafter called "levee tracks," located as shown in yellow on said plat, which are owned jointly by the Terminal Company, the Cleveland, Cincinnati, Chicago & St. Louis Railway Company, the Chicago & Alton Railroad Company and the Chicago, Peoria & St. Louis Railroad Company, the business of said four companies to and from said levee tracks being handled by joint switch engine at the joint expense of said companies; and

Whereas, the Burlington Company desires the right to use said joint line in common with the Terminal Company, and further desires the right of use of said levee tracks, to all of which the Terminal Company is willing to agree upon the terms and conditions hereinafter contained;

Now, Therefore, in consideration of the premises and the mutual and dependent covenants in this agreement set forth, the parties hereto have agreed, and do hereby covenant and agree with each other, as follows:

ARTICLE I.

SECTION 1. The Terminal Company hereby grants to the Burlington Company, for the period hereinafter stated, the full joint and equal use (except as hereinafter otherwise provided) of said joint line together with such side tracks and switches shown in red upon the plat hereto attached and made a part of this agreement, to be used in common with the Terminal Company and such other company or companies as the Terminal Company shall at any time permit to use the same, or any part thereof, together with all improvements, betterments and additions to said joint line (except team tracks, industry and loading tracks, unloading tracks, stations and river terminals east of range line number nine, which the Burlington Company is not given the right to use hereunder), which may hereafter be constructed or acquired by the Terminal Company.

§ 2. The Terminal Company shall secure respectively from the Chicago & Alton Railroad Company and said Cleveland, Cincinnati, Chicago & St.

Louis Railway Company, the right to construct and maintain during the term of this agreement the necessary connections between the tracks of said companies and the said joint line, where the latter crosses said tracks at grade at said North Wood River, to enable trains, engines and cars of the Burlington Company to be operated between said joint line and the tracks of said companies at said place, and shall construct and maintain said connections, or cause same to be constructed and maintained for said purpose, throughout the term of this agreement; the said connections to be constructed approximately, as shown in dotted red lines on said plat; it being understood and agreed between the parties hereto that in event the Cleveland, Cincinnati, Chicago & St. Louis Railway Company and the Chicago & Alton Railroad Company discontinue operating a double track line through North Wood River (the main track of each of said companies now forming such double track line) the obligation of the Terminal Company as herein defined with reference to the maintenance of a connection at North Wood River with the track of the Chicago & Alton Railroad Company shall cease; it being further understood and agreed between the parties hereto that any expense for the construction of said connections which the Terminal Company shall find it necessary to assume, shall be added by it to the sum representing the value of the said joint line mentioned in paragraph (a) of Section 1 of Article III hereof. The Burlington Company agrees to repay to the Terminal Company any expense which it shall find it necessary to assume on account of the maintenance, renewal, repair or operation of said connections installed in the tracks of the Chicago & Alton Railroad Company and the Cleveland, Cincinnati, Chicago & St. Louis Railway Company, except such portion of the cost of the operation, maintenance, repair and renewal of the interlocking plant at said place, necessary to protect train movements over said connections, which expense the Terminal Company shall include from month to month in its bills covering the operation, repair, renewal and maintenance of said joint line mentioned in paragraph (d) of said Section 1 of Article III hereof.

The Terminal Company shall also improve the present connection of said joint line with the said railroad of the Missouri & Illinois Bridge & Belt Railroad Company in said Alton by installing a new connection in the track of the Terminal Company and a new connection in the track of the Missouri & Illinois Bridge & Belt Railroad Company, moving the crossing now in the track of the Chicago, Peoria & St. Louis Railroad Company approximately two hundred and fifty feet (250) east, doing necessary grading, for the new connection, and furnishing and installing necessary track material and connecting said connection when completed with the interlocking plant now at Henry Street. It is understood and agreed between the parties hereto that the cost to the Terminal Company of making such changes shall be added by it to the sum representing the value of said joint line mentioned in said paragraph (a) of said Section 1 of said Article III hereof, and that the cost thereafter of maintaining, repairing and renewing same, together with the cost, if any, of operating, maintaining, repairing and renewing portion of said interlocking plant required to protect movements over said new connection of said joint line and the Missouri & Illinois Bridge & Belt Railroad Company and movements over any other trackage

to be used jointly by the parties hereto hereunder, shall be charged to joint account covering like cost in respect to said joint line as provided in paragraph (d) of said Section 1 of Article III.

§ 3. The Terminal Company shall have the charge, supervision and the full and sole control of said joint line and of the operation and maintenance thereof, except as hereinafter otherwise provided; and shall pay all taxes and assessments that shall be levied thereon; shall maintain the same in good condition and repair; insure improvements thereon against loss or damage by fire, and make all betterments, renewals and replacements thereof, and shall do all acts and things necessary and proper for the operation thereof, and shall comply with all regulations prescribed by law for the safety of the public. In case the Terminal Company shall fail to repair any defect in said joint line within reasonable time after the Burlington Company shall have given to the Terminal Company written notice specifying the defect and requesting that it be repaired, then the Burlington Company shall have the right to make the necessary repairs at once, and the Terminal Company shall and will pay the cost thereof, and the Terminal Company shall include such cost in its monthly bills for maintenance, repair, renewing, etc., as provided in paragraph (d) of Section 1 of Article III.

§ 4. The Terminal Company hereby grants to the Burlington Company the right to construct, maintain and operate at its own expense, during the term of this agreement, for the commercial and other business of the Burlington Company, such wire or wires on the telegraph poles of the Terminal Company, with instruments in all stations or buildings on and around the joint line, the use of which is herein granted to the Burlington Company, that the Burlington Company may desire to place.

§ 5. The Terminal Company being authorized under its agreement with its joint owners thereof so to do, hereby agrees to secure and hereby grants to the Burlington Company the right throughout the term of this agreement to the use of said Levee tracks, and any additions thereto or extensions thereof, upon the same terms and conditions that the Terminal Company, itself, now enjoys the use of said tracks, and the Terminal Company further agrees that it will not, without the written consent of the Burlington Company, enter into any contract or make any arrangement with the joint owners of said tracks that will in any way impair or interfere with the right of the Burlington Company to such use of said tracks during the term of this contract.

ARTICLE II.

SECTION 1. The Burlington Company, under the use herein granted of said joint line, shall have the unrestricted right to do all business commonly carried on by railroad companies to and from all stations, industries, team tracks, loading tracks, unloading tracks, river terminals, and other facilities, now existing or which may be hereafter established on said joint line, in all respects the same as if the Burlington Company was in the exclusive ownership and operation of said joint line, provided however, that the Burlington Company shall not have the right hereunder to handle

First, any local traffic between any stations or sidings on said joint line,
nor

Second, any traffic over said joint line between one railroad company connecting therewith not a party hereto and another railroad company connecting with said joint line and not a party hereto, nor

Third, any traffic for movement between the connections of the joint line with any other railroad company not a party hereto and any industries, team tracks, loading tracks, unloading tracks and river terminals, now existing or which may hereafter be built, installed, maintained or established along said joint line, nor

Fourth, any traffic to or from industry tracks, team tracks, loading tracks, unloading tracks, stations, or river terminals which now exist or which may hereafter be located along said joint line east of range line number nine (9), which is at or near the east line of Alton, Illinois city limits.

Provided, However, nothing in the foregoing shall in any way prohibit the Burlington Company from handling any traffic to or from the connections of the Missouri and Illinois Bridge and Belt Railroad at Alton, when such traffic is destined to or forwarded from stations or sidings west of range line number (9), and further, when such traffic is handled to or from West Alton, Missouri in the trains of the Burlington Company, or for its account by said Missouri and Illinois Bridge and Belt Railroad.

§ 2. The Terminal Company shall at all stations on said joint line employ all necessary agents and servants (subject to the option of the Burlington Company to employ its own force for handling its own business at said Alton Freight Station, as hereinafter provided) and shall require them to give the same care and attention to the business of the Burlington Company as to its own business. All such employes shall be neutral and impartial and shall give the Burlington Company equality of service with the Terminal Company. They shall receive general orders from the Terminal Company, but the Burlington Company may issue orders direct to such employes respecting the conduct of its own business. At the option of the Burlington Company, such employes shall render reports concerning the Burlington Company's own business direct to the Burlington Company and remit direct to the Burlington Company any moneys belonging to the Burlington Company. The Terminal Company shall, upon the complaint of the Burlington Company for reasonable cause by it stated, transfer any such agent or servant from the joint line.

At said Alton Freight Station the Burlington Company shall have the right, if it elects so to do, to employ its own force for performing all services in respect to its own business at said station, except the loading and unloading of freight; it being understood and agreed that in the event the Burlington Company elects to so employ its own force, the Terminal Company shall provide the necessary space in said station for the use of said force of the Burlington Company; it being further understood and agreed that in the event the Terminal Company shall not use said station jointly with the Burlington Company the Burlington Company shall also have the right to employ its own force for the loading and unloading of freight.

The Terminal Company shall, upon the request of the Burlington Company, require such station agents and other servants employed by the Terminal Company as receive or handle moneys for or on account of the Burlington

Company, to give such reasonable bond or other indemnity for the benefit of the Burlington Company as the latter company may require against loss through the carelessness or dishonesty of such employes. The premiums or compensations for the same shall be paid by the Burlington Company. In case of a shortage occurring in the accounts of any such agent or employe where it is impossible to determine to which party the money belonged at the time of such shortage, the loss shall be apportioned between the parties hereto on the basis of the gross revenue accruing to each party on the class of business handled by the employe in such position at such station for the two calendar months preceeding that in which said shortage was discovered. Neither party hereto shall have or make any claim against the other party hereto for any such loss occurring through the dishonesty, shortage or defalcation of any such employee.

§ 3. Each party hereto shall at its own expense at all times furnish such stationery and forms as may be required solely for the transaction of its own business. All other station supplies shall be furnished by the Terminal Company, and shall be charged in joint account.

ARTICLE III.

SECTION 1. The Burlington Company covenants and agrees to pay to the Terminal Company as compensation for the use of said joint line herein granted, the following sums, viz:

(a) An annual sum equal to two per centum (2%) upon two hundred eighty-six thousand three hundred Dollars (\$286,300.00), said sum being the agreed value of said joint line, the use of which is herein granted, and includes said five (5) miles of railroad between said Alton and said North Wood River, the said tracks in said Federal Yard shown in red on said plat and said Alton sidetracks (but not including said Alton freight station, nor said improvements in the connection of said joint line with the railroad of the Missouri & Illinois Bridge & Belt Railroad Company in said Alton, nor the cost to the Terminal Company of constructing the aforesaid connections at North Wood River, the cost of said three jobs to be added to the said amount of two hundred eighty-six thousand three hundred dollars when ascertained by the Terminal Company. Said annual rental shall be paid in equal semi-annual installments, the first said installments being payable six (6) months after the date of this agreement, and each subsequent installment being payable at the end of each six (6) months period thereafter, during the continuance of this agreement; it being understood and agreed that in the event that by mutual consent of the parties hereto, any portion of said joint line shall be taken up or the use thereof discontinued, the aforementioned sum upon which the said annual rental is computed shall be reduced by an amount representing the value of the portion of said joint line taken up or the use thereof discontinued.

(b) An annual sum equal to two per centum (2%) interest from the time when expenditure for each thereof shall be made, or from the time when the Burlington Company shall elect to use the same, upon that portion of the cost of all additions and betterments, which the Terminal Company may make to and on the said joint line (except team tracks, in-

dustry and loading tracks, unloading tracks, stations and river terminals east of said range line number nine), and upon that portion of any assessments lawfully levied thereon and actually paid by the Terminal Company, which shall under the rules of accounting when prescribed by the Interstate Commerce Commission be chargeable to capital account, it being understood and agreed that if the Burlington Company elects not to use any of such additions or improvements to said joint line, when made by said Terminal Company of its own accord, and not at the request of the Burlington Company, no interest rental, taxes, assessments or other charges on account of same shall be charged against or paid by the Burlington Company.

(c) Such annual sum as shall from time to time constitute such proportion of all taxes and of all assessments not covered by paragraph (b) of Section 1 of Article III hereof, as shall, after the Burlington Company shall have commenced its use herein granted, be lawfully levied upon said joint line and actually paid by the Terminal Company, as one (1) shall bear to the total number of all companies using the portion of said joint line on which said taxes or assessments are assessed. If any such taxes or assessments shall be so levied or assessed upon said joint line and appurtenances that they cannot be readily and satisfactorily separated from those levied or assessed upon other portions of the railroad or property of the Terminal Company, they shall be apportioned as equitably as may be, and if the parties cannot agree upon such apportionment, it may be determined by arbitration as hereinafter provided.

(d) A pro rata proportion of the cost of maintaining, repairing, renewing and operating said joint line and insuring same against loss or damage by fire (except (1) said Alton Station, the cost of maintaining, repairing, renewing, operating and insuring which is provided for in the next following paragraph hereof, and (2) the water tank, stand pipe and pipe line at Federal Yard, the cost of maintaining, repairing, renewing and operating which is provided for in paragraph (f) of Section 1 of Article III hereof), which proportion shall bear the same ratio to the whole amount expended for such purposes as the number of engines and cars of all classes operated by the Burlington Company on or over said joint line shall bear to the whole number of engines and cars of all classes operated by all companies on or over the same; and for this purpose, every engine with its tender shall be counted as one car, and every caboose shall be counted as one car; but engines and cars engaged in joint switching service mentioned in Articles IV and V hereof, and engines and cars in work or relief trains, shall not be computed herein; it being understood and agreed that any cars set out by the Burlington Company in Federal Yard and subsequently picked up by another Burlington engine or train for movement over the joint line in the same direction shall be counted as only one movement over the joint line, provided said cars have not been moved from the Federal Yard.

(e) A pro rata proportion of the cost of maintaining, repairing, renewing and operating said Alton Station and insuring same against loss or damage by fire, which proportion shall bear the same ratio to the whole amount expended for such purpose as the tonnage handled for the Burlington Company bears to the total tonnage handled at or through said station for

all companies using the same, including all tonnage loaded and unloaded, whether over the platform, or through the freight house, or on team tracks; provided, however, if the Burlington Company shall elect to employ its own force for handling its own business at said station, as provided in the second paragraph of Section 2 of Article II hereof, the wages of employes of the Terminal Company in performing a similar service for it at said station shall not be included in the cost of operating said station in bills rendered by the Terminal Company to the Burlington Company, under this paragraph, during the period that the said force of the Burlington Company is so employed.

(f) Same rate per thousand gallons of water taken by the Burlington Company at Federal Yard that the Terminal Company pays from time to time to the Water Company for said water, during which period the Burlington Company shall also share in the cost of maintaining, repairing or operating such portion of the Terminal Company's water or pumping plant used in the supplying of such water, and of taxes and insurance thereon, in the proportion that the number of gallons of water taken at Federal by the Burlington Company each month shall bear to the total number of gallons of water taken thereat and furnished by the Water Company during said month.

In event this Terminal Company discontinues the purchase of water at any time and arranges to pump same from wells or other source of supply, the Burlington Company shall pay for water thence taken by it at rate of forty (40) cents per engine tank, it being understood and agreed that said forty (40) cents per tank rate is to apply during such period as water is only taken occasionally by the Burlington Company (when water is not being purchased by the Terminal Company), during which period the Burlington Company shall not share in the cost of maintaining, repairing or operating any portion of the Terminal Company's water or pumping plant, or of taxes or insurance thereon. The Burlington Company shall have the right, at its option, to take water regularly from the Terminal Company's facilities at Federal without restriction as to amount and if at the time it elects so to do the Terminal Company is not purchasing water supplied at Federal but pumping same itself, the value of the Terminal Company's water and pumping plant (except the value of the water tank, stand pipe and pipe line between said tank and stand pipe, the value of which is included in the figure of \$286,300.00 hereinbefore mentioned) shall, during such period as the Burlington Company takes water regularly, be added to the value of said joint line and the Burlington Company shall pay two (2) per centum per annum rental thereon and the cost of maintaining, repairing and operating said water and pumping plant, together with taxes and insurance thereon, shall be treated as an expense of operating said joint line and divided between the parties hereto on the basis of paragraph (d) of Section 1 of Article III hereof. The said charge of forty (40) cents per tank shall not be assessed against the Burlington Company during such period as it pays rental on the value of the Terminal Company's water and pumping plant (except value of water tank, stand pipe and pipe line between said tank and stand pipe) and shares in the cost of maintenance

and repair of and taxes and insurance on said pumping and water plant. It is understood and agreed between the parties hereto that this second paragraph of sub-paragraph (f) of Section 1 of Article III shall apply only when the Terminal Company is not purchasing water as described in the first paragraph of said sub-paragraph (f).

(g) The cost of printing time cards when new cards are made necessary solely by changes in time of Burlington Company's trains.

§ 2. All compensations and charges of every kind and nature, which in and by this agreement the Burlington Company is required to pay the Terminal Company shall be paid within twenty (20) days after the rendition of proper bills, therefor; such bills (except as otherwise herein provided) shall be rendered by the Terminal Company as soon as may be after the last day of each calendar month for which such compensation and charges shall have accrued, and shall be based upon and contain a statement of costs incurred, operations, business handled, services rendered and materials furnished during such month. The books and accounts of the Terminal Company so far as they relate to the expense, operations and services aforesaid, shall be open during business hours for the inspection of any duly authorized representative of the Burlington Company.

§ 3. If through casualty or other cause not the fault of the Burlington Company, the Burlington Company shall be deprived of the use of said joint line for a period of thirty (30) days or more, the rental accruing against the Burlington Company under the provisions of this agreement during such period shall be abated, upon such portion of joint line as said Burlington Company is unable to use.

§ 4. All expenditures made for additions, betterments, maintenance, repairs or renewals upon or to said joint line, shall be classified and charged by the Terminal Company in its accounts in accordance with the classification of accounting prescribed by the Interstate Commerce Commission at the time said expenditures are made.

ARTICLE IV

SECTION 1. The Terminal Company shall, if and when requested, by the Burlington Company so to do, with its own engines and crews perform the switching service necessary to handle cars of the Burlington Company, in both directions, between said Federal Yard or the connection of the Missouri & Illinois Bridge & Belt Railroad Company and said Alton side tracks and said Alton Freight Station. The said cars of the Burlington Company destined from said Federal Yard or the connection of the Missouri & Illinois Bridge & Belt Railroad Company to said Alton side tracks, or said Alton Freight Station, shall be placed by the Burlington Company or for its account upon such tracks (being a part of the joint line) in said Federal Yard, or upon such other tracks, as may be from time to time agreed upon between the parties hereto, and cars of the Burlington Company out-bound from said Alton side tracks, or said Alton Freight Station, shall be placed by the said joint engines and crews on such of said tracks in said Federal Yard or upon such other tracks as may from time to time be agreed upon by the parties hereto. The Terminal Company shall also, if and when re-

quested by the Burlington Company so to do, with its own engines and crews perform such switching service for the Burlington Company in said Federal Yard as the Burlington Company may from time to time request. It is understood and agreed that nothing herein contained shall restrict the right of the Burlington Company to perform the said switching described in this section of its cars with its own engines and crews, if it shall desire so to do and in which event such cars and engines shall not be counted in determining the Burlington Company's proportion of expense referred to in paragraph (d) of Section 1 of Article III.

The Burlington Company shall pay to the Terminal Company for said joint service such proportion of the cost thereof as the number of loaded cars handled for it herein bears to the total number of loaded cars handled by said joint engines and crews.

SECTION 2. The Burlington Company shall make settlements for per diem on foreign cars handled for its account to or from said Alton side tracks or said Alton freight station and shall receive any demurrage or car service charges earned by any cars handled for its account to or from said tracks, such demurrage or car service charges to be collected by the Burlington Company.

ARTICLE V.

The Terminal Company agrees to handle, or cause to be handled, the cars of the Burlington Company to and from said levee tracks, the same as if such cars were the Terminal Company's own cars being handled in joint account with the joint owners of said levee tracks. The Burlington Company's cars from said levee tracks shall be placed by the joint levee track engine handling the same upon the same tracks that the Terminal Company agrees upon with the levee track owners from time to time as the interchange track for the Terminal Company's cars from the said levee tracks (which interchange track shall hereinafter be called the "Levee interchange track"), from which point they shall be moved as promptly as possible by the Terminal Company to tracks in Federal Yard which are a part of the said joint line, or upon such other tracks as may from time to time be agreed upon between the parties hereto. The cars from the Burlington Company to said levee tracks shall be moved by the Terminal Company as promptly as possible from such tracks in Federal Yard which are a part of said joint line, or from such other tracks as may from time to time be agreed upon, to the said levee interchange track.

It is understood and agreed that the Terminal Company shall make monthly settlements with the joint owners (parties to joint switching arrangements covering said levee tracks) for the handling of the cars of the Burlington Company in both directions between said Levee tracks and the said levee interchange track, such cars of the Burlington Company for the purpose of such settlements between the Terminal Company and said levee track owners to be considered as cars of the Terminal Company. The Terminal Company shall in like manner make settlements on account of the cars of the Burlington Company in both directions between the said levee tracks and the said levee interchange track for the maintenance, repair

or renewal of said levee tracks. All the expense described in this second paragraph of Article V to be paid by the Terminal Company, except expense for maintenance, repair or renewal, shall then be divided monthly between the Burlington Company the Terminal Company, except expense for maintenance, repair or renewal, shall then be divided monthly between the Burlington Company and the Terminal Company in the same ratio that the number of loaded cars handled over said levee tracks for the account of the Burlington Company bears to the total number of loaded cars handled thereover for the account of the Burlington Company and the Terminal Company during said month. The said expense for maintenance, repair or renewal to be paid by the Terminal Company shall be included by the Terminal Company in bills to be rendered in accordance with paragraph (d) of Section 1 of Article III hereof, and divided between the parties hereto on basis of said paragraph (d) of said Section 1 of Article III.

It is further understood and agreed between the parties hereto, that in the handling of its cars between said levee interchange track and said levee tracks, the Burlington Company shall assume the same liability as is imposed upon the Terminal Company in connection with the handling of its own cars between said levee interchange track and said levee tracks, as set forth in the present joint switching contract between the owners of said levee tracks, or any subsequent contracts that may be executed by said owners.

The Terminal Company shall make all settlements with the joint owners (parties to the joint switching contract or arrangements covering said levee tracks) for loss, damage or injury occurring in said joint switching service, and paying for the account of the Burlington Company its proportion of any liability for loss, damage or injury to the person or property of others (than the parties hereto), which the Terminal Company is required to assume under said joint switching contract or arrangement with the said joint owners, which Burlington Company's proportion, it is agreed with the parties hereto, shall be determined by the same ratio as the cost of said joint switching service is divided between the parties hereto, during the month in which said loss, damage or injury occurred.

The Burlington Company shall make settlements for per diem on foreign cars handled for its account to or from said levee tracks and shall collect and receive any demurrage or car service charges earned by any cars handled for its account to or from said tracks.

The cars of the Burlington Company moved by the Terminal Company to or from said levee tracks in either direction between said joint Federal Yard tracks (or such other tracks as may be agreed upon from time to time) and said levee interchange track shall be classed and paid for by the Burlington Company same as that described in Article IV hereof.

ARTICLE VI.

On all bills rendered hereunder (except for water taken at Federal Yard while the Burlington Company pays therefor a flat rate of forty (40) cents per engine tank) five per centum (5%) shall be added to cost of material to cover shortage, handling and transportation of materials,

general supervision furnished by other than the ordinary gang foreman, accounting and other elements of expense not capable of exact ascertainment, it being understood and agreed that the Terminal Company shall not charge to joint account hereof the cost of any tools used by gangs employed on facilities jointly used hereby. It is further understood and agreed that the Terminal Company may charge to joint account hereof such proportion of the wages of its Supervisor, Engineer Maintenance of Way, Trainmaster, Superintendent and any Bridge, Building and Signal Foremen engaged in an official capacity and their office forces, as the number of miles of track under their supervision bears to the number of miles of track in the joint account for which bills are rendered, but no percentages shall be added thereto.

ARTICLE VII.

Section 1. The Terminal Company shall make all schedules for the movement of engines and trains over said joint line, which schedules shall, as nearly as may be practicable, accord equality of right, privilege and advantage to trains of the same class operated by each party hereto, and to trains of a superior class operated by either party a preference over trains of an inferior class operated by the other party.

§ 2. The Terminal Company shall make rules and regulations for the operation of said joint line (all ordinary signals and rules to conform to the Standard Code as approved by the American Railway Association and as adopted and generally used by the railroads in the United States) which shall have like application to all engines and trains which may be moved over said joint line. The movement of all engines and trains over said joint line shall be under the immediate direction and control of proper officers of the Terminal Company, and the orders of said officers governing said movement shall, as nearly as may be practicable, secure equality of right, privilege and advantage to all trains of the same class.

ARTICLE VIII.

Section 1. If the Burlington Company shall at any time during the term of this agreement desire any additional side, spur, industry, connecting or other track or facilities which do not now exist on said joint line (except industry tracks, team tracks, loading tracks, unloading tracks, stations and river terminals east of said range line numbered nine), it shall give to the Terminal Company notice of such desire, and the Terminal Company shall, within thirty (30) days after receiving such notice, proceed to construct such track or tracks, or provide such facilities, and the Burlington Company shall pay for the use of same an annual sum equal to two per centum (2%) from the date of such construction or provision upon the cost of same, provided they are used jointly by the parties hereto, and shall in addition thereto pay its share of the cost of taxes and assessments and of maintenance and operation thereof, which share shall be determined as provided in paragraph (c) and (d) of Section 1 of Article III hereof.

It is expressly understood and agreed that should the new track or tracks or other facilities which may be constructed from time to time

upon the request of the Burlington Company as provided in Section 1 of this Article VIII, be for the exclusive use and sole benefit of the Burlington Company, and the Terminal Company or its tenants should not make use of said track, or tracks, or other facilities, then in that event the Burlington Company shall pay to the Terminal Company as rental a sum equal to five per centum (5%) per annum upon the total cost of construction of such track, or tracks or other facilities, and, in addition thereto, the Burlington Company shall pay the total cost of maintenance, operation, repair or renewal together with the total cost of all taxes and assessments that be properly levied against said track, tracks or other facilities.

§ 2. If the Burlington Company shall at any time during the term of this agreement desire to use any existing tracks in said Federal Yard in addition to those shown in red on said plat as a part of said joint line, it shall have the right to do so, and shall pay to the Terminal Company for the use of same an annual sum equal to two per centum (2%) upon the value of same from the date of such use, and shall, in addition thereto, pay its share of the taxes and assessments thereon and cost of maintenance and operation thereof, which amount shall be determined as provided in paragraphs (c) and (d) of Section 1 of Article III hereof.

§ 3. It is further understood and agreed that if the Burlington Company shall at any time during the term of this agreement desire to use the passenger station of the Terminal Company at said Alton, it shall have the right to do so and shall pay to the Terminal Company for the use of same an annual sum equal to two per centum (2%) upon the value of same from the date of such use (from which date said passenger station shall be considered a part of said joint line), and shall in addition thereto pay its share of the taxes and assessments thereon as provided in paragraph (c) of Section 1 of Article III, hereof, and its share of the cost of maintenance and operation of same and of insuring same against damage or loss by fire, which shall bear the same ratio to the whole amount expended for such purpose as the number of tickets sold for the Burlington Company shall bear to the total number of tickets sold for all companies using said passenger station. The Burlington Company, at any time on sixty (60) days notice to the Terminal Company, shall have the right to discontinue the use of said passenger station, and for such time as it makes no use of said station the Burlington Company shall not be required to make any payments to the Terminal Company as in this Section 3 of Article VIII provided.

ARTICLE IX.

Section 1. All persons engaged in the maintenance, repair, renewal, operation or protection of said joint line (and the aforesaid connections at North Wood River, if the performance of such services in respect thereto devolved upon the Terminal Company), including those engaged in the performance of the joint switching service mentioned in Article IV and last paragraph of Article V hereof (but not including employes engaged in the maintenance, repair, renewal or operation of the water plant at Federal Yard while the Burlington Company is taking therefrom only an

occasional engine tank of water as described in paragraph (f) of Section 1 of Article III hereof), shall as respects liability for loss, damage, injury or death be deemed the joint employes of the parties hereto.

If any persons are engaged partly in such maintenance, repair, renewal, operation or protection, and partly in service not connected therewith, then and in that case they shall be regarded as joint employes only while occupied in the joint use and for the joint benefit of the parties hereto.

Enginemen and trainmen of each party engaged solely in its own service shall not be considered joint employes hereunder.

§ 2. Each party hereto shall bear and pay for:

All loss, damage, injury or death sustained by any person or persons whomsoever (including both parties hereto and their employes) which is caused wholly by the negligence or willful acts of its sole employes, or by any defect in or failure of its engines or cars.

§ 3. Each party hereto shall bear and pay for:

All loss or damage to its own property; property in its custody; property of its employes; property of its passenger and other persons on its trains,—injury to, or death of its employes; its passengers and other persons on its trains;—loss, damage, injury or death not in this section specifically mentioned, sustained by itself, its employes, its passengers and other persons on its trains and the owners of property in its custody.—

When such loss, damage, injury or death is caused by or results from:

- (a) any defect or imperfection in said joint line, or any part thereof.
- (b) unknown causes.
- (c) the negligence or willful act of a joint employe.
- (d) the concurrent negligence or willful acts of a joint employe and a sole employe of either or both parties.
- (e) the concurrent negligence or willful acts of the sole employes of both parties.
- (f) negligence or willful acts of third persons.
- (g) negligence or willful acts when the responsibility therefor cannot be determined.
- (h) an Act of God or inevitable accident.

§ 4. Each party hereto shall bear and pay for:

All loss or damage to property of joint employes; property of third persons—injury to or death of joint employes or of third persons—when such loss, damage, injury or death is caused by or results from the concurrent negligence or willful acts of a joint employe and its sole employe.

§ 5. All loss, damage, injury or death, liability for which is not herein otherwise provided for, shall be borne and paid for by the parties hereto on the basis provided in paragraph (d) of Section 1 of Article III; the intention being that this Section 5 shall cover all loss, damage, injury or death not mentioned in Section 3 hereof (except as provided in Section 4 hereof) due to any of the causes classified therein.

§ 6. If either party hereto shall pay or be compelled to pay any sum or sums for which the other party is liable under the terms of this

agreement, such other party agrees to re-pay to it, such sum or sums, together with all costs and expenses incident thereto, promptly upon receipt of bills therefor; provided, however, that neither party shall pay any such sum or sums without giving to the other party an opportunity to assume the payment or defend against the payment thereof.

In case a suit or suits shall be commenced against either party hereto, for or on account of any loss, damage, injury or death for which the other party is liable under the terms of this agreement, the party so sued shall give to the other party notice in writing of the pendency of such suit, and thereupon such other party shall assume the defense of such suit and shall save and hold the party so sued harmless from all loss, cost and expense by reason thereof.

Neither party shall be concluded by any judgment against the other unless it had reasonable notice that it was required to defend, and had reasonable opportunity to make such a defense. When such notice and opportunity shall have been given, the party so notified shall be concluded by the judgment as to all matters which could have been litigated in such suit.

ARTICLE X.

Section 1. If at any time a question shall arise touching the constructions of any part of this agreement, or concerning the business or manner of transacting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein contained, upon which question the parties hereto cannot agree, such question shall be submitted to the arbitrament of three disinterested persons, to be chosen, one by the Burlington Company, one by the Terminal Company, and the other by the two so chosen. The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten (10) days after such notice shall have been given to it by the other party, the arbitrator named by the party giving such notice may and shall name and appoint an arbitrator for and on behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party. If the two arbitrators so chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator as afore said, such third arbitrator may be appointed, upon ten (10) days' written notice by either party hereto to the other party hereto of its intention to make application therefor, by any judge of the District or Circuit Court of the United States for the district which shall then include the City of Alton, Illinois. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the question or questions submitted to them, and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon

the question or questions so submitted to them and shall serve a copy of such award upon each party hereto; and the award of such arbitrators, or of a majority of them, shall be final and binding upon both parties, and each or either party shall immediately make such changes in the conduct of its business, or such payments or restitution, as the case may be, as in and by such award may be required of them respectively. The books and papers of both parties relating to matters submitted to arbitration, shall be open to the examination of the arbitrators, and the party against whom the award shall be made shall pay all the fees and expenses of the arbitration. Until the arbitrators shall make their award upon any question submitted to them, the business, settlement and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

§ 2. All notices to be given by either party to the other under or by reason of this agreement, shall be subscribed by the President, Vice President or General Manager of the notifying party and be served upon the President, Vice President or General Manager for the time being of the other party.

ARTICLE XI.

This agreement shall take effect on the date hereof, and shall remain in force and effect until June 1, 1931, and so long thereafter subject to one year's written notice on the part of either party of their determination to cancel the same.

ARTICLE XII.

This agreement shall extend to and be binding upon the respective lessees, successors and assigns of each of the parties hereto, and shall run with the property.

The Burlington Company hereby agrees that it will not assign, transfer or underlet the rights and privileges hereby granted nor any of them, without the consent in writing of the Terminal Company, first had and obtained. This agreement is, and is intended, to be obligatory and binding upon the successors and assigns of the respective parties hereto.

In Witness Whereof, each of the parties hereto has caused this agreement to be signed by its proper officers, and its corporate seal to be hereto affixed attested by its Secretary or Assistant Secretary, the day and year first above written, in duplicate.

AGREEMENT August 1, 1906. Missouri and Illinois Bridge and Belt Railroad Company and Chicago, Burlington & Quincy Railroad Company Trackage and Bridge rights West Alton, Missouri to East Alton, Illinois, 2.69 miles.

This Agreement, made this first day of August, A. D. 1906, by and between the Missouri and Illinois Bridge and Belt Railroad Company, party of the first part, and the Chicago, Burlington and Quincy Railway Company, party of the second part,

Witnesseth—

Whereas, the party of the first part is the owner of and operating a certain railroad bridge across the Mississippi River, at the City of Alton, Madison County, Illinois, commonly known as the "Alton Bridge," together with approaches thereto: and

Whereas, the party of the second part desires to use said bridge and the approaches hereinafter described for the running of its trains across the same, as hereinafter specified;

Now Therefore, in consideration of the premises, it is mutually agreed by and between the parties hereto as follows:

1. In consideration of the payments to be made to the party of the first part by the second party, as hereinafter provided, and the performance of the other undertakings herein contained, and to be performed by said second party, the party of the first part hereby grants to said second party the right in common with itself and such other companies as it may hereafter authorize to use said bridge, to run its trains for the handling of the traffic hereinafter specified, over said bridge and approaches in both directions, for the term and upon the terms and conditions herein set forth.

2. The approaches herein mentioned shall include only such approaches as may be necessary to reach said bridge from a connection with the tracks of the second party on the west side of the Mississippi River, to a connection with the tracks of the Chicago and Alton Railroad Company on the east side of said River.

3. The right herein granted shall not embrace the handling or transportation of any traffic over said bridge or approaches except such traffic from the south or west as originates beyond West Alton, and is destined to points beyond the City of Alton, and which is not routed via lines connecting at or near Alton with the party of the first part; and such traffic from the east side of the Mississippi River as is received in the trains of the party of the second part beyond Alton, and from railroads other than those connecting at or near Alton with the party of the first part. It being expressly understood that the party of the first part reserves the right to continue the transfer of business of other lines across said bridge, and to handle all interchange business between railroads terminating at or near Alton, as well as local business between the City of Alton aforesaid; and what is known as West Alton, in the State of Missouri; and the party of the second part will deliver to the first party at West Alton for transportation over said bridge and approaches to the east side of the river, all interchange traffic with lines connecting

at Alton, and will receive from the party of the first part at West Alton all interchange traffic with lines connecting at Alton as aforesaid, destined across said bridge to the Missouri side, and over the line of the party of the second part; and if the second party shall for any reason haul over said bridge, in either direction, any traffic which it is not herein authorized to so handle, it shall pay therefor to the first party as hereinafter provided.

4. Nothing herein contained shall be construed as entitling the party of the second part to use said bridge or approaches for switching, standing cars upon, or making up trains, the sole purpose of this agreement being to secure to said second party the right to run its trains across said bridge and approaches for the handling of the traffic herein mentioned.

5. The schedule of time for the running of the trains of the party of the second part may be fixed by its Superintendent, from time to time, who shall give reasonable notice of any contemplated change thereof to the Superintendent of the first party; and in the arrangement of time tables, trains of the party of the first part shall have precedence over trains of the party of the second part of the same or lower class; but all trains of the second party shall otherwise while running on said bridge or approaches, be treated by the first party in all respects, as similar trains of its own or other companies are treated; and all employees of the party of the second part while running over said bridge and approaches shall be subject to and governed by the rules and regulations of the first party.

6. The party of the first part will keep said bridge and approaches in repair at its own expense, *Provided*, that the cost of repairs made necessary by the negligence of the party of the second part shall be borne by said second party, and *Provided Further* that in case the first party on account of inability to procure materials or other cause shall fail to make any repairs agreed to be necessary within a reasonable time after notice from the second party so to do, the second party may make such repairs and the first party shall reimburse it therefor.

7. The right herein granted the second party shall begin on the date hereof, and continue for the term of ten (10) years thereafter; *Provided*, that the right is reserved to either party to determine this agreement by one (1) year's written notice to the other, to be given any time after two (2) years from the date hereof; and *Provided Further*, that the rights herein granted may be terminated at any time in case of default by the party of the second part in the performance of any of its undertakings, as hereinafter stated.

8. As an inducement and consideration for the right herein granted, the party of the second part agrees and undertakes as follows:

First: That its charges for transportation over said bridge and approaches, including all cars, empty as well as loaded, shall in all cases be the same charge and toll fixed by the party of the first part, and in force at the time such traffic passes over said bridge, and that it will under no circumstances deviate from said bridge toll or charges fixed and in force as aforesaid, during the continuance of this agreement;

Provided, that the said tolls or charges so fixed by the party of the first part shall not at any time exceed the bridge tolls and charges in force between East St. Louis, Illinois, and St. Louis, Missouri.

Second: That it will pay over to the party of the first part on or before the tenth day of each month, the amount of all such bridge tolls and charges for the preceding month; *Provided*, that in consideration that the party of the second part will furnish its own motive power and train service for the running of the trains and handling of the business herein authorized, over the said bridge and approaches, the party of the first part will allow it twenty-five per cent (25%) of the amount of said fixed tolls and charges for such service; *Provided Further*, however, that the net amount to be paid to and retained by the party of the first part for the right herein granted, shall not be less than Twenty-five Thousand Dollars (\$25,000) for any one year, unless said bridge shall, from accident, damage or defect, (not caused by negligence of the second party or its employes), be out of use, and by reason thereof the tolls for said year do not amount to Twenty-five Thousand Dollars (\$25,000.00), in which event a proportionate deduction and allowance shall be made to said second party; and *Provided Further*, that should the party of the second part, for any reason, haul over said bridge or approaches, in either direction, any of the traffic which it is not herein authorized to so handle, it shall pay to the party of the first part, the full tariff therefor, without deductions on any account whatever, the same as if the traffic had been handled by the party of the first part.

Third: The party of the second part assumes all risk of loss or damage on account of delay or injury to its traffic, trains, engines or cars, employes and persons and property in its charge, or upon its trains, resulting directly or indirectly from any defect in said bridge or approaches, or any of the appurtenances thereunto belonging, and from the negligence of any employe or employes engaged in the handling of the draw, or any interlocking appliance, switch or signal, or otherwise, in or about the operation of said bridge and approaches; and agrees to indemnify and save harmless the party of the first part against all claims or suits on account thereof, but said second party shall have the right to require the discharge of any such employe of the first party for good cause, upon reasonable notice to the first party.

9. Each party hereto shall be liable to all third parties, as well as to each other, for all injuries and damages done by the running of its trains, or by the misconduct, carelessness or neglect of its own employes engaged in the operation of its trains; and in case of collision between the trains of the two parties, the one in fault shall sustain and pay all damages, and in case both or neither are at fault, each party shall bear the loss and damage resulting to its own engines, cars or trains and employes, persons and property in its charge, or upon the same.

10. In case the party of the second part shall fail or refuse to make any of the payments herein provided for, or to perform any of the other undertakings herein contained on its part to be performed, within the time and as herein provided, and such default shall continue for a

period of ten (10) days after written request from the party of the first part to perform the same, the first party may at its option terminate the rights of said second part hereunder, but such determination of said second party's rights shall not release it from any indebtedness it may be owing the party of the first part under this agreement.

11. Nothing herein contained shall prevent the party of the first part from granting to other companies the right to run their trains, engines and cars over said bridge and approaches in common with itself and the said party of the second part, upon such terms and conditions as to said first party may appear proper, *Provided*, that the same shall not deprive the party of the second part of any of the rights herein conferred upon it.

12. The right herein granted to the party of the second part shall not be assignable, either in whole or in part except upon the previous written consent thereto of the party of the first part; but the obligations of this contract shall be binding upon, and its benefits shall inure to, the Chicago, Burlington & Quincy Railroad Company, lessor of the party of the second part.

In Witness Whereof, said parties have executed this agreement in duplicate, attested by their respective corporate seals the day and year first above written.

SUPPLEMENTAL AGREEMENT February 1, 1913 Missouri and Illinois Bridge and Belt Railroad Company and Chicago, Burlington & Quincy Railroad Company. Trackage and bridge rights West Alton, Missouri to East Alton, Illinois, 2.69 miles.

This Agreement, made and entered into this first day of February, A. D. 1913, by and between the Missouri & Illinois Bridge & Belt Railroad Company, a corporation organized and existing under the laws of the State of Missouri, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, a corporation organized and existing under the laws of the State of Illinois, party of the second part..

Witnesseth

Whereas, by an agreement dated the first day of August, A. D. 1906, the Missouri & Illinois Bridge & Belt Railroad Company, party of the first part, granted to the Chicago, Burlington & Quincy Railway Company,

predecessor of the Chicago, Burlington & Quincy Railroad Company, party of the second part, the right, in common with itself and such other companies as it might thereafter authorize to use its bridge and approaches, to run its trains over said bridge and approaches in both directions, restricting such use to certain traffic, and for a consideration and term, in such agreement more particularly set out and described, which said agreement is hereby referred to for more particular description; and

Whereas, it is the desire of the parties hereto that the consideration of said agreement be modified and the term of the same extended;

Now Therefore, in consideration of the premises it is mutually agreed by and between the parties hereto as follows:

I. That the right to use said bridge and approaches as granted to said second party under said agreement be extended for the full term and period of ten (10) years from and after the first day of August, A. D. 1916, and to continue thereafter until either party gives one year's written notice to the other of its intention to terminate said agreement.

II. The party of the second part hereby agrees to use said bridge for the term and in the manner as provided herein, anything contained in said contract dated August 1st, 1906, notwithstanding.

III. The party of the second part agrees and undertakes to pay said party of the first part in lieu of the compensation provided for in Section 8, paragraph "Second" of said agreement dated the first day of August A. D. 1906, for the right to run its trains over said bridge and approaches, for the purpose of handling through traffic, as provided in Section 3 of said agreement, the sum of One Hundred Thousand Dollars (\$100,000.00) per annum, payable in monthly installments, on or before the tenth (10th) day of each month, said rental to take effect from and after February first, A. D. 1913; *Provided*, however, that the party of the first part agrees at any time on six (6) month's notice in writing from the party of the second part, without expense to said second party, to re-arrange the existing tracks on said bridge by laying a single track along the center thereof, so as to permit the passage of locomotives having a total weight of not less than two hundred and thirty-five thousand (235,000) pounds on drivers, and will upon like notice at any time thereafter lay a second track over said bridge in the form of a gauntlet with said first mentioned track, so as to connect with and complete a double track across said bridge and approaches thereto, and protect the operation of trains across said bridge and upon the approaches, by the construction, maintenance and operation of an interlocking apparatus sufficient for the purpose, all without expense to the party of the second part.

IV. It is understood and agreed that nothing in this contract contained shall be construed to in any way change, alter, modify or waive any of the terms, conditions, stipulations or covenants between the parties hereto as contained in the aforesaid agreement dated the first day of August, A. D. 1906, not inconsistent with the rights hereby granted; it being understood that Section 8, Paragraph "First" thereof with reference to fixing and maintenance of charges and tolls across said bridge is hereby cancelled.

And it is further understood that if said bridge or approaches shall, from accident, damage or defect (not caused by the negligence of the

second party or its employes) be out of use, a proportionate deduction of the rental shall be made for the time said bridge or approaches may be out of use.

V. This agreement shall be binding upon, and shall inure to the benefit of the respective successors and assigns of the parties hereto.

In Witness Whereof, the parties hereto have caused this agreement to be duly executed in duplicate by their respective officers and agents thereunto duly authorized, and their respective corporate seals to be hereto affixed, the day and year first hereinbefore written.

SUPPLEMENTAL AGREEMENT August 1, 1926 Missouri and Illinois Bridge and Belt Railroad Company and Chicago, Burlington & Quincy Railroad Company. Trackage and bridge rights West Alton Missouri to East Alton, Illinois, 2.69 miles.

This Agreement made and entered into on this the first day of August, A. D. 1926, by and between the Missouri and Illinois Bridge and Belt Railroad Company, hereinafter called "Bridge Company," a corporation, and the Chicago, Burlington and Quincy Railroad Company, hereinafter called "Railroad Company," a corporation, *Witnesseth*:

In consideration of the sum of One Dollar by each of the parties hereto paid to the other, the receipt whereof is hereby acknowledged, and for other valuable considerations granted by each, it is mutually agreed as follows:

That the Agreement between the parties hereto, or their predecessors, dated August 1st, 1906, for the use of the "Alton Bridge" and the Supplemental Agreement thereto dated February 1st, 1913, be, and the same are hereby continued in full force and effect, except as amended by this Agreement in the following particulars:

First: That the right to use said bridge and approaches as granted shall be and is hereby extended for the full term and period of five (5) years from August 1st, 1926, and to continue thereafter until either party hereto shall give to the other six (6) months written notice of its intention to cancel all of said Agreements at a specified date.

Second: The Railroad Company hereby agrees to pay to the Bridge Company for the right to use said bridge and approaches for the full term of said extended period herein specified, the sum of One Hundred and Thirty-Five Thousand Dollars (\$135,000.00) per annum, payable in monthly installments of Eleven Thousand, Two Hundred and Fifty Dollars (\$11,250.00) each month, to be paid on or before the tenth day of each succeeding month at the office of the Bridge Company, such payments when made to be in full compensation for the use of said bridge and

1800 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

approaches by the Railroad Company, including the right to run its trains for the handling of through and local traffic, and also, the local traffic handled for it in the trains of the Bridge Company between Alton and West Alton over said bridge and approaches.

Third: All provisions and conditions in the former Agreements mentioned not in conflict with or inconsistent to this Supplemental Agreement are hereby continued in full force and effect for the period of this extension.

In Witness Whereof, the parties hereto have caused this extension agreement to be executed by their proper officers, duly authorized thereto, and their respective corporate seals to be affixed, the day and year first mentioned.

THOS. J. LAWLESS

AGREEMENT, December 15, 1884, Chicago and North Western Railway Company and Chicago, Burlington & Quincy Railroad Company. Use of bridge and tracks at Clinton, Iowa, 0.98 miles.

This Agreement, made this fifteenth day of December, A. D. 1884, by and between the Chicago and Northwestern Railway Company, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, party of the second part, both corporations of the State of Illinois,

Witnesseth:

The first party owns and operates a railroad bridge across the Mississippi River near Clinton, Iowa, with approaches to the same upon each end, and lines of railroad connecting with said bridge, extending from Chicago to Clinton and Council Bluffs, and other places in several states and territories,

The second party owns and operates a line of railroad extending from Chicago to a connection with the first party's lines of railroad near the east end of the approaches of said bridge, and desires to cross said bridge with its own trains of locomotive engines and freight and passenger cars, to the City of Clinton, aforesaid, and to a connection with the railroad lines of the Chicago, Milwaukee and St. Paul Railway Company, in said City.

Now Therefore, in consideration of the rentals to be paid by said second party, as hereinafter set forth, and the covenants herein contained on its part to be kept and performed, the said first party does hereby lease and demise unto the said second party, the right to use the said railroad bridge and its approaches, with all tracks and other appurtenances, extending from the present connection of the lines of said parties, on the east side of said Mississippi River, near the west line of Section four (4) Town, twenty-one (21) north of Range three (3) East, across and including said bridge, to

a point on the west side of said river in the City of Clinton, aforesaid, where the main track of the said Chicago, Milwaukee and St. Paul Railway Company's line crosses the main track of the said first party hereto, for the purpose of running and operating the trains of said second party thereon, jointly with the trains of said first party, under the terms and conditions hereinafter set forth.

Second. The said second party hereby covenants and agrees, in consideration of such lease, to pay to said first party, as rental for the use of the property herein and hereby leased, yearly and every year during the continuance hereof, the sum of twenty thousand dollars, (\$20,000.00) to be paid quarterly, on the first days of January, April, July and October in each year. And also, within thirty (30) days after they are paid by the first party, one-half of all taxes lawfully assessed against said bridge and appurtenances.

Third. The said first party further covenants and agrees that it will maintain and keep in good repair the bridge and other property, the joint use of which is hereby leased, so that the same shall be in condition for use by said second party under the terms and during the continuance hereof. All repairs and replacements shall be done by, and be under the sole direction of the officers and agents of said first party.

Fourth. The said second party further covenants and agrees to pay to said first party one-fourth part of all sums expended by it for the operation, repair, and maintenance of the said property leased hereby.

Accounts for the amount so expended for the preceding month shall be presented to the said second party on or before the fifteenth day of each month, during the continuance hereof, and the said one-fourth part thereof shall be paid by said second party as herein agreed, on or before the twenty-fifth day of the same month in which the account is presented. It is, however, expressly agreed that the repairs and maintenance, described in this and in the fifth paragraph hereof, are repairs and maintenance of a bridge structure in all essential respects like that existing at the date of this agreement.

If said first party should replace that by a more expensive bridge structure, the second party shall not be required to contribute any portion of the additional expense caused by such change.

Fifth. It is mutually covenanted and agreed by and between the parties hereto that each of them shall and will keep a true account of the number of wheels run by it over the property hereby leased during each month this agreement shall continue in force, and at the end of each of said months each of said parties will deliver to the other a true statement, in writing, of the number of wheels so run by it during the preceding month.

If for any such month it shall be found from such statements that the whole number of wheels so run by said second party is more than one-fourth part of the whole number of wheels run by both parties, then and in that event, the said second party shall pay to the first party, for that month, such proportion of the sums paid for operating, repairing and maintaining the wheels so run by it bears to the whole number of wheels run over said property during such month. Provided, however, that the amount to be paid under the fourth paragraph hereof shall be deducted from the amount found

due under this paragraph. The amount so found due said first party shall be paid at the times provided in the fourth paragraph hereof.

It being understood and agreed that in counting the number of wheels run over the bridge, each car shall be counted as eight wheels, and each locomotive as sixteen wheels, and reports and calculations for division of cost of operating and maintaining the bridge may be taken by count of cars and engines.

Sixth. The said second party further covenants and agrees that at all times during the continuance hereof, upon receiving written notice of the tariff rates established by said party of the first part for the transportation of persons or property between the said City of Clinton and all places on its present lines, and all places east of Chicago, it will adopt and apply the rates named in such notice, to all transportation business between such places done over its lines or any portion of them. Provided, however, that the said tariff rates so established shall not exceed the current rates at the same time between the same places actually charged by the said first party, or by other railroad companies participating in the traffic.

Seventh. It is further mutually covenanted and agreed by and between the parties hereto, that the movement of all trains of the party of the second part upon the property hereby leased, shall be under the immediate direction of the superintendent or other designated officer of the first party hereto. All rules and regulations for the movement of such trains shall be reasonably brought to the notice of the second party, and shall be reasonable and just, without unfair preference or discrimination in favor of said first party.

Passenger and freight trains of said first party shall have preference over similar trains of the second party, but passenger trains of the second party shall have preference over freight trains of the first party.

Eighth. It is further expressly understood and agreed, by and between the parties hereto, that any failure on the part of the second party to do or perform the several covenants and agreements herein contained, on its part to be done and performed, or any or either of them,—if such default shall continue for thirty days after the receipt by it of notice from said first party that any such failure has occurred,—shall, at the election of said first party, cause a forfeiture of all the interest in or rights under this agreement by said second party, and the same shall from thenceforth be determined and at an end; and the said first party is hereby expressly authorized to remove the switches by which the railroad tracks of said second party are connected with the railroad tracks of the first party leading to said bridge.

Ninth. It is further mutually covenanted and agreed by and between the parties hereto that said second party hereby expressly assumes the risk of all delays to its trains, or other damages caused by any break in said bridge or its approaches, or other interruptions of train movement, and of damages to its own property while using the property hereby leased, or to persons and property caused by its use thereof; and all liabilities to other persons or corporations caused thereby,—except in case of collision of the

trains as provided herein. But it is expressly understood and agreed that, excepting those caused by collision, all damages to the property leased hereby, and all liability for damages to employes engaged in the operation or maintenance thereof, caused by either of said parties, shall be taken and held to be part of the expense of operating and maintaining said leased property; to be paid by each party in the proportions herein provided for other expenses of operation and maintenance. If any suit at law or equity shall be commenced against said first party to recover for any damages for which said second party is liable under the provisions of this agreement, said party of the first part may notify said second party thereof. Thereafter, said second party shall conduct the defense of such suit or suits at its own expense, and said second party hereby expressly agrees to indemnify and save harmless said first party from all damages, costs, and expenses on account thereof. In all cases where damages are caused by collision between the trains of the two companies, the party whose men or whose trains are in fault shall be responsible to the other for all the damages done or resulting from the collision, and in case the proper officers of the two companies cannot agree and settle the question as to whose trains or men were in fault, or the amount of damage done by such collision, then all such questions shall be referred to and settled by arbitrators, in the manner provided in the tenth paragraph hereof, whose decision or award shall be binding upon both parties.

Tenth. It is mutually covenanted and agreed that all matters of difference which may arise under this contract, either as to its construction, or as to any violation of duty under it, if such matters of difference cannot be amicably adjusted by the general managers of the parties hereto, may be submitted by either party to two disinterested persons as arbitrators, one of whom shall be selected by each party on fifteen days written notice by the party desiring the arbitration, of its intention so to refer. If at the expiration of the said fifteen days, the party notified has not selected its referee, then the party giving the notice may select both referees, and the two so chosen by either method may, in case they cannot agree, select a third, and their award, or the award of a majority of them, after reasonable notice to the parties of the time and place of hearing, shall be final and binding on both of the parties hereto in the matters so referred, and they expressly agree to abide thereby.

Eleventh. This agreement shall take effect on the first day of January A. D. 1885, and continue in force for twenty years thereafter. It is, however, expressly agreed that either party may terminate the agreement by giving to the other written notice that it desires to so terminate the same on a day and year to be named in said notice, but such notice must be served upon such party at least two full years before the day named in such notice for the termination hereof.

In Witness Whereof, the said parties of the first and second parts have caused these presents to be signed by their respective presidents, and attested, the first party by its assistant secretary, and the second party by its assistant secretary, and their corporate seals to be hereto affixed, the day and year first above written.

SUPPLEMENTAL AGREEMENT, January 12, 1885, Chicago & North Western Railway Company and Chicago Burlington & Quincy Railroad Company. Use of bridge and tracks at Clinton, Iowa, 0.98 miles.

This Agreement, made and entered into this 12th day of January, A. D. 1885, between the Chicago & Northwestern Railway Company, party of the first part, and the Chicago, Burlington & Quincy Railroad Company, party of the second part,

Witnesseth.

Whereas, the parties hereto have heretofore entered into an agreement, bearing date the fifteenth day of December, 1884, relating to the use of certain tracks of the party of the first part upon the bridge crossing the Mississippi River at Clinton, Iowa,

And Whereas, the party of the second part hereto is about to enter into an agreement with the Chicago, Milwaukee & St. Paul Railway Company for the use of a certain portion of its track in the said City of Clinton,

And Whereas, it is necessary to the carrying out of the said two several agreements, that the party of the second part should be permitted to put in a track connecting the track of the party of the first part with the track of the Chicago, Milwaukee & St. Paul Ry. Company,

And Whereas, the tracing hereto attached, and identified by the signatures of the Presidents of the Respective parties hereto, correctly shows by the red lines thereon the said proposed connecting track. The green lines on said map represent the tracks of the party of the first part, and the blue lines, the track of the said Chicago, Milwaukee & St. Paul Railway Company.

Now, Therefore, in consideration of the mutual and dependent covenant of the parties hereto, each with the other entered into, the said parties have agreed, and do agree as follows: to-wit The said party of the first part agrees to put in the necessary switch and frog at the point in its track designated by the letter "C" on said map, and hereby demises and leases to the said second party the right to lay down, maintain and operate the said connecting track from the said point marked "C," to a connection with the track of the Chicago, Milwaukee & St. Paul Railway Company, at or near a point marked "A" on said map, so long as the said party of the second part shall have the right to the use of the tracks of the said party of the first part upon the said Mississippi River Bridge under and by virtue

of the contract first herein mentioned, and no longer. And the party of the second part agrees that it will promptly pay to the party of the first part the cost of constructing such switch and frog, and that it will pay the cost of the repairs and maintenance of said switch and frog during the continuance of this lease. Bills for the cost of the repairs and maintenance of such switch and frog shall be rendered and paid at the times and in the manner provided in the said agreement, of December fifteenth, 1884, for the payment of the cost of maintenance and repairs of the tracks and structures therein described.

In Witness Whereof, the said parties of the first and second parts have caused these presents to be signed by their respective Presidents, attested by their respective Secretaries or Assistant Secretaries, and their corporate seals to be hereto affixed the day and year first above written.

AGREEMENT—May 31, 1869. The Chicago and North Western Railway Company and The Rockford Rock Island and St. Louis Railroad Company. Trackage rights Sterling to Agnew, Illinois, 4.62 miles.

This Indenture, made this thirty-first day of May A. D. 1869 by and between The Rockford Rock Island and St. Louis Rail Road Company of the first part and The Chicago and North Western Railway Company of the second part; both corporations of the State of Illinois *Witnesseth*:

The party of the first part desire to construct a railway from Sterling Illinois Westerly along the line of the railway of the party of the second part about five miles to the point of junction of its railway with the railway of the party of the second part, placing the same upon the premises of the party of the second part constituting its right of way.

Now therefore the said party of the first part in consideration of the premises and of the covenants and conditions herein contained on the part of the party of the second part to be performed, does hereby covenant and agree to and with the said party of the second part that they will immediately upon the execution hereof commence the construction of a railway from the point of junction aforesaid to the passenger depot of the party of the second part in the said town of Sterling locating the same upon the premises of the party of the second part in accordance with the directions of its Chief Engineer; that the same shall be constructed of good material finished in a good substantial and workmanlike manner with grades, roadbed culverts and embankments in all respects in accordance with the plans and

specifications of the Engineer aforesaid and shall be completed as soon as practicable after the same shall be commenced.

And the said party of the second part in consideration of the covenants and agreements herein contained on the part of the party of the first part to be performed hereby covenants and agrees to and with the said party of the first part that it may enter upon and take possession of so much of the depot grounds and right of way of the party of the first part at Sterling and between that place and the point of junction aforesaid as may be necessary for the construction of the railway hereinbefore described between the points above named; that upon the completion of such railway the said party of the first part shall have at all times hereafter the use jointly with the party of the second part as well of the railway so by it constructed in accordance with the terms hereof as of the railway track of the party of the second part between the said points for the purpose of running its trains and transacting its general business as a common carrier by railroad. It being the intention of the parties hereto, that the said two tracks shall be used by each of the parties hereto as a double track railway for the transaction of the business of each between the points aforesaid. Also that the said party of the second part shall at all times hereafter keep up and maintain the said two tracks with their roadbed superstructure and fences in as good condition as it shall keep up and maintain the tracks, roadbed superstructure and fences immediately contiguous thereto upon either end.

It is mutually covenanted and agreed between the parties hereto that the time, manner and rate of speed of running all trains of both parties hereto upon the two tracks above named, shall after mutual conference be established from time to time by the General Superintendent of the party of the second part and so as to give to both parties all the trains required by each and that all trains of the party of the first part upon such double tracks shall be run strictly in accordance therewith. That each of the parties hereto shall keep an accurate account of the number of cars passenger and freight and locomotive engines each shall run over the said two tracks and that the said party of the first part shall as often as requested pay to the said party of the second part such a proportion of the whole expense of keeping up and maintaining the said two tracks with superstructure, roadbed and fences as the number of cars and engines run by it over such double tracks, shall be to the number of such cars and engines run over said tracks by the party of the second part, it being the intention of the parties hereto to divide the whole expense of repairs and maintenance between them in such proportion to the use of the tracks by each.

It is further mutually covenanted and agreed by and between the parties that neither party shall be held responsible for any loss or damage suffered, inflicted or caused by the other to either persons or property while upon the said double tracks or either of them and that each party shall be liable for any loss or damage to either persons or property caused or suffered in any manner by its own use of such tracks or from its own cars or engines.

And each of the said parties hereby covenants and agrees to forever indemnify and keep harmless the other party from and against claims, demands, judgments, suits costs or attorney fees that may be brought or

had against it on account of the use of said tracks with its cars and engines by the other party hereto.

It is further understood and agreed that the said party of the first part shall have the right to the joint use, with the party of the second part of the passenger depot at Sterling for doing its passenger business, paying while it shall so use the same one-half of the expenses thereof, including ticket agent and telegraphic operator. It being necessary for the adequate protection of persons and property travelling or carried upon or used in operating the said double tracks, that all persons employed thereon should, so far as practicable, be subject to one control, it is further mutually covenanted and agreed between the parties hereto that no persons shall be employed upon said double tracks by the party of the first part, after notice shall be given it by the General Superintendent of the party of the second part, that such person or persons are not suitable or proper persons for such employment; but each of the said parties shall be liable for the acts or omissions of its own agents, servants and employees.

In Witness whereof the said parties hereto have caused these presents to be executed by their respective Presidents and Secretaries and their respective corporate seals to be attached hereto, the day and year first above written.

AGREEMENT, May 29, 1902. Chicago, Milwaukee and St. Paul Railway Company, Chicago, Burlington & Quincy Railroad Company and Burlington, Cedar Rapids and Northern Railway Company. Tracks between St. Croix Crossing and St. Paul, Minnesota, 19.36 miles.

This Indenture, made this twenty-ninth day of May, A. D. 1902, by and between the Chicago, Milwaukee and St. Paul Railway Company, hereinafter styled the "St. Paul Company" or "Licensor," the Chicago, Burlington and Quincy Railway Company, hereinafter styled the "Quincy Company" or "Licensor," and the Burlington, Cedar Rapids and Northern Railway Company of Iowa, hereinafter styled the "Northern Company," or "Licensee," Witnesseth, as follows:

(a) The St. Paul Company owns a line of railway known as its River Division, a part of the main track of which extends from the City of Has-

tings, in Dakota County, Minnesota, through a point in the Northwest quarter ($\frac{1}{4}$) of Section Seven (7) in Township Twenty-six (26) of Range Twenty (20), known as St. Croix Junction Crossing; thence to and through Newport, in Washington County; and thence passing between Dayton's Bluff and the Mississippi River in the City of St. Paul, Minnesota, to a connection with the tracks of the St. Paul Union Depot Company in the city last mentioned.

(b) The Quincy Company owns a line of railway known as its Northern Division, a part of the main track of which extends from Point Douglas, in Washington County, to and across the said main track of the St. Paul Company at said St. Croix Junction Crossing; thence between the said track of the St. Paul Company and said river to a point in or near Newport aforesaid and near to the line between Townships Twenty-seven (27) and Twenty-eight (28), where it again crosses said main track of the St. Paul Company; and thence parallel, or nearly so, to the track last mentioned and next to said Dayton's Bluff, into said City of St. Paul and to a connection with the tracks of said Depot Company.

(c) The said St. Paul and Quincy Companies have in writing agreed to make such changes in and connections between the aforesaid portions of their said respective main tracks as will enable them to operate joint double tracks in common between said St. Croix Junction Crossing and their respective connections with said Depot Company tracks, and to begin such operation before the first day of July, A. D. 1903; and for such purpose to compose the so proposed east or southbound track from said St. Paul, of the said main track of the Quincy Company from its connection with said Depot Company tracks as far as the east switch of the west or north yard of the Quincy Company; thence, as far as the west switch of the east or south yard of the Quincy Company, of the most northerly track of the St. Paul Company (there its present main track); thence, to the point of the aforesaid crossing at Newport, of the said main track of the Quincy Company; and from the point of crossing lastly mentioned to said point of crossing at St. Croix Junction, of the said main track of the St. Paul Company as the same shall be partially relocated and reconstructed; and to compose the so proposed west or northbound track into said St. Paul, of the said main track of the Quincy Company from the point of crossing lastly mentioned to the point of the aforesaid crossing at Newport; thence, as far as said west switch of the Quincy Company, of the said main track of the St. Paul Company; thence, as far as said east switch of the Quincy Company, of the track of the St. Paul Company next south of its aforesaid most northerly track; and thence, of the said main track of the St. Paul Company to its connection with said Depot Company tracks; and for such purpose, among other things, to take out the present crossing at said Newport and substitute therefor track connections substantially as indicated in yellow tint upon annexed "Exhibit One."

(d) The aforesaid changes at and about said Newport crossing and the purposes of this Agreement will require, among other things, the removal and relocation of the interlocking plant there being and changed and additional connections therewith, and the possible construction by the

Quincy Company of a new or additional east-bound suburban track between Newport and Pullman avenue, and changes in the respective connections of said main tracks of the St. Paul and Quincy Companies respectively with their joint Industry Track; all which changes and connections, except the connections of said interlocking plant after its relocation, as well as a portion of said suburban track and its connections with said double tracks are represented in yellow tint upon annexed said "Exhibit One."

The said "Exhibit One" likewise further represents such other track changes and connections, except interlocking connections, as shall be made pursuant to this Agreement in order to connect the main track of the Northern Company with each of such double tracks, and to let the Company lastly named into the use thereof as hereinafter provided.

(e) The above mentioned Agreement between the St. Paul and Quincy Companies concerning the matters aforesaid is terminable by either party thereto at the expiration of one year after written notice of election to terminate the same; in which event the crossing at said Newport is to be restored and each party to the Agreement lastly mentioned is to retire to the exclusive use of its own tracks.

Now, Therefore, in consideration of the premises, and of the mutual and dependent covenants in this Agreement set forth, the parties hereto have agreed and do hereby covenant and agree each with the other as follows:

ARTICLE I.

SECTION 1. Subject to the conditions, limitations and restrictions in this Agreement set forth, the Licensors each for itself as to its own property only, hereby grants to the Northern Company the right to use the said double tracks composed as aforesaid, in common with the Licensors and with such other company or companies as they, the Licensors, shall at any time permit to use the same or any part thereof, for the sole purpose of running thereon its trains of all classes, that is to say, from the point of connection of the main track of the Northern Company in the main track of the St. Paul Company (near the present station of the St. Paul Company at Newport aforesaid) which is upon said "Exhibit One," for such purpose represented and marked "Z," and from the point in the main track of the Quincy Company which is upon said "Exhibit One" represented and marked "Y," to the respective connections of such double tracks with said Depot Company tracks; and all improvements and betterments which the Licensors may make to such double tracks; together with the right to connect the said main track of the Northern Company with the main track of the St. Paul Company at the point aforesaid near said Newport station; and, for access to and egress from the main track of the Quincy Company, at the said point represented by "Y," the right to use as part of such double tracks, the connecting track between the said tracks of the St. Paul and Quincy Company which, upon said "Exhibit One" is represented as extending between the aforesaid points marked "Z" and "Y" and will be the common property of said Licensors share and share alike; subject,

however to such change of the point of such connection with the main track of the St. Paul Company as may be required by any change of grade which shall be made by the St. Paul Company at or near said station and also subject to such changes of the main track or tracks of the St. Paul Company as shall be made by said Depot Company with the assent of the St. Paul Company.

Besides its own trains the Northern Company shall have the right to haul over such double tracks the trains of The Chicago, Rock Island and Pacific Railway Company or of the successors or assigns of the company lastly named at the time operating its railway, but no other trains whatever.

Nothing herein contained shall be construed to confer any right upon the Northern Company to do or to carry any express business at stations on such double tracks, nor shall it do any through express business on such tracks without the written consent of the United States Express Company, and of the Adams Express Company, during the continuance of the contracts between said Express Companies and the Licensors respectively.

Each Licensor for itself alone, hereby covenants and agrees that it will not before the termination of this agreement, make or renew any contract with any Express Company whatever, concerning the carriage of express matter, business or messengers upon and over said double tracks between Newport and St. Paul, which will in any wise interfere with the unrestricted right of the Northern Company to carry such matter, business or messengers upon or over said double tracks itself, or under contract with any Express Company which it may at any time or times for that purpose select.

§ 2. The St. Paul Company hereby grants to the Northern Company for and during the continuance of this Agreement upon condition that the Northern Company shall first obtain the consent thereto of the Western Union Telegraph Company, the right, license and privilege to construct, maintain and operate for the sole use of the Northern Company, a wire or wires on the telegraph poles of the St. Paul Company, with the necessary instruments in said Newport Station.

§ 3. The Licensors will maintain the aforesaid portions of such double tracks the use whereof is hereby granted, and their connections, and keep them in good repair, as follows: The St. Paul Company will connect said interlocking plant with the main track of the Northern Company, with the connecting track represented as aforesaid between the points so marked "Z" and "Y," with such double tracks and with other adjacent tracks of the Licensors respectively; will at all times during the continuance of this Agreement maintain, repair, renew and operate said interlocking plant and its several connections, and at all times maintain and keep in repair the said proposed new track connections at and about the point of the present Newport crossing. Except as aforesaid, each Licensor shall and will maintain and keep in repair all its own portions of such double tracks the use whereof is hereby granted, all connections therewith and all its own other adjacent or appurtenant property; and each Licensor will comply with all lawful regulations enacted or ordained for the safety of the public.

ARTICLE II.

SECTION 1. As compensation for the rights, interests and privileges herein granted, the Northern Company covenants and agrees to pay as follows:

1. To each Licensor in equal monthly installments, an annual sum equal to Three Hundred and Thirty-three and $33/100$ Dollars (\$333.33) per mile of the main track of the same Licensor between such Newport connection of the Northern Company therewith and the connection of the same main track with said Depot Company tracks; and for all purposes of this Article II, one-half of the length of said connecting track between the said points represented by "Y" and "Z" shall be measured and treated as part of the main track of each Licensor between such Newport connection of the Northern Company therewith and the connection of the same main track with said Depot Company tracks; and for such purposes only the present main track of the St. Paul Company between the aforesaid east switch and the aforesaid west switch of the Quincy Company (about 1675 feet in length) shall be measured and treated as part of the main track of the Quincy Company.

2. To each Licensor such annual sum as shall from time to time constitute the same proportion of all of such taxes and assessments as may, after the Northern Company shall have commenced its use hereby granted, be assessed or levied upon said property of the same Licensor, or any part thereof and actually paid by such Licensor, which *one* shall at the time of such levy bear to the whole number of railway companies at the same time using said property or part thereof. The legality of any such taxes or assessments so actually paid shall not be questioned by the Northern Company. If any such taxes or assessments shall be so assessed or levied on any such property that they cannot be readily and satisfactorily separated from those assessed or levied upon other portions of the main track or property of either Licensor, they shall be apportioned as equitably as may be; and if the parties therein interested cannot agree upon such apportionment it shall be determined by arbitration as hereinafter provided;

3. To each Licensor an annual sum equal to one and one-third per centum ($1\frac{1}{3}\%$) interest from the time when expenditure for each thereof shall be made, upon the cost of all additions, improvements, and betterments which the same Licensor may make to or on its aforesaid portions of such double tracks, and upon the cost of all such changes in the permanent way thereof, track elevation or depression included, and upon the cost of all such viaducts, bridges, subways, works and appliances of every name and nature as the same Licensor may deem necessary to make, construct or furnish for the safe or convenient operation thereof or as by any law of the State of Minnesota or by any ordinance of any municipal corporation thereof the same Licensor may be required to make, construct or furnish thereto or thereon. It is however provided that the Northern Company shall not be required to pay under this paragraph any such additional compensation on account of the rebuilding or replacing of any track, building, structure or appliances now existing, or which shall originally enter into the aforesaid proposed changes, and rearrangements at and about said

Newport point of crossing, nor shall it be required to pay any such additional compensation on account of any track, building, structure or appliances hereafter constructed of which the Northern Company shall not have the use or benefit;

4. To each Licensor a monthly sum equal to the proportion hereinafter defined of the cost of maintaining, renewing and replacing its roadbed, tracks, switches, cross-overs or crossings, bridges, culverts, cattle guards, fences, highway, street and farm crossings, crossing signs and gates, signal posts, block signal system, telegraph line, and all other structures or appurtenances which may be required by law or by ordinance or which may in its opinion be necessary for the safe and convenient operation of and pertaining to its said track; and a like proportion of the cost of removing snow and ice from its roadbed; each which proportion shall bear the same ratio to the whole amount expended for such purposes by the same Licensor as the number of miles run upon the track of the same Licensor by engines and cars of all classes operated by the Northern Company shall bear to the aggregate number of miles run by engines and cars of all classes operated by all companies over the same; and for this purpose every engine with its tender shall be counted as two cars;

5. To the St. Paul Company, which has heretofore maintained, repaired and operated said interlocking plant, and will continue so to do after the removal, relocation and reinstallation thereof, one-half of all the cost of all the changes in and additions to said interlocking plant, which will be requisite in order to adapt it to the several changes and new conditions aforesaid, and one-half of all the cost of the subsequent maintenance, repair, renewal and operation thereof;

6. To each Licensor a pro rata proportion of the expenses by it actually incurred in paying reasonable salaries to the superintendent, roadmaster, train dispatcher and such other employes as may be engaged in the performance of duties incident to the joint use and operation of the tracks covered by this agreement, except as otherwise herein provided; which proportion shall be ascertained, as provided in paragraph 4 of this section. Such pro rata proportion shall, however, extend and apply to only such amount of the salary of any superintendent, roadmaster, train dispatcher or other officer or employe of either aforesaid division as shall bear to his whole salary the ratio of main track mileage of the same Licensor, the use of which is hereby granted, to the entire main track mileage at the time under the jurisdiction of the same superintendent, roadmaster or other officer or employe.

7. To each Licensor all cost of printing time cards when new cards are made necessary solely by changes in the time of the Northern Company's trains and all expense of keeping accounts of mileage hereunder; and the cost of any other service upon or concerning the aforesaid portion of either such division rendered to the Northern Company at its request, and not in this contract otherwise provided for.

ARTICLE III.

SECTION 1. Joint schedules for the movement of engines and trains over portions of said double tracks the use of which is hereby granted shall be

made by the joint action of the proper officers of all parties. Such schedules shall as nearly as may be practicable accord equality of right, privilege and advantage to trains of the same class operated by each party hereto; and to trains of a superior class operated by either party a preference over trains of an inferior class operated by the other.

§ 2. The St. Paul Company shall make rules and regulations for the operation of said east or southbound track, which shall have like application to all engines and trains which may be moved over the same. All trains shall move thereon under and in accordance with the orders of the superintendent or train dispatchers of the St. Paul Company, who shall, as nearly as may be practicable, secure equality of right, privilege and advantage to all trains of the same class.

The Quincy Company shall make rules and regulations for the operation of said west or northbound track, which shall have like application to all engines and trains which may be moved over the same. All trains shall move thereon under and in accordance with the orders of the superintendent or train dispatchers of the Quincy Company, who shall, as nearly as may be practicable, secure equality of right, privilege and advantage to all trains of the same class.

§ 3. If the St. Paul Company shall at any time during the continuance of this Agreement construct or acquire between the Newport connection of the Northern Company with its main track and the present most easterly switch of its Lower Yard any track connecting its main track with the tracks of any other railway company or with any industry not located upon property of the St. Paul Company, and if the Northern Company shall within thirty days after any such construction or acquisition elect to use the track so constructed or acquired it shall have the right to do so; but for such use shall pay annually to the St. Paul Company a sum equal to two per centum (2%) upon the cost of such construction or acquisition, from the date of the construction or acquisition thereof, and in addition thereto a proportion of the expenses which shall be incurred in maintaining the same after the date of such election; which proportion shall be determined as hereinbefore provided. Said easterly switch is located seventy-six (76) feet easterly of the intersection of the center line of the main track of the St. Paul Company and the north and south quarter section line of Section four (4) township twenty-eight (28), of Range twenty-two (22) in the City of St. Paul, measured along said center line.

ARTICLE IV.

The Northern Company covenants and agrees that it will pay to each Licensor at its office in the City of Chicago all the compensation and charges of every name and nature which in and by this agreement the Northern Company is required to pay to the same Licensor alone, in lawful money of the United States, in monthly installments, within twenty (20) days after the rendition of proper bills therefor. All bills aforesaid shall be rendered as soon as may be after the last day of each month for which such compensations and charges shall have accrued, and shall contain detailed statements of the amounts due on account of the expenses incurred

and services rendered during such month; and 'be, when required, accompanied by copies of payrolls and vouchers showing such expenses, certified by the General Manager or General Superintendent of said Licensors respectively. The books and accounts of each Licensor so far as they relate to the expenses and services aforesaid, shall be open during usual business hours for the inspection of the President of the Northern Company, or of any other person duly authorized by it.

ARTICLE V.

SECTION 1. The Northern Company covenants and agrees that it will not, without the written consent of the General Managers of both Licensors, do any freight, passenger or other business whatsoever either to, at or out of any intermediate point or place between its Newport connection and the St. Paul Union Depot in said St. Paul, except to, at or out of any such track as is in Section 3 of Article III herein provided for, nor do for itself or for any other railway company upon said double track, any switching whatever, except the switching of its own freight cars to and from any such track as is in Section 3 of Article III herein provided for, and to and from the freight transfer tracks of said Depot Company; nor without such consent, under guise of doing its own proper business, render or contract to render thereon to any railway company other than said The Chicago, Rock Island and Pacific Railway Company, any habitual or continuing service in hauling cars of, or to, or from such company, which shall in any manner or to any extent admit such company to any use or benefit of any property of either Licensor without such further agreement with and further compensation to the same Licensor as such same Licensor may for such use or benefit exact; but this section shall not be construed as prohibiting the Northern Company from exchanging business with other railroad companies as such business is customarily interchanged between mutually independent connecting carriers; and that besides its own trains it will not, without such consent, haul upon or over such double tracks any train of any railway company other than The Chicago, Rock Island and Pacific Railway Company or of successors or assigns of the company lastly named at any time operating its railway.

If it shall be decided by arbitration or final judgment that the Northern Company had further violated the provisions of this section after notice from either Licensor specifying the particulars of alleged previous violations thereof, and if the Northern Company shall for twenty (20) days after notice of such decision nevertheless continue or persist in such violation, the Licensors, or the Licensor thereby specially affected, shall thereby become entitled, by notice in writing to the Northern Company, to declare this agreement terminated and the Licensors or such Licensor thereby specially affected may thereupon exclude the Northern Company from the use and enjoyment of any and all of the premises and rights hereinbefore granted; and thereupon the Northern Company shall surrender to the Licensors all of said premises and shall have no claim or demand upon them or either of them by suit at law or otherwise on account of such exclusion.

§ 2. The Northern Company will not, without the written consent of

both Licensors, sell or in any manner assign this agreement or any right or privilege under and by it granted, or permit any person or persons, company or companies, to share in any such right or privilege; this agreement shall, however, during the continuance thereof, attach to and run with the railways of the respective parties, and shall be binding upon and inure to the benefit of any railway company which shall during such continuance hereafter own or operate either such railway.

ARTICLE VI.

SECTION 1. Each Licensor shall be bound to use only reasonable and customary care, skill and diligence in maintaining and repairing its own roadway, tracks, structures and appliances of and pertaining to the portions of said double tracks the use of which is hereby granted. Except engine men and train men and employes operating switches for the exclusive use of either party otherwise than from interlocking towers, all officers and employes of either Licensor in any wise engaged in maintaining, repairing or operating any such portion of said double tracks, or in dispatching, ordering, or directing the movements of trains thereon, or in constructing, maintaining, repairing or operating said interlocking plant, shall as between the parties hereto be deemed joint employes of all parties. Engine men and train men of any work train engaged in maintaining or repairing any such portion of said double tracks shall likewise be deemed joint employes.

The Northern Company shall not by reason of any defect in any such roadway, track, structure or appliances or by reason of the failure or neglect of either Licensor to repair such defect, have or make against either Licensor any claim or demand for any loss, damage or injury whatsoever arising from such defect, neglect or failure; but in case either Licensor shall fail to repair any such defect as aforesaid in or upon its own track or other separate property within a reasonable time after the Northern Company shall have given to the same Licensor a written notice specifying the defect and requesting that it be repaired, then the Northern Company shall have the right to make the necessary repairs at once and the said Licensor shall and will pay the cost thereof.

§ 2. The Northern Company hereby assumes all risk of loss, damage or injury, which its property or property in its custody or its employes or passengers may sustain by the act, neglect or default of any such joint employe, as well as all risks of all loss, damage or injury which shall in any manner occur in or upon any part of said double tracks, whether to property of the Northern Company or to property in its custody, or to its passengers or to its employes, or which third persons or the property of third persons shall suffer by reason of the movement or operation of any engine, car or train of the Northern Company in all respects as if the Northern Company had then been in the exclusive use and control of such track, excepting only such loss, damage or injury as shall be caused by the negligence of employes solely of the Licensors or of one of them; and excepting only as aforesaid the Northern Company hereby agrees to save each Licensor harmless from all such loss, damage and injury, from

all liability and claim therefor, and from all consequent costs and expenses.

Each party hereto hereby agrees to save each other party hereto harmless from all loss, damage and injury caused by the negligence of its own sole employes and from all liability and claim therefor, and from all consequent costs and expenses.

The parties hereto expressly covenant and agree that in case of any injury or damage to persons other than passengers or employes, or to property of such persons, caused by the operation of trains over and upon the railroad and premises embraced in this agreement, and it cannot be determined which party operated the train by which such injury or damage was caused, the cause thereof shall be regarded as concealed, and the compensation, if any, made for such injury or damage, shall be divided equally between the parties hereto.

The parties hereto expressly covenant and agree that in case of a collision between the respective engines, cars or trains of any two or more of them while on any portion of the said double tracks the use whereof is hereby granted, the party whose employes are alone in fault shall be solely responsible for and settle and pay for the entire loss and damage caused thereby, and shall so save each other party harmless therefrom; and that in case any such collision shall be caused by the fault of employes of two or more of the parties hereto or by the fault of any joint employe or employes, or in case the cause of the collision shall be so concealed that it cannot be determined whose employe or employes were at fault, each party shall bear and pay all the loss, damage and injury which its own property or property in its custody or its employes or its passengers may have suffered in consequence thereof.

The parties hereto expressly covenant and agree that in case of any damage or injury to property or persons not in this Article otherwise provided for, originating north or west of the present crossing of the St. Paul and Quincy main tracks at Newport, and caused by the act, neglect or default of any such joint employe, the compensation, if any, made for such injury or damage, shall be apportioned equally between the parties hereto.

§ 3. In case any of the Northern Company's trains shall be wrecked while running on the said east or southbound of said double tracks, such wreck shall be picked up and removed by the St. Paul Company; in case any of the Northern Company's trains shall be wrecked while running on the west or northbound of said double tracks, such wreck shall be picked up and removed by the Quincy Company; and in either such case the cost of such service shall, except as herein otherwise expressly provided, be borne and paid by the Northern Company to the Licensor entitled thereto.

§ 4. The Northern Company shall and will from month to month pay to the St. Paul Company all the expense of maintaining the aforesaid connections of the main track of the Northern Company with the main track of the St. Paul Company, and likewise bear and pay to each Licensor one-third ($\frac{1}{3}$) of all the cost to the same Licensor of maintaining each connection with each of said double tracks, of the connecting track which is upon said "Exhibit One" marked "Prop. B. C. R. & N. Eastbound Connection," and "C. M. & St. P. and C. B. & Q. Industry Connection"; the

Northern Company shall and will require its employes to turn on to each of said double tracks the switch at any point of connection therewith whenever and as soon as the Northern Company's engines and cars shall have passed over the same and shall and will save each Licensor harmless from all loss or damage which it may suffer or for which it may in any wise become liable on account of accident or casualty caused by the misplacement of any such switch by the Northern Company's agents or employes.

But the requirements of this section as to switches shall not apply to any such point of connection after said interlocking plant and its appurtenances shall have been there properly relocated, reinstalled and connected.

§ 5. In case a suit or suits shall be commenced by any person or persons, corporation or corporations against either party hereto for or on account of any damage or injury for which any other party is liable under this Agreement, the party so sued shall give to such other party notice of the pendency of such suit, and thereupon such other party shall and will assume the defense of such suit, and shall and will save and hold the party so sued harmless from all loss and from all costs by reason thereof. Neither party shall be concluded by any judgment against the other unless it had reasonable notice that it was required to defend and had reasonable opportunity to make defense. When such notice and opportunity shall have been given the party notified shall be concluded by the judgment as to all matters which could have been litigated in such suit.

§ 6. The provisions of this Agreement in respect to the remedies of either party in the event of any failure or default of any other party shall not be the sole remedy of the party injured, but the party injured may nevertheless resort to other legal or equitable remedies.

ARTICLE VII.

Except as hereinafter otherwise provided, this Agreement shall take effect and be in force whenever, after the beginning of the operation of said double tracks, the Northern Company shall elect to enter upon the use thereof hereby granted, and shall remain in force during such time before the first day of January, A. D. 2003, as the aforesaid agreement between the St. Paul and Quincy Companies providing for such double tracks shall continue in force, and no longer; provided always, that if the Northern Company shall make default in any payment hereinbefore required by it to be made, then and in such case and if such default shall continue for a period of ninety (90) days after any Licensor entitled in whole or in part to such payment shall have given to the Northern Company written notice thereof, the Licensors or the Licensor so entitled may by notice in writing to the Northern Company declare this Agreement terminated, and the Licensors or the Licensor so entitled may thereupon exclude the Northern Company from the use and enjoyment of any and all of the premises and rights hereinbefore granted, and thereupon the Northern Company shall surrender to the Licensors all premises and property the use whereof is hereby granted and shall have no claim or demand upon or against either Licensor by suit at Law or otherwise on account of such exclusion; provided, that failure to make any payment which shall be the subject of arbitration or of litigation between

any parties hereto shall not, pending such arbitration or litigation, be deemed cause of forfeiture hereunder.

Either Licensor may for itself waive any such default, but no action of either Licensor in waiving any such default shall extend to or be taken to affect any subsequent default or impair its own rights resulting therefrom or bind or affect the other Licensor.

Notwithstanding anything to the contrary herein contained, it is further provided that if at or after the end of ten (10) years from the date when this contract shall take effect the Northern Company, its successors or its assigns then owning or operating its railway shall give to the Licensors and each of them written notice of its or their election to terminate this Agreement at the end of two (2) years after service of such notice, every prospective obligation of this contract shall, from and after the expiration of such two (2) years, wholly cease and determine.

ARTICLE VIII.

SECTION 1. If at any time a question shall arise touching the construction of any part of this contract, or concerning the business or manner of transacting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein contained, upon which question parties hereto cannot agree, such question shall be submitted to the arbitrament of three (3) disinterested persons to be chosen, one by the Licensor or Licensors interested in the question, one by the Northern Company and the other by the two so chosen. If both Licensors shall be interested in the question they shall unite as one party in such choice; otherwise the Licensor alone so interested may itself alone make such choice. The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten (10) days after notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice may and shall name and appoint an arbitrator for and on behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party. If the two arbitrators thus chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator as aforesaid, such third arbitrator may be appointed, upon ten (10) days' written notice by either party hereto to the other party hereto of its intention to make application therefor, by any Judge of the District Court of the United States for the district which shall then include the City of St. Paul. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the questions submitted to them and shall give to each party reasonable notice of the time and place of such meeting. After hearing all parties interested and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them, and shall serve a copy of such award upon each party to such arbitration, and the award of such arbitrators, or of a majority of them, shall be final and binding upon both parties, and

each or any party shall immediately make such changes in the conduct of its business, or such payments or restitution, as the case may be, as in and by such award may be required of them, respectively. The books and papers of all parties, so far as they relate to matters submitted to arbitration, shall be open to the examination of the arbitrators, and the party against whom the award shall be made shall pay all the fees and expenses of the arbitration. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this Agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

§ 2. All the notices which are hereinbefore provided to be given by any party to any other may be given by serving the same on the President, Vice-President or General Manager for the time being of such other party.

§ 3. If, for any reason, any covenant or agreement in this contract expressed not material to the right of the Northern Company to use the said double tracks, shall be adjudged void, such adjudication shall not affect the validity, obligation or performance of any other covenant or agreement which is in itself valid. No controversy as to the construction or validity of any covenant or agreement shall delay the performance of any other covenant or agreement. In the event of the failure in law of any covenant or agreement herein contained, such steps shall be taken and such further contract or contracts shall be made as shall be advised by counsel to carry into effect the purposes and intents hereby expressed.

In witness whereof, each party hereto has caused this instrument to be signed by its proper officer, and its corporate seal to be hereto affixed, attested by its Secretary, the day and year first above written.

Notary Public, Cedar Rapids, Linn County, Iowa.

AGREEMENT December 18, 1916 The Saint Paul Union Depot Company and Chicago, Milwaukee and St. Paul Railway Company, Chicago, St. Paul, Minneapolis and Omaha Railway Company, Chicago, Burlington & Quincy Railroad Company, Minneapolis, St. Paul and Sault Ste. Marie Railway Company, Great Northern Railway Company, Northern Pacific Railway Company, Chicago Great Western Railroad Company, The Minneapolis and St. Louis Railroad Company, The Chicago, Rock Island and Pacific Railway Company Terminal facilities, St. Paul Minnesota, 0.53 miles.

This Indenture, Made this 18th day of December in the year of our Lord, one thousand nine hundred and sixteen, between THE SAINT PAUL UNION DEPOT COMPANY, a corporation created, organized and existing under and by virtue of the laws of the State of Minnesota, hereinafter called "The Depot Company," party of the first part; and Chicago, Milwaukee and St. Paul Railway Company; Chicago, St. Paul, Minneapolis and Omaha Railway Company; Chicago, Burlington and Quincy Railroad Company; Minneapolis, St. Paul and Sault Ste. Marie Railway Company; Great Northern Railway Company; Northern Pacific Railway Company; Chicago Great Western Railroad Company; The Minneapolis and St. Louis Railroad Company, and The Chicago, Rock Island and Pacific Railway Company, and Jacob M. Dickinson, as Receiver of The Chicago, Rock Island and Pacific Railway Company, (and not as an individual), parties of the second part, hereinafter called the "Railway Companies," *Witnesseth*:

Whereas, The Depot Company has been created and organized for the purpose, as set forth in its articles of incorporation, of building, purchasing, leasing and operating transfer tracks or railways in the City of Saint Paul, open alike to the use (under proper regulations) of all railroads now constructed or which may hereafter be constructed to or into the said city of Saint Paul and for the purpose of constructing, maintaining and operating a Union Passenger Station or depot in said city and proper tracks for access thereto, and in connection therewith of building, leasing or otherwise securing and maintaining and operating lines of railway in the said city of Saint Paul;

And Whereas, The Saint Paul, Minneapolis and Manitoba Railway Company did by its deed bearing date the thirteenth day of January, A. D. 1880, grant and convey to the said party of the first part, all its right, title and interest in and to certain real estate and premises in said deed more particularly described, containing nine and one-half ($9\frac{1}{2}$) acres of land more or less, and as shown on a map annexed to said deed; but with the reservation and qualification contained therein, that said The Saint Paul, Minneapolis and Manitoba Railway Company, its successors and assigns, should have the perpetual and exclusive use and control, and the right to such use and control, of the three most northerly tracks in the Union Passenger Depot, to be constructed and maintained by said The Saint Paul Union Depot Company, on the said grounds thereby conveyed, and of proper and suitable platform room between the same and adjacent thereto, for its and their own business, and the business of such other railroad company, or companies, as at the time of the execution of

said deed it was, or itself, its successors or assigns shall at any time thereafter be, under obligation to furnish or provide with passenger depot accommodations at the City of Saint Paul; provided, that during such a period or periods, if any, as said The Saint Paul, Minneapolis and Manitoba Railway Company, its successors or assigns, shall not be under obligation to furnish or provide passenger depot accommodations at Saint Paul to or for any other railroad company, the said perpetual use and control and right thereto so reserved should be limited to the two most northerly tracks in said Union Passenger Depot, and proper and suitable platform room between the same and adjacent thereto; and that the said grantor in said deed shall have (in common with the other railroad companies which should be entitled to the use of said Union Passenger Depot) for itself, its successors and assigns, the perpetual use, and the right to such use, for its and their own business, and the business of such other railroad company or companies as, at the time of the execution of said deed, it was, or itself, its successors or assigns shall at any time thereafter be, under obligation to furnish or provide with passenger depot accommodations as aforesaid, of a proper and convenient railway track or tracks across said grounds so conveyed, extending from such point or points as it, or its successors or assigns, shall select on the northern boundary of said property so conveyed to said tracks in said depot, and thereby connecting the tracks in said depot with the railroad of said grantor in said deed and the railroad of any other railroad company which, at the time of the execution of said deed, it was, or it, or its successors or assigns, shall at any time thereafter be, under obligation to furnish or provide with passenger depot accommodations; the said grantor in said deed, its successors and assigns paying, however, for such use such just, reasonable and equal rates of rents, dues and charges as shall be paid by other railroad companies enjoying depot accommodations in said depot, and being subject to such just, reasonable and equal rules and regulations as shall be established by the said grantee in said deed for the common government of the railroad companies enjoying its depot accommodations; and upon condition that the said grantee in said deed shall, within a reasonable time, build, construct, provide and put into operation upon and across said premises, and thereafter maintain and keep in operation proper and suitable transfer tracks and lines of railway between the said railroads, and especially proper and suitable transfer tracks and lines of railway between the said several railroads and the public levee on the Mississippi River between Sibley and Jackson streets, so as to make suitable and proper connections between such railroads, each with the other, and by each with said public levee, and in connection therewith shall build, construct and provide upon said premises and thereafter maintain a proper and suitable Union Passenger Depot and proper tracks for access thereto; to be held for the uses and purposes declared in the articles of incorporation of the said grantee in said deed, The Depot Company, with all and singular the hereditaments and appurtenances thereto belonging or in anywise appertaining, subject to the reservation and qualification aforesaid, by the said grantee in said deed, its successors

and assigns, so long as the said grantee, its successors or assigns shall use the same for the purposes declared in the articles of incorporation of said grantee, and shall comply with and perform the conditions aforesaid; to which deed reference is hereby made;

And Whereas, The Depot Company did construct, furnish and equip and has maintained upon the grounds hereinbefore described, a Union Passenger Depot, with the necessary tracks for access thereto, and did construct, acquire and equip upon, over and across said grounds, and elsewhere and did thereafter maintain and operate tracks and railways for the transaction of the transfer business contemplated in its articles of incorporation;

And Whereas, in order to provide for the payment of the purchase price of said above described land and premises and for the construction, furnishing, acquiring and equipping of said passenger depot, tracks and railways, The Depot Company has issued nine hundred and thirty-two thousand, four hundred dollars (\$932,400) par value of its capital stock, which has been subscribed and fully paid for by, and issued to, said nine railway companies named herein as parties of the second part, the lines of railway of which have been built into the said city of St. Paul and in the operation of which they are now engaged;

And Whereas, The Depot Company, to provide necessary funds for the aforesaid purposes, did issue and negotiate its First Mortgage Bonds in the sum of Two Hundred and Fifty Thousand Dollars (\$250,000) par value, bearing date the first day of May, 1880 payable May 1, 1930, with interest thereon at the rate of six per cent per annum, payable in semi-annual installments on the first days of November and May of each year, secured by a trust deed or mortgage upon the lands, railways and property of The Depot Company, and also secured by assignment of rents, dues, tolls, income and profits thereof, in which mortgage, the Central Trust Company of New York was named as trustee;

And Whereas, The Depot Company, to make provision for the enlargement of its terminal buildings, and to more effectually prosecute the aforesaid corporate enterprise, did issue and negotiate its Consolidated Mortgage Bonds in the sum of Two Hundred and Fifty Thousand Dollars (\$250,000.00), bearing date May 1, 1894, payable on the first day of May, 1944; One Hundred and Fifty Thousand Dollars (\$150,000.00) par value of said bonds bearing interest at the rate of five per centum per annum, and the remaining One Hundred Thousand Dollars (\$100,000.00) par value bearing interest at the rate of four per centum per annum; said interest being payable semi-annually on the first days of May and November in each year, likewise secured by a trust deed or mortgage upon the lands, railways and property of The Depot Company, and also secured by assignments of rents, dues, tolls, income and profits thereof, in which mortgage the St. Paul Trust Company was named as trustee. Said consolidated mortgage or deed of trust was actually made to secure an authorized issue of five hundred thousand dollars (\$500,000) par value of mortgage bonds, but only two hundred and fifty thousand dollars (\$250,000) par value of said bonds have been issued thereunder;

And Whereas, the Great Northern Railway Company, and Dakota and Great Northern Townsite Company, respectively by deeds bearing even date herewith, did grant, bargain, sell and convey to The Depot Company, the following described real estate and premises in the city of Saint Paul, Ramsey County, Minnesota:

All property owned by said Townsite Company in Block twenty-eight (28), St. Paul Proper;

All of Block twenty-nine (29), St. Paul Proper, owned by said Railway Company, lying north of present Union Depot Company property;

All of Blocks three (3) and four (4), Hopkins' Addition to St. Paul, owned by said Railway Company, lying north of the present Union Depot Company property; and,

A strip containing four and three-quarters ($4\frac{3}{4}$) acres, more or less, off the south side of Great Northern local freight terminals, between Broadway and the crossing of the Union Depot tracks with Third Street.

The property above described is conveyed subject to existing leases and is shown in red on the attached map, marked Exhibit "A" dated December 18, 1916 and identified by the signature of the Chief Engineer of The Union Depot Company, together with all buildings and structures thereon situate and all appurtenances thereunto belonging: subject, however, to the following conditions, and reservations, being the same expressed in said deeds of conveyance, namely:

(a) Great Northern Railway Company shall have the free and perpetual use of driveway or driveways which shall be provided by The Saint Paul Union Depot Company under its elevated tracks, and shall be so laid out and constructed that the Great Northern Railway Company conveniently may reach its property lying to the south and east of Broadway and Third Street.

(b) Real estate conveyed is to be used for a union passenger depot and facilities in connection therewith; a new union passenger depot and facilities, including proper railway tracks for access thereto, shall be constructed and completed on or before the first day of July, 1921, in substantial accordance with print attached, and thereafter shall be perpetually maintained and operated; Great Northern Railway Company, in lieu of its rights and interests in and to the three most northerly tracks of the present union depot, which it now has as the successor in title to The Saint Paul, Minneapolis and Manitoba Railway Company, shall be vested with exclusive and perpetual rights of use over and upon the northerly three (3) passenger tracks of the new union passenger depot, and also shall be vested with perpetual preferential rights of use over and upon the four (4) next adjacent passenger tracks lying southerly thereof; such preferential rights to exclude all use of the said four (4) tracks by all other companies when thereby the use thereof by the Great Northern Railway Company be interfered with or hindered; and that conveyance is made on the condition that said rights of preferential and exclusive

use and control of said tracks are reserved to said grantor, its successors and assigns and may be fully exercised and enjoyed by it, its successors and assigns, and by all railroad companies to which the grantor now is or to which hereafter it or its successors or assigns shall at any time be under obligation to furnish or provide with passenger depot accommodations at the city of Saint Paul, including suitable and proper platform room between the said tracks and adjacent thereto for its and their own business.

(c) Should The Depot Company fail fully to perform according to its terms any conditions precedent, or make breach of any condition subsequent in said deeds contained, then and in each such case the title granted in said deeds and conveyed to the grantee thereupon and thereby shall cease and terminate, and shall revert to and revest in the grantor, upon the repayment of the purchase money as hereinafter and in said deeds of conveyance respectively provided.

(d) The grantee to have and to hold said premises so long as it, its successors and assigns, shall use the same for the uses and purposes declared in its articles of incorporation, together with all and singular the hereditaments and appurtenances thereunto belonging; but always subject to the conditions, reservations, restrictions and limitations contained in said deeds;

And Whereas, The Depot Company owning terminal yards, stations, tracks and railway equipment, and other railroad, depot and terminal facilities, is about to acquire other lands and premises necessary for the enlargement of such terminals and the construction thereon of a new Union Passenger Station at St. Paul, Minnesota, reference being made to maps, plans and specifications among the records and files in the office of the Company, specific reference being made to property shown in yellow on the attached map, marked "Exhibit 'A'" and identified by the signature of the Chief Engineer of The Depot Company;

And Whereas, to make adequate provision for such improvement, The Depot Company is about to execute a mortgage or deed of trust, to be known as its First and Refunding Mortgage, dated January 1st, 1917, covering all the property of The Depot Company now owned by it and hereafter to be acquired from the proceeds of the sale of bonds secured thereby, known as First and Refunding Mortgage Gold Bonds, not to exceed in the aggregate the sum of Twenty Million Dollars (\$20,000,000), but subject, however, to said mortgages hereinbefore mentioned to-wit:

Said First Mortgage or Deed of Trust of May 1, 1880, given to secure the sum of Two Hundred and Fifty Thousand Dollars (\$250,000) six per cent interest bonds, and the Consolidated Mortgage or Deed of Trust of May 1st, 1894, under and by virtue of which Two Hundred and Fifty Thousand Dollars (\$250,000) par value of bonds are now outstanding;

And Whereas, each of the Railway Companies desires, for purposes of greater economy and convenience, to avail itself of the use of such adequate and enlarged passenger terminal facilities and of such new union passenger station which The Depot Company is about to build, substantially according

to said plans and specifications which have been exhibited to said railway companies, and with which they are familiar:

Now, Therefore, This Indenture Witnesseth, as follows:

Section 1. The said Depot Company for and in consideration of the rents, tolls and dues hereinafter mentioned to be paid, and the covenants herein to be performed, by the Railway Companies, doth hereby grant unto the said Railway Companies respectively, their successors and assigns, for the term of ninety-nine years from the date hereof, the use and enjoyment of all and singular the said grounds hereinbefore described, and of the Union Passenger Depot and railway tracks to be constructed thereon with the equipment, appendages and appurtenances thereof, and also of all railroads, tracks and lines of railway of The Depot Company that may be hereafter constructed, acquired, leased, possessed, held, owned or operated by The Depot Company, its successors or assigns, and all the equipment, appendages and appurtenances to the same belonging or in any wise appertaining, in common with each other to the extent and in the manner hereinafter mentioned and prescribed, and with such other railroad corporations as may hereafter apply for and be granted like or similar use and enjoyment.

§ 2. The Depot Company hereby covenants and agrees with each of the said Railway Companies to assign to each, from time to time, a suitable track or tracks upon said grounds connecting at such practicable and suitable point or points on the boundary of said lands and premises, as has been or may be designated by said railway company with the main track of such company, which has been or may be constructed by it, and with a track or tracks other than those so reserved for the exclusive or preferential use and control of the Great Northern Railway Company and said other companies to which it may now or hereafter be under obligation to furnish depot accommodations, as aforesaid, running into the passenger station, for the use of passenger trains operated by said Railway Companies, respectively; and in respect of said four (4) passenger tracks lying south of said northerly three (3) tracks, over and upon which said four (4) tracks and adjacent platforms said Great Northern Railway Company has perpetual preferential rights of use, The Depot Company engages to permit the use of said four tracks and adjacent platforms by other companies when the use thereof by the Great Northern Railway Company, its successors and assigns, and all other railroad companies to which it, or its successors or assigns may now or hereafter be under obligation to furnish with passenger depot accommodations, will not be interfered with or hindered; it being understood and agreed that The Depot Company, or its superintendent or managing agent, may from time to time establish such reasonable rules and regulations as will conduce to keep said tracks open and free for use; and said Railway Companies hereby, respectively, do covenant and agree to comply with such rules and regulations; but anything herein to the contrary, notwithstanding. The Depot Company will assign to said Great Northern Railway Company, its successors and assigns, the use for passenger trains (in common with other railroad companies which are or shall be entitled to the use of said

passenger station) for its and their own business and the business of such other railroad company or companies as, at the time of the execution of the deeds of conveyance by said Great Northern Railway Company bearing even date herewith, it was or its successors or assigns shall at any time hereafter be under obligation to furnish or provide with passenger depot accommodations as aforesaid, of a proper and convenient railway track or tracks across said grounds extending from such point or points as it or its successors or assigns shall select on the northern boundary of said grounds to said tracks in said station so reserved by and conceded to said Great Northern Railway Company as aforesaid, and to any other track or tracks in said passenger depot that may be assigned by The Depot Company, its successors or assigns, for use by said Great Northern Railway Company, its successors or assigns, if any, and thereby connecting the said tracks in said station with the railroad of said Great Northern Railway Company and the railroad of any other company, which, at the time of the execution of said deeds, it was or has since become, or itself, its successors or assigns, shall at any time hereafter be, under obligation to furnish or provide with passenger depot accommodations; the said Great Northern Railway Company, its successors and assigns, paying, however, its and their proportion of rents, dues and tolls as hereinafter covenanted and agreed, and it being understood and agreed that The Depot Company, or its superintendent or managing agent, may from time to time establish such reasonable rules and regulations as will conduce to keep the said tracks open and free for use; and the said Great Northern Railway Company covenants and agrees to comply with such rules and regulations. For greater certainty, a map or plat designating the tracks of said proposed terminal on file in the office of The Depot Company is referred to.

§ 3. The Depot Company covenants and agrees with said Railway Companies, respectively, to transfer upon its transfer tracks or railways now or hereafter so to be constructed and acquired, with all reasonable celerity, or to permit the said Railway Companies, respectively, to transfer upon said transfer tracks or railways from the railroads of the said Railway Companies, respectively, to a connection with its own line, or to the railroad of any other railroad company whose railroad connects with the said transfer tracks, and to any industry to which the tracks of The Depot Company shall at any time extend, and from such other railroads and such industries to the railroads of the Railway Companies, respectively, any and all loaded or empty freight cars which the said Railway Companies, respectively, shall desire to have so transferred; it being understood and agreed that The Depot Company, or its superintendent or general managing agent, may from time to time establish such reasonable rules and regulations as will conduce to the rapid, safe and convenient transfer of freight cars between such railroads, and between each of them and the industries to which such transfer tracks or railways shall extend. The Depot Company will construct and perpetually maintain at least two transfer tracks across its property from the easterly to the westerly boundary thereof. Such tracks may be used by said companies in the movement of freight cars through the property of The Depot Company.

§ 4. The Depot Company hereby covenants and agrees with the Railway Companies, respectively, that no discrimination shall be made in favor of any other company using said grounds, depot, tracks and transfer privileges to the prejudice of the use and accommodation of the Railway Companies, respectively; it being understood that in the use of said property by the said Railway Companies, respectively, and in the transaction of their transfer and passenger business, the said Railway Companies shall each have, under said rules and regulations, equal facilities and accommodations with other companies now or hereafter having the right to the use and enjoyment of the same in proportion to the business of each of said Railway Companies; and that the business of each shall receive like care, attention and accommodation from The Depot Company, its officers and agents; and each shall be amenable to like control and treatment. But nothing herein shall be construed to annul, modify or interfere with the rights of said Great Northern Railway Company, its successors and assigns and all other railroad companies to which it or its successors or assigns may now or hereafter be under obligation to furnish with depot accommodations, more particularly reserved in its said deeds including the exclusive and perpetual rights of use over and upon the northerly three (3) passenger tracks of the new union passenger depot, or to the perpetual preferential rights of use over and upon the four (4) next adjacent passenger tracks lying southerly thereof including also suitable and proper platform room between said tracks as provided in said deeds: but such preferential rights to exclude all use of said four (4) tracks by all other companies when thereby the use thereof by the Great Northern Railway Company and said other railroad companies would be interfered with or hindered; which said rights all parties hereto concede to said Great Northern Railway Company. Said right of exclusive or preferential use of said tracks shall at all times be subject to the terms and requirements of the succeeding section of this Operating Agreement. And nothing herein shall be construed to annul, modify or interfere with the rights of said Great Northern Railway Company, its successors and assigns, to the perpetual use, in common with other railroad companies, of tracks for access thereto, and connection therewith, so reserved to said last named company, its successors and assigns, by deeds as aforesaid, which said rights also are hereby conceded to said last named company, its successors and assigns, to the same extent and in the same manner as they are reserved to said company, its successors and assigns, by said deeds; and, saving the said right of the Great Northern Railway Company, its successors and assigns, as aforesaid, nothing herein shall prevent The Depot Company from assigning for use to said Railway Companies, respectively, or any other company, a track or tracks in, or leading to said passenger station also assigned to and used by other companies, or from using or permitting to be used the track or tracks so assigned to said Railway Companies, respectively, or the track or tracks assigned to any other company for the use of its passenger trains, for the transaction of such transfer business.

§ 5. The cars of the said Railway Companies, respectively, or any other

railroad corporation, shall not be stored or left standing on the said grounds or the tracks of The Depot Company, (whether reserved for exclusive or preferential use of any Railway Company or not) unless with the consent of The Depot Company, and for a reasonable compensation to be paid therefor.

§ 6. The Depot Company shall keep and maintain the said grounds and the said passenger station and tracks thereon, and all the tracks and railways which it shall at any time own, hold or operate, in good order; shall provide the said passenger station with all the usual supplies, furniture and appendages required for the convenient use thereof; shall warm and light the same and keep and maintain it in good repair, and provide a reasonable number of ticket, baggage and other agents and employes to conduct and manage the business incident thereto; shall provide and maintain all such engines, tenders and other rolling stock as shall be necessary; if any, for the conduct of such transfer business and for the moving of passenger trains or cars to or from said passenger station, or for other purposes, and shall provide all enginemen, brakemen, and other servants and employes necessary to operate the same, and shall construct, provide and maintain all buildings, shops, structures, turntables, machinery, appliances and appendages, and provide all mechanics, workmen and employes necessary for the transaction of its business.

§ 7. The Railway Companies, each contracting for itself, its successors and assigns, covenant and agree with The Depot Company, its successors and assigns, that it and they shall and will from and after the time the said passenger station and the said tracks thereto are completed ready for use, occupy and use and thereafter during the continuance of this contract continue to occupy and use said passenger station, under the provisions of this contract, for its and their principal passenger station in the city of Saint Paul, and will and shall run into said passenger station in the manner and subject to the regulations aforesaid, all its and their regular passenger trains coming into the said city of Saint Paul, and run from said passenger station all its and their regular passenger trains leaving said city.

§ 8. It is understood and agreed that The Depot Company shall have the general control, management and supervision of said grounds, passenger station, tracks and railways, and of the business thereof; but, inasmuch as the officers, agents and employes of The Depot Company are in fact employed for and in furtherance of the business of the companies using said grounds, depot, tracks, railways and transfer privileges, it is understood and agreed between the parties hereto that The Depot Company shall not be liable or responsible in any manner whatsoever, as master or otherwise, to the Railway Companies, or any or either of them, for the fault or neglect of the officers, agents or employes of The Depot Company, or for any damages to the Railway Companies, or any or either of them, resulting from the acts or omissions of said officers, agents or employes; and each of the Railway Companies, respectively, agrees to save and indemnify The Depot Company from and against any damages, costs and expenses growing out of any claim for damages, injuries or

otherwise, to persons or property, done or caused by engines or cars of such Railway Company or by the fault or neglect of the officers, agents or employees of The Depot Company, while acting for, or in furtherance of the business of such Railway Company, or while acting as the mutual servant of The Depot Company, and such Railway Company—nothing, however, herein contained shall exonerate said officers, agents or employees from personal liability for any fault or neglect of duty.

§ 9. The aggregate amount of rentals, tolls and dues to be paid in each year by the Railway Companies, respectively, operating lines of railway running into the city of Saint Paul and using said passenger station, grounds, tracks, railways and transfer privileges in common, shall be equal to the amount required in such year for all the following purposes:

First. The payment of current expenses of keeping up, maintaining, repairing, warming, lighting, managing and operating said passenger depot, grounds, tracks and railways, and the rolling stock, equipment, appliances, appendages and appurtenances thereof, all taxes, assessments and rentals, if any, which The Depot Company may be obliged to pay, and all such other expenses and liabilities as may be incurred in the preservation and management of said property and the business thereof.

Second. The payment of six per centum per annum interest, payable semi-annually, upon said First Mortgage or Deed of Trust of The Depot Company, dated May 1, 1880, under and by virtue of which \$250,000 par value of mortgage bonds have been issued and are now outstanding.

Third. The payment of five per centum per annum interest, payable semi-annually, upon \$150,000 par value of the Consolidated Mortgage Bonds of The Depot Company, and the payment of four per centum per annum interest, payable semi-annually, upon \$100,000 par value of said Consolidated Mortgage Bonds of The Depot Company. Said Consolidated Mortgage by its terms secures an issue of \$500,000 par value of mortgage bonds bearing date May 1, 1894, under and by virtue of which said \$250,000 par value of bonds are now outstanding.

See amendment dated Nov. 2, 1923.	}	Fourth. The payment of semi-annual interest at a rate to be fixed by the board of directors of The Depot Company upon the \$11,500,000 of bonds first issued under and secured by said First and Refunding Mortgage, or so much thereof as from time to time may be outstanding.
---	---	--

Fifth. The payment of a dividend of four per centum per annum, payable semi-annually, on all the capital stock of The Depot Company that is now or shall be issued and outstanding.

Provided, however, that there shall be deducted from such annual aggregate amount all rents and income received by The Depot Company from persons or companies for the use of grounds or tracks for storing cars, for the use of dining rooms, express rooms, restaurants, news rooms, and room for stands, and other room or rooms occupied or used by others than the officers, agents and employees of The Depot Company.

And it is understood and agreed between the parties hereto that the said aggregate amount so made up as aforesaid, after making the deduc-

tions hereinbefore stated, shall constitute the amount of the annual rental, tolls and dues to be paid by the companies so using said grounds, station, tracks, railways and transfer privileges in common. And it is further understood and agreed between the parties hereto that such aggregate amount of annual rentals, tolls and dues shall be apportioned among the said companies using said grounds, station, tracks, railways and transfer privileges in common, each month as follows:

The board of directors of The Depot Company shall from time to time fix a certain amount, to be paid by the party for or by whom the transfer is made, as toll for each and every loaded or empty freight car that shall be transferred upon or across the grounds of The Depot Company, or upon the tracks or railways of The Depot Company, from one of said railroads connecting with such transfer tracks to another, or from any such railroad to any industry to which such transfer tracks shall extend, or from any such industry to any such railroad; such toll to be just and reasonable and adapted, as near as practicable, to the collection of so much only of the said aggregate annual amount required as is justly and properly chargeable to the transfer business; and the balance of the said aggregate annual amount shall be assessed to the railroad companies using such passenger station in common, monthly, in proportion to the number of passenger cars of each of said companies entering and leaving said passenger station during such month; and for the purpose of such assessment each passenger car entering or leaving said station, on trains running twenty-five miles or under, shall be rated as one passenger car; each passenger car entering or leaving said depot on trains running over twenty-five miles and less than one hundred and fifty miles shall be rated as two passenger cars, and each passenger car entering or leaving said depot on trains running one hundred and fifty miles or over shall be rated as three passenger cars; and each baggage, express and mail car entering or leaving said station shall be rated as a passenger car. The one-twelfth part of the annual interest on all the mortgage bonds now or hereafter outstanding, in this contract mentioned, and of the annual dividend on the said capital stock outstanding, shall be carried into each monthly account and collected therein.

Each of said Railway Companies contracting in behalf of itself hereby covenants with The Depot Company and with each of the other Railway Companies, to pay, thirty (30) days prior to the time when any of said First and Refunding Mortgage Gold Bonds of The Depot Company mature or become payable, whether by their terms or by acceleration of payment as provided in said bonds and mortgage, a sum equal to one-ninth of the principal of such First and Refunding Mortgage Gold Bonds payable on said date, to be applied solely to the payment of the principal of said \$11,500,000 of bonds first issued under and secured by said Mortgage, or so much thereof as may be outstanding. In case any railway company shall make default in the payment of its proper portion of principal or interest which, under the provisions of this agreement, it has engaged to pay, then the sum in respect of which such railway company may be in default shall be apportioned among the other railway companies not

in default, and each of such other railway companies shall pay its ratable share of such sum as herein more particularly provided; or, if the number of such non-defaulting companies be reduced to one, then it will pay the whole thereof, upon demand of The Depot Company, or if The Depot Company is in default, then upon demand of the trustee under said mortgage.

The obligation of each railway company to make the payment herein provided is absolute and unconditional, and is declared to be further security to said trustee for the prompt payment of the principal and interest of bonds to be issued under said First and Refunding Mortgage. But the ratable proportion which each railway company shall be under obligation to pay, whether of interest or principal, shall be as defined in this agreement, each railway company paying an equal part of the principal, but its ratable share of the interest measured by user. And in the event that any railway company shall, by reason of default of any other railway company, pay more than its true and proper proportion of the principal or interest, the right of subrogation, as hereinafter more particularly defined, and such other rights as are hereinafter mentioned, shall immediately accrue. Likewise, should it be determined to pay by assessment upon the Railway Companies the principal of the outstanding first and consolidated mortgages, or either of them, each of said Railway Companies will pay its true and numerical proportion of the principal of such mortgage indebtedness. But anything herein to the contrary notwithstanding, the said covenants to pay interest and principal upon said First and Refunding Mortgage Gold Bonds shall be limited and confined to the first \$11,500,000.00 par value thereof certified and delivered by the trustee, as in said mortgage or indenture provided. Each of said Railway Companies agrees to endorse upon each of said bonds its joint and several unconditional guaranty of payment by The Depot Company of the principal and interest thereof. The obligation of said Railway Companies shall not extend to payment or guaranty of any of the principal or interest of the bonds issued under said indenture in excess of the first \$11,500,000.00 par value, or to the payment of any charges of The Depot Company to meet either principal or interest of such excess bonds, unless by appropriate contract in writing hereafter to be made such obligation is assumed.

§ 10. The said Railway Companies, respectively, hereby covenant and agree with The Depot Company, to render to it on the first business day of each month, a statement of the number of passenger cars by said Railway Companies, respectively, run into and from said passenger depot, computed in manner aforesaid, and of the number of freight cars transferred for or by it over said transfer tracks during the preceding month.

§ 11. The said Railway Companies, respectively, hereby covenant and agree with The Depot Company to pay to The Depot Company, monthly, at its office at Saint Paul for the said use of said passenger station, grounds, tracks, railways and transfer privileges, its proportion of said rentals, dues and tolls fixed and determined as herein provided, within ten days after the account thereof is forwarded or delivered to the said Railway Companies, respectively.

§ 12 If any of the said Railway Companies, respectively, shall make default for the period of three months in the payment of its said monthly rents, dues and tolls, or of any installment or part thereof, The Depot Company may, at its option, and at any time thereafter, said default still continuing, terminate this contract as to said defaulting company by notice in writing to that effect, and upon the service of such notice upon the president, superintendent or other general managing agent of any of the said Railway Companies, respectively, this contract shall terminate without other act of The Depot Company.

§ 13. In case default shall be made for the period of two months by any company using said railway station, in the payment of its proportion of said rentals, tolls and dues, including principal and interest upon the mortgage bonds issued or to be issued as herein set forth, The Depot Company may apportion, according to the provisions in this contract contained, the amount so in default and charge the same to the Railway Companies, respectively, which have made no default in said monthly account, as part of the rents, tolls and dues owing by said company, and each of said Railway Companies, respectively, hereby agrees to pay its full and proper proportion of the same as herein defined, but each party shall to that amount be subrogated to the rights and claims of The Depot Company as against such defaulting company. In the event that any of said railway companies pay, by reason of default of any other company party to this agreement, more than its true and proper proportion either of principal or interest due, or to become due, upon any of the three issues of mortgage bonds hereinbefore referred to, (including of the First and Refunding Gold Mortgage Bonds, only \$11,500,000), the railway company or companies paying the portion of such principal or interest of any defaulting company shall, under said mortgages, be indemnified and subrogated to the rights of the holders and owners of said claims, whether for principal or interest, or both, and the trustee under said First and Refunding Mortgage is hereby directed and empowered by assignment of such claim or otherwise, to fully protect said railway company or companies paying the share of any defaulting company of such principal or interest. Such subrogation or assignment shall be subordinate to the claims of the trustee while acting for the bondholders. At the election of said companies, or any of them, in case of the payment of the principal of said First and Refunding Mortgage Gold Bonds or any part thereof by said companies or any of them, The Depot Company will issue new bonds secured by mortgage upon its property to give said companies or any of them declaring and making known to The Depot Company such election full indemnification and protection.

§ 14. Inasmuch as the entire aggregate annual rental, tolls and dues for the use of said grounds, depot, tracks, railways and transfer privileges is to be paid by the companies using the same in proportion to the amount of such use by each as aforesaid; and in case of the failure of any of the Railway Companies above mentioned to make use of the same, and pay their proportion of such aggregate annual rental, tolls, and dues as hereinbefore provided, whether on account of principal and interest of said mortgage bonds or expense of construction, maintenance

or operation, or otherwise, the expense of such use to the others will be increased; and the amount of stock issued as aforesaid to said companies has been divided among them, each company owning one-ninth of the stock of the corporation, and it has been agreed between the said companies that in the case of the failure of any of said companies, or the party or parties who shall succeed them in the ownership or operation of their respective railroads, to use and continue the use or to pay for the use of said Union Passenger Station from and after the time the same and the tracks thereto are ready for use, the capital stock so issued to the company or companies now owning and operating the railroad or railroads with respect to which such default shall occur, shall be forfeited to The Depot Company, and said stock having been issued subject to forfeiture as aforesaid; Now, therefore, the said Railway Companies, respectively, do hereby covenant and agree with The Depot Company, that in case any of the Railway Companies, or the party or parties who shall succeed it in the ownership or operation of its railroad, shall, at any time fail to make use of the terminal facilities of The Depot Company as hereinbefore covenanted and agreed, and thereafter to continue such use unless temporarily prevented by fire or other casualty to the same, or in case this contract shall be terminated by reason of the non-payment of the monthly rentals, tolls and dues, including principals and interest upon the mortgage indebtedness, as hereinbefore provided, the said capital stock issued to the said railway company shall, without any other act by The Depot Company, become and be forfeited to The Depot Company, and thereafter the said four per centum per annum dividend thereon hereinbefore mentioned, shall not be assessed or carried into the said aggregate amount of rents, tolls and dues, and shall not thereafter be assessed or paid in any manner, or any dividend thereon; but this provision shall not be construed to relieve the said railway company, its successors or assigns, from its covenants herein contained, to use and continue to use and to pay for the use of the said passenger depot, grounds and tracks as aforesaid, or from liability for damages for a breach thereof, or from any covenant herein contained, or from liability for a breach thereof.

§ 15. Should the number of railway companies making similar contracts with The Depot Company and admitted to use said passenger station of The Depot Company and its terminal facilities, be increased, or should the number of said railway companies using said facilities under a similar contract be decreased, the contribution of each company shall be ratably increased or reduced accordingly, so that each company will be required to pay its just and true proportion of said interest, taxes, assessments, charges, outlays and expenses upon the basis of user. Contribution to principal sum of mortgage indebtedness is to be made by said companies upon a numerical basis, as herein stated, and not otherwise; but before any company shall hereafter be admitted to the privileges and use of the depot facilities it shall first subscribe and pay for such number of shares of the capital stock of The Depot Company as shall be deemed equitable by its board of directors, subject to like forfeiture.

§ 16. The books, files and accounts of The Depot Company shall at all

reasonable times be open to the inspection of the president, superintendent and general managing agent of the said Railway Companies, respectively, or such officer or agent as they or any of them may appoint to inspect the same; and the statements, accounts and reports of the said Railway Companies, respectively, in respect of the passenger trains and cars running into and leaving said city of Saint Paul upon their railroads, respectively, and in respect of freight cars transferred by or for them to or from other roads or industries at said city of Saint Paul, shall be at all reasonable times open to the inspection of the president, superintendent and general managing agent of The Depot Company, or such officer or agent as it may appoint for the purpose of such inspection.

§ 17. The rule and basis of apportionment of the aggregate annual rentals, tolls and dues hereinabove laid down may be changed from time to time, as hereinafter provided. The board of directors of The Depot Company shall have the power to change the same from time to time with the assent of all the companies entitled to participate in the use of such Union Passenger Depot; and the action in the board of the individual members thereof, representing railroad companies entitled to participate in such use, assenting to such change, shall be deemed to be the assent of the companies represented by them, respectively; and at any time *Eliminated by Board Resolution of Feb. 1, 1923*, and not oftener than once in each twelve months thereafter, any of the companies entitled to participate in the use thereof may by its president, superintendent or general managing agent, make a demand in writing of The Depot Company by delivering the same to the president, superintendent or general managing agent thereof, to change the rule or basis of such apportionment on the ground that it is working unjustly to the company making such demand, specifying the change desired. If the board of directors of The Depot Company shall not within two months after such demand change such rule or basis of apportionment, with the assent of all the companies entitled to participate in the use of such depot, including the company making such demand, the matter may be determined by arbitration as follows: The company demanding such change shall select and report to The Depot Company, its president, superintendent or managing agent, in writing, a disinterested person of experience and skill in railway management as referee, and The Depot Company shall thereupon appoint a disinterested person of experience and skill in railway management, and if The Depot Company shall fail to make such appointment within one month after the reporting thereto of the appointment by the other party as aforesaid, then said company demanding such change may make such appointment for and on behalf of The Depot Company, and shall notify The Depot Company thereof in writing, and the two referees so selected shall select a third, who shall be also skilled and experienced in railway management, and the three so selected shall hear the said matter in controversy and shall determine the rule and basis of such apportionment, and their decision, or that of a majority of them, shall be final and conclusive upon all parties interested, and the rule or basis of apportionment so determined upon shall remain in force for one year thereafter and until again changed in accordance with the provisions of this

section; but nothing herein shall exonerate the company demanding such change, or any other company, from the payment of its proportion of such aggregate rental, tolls and dues as shall become due and payable during the pendency of the proceedings aforesaid, but each such company shall pay its proportion thereof monthly, ascertained by the rule of apportionment in force on the first day of the month for which the same is due; and nothing herein contained shall authorize or empower any change to be made in the basis by which the amount of the said aggregate annual rental, tolls and dues is to be arrived at as hereinbefore set forth.

§ 18. The Depot Company will proceed with all reasonable dispatch to construct, complete and equip, ready for use, such passenger station and tracks for access thereto, and transfer tracks between the railroads of the several companies hereinbefore mentioned, and it will construct its tracks for passenger trains and the transfer of freight cars so as to connect with the tracks of said several railway companies at such practicable place on the boundary of the lands and premises of The Depot Company as said companies may designate, said companies respectively constructing their own tracks to such place; and that it will acquire the necessary lands, premises and terminal facilities referred to in said plans and will complete a new union station substantially according to plans and specifications herein referred to, and will re-arrange, reconstruct and enlarge terminal facilities of The Depot Company.

Until The Depot Company shall engage in the construction of said new Union Passenger Station and terminal facilities, it will continue to maintain as at present, the facilities enjoyed by said Railway Companies, respectively.

§ 19. It is expressly stipulated and understood that all of the covenants and agreements to be performed by said Railway Companies under this agreement, are several and not joint, and in no event shall any of said Railway Companies be liable for the default of any of the other railway companies, except as herein expressly provided.

§ 20. The several covenants, conditions and stipulations of this agreement shall be binding upon and inure to the benefit of the respective parties hereto, their successors, lessees and assigns. No assignment by any of the Railway Companies of any interest or right under this agreement, whether in connection with the sale of the assigning Railway Company's railway and other property or otherwise, shall release such assigning railway company from any of its obligations under this agreement. If any of the Railway Companies should be consolidated, the consolidated company shall be liable to make all payments and to perform all obligations hereunder which would be obligatory upon each of the constituent companies if such consolidation had not been made.

If the railroad of any of the Railway Companies should be sold or placed in the hands of a receiver, the purchaser or receiver shall be charged with

the duty of making all payments and performing all obligations binding upon such railway company by the terms hereof.

The Depot Company or the trustee named in said First and Refunding Mortgage may maintain and prosecute and enforce claim for the amount due under the terms of this agreement from any of the said Railway Companies, or in case of insolvency, bankruptcy or receivership, may prosecute and enforce claim for damages.

Any railway company succeeding to the rights, privileges and franchises of a defaulting company, whether by purchase or otherwise, may be required as a condition of admission to the use of the station and its terminal facilities, to pay the sums due from said defaulting company.

If a receiver of any railway company, tenant of The Depot Company, shall be appointed, such receiver shall be charged with the payment of the obligations of such defaulting company in respect of this contract, and may be required to affirm the contract as a condition of the use of said terminals.

This agreement shall not be construed as in any manner rescinding or changing the conditions, restrictions or other covenants contained in the said deed of the St. Paul, Minneapolis and Manitoba Railway Company to The Depot Company, dated January 13, 1880, save as herein expressly modified in respect of the number of tracks (and the connections therewith) to be assigned and provided for the exclusive or preferential and perpetual use of the Great Northern Railway Company, the successor of the St. Paul, Minneapolis and Manitoba Railway Company, and as reserved in the deed of said Great Northern Railway Company to The Depot Company.

If any property is conveyed to The Depot Company upon condition in respect to its use, operation, maintenance or otherwise, The Depot Company shall require, and the grantor shall give, a covenant in the deed of conveyance, or an agreement expressed in some other form of recordable written instrument, that before the grantor shall enter and retake the property conveyed by reason of the failure of The Depot Company to comply with any of such conditions, such grantor shall repay without interest to the trustee under said First and Refunding Mortgage, the consideration paid by The Depot Company for such conveyance; or, if said First and Refunding Mortgage shall then have been paid, such consideration shall be restored by said Grantor to The Depot Company, but without interest. If paid to said trustee, such moneys shall be retained by it as substituted security for the premises to which such condition was attached and by reason of the breach of which said grantor, or its successor may be entitled to re-enter and take possession of the premises.

Jacob M. Dickinson, in his capacity of Receiver of The Chicago, Rock Island and Pacific Railway Company, one of the parties to this agreement, joins said The Chicago, Rock Island and Pacific Railway Company in all the covenants herein, including guaranty of payment of the principal and interest of said First and Refunding Mortgage Gold Bonds in the principal sum of \$11,500,000.00, or so much thereof as may be deemed necessary for

the purposes in said mortgage referred to. This Operating Agreement is executed by said Jacob M. Dickinson under and by virtue of the authority contained in certain orders of the District Court of the United States for the Northern District of Illinois, Eastern Division, in a certain action in which the American Steel Foundries is the complainant and The Chicago, Rock Island and Pacific Railway Company the defendant; but the covenants made herein by said receiver shall bind the trust estate, and shall, in no event, be construed to create upon the part of said Jacob M. Dickinson a personal or individual obligation; but it is understood that said The Chicago, Rock Island and Pacific Railway Company as reorganized, or such other corporation as may succeed the Receiver in possession of said trust estate, may be required to assume the obligations of the Receiver in respect of said contracts, guaranties or other undertakings as herein contained. The Depot Company may make this requirement as a condition of admission to the use of said station and its facilities.

This agreement is also executed by the officers of The Chicago, Rock Island and Pacific Railway Company in that behalf duly authorized by order of said United States District Court.

In Witness Whereof, the said parties hereto have caused these presents to be signed in twelve counterparts by their respective Presidents or Vice Presidents, in that behalf duly authorized, and impressions of their respective corporate seals to be hereunto affixed and attested by their respective Secretaries, or Assistant Secretaries, the day and year first above written.

STATE OF MINNESOTA }
COUNTY OF RAMSEY } ss.

On this 14th day of April, 1917, before me a notary public within and for said county, duly commissioned and qualified to take and certify acknowledgments, personally came E. Pennington, President, and Charles Jensch, Secretary, of The Saint Paul Union Depot Company, to me personally known, and known to me to be such President and Secretary, respectively, of said corporation, who being by me first duly sworn, doth depose and say, each for himself, that the said E. Pennington is the President and the said Charles Jensch is the Secretary of The Saint Paul Union Depot Company, one of the corporations described in and which executed the foregoing instrument, and that the seal affixed to said instrument is the corporate seal of said corporation, and that said instrument was signed, executed and sealed in behalf of said corporation by authority of its Board of Directors; and they did severally acknowledge said instrument to be the free act and deed of said corporation.

B. M. JENSEN,

Notary Public, Cook County, Illinois.

My commission expires Oct. 24, 1920.

CONTRACTS, dated May 11, 1886, St. Paul, Minneapolis and Manitoba Railway Company, with Chicago, Burlington & Northern Railroad Company (Consolidated) at St. Paul and Minneapolis.

This Agreement, made this eleventh day of May, in the year of our Lord One Thousand Eight Hundred and Eighty-six, between the St. Paul, Minneapolis and Manitoba Railway Company, a corporation under the laws of the State of Minnesota, party of the first part, and the Chicago, Burlington and Northern Railroad Company, a corporation under the laws of the States of Wisconsin and Minnesota, party of the second part,

Witnesseth:

Whereas, the party of the second part is desirous of securing an entrance into Minneapolis over the tracks of the first party, and the first party is willing to afford trackage for that purpose upon the terms and conditions hereinafter defined.

Now therefore, the parties hereto, each of them in consideration of the covenants and agreements of the other herein contained, do hereby covenant and agree to and with each other as follows:

ARTICLE I.

The first party grants and leases to the second party for the term hereinafter provided, the right to run its locomotives, cars and trains, handled by its own employes, in the transaction of its own business as a railroad company, over the tracks of the first party from the point of junction with the tracks of the second party at or near Third Street in St. Paul, to a connection with the yard of the second party in West Minneapolis, which yard is to be situated northwesterly of the yard of the first party in West Minneapolis, and is to be connected with the main track of the first party at or near Holden Street, and if for better working of business of second party, at the east end of said yard, at such grade as the first party may from time to time fix, but which grade shall at all times allow a suitable and convenient connection.

The right hereby granted is to be held and exercised by the second party in common with the first party and such other railroad companies as now have or may hereafter acquire from the first party, its successors or assigns, the right to the use of all or any part of said tracks.

Provided, that the second party shall not have the right to use any of the existing side or passing tracks between said points, except those which are named in the schedule hereto attached and made a part hereof.

Provided further, that the second party shall not have or exercise, by virtue hereof, the right to use any part of the main tracks of the first party for switching or transfer purposes; but the setting in or taking out of cars by the second party's freight trains to or from any side or spur track which the second party shall be entitled to use under this agreement shall not be deemed switching, within the foregoing prohibition.

And provided further, that the second party shall not have the right to use for passenger trains that part of the tracks of the first party extending from the point of connection of such main tracks with the tracks of the Minneapolis Union Railway Company, on the southwest quarter of the southwest quarter (S. W. $\frac{1}{4}$ of S. W. $\frac{1}{4}$) of Section Nineteen (19), in Township twenty-nine (29), and Range Twenty-three (23), in East Minneapolis to the point of connection of such main tracks with the tracks of the Minneapolis Union Railway Company at or near First Street in West Minneapolis; and the second party shall not have the right to the use of the main tracks of the first party west of the connection of such tracks with those of the Minneapolis Union Railway Company near First Street in West Minneapolis for its passenger trains, except to the extent of moving thereon its regular passenger trains arriving at and departing from the passenger depot of the said last named company, between said last named point of connection and said yard of the second party, for storage, standing and cleaning purposes, and subject to reasonable rules and regulations to be made by the party of the first part.

ARTICLE II.

From and after the first day of January, 1887, or from and after such earlier date as the second party shall begin to make use of such tracks, and during the continuance of this agreement, the second party, as compensation for the right hereby granted, and whether it shall have used such tracks or not, shall pay to the first party a monthly rent, which shall be a sum equal to the one-twelfth of two per cent on one million and seventy thousand dollars (\$1,070,000), which sum of one million and seventy thousand dollars is, for the purposes of this agreement, agreed to be the value of the property, the right to the use of which is hereinbefore granted to the second party.

The second party shall pay to the first party, at its office in the City of St. Paul, the rent for each and every calendar month on or before the fifteenth day of the next succeeding month, in gold coin of the United States of the present standard of weight and fineness.

ARTICLE III.

The first party shall put in, maintain and operate the connections between the tracks of the parties hereto at the aforesaid points of connection, and shall also put in a connection between its said main tracks and any yards which the second party may hereafter establish in the City of St. Paul; such connections to be made in a manner, and at such place as will not unreasonably interfere with the business of the first party. The cost of putting in and maintaining and operating such connections, as well as the cost of putting in, maintaining and operating any safety appliances, signals or apparatus, in addition to those now existing, which shall be rendered necessary or proper by reason of making such connections, shall be wholly borne by the second party.

ARTICLE IV.

The second party will also pay to the first party monthly, during the continuance of this agreement, its proportion (fixed as hereinafter provided) of the amount disbursed by the first party during the last preceding calendar month, in keeping up, repairing, maintaining, renewing, replacing and operating the tracks, structures, apparatus and appliances, which the second party shall be entitled to the use and benefit of under this agreement (except the cost of maintaining and operating the connections and additional signal and safety appliances at the connections of the tracks of the parties hereto, which is to be borne by the second party as hereinbefore provided, and except also the cost of improvements permanent in their nature), including the expense of flagmen, switchmen, watchmen, road-masters, operators, and all other agents, servants, skilled and other workmen employed therefor, and including also premiums paid for insurance, and the expense of maintaining adequate telegraph facilities for the convenient operation of such tracks.

The sum so to be paid monthly by the second party shall bear the same proportion to the total amount so disbursed by the first party during any

calendar month which the number of wheels per mile that the second party shall run or cause to be run over the said tracks between the said points or over any part thereof during said month shall bear to the total number of wheels per mile run over the same during the same month by all parties using the same; and on or before the fifth day of each month the second party shall render to the first party at its office in St. Paul a statement of the number of wheels run by it over said tracks during the last preceding calendar month and the mileage thereof; and thereupon the first party shall render to the second party, at its office in St. Paul, a statement of the total number of wheels so run and the mileage thereof, and of the sum due from the second party as its proportion of the amount disbursed by the first party for the expense of maintenance and operation during said last preceding calendar month, and the second party shall, within ten days thereafter, pay said sum to said first party at its office in St. Paul.

ARTICLE V.

In case the proper accommodation of the business of the parties hereto and of the other companies now entitled to use said main tracks, or any part thereof, between the points aforesaid, shall render necessary the construction of one or more additional main tracks (or side tracks necessary for passing trains) for all or any part of the distance between said points, or the making of improvements permanent in their nature in, to, or upon or about said main tracks between said points, and the first party shall thereupon construct such tracks or make such improvements, the second party from and after the completion of any such additional main track or piece of main track or side track, or other improvement, shall have the same right to the use and benefit thereof, for and during the residue of the term of this agreement, which is hereinbefore granted to it to the use of the main tracks between the points aforesaid. And the net amount of the sums of money actually expended by the first party in the construction of any such main track, piece of main track or side track, or the making of any such permanent improvement, with interest from the time of disbursement to the completion of the same ready for use, at the rate of six per cent per annum, shall be considered, for the purposes of this agreement, the value thereof, and shall, at the time of such completion, be added to the valuation of one million and seventy thousand dollars hereinbefore agreed upon; and thereafter the second party shall pay as monthly rental, in addition to the monthly rental hereinbefore agreed upon for the property now existing, one-twelfth (1-12) of two per cent (2%) of the amount so added to such valuation; and all the provisions herein contained relating to the payment of said original monthly rental shall apply to each and every such increase thereof.

But in case the first party shall construct any such additional main track, or piece of main track, or side track for the meeting or passing of trains, or other permanent improvement, and such construction shall not be necessary for the proper accommodation of the parties hereto and the other companies now entitled to the use of said main tracks, or any part thereof, between said points, or, if necessary for that purpose, shall

have been made necessary by the admission of an additional company or companies to the use of such tracks, and would not otherwise have become necessary, then and in that case the foregoing provisions as to the increase of rental shall have no application to such main track, piece of main track or side track, or other improvement, but the amount, if any, to be added, by reason thereof, to the valuation of the existing property as hereinbefore agreed on and expressed, shall be such as the parties hereto shall agree upon, or, in case of disagreement, such as shall be fixed by arbitration as hereinafter provided. And such amount shall be added to such valuation, and from the date of the completion of such track or improvement the second party shall pay as monthly rental, in addition to the monthly rental hereinbefore agreed upon for the property now existing, one-twelfth (1-12) of two per cent (2%) of the amount so added to such original valuation; and all the provisions herein contained relating to the payment of said original monthly rental shall apply to each and every such increase thereof.

ARTICLE VI.

If the first party shall at any time during the continuance of this agreement determine to build or otherwise acquire any side, spur, or other track not now existing connecting with the main tracks of the first party which the second party is entitled to use under this agreement, and leading to any mill, manufactory, elevator, or other industry of any kind, the first party shall and will give immediate notice in writing to the second party of such determination, describing definitely such side, spur or other track; and the second party may, within ten days from the receipt of such notice, give to the first party written notice of its desire to use such track when completed, and thereupon the second party shall have, during the continuance of this agreement, the right and privilege to use, subject to reasonable rules and regulations to be made from time to time by the first party as hereinafter set forth, the said side, spur or other track, in common with the first party and such other railroad company or companies as now have or may hereafter acquire from the first party the right to use the same. And the amount of the sums expended by the first party in constructing such side, spur or other track, including all sums paid for right of way, with interest to the completion of the same, shall, upon the completion thereof, be added to the valuation as aforesaid of the now existing property; and from and after such completion the second party shall pay a monthly rental on such increased valuation at the same rate and in the same manner in all respects as it is herein required to pay upon such original valuation.

And it is agreed that the second party may, at any time during the continuance of this agreement, build or otherwise acquire any side, spur or other track connecting with the main line of the first party, between the points aforesaid (that is between the point of connection of the tracks of the parties hereto at Third Street in St. Paul, and the point of connection with the yard of the second party in West Minneapolis), and leading to any mill, manufactory or elevator or other industry of

any kind, to which the first party has no such track; but, before building or otherwise acquiring any such side, spur or other track, the second party shall give notice in writing to the first party of its determination so to do, describing definitely such side, spur or other track; and the first party may, within ten days after receipt of such notice, give to the second party written notice of its desire to use such track, when completed; and thereupon the first party shall have the right and privilege to use the same by paying the second party for such right the same compensation that the second party would have been required by the provisions hereof to pay to the first party if such track had been built or acquired by it. And the connection of any such side, spur or other track of the second party with such main tracks shall be made at such point as will not unreasonably interfere with the transaction of business on such main tracks.

ARTICLE VII.

The first party shall transfer the cars of the second party from the elevator of the St. Paul Elevator Company, near Como Avenue, in St. Paul, and such other elevators as said Elevator Company may hereafter construct upon the line of railroad of the first party to the yard of the second party in St. Paul, and from such yard to such elevator or elevators, on the same terms on which it shall at any time transfer the cars of other railroad companies to and from such elevators under the contract between the first party and the said Elevator Company, bearing date August 16, 1879, to the terms and provisions of which contract this agreement is made subject.

And the first party shall also, if so requested by the second party, transfer the cars of the second party to and from such elevators, mills, manufactories and other industries as now are or hereafter may be reached by any side or spur tracks of the first party in St. Paul or Minneapolis, connecting with the main tracks covered by this agreement, or as may be reached by any side or spur tracks of the second party, constructed under this agreement, and the yard of the second party in St. Paul, or its yard in Minneapolis, or any side track which the second party shall be entitled to use under this agreement, as may be most convenient to the second party, at such fair and proper charge for said switching service as is customary between railroads in said cities of St. Paul and Minneapolis, and not to exceed the lowest charge made for a similar service, under like circumstances, to other railroad companies in the said cities of St. Paul and Minneapolis.

ARTICLE VIII.

The second party shall, in addition to the rents, dues, tolls and contributions, and sums of money hereinbefore agreed to be paid by it, pay or otherwise hold harmless the first party from all taxes assessed on the earnings of the second party on said property.

ARTICLE IX.

All local business between St. Paul and Minneapolis, and all intermediate points, and within either city, and the earnings of all such business shall

belong exclusively to the first party and if the second party shall do any such local business, it shall account for and pay over to the first party all the earnings therefrom at the then existing tariff rates of the first party for such business; it being expressly understood and agreed that nothing herein contained shall render it obligatory upon the second party to do any such business except such as may be required by law.

ARTICLE X.

The first party, its successors and assigns, shall retain and have the right to admit other railroad companies or lines to the use of the property, rights and privileges and accommodations embraced in or covered by this contract, or any of them, or any part thereof, on such terms and conditions as the first party, its successors and assigns may see fit, but shall not, by such admission of any other company or companies, impair any of the rights hereinbefore granted to the second party, or unreasonably hinder, obstruct or incommode the second party in the use of such tracks, property or facilities, and the transaction of its business thereon.

ARTICLE XI.

The rights hereby granted to the second party are granted to it to be used, and shall be used, by it solely in its own business; and nothing in this agreement shall authorize the second party, under cover hereof, or otherwise, to use, or permit any other railway company or line of railway to use or have the benefit of using, for the transaction of the business of such or any other company or line, any of the rights hereinbefore granted to the second party.

ARTICLE XII.

The first party reserves, and shall have the right at any time to sell and convey any part of its railroad tracks or other property covered by this agreement, and to purchase or otherwise obtain or acquire such other property as shall be necessary, if any, for the accommodation of the business over its said line, Provided, that the facilities hereby granted shall not be materially impaired thereby.

In case of the sale of any property included in the valuation upon which the second party's rental is or shall be computed, as hereinbefore provided, but in no other case, the amount received therefrom shall be deducted from such valuation.

In case of the purchase or otherwise obtaining or acquiring of other property as aforesaid, such proportion of the cost thereof, shall be added to such valuation, and such increase of monthly rental made, as is hereinbefore provided for in case of permanent improvements by Article V hereof, and according to the principles of said Article V.

ARTICLE XIII.

All time cards, rules and regulations for the operation of trains over the tracks covered by this agreement shall be made from time to time by the first party, and the movement of trains over said tracks shall be

under the immediate direction of the first party's superintendent, and the second party agrees to observe and conform to all such time cards, rules and regulations. But such time cards, rules and regulations shall be reasonable and just and fair to all the parties interested in the use of said tracks and property, without unfair preference or discrimination in favor of or against either; and the interests of all parties as respects the times of the departure of trains from, and their arrival at St. Paul and Minneapolis, and their progress over said tracks, and in every other respect shall equally receive just, fair and reasonable protection; but the short passenger trains of the first party running between St. Paul and Lake Minnetonka, and between St. Paul and Minneapolis, and between Minneapolis and Lake Minnetonka, as well as all its suburban trains running a distance of not over one hundred miles from St. Paul or Minneapolis, on account of the promptness necessary for their efficient operation, may be accorded a reasonable preference of accommodation as respects time of departure from and arriving at St. Paul and Minneapolis, and the reasonable right to the prior use of the road.

ARTICLE XIV.

If the second party shall make default for the period of three months in the monthly payments to be made by it under this agreement the first party may, at its option, and at any time thereafter, such default still continuing, terminate this contract. Such option to terminate shall be exercised by serving notice in writing of such termination upon the president, superintendent, or other general managing agent of the second party, at its offices in St. Paul, and upon the serving of such notice, but not otherwise under this Article, this agreement shall at once terminate without any other act of the first party, and without working any forfeiture of the amounts due the first party under said agreement.

ARTICLE XV.

The party of the second part further agrees, that it will and it does hereby assume all risk of, and liability for, injury or damage to persons or to its own property, or to the property of third parties, caused by its trains, cars or locomotives operated over the said railways or tracks covered by this contract, whether arising from any act or omission, fault or neglect of the party of the second part, its officers, managers, agents or servants, or from any act or omission, fault or neglect of the party of the first part, its officers, managers, agents or servants, or from any act or omission, fault or neglect of the common servant or agent of both parties, and shall and will indemnify and keep harmless the party of the first part, its successors and assigns, against any and all claims, demands, loss, damage or injury on account thereof. The assumption of risk and liability, and the indemnity as aforesaid by the party of the second part, shall extend to and include all injury or damage to persons or to its own property, or to the property of third persons caused by its trains, cars or locomotives, by reason of, or growing out of defects in the said railways, or the bridges, structures, culverts, apparatus, instrumentalities

and appliances thereof, or used in connection therewith, and the absence of, or insufficiency of fencing, signboards, gates, cattle-guards, or any other instrumentality or thing; but if the party of the first part shall fail to repair defects in the tracks, bridges, culverts, switches, apparatus, instrumentalities and appliances aforesaid, or shall fail to erect and put in proper fences, signboards, gates, cattleguards or other proper instrumentality or thing, or to repair the same within a reasonable time after notice in writing so to do, specifying such defects and the places where such fences, signboards, gates, cattleguards or other thing or repairs thereon are needed, the party of the second part may repair such defects, and build and put in such fences, signboards, cattleguards, or other appliance or thing, or repair the same at the cost and expense of the party of the first part; the party of the second part after being reimbursed such cost and expense, to pay to the party of the first part such additional sum by way of rental or contribution to the expense of maintenance, renewals and repairs as shall be requisite and proper under the principles hereof. And in case any suits shall be brought agaist the party of the first part growing out of any such damage or injury, the party of the second part shall, upon notice thereof by the party of the first part, assume and attend to the defense thereof, and save and keep harmless the party of the first part from all expenses, counsel fees and costs.

ARTICLE XVI.

Any and all questions that may arise touching the construction of this contract, or any part thereof, or the rights of the parties thereunder, or concerning the business or manner or mode of transacting the business to be carried on under the provisions thereof, upon which the parties thereto cannot agree, shall be submitted to the arbitrament and award of a board of three disinterested persons experienced in railway management, one to be selected by the first party, its successors or assigns, and one by the second party, its successors or assigns. If either party shall refuse or neglect to appoint an arbitrator on its part within thirty days after written notice from the other of its appointment of an arbitrator on its part, the arbitrator so appointed by the party giving such notice, may and shall select and appoint a disinterested person experienced in railway management to act as arbitrator for and on behalf of the party so notified and refusing or neglecting to appoint. The two thus appointed shall select a third, and the board so appointed shall hear and determine the matter in controversy, and the decision and award of said board of arbitrators, or any two of them, shall be binding and conclusive upon said parties, their successors and assigns, with respect to the matters submitted to and decided by them.

ARTICLE XVII.

Any difference or controversy that may arise between the parties as to the construction or carrying out of this contract, or the rights of the parties thereunder, or the transaction of business under the provisions thereof, shall not interrupt the performance of the contract, or the continuance

of business thereunder; but such business shall continue to be transacted, and settlements and payments made thereunder, in the same manner in which the same had been transacted and made prior to the arising of such difference or controversy, or in case no practice with reference to the controverted matters shall have been established, then in accordance with the claim of the party of the first part, its successors or assigns, with respect thereto, until the matters of difference shall be finally determined by arbitration as hereinbefore provided; and thereupon such payments or restitution shall be made by the respective parties, as may be required by the decision of the arbitrators.

ARTICLE XVIII.

This agreement shall go into operation on the day of the date thereof, and shall continue in operation for twenty-five years from and after said date. But if at any time within five years from said date, the second party shall deliver to the President, Secretary or General Manager of the first party, a notification in writing signed by its President or General Manager, that it, the second party, desires this agreement to continue in operation for ninety-nine (99) years from the date thereof, then and in that case this agreement shall continue in force for the term of ninety-nine (99) years from the date thereof. And a certificate of the giving and receipt of said notice in writing, signed by the President of each party hereto, shall be endorsed on, or appended to each of the duplicates of this agreement.

Provided, that the monthly rentals required to be paid by the second party shall not commence until the second party has commenced the use of the main tracks of the first party between St. Paul and Minneapolis thereunder, provided such commencement of use shall not be later than the first day of January, A. D. 1887.

ARTICLE XIX.

All and singular the covenants, promises, agreements and provisions herein contained shall run to and inure to the benefit of and be obligatory upon the successors and assigns of the parties respectively.

In testimony whereof, the parties hereto have respectively caused their corporate seals to be hereunto fixed, and these presents to be signed by their respective Presidents and Secretaries in duplicate, the day and year first above written.

On this 14th day of July, A. D. 1886, before me, a Notary Public, in and for said County and State, personally came Jas. J. Hill and Edward Sawyer, both to me personally known, and they being by me duly sworn, did each depose and say, that the said Jas. J. Hill is the President, and the said Edward Sawyer is the Secretary of the Saint Paul, Minneapolis and Manitoba Railway Company, the corporation described in the foregoing instrument as the party of the first part thereto; that the seal affixed

1854 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

to said instrument as the corporate seal of said company, is such corporate seal, and was affixed thereto by authority of said company, and its Board of Directors, and that they respectively subscribed the said instrument, the former as President and the latter as Secretary of said Company by like authority.

And the said Jas. J. Hill, President, and Edward Sawyer, Secretary, as aforesaid, to me well known to be such President and Secretary, acknowledged the execution of the said instrument as the free act and deed of said Company, and that the said corporation executed the same.

In testimony whereof, I have subscribed my name and affixed my notarial seal, the day and year above in this certificate written.

HENRY KROGSTAD,
Notary Public,
Ramsey County, Minnesota.

[SEAL]

This Agreement, Made this eleventh day of May, in the year of our Lord, one thousand eight hundred and eighty-six, between the St. Paul, Minneapolis and Manitoba Railway Company, a corporation under the laws of the State of Minnesota, party of the first part, and the Chicago, Burlington and Northern Railroad Company, a corporation under the Laws of the States of Wisconsin and Minnesota, party of the second part, witnesseth:

The parties hereto, and each of them, in consideration of the covenants and agreements of the other herein containd, do hereby covenant and agree to and with each other as follows:

ARTICLE I.

The party of the second part shall have the right during the continuance of this contract, in and for its freight business at St. Paul, to the exclusive use of the most southerly freight depot of the party of the first part in the Third street yard of the first party, and to the use in common with the party of the first part, and its other tenants, if any, (to the extent that the party of the first part shall deem such common use necessary for the transaction of its own business or that of its other tenants), of such tracks in said yard, whether now laid or hereafter laid by the party of the first part, and of such ground about such depot and adjacent to one or more of said tracks as may be necessary for the reasonably convenient reception and delivery of freight at said depot, and for the loading and unloading of cars thereat, and for the loading and unloading directly into and from cars, such freight as is usually loaded directly into and unloaded directly from cars, including such use of tracks in said yard for switching purposes, as shall be necessary for the reasonably convenient use of said depot as a railway depot for the reception and discharge of freight. The party of the first part shall assign to the party of the second part, from time to time, the tracks so to be used by it, which shall be subject to change, from time to time, at the discretion of the party of the first part, and the party of the first part shall at all times afford the party of the second part a reasonable connection over its main tracks between the tracks in said yard so assigned to the party of the second part for its use, or some one of them, and the main

tracks of the party of the second part, at the point of junction of the tracks of the parties hereto, at or near Third street.

The party of the first part, its superintendent or other general managing agent, or under the authority of either of them its yardmaster may, from time to time, make rules and regulations for the use of all tracks which the party of the second part shall be entitled to use under this contract, and the party of the second part shall conform to and abide by them; but such rules and regulations shall be reasonable and just, and such as are calculated to subserve and facilitate equally the business of all parties doing business in said yard. Nothing herein shall be construed to confer upon the party of the second part the right to the use of the main tracks of the party of the first part for switching purposes, or any of the tracks of the party of the first part for transfer purposes, or for the use or accommodation of passenger trains, engines or cars, or any passenger business whatever. And so far as may be practicable, convenient and just to both parties hereto, the switching or movement of cars to be done in or to and from said Third street yard, for the party of the second part, in the transaction of its freight business as herein provided, shall be promptly, efficiently and fairly done by the party of the first part, its locomotives and agents, on such reasonable terms as may hereafter be agreed upon, and as shall represent the cost of such service to the party of the first part.

ARTICLE II.

The party of the second part shall, at its own cost and expense, keep the said freight depot, to the use of which it is entitled under this contract, at all times in good repair, and deliver the same upon good repair to the party of the first part at the termination of this contract. If said freight depot shall be damaged or destroyed by fire, or other casualty, during the term of this contract, the party of the second part shall, at its own cost and expense, restore the same to its former condition.

ARTICLE III.

The party of the first part shall bear the entire expense of putting in any and all new tracks in said yard which shall be necessary for the accommodation of the business to be done in said yard.

ARTICLE IV.

The party of the first part shall, during the continuance of this contract, maintain, repair and keep up all tracks in said yard used for freight purposes, which are now laid, or which may hereafter be laid, renewing and replacing the same, and the different parts and portions thereof as necessary, and the party of the second part shall contribute monthly to the cost and expense thereof as hereinafter set forth.

ARTICLE V.

The party of the second part, its successors and assigns, shall, not later than the first day of January, A. D. 1887, enter upon the use of said freight depot and facilities granted to it by this contract, and thenceforth continue

to use the same during the term of this contract, pursuant to the terms and conditions thereof, and shall pay to the party of the first part, its successors and assigns, for the right to the use of said depot and facilities hereby granted, from the commencement of such use, if it shall be before the said first day of January, A. D. 1887, and in any event from and after the date last aforesaid, to the end of the term of this contract, at the office of the party of the first part, in St. Paul a monthly rental of one thousand six hundred and sixty-six dollars and sixty-six cents, in gold coin of the United States of the present standard of weight and fineness, for each and every month of said term, whether it shall have used said depot and facilities or not,—the said monthly rental of each month to be paid on the tenth day of the next succeeding month.

ARTICLE VI.

The party of the second part, its successors and assigns, shall, in addition to the monthly rental aforesaid, pay to the party of the first part, its successors and assigns, in each and every month during the continuance of this contract, such proportion of the cost and expense of keeping up, repairing, maintaining, renewing and replacing all the tracks in said yard which shall be used for freight purposes, and the apparatus, instrumentalities and appliances connected with the same, and the operation thereof, as the number of freight cars, loaded or empty, which the said party of the second part, or its agents, shall run or cause to be run into and from said yard, during the last preceding calendar month, bears to the whole number of freight cars run into and out of said yard during the same period of time; and for the purpose of such monthly settlement the party of the second part shall, on or before the fifth day of each month, report to the party of the first part, at its office in St. Paul, the number of cars run into and out of said yard, by or for it, during the last preceding calendar month; and thereupon the first party shall render to the second party, at its office in St. Paul, a statement of the whole number of freight cars run into and out of said yard during said month, and also of the sum due from said second party under this article, and within ten days thereafter the second party shall pay said sum to the first party, at its office in St. Paul.

ARTICLE VII.

The rights hereby granted to the second party are granted to it to use, and shall be used by it, solely in its own business, and nothing in this agreement shall authorize the second party under cover hereof or otherwise to use or permit any other railway company or line of railway to use or have the benefit of using for the transportation of the business of such or any other railway company or line or railway any of the rights hereinbefore granted to the second party.

And the party of the second part shall not have the right to the use of said depot and facilities, or any part thereof, or any rights and privileges under this agreement, for any local business whatever between St. Paul and Minneapolis, or any intermediate point, or any local business within the city of St. Paul, done on or over any tracks of the party of the first part.

ARTICLE VIII.

The party of the second part further agrees that it will, and it does hereby assume all risk of and liability for injury or damage to persons or to its own property, or to the property of third parties, caused by its locomotives, trains or cars, operated on or over the tracks covered by this contract, or by the locomotives of the party of the first part while engaged in moving cars or trains for the party of the second part on or over said tracks, if they shall at any time be so engaged, or arising from the loss, injury or destruction in said depot or yard of any property delivered therein for transportation by the party of the second part, or by it brought into said depot or yard, whether arising from any act or omission, fault or neglect of the party of the second part, its officers, managers, agents or servants, or of the party of the first part, its officers, managers, agents or servants or of the common agent or servant of both parties.

And in case any suits shall be brought against the party of the first part, growing out of any such damage, loss, destruction or injury, the party of the second part shall, upon being notified thereof by the party of the first part, assume and attend to the defense thereof, and save and keep harmless the party of the first part from all expenses, counsel fees and costs.

ARTICLE IX.

If the party of the second part shall make default for the period of three months in the monthly payments to be made by it under this contract, the party of the first part may, at its option, and at any time thereafter, such default continuing, terminate this contract. Such option to terminate shall be exercised by serving notice in writing of such termination upon the president, superintendent, or other general managing agent of the party of the second part, at the offices of said company in St. Paul, and upon the service of such notice, but not otherwise under this article, this contract shall at once terminate, without any other act of the party of the first part, and without working any forfeiture of the amounts due the party of the first part under this contract.

ARTICLE X.

If the party of the second part, its successors or assigns, shall make default in the use of the tracks, property and facilities the right to the use of which is granted to it for trackage to Minneapolis, under the contract between the parties hereto, entered into contemporaneously and bearing even date with this contract, or in the use of the tracks, property and facilities of the Minneapolis Union Railway Company, under the contract between it and the last named company, also entered into contemporaneously and bearing even date herewith, or shall make default for the period of three months in the monthly payments to be made by it, under either of said contracts, or if either of said contracts shall for any cause cease or determine before the expiration of the term of this contract, then, at the option of the party of the first part, to be exercised at any time thereafter, such default still continuing, this contract shall terminate. Such option to terminate shall be exercised by

serving notice of such termination upon the President, Superintendent or other general managing agent of the party of the second part, at the office of said company in St. Paul, and upon the service of such notice, but not otherwise under this article, this contract shall at once terminate, without any other act of the party of the first part, and without working any forfeiture of the amounts due the party of the first part hereunder.

ARTICLE XI.

The party of the second part, in addition to the rents, dues, contributions, expenses and sums of money hereinbefore agreed to be paid by it, shall pay or otherwise hold harmless the party of the first part from all taxes assessed on the earnings of the party of the second part on the property of the party of the first part.

ARTICLE XII.

Any and all questions that may arise touching the construction of this contract, or any part thereof, or the rights of the parties thereunder, or concerning the business or manner or mode of transacting the business to be carried on under the provisions thereof, upon which the parties thereto cannot agree, shall be submitted to the arbitrament and award of a board of three disinterested persons, experienced in railroad management, one to be selected by the party of the first part, its successors or assigns, and one by the party of the second part, its successors or assigns. If either party shall refuse or neglect to appoint an arbitrator on its part, within thirty days after written notice from the other of the appointment of an arbitrator on its part, the arbitrator so appointed by the party giving such notice may and shall select and appoint a disinterested person experienced in railroad management, to act as arbitrator for and on behalf of the party so notified and refusing or neglecting to appoint. The two thus appointed shall select a third, and the board so appointed shall hear and determine the matter in controversy, and the decision and award of such board of arbitrators, or of any two of them, shall be binding and conclusive on said parties, their successors and assigns, with respect to the matters submitted to and decided by them.

ARTICLE XIII.

Any difference or controversy that may arise between the parties as to the construction or carrying out of this contract or the rights of the parties thereunder, or the transaction of business under the provisions thereof, shall not interrupt the performance of the contract, or the continuance of the business thereunder, but such business shall continue to be transacted and settlements and payments made thereunder in the manner in which the same had been transacted and made prior to the arising of such difference or controversy, or in case no practice with reference to the controverted matters shall have been established, then in accordance with the claim of the party of the first part, its successors or assigns, with respect thereto, until the matters of difference shall be finally determined by arbitration as hereinbefore provided; and thereupon such payments or restitutions shall be made by the respective parties as may be required by the decision of the arbitrators.

ARTICLE XIV.

This contract shall go into operation on the day of the date thereof, and shall continue in operation for the term of eight (8) years from the first day of January, 1887, but the monthly rental required to be paid by the party of the second part shall not commence until the party of the second part has commenced the use of said depot and tracks in said Third street yard, thereunder, provided, that such commencement of use shall not be later than the first day of January, 1887, provided, however, that the party of the second part shall have the right to terminate this contract at any time after three years from the first day of January, 1887, by giving one year's notice in writing to the party of the first part of its intention so to do.

ARTICLE XV.

All and singular the covenants, promises and agreements herein contained shall run and apply to, and bind the successors and assigns of the parties respectively.

In testimony whereof, the parties hereto have respectively caused their corporate seals to be hereunto affixed and these presents to be signed by their respective presidents and secretaries in duplicate, the day and year first above written.

HENRY KROGSTAD,
Notary Public,
Ramsey County, Minn.

EXHIBIT A.

Memorandum of Understanding and Agreement, between the St. Paul, Minneapolis and Manitoba Railway Company, first party, and the Chicago Burlington and Northern Railroad Company, second party;

Whereas, The first party is the owner of certain freight depots, tracks, yards and other facilities in the city of Minneapolis;

And whereas, The second party desires to make a temporary use of aforesaid facilities.

And whereas, The second party intends at a later day to make a system of freight depots and freight yards adjoining those of the first party;

Now, therefore, It is agreed by and between the respective parties, as follows:

First. The first party agrees for a period of three years from the first day of December, 1886, to provide to the second party in the yard of the first party in the City of Minneapolis, the freight facilities necessary for doing the business of the second party in as thorough a manner as can be afforded without danger to their own business. If it be practicable to do so, the first party agrees to give the second party a separate freight house,

and a separate set of freight tracks for doing the business of the said second party; and if this be impracticable, then the aforesaid freight facilities shall be used satisfactorily to the second party, so as to afford the best facilities for doing the business of the first and second parties together. Whenever there is any surplusage of business of the second party by reason of unusually large tonnage received at Minneapolis, the first party agrees, if there be not satisfactory track room allotted to second party to provide trackage from its portion of said yards in the city of Minneapolis, for the storing and delivering of the said surplusage of freight.

Second. The second party is to pay to the first party a fair rent, as may be agreed upon hereafter, for the use of the aforesaid facilities, and is to pay to the first party a fair proportion of the expenses of running the freight houses, freight yards, etc., in accordance with terms of division usual between companies under the same circumstances.

Third. It is agreed between the two parties that the location of the freight house of the second party shall be made adjoining that of the first party, and the first party agrees to join in a system of development of the grounds and yards connected with the said adjoining freight houses as will best serve the conjoint interests of the two parties, the first party to afford leads and connections of its main track with the said yard.

EXHIBIT B.

Memorandum of Agreement, made by and between the St. Paul, Minneapolis and Manitoba Railway Company, first party, and the Chicago, Burlington and Northern Railroad Company, second party:

First. The first party agrees to afford the use of its engine houses in St. Paul and Minneapolis for the storing and caring of the engines belonging to the second party, whose runs may terminate at St. Paul and Minneapolis, for such period of time as the second party may be without engine houses of its own, but for a period not exceeding three years. The terms for the said storage and care to be agreed upon hereafter, but not to be in excess of the usual charges made between railroad companies for such service.

Second. The first party agrees to sell to the second party, either the whole or half interest in fifteen or twenty acres of land lying west of Como avenue, being a strip 1,980 feet long by 300 feet wide, at a maximum price of \$3,000 per acre, the said strip lying west of Como avenue and south of the Manitoba road. It is agreed by the second party that a joint yard for the use of the two companies shall be made on the said tract. If the Manitoba road does not desire the said joint yard, then the tract of land may be divided into two yards for the respective companies, or the whole of the said tract will be sold to the Northern road at the price above stated.

St. Paul, Minn., June 15, 1886.

J. J. Hill, Esq.,

President St. P., M. & M. Ry. Co.,
City.

Dear Sir:

Enclosed please find certified copies of the record showing the ratification by our board of directors of certain contracts made by you as president, with the president of our company, said contracts relating to

The use of the Minneapolis Union Railway.

Trackage between St. Paul and Minneapolis.

Freight facilities at St. Paul and Minneapolis.

Purchase of certain land near St. Paul.

Will you be kind enough to acknowledge receipt.

Yours truly,
GEO. B. HARRIS,
General Manager.

At a meeting of the board of directors of the Chicago, Burlington and Northern Railroad Company held at the company's office, June 4, 1886, the following vote was passed:

Voted: That the contract made by the president of this company with the president of the Minneapolis Union Railway Company, bearing date May 11, 1886, relating to the use of the terminal and transfer facilities of the Minneapolis Union Railway Company as shown forth in said contract, is hereby ratified and confirmed.

A true copy.

Attest:

J. MURRAY FORBES,
Secretary.

At a meeting of the board of directors of the Chicago, Burlington & Northern Railroad Company, held at the company's office June 4, 1886, the following vote was passed:

Voted: That the agreement made by and between the president of this company and the president of the St. Paul, Minneapolis and Manitoba Railway Company, relating to:

1st. The use of a freight house belonging to the Manitoba Company at St. Paul.

2nd. The use of certain freight facilities at Minneapolis.

3rd. The purchase of a certain piece of land near St. Paul and its joint use with the Manitoba road.

are hereby ratified and confirmed.

A true copy.

Attest:

J. MURRAY FORBES,
Secretary.

This Agreement, made this eleventh day of May, A. D. one thousand eight hundred and eighty-six, between the Minneapolis Union Railway Company, a corporation of the state of Minnesota, party of the first part, and the Chicago, Burlington and Northern Railroad Company, a corporation under the laws of the states of Minnesota and Wisconsin, party of the second part, *Witnesseth*:

Whereas, the party of the first part has constructed a line of railway from a point of junction with the main line of railway of the St. Paul, Minneapolis and Manitoba Railway Company, in the southwest quarter of the southwest quarter of section 19, in township 29, of range 23, in East Minneapolis, and thence crossing the Mississippi river by a stone bridge, to another point of junction with the main line of the St. Paul, Minneapolis and Manitoba Railway Company at or near First street in Minneapolis, and has constructed and equipped commodious passenger depots in West Minneapolis and East Minneapolis upon the said line, and proposes to construct such further portion of the lines described in its Articles of Incorporation, and such branches, spurs, and transfer tracks leading from such lines to a connection with other railroads and to important industries requiring special railway accommodation or facilities as it shall hereinafter determine; and it is the purpose of the party of the first part to afford railroad companies owning or operating lines of railroad through or into Minneapolis,

the right to the use in common of its tracks, depots and facilities to such extent, for such compensation and upon such terms and conditions as may be agreed upon between the first party and such other companies respectively, which purpose has already been carried into effect with respect to several railroad companies and lines of railroad.

And Whereas, the party of the second part has secured an entrance for its line into Minneapolis over the tracks of the St. Paul, Minneapolis and Manitoba Railway Company, and desires the use of the tracks, depots and facilities of the first party, and the first party is willing to afford the same to the extent and upon the terms and conditions hereinafter defined;

Now, Therefore, the parties hereto, each of them, in consideration of the covenants and agreements of the other herein contained, do covenant and agree to and with each other as follows:

ARTICLE I.

The second party shall have during the term of this contract the right and privilege to the use and enjoyment for and in the transaction of the business which it shall do, and shall have the right to do over the main tracks of the St. Paul, Minneapolis and Manitoba Railway Company, between St. Paul and Minneapolis, but in or for no other business, and subject to the limitations and restrictions hereinafter contained, of all and singular the railways and tracks of the party of the first part now constructed, or which may hereafter during the continuance of this contract be constructed, acquired, controlled, or operated by the first party, and of its passenger depots in West Minneapolis and East Minneapolis, with the furniture, appendages, and appurtenances thereof, in the manner and for the compensation and upon the terms and conditions hereinafter mentioned. Said use to be in common with the party of the first part and such other railroad companies as the first party has heretofore admitted or may hereafter admit to a participation in the use and enjoyment of said property.

ARTICLE II.

The party of the first part shall assign to the party of the second part, from time to time, a suitable track or tracks connecting its passenger depots in West Minneapolis and East Minneapolis with the main tracks of the St. Paul, Minneapolis and Manitoba Railway Company at the junction on the southwest quarter of the southwest quarter of section nineteen, in township twenty-nine of range twenty-three in East Minneapolis, for the use of the passenger trains operated by the party of the second part and into Minneapolis.

It shall also assign to the party of the second part, from time to time, a suitable track or tracks connecting the said passenger depot in West Minneapolis with the main tracks of the St. Paul, Minneapolis and Manitoba Railway Company at the junction at or near First street in West Minneapolis, for use in moving its passenger trains and engines between said passenger depot and the yard of the party of the second part, situate, or to be situated northwesterly of the yard of the St. Paul, Minneapolis and Manitoba Railway Company, and to be connected with the main tracks thereof at

some point to be hereafter agreed upon, for storage, standing and cleaning purposes at said yard. The party of the first part, or its superintendent or general managing agent may, from time to time, establish such reasonable time cards, rules and regulations as will conduce to keep all the said tracks open and free for use; and the party of the second part shall comply with and conform to such time cards, rules and regulations.

ARTICLE III.

The party of the first part shall, at all times during the continuance of this contract, transfer or cause to be transferred upon the tracks and railways which the party of the first part shall have the right to the use or benefit of under this contract, with all reasonable celerity, or at its option permit the party of the second part, or such agents as may be agreed upon, to transfer upon said tracks and railways from the said junctions of the railroad of the St. Paul, Minneapolis and Manitoba Railway Company with the tracks of the party of the first part to the railroad of any other railroad company or any industry to which such transfer tracks shall extend, and from such other railroads and such industries to the said points of junction, any and all loaded or empty freight cars which the party of the second part, in the transaction of the business for which accommodation and facilities are granted by this contract, shall desire to have so transferred; provided, that the party of the second part shall not have the right to transfer, or have transferred, its regular freight trains over the railways or tracks of the party of the first part, or any part thereof, or have the use of any of the tracks, property or facilities of the party of the first part for regular freight trains.

The party of the first part, or its superintendent or general managing agent may, from time to time, establish such reasonable rules and regulations as will conduce to the rapid, safe and convenient transfer of freight cars upon said tracks; and the party of the second part, if permitted to do such transfer, shall comply with and conform to such rules and regulations.

ARTICLE IV.

The rights hereby granted to the second party are granted to it to be used, and shall be used by it, solely for its own business, which the second party has a right to do to and from Minneapolis over the tracks of the St. Paul, Minneapolis and Manitoba Railway Company; and nothing in this agreement shall authorize the second party, under cover hereof or otherwise, to use or permit any other railway company or line of railway to use or have the benefit of using, for the transaction of the business of such or any other company or line, any of the rights hereinbefore granted to the second party.

ARTICLE V.

The party of the first part shall have the right, at any time during the continuance of this contract, to admit other railroad companies to the use of the tracks, depots, property and facilities covered by this contract, on such terms and conditions as it shall see fit, and to use for its own engines, cars and trains, or assign to other railroad companies heretofore or hereafter

admitted to a participation in the use thereof, for the use of their passenger trains, the same track or tracks assigned to the party of the second part for the use of its passenger trains, and to use and to permit to be used the track or tracks assigned to the party of the second part for the use of its passenger trains for the transaction of transfer or any other business; provided, that the first party shall at all times furnish to the party of the second part convenient and adequate tracks and other facilities for the transaction of the business of the second party.

The time cards, rules and regulations to be established by the first party, or its superintendent or general managing agent, shall be reasonable, just and fair to all parties participating in the use of said tracks, depots, property and transfer facilities, without unfair preference or discrimination in favor of or against either; and the interests of all parties as respects the times of departures of trains from, and arrival at said depots over said tracks, and the transfer of freight cars, and in every other respect shall equally receive just care, consideration and protection; but the short passenger trains of the St. Paul, Minneapolis and Manitoba Railway Company, running between St. Paul and Lake Minnetonka, and between St. Paul and Minneapolis, and between Minneapolis and Lake Minnetonka, as well as all its suburban trains running a distance of not over one hundred miles from St. Paul or Minneapolis, may be accorded a reasonable preference of accommodation as respects the time of arrival at and departing from said depots, and the reasonable right to the prior use of said tracks.

ARTICLE VI.

The party of the first part shall maintain and keep in repair during the continuance of this contract the said passenger depots, and the tracks, railways and property owned or operated by it, and the appendages and appurtenances thereof, renewing and replacing the same, and the different parts and portions thereof as necessary; shall provide the said passenger depots and keep them provided with all usual furniture and fixtures for the convenient use thereof, and keep the same in repair; shall warm and light the same, and provide a suitable number of ticket, baggage and other agents and employes to conduct and manage the business thereof; and shall construct, maintain and keep in repair all such buildings, structures, appliances, instrumentalities and apparatus, and provide and keep in repair any locomotives and rolling stock that it may have in use under this contract, renewing and replacing the same when necessary, and provide all such enginemen, firemen, brakemen, conductors, mechanics, servants and employes as shall be necessary, if any, for the transaction of any transfer business as hereinbefore provided.

ARTICLE VII.

It is understood and agreed that the party of the first part shall have the general control, management and supervision of said depots, tracks and railways and of the business thereof; but inasmuch as the party of the first part, its officers, agents and employes will be under this contract in part engaged in the furtherance of the business of the party of the second

part, it is expressly understood and agreed by and between the parties hereto, that the party of the second part shall, and it does hereby assume all risk of and liability for personal injuries or injury or damage to its own property, or to the property of third parties, caused by its trains, cars or locomotives, operated on or over said tracks, or railways, or by the locomotives of the party of the first part while engaged in the business of transferring cars for the party of the second part upon or over the same, whether arising from any act or omission, neglect or fault of the party of the second part, its officers, agents or servants, or from any act or omission, neglect or fault of the party of the first part, its officers, agents or servants, or from any act, or omission, neglect or fault of the common agent or servant of both parties or otherwise, and shall save and keep harmless the party of the first part from all claims, demands, loss or damage on account thereof; and in case any suits shall be brought by any party or parties against the party of the first part arising out of any such damage or injury, the party of the first part may give written notice of the same to party of the second part, and thereupon the party of the second part shall attend to the defense of the same, and save and hold harmless the party of the first part from all expenses, counsel fees and costs.

ARTICLE VIII.

For the rights and privileges hereinbefore granted to it, whether it shall use the same or not, the second party, from and after the time it shall begin to make use of the same, and in any event from and after the 1st day of January, 1887, shall pay to the first party a monthly rental which shall be equal to one-twelfth of one and one-half per cent on \$2,311,156.67-100 dollars, which sum of \$2,311,156.67-100 dollars is agreed to be the cost of the property covered by this contract; the rental for each calendar month shall be paid by the second party to the first party on or before the fifteenth day of the next succeeding calendar month at the office of the first party in the city of St. Paul, in gold coin of the United States of the present standard of weight and fineness.

But whenever and so long as the aggregate of the sums payable by the second party and other companies, by way of rental or other compensation for the right to the use of the property and facilities, or any part thereof, which the second party shall be entitled to the use or benefit of under this contract, shall be in excess of three-quarters of one per cent per month on the valuation on which the rental of the second party shall be computed, there shall in each month be credited against and deducted from the monthly rental of the second party for such month as herein fixed a sum bearing the same proportion to such excess which the rate of monthly rental of the second party as herein fixed (to-wit, one-twelfth of one and one-half per cent), shall bear to such rate of three-quarters of one per cent per month; and in computing the said aggregate rental, a monthly rental of one-twelfth of two per cent and no more on the valuation on which the second party's rental shall be computed for such month, shall at all times be considered as payable by the St. Paul, Minneapolis and Manitoba Railway Company for its right to use said property and facilities.

ARTICLE IX.

Whenever the first party shall determine to construct any such addition to or extension of its existing lines, or any branch, spur or transfer track as is mentioned in the preamble of this agreement, it shall give immediate notice in writing to the second party of such determination; and the second party, within ten days after receipt of such notice, may give notice in writing to the first party of its desire to use such addition, extension, branch, spur or transfer track when completed, and thereupon the second party shall have the same right to use the same during the residue of the term of this contract which is hereinbefore granted to it in respect to the existing tracks of the first party, and for such right shall pay to the first party a monthly rental of one-twelfth of one and one-half per cent. of the cost thereof, to be computed as follows: The amount of the sums actually expended by the first party, in making such addition, extension, branch, spur or transfer track, with interest at the rate of six per cent. per annum to the date of the completion of the same, shall be deemed the cost thereof, and shall be added to the agreed cost of the property now existing as hereinbefore expressed; and from and after the date of such completion the second party shall pay rental on such increased cost in all respects as is hereinbefore provided for payment of rental for the right to use the said now existing property.

And if the second party, after receiving notice as aforesaid from the first party, shall fail to give to the first party the notice hereinbefore provided for and within the time hereinbefore fixed therefor, the second party shall not have the right, under this agreement, to make use of any such extension, addition, branch, spur or transfer track, nor be required to pay any increase of rental by reason of the construction thereof.

Nor in any case shall the second party be entitled under this agreement to make use of any property of the first party the cost whereof is not included in the amount upon which the second party shall pay rental computed as herein provided.

ARTICLE X.

The second party, in addition to the monthly rental to be paid as aforesaid, shall pay such proportion of the cost and expense paid by the first party in any calendar month during the continuance of this agreement, for keeping up, maintaining, repairing, renewing, replacing (except such renewal or replacement be an improvement permanent in its nature), warming, lighting, managing and operating the property covered by this agreement, and of transacting such passenger and transfer business, including the wages of ticket, baggage and other agents, enginemen, firemen, brakemen, switchmen, watchmen, mechanics, and other servants and employees necessary to be employed in the premises, and of the sums paid by the first party for taxes and assessments and for premiums for insurance on its said property, as the number of cars (passenger and freight) run and transferred over the said tracks of the party of the first part, or any part thereof, in such month, by or for the party of the second part, shall

bear to the whole number of cars run and transferred over the same or any part thereof, by or for all parties using the same, during the same month. And in computing the number of cars so run and transferred over the same, or any part thereof, each passenger, baggage, express and mail car on trains running twenty-five miles or less from said depots, and each freight car shall be rated as one car; each passenger, baggage, express and mail car on trains running over twenty-five miles from said depots, and less than one hundred and fifty miles shall be rated as two cars; and each passenger, baggage, express and mail car on trains running one hundred and fifty miles or over from said depots shall be rated as three cars.

And for the purpose of such monthly settlements the second party shall render to the first party at its office in St. Paul, on or before the fifth day of each month, a statement of the number of cars run and transferred over said tracks, or any part thereof, by and for the second party, computed in manner aforesaid, during the last preceding month; and thereupon the first party shall render to the second party a statement, computed in manner aforesaid, (of all cars run and transferred over said tracks or any part thereof) during such month by and for all parties using the same, and of the amount due from the second party as its proportion of expenses under this article; and within ten days thereafter the second party shall pay said amount to the first party at its office in St. Paul.

ARTICLE XI.

The second party shall, in addition to all sums of money herein agreed to be paid by it, pay or otherwise hold harmless the first party from all taxes assessed on the earnings of the second party on the property of the party of the first part.

ARTICLE XII.

The first party shall have the right at any time to sell and convey any part of its railway or other property embraced in this contract; provided that the facilities hereby granted shall not be impaired thereby.

In case of any sale or conveyance by the first party of any of the property included in the valuation hereinbefore expressed, or in any increase thereof on which rental shall be payable by the second party, the amount received from such sale shall be deducted from such valuation; and in case of purchase or other acquisition of other property, the amount paid therefor shall be added to such valuation; and in each and every such case the rental to be paid by the second party shall be adjusted on the basis of such increased or diminished cost.

Provided that the second party shall not be required by any such purchase or acquisition to pay rental on a greater valuation than is provided for in the previous articles of this agreement, unless the second party, being consulted prior to such purchase or acquisition and informed of the cost thereof, shall have assented thereto in writing.

ARTICLE XIII.

All local business, if any, upon all the railways and tracks owned, controlled or operated by the first party between any and all points thereon, and the earnings of all such business, shall belong exclusively to the first party; and if the second party shall do any such local business it shall account for and pay over to the first party all the earnings therefrom at the then existing tariff rates of said first party for such business; but nothing herein contained shall render it obligatory upon the second party to do any such business unless required by law.

ARTICLE XIV.

If the second party shall make default for the period of three months in the monthly payments to be made by it under this contract, the first party, may, at its option and at any time thereafter, such default still continuing, terminate this contract. Such option to terminate shall be exercised by serving notice in writing of such termination upon the president, superintendent, or other general managing agent of the second party at its office in St. Paul; and upon the serving of such notice, but not otherwise under this article, this contract shall terminate without other act of the first party, and without any forfeiture of the amounts due the first party under this contract.

ARTICLE XV.

Any and all questions that may arise touching the construction of this contract, or any part thereof, or the rights of the parties thereunder, or concerning the business or manner or mode of transacting the business to be carried on under the provisions thereof, upon which the parties thereto cannot agree, shall be submitted to the arbitrament and award of a board of three disinterested persons experienced in railway management, one to be selected by the party of the first part, its successors or assigns, and one by the party of the second part, its successors or assigns. If either party shall refuse or neglect to appoint an arbitrator on its part, within thirty days after written notice from the other, of its appointment of an arbitrator on its part, the arbitrator so appointed by the party giving such notice, may and shall select and appoint a disinterested person experienced in railway management to act as arbitrator for and on behalf of the party so notified and refusing or neglecting to appoint. The two thus appointed shall select a third, and the board so appointed shall determine the matter in controversy, and the decision and award of said board of arbitrators, or of any two of them, in the premises, shall be binding and conclusive on the said parties, their successors and assigns, with respect to the matters submitted to and decided by them.

ARTICLE XVI.

Any difference or controversy that may arise between the parties as to the construction and carrying out of this contract, or the rights of the parties thereunder, or the transaction of business under the provisions

thereof, shall not interrupt the performance of the contract or the continuance of business thereunder; but such business shall continue to be transacted and settlements and payments made thereunder in the same manner in which the same had been transacted and made prior to the arising of such difference and controversy, or in case no practice with reference to the controverted matters shall have been established, then in accordance with the claim of the party of the first part with respect thereto until the matters of difference shall be finally determined by arbitration as hereinbefore provided; and thereupon such payments or restitutions shall be made as may be required by the decision of the arbitrators.

ARTICLE XVII.

This agreement shall go into operation on the day of the date thereof, and shall continue in operation for twenty-five years from and after said date. But if at any time within five years from said date the second party shall deliver to the president, secretary or general manager of the first party a notification in writing signed by its president or general manager, that it, the second party, desires this agreement to continue in operation for ninety-nine years from the date thereof, then and in that case this agreement shall continue in force for the term of ninety-nine years from the date thereof. And a certificate of the giving and receipt of such notification in writing, signed by the president of each party hereto, shall be endorsed on or appended to each of the duplicates of this agreement.

Provided that the monthly rentals required to be paid by the second party shall not commence until the second party has commenced the use of the tracks, depot or property of the first party, or some part thereof thereunder; provided, that such commencement of use shall not be later than the first day of January, A. D. 1887.

ARTICLE XVIII.

All and singular the promises, covenants and agreements herein contained shall run and apply to and bind the successors and assigns of the parties respectively.

In Testimony Whereof, the parties hereto have respectively caused their corporate seals to be hereunto affixed, and these presents to be signed by their respective Presidents and Secretaries in duplicate, the day and year first above written.

Memorandum of Agreement, made by and between the Great Northern Railway Company, party of the first part, and the Chicago, Burlington & Northern Railroad Company, party of the second part, *Witnesseth*:

The party of the first part agrees to afford the use of its engine house in the City of Minneapolis, Minnesota, subject to the use thereof by the party of the first part for storage of its own equipment, as its business may require, for the storing and caring of engines and perishable freight in refrigerator cars belonging to the party of the second part, for the period of one year from the date hereof, at a charge of two and 50-100 (\$2.50) dollars per day per stall for housing engines or refrigerator cars. This agreement subject to termination upon sixty days notice in writing being given by the party of the first part to the party of the second part.

In Witness Whereof, the parties hereto have hereunto set their hands and seals this 21st day of March, A. D. 1894.

Great Northern Railway Company,

By W. P. CLOUGH,
Vice-President.

Chicago, Burlington & Northern Railroad Company,

By JNO. R. HASTINGS,
General Superintendent.

Great Northern Railway Line.

Accounting Department.

Mr. C. H. Warren,

St. Paul, Minn., December 19th, 1893.

Comptroller G. N. Ry.,

Dear Sir:—

This is to acknowledge your letter of December 18th in reference to maintenance of two short tracks used by the C. B. & N. for storing passenger coaches on at Minneapolis Union Station.

The terms as outlined in your letter of December 14th, that the C. B. & N. is to pay your Company two thousand dollars per annum, payable in

1876 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

equal monthly installments, in the same manner and at the same time as the other rental due under the contract; the C. B. & N. also to pay the entire cost of maintenance of said tracks, is accepted.

Yours truly,
JNO R. HASTINGS.

Great Northern Railway Line.

Accounting Department.

St. Paul, Minn., December 14th, 1893.

Mr. J. R. Hastings,
Gen'l. Supt. C. B. & N. Ry.,
St. Paul, Minn.
Dear Sir:—

You will recall our conversation concerning the two spur tracks and ground of the Minneapolis Union Railway now being used by your Company for storing and cleaning your passenger cars,—a use not covered by the terms of your contract with that Company.

By authority of the President of the Minneapolis Union Railway, this is to advise that without in any way changing any of the conditions of the contract in any manner, the Minneapolis Union Railway Company will, until further notice, accept from your Company as rental for the facilities you are now using for storing and cleaning cars, an annual rental of \$2,000.00 per annum, payable in equal monthly installments, in the same manner and at the same time as the other rental due under the contract,—your Company to also pay the entire cost of maintaining said tracks; this arrangement being subject to cancellation upon thirty (30) days notice in writing from either Company.

If this is satisfactory to you kindly advise me of your acceptance and I will have bills rendered accordingly.

Yours truly,
C. H. WARREN,
Comptroller.

It is hereby certified, That pursuant to Article XVIII of the contract made the 11th day of May, one thousand eight hundred and eighty-six, between the St. Paul, Minneapolis and Manitoba Railway Company, party of the first part, and the Chicago, Burlington and Northern Railroad Company, party of the second part, the party of the second part to said agreement did, on the 15th day of April, A. D. 1891, deliver to James J. Hill, president of the party of the first part, to said agreement, a notification in writing, duly signed as required by said Article XVIII, that said second party desires said agreement to be continued in operation for ninety-nine (99) years from the date thereof.

And it is agreed by and between the said parties that said agreement shall continue in force for the term of ninety-nine (99) years from its date, viz: May 11th, A. D. 1886.

In Witness Whereof, the parties hereto have caused these presents to be executed by their duly authorized officers, this 30th day of April, A. D. 1891.

Attest:

F. B. BEAUMONT, *Sec'y.*

Memorandum of Agreement, between the St. Paul, Minneapolis and Manitoba Railway Company, party of the first part, and the Chicago, Burlington and Northern Railroad Company, party of the second part,

Whereas, by a contract between the said parties, bearing date on May 11th, A. D. 1886, it was, among other things, provided as follows:

“The first party agrees to sell to the second party, either the whole or half interest in fifteen or twenty acres of land lying west of Como Avenue, being a strip 1,980 feet long by 300 feet wide at a maximum price of \$3,000 per acre, the said strip lying west of Como Avenue and south of the Manitoba track. It is agreed by the second party that a joint yard for the use of the two companies shall be made on the said tract. If the Manitoba road does not desire the said joint yard, then the tract of land may be divided into two yards for the respective companies, or the whole of the said tract will be sold to the Northern Road at the price above stated.”

And Whereas, the time for exercising the said option by the party of the second part, as fixed by the understanding of the parties when the said contract was made, has expired, and the party of the second part has not exercised such option, and does not intend nor desire to do so.

Now, Therefore, it is hereby agreed between the parties hereto that the party of the second part hereby forever waives all right to purchase the said property, or any part thereof, and the party of the first part hereby releases and discharges the party of the second part, from purchasing the same or any part thereof.

In Testimony Whereof, the parties hereto have caused these presents to be sealed with their respective corporate seals, and to be subscribed by their respective presidents or vice-presidents, and secretaries, on the first day of February, A. D. 1890.

SUPPLEMENTAL AGREEMENT, December 16, 1917, Great Northern Railway Company and Chicago, Burlington & Quincy Railroad Company.

Supplemental Agreement, made and entered into as of the 16th day of December, 1917, between the Great Northern Railway Company, hereinafter called the "Northern Company," successor and assignee of the St. Paul, Minneapolis and Manitoba Railway Company, and the Chicago, Burlington and Quincy Railroad Company, hereinafter called the "Burlington Company," successor and assignee of the Chicago, Burlington and Northern Railroad Company.

Whereas, the predecessors and assignors of the Northern and Burlington Companies entered into an agreement as of date May 11, 1886, whereby the predecessor of the Northern Company granted to the predecessor of the Burlington Company certain trackage rights between the city of St. Paul and city of Minneapolis. The Northern Company and the Burlington Company, as the successor in interest in and under said agreement desire to make certain modifications therein.

Now therefore this Agreement Witnesseth:

1. There shall be and hereby is added to Article I of the said agreement of date May 11, 1886, a paragraph (a) as follows:

(a) From and after the 16th day of December, 1917, the Burlington Company shall not have the right to run its freight locomotives, cars or trains over the tracks of the Northern Company between the east line of Rice Street in the city of St. Paul, and a line drawn at right angles with the main tracks of the Northern Company, and through the point of junction of the Burlington Company's connecting track west of Marsh Court with the track of the Northern Company at St. Anthony Park, St. Paul.

2. There shall be and hereby is added to the first paragraph of Article II of said agreement of date May 11, 1886, the following:

As of the 16th day of December, 1916, there shall be deducted from the amount of the valuation upon which the Burlington Company is then paying rental as provided in this article, the sum of \$164,374.77, because of the termination on said date of the right of the Burlington Company to further run its freight locomotives, cars and trains over that portion of the tracks of the first party described in paragraph (a) of Article I above.

3. The first paragraph of Article IV of said agreement shall be and hereby is amended by striking out the second parenthetical clause as now written and inserting in parentheses in lieu of said clause

(except the cost of maintaining and operating the connections and additional signal and safety appliances at the connections of the tracks of the parties hereto, including said connection west of Marsh Court, which is to be borne by the Burlington Company, as hereinbefore provided, and except also the cost of improvements permanent in their nature).

In witness whereof, the parties above named have caused this agreement to be executed the day and year first above written.

A. W. NEWTON, *Chief Engineer.*

AGREEMENT, January 1, 1911, Great Northern Railway Company and Chicago, Burlington & Quincy Railroad Company. Use of freight house and adjacent tracks in Minneapolis, Minnesota.

This Agreement, made and entered into this First day of January, 1911, by and between the Great Northern Railway Company, hereinafter called the "Northern Company," party of the first part, and the Chicago, Burlington & Quincy Railroad Company, hereinafter called the "Burlington Company," party of the second part, *Witnesseth*:

The Burlington Company has heretofore secured from the Northern Company the right to run its locomotives, cars and trains handled by its own employes over the line of the Northern Company between the cities of St. Paul and Minneapolis in the State of Minnesota, and desires to arrange with the Northern Company for freight facilities and terminal services in said city of Minneapolis.

Now therefore, the parties hereto, for and in consideration of their mutual and dependent promises, do hereby covenant and agree as follows, to-wit:

I.

The Northern Company hereby grants unto the Burlington Company for and during the term hereafter named, the right to use in the manner here-

inafter set forth, in common with the Northern Company and such other companies as the Northern Company may admit to the use thereof, its freight house and tracks adjacent thereto and used in connection therewith, its team delivery tracks and terminal yards in the city of Minneapolis and state of Minnesota. The Northern Company in connection with the right hereby granted to the Burlington Company to use said freight house, tracks and yards will by means of its own employes, crews and equipment perform the following terminal services for the Burlington Company and in furtherance of its business at the city of Minneapolis in the state of Minnesota, to wit:

(a) The breaking up of the Burlington Company's freight trains on their arrival in Minneapolis and delivery upon the track assigned, and the switching of the cars contained therein to the freight house, team tracks, the tracks upon which they are to be held pending reconsignment or for storage, and to connecting railways which are reached direct by the Northern Company.

(b) The switching of cars from the freight houses, team tracks, the tracks upon which they may have been stored, and cars delivered by connecting lines to the Northern Company for account of the Burlington Company; the making up of the Burlington Company's freight trains and their delivery to that company upon the track assigned for that purpose and from which they are to be taken by the Burlington Company's engines and employes.

(c) The receiving, checking, weighing and loading of all less than carload freight received at the freight house for shipment over or via the lines of the Burlington Company; the unloading, checking and delivery through the freight house of all less than carload freight brought into Minneapolis in the Burlington Company's trains, and the transferring from car to car of such carload or less than carload freight as the Burlington Company may direct.

(d) The ordinary and customary station service, as checking the loading or unloading of carload freight when necessary; sealing cars; waybilling; preparing freight bills and collecting and remitting the charges thereby called for; preparing and rendering the statements and accounts required by the Burlington Company's system of accounting, and generally performing such work for the Burlington Company as is usually and customarily required of a freight station and such service, reports, etc. as the Burlington Company requires of freight stations of the same size and importance located upon its own lines.

II.

The Burlington Company will pay the Northern Company for such service to be performed by the Northern Company as hereinbefore set forth and enumerated the sums as in the following schedule fixed and specified:

SCHEDULE

A Terminal Charges

(a) To be assessed on loaded cars brought into the freight yards of the Northern Company at Minneapolis and Minneapolis Junction by the Burlington Company:

<i>Commodity</i>	<i>Rate per car</i>
Automobiles	\$3.00
Cement	"
Cereals	"
Flour	"
Grain	"
Lead	"
Lumber	"
Meat	"
Machinery	"

Iron	"
Spuds	"
Scrap	"
Shooks	"
Seed	"
Steel	"
Vitos	"
All other commodities not specified in rate of \$1.60 per car	"

(c) To be assessed on all empty cars brought into or taken out of the freight yards of the Northern Company at Minneapolis or Minneapolis Junction by the Burlington Company the sum of fifty (50) cents a car.

B. Switching Charges

In addition to the terminal charges on loaded and empty cars above stated, the following amounts shall be charged for switching freight cars:

a. For switching every loaded car to and from the team tracks of the Northern Company for the Burlington Company the sum of one dollar and fifty cents (\$1.50) a car, each way, provided, that as to carload freight which the Burlington Company sets out with its engines and crews in the team track yard near Holden Street in the said city of Minneapolis at such

points as do away with the necessity of respotting or resetting, the terminal charges as above fixed shall be the only charges assessed thereon and the said charges of \$1.50 for switching shall not apply.

b. For switching every loaded car to and from said freight house of the Northern Company the sum of one dollar and fifty cents (1.50) per car each way.

c. For switching empty cars no charge will be made where there is a charge for a loaded movement in an opposite direction. Where there is no charge for a loaded movement the switching of empties shall be paid for at the loaded car rate.

d. For switching cars to and from mills, elevators and other industries reached by the Northern Company's side, spur or industry tracks the rates named in the Northern Company's switching tariff in effect at the time the service is rendered. Such switching charges shall be paid by the Burlington Company or collected by the Northern Company from the shippers or consignees as may be directed from time to time by the representative in Minneapolis of the Burlington Company.

C. *Handling Charges*

In addition to the terminal and switching charges, above stated, the following amounts shall be charged:

a. For each and every ton of freight or merchandise handled through the freight houses of the Northern Company, both in and out, the sum of one dollar and six cents (\$1.06).

b. For each and every ton of freight or merchandise, carloads or less than carloads, transferred by the Northern Company from car to car, the sum of one dollar and six cents (\$1.06).

III.

a. The Burlington Company shall and will at its own cost and expense furnish all necessary blank waybills, shipping receipts and other blanks required for the billing and checking of freight handled for it, and all necessary blanks required in and for the preparation of such reports as the Burlington Company shall require to be made to it by the agents of the Northern Company.

b. The delivery of less than carload freight by either party hereto shall be deemed to be completed when such less than carload freight shall have been unloaded into the warehouse for the other party, or shall have been transferred from the car of the delivering party into the car of such other party.

IV.

The Northern Company may assess and retain for its own use and benefit upon goods handled through its freight house and upon cars turned over to it by the Burlington Company such storage and demurrage charges as are usual and customary, and exacted by the Northern Company upon goods stored and cars handled by it in its own business.

V.

Nothing in this agreement shall be deemed to in any respect modify, change or amend the provisions of the second paragraph of Article Seven of a certain agreement heretofore entered into between the St. Paul, Minneapolis & Manitoba Railway Company, to whose rights the Northern Company has succeeded, and the Chicago, Burlington & Northern Railroad Company, to whose rights the Burlington Company has succeeded, dated as of the 11th day of May, 1886, and concerning the transfer of cars to certain mills, elevators or factories, nor shall this agreement be construed as to impose upon the Burlington Company the obligation to pay the switching charges as hereinbefore fixed as respects cars transferred by the Northern Company to and from spur or side tracks which the Burlington Company is now or may be hereafter entitled, under agreements with the Northern Company, to free switching thereon.

VI.

The joint agent of the parties hereto shall furnish to the Northern Company the necessary information as to the tonnage of less than carload freight, carload freight, cars placed or taken into account or cars switched which may be necessary to enable the Northern Company to prepare and render the necessary monthly bills to the Burlington Company for services to be performed as herein provided for.

The Northern Company shall as soon after the first of each month as convenient furnish to the Burlington Company a statement showing the amount due from the Burlington Company to the Northern Company for services performed hereunder during the preceding calendar month, and the Burlington Company shall within ten days after the receipt of such bill pay to the Northern Company the amount thereof. Payment of such bill shall not be delayed on account of any asserted errors therein, but in case errors are claimed the same shall be investigated and if found to exist shall be corrected in the statements for the succeeding months.

The Northern Company shall not be liable to the Burlington Company for any injury or damage to the cars or property of the Burlington Company switched or handled hereunder, or loaded and unloaded at said freight house while the same are in the custody of the Northern Company, whether such injury or damage be caused by the negligence of the employes of the Northern Company or otherwise, but the Burlington Company shall and does hereby assume all risk of and liability for any such injury or damage.

The Burlington Company also assumes all risk of and liability for any loss or or damage to freight, whether carload or less than carload, handled, loaded or unloaded, or switched hereunder for it by the Northern Company, no matter how such loss or damage shall arise, and shall indemnify and save harmless the Northern Company from any and all cost or expense on account of any such loss or damage.

The agents or employes of the Northern Company while engaged in checking, billing or otherwise handling and transacting the business of the Burlington Company hereunder shall be deemed to be the employes of the

Burlington Company, and the Northern Company shall not be liable for any loss or damage occasioned by the mistake, errors or neglect of such employes, but the Burlington Company shall assume and bear such loss or damage, including loss or damage arising out of errors in billing, failure to collect charges or otherwise.

The Burlington Company may, if it so desires, require the employes of the Northern Company to give bonds to it providing for the faithful performance of their duties in handling, billing and checking of freight business of the Burlington Company, including the collection of charges thereon.

VII.

This agreement shall take effect on January 1st, 1911, and continue in force for a period of one year from said date and thereafter until terminated and cancelled by six months' notice in writing given by either party to the other party hereto.

In Witness Whereof, the parties hereto have caused this agreement to be executed for and in their behalf by their duly authorized officers the day and year first above written.

Great Northern Railway Company,
By R. I. FARRINGTON,
Vice President.

SUPPLEMENTAL AGREEMENT, December 1, 1923, Great Northern Railway Company and Chicago, Burlington & Quincy Railroad Company.

This Agreement, made this first day of December, 1923, by and between Great Northern Railway Company, hereinafter called the "Northern Company," and Chicago, Burlington & Quincy Railroad Company, hereinafter called the "Burlington Company,"

Witnesseth:

By agreement dated May 11, 1886, the St. Paul, Minneapolis & Manitoba Railway Company, predecessor in interest of the Northern Company, granted to the Chicago, Burlington & Northern Railroad Company, predecessor in interest of the Burlington Company, joint trackage rights between Third Street in St. Paul and a point of connection with the yard of the Burlington Company at or near Holden Street in Minneapolis, Minnesota. By a subsequent contract dated January 1, 1911, the Northern Company granted to the Burlington Company the right to use certain of the Minneapolis terminals of the Northern Company, the Northern Company to perform the terminal services for the Burlington Company, including "the

making up of the Burlington Company's freight trains and their delivery to that company upon the track assigned for that purpose and from which they are to be taken by the Burlington Company's engines and employees." As a matter of convenience to both parties, trains of the Burlington Company are made up by the Northern Company in the Clearwater Junction and Cedar Lake yards of the Northern Company at Minneapolis, and locomotives of the Burlington Company operate from Holden Street to said yards for the purpose of picking up said trains and return with such trains to Holden Street. The parties now desire to state their respective rights and obligations with reference to such operations of Burlington engines and trains.

Now Therefore, in consideration of the premises and the mutual dependent promises herein contained, it is agreed as follows:

1. The Northern Company grants to the Burlington Company the right to operate locomotives of the Burlington Company over tracks of the Northern Company from Holden Street to the Clearwater Junction and Cedar Lake yards of the Northern Company, and to haul trains of the Burlington Company made up by the Northern Company in said yards back to a point of connection at Holden Street with the tracks of which the Burlington Company enjoys joint use under said agreement of May 11, 1886.

2. Articles XV, XVI and XVII of the said contract of May 11, 1886, shall, from and after the date hereof, be applicable to any operations of engines or trains of the Burlington Company upon or over tracks of the Northern Company, the right to the use of which is hereby granted, in all respects as though said last named tracks had been described and included in the first paragraph of Article I of said contract of May 11, 1886.

3. This agreement shall continue in force and effect during the same period for which the said contract of January 1, 1911, shall remain in force and effect.

In Witness Whereof, the parties hereto have caused this agreement to be executed for and in their behalf by their duly authorized officers the day and year first above written.

Great Northern Railway Company,

By G. R. MARTIN,
Vice President.

THOS. J. LAWLESS, *Attorney.*

CONTRACT, December 16, 1920, Northern Pacific Railway Company and Chicago, Burlington & Quincy Railroad Company. Tracks at St. Paul to Minneapolis.

Contract made the 16th day of December, 1920, between Northern Pacific Railway Company, a corporation under the laws of Wisconsin, hereinafter called "Pacific Company," and Chicago, Burlington & Quincy Railroad

Company, a corporation under the laws of Illinois, hereinafter called "Burlington Company."

In consideration of the mutual dependent promises stated in this contract the parties agree:

ARTICLE I.

SECTION 1. The Pacific Company grants to the Burlington Company the right to run its freight trains only manned by its own employes (in common with the Pacific Company and such other companies as it may admit) over all of that part of the railway of the Pacific Company extending from a connection between the tracks of the parties at or near Third Street in Saint Paul to a point at or near Como Avenue Bridge in Minneapolis; the railway and points of connection herein intended being for greater certainty shown colored in red on a map hereto attached marked "Exhibit A," made a part hereof and identified by the signatures of the chief engineers of the parties; the connection at or near Third Street is indicated on said map by the letter A and the point before referred to at or near Como, Avenue Bridge in Minneapolis is indicated on said map by the Letter B-prime. The Burlington Company is given the right to put in and maintain connections with the Pacific Company's said tracks at such points as may be mutually agreed upon, and said connections will be put in and maintained at the expense of the Burlington Company, which will also install, and thereafter operate and maintain, to protect any connection, an interlocking plant or such other form of protection as the Pacific Company may designate. At the option of the Burlington Company said interlocking plant, or other form of protection, shall be installed, maintained and operated by the Pacific Company, and the Burlington Company shall pay to the Pacific Company promptly upon receipt of bills therefor from the Pacific Company the entire cost of such installation, maintenance and operation.

The Burlington Company by its own employes and equipment may do and transact over, upon and by means of said railway and its passing and sidetracks, additions, improvements and betterments, all such business as is customarily carried on in freight trains, subject only to the terms and conditions hereinafter stated. But the Burlington Company shall have no right to pick up or set out cars at stations or on industry tracks or spurs on the said railway. It may, however, interchange cars on said railway with other railway companies permitted thereon by the Pacific Company, but shall not perform, by or through any such interchange, switching service competing with a switching service of the Pacific Company. For the purpose of conducting its railway operations the Burlington Company may use any telegraph and telephone lines on said railway owned by the Pacific Company and may string its own telegraph or telephone wires upon the existing lines along said railway in so far as the Pacific Company has a legal right to grant this privilege. It may erect its own poles or telegraph and telephone lines upon the right of way and connect such lines with its own or other telegraph or telephone lines. At the option of the Burlington Company said poles or telegraph and telephone lines shall be installed, main-

tained and operated by the Pacific Company, and the Burlington Company shall pay to the Pacific Company promptly upon receipt of bills therefor from the Pacific Company the entire cost of such installation, maintenance and operation.

§ 2. The Pacific Company will have the general control, management and administration of the said railway and appurtenances and will maintain and at all times keep the same in good condition and repair and suitable for the business of the Burlington Company. It will pay the taxes thereon and comply with all regulations prescribed by law with respect thereto and will furnish supplies incident to the maintenance and operation thereof. But the Burlington Company will pay its own taxes on earnings growing out of the business conducted over said railway and the Pacific Company shall not be bound to furnish any fuel, water or other supplies for the trains or equipment of the Burlington Company or for the special or exclusive use of said company or its officers or employees. The Pacific Company shall have unrestricted power to change, add to, better and repair the property as it may consider advisable, including the right to provide such additional main or other tracks as it shall deem necessary, not however so as by such changes, additions, betterments or repairs permanently to impair its usefulness to the Burlington Company.

§ 3. The Pacific Company will order and direct the movement of engines, cars and trains under such reasonable rules and regulations from time to time customary among railways as it may adopt. All rules, regulations and train schedules shall be equal, just and fair as between all the parties using the property and shall not unjustly discriminate against any. Passenger trains shall be given preference over other trains and the trains of all parties using the tracks shall be given equal despatch according to class.

§ 4. All agents and employes engaged upon the said railway or its appurtenances by the Pacific Company shall do the business of the Burlington Company and of all other users of the property without discrimination. Any joint employe shall be removed from service on the property on request in writing of the Burlington Company.

ARTICLE II.

SECTION 1. The Burlington Company will pay for the rights and privileges granted by this contract as follows:

For the section of railway between A and A-prime as indicated on said Exhibit A an annual rental of Five Thousand, Four Hundred Ninety-Seven and 30/100 Dollars.

For the section of railway between A-prime and B-prime as indicated on said Exhibit A an annual rental of Three Thousand, Eight Hundred Sixty-one and 75/100 Dollars.

Each of said rentals will be increased by two percent per annum upon the actual cost to the Pacific Company of all improvements, betterments and additions to the line to which said rental pertains made after the date of this contract properly chargeable to capital account.

§ 2. The Burlington Company will also pay such pro-rata proportion of the cost actually incurred by the Pacific Company in the maintenance miles on said tracks or any part thereof run by the engines and cars of the Burlington Company bears to the whole number of miles run by the engines and cars of all parties using the same or any part thereof, each engine and tender to be counted as two cars. In computing car mileage hereunder, such use of the tracks covered by this contract within the limits of yard zones, as the same are shown upon Exhibit A, as is incidental to the switching of cars within yard zones, shall not be counted; cars set out or picked up at points between yard zones shall be counted only when moved for the entire distance from one zone to another, but movements for a portion only of the distance between any two zones will not be counted. The yard zones at present established are shown on Exhibit A, but the Pacific Company may establish other zones hereafter or change the limits of the zones already established to meet its operating necessities. In computing maintenance and operating cost and the cost of additions and betterments there shall be included expenditures for insurance and taxes (except taxes on earnings), a just sum to cover cost of superintendence and management, freight charges at tariff rates upon all material and supplies furnished by the Pacific Company, and a reasonable charge for use of tools, equipment and other property of the Pacific Company not included in this contract.

§ 3. The said rentals will be paid monthly on or before the twentieth day of each month for the preceding month. Bills for maintenance and operation will be rendered monthly by the Pacific Company as soon as may be after the close of each month and shall be paid within thirty days thereafter. Payment of such bills shall not be delayed for errors which are not serious and important, but bills shall be paid as rendered, notwithstanding any error of ordinary character likely to occur in railroad accounts, the necessary corrections to be made in subsequent bills. The Burlington Company will make all payments to the Treasurer of the Pacific Company at the city of Saint Paul, Minnesota or the city of New York, as the Pacific Company may designate. At the option of the Pacific Company payments for rental shall be made in gold coin of the present standard.

§ 4. The books, records, vouchers and papers of the Pacific Company touching or material to the cost of improvements, betterments or additions to the property, or touching or material to the cost of maintenance or operation, at all times shall be freely open to the examination of the Burlington Company.

§ 5. Should the Burlington Company fail to make any payment when due which it is obligated to make by this contract or fail in any other respect to perform the agreement and such default continue for six months after notice in writing of intention to terminate the contract given by the Pacific Company to the Burlington Company, the Pacific Company may at its election declare this agreement terminated and may exclude the Burlington Company from all use of the property described herein; provided that failure to make any payment which is the subject of arbitration

or litigation between the parties shall not, pending such arbitration or litigation, be deemed for forfeiture hereunder.

ARTICLE III.

SECTION 1. The Pacific Company shall be bound to use only reasonable and customary care, skill and diligence in maintaining and repairing the roadway, tracks, structures and appliances of and pertaining to the said railway and in managing and operating the same; and all employes of the Pacific Company (except enginemen and trainmen) employed in maintaining, repairing or operating the railway, or in despatching, giving orders for or directing the movement of trains, or in performing any other service for the common benefit of the railway companies using the property shall for the purposes of the contract be regarded while engaged in such work as joint employes of all the railway companies using the property. Enginemen and trainmen of any work train engaged in maintaining, repairing or adding to the property shall likewise be deemed joint employes. The Burlington Company shall not by reason of any defect in the property, or by reason of the failure or neglect of the Pacific Company to repair such defect, or by reason of the failure or neglect of any joint employe as herein defined, make against the Pacific Company any claim or demand for loss, damage or injury arising from such defect, neglect or failure; but should the Pacific Company fail to repair any defect within a reasonable time after being notified so to do by the Burlington Company, then the Burlington Company may make the necessary repairs at once, which will be paid by the Pacific Company and taken over in its bill for maintenance and operation.

Each party hereto will assume, bear, settle and pay all loss, cost, damage or injury done by its engines, cars, trains, or employes which the property jointly used, its property or property in its custody, or which its employes may suffer while it is running its engines, cars or trains upon or over any part of the property, no matter how such loss, damage or injury may occur; provided, however, that in case of collision between the engines, cars or trains of the parties, or in case of other accident caused by negligence of enginemen or trainmen, or of other sole employes of either party, the party whose employe is at fault shall be responsible for and pay the entire loss caused thereby. If such collision or other accident is caused by the fault of the train employes of two or more companies using the property or by the fault of a joint employe, each party involved shall bear an equal share of all damage to the property jointly used and all the damage to its own property or property in its custody, of which its employes may suffer in consequences thereof. Loss and damage caused by the negligence of joint employes not covered by some other provision of this contract shall be charged to operating expenses and divided as herein elsewhere provided.

Except as hereinbefore provided, each party will assume and pay all loss or damage which its engines, cars, trains or employes may do to the property jointly used, to third persons or the property of third persons,

and each indemnifies the other against all claims or demands for any loss or damage which it herein agrees itself to bear.

If any injury shall occur to persons or property by the operation of trains in such a way that it cannot be determined what company's trains caused the injury, the compensation, if any is made to the injured party, shall be apportioned as other operating expenses under this contract.

Neither party shall under any circumstances have any cause of action against the other for loss or damage of any kind caused by or resulting from interruption or delay to its business.

In case a suit shall be commenced against either party for damages for which the other party is ultimately liable, the party sued may give notice to the other party of such suit and thereupon the party so notified shall assume the defense of the suit and save the party sued harmless.

The parties will settle as between themselves any claim for loss or damage according to the terms of this contract, notwithstanding any judgment or decree of a court or other tribunal in a proceeding brought by third parties.

§ 2. If any train of the Burlington Company shall be wrecked while running upon the tracks covered by this contract the wreck shall be picked up at once and removed by the Pacific Company and the Burlington Company (except as herein otherwise provided) shall bear the whole cost of such service.

§ 3. If at any time a question shall arise touching the construction of this contract, or concerning the business or manner of transacting the business to be carried on under its provisions, or concerning the observance or performance of any of its covenants, upon which question the parties cannot agree, such question shall be submitted to the arbitrament of three disinterested persons familiar with such business and experienced in railway management. The party demanding such reference shall give to the other party notice of such demand stating specifically the question to be submitted for decision and nominating a person who has the required qualifications to act as one referee. If at the expiration of thirty days from the receipt of such notice the party receiving it has not notified the party demanding the reference of its nomination of a second referee having like qualifications, the party making the demand may make such selection. The first and second referees chosen shall select a third and when the board is complete the referees shall fix a day and place for the hearing of which the parties shall be severally notified. If the referees chosen shall be unable to agree upon the third referee such third referee may be appointed upon ten days notice upon motion of either party by a judge of any court of the United States within the state of Minnesota. After hearing the testimony and arguments which may be submitted by each party, the referees, if they unanimously agree upon an award, shall state it in writing, which, when delivered to both parties, shall be binding and conclusive upon each, and each party hereby expressly agrees to be bound conclusively thereby. If they cannot agree unanimously they shall forthwith select two additional referees having like qualifications. If the two additional referees cannot be agreed upon they may be appointed by

any judge hereinbefore in this section referred to. To the board thus constituted shall be submitted a statement touching the facts as to which there is a unanimous agreement between the three referees first selected and the testimony as to the matters remaining in dispute. The award of a majority of the five referees shall be in writing, and when delivered to the parties shall be as final and conclusive as an award by the first chosen referees would have been. Immediately after any award each party will make such changes in the conduct of its business, or such payments or restitution as the case may be, as are in and by such award required of it to be made.

The books and papers of both parties so far as they relate to any matter submitted to arbitration shall be open to the examination of the referees, and the party against whom the award is made shall pay all fees and expenses of the arbitration; and until the referees shall make their award upon any question submitted to them the business, settlements and payments to be transacted and made under the terms of this agreement shall continue to be transacted and made in the manner and form existing prior to the arising of such question.

If either party shall refuse to keep and perform any award, the adverse party may enforce the same by apt proceedings in any court of law or equity.

§ 4. This contract shall take effect when the Burlington Company commences to use the property and in no event later than January 1, 1918, and shall continue thereafter until May 11, 1985. But provided that the Burlington Company shall have a right at any time upon three months notice to the Pacific Company to surrender its rights under this contract to operate over that portion of the railway between point A at or near Third Street in Saint Paul and Trout Brook Junction in Saint Paul. In case of the exercise of this right the Burlington Company's right to use the said railway between point A and Trout Brook Junction shall terminate and its rental will be reduced equitably.

ARTICLE IV.

The Pacific Company does hereby lease, demise and let to the Burlington Company during the term of the foregoing contract a portion of the right of way of the Pacific Company lying alongside the railway hereinbefore described seventy-seven feet wide by four thousand one hundred eight feet long, colored red on Exhibit B hereto attached, on which property the Burlington Company may establish, maintain and operate a railroad yard. The Burlington Company will pay a monthly rental therefor of one hundred thirty-three and 33/100 dollars at the same time and in the same manner hereinbefore provided for payment of rentals for use of said railway. This lease however is subject to termination in whole or in part by the Pacific Company upon one year's notice in writing to the Burlington Company, and in case of termination in part the Burlington Company shall have the election to terminate in whole. In case of such termination by the Pacific Company that company will purchase the improvements of the Burlington Company in said premises, including the grading, at their then value, and if the value cannot be agreed on by the parties it shall be

determined by arbitration as hereinbefore in this contract provided. If this lease should be terminated in part and the Burlington Company continue the use of any portion of the property, its rental will be reduced equitably. The Pacific Company shall construct and keep in repair on said parcel of ground such tracks as the Burlington Company may elect to have constructed and kept in repair by the Pacific Company, the Burlington Company, however, to furnish to the Pacific Company at its own expense necessary ties, rail and fastenings therefor. The Burlington Company shall pay to the Pacific Company promptly upon receipt of bills therefor from the Pacific Company the cost of constructing and keeping said tracks in repair. Except as in this Article IV, hereinbefore provided, the ownership of such tracks shall be and remain vested in the Burlington Company.

ARTICLE V.

This contract shall take effect retroactively between the parties as of September 6th, 1917.

In Testimony Whereof, Northern Pacific Railway Company and Chicago, Burlington & Quincy Railroad Company have caused this instrument to be executed under their respective corporate seals and under the hands of their respective Presidents and Secretaries or Vice-Presidents and Assistant Secretaries, the day and year above written.

Chicago, April 22, 1921.

Mr. C. W. Bunn,

Vice President & General Counsel,
Northern Pacific Railway Company,
St. Paul, Minnesota.

Dear Mr. Bunn:

I have your letter of April 19th about the matter of notice under contract between our Companies, dated December 16, 1920.

Please see your letter of October 26, 1917, about this same matter, from which I quote as follows:

"It occurs to me that the best way to handle this matter would be by exchange of letters between you and me rather than incorporation of any novel provision in the agreement. If you however think the agreement ought to be amended, I will not oppose your view. In that case I would suggest that the amendment be confined to the following:

'If claim is made against either party on account of any death, injury, loss or damage for which the other party is solely liable, the party against whom such claim is made shall promptly notify the other party, and no settlement of such claim shall be made without consent of the party ultimately liable. Upon making any settlement of claims upon which the parties are jointly liable, the party making settlement shall procure from the claimant a release of both parties from liability.' "

If the additional matter contained in our letter of April 5th is objectionable, please eliminate the new matter and indicate by letter your acceptance of the clause proposed by you quoted above, which will be satisfactory to me.

Yours very truly,

O. M. SPENCER,
General Counsel.

St. Paul, Minn., May 11, 1921.

Mr. O. M. Spencer,
General Counsel, C. B. & Q. R. R. Co.,
547 West Jackson Boulevard, Chicago.

Dear Mr. Spencer:

Referring to your letter of April 22 about proposed clause in contract:

When I wrote you April 19, I had carefully reconsidered the language we agreed on in another contract and which you quote from my letter of October 6, 1917.

But I was when I wrote you April 19 and still am led to suspect that you may understand differently from me what was meant by the quoted language from my letter of October 26, 1917.

It seems to me likely that you may understand the effect of that language to be that failure to give notice to the other party where it is agreed to be given will be absolutely conclusive against the party failing to give notice. I do not so understand the effect of the stipulation, and I contend that such a result is not equitable or just, and this contention was set forth in my letter to you of April 19. It is, to repeat briefly, that failure to give notice ought not to work any such result as forfeiture of all claim on the part of the railway so failing; and that what ought to result is simply what the general doctrines of equity and law have settled shall result; viz., that the party failing to give notice is bound to prove his claim and is not benefited by the fact that he has settled with or paid the third party.

I am persuaded that my views are entirely just and, as I put it to you in my letter of April 19, you are the only company having any con-

tract with us which has ever advanced the contention you make. If my views, expressed more fully in letter of April 19, are right, you ought not to ask any amendment or supplement to the contract, and if you think they are not correct I should like to hear you.

I do not want to concede an arrangement such as you suggest in letter of April 22 unless I am certain we both understand that failure to give notice shall have no other result than that which it has on general equitable and legal principles; viz., to leave the party failing to give notice with the burden of establishing as against the other party the merits of his claim. And if this is your understanding, as it is mine, of the language used in my letter of October 26, 1917, that language is superfluous.

Yours truly,
C. W. BUNN.

Chicago, May 21, 1921.

Mr. C. W. Bunn,
Vice President and General Counsel,
Northern Pacific Railway Company,
St. Paul, Minnesota.

Dear Mr. Bunn:

I have your favor of the 11th inst. with further reference to the matter of notice under the trackage contract between St. Paul and Park Junction.

The suggestion contained in your letter of October 26, 1917, referred to this contract.

I will accept your language, quoted in my letter of April 22, 1921, with the understanding that failure to give the notice shall have no other or different effect than as stated in your letter of May 11, 1921, to be your understanding and your contention as to what is to be considered an equitable and just result of failure to give the notice.

Yours very truly,
O. M. SPENCER,
General Counsel.

NORTHERN PACIFIC RAILWAY COMPANY
LAW DEPARTMENT

St. Paul, Minnesota,
May 25, 1921.

Mr. O. M. Spencer, General Counsel,
Chicago, Burlington & Quincy Railroad Company,
547 West Jackson Boulevard, Chicago.

Dear Mr. Spencer:

I have yours of May 21 and have no hesitation in accepting your suggestion. But the substantial effect of taking the language quoted in your letter of April 22, 1921, from a previous letter of mine, interpreted as stated in mine of May 11, 1921, is to leave the contract without any change whatsoever.

Yours truly,
C. W. BUNN.

1896 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

Chicago, May 27, 1921.

Mr. L. B. Allen,
General Manager,
Chicago, Illinois.

Dear Sir:

Referring to your letters of February 2, 1921 and March 30, 1921, with reference to taking up with the Northern Pacific the question of notice of claims to be given by the parties to the joint trackage contract between the Northern Pacific and the Burlington for use of trackage between Third Street, St. Paul and Park Junction, Minneapolis:

After some correspondence Mr. Bunn, General Counsel of the Northern Pacific, has acceded to our request that there be an exchange of letters covering the matter of notice for claims where the other party is solely liable, and that no settlement of such claims shall be made without consent of the party ultimately liable.

The clause in respect to notice is contained in my letter of April 22, 1921, addressed to Mr. Bunn, and his understanding of the effect of the failure to give such notice is shown in the fourth paragraph of his letter to me dated May 11th. His final acceptance is contained in his letter of May 25th in response to mine of May 21, 1921. Copies of these letters are herewith enclosed, to be filed with the contract.

The original contract, of course, does not contain any requirement of notice of claims in which the other party is solely liable, so that Mr. Bunn's statement in his letter of May 25, 1921, that there is no change in the contract whatever hardly states the matter as I understand it. There is now an expressed agreement to give the notice.

I trust that this will be satisfactory, at least it is the best result that I have been able to accomplish.

Yours truly,
O. M. SPENCER,
General Counsel.

Chicago, June 4, 1921.

Mr. L. B. Lyman:

Referring to contract of December 16th, 1920, with the Northern Pacific Ry. Co., covering use of their trackage between Third Street, St. Paul, and Park Junction, Minneapolis, Minn.

I enclose herewith copies of letters between our General Counsel, Mr. O. M. Spencer, and Vice President and General Counsel, Mr. C. W. Bunn, of the Northern Pacific regarding this contract.

This for your information.

L. B. ALLEN.

Agreement made this 1st day of May, 1922, between Northern Pacific Railway Company, hereinafter called "Pacific Company," and Chicago, Burlington & Quincy Railroad Company, hereinafter called "Burlington Company":

Under the terms of a certain agreement between the Pacific Company and the Burlington Company dated December 16, 1920, effective as of September 6, 1917, the Pacific Company granted to the Burlington Com-

pany the right to run its freight trains over all that part of the railway of the Pacific Company extending from a connection between the tracks of the parties at or near Third Street in Saint Paul to a point at or near Como Avenue bridge in Minneapolis, the railway and points of connection being shown colored in red on a map marked "Exhibit A" attached to said contract.

There is not included in the tracks over which the Burlington Company is given the right to run its freight trains a wye track of the Pacific Company located at St. Anthony Park, which the Burlington Company desires to use for turning its engines and cabooses.

In consideration of the premises and the mutual dependent promises herein set forth the parties agree as follows:

The Burlington Company shall have the right to use said wye track at St. Anthony Park for turning its engines and cabooses, and shall pay monthly to the Pacific Company for this right fifty cents (50c) for each engine or car turned on said wye.

Sections 1 and 2, of Article III, of said agreement dated December 16, 1920, shall apply to the maintenance and use of said wye track as fully as though herein set forth.

This agreement shall take effect on the date hereof and shall continue in effect until terminated on thirty (30) days' notice in writing by either party to the other.

In Witness Whereof the parties hereto have caused this agreement to be executed the day and year first above written.

Northern Pacific Railway Company,

By CHARLES DONNELLY,
Pres.

Chicago, Burlington & Quincy Railroad Company,

By L. B. ALLEN,
General Manager.

Approved as to form:

THOS. J. LAWLESS, *Attorney.*

Supplemental Agreement made this 1st day of December, 1923, between Northern Pacific Railway Company, hereinafter called "Pacific Company," and Chicago, Burlington & Quincy Railroad Company, hereinafter called "Burlington Company":

Under the terms of that certain agreement between the Pacific Company and the Burlington Company dated December 16, 1920, effective as of September 6, 1917, the Pacific Company granted to the Burlington Company the right to run its freight trains over all that part of the railway of the Pacific Company extending from a connection between the tracks of the parties at or near Third Street in St. Paul to a point at or near Como Avenue bridge in Minneapolis, the railway and points of connection being shown on the map hereto attached marked "Exhibit A." By the terms of this contract it is expressly provided that the Burlington Company shall have no right to pick up or set out cars on industry tracks or spur tracks on the said railway. The Burlington Company now desires to make temporary use of the so-called Bayless Avenue spur of the Pacific Com-

1898 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

pany, which spur is shown colored red on Exhibit A, and the Pacific Company is willing to permit such use.

It is therefore agreed that said contract of December 16, 1920, be hereby amended and supplemented so that the Burlington Company shall have the right to use said Bayless Avenue spur for the sole purpose of placing thereon cars loaded with paving brick and removing said cars when made empty.

The Burlington Company shall pay on or before the twentieth day of each month two dollars (\$2.00) per loaded car placed on said spur during the preceding month, which payment shall cover all charges for rental and maintenance.

Except as herein otherwise provided, all the terms and conditions of said contract of December 16, 1920, shall apply to the use of said Bayless Avenue spur as fully as though the use of this spur had been included in said contract.

This agreement shall take effect on the date hereof and shall continue in effect until terminated on thirty (30) days' notice in writing by either party to the other.

In Witness Whereof the parties hereto have caused this supplemental agreement to be executed the day and year first above written.

Northern Pacific Railway Company,

Form O.K.

THOS. J. LAWLESS

AGREEMENT, September 28, 1880. Sidney Bartlett, etal and F. E. Hinckley, etal.

This Memorandum of Agreement made this Twenty Eighth day of September A. D. 1880, between the Chicago Burlington & Quincy Railroad Company, by its Committee Messrs. Sidney Bartlett, John L. Gardner, Jr. and C. E. Perkins of the first part, and F. E. Hinckley for himself and Associates, owners of Five thousand, six hundred and forty (5640) shares of the stock of the Chicago & Iowa Railroad Company, of the second part,

Witnesseth:

1st

That the second party agrees that he will on or before the 1st day of January next, if he can do so without incurring pecuniary liability greater than the amount the first party is to pay therefor, take up and deliver, or cause to be taken up and delivered, to the first party all the outstanding Bonds of the Chicago & Iowa Railroad Company amounting to seventeen hundred and fifty thousand dollars (\$1,750,000) for which the first party agrees to pay the par value thereof and accrued interest in money or in its 5% Bonds at par at its option.

2nd

That the second party also agrees that he will on or before the said first day of January purchase or cause to be purchased, the entire outstanding Bonds and Stock, overdue coupons and other indebtedness of the Chicago, Rockford & Northern R. R. Company and deliver the same, together with the said Chicago, Rockford & Northern Railroad and all property connected therewith or belonging thereto, free of all liens, and also all property belonging to that Company, to the said first party for the sum of Five hundred thousand dollars, which amount said first party agrees to pay therefor to the second party upon the completion of such purchase and delivery.

3rd

That the second party further agrees that he will on or before said first day of January cause and procure to be purchased, as low as may be and at a price not exceeding the par value thereof, and transferred to some person or party to be agreed upon, to receive the same for and in behalf of the Chicago & Iowa Railroad Company, the one thousand shares of the capital stock of the Chicago & Iowa Railroad Company owned by the township of Aurora, which it is mutually agreed shall be paid for out of monies in the Treasury of the Chicago & Iowa Railroad Company, or monies to which that Company may be entitled if there shall be sufficient for that purpose, and any deficiency in the amount requisite for such purchase shall be furnished by the first party, provided the first party is to advance no money for the purchase of such stock unless the provisions of this contract shall be fully executed and the first party becomes the owner of the C. & I. Railroad.

4th

That the second party will on or before the said first day of January next, deliver, or cause to be delivered, to the first party, the Chicago & Iowa Railroad and its equipment and all other property of the Chicago & Iowa Railroad Company, including moneys, notes, accounts, choses in action and personal property, whatsoever in its possession, or in the possession of W. H. Holcomb the Receiver now in possession of the property of that Company, or to which it or the said Receiver may be or may become entitled, and that he will on or before said day or as soon thereafter as practicable, cause the said Receiver to adjust and settle his accounts as such Receiver and procure his discharge, and will cause to be dismissed all pending suits affecting the Chicago & Iowa Railroad Company, its stock or property, or will procure such other order to be entered in the proper courts with reference to such suits as counsel for the first party may advise, so far as it is in the power of said second party to accomplish the same.

5th

If and as soon as the second party shall make or cause to be made the said several purchases and complete the said deliveries above provided

1900 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

for, in manner aforesaid, then the first party agrees that it will purchase of the second party and his associates, the five thousand, six hundred and forty shares of the Capital Stock of the Chicago & Iowa Railroad Company held by them, and on delivery and transfer thereof to it will pay to the second party therefore the sum of five hundred and sixty four thousand dollars, in money, or in its 5% Bonds at par at its option.

6th

That the second party stipulates and agrees that the said stock held by him and his associates the said stock held by the township of Aurora and the six thousand six hundred and forty shares held by the first party, or by others for it, constitute the entire outstanding stock of the Chicago & Iowa Railroad Company.

7th

This Memorandum of Agreement is made subject to ratification by the Board of Directors of the first party, and when so ratified may be reduced to one of more formal character.

Time for carrying the above into effect extended to May 1st 1881.

C. E. PERKINS,

For the C. B. & Q. Committee

DECREE, December 4, 1877, in the Circuit Court of the United States, for the Northern District of Illinois.

(See page 966)

Present: the Honorable Thomas Drummond, Circuit Judge, and Honorable Henry W. Blodgett, District Judge.

John N. Denison and John W. Brooks,

vs.

The Chicago and Iowa Railroad Company,
and also Charles Ingersoll Bowditch, William
G. Weld, and C. J. Morrill, on their Intervention. } In Chancery.

This cause came on to be heard at the present term, that is to say, on this fourth day of December, A. D. 1877, upon a bill of complaint filed therein, taken *pro confesso*, and upon the Master's report, to which no exceptions were taken, and having been argued by the counsel for the complainants in open court, and upon full consideration thereof, it is ordered, adjudged and decreed, and the court doth hereby order, adjudge and decree as follows, to wit:

I. That said report of the Master made and filed in this cause, be, and the same is in all things confirmed; and

That the principal of the bonds now outstanding, secured by the Trust Mortgage to the complainants in this cause, of the date of July 1st, 1871, and amounting to eleven hundred and fifty thousand dollars (\$1,150,000) is hereby declared to be due and payable.

II. That the said defendant, the Chicago and Iowa Railroad Company pay to said complainants, John N. Denison and John W. Brooks, trustees in the said Trust Mortgage, or to the Master of this court, within ten days from date of this decree, the principal sum and interest due on

the bonds secured by said Trust Mortgage to the complainants, amounting on the first day of December, inst. to the sum of one million, two hundred, thirty-five thousand, four hundred and eighty-three dollars and thirty-three cents, (\$1,235,483.33) with interest thereon from the first day of December, instant, at the rate of six per cent per annum, together with the costs of this suit to be taxed. And in case payment be made to the Master of this court, the same shall remain subject to the further order and direction of this court in respect to the distribution thereof.

III. That in default of such payment the mortgaged premises in said bill of complaint mentioned and described in the mortgage of said Chicago and Iowa Railroad Company to said complainants, and intended to be conveyed thereby, that is to say:

All the railroad of said Chicago and Iowa Railroad Company, made or to be made, extending from Joliet, in the County of Will to Forreston in the county of Ogle in said State of Illinois, including right of way therefor, road-bed, superstructure, iron, ties, chairs, splices, bolts, nuts, spikes, all the lands and depots grounds, station-houses, depots, viaducts, bridges, timber and materials, and property purchased for the construction of said railroad, all the engines, tenders, cars and machinery, all kinds of rolling stock owned by said Chicago and Iowa Railroad Company, acquired for or to be used upon said railroad, and all the franchises and rights of said Chicago and Iowa Rail Road Company relating thereto, and all property acquired by virtue thereof, including side-tracks, turn-outs, machine shops, tools, implements, and personal property used on or along the line of said Railroad; and all property acquired by said company since the execution of said mortgage in and relating to said railroad, together with all and singular the tenements and appurtenances thereto belonging, and the rents, issues and profits thereof, and all the estate, right, title and interest whatsoever, as well in law as in equity of said Chicago and Iowa Rail Road Company, of, in and to the same, and all other property, rights and franchises and things whatsoever, which were intended to be conveyed by said mortgage, now in the hands or under the control or authority of the receiver appointed in this cause, and all property acquired by purchase or otherwise by said receiver during the pendency of this suit for use in connection with said railroad and which shall be at the time of said sale, in his possession, or to which he shall be entitled, *shall be sold* by Henry W. Bishop, Master of this court, together as one entire property and not in separate parcels, in the manner hereinafter directed, in order to satisfy and pay the amount due on the bonds secured by said Trust Mortgage of the said Chicago and Iowa Railroad Company to said complainants, and the costs and expenses of this suit, and of said sale.

That the sale made under this decree shall be at public auction to the highest bidder. That notice of the time and place of such sale shall be given by said Master by advertisement thereof daily for thirty (30) successive days next preceeding the day of sale, in a daily news paper in each of the cities of Chicago and Boston.

That the complainants, or either of them, may bid at such sale and

purchase in said property for and on behalf of the holders of the bonds secured by the Trust Mortgage to the complainants.

Or, said property may be bid off by, and sold and conveyed directly to any Rail Road Company which may at the time of such sale have been organized by said bondholders or by other persons in their interest for the purpose of taking and operating said mortgaged railroad and property on their behalf:

That at the time of the sale said Master shall require to be paid to him by the purchaser of said property in cash, such an amount as may be required to pay the expenses of such sale, and costs and expenses of this suit, including the fees of the master and of the solicitors for the complainants, and for the expenses of the complainants as trustees, and such additional amount in cash as may be required to pay to the bondholders secured under said Trust Mortgage to complainants, who shall not, at the time of such sale, have signified their purpose to join in the purchase of said property, their proportionate part of the purchase money.

For the payment of the remainder of the purchase money, the said Master may receive the bonds of said defendant, the Chicago and Iowa Railroad Company secured by said Trust Mortgage to the complainants; each bond receivable for one eleven hundred and fiftieth part of the purchase money distributable to bondholders.

Said Master to require full payment of the purchase money in cash or in bonds as herein provided, within thirty days from and after the day of sale.

But in case said property shall be bid off by any person or persons other than said bondholders, or some person or persons on their behalf, or by or on behalf of such new organization, then and in such case, the Master shall require the whole amount of the purchase money to be paid in cash at the time of sale.

Upon the expiration of the thirty days from and after the day of sale, said Master is directed to make and present to this court a report of his proceedings under this decree, and upon confirmation of such report the said Master shall execute and deliver a deed of conveyance of the premises to the purchaser or purchasers thereof.

And for the better assuring to the purchaser the title to the same, said defendant company and its president, and the receiver in this cause shall jointly or separately execute and deliver to such purchaser or purchasers, or to his or their assigns, a release deed of all their right, title and interest in and to the premises, to which said purchaser is entitled, and to every part thereof. And upon neglect or refusal to make such release deed by either of them, the said Master is hereby directed in its, his or their names, or their behalf, to execute and deliver such release deed.

IV. Should said premises be purchased at such sale by the complainants, or either of them, on behalf of the holders of the bonds secured under the Trust Mortgage to them, or buy such new Rail Road Company organized by said bondholders, the same shall be held in trust by the purchaser

for all bondholders who have joined or may join in such purchase or new organization, ratably to the amount of bonds held by them respectively.

That all such bondholders who shall have joined in such purchase, and all such as shall desire to participate in the benefits thereof, shall deliver their bonds to the complainant or complainants making such purchase, or to the Master of this court, within thirty (30) days from and after the day of sale, and shall within the same time pay over to them or him, the amount of cash required to be paid to the Master under the terms of this decree.

That all said bondholders who shall fail to come in and deliver their bonds and pay over the moneys as herein provided within the thirty (30) days from and after the day of sale, shall not be entitled to take or receive the benefits of such purchase, or of such new organization, and shall be thereafter forever barred and estopped from setting up any right to participate in such purchase or such new organization, or to the property bid off at such sale. But the court may, upon good cause shown, and upon such terms as may seem equitable, enlarge the time of their coming in, for a period not exceeding thirty (30) days.

V. That the Master, with his report of the proceedings under this decree bring into this court, together with the balance of purchase money remaining in his hands there to remain subject to the orders of the court, all bonds that shall be delivered to and received by him in payment of such purchase money, and cancel the same and file them with the clerk of this court.

That the delivery to the purchaser of the deed conveying to him, it or them, the said mortgaged premises after the confirmation of said sale, and the payment to the parties entitled to the same, all the moneys found to remain in the hands of the receiver upon a final settlement of his accounts as hereinafter provided, shall be deemed and taken to be a full satisfaction of all such bonds, and also of this decree, so far as the same is based upon the same.

VI. That all said bondholders not joining in such purchase or new organization, and not electing to participate in the benefits thereof as hereinbefore provided, will present their bonds to the clerk of this court, who will pay to them respectively, their proportion of the amount bid at such sale, and endorse on each bond its just proportion of the amount received on such sale, as a payment to that extent, and return the same to the owner thereof.

VII. That such sale be made subject to outstanding bonds of the said defendant company, of the date of November 1st, A. D. 1869, to the aggregate of six hundred thousand dollars, (\$600,000) with interest thereon to December 1st, A. D. 1877, amounting to twenty thousand dollars, (\$20,000), secured by a trust mortgage executed by the said defendant company, of the same date with said bonds, to the Farmer's Loan and Trust Company, trustee therein, and subject to all the rights of the holders of these bonds, and of the trustee under this deed of trust.

VIII. That until the confirmation of the Master's report of sale and delivery of the Master's Deed to the purchaser, herein provided for, the

mortgaged premises and property to remain in the custody of the receiver heretofore appointed by this court, to be operated and managed by him under the orders of the court.

IX. That upon delivery of the mortgaged premises to the purchaser thereof, the receiver shall immediately settle and adjust his accounts with the master of this court, to whom the same are referred for that purpose, and for report thereon. That upon final settlement of his accounts, the receiver will pay over and deliver to the clerk of this court, any moneys or property that may remain in his hands, to be subject to the order of the court for distribution among the bondholders entitled to the same, or for such other appropriation by the court as equity may seem to require.

X. Should any lawful contracts or just liabilities of the receiver remain unexecuted or unsatisfied at the termination of his office, and the moneys paid over by him into this court shall not be sufficient to adjust the same, the court reserves to itself the right to make such order for the further execution of such contracts, and for the discharge of such obligations as circumstances may equitably demand.

XI. That upon sale of the said mortgaged premises as hereinbefore provided, the said defendant, the Chicago and Iowa Railroad Company and also Charles Ingersoll Bowditch, William G. Weld and C. J. Morrill, except as bondholders claiming under this decree and such sale, whose rights in that relation are hereby preserved, and each of them, be forever barred, foreclosed and estopped from setting up any right, title, interest, estate, claim or demand at law or in equity, in or to the said mortgaged premises as the same are described in this decree and intended to be included thereby or any part or parcel thereof.

And that upon the confirmation of such sale and delivery of the deed conveying said premises to the purchaser thereof, pursuant to this decree, said defendant company and all persons claiming under it since the date of said Trust Mortgage to the complainants, and the said receiver do immediately surrender and deliver up the possession of said premises, and every part and parcel thereof, unto said purchaser or purchasers, his or their assigns upon presentation of said deed of said Master so to be made delivered as aforesaid.

XII. That the fees and compensation of the Master for his services in carrying into execution this decree, and for the services of the solicitors for complainants in this cause, together with the costs of this suit and of such sale, and the expense of carrying the same into execution, and the expenses of the complainants in this cause, be paid by the Master out of the proceeds of such sale, or by the receiver out of any moneys in his hands which may be equitably appropriated by him for that purpose.

AGREEMENT, April 1, 1870, Chicago, Burlington & Quincy Railroad Company and The Chicago and Iowa Railroad Company.

(See page 962)

Memorandum of an agreement made and entered into this first day of April A. D. 1870, by and between the Chicago, Burlington & Quincy Railroad Company of the first part and the Chicago and Iowa Railroad Com-

pany of the second, both being corporations established by the laws of the State of Illinois.

Witnesseth: That whereas the party of the second part is now engaged in the construction of a line of Railroad from the City of Aurora in a westerly direction to the Mississippi River, and for the purpose of enabling said Railroad Company to transport its freights and passengers to the City of Chicago and thereby enable it to do business in the City of Chicago, It is agreed by the party of the first part to permit the party of the second part to connect its Track with that of the party of the first part at a point on the West side of the Fox River within or near the City of Aurora Kane Co. Illinois, and for the purpose of enabling the said Chicago and Iowa Railroad Company to construct their line of Railroad with such extentions, branches and appurtenances as they may from time to time make, Said Chicago, Burlington & Quincy Railroad Company agrees to carry all the material used in the construction of said Railroad of the party of the second part that shall go from the City of Chicago at cost not to exceed Ten dollars per car and generally not to exceed Two and one half Cents per ton per mile, and one dollar and a half per car for dockage and loading, said party of the second part furnishing their own cars and take them for the same out of the joint business done between the parties after the said second party shall have completed their line of Railroad.—

And the better to promote the convenience of the public and to facilitate the despatch of the joint business of the two companies, meaning by joint business, any business participated in by them which shall pass over the whole or any portion of the Road of the party of the first part and over any portion of the road of the party of the second part whether relating to the transportation of freight or passengers as well as for the purpose of defining their separate relations to each other in the transaction of said joint business the said parties hereby agree mutually with each other as follows, Viz:

First: The taking of goods or passengers upon one of these roads to pass upon the other shall not be by reason of this instrument (except when it is specifically provided) effect the remedy of either against the other, nor give the public any rights of action against both or either separately, which they would not otherwise have—

Second: Each party upon its respective Roads shall furnish for the joint business which originate or be left upon it as suitable & proper depot accommodations as it may have and use for its own separate business. The party of the first part is to furnish Depot Accommodations both in the City of Chicago and Aurora and each will exercise the same care and vigilance in selling tickets to passengers and giving the proper information in receiving and delivering all freights offered for transportation including the loading and unloading for the joint business as for its separate business, the said Second party however to pay its proper proportion of station service rendered at Aurora by said first party as to all business local to the road of the second party, each party will also collect and be answerable to the other for the dues and receipts on joint account accruing and to be collected on their respective Roads and pay over to the

other each and every week as near as may be ascertained the amount of money which may have been accumulated in its hands belonging to the other leaving accurate settlements to be made between them at the end of each month or within thirty days thereafter at which time abstracts of the joint business shall be furnished by each company to the other and the books of each shall be open to the other to verify the same.

Third: The party of the second part shall furnish all necessary and suitable passenger, freight and other cars for the joint business and the said party of the first part shall furnish repair and operate all necessary and suitable motive power to transport the cars for the joint business upon the Road of said first party between the junction of the two roads and the City of Chicago, and will transport the cars used therefor promptly unload and reload the same without unnecessary delay showing no partiality or favor to their own cars over those used for the Joint business. Grain, Lumber and Stock however to be handled loaded and unloaded in like manner as are the Grain Lumber and Stock transported Solely by said first party and are to be paid for by the owners in like manner.

Fourth: The mode of division of the revenues from the Joint business shall be as follows; the whole money earned upon the two roads in the transportation of any property or passengers in the Joint business shall be presumed to have been earned upon each road in proportion to the distance it has passed over each road, allowing to every mile it may be carried a uniform rate of compensation or dividing the whole money earned by the number miles the passenger or freight has been carried to get the earnings of each mile and this multiplied by the miles carried on each road will give the revenue earned upon each road: The whole of the revenue earned or accrued upon the Road of the second party shall belong to it, of the monies earned or accrued upon the Road of the first party, Seventy (70) Dollars out of every hundred (100) Dollars shall belong to it, and the balance being Thirty (30) Dollars out of every one hundred (100) Dollars shall belong to the party of the second part, and after this rate shall all money Thus earned upon the Joint freight passenger, mail and express business upon the Road of the first party be divided.

Fifth: The party of the second part shall have the right to fix upon and alter and adjust the Tariff of the joint business but shall not fix the tariff lower than the same may be upon competing points on the road of the party of the first part to the prejudice or injury of said first party.

Sixth: Should any Passenger or freight get into or upon the cars in their joint passage over the road of the first party, such passengers or freight not passing over any portion of the Road of the second party. The money collected for the transportation of such freights or passengers shall be paid over to the party of the first part after deducting a reasonable compensation for the service done to be agreed upon by the superintendents of the two Roads.

Seventh: The party of the second part may elect at any time after giving the first party reasonable notice of their intentions so to do, to furnish their own Engines, and equip their own trains with suitable conductors and other necessary agents and servants to take charge thereof,

and also to furnish water and fuel for the engines except in the City of Chicago using the track of said party of the first part and also their Depot accommodations in the City of Chicago, and when the trains of the said second party are equipped and furnished and run by the said second party as herein provided, such rules, regulations and provisions for running of the Trains of said second party on the road of said first party between Chicago and Aurora and for the adjustment of all expenses and damages that may be occasioned thereby shall be agreed upon as shall be reasonable and proper and when said Second party shall so equip and run their trains, the proceeds of the Joint business shall be divided as follows:—The party of the first part shall receive Sixty per cent instead of Seventy per cent and the party of the second part shall receive Forty (40) per cent instead of Thirty (30) per cent as specified in the fourth Article of this contract, provided however, That this option shall not go into effect until the business shall have become sufficiently large to make it more convenient for both parties that separte trains shall be run to accommodate the business of the second party.

Eighth: At first and until said second party shall erect and establish suitable shops of their own for the manufacture of Engines and Cars, The said first party agrees to manufacture any passenger, freight and other cars, and to repair any engines, cars and tools needed by said second party and to charge actual cost and five (5) per cent for doing the same. Statements of Accopunts to be made semi-annually and all amounts not paid within ten day's after rendering the statement to draw interest until paid.

Ninth: If in the execution and performing of this contract questions of difference shall arise between the parties as to the meaning of this contract or any part thereof, or if in practice it shall be found that some other provision should be inserted herein, or some contained herein should be modified or changed in order to secure the object designed by this Contract, or if in practice it should be found by either party that any provision or stipulation herein operate injuriously or unjustly to the interests of said party it is mutually agreed by the parties herein, that in every such case in order to carry out the general intent and scope of this contract that both parties will negotiate with fairness and candor anew and insert other clauses to obviate the unfairness or difficulty.

But if in the operation of this contract the parties are unable to amicably adjust any question of difference that may arise either party may by first giving Ten (10) days written notice to the other party of his intentions so to have the matter in dispute submitted to two disinterested parties as referees one of whom shall be selected by each party and if at the end of Ten (10) days the party notified does not select his referee then the party giving the notice may select both referees and they may select a third in case they cannot agree and their award made after notice to the parties of the time and place of having the matter referred and hearing the party or parties that may attend, shall be final and binding on the parties and they hereby expressly agree to abide thereby.

Tenth: Should the party of the first part be dissatisfied hereafter with the amount agreed to be paid for engine and train service and so fourth

1908 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

under clause seventh of this contract it shall have the right to have it readjusted by future mutual agreement or by arbitration as herein provided for in other cases.—

This contract shall take effect and be in force for the term of Thirty (30) Years from the first day of April A. D. 1870 and during that period the business both freight and passenger of the said second party to and from Chicago shall be done over the road of the said first party under this agreement.—

In Witness Whereof the said parties by their respective presidents have hereunto set their hands for and on behalf of their respective corporations and have caused the seal of each Corporation attested by the Sec'y thereof to be hereunto attached. The day and year first above written.—

SUPPLEMENTAL AGREEMENT, April 1, 1870 Chicago, Burlington & Quincy Railroad Company and The Chicago and Iowa Railroad Company.

(See page 962)

Whereas, the Chicago Burlington and Quincy Railroad Company and the Chicago and Iowa Railroad Company did on the first day of April A. D. 1870, enter into a contract for doing a Joint business in the transportation of Freight and Passengers and *Whereas* by the terms of said Contract the Chicago and Iowa Railroad Company is to receive Thirty (30) per cent of the gross earnings from the joint business between Chicago and Aurora which will be to it mostly net profits and by which there will accumulate in the hands of the Chicago, Burlington and Quincy R. Road Company a large amount of money belonging to the said Chicago and Iowa Railroad Company and

Whereas, the said Chicago and Iowa Railroad Company has this day executed to the Farmers Loan and Trust Company of the City of New York as Trustee its first and only mortgage on all of this said Railroad together with all of its appurtenances rights and franchises, and

Whereas, said Company is desirous of providing a fund to secure the payment and ultimate redemption of said mortgage and the bonds issued under it.—

Now Therefore, it is hereby mutually agreed by and between the parties that the said Chicago, Burlington and Quincy Railroad Company is hereby authorized to retain in their hands all the money which may be earned in said joint business and on the first day of April and October in each year pay over all monies so accumulated in their hands as belonging to

the Chicago and Iowa Railroad Company to the said Trustee and to be used by it as provided in said mortgage for the purpose of providing a sinking fund for the redemption of said mortgage bonds.

It is expressly understood, that the mortgage above referred to shall not be for an amount to exceed Sixteen (16) Thousand Dollars to the mile of finished road and that the stipulations of this agreement shall only apply to those bonds on which a copy of this Contract is printed.

This Contract shall be construed to be not only a contract between the parties but also between the parties and the holders of any of said bonds.—

This contract to be in force for Thirty (30) Years or for so long a time as will be sufficient to provide a fund large enough to redeem all of said bonds after which time the earnings from the joint business shall be paid over to the said Chicago & Iowa Railroad.

And in order to make such fund as large and effectual as possible it is agreed that all the business of said Chicago and Iowa Railroad Company both freight and passenger both to and from Chicago shall pass over the road of the first party.—

In witness whereof, the said parties by their respective Presidents have hereunto set their hands for and in behalf of their respective Corporations and have caused the seal of each corporation attested by the secretary thereof to be hereunto attached this first day of April A. D. 1870.—

AGREEMENT, February 18, 1925 Chicago, Burlington & Quincy Railroad Company, and Paducah & Illinois Railroad Company.

(See page 1641)

AGREEMENT, Made and entered into this 18th day of February, 1925 by and between the Chicago, Burlington & Quincy Railroad Company, as party of the first part, hereinafter called the "Burlington Company," and the Paducah & Illinois Railroad, as party of the second part, hereinafter called the "Paducah Company";

Witnesseth: Whereas, a connection between the track of the Burlington Company and the track of the Paducah Company at Metropolis, Illinois, has heretofore been constructed and has since been in operation, and the parties desire to set forth in writing the ownership of said switch connection and the obligations of the parties hereto with respect to the maintenance thereof;

Now, Therefore, it is agreed by and between the parties hereto as follows:

1. The location of said connection is as shown on blue print 58056 hereto attached, identified by the signature of A. W. Newton, Chief Engineer, which is hereby made a part hereof.

1910 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

The Burlington Company in consideration of the payment to it by the Paducah Company of the cost of the labor and material involved in the construction thereof, the receipt of which is hereby acknowledged by the Burlington Company, does hereby transfer, convey, and assign to the Paducah Company all that certain trackage which is shown in red on said blue print hereto attached.

The ownership of the trackage shown in green on said blue print hereto attached is vested in the Paducah Company. The ownership of the trackage shown in yellow on said blue print hereto attached is vested in the Burlington Company.

II. The said connection from point of switch to heel of frog, as shown on said blue print hereto attached, shall be maintained, repaired and renewed by the Burlington Company, and the Paducah Company shall within twenty(20) days after the receipt of bills therefor from the Burlington Company pay to the Burlington Company one-half the cost of such maintenance, repair and renewal.

The Burlington Company shall be the equal joint owner with the Paducah Company of any new switch ties which may be installed by the Burlington Company in said connection in lieu of the present switch ties therein.

III. The said connection and its appurtenances shall be subject to the provisions, all and singular, of the contracts between the parties hereto dated September 1, 1914, and January 10, 1923, respectively, and this agreement relating to the maintenance of said connection shall run concurrently with said agreements dated September 1, 1914 and January 10, 1923, and shall terminate therewith.

In Witness Whereof, the parties hereto have executed this agreement in duplicate, the day and year first above written.

SUPPLEMENTAL AGREEMENT, February 1, 1919. Chicago Union Station Company, Chicago, Burlington and Quincy Railroad Company, Chicago, Milwaukee and St. Paul Railway Company, The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, Pennsylvania Company, The Pennsylvania Railroad Company, Pittsburgh, Fort Wayne and Chicago Railway Company and Illinois Trust and Savings Bank (Trustee), covering the construction, maintenance and operation of a union passenger station and facilities.

(see page 242.)

This Supplemental Agreement, made this First day of February, 1919, by and between Chicago Union Station Company, hereinafter designated the Station Company, Chicago Burlington and Quincy Railroad Company, Chicago, Milwaukee and St. Paul Railway Company, The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company and Pennsylvania Company,

hereinafter designated the Proprietary Companies, The Pennsylvania Railroad Company, Pittsburgh, Fort Wayne and Chicago Railway Company, and Illinois Trust and Savings Bank, hereinafter designated the Trustee:

Witnesseth:

Whereas, the Station Company, in order to secure the payment of the principal and interest of an aggregate issue of \$60,000,000.00 First Mortgage Gold Bonds, executed and delivered to the Trustee its First Mortgage, dated July 1, 1915; and

Whereas, all of the parties hereto except The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company entered into an agreement, dated July 2, 1915, to which this agreement is supplemental, in which terms and provisions for the construction, maintenance, operation and occupancy of a union station in Chicago, Illinois, were embodied and set forth; and

Whereas, Section Five of the said agreement of July 2, 1915, provides for the joint and several guaranty of the bonds of the Station Company, in manner and form as set forth in the said section, by the Proprietary Companies named therein, including The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company; and

Whereas, Section Twenty of the said agreement of July 2, 1915, provides that the covenants of the said agreement shall be binding upon and inure to the benefit of the respective parties thereto, their successors, lessees, grantees and assigns; and further provides that "if any of the Proprietary Companies shall consolidate with any railway company, the consolidated company shall be liable to make all payments and to perform all obligations which would be obligatory upon each of the constituent companies, if such consolidation had not been made, and shall likewise succeed to all the rights, privileges and advantages of said constituent companies"; and

Whereas, The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company, one of the Proprietary Companies named in the said agreement and in the said form of guaranty, was on January 1, 1917, duly merged into a consolidated company under the name of The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, which said consolidated company now owns in severalty all of the stock of the Station Company formerly owned by The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company:

Now, therefore, in consideration of the premises, and of the covenants and agreements and the reciprocal benefits and advantages conferred upon and secured by the parties hereto in the said agreement of July 2, 1915, to which this agreement is supplemental; and in further consideration of the rights, privileges and advantages acquired by and the promises and undertakings of The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, it is covenanted and agreed as follows:

SECTION 1. The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company hereby assumes and makes its own the obligations of The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company as contained and set forth in said Section Five of the said agreement of July 2, 1915, and in the form of guaranty contained therein, and covenants and agrees to make all payments and to perform all obligations which would be obligatory upon The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company, if the

said consolidation had not been made; it being the purpose and intent of this agreement that The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company shall, as it hereby does, assume the full performance of all covenants and conditions in the matter of the said guaranty imposed upon and assumed by The Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company in Section Five of the said agreement of July 2, 1915.

§ 2. The Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company hereby expressly approves, adopts, and assumes the guarantee by The Pittsburgh, Cincinnati, Chicago & St. Louis Railway Company of all bonds heretofore issued and outstanding under the said First Mortgage of the Station Company, dated July 1, 1915, and in order to effectuate and give binding force to the provisions of the said Section Five of the said agreement of July 2, 1915, with respect to all bonds hereafter to be issued under said First Mortgage of the Station Company, dated July 1, 1915, and to substitute The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company for the Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company as one of the said Proprietary Companies of the said Station Company within the purview of the said agreement of July 2, 1915, and of Section Five thereof, it is hereby covenanted and agreed by and between the parties hereto that the said Section Five of the said agreement of July 2, 1915, shall be and the same is hereby so amended, approved and adopted, as the act of the parties hereto, that it shall read and be of full and binding force and effect as follows:

"SECTION FIVE. For the considerations aforesaid, it is hereby agreed between the Station Company, the Proprietary Companies, and the Trustee, and for the benefit of each and all of the present and future holders of all of the bonds issued or to be issued, or reissued or exchanged, under or as provided in the First Mortgage, dated July 1, A. D. 1915, by the said Station Company to Illinois Trust and Savings Bank, Trustee, as follows:

"The Proprietary Companies shall and will jointly and severally guarantee the payment by the Station Company of both the interest and principal of all and every of the said bonds, whether in temporary or definitive form, according to their tenor, by causing their guaranty to be placed on each of the said bonds issued or to be issued, or reissued or exchanged, under or as provided in the said First Mortgage, substantially in the form following:

(Form of Guaranty.)

Chicago, Burlington and Quincy Railroad Company, Chicago, Milwaukee and St. Paul Railway Company, The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, and Pennsylvania Company, for value received, do hereby, jointly and severally, unconditionally guarantee to the holder of the within bond the payment of the principal thereof and of the indebtedness represented thereby, and of the interest on the said bond and indebtedness, as such principal and the installments of the said interest shall respectively become due; and in case of the failure of Chicago Union Station Company punctually to make payment of either the principal or the interest as the same shall become due, do hereby jointly and severally agree punctually to make such payments.

In witness whereof, the said guarantor companies have caused their respective corporate names and the signatures or the engraved facsimile signatures of their respective presidents or vice presidents to be hereunto affixed and this guaranty to be countersigned on behalf of each of them by Illinois Trust and Savings Bank, their agent duly appointed for that purpose.

CHICAGO, BURLINGTON AND QUINCY RAILROAD COMPANY,

By.....
President.

CHICAGO, MILWAUKEE AND ST. PAUL RAILWAY COMPANY,

By.....
President.

THE PITTSBURGH, CINCINNATI, CHICAGO AND ST. LOUIS
RAILROAD COMPANY,

By.....
Vice President.

PENNSYLVANIA COMPANY,

By.....
Vice President.

Countersigned on behalf of each of the above four Companies by
ILLINOIS TRUST AND SAVINGS BANK,

By.....
Agent,

The respective corporate names of the Proprietary Companies and the signatures or the engraved facsimile signatures of their respective Presidents or Vice Presidents shall be affixed to the said guaranty. The engraved facsimile signature of any person who shall have been President or Vice President of any of the Proprietary Companies may be used for that purpose notwithstanding the fact that he may have ceased to be such President or Vice President at the time when such bonds shall be guaranteed. The Trustee shall countersign such guaranty upon bonds issued from time to time under the said First Mortgage to an aggregate principal amount not to exceed \$60,000,000.00 at any one time outstanding, upon receipt from time to time by the Trustee of a copy of a resolution of the Board of Directors or the Executive Committee of each of the Proprietary Companies, certified by its Secretary or an Assistant Secretary under its corporate seal, approving the guaranty of such bonds to a specified amount and stating the interest rate, terms of redemption and any variations from the forms of bonds recited in the First Mortgage. The Trustee shall also countersign without any such resolution the guaranty upon bonds issued by the Station Company and authenticated by the Trustee in accordance with the provisions of the said mortgage to replace bonds mutilated, lost or destroyed, or to effect exchanges of coupon and registered bonds or transfers of registered bonds. The Proprietary Companies adopt respectively the engraved signatures to the guaranty upon the First Mortgage Gold Bonds of Chicago Union Station Company to be issued under the mortgage dated July 1, 1915, and authorize Illinois Trust & Savings Bank to countersign the said guaranty on behalf of each of the Proprietary Companies; and its countersignature of any guaranty

shall be conclusive evidence of the validity and due execution thereof by each of the Proprietary Companies.

The Proprietary Companies and each of them assent to all the terms and conditions of the said bonds, and of the said First Mortgage, and hereby waive presentation or demand of any of the said bonds and of any interest coupons, and waive protest of the said bonds and of any interest coupons, and waive notice of presentation, demand and protest, and of any sale of the mortgaged premises or other trust estate in pursuance of the said First Mortgage, whether by the Trustee thereunder or in judicial proceedings. The obligations of the Proprietary Companies shall not be affected by any action taken under the said First Mortgage in the exercise of any right or power thereby conferred or by any failure or omission on the part of the Trustee under the said First Mortgage to enforce any rights given thereunder or conferred thereby, or by any failure or omission on the part of the holder of any of the said bonds to enforce any right of such bondholder against the Station Company or any successor corporation, or by any action of the Trustee under the said First Mortgage, or of any bondholder against the Station Company or any successor corporation under the said bonds or the said First Mortgage, or by any action of the Trustee, or of any bondholder in granting indulgence to the Station Company or any successor corporation, or in waiving defaults on the part of the Station Company or any successor corporation under the said bonds or the said First Mortgage; and no proceedings taken for the enforcement of the said First Mortgage or for the sale thereunder of the mortgaged premises or trust estate shall affect the obligations of the Proprietary Companies or any of them.

The provisions of this Section Five may be enforced directly by the holders of the said bonds, as well as by the Trustee and its respective successors in the trust under the said First Mortgage, from time to time as often as occasion may arise, and shall not be subject to modification or change, anything in this agreement to the contrary notwithstanding. The Trustee is made a party to and has executed this agreement only for the purposes of this Section Five, and the Trustee shall not be considered or held to be a party to any of the provisions contained in the other sections of this agreement."

In witness whereof, the parties hereto have caused this supplemental agreement to be executed by their proper officers duly authorized and their respective corporate seals to be hereto affixed and attested by their respective Secretaries, or Assistant Secretaries, the day and year first above written.

1920 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

Company, Chicago, Burlington & Quincy Railroad Company, Chicago, Milwaukee and St. Paul Railway Company, The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, and The Pennsylvania Railroad Company, hereinafter called the Proprietary Companies, and Illinois Merchants Trust Company, hereinafter called the Trustee:

Whereas, under date of July 2, 1915, said above named corporations or their predecessors in interests, and Pittsburgh, Fort Wayne and Chicago Railway Company, entered into a certain operating agreement concerning the construction, maintenance and operation of a union passenger station and facilities by the Station Company, to which agreement reference is hereby made for further assurance, and by said reference the same is hereby incorporated as fully as though the said agreement had been incorporated herein; and

Whereas, an agreement supplemental to said agreement was made between said above named corporations or their predecessors in interests, dated February 1, 1919, to which supplemental agreement reference is hereby made for further assurance, and by said reference the same is hereby incorporated as fully as though said agreement had been incorporated herein; and

Whereas, the outstanding capital stock of the Station Company is owned by the Proprietary Companies in the following proportions: Chicago, Burlington & Quincy Railroad Company, twenty-five per cent. (25%); Chicago, Milwaukee and St. Paul Railway Company, twenty-five per cent. (25%); The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, twenty-five per cent. (25%); and The Pennsylvania Railroad Company, twenty-five per cent. (25%); and

Whereas, the Station Company has issued \$60,000,000 principal amount of its First Mortgage Gold Bonds, issued under its First Mortgage, dated July 1, 1915, executed by the Station Company to Illinois Trust and Savings Bank, Trustee; and

Whereas, The Pennsylvania Railroad Company is in possession of the line of railroad of Pittsburgh, Fort Wayne and Chicago Railway Company and is operating and maintaining the same by virtue of a lease from said Railway Company to said Railroad Company, dated June 7, 1869, for a term of nine hundred and ninety-nine years; and

Whereas, each of the Proprietary Companies, except The Pennsylvania Railroad Company, owns a line of railway into the City of Chicago; and each of the Proprietary Companies is in need of adequate property for terminal passenger station facilities in the said city; and

Whereas, it is desired to borrow not exceeding the sum of \$15,000,000 for the completion of said union passenger station and for other corporate purposes of the Station Company, by the issue of 5% Guaranteed Gold Bonds, maturing December 1, 1944 (hereinafter called the Gold Bonds) to be issued under a Trust Indenture between the Station Company and Illinois Merchants Trust Company, as trustee; and

Whereas, said Proprietary Companies are jointly and severally and unconditionally to guarantee both as to principal and interest the Gold Bonds;

Now, therefore, in consideration of the premises and of the covenants and agreements in said operating agreement dated July 2, 1915, in said supplemental agreement dated February 1, 1919, and hereinafter set forth, and for the considerations aforesaid, it is covenanted and agreed between the parties hereto as follows:

SECTION 1. It is hereby agreed between the Station Company, the Proprietary Companies and the Trustee, and for the benefit of each and all of the present and future holders of all the Gold Bonds issued or to be issued or re-issued or exchanged under or as provided in the Trust Indenture, dated December 1, 1924, between the Station Company and Illinois Merchants Trust Company, Trustee, as follows:

The Proprietary Companies shall and will, jointly and severally, unconditionally guarantee the payment by the Station Company of both the guaranty to be placed on each of the said Gold Bonds so to be issued or interest and principal of all and every of the said Gold Bonds, whether in temporary or definitive form, according to their tenor, by causing their re-issued or exchanged, under or as provided in said Trust Indenture, substantially in the following form:

[FORM OF GUARANTY]

Chicago, Burlington & Quincy Railroad Company, Chicago, Milwaukee and St. Paul Railway Company, The Pittsburgh, Cincinnati, Chicago and St. Louis Railroad Company, and The Pennsylvania Railroad Company, for value received, do hereby, jointly and severally, unconditionally guarantee to the holder of the within bond the payment of the principal thereof and of the indebtedness represented thereby, and of the interest on the said bond and indebtedness, as such principal and the instalments of the said interest shall respectively become due; and in case of the failure of Chicago Union Station Company punctually to make payment of either the principal or the interest as the same shall become due, do hereby jointly and severally agree punctually to make such payments.

In witness whereof the said guarantor companies have caused their respective corporate names and the signatures or the engraved facsimile signatures of their respective president or vice-presidents to be hereunto affixed and this guaranty to be countersigned on behalf of each of them by Illinois Merchants Trust Company, their agent duly appointed for that purpose.

Countersigned on behalf of each of the above four companies by
Illinois Merchants Trust Company, Agent,
by

The respective corporate names of the Proprietary Companies and the signatures or the engraved facsimile signatures of their respective Presidents or Vice-Presidents shall be affixed to the said guaranty. The engraved facsimile signature or the personal signature of any person who shall have been President or Vice-President of any of the Proprietary Companies may be used for that purpose notwithstanding the fact that he may have ceased to be such President or Vice-President at the time when such Gold Bonds shall be guaranteed. The Trustee shall countersign such guaranty upon Gold Bonds issued under the said Trust Indenture to an aggregate principal amount not to exceed \$15,000,000 at any one time outstanding, upon receipt by the Trustee of a copy of a resolution of the Board of Directors or the Executive Committee of each of the Proprietary Companies, certified by its Secretary or an Assistant Secretary under its corporate seal, approving the guaranty of such Gold Bonds to a specified amount and upon receipt of a certificate executed by the Secretary or an Assistant Secretary of the Station Company, setting forth any variations from the form of Gold Bond recited in said Trust Agreement. The Trustee shall also countersign without any such resolution the guaranty upon Gold Bonds issued by the Station Company and authenticated by the Trustee in accordance with the provisions of the said Trust Indenture to replace Gold Bonds mutilated, stolen, lost or destroyed, or to effect exchanges of coupon and registered Gold Bonds or transfers of registered Gold Bonds or the issue of definitive or temporary Gold Bonds in exchange for temporary Gold Bonds. The Proprietary Companies adopt respectively the engraved signature to the guaranty upon the 5% Guaranteed Gold Bonds of Chicago Union Station Company to be issued under the Trust Indenture, dated December 1, 1924, and authorize Illinois Merchants Trust Company to countersign and guaranty on behalf of each of the Proprietary Companies; and its countersignature of any guaranty shall be conclusive evidence of the validity and due execution thereof by each of the Proprietary Companies.

The Proprietary Companies and each of them assent to all the terms and conditions of the said Gold Bonds, and of the said Trust Indenture, and hereby waive presentation or demand of any of the said Gold Bonds and of any interest coupons, and waive protest of the said Gold Bonds, and of any interest coupons, and waive notice of presentation, demand and protest. The obligations of the Proprietary Companies shall not be affected by any action taken under the said Trust Indenture in the exercise of any right or power thereby conferred or by any failure or omission on the part of the Trustee under the said Trust Indenture to enforce any rights given thereunder or conferred thereby, or by any failure or omission on the part of the holder or registered owner of any of the Gold Bonds to enforce any right of such Bondholder against the Station Company or any successor corporation, or by any action of the Trustee under the said Trust Indenture, or

of any Bondholder against the Station Company or any successor corporation under the said Gold Bonds, or the said Trust Indenture, or by any action of the Trustee or of any Bondholder in granting indulgence to the Station Company or any successor corporation, or in waiving defaults on the part of the Station or any successor corporation under the said Gold Bonds, or the said Trust Indenture; and no proceedings taken for the enforcement of the said Trust Indenture or for the sale of the property of said Station Company shall affect the obligations of the Proprietary Companies or any of them.

The provisions of this Section One may be enforced directly by the holders or registered owners of the said Gold Bonds, as well as by the Trustee and its respective successors in trust under the said Trust Indenture, from time to time as often as occasion may arise, and shall not be subject to modification or change, anything in this agreement to the contrary notwithstanding.

The Trustee is made a party to and has executed this agreement only for the purposes of this Section One, and the Trustee shall not be considered or held to be a party to any of the provisions contained in the other sections of this agreement.

§ 2. It is hereby agreed by the Proprietary Companies with each other and with the Station Company that all claims which the Proprietary Companies now have or at any time, as long as any of the Gold Bonds are outstanding, shall have against the Station Company, and any judgments which any of said Proprietary Companies now have or shall hereafter have, based on claims for moneys advanced by said Proprietary Companies, or any of them, for the purpose of enabling the Station Company to pay interest upon its First Mortgage Gold Bonds, issued under the Station Company's First Mortgage to Illinois Trust and Savings Bank, trustee, dated July 1, 1915, are hereby subordinated to the claims and rights of the holders of the Gold Bonds issued or to be issued under said Trust Indenture, dated December 1, 1924, and the Trustee under said Trust Indenture and the holders of the Gold Bonds are hereby given priority as against such claims of the Proprietary Companies or any of them.

§ 3. It is hereby agreed that, as between the parties hereto, the first sentence of Section Six of the above mentioned operating agreement, dated July 2, 1915, is hereby amended so as to read as follows:

The Proprietary Companies agree that the gross annual rental to be paid by them for the use of the said station and facilities shall be a sum of money sufficient to pay interest on bonds (including interest on 5% Guaranteed Gold Bonds not exceeding \$15,000,000 principal amount issued under the Trust Indenture of the Station Company to Illinois Merchants Trust Company dated December 1, 1924) and other capital obligations of the Station Company, all taxes and special assessments, and a dividend of not less than five per cent. (5%) annually on the outstanding capital stock.

Except as herein amended, said operating agreement dated July 2, 1915, as amended February 1, 1919, and all remedies and provisions of said operating agreement, amended as aforesaid, shall remain in full force and effect.

In witness whereof, the parties hereto have caused this agreement to be executed by their proper officers duly authorized and their respective cor-

SUPPLEMENTAL AGREEMENT December 27, 1918. The Saint Paul Union Depot Company and Chicago Milwaukee and St. Paul Railway Company, Chicago St. Paul Minneapolis and Omaha Railway Company, Chicago Burlington and Quincy Railroad Company, Minneapolis St. Paul and Sault Ste. Marie Railway Company, Great Northern Railway Company, Northern Pacific Railway Company, Chicago Great Western Railroad Company, The Minneapolis and St. Louis Railroad Company, The Chicago Rock Island and Pacific Railway Company. Terminal facilities St. Paul, Minnesota 0.53 miles.

This Indenture, made this 27th day of December, 1918, between The Saint Paul Union Depot Company, a Minnesota corporation party of the first part;

and Chicago, Milwaukee and St. Paul Railway Company; Chicago St. Paul, Minneapolis and Omaha Railway Company; Chicago, Burlington and Quincy Railroad Company; Minneapolis, St. Paul and Sault Ste. Marie Railway Company; Great Northern Railway Company; Northern Pacific Railway Company; Chicago Great Western Railroad Company; The Minneapolis and St. Louis Railroad Company, and The Chicago, Rock Island and Pacific Railway Company, parties of the second part.

Whereas, the parties entered into an indenture dated December 18, 1916, commonly called "Operating Agreement between The Saint Paul Union Depot Company and its Stockholding Tenants," by the 9th section of which the stockholding tenants agreed among other things to pay the interest on \$11,500,000.00 (or so much thereof as from time to time may be outstanding) of First Refunding Mortgage Bonds of the Depot Company, and also "such other expenses and liabilities as may be incurred in the preservation and management of said property (of the Depot Company) and the business thereof;" and

Whereas, for the purpose of adding to and improving its property and in lieu of issuing at this time the First and Refunding Bonds referred to in said section 9, the Depot Company proposes to issue its five-year 5½% guaranteed gold notes to the amount of \$8,000,000.00 and has borrowed and may hereafter borrow for the same purposes other moneys from time to time.

Now Therefore, it is agreed between the parties that all obligations issued and to be issued for any of the purposes for which said First and Refunding Bonds can properly be issued according to the terms of the said mortgage, whether the said obligations are in form notes or bonds and whether they be secured by said mortgage or not are obligations the interest on which by the true intent and meaning of said section 9 of the Operating Agreement is payable by the parties of the second part; and that said interest shall be treated under the Operating Agreement the same as interest upon First and Refunding Mortgage Bonds. *But provided* that the total of such mortgage bonds plus all the obligations referred to in this contract at any time outstanding shall not exceed \$11,500,000.00.

In Witness Whereof, the parties hereto have caused this instrument to be executed by their respective officers in that behalf duly authorized the day and year first above written. (In twelve counterparts.)

SUPPLEMENTAL AGREEMENT November 2, 1923, The Saint Paul Union Depot Company and Chicago Milwaukee and St. Paul Railway Company, Chicago St. Paul Minneapolis and Omaha Railway Company, Chicago Burlington & Quincy Railroad Company, Minneapolis St. Paul

and Sault Ste. Marie Railway Company, Great Northern Railway Company, Northern Pacific Railway Company, Chicago Great Western Railroad Company, The Chicago Rock Island and Pacific Railway Company, The Minneapolis and St. Louis Railroad Company. Terminal facilities, St. Paul, Minnesota, 0.53 miles.

Amendment to Operating Agreement between The Saint Paul Union Depot Company and its stockholding tenants.

The St. Paul Union Depot Company. Amendment to Operating Agreement for use of Union Passenger Station and Terminal Facilities.

This Indenture, made this 2nd day of November, 1923, between The Saint Paul Union Depot Company (hereinafter referred to as "The Depot Company"), party of the first part, and Chicago, Milwaukee and St. Paul Railway Company; Chicago, St. Paul, Minneapolis and Omaha Railway Company; Chicago Burlington & Quincy Railroad Company; Minneapolis, St. Paul and Sault Ste. Marie Railway Company; Great Northern Railway Company; Northern Pacific Railway Company; Chicago, Great Western Railroad Company; Chicago, Rock Island and Pacific Railway Company; The Minneapolis and St. Louis Railroad Company, and W. H. Bremner, as Receiver of said Minneapolis and St. Louis Railroad Company, parties of the second part, hereinafter called the "Railway Companies," *Witnesseth*:

I.

Whereas, in that certain operating agreement heretofore entered into between the parties hereto, and dated December 18, 1916, the aggregate amount of bonds to be first issued under the First and Refunding Mortgage of The Depot Company, is limited to \$11,500,000.00 and it is now intended to issue, under said mortgage bonds aggregating \$15,500,000.00 instead of \$11,500,000.00:

Now Therefore, It Is Agreed that the Operating Agreement between the parties hereto, dated December 18, 1916, be amended so that paragraph four of section nine thereof shall read as follows:

"FOURTH: The payment of semi-annual interest at a rate to be fixed by the Board of Directors of The Depot Company upon the Fifteen Million, Five Hundred Thousand Dollars (\$15,500,000.00) of bonds first issued under and secured by said First and Refunding Mortgage, or so much thereof as from time to time may be outstanding."

and so amended thereafter and throughout said Operating Agreement that wherever the authorized first issue of bonds under said First and Refunding Mortgage or the indebtedness represented thereby is referred to in the sum of \$11,500,000.00, said words and figures representing that amount be amended to read "Fifteen Million, Five Hundred Thousand Dollars (\$15,500,000.00)."

W. H. Bremner, solely in his capacity as Receiver of The Minneapolis and St. Louis Railroad Company, one of the parties to this agreement, joins in this agreement in his official capacity as such Receiver, and binds the trust estate in his hands as such Receiver to the extent and in the manner

authorized and provided by the order of the District Court of the United States for the District of Minnesota, Fourth Division, authorizing him to join in this agreement as such Receiver.

In Witness Whereof, the said parties hereto have caused these presents to be signed in twelve counterparts by their respective Presidents or Vice-presidents, in that behalf duly authorized, and impressions of their respective corporate seals to be hereunto affixed and attested by their respective Secretaries or Assistant Secretaries, the day and year first above written.

RELEASE, August 30, 1905 The Farmers' Loan and Trust Company to
 The Chicago and Rock River Railroad Company.

(See page 1046)

Know All Men by These Presents, That

Whereas, The Chicago and Rock River Railroad Company, a corporation duly organized and existing under and by virtue of the laws of the State of Illinois, for the purpose of securing a series of bonds to an amount not exceeding Twenty Thousand Dollars (\$20,000.00) per mile of its completed railroad, did make, execute and deliver to The Farmers' Loan and Trust Company, a corporation duly organized and existing under and by virtue of the laws of the State of New York, a certain Indenture of Mortgage, dated July 1, 1871, recorded in the office of the Recorder of Whiteside County, State of Illinois, on November 14, 1871, in Book 55, on page 166; and also recorded in the office of the Recorder of De Kalb County, said State, on November 15, 1871, in Book 31 of Mortgages on page 38; and also recorded in the office of the Recorder of Lee County, said State on November 16, 1871, in Book "R" of Mortgages on Page 243; and also recorded in the office of the Clerk of the Circuit Court, Kendall County, said State ex-officio Recorder thereof on November 24, 1871, in Book 31, Page 334; and also recorded in the office of the Clerk of the Circuit Court in and for Will County, said State, and ex-officio Recorder thereof on December 1st, 1871, in Book 121, of Mortgages, Page 481; and

Whereas, All the bonds and unpaid coupons which have been issued and certified under and in pursuance of the terms of said mortgage have been cancelled and discharged, so that no bonds or coupons are now outstanding secured by said mortgage or entitled to the security thereof,

Now, therefore, The Farmers' Loan and Trust Company, as Trustee, under aforesaid Indenture of Mortgage *Doth Hereby Certify* that the said Indenture of Mortgage and the bonds secured thereby are paid and satisfied, and *Doth Hereby Consent* that the said Indenture of Mortgage be discharged of record.

And, The Farmers' Loan & Trust Company as Trustee as aforesaid, in consideration of the sum of One Dollar, to it in hand paid by the said Chicago & Rock River Railroad Company, hath remised, released and quit-

claimed, and by these presents doth remise, release and quit-claim unto the said Chicago & Rock River Railroad Company, and to its successors and assigns, forever, ALL the property and premises, real and personal, of every sort and description, in the said mortgage mentioned and described (reference being made to the said mortgage for fuller description), together with all the appurtenances thereof, and all the estate, right, title and interest, possession claim and demand whatever, as well at law as in equity, of the said The Farmers' Loan and Trust Company as Trustees aforesaid, of, in and to the said property and premises and every part and parcel thereof, with the appurtenances; *To Have and to Hold* the same unto the said Chicago and Rock River Railroad Company, its successors and assigns forever, free and discharged of any lien, claim or interest whatever of the said The Farmers' Loan and Trust Company as Trustee as aforesaid in the same or any part thereof.

In Witness Whereof, The said The Farmers' Loan and Trust Company as Trustee as aforesaid hath caused its corporate name to be hereunto subscribed, its corporate seal to be hereunto affixed and these presents to be duly attested at the City of New York this 30th day of August, One thousand, nine hundred and five.

The Farmers' Loan and Trust Company, as Trustee.

By E. S. MARSTON, *President*

Attest: SAM. SLOAN JR., *Secretary*

UNITED STATES OF AMERICA, }
STATE, CITY AND COUNTY OF NEW YORK } ss.

I, George H. Corey, a Commissioner of Deeds for the State of Illinois in and for the state of New York, duly commissioned and sworn, and dwelling in said City of New York, do hereby certify that on this 30th day of August, 1905, at the City of New York, in the County and State of New York, before me personally came Edwin S. Marston, to me personally known to be the President of the Farmers' Loan and Trust Company, and the person whose name is subscribed to and who executed the foregoing instrument as such President, who, being duly sworn, did depose and say that he resides in the City of New York and State of New York and is the President of the Farmers' Loan and Trust Company; that he knows the corporate seal of said Trust Company; that the seal affixed to the foregoing instrument is such corporate seal, and that he affixed the same and signed said instrument as President by authority of the Board of Directors of the said Trust Company; and he did further acknowledge that he, as such President, as aforesaid, signed and delivered the said instrument as the act and deed of the said corporation for the purposes and uses therein set forth.

Given under my hand and official seal, at the said City of New York this 30th day of August, A. D., 1905.

GEO. H. COREY,

Commissioner for the State of Illinois.

Office No. 56 Wall Street, New York City.

[SEAL]

BURLINGTON, SOUTH CHICAGO TERMINAL RAILROAD COMPANY

This company was incorporated under the laws of the State of Illinois by Articles dated February 7, 1917, to take effect January 30, 1917, which were filed with the Secretary of State of Illinois February 9, 1917, and recorded in Book 51, page 425.

Article Second describes the road authorized as follows:

"Second: It is intended to construct the said railroad from a point on the railroad of The Belt Railway Company near One Hundredth Street, in the City of Chicago, Illinois, thence extending southerly and southwesterly a distance of about ten (10) miles to the southerly limits of the City of Chicago, in the County of Cook and State of Illinois."

The first meeting of the Directors was held at Chicago, February 12, 1917.

The property of the company consists of approximately twenty-nine acres of land in the South Chicago Dock Company's Addition, south of One Hundredth Street, in the town of Hyde Park, Cook County, Illinois, purchased by the company from the Elgin, Joliet & Eastern Railway Company by deed dated February 16, 1917, recorded in Book 14,333, page 566, of the Deed Records of said Cook County, which land is occupied with main and side tracks approximately 53,542 feet in length, together with roundhouse and other appurtenances.

The tracks owned by the company are operated as side and terminal tracks and terminal property of the Chicago, Burlington & Quincy Railroad Company, which owns all of the capital stock of this company, and is also part owner of The Belt Railway Company of Chicago, whose tracks form a connection between the roads of said companies.

This company is still in active existence.

ARTICLES OF INCORPORATION, February 7, 1917, Burlington South Chicago Terminal Railroad Company.

Certificate Number 2483

State of Illinois

Office of

The Secretary of State

To All To Whom These Presents Shall Come, Greeting:

I, Louis L. Emmerson, Secretary of State of the State of Illinois, do hereby certify that the following and hereto attached is a true copy of Articles of Incorporation of Burlington, South Chicago Terminal Railroad Company, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Great Seal of the State of Illinois, Done at the City of Springfield this 19th day of June, A. D. 1918.

[SEAL]

LOUIS L. EMMERSON,
Secretary of State.

Articles of Incorporation of the Burlington South Chicago Terminal Railroad Company.

We the undersigned, Hale Holden, Edward M. Shelton, Harry E. Byram, Claude G. Burnham and Elmer A. Howard, desiring to form an incorporated company for the purpose of constructing and operating a railroad under the laws of Illinois, hereby adopt the following articles of incorporation:

First: The name of the proposed corporation shall be the Burlington South Chicago Terminal Railroad Company.

Second: It is intended to construct the said railroad from a point on the railroad of The Belt Railway Company near One Hundredth Street, in the City of Chicago, Illinois, thence extending southerly and southwesterly a distance of about ten (10) miles to the southerly limits of the City of Chicago, in the County of Cook, and State of Illinois.

Third: The principal business office of said company shall be established and maintained at the City of Chicago, in the County of Cook and State of Illinois.

Fourth: The time of the commencement of the corporation shall be January 30, 1917, and it shall continue for fifty (50) years thereafter, with the right to renew same, as may be provided by law.

Fifth: The amount of the capital stock of the corporation shall be One Million, Five Hundred Thousand Dollars (1,500,000).

Sixth: The names and places of residence of the several persons forming the association for incorporation are:

Hale Holden,	Chicago, Illinois.
Edward M. Shelton,	Hinsdale, Illinois.
Harry E. Byram,	Evanston, Illinois.
Claude G. Burnham,	Kenilworth, Illinois.
Elmer A. Howard,	Chicago, Illinois.

Seventh: The names of the first Board of Directors are Hale Holden, Edward M. Shelton, Harry E. Byram, Claude G. Burnham and Elmer A. Howard, and the government of the proposed corporation and the management of its affairs shall be vested in said Board of Directors, and a President, Vice-President and Secretary and Treasurer, to be elected by said Board of Directors.

Eighth: The capital stock of the corporation shall be divided into fifteen thousand (15,000) shares of the par value of One Hundred Dollars (\$100) Each.

In Witness Whereof, we have hereunto severally subscribed our names this 7th day of February, A. D. 1917.

Dom. Corp. Dept. Jun 19, 1918. Compared by J. P. M. and R. B. P.

LEASE, July 1, 1922, Burlington South Chicago Terminal Railroad Company to Chicago, Burlington & Quincy Railroad Company.

Indenture of Lease, Made and entered into this First day of July, 1922, by and between the Burlington South Chicago Terminal Railroad Company, a corporation, organized and existing under and by virtue

of the laws of the State of Illinois, as Lessor, and the Chicago, Burlington & Quincy Railroad Company, a corporation, also organized and existing under and by virtue of the laws of the State of Illinois, as Lessee;

Witnesseth: That,

Whereas, the said Lessor is the owner of certain terminal facilities, consisting of land, yards, boat slip, docks, railroad tracks and buildings, located along the Calumet River between One Hundredth and One Hundred and Sixth Streets in the City of Chicago, County of Cook, and State of Illinois, and constituting all of the property owned by said lessor; the location thereof being more particularly shown on blue print No. 45380, hereto attached, identified by the signature thereon of R. W. Willis, and made a part hereof, and being hereinafter referred to as the "property" of said Lessor; and,

Whereas, the said Lessee, Chicago, Burlington & Quincy Railroad Company, desires to lease all of said property of the Lessor; and,

Whereas, it is believed by the President and Board of Directors of said Lessor that it is for the best interests of the said Lessor that all of its said property shall be leased to said Lessee, the Chicago, Burlington & Quincy Railroad Company:

Now, Therefore, This Indenture Witnesseth:

That the said Lessor, the Burlington South Chicago Terminal Railroad Company, in consideration of the stipulations and agreements herein contained to be kept and performed by the said Lessee, has granted, demised and leased, and does hereby grant, demise and lease to the said lessee, the Chicago, Burlington & Quincy Railroad Company, its successors and assigns, for the period hereinafter stated, all and singular its said property consisting, as aforesaid, of land, yards, boat slip, docks, railroad tracks and buildings, located along the Calumet River between 100th and 106th Streets in the City of Chicago, County of Cook, and State of Illinois, and constituting all of the property owned by said Lessor, the location thereof being more particularly shown on blue print hereto attached, together with all rights of way and other lands or interests therein belonging to or connected with the said property of said Lessor, all buildings and structures belonging thereto or used in connection therewith, together with all fixtures and appurtenances, and all other property of every kind and description belonging to or appertaining to the said property, or any part thereof, of said Lessor.

To Have and to Hold the said property and premises above mentioned, described and referred to, unto said Chicago, Burlington & Quincy Railroad Company, for and during the period hereinafter named.

And the said Lessee, in consideration of the leasing to it of the said property of the Lessor as above set forth, does hereby covenant and agree with the said Lessor, its successors and assigns, to take immediate possession of the said demised property above mentioned and described, and to maintain the same in good operating condition for and during the term of this lease; to pay, or cause to be paid, all taxes and assessments

that may be lawfully charged or assessed against said property, or any part thereof, and all franchise, income, occupation or other taxes or impositions that may be lawfully levied or imposed upon the said Lessor during the term of this lease; to keep said property in good condition and repair; and to return the same to the said Lessor at the expiration of this lease in as good condition and repair as the same is in at the commencement of said term.

This lease is made subject to all leases, trackage agreements, and other contracts and agreements to which the said Lessor is a party and which are in force and effect at the date hereof. The said Lessee shall be entitled to all rents, income and profits accruing out of any and all leases, contracts and agreements of the Lessor in effect at the date hereof, and shall, as between the parties hereto, assume and discharge all liabilities of said Lessor arising out of any and all of said leases, contracts and agreements of said Lessor existing on the date hereof, it being expressly understood and agreed, however, that this undertaking of the Lessee to assume and discharge the liability of said Lessor arising out of any such lease, contract or agreement of said Lessor, is made for the sole benefit of said Lessor, and not for the benefit of any other party to any such lease, contract or agreement, and that the said Lessee shall not by reason of anything herein contained, or otherwise, be liable directly or indirectly to any other party to any such lease, contract or agreement of said Lessor.

No additions or betterments shall during the term of this lease be made to said property of said Lessor without the consent in writing of said Lessor. In case additions or betterments are during the term hereof made to said property of the Lessor with the consent of said Lessor, or in compliance with the lawful order of any court or commission having jurisdiction thereof and requiring the same to be made, the cost of any and all such additions and betterments to said property of said Lessor shall be advanced and paid by said Lessee. Any sums so advanced and paid by said Lessee shall be charged to said Lessor and shall be repaid to said Lessee by the said Lessor, its successors or assigns, upon the termination of this lease. No interest shall during the term of this lease be charged against or be payable by said Lessor upon any sums so advanced by said Lessee in payment of the cost of additions or betterments so made to said property of the Lessor; provided, that all sums so advanced by the Lessee which are not repaid by the Lessor within one year after the date of the expiration of this lease shall bear interest at the rate of six per cent (6%) per annum from and after said period of one year after the expiration of this lease until repaid, such interest at the rate aforesaid to be payable semi-annually.

This lease shall take effect on the date hereof and shall continue in force and effect for the period of two (2) years from and after said July 1, 1922, and thereafter until terminated by either party upon sixty (60) days' written notice.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their proper officers, and their corporate

1944 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

seals to be affixed and attested by their respective Secretaries, the day and year first above written.

AGREEMENT, May 3, 1927, Jacksonville & Havana Railroad Company and Chicago, Burlington & Quincy Railroad Company.

This Agreement, Made and entered into this 3rd day of May A. D. 1927, by and between the Jacksonville & Havana Railroad Company, a Corporation, hereinafter referred to as the "Jacksonville Company", party of the first part, and the Chicago, Burlington & Quincy Railroad Company, a Corporation, hereinafter referred to as the "Burlington Company", party of the second part,

Witnesseth:

Whereas, The Jacksonville Company is the owner of certain railroad tracks in the City of Jacksonville, Illinois, as indicated in green on blue print No. 62699, identified by the signature of A. W. Newton, marked Exhibit 'A' hereto attached and made a part hereof, and

Whereas, The Burlington Company is the owner of certain other tracks and facilities extending southerly from said tracks of the Jacksonville Company to Waverly, Illinois and shown in red on said Exhibit 'A', and

Whereas, each of the parties hereto desires to use the tracks of the other as shown in color on said Exhibit 'A' and each is willing to grant to the other such use upon the conditions hereinafter contained,

Now Therefore: In consideration of the premises and the mutual covenants and agreements hereinafter contained it is agreed by and between the parties hereto as follows:

ARTICLE I.

Section 1. Subject to all and singular, the terms and conditions herein-after contained and to the observance and performance by each of the parties hereto of all those covenants and agreements hereinafter set forth by it to be observed and performed each of the parties hereto grants to the other the right to use during the term hereof its tracks shown in color on said Exhibit 'A' for the movement thereover of the engines, trains, and cars of such other party in the handling of its business as a common carrier.

§ 2. The tracks of the Burlington Company, the use of which is granted to the Jacksonville Company, under the terms of Section 1 hereof, shall be used by the Jacksonville Company for the sole and only purpose of transporting thereover cars and business of the Jacksonville Company in through movement from and to Jacksonville, Illinois, and Waverly, Illinois, and points beyond; and nothing in this agreement contained shall ever be

construed as granting to the Jacksonville Company the right to use said tracks or facilities of the Burlington Company for the handling of local business between, from or to intermediate points on the line of the Burlington Company. The tracks of the Jacksonville Company, the use of which is granted to the Burlington Company under the terms of Section 1 hereof, shall be used by the Burlington Company for the sole and only purpose of transporting thereover cars and business of the Burlington Company in through movement from and to points reached via the rails of the Burlington Company; also, the use of interchange tracks with connecting lines for the sole purpose of interchanging traffic to and from connecting lines, and nothing in this agreement contained shall ever be construed as granting to the Burlington Company the right to use said tracks or facilities of the Jacksonville Company for the handling of local business on the line of the Jacksonville Company.

§ 3. The use granted to the Jacksonville Company under the terms of Section 1 hereof shall further be restricted to a total of one hundred twenty (120) trains monthly between Jacksonville, and Waverly, Illinois, trains in either direction to be counted and such total to be cumulative for one month only, failure of the Jacksonville Company to make full use of said tracks of the Burlington Company in any one month giving no right to any excess use by it in a succeeding month. In counting trains of the Jacksonville Company, under the terms of this Section 3, light engines, or engines with waycars only, passing over the tracks of the Burlington Company to equalize power, to relieve failed engines or for similar purposes shall not be counted, but all other equipment of the Jacksonville Company, regardless of the nature of the movement over the tracks of the Burlington Company, shall be counted.

§ 4. Trains of the Burlington Company operating over any of the main line tracks of the Burlington Company covered by this agreement shall at all times and under all circumstances be given precedence over any train of the Jacksonville Company. Passenger trains of the Jacksonville Company while operating over any of the main line tracks of the Jacksonville Company covered by this agreement shall at all times and under all circumstances be given precedence over any train of the Burlington Company, thereon, provided, however, that the use by either Company of any track included under the terms hereof shall not be such as to unduly delay trains of the other Company in the use of such tracks in the business permitted hereunder.

§ 5. Trains of each party hereto shall be operated by its own employees over the tracks of the other, but such employees while operating over such tracks shall be under the jurisdiction, authority and control of employees of the owner of such tracks appointed by it to exercise such jurisdiction, authority and control. All employees of either party hereto using the tracks of the other or having jurisdiction over the employees of the other shall be satisfactory to such other party and any such employee shall, upon written request of the other party hereto, be removed from service over or upon the tracks jointly used hereunder, provided, however, that such removal shall not be inconsistent with any agreement which such party may have at the time with its employees covering wages or working conditions.

§ 6. Either party hereto may admit other users to its own facilities, but neither party hereto shall admit such users to the tracks of the other party, and no such use granted to a third party shall be such as to interfere with the use granted to the other party hereunder.

§ 7. Either party hereto may take coal or water at the facilities of the other located adjacent to said tracks the use of which is herein granted, but in such case charges shall be made by the party owning such facilities at its standard rate for such service.

§ 8. In case of the wreck of a train of either party hereto upon the facilities of the other, the party upon whose facilities such wreck may have occurred shall perform the service of picking up the same and the party whose train is involved therein shall pay and assume all expense incurred by such party in said service.

ARTICLE II

Section 1. Each party hereto shall maintain, repair and renew the tracks owned by it, the joint use of which is granted herein, and no charge shall be made against the other party hereto because of any such maintenance, repair or renewal.

§ 2. It is agreed by the parties hereto that the standard of maintenance for the main line track of each party hereto shall be that used by the Burlington Company in maintaining the track shown in red on said Exhibit 'A', and the Jacksonville Company hereby expressly agrees that it will maintain, repair and renew its main line track shown in green on said Exhibit 'A' in a condition equal to that of the Burlington Company shown in red thereon.

§ 3. Should the Jacksonville Company fail, neglect or refuse to fully maintain its main line track under the terms of Section 2 hereof, then and in that event and should such failure continue for a period of ten (10) days after written notice thereof shall have been served by the Burlington Company upon the Jacksonville Company, the Burlington Company may enter upon said tracks of the Jacksonville Company and perform such work as may be required thereon to bring them to the standard of maintenance hereinbefore agreed upon, and all cost or expense incurred by the Burlington Company in such work shall be assumed and paid by the Jacksonville Company within ten (10) days after receipt of bill therefor from the Burlington Company.

§ 4. Each party hereto shall bear the entire cost of all additions and betterments to its own facilities leased hereunder, and each shall pay all taxes, assessments or Governmental imposts or duties levied upon, against or on account of its own facilities, and neither party hereto shall be liable to the other for any portion thereof.

§ 5. No rental shall be charged by either party hereto against the other party hereto on account of the use of its facilities by such other party under the terms hereof.

ARTICLE III

Section 1. Subject to the provisions of Sections 2 and 3 of Article II each party hereto shall be bound to use only reasonable and customary care,

skill and diligence in maintaining and repairing its own track leased hereunder, and in managing and operating the same, and neither party hereto shall by reason of any defects in the property of the other make against the other party hereto any claim or demand for loss, damage or injury arising therefrom.

§ 2. Except as hereinafter specifically provided, each party hereto shall assume and bear all liability arising upon the tracks owned by it and leased hereunder.

§ 3. For the purposes of this Section 3, any employe of either party hereto exercising jurisdiction, authority or control over the trains of the other party hereto under the terms of Section 5 of Article I hereof, shall be construed to be the employe of such other party while so engaged.

Except in the case of collisions involving the trains of both parties each party hereto assumes all risk of loss, damage, injury or death occurring upon the railway properties jointly used, to property of such party or to property in its custody, or to its passengers, or to its employes, or to the third persons, or to employes of the other party, or to the properties jointly used, by reason of or growing out of the use of any parts of the railway jointly used of any engine, car or train of such party, in all respects as if such party had been in the exclusive use and control of said railway.

In case of collision on the said railway jointly used, between engines, cars or trains of both parties, caused solely by the negligences of the sole employes of one of the parties, the party whose employes are at fault shall be responsible for and pay the entire loss, damage and injury caused thereby; in case of such collision caused by the joint negligence of the sole employes of both parties, or in case it cannot be determined whose employe or employes were at fault, each party shall bear and pay for all loss, damage, injury or death which its own property or property in its custody, or its passengers, or its employes may have suffered in consequence thereof, and an equal share of all other loss, damage, injury or death by whomsoever or whatsoever sustained.

§ 4. Each party hereto covenants and agrees with the other that it will pay for all loss, damage, and expense, both as to persons and property, the risk of which it has herein assumed, the judgment of any court to the contrary notwithstanding, and will forever indemnify and save harmless the other, its successors and assigns from and against all liability and claim therefor, or by reason thereof, and will pay, satisfy and discharge all judgments that may be rendered by reason thereof and all costs, charges and expenses incident thereto. In the event both parties hereto shall be liable hereunder upon any claim, demand, suit or cause of action arising under the liability sections of this agreement, and the same shall be compromised or settled by a voluntary payment of money or other valuable consideration by either party hereto, release from liability shall be taken to and in the names of both parties hereto. Neither party hereto, however, shall make any such compromise or settlement in excess of the sum of Five Hundred Dollars (\$500.00), without the authority of the others; but any settlement made by either party hereto in consideration of said sum or a less sum shall be binding upon the other party hereto.

§ 5. In case a suit or suits shall be commenced against either party hereto for or on account of any damage or injury for which the other party hereto is solely or jointly liable under this agreement, the party so sued shall give to the other party written notice of the pendency of such suit, and thereupon the other party shall and will assume or join in the defense thereof; and if the party so notified is solely liable under this agreement it shall and will save and hold harmless the party so sued from its proportion of all such loss, cost and expense, as determined by this agreement. Neither party hereto shall be concluded by any judgment against the other party hereto unless it shall have had reasonable notice that it was required to defend or join in the defense and reasonable opportunity so to do. When such notice and opportunity shall have been given, the party so notified shall, to the extent of its liability, as determined by this agreement, be concluded by the judgment as to all matters which could have been litigated in such suit.

ARTICLE IV

If at any time a question shall arise touching the construction of any part of this agreement, or concerning the business or manner of transacting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein contained, upon which question the parties hereto cannot agree, such question shall be submitted to the arbitrament of three disinterested persons to be chosen, one by the Jacksonville Company, one by the Burlington Company, and one by the two so chosen. The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten (10) days after notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice may and shall name and appoint an arbitrator for and in behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party. If the two arbitrators so chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator as aforesaid, such third arbitrator may be appointed, upon ten (10) days' notice by either party hereto to the other party hereto of its intention to make application therefore, by any Judge of the District Court of the United States for the District which shall then include Jacksonville, Illinois. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the questions submitted to them, and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them and shall serve a copy of such award upon each party hereto, and the award of such arbitrators, or a majority of them, shall be final and binding upon both parties, and each

or either party shall immediately make such changes in the conduct of its business or such payment or restitution as the case may be as in and by such award may be required of them respectively. The books and papers of both parties, so far as they relate to matters submitted to arbitration, shall be open to the examination of the arbitrators and the party against whom the award shall be made shall pay all the fees and expenses of the arbitrators. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

ARTICLE V

This agreement shall be effective upon July 1st, 1927 and shall remain in full force and effect and be binding upon the parties hereto, their successors and assigns, for the full term of fifty (50) years thereafter, or until June 30th, 1977, provided however, that this agreement may become effective upon any date prior to July 1st, 1927 upon ten (10) days' written notice served by the Jacksonville Company upon the Burlington Company indicating therein its desire to so advance such effective date. Upon June 30th, 1977 this agreement and all its terms and conditions shall cease and determine, saving and excepting any liability which may have arisen out of transactions had hereunder prior to such date of termination.

In Witness Whereof, each party hereto has executed this agreement in duplicate as of the day and date first above written.

AGREEMENT, March 30, 1928 Chicago, Burlington & Quincy Railroad Company and Toledo, Peoria & Western Railroad.

This Agreement, made and entered into this thirtieth day of March A.D., 1928, by and between the Chicago, Burlington & Quincy Railroad Company, a corporation, hereinafter referred to as the Burlington Company, party of the first part, and the Toledo, Peoria & Western Railroad, a corporation, hereinafter referred to as the Peoria Company, party of the second part.

Witnesseth,

Whereas, The Burlington Company is the owner of certain railroad tracks situated in the City of Peoria, Illinois, shown—

- (1) in solid red between the points "A" (point of connection with the track of The Chicago, Rock Island & Pacific Railway Company) and "O" (as defined in Article I, Section 5 hereof), and
- (2) in dashed green between the points "S" (a point of switch at approximately the northeast line of Chestnut Street) and "C" (point of switch

of crossover connecting with track shown in solid red, located in Water Street, approximately sixty (60) feet southwesterly of the southwest line of Chestnut Street), and

- (3) the Burlington Company is also the owner of or possesses the right to admit the Peoria Company to the use of trackage shown in dashed green between the points "B" (center of double slip switch lying in Water Street approximately eighty (80) feet northeasterly of the northeast line of Chestnut Street) and said point "S"—

all as indicated on blue print 64010-A, identified by the signature of A. W. Newton, marked Exhibit "A", hereto attached and made a part hereof, and,

Whereas, the Burlington Company is willing to replace, upon the terms hereinafter contained, the present crossover from "S" to "C" with a No. 11 crossover, starting from "S" and terminating at "M", as shown by the dashed red line (point "M" being approximately one hundred and thirty (130) feet Southwesterly of the Southwest line of Chestnut Street), and to re-arrange its so called crook tracks across Chestnut Street so they will connect with the present stub track of the Burlington Company, instead of with the main line, as indicated in solid yellow on Exhibit "A", and,

Whereas, the Burlington Company is willing to construct, after necessary arrangements have been made for the same by the Peoria Company, and upon the terms hereinafter contained, the connections shown in dashed red line between the points "O" and "P" and the dashed purple lake line between the points "R" and "D", and,

Whereas, the Peoria Company desires to use said tracks, so shown in solid red, dashed red, and dashed green on said Exhibit "A", and may also desire to use the tracks shown in dashed purple lake, for the purpose of operating its engines, trains and cars thereover, including engines and cars of other companies while engaged in the interchange of traffic with the Peoria Company in the conduct of the business of the Peoria Company as a common carrier at and through the City of Peoria, Illinois, and,

Whereas, the Burlington Company is willing to grant the Peoria Company the right to so use its said tracks, but only upon the terms and conditions hereinafter specified,

Now, Therefore, in consideration of the premises and the mutual covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

ARTICLE I.

Section 1. The Burlington Company hereby grants to the Peoria Company, during the term hereof, in common with the Burlington Company and such other company or companies as it may admit to the use of the same, and subject to all and singular the terms and conditions hereinafter contained, the right to operate its engines, trains and cars with its own employes over the track of the Burlington Company shown in solid red on said Exhibit "A" between the points "A" and "O".

§ 2. The Burlington Company further grants to the Peoria Company the right to use, in the same manner as provided in Section 1 hereof, in addition to the track shown in solid red as referred to in Section 1 hereof,

but within the limitations hereinafter in this agreement prescribed, that track shown in dashed green from "B" to "C" on said Exhibit "A", and also the crossover from "S" to "M", as shown by the dashed red line, when the same shall have replaced the crossover from "S" to "C", but nothing herein contained shall ever be construed as obligating the Burlington Company to assist the Peoria Company, in obtaining trackage to reach said point "B", this being under the terms hereof an obligation assumed by the Peoria Company alone.

§ 3. The grant to the Peoria Company contained in Section 2 hereof, under the terms of which it is given the right to use said trackage shown in dashed green between the points "B" and "C" on said Exhibit "A", shall be construed to be a temporary grant only so far as it covers that portion thereof now extending from "S" to "C" and upon completion of the crossover to extend from "S" to "M", as shown by dashed red line on said Exhibit "A", such grant to use crossover "S" to "C" shall forthwith lapse and determine and the Peoria Company shall have no further right during the remainder of the term hereof to use said crossover "S" to "C" for any purpose whatsoever, but in lieu thereof shall have the right to use, under the terms hereof, the crossover "B" to "M".

§ 4. As soon as may be after the date of execution hereof, the Burlington Company will replace the present crossover from "S" to "C" with a No. 11 crossover, starting at point "S" and terminating approximately at point "M", as shown by the dashed red line on Exhibit "A", and will also re-arrange its so called crook tracks across Chestnut Street so that they will connect with the present stub track of the Burlington Company instead of with the main line, approximately as indicated in solid yellow on Exhibit "A". The entire expense incurred by the Burlington Company in the replacement of the said crossover and in the said re-arrangement of its crook tracks shall be borne and assumed by it except as hereinafter specifically provided.

§ 5. As soon as may be after the date of execution hereof, the Burlington Company will construct that trackage shown in dashed red on said Exhibit "A", extending from the point "O", which is defined to be the existing derail in the track of the Burlington Company easterly from the crossing of the tracks of the Burlington Company and the Peoria Terminal Company, to the point "P" in the right of way line of the Burlington Company, said trackage to serve as a portion of a connection between the rails of the Burlington Company and those of the Peoria Terminal Company, but it is an expressed condition precedent to such construction by the Burlington Company, that the Peoria Company shall have first had and obtained the written consent of the Peoria Terminal Company to the construction of said connection, a copy of such written consent to be furnished to the Burlington Company by the Peoria Company prior to the date work is started thereon by the Burlington Company. The entire expense incurred by the Burlington Company in the construction of that portion of said connection hereinabove in this Section 5 referred to shall be borne and assumed by it except as hereinafter specifically provided.

§ 6 At any time during the term hereof, the Peoria Company may, by the service of at least thirty (30) days written notice upon the Burlington

Company, require the Burlington Company to assist in the construction of a direct connection between its rails and those of the Peoria Company, the approximate location of said connection being shown by dashed purple lake and dashed white lines on said exhibit "A" between the points "R" and "E". Upon the expiration of the period named in said notice, the Burlington Company shall construct that portion of said connecting track shown in dashed purple lake on said Exhibit "A" between the point "R" (the point of switch in the main line of the Burlington Company) and the point "D" (the right of way line of the Burlington Company) and the entire expense incurred therein shall be borne and assumed by the Burlington Company except as hereinafter specifically provided. The remainder of said connecting track shall be constructed by and at the sole expense of the Peoria Company. Upon completion of this new direct connection between the rails of the Burlington Company and the Peoria Company, under the terms of this agreement, the grant covered in Section 3 hereof shall forthwith lapse and determine and the Peoria Company shall have no further right during the remainder of the term hereof to use the track or tracks covered by said Section 3 for any purpose whatsoever.

§ 7. All liability of every kind and nature arising out of the work performed or to be performed by the Burlington Company under the terms of Section 4, 5 and 6 of this Article I, shall be borne and assumed by the Peoria Company, regardless of the manner in which said liability may arise, and the Peoria Company shall further obtain any ordinance or authority of any commission which may be required in connection with such construction, the Burlington Company being hereby relieved from all obligations with respect thereto.

§ 8. The Burlington Company hereby grants to the Peoria Company the right to use said tracks constructed and owned by the Burlington Company under the terms of Sections 4, 5, and 6 of this Article I, under the same rules and subject to the same limitations as are prescribed for the use by the Peoria Company of that track shown in solid red on said Exhibit "A" between the points "O" and "R".

§ 9. Anything in this agreement to the contrary notwithstanding, it is expressly understood that the use of the tracks of the Burlington Company by the Peoria Company as provided herein shall at all times be limited in the following manner:

- (a) The main line of the Burlington Company shown in solid red on said Exhibit "A" between the points "O" and "R", the track shown in dashed green between the points "B" and "C", the crossover track shown in dashed red between the points "S" and "M", when constructed, the track shown in dashed red between the points "O" and "P" and the track shown in dashed purple lake between the points "R" and "D", when constructed may be used by all trains of the Peoria Company while engaged in the conduct of its business as a common carrier, except that no yard switching movements may be handled by the Peoria Company thereon.
- (b) The track of the Burlington Company shown in solid red between the points "R" and "A" shall be used by the Peoria Company solely for

the purpose of reaching tracks of The Chicago, Rock Island & Pacific Railway Company for the interchange of cars with that company or its successors and for no other purpose or purposes whatsoever.

§ 10. The Burlington Company agrees that it will permit other companies to move their engines and cars over the tracks of the Burlington Company covered by this agreement whenever such movement is for the sole and only purpose of interchanging cars with the Peoria Company. However, it is an expressed condition for such agreement on the part of the Burlington Company, that the Peoria Company shall, and it hereby does assume full and complete responsibility under all circumstances whatsoever, for such engines and cars, together with the employes operating the same, while upon said tracks of the Burlington Company, in the same manner and to the same extent as were said engines, cars and employes the engines, cars and employes of the Peoria Company upon said tracks of the Burlington Company by virtue of the terms of this agreement, and hereafter in this agreement whenever reference is made to the engines, trains, cars or employes of the Peoria Company such reference is understood to include the engines, trains, cars and/or employes of such other companies admitted to the use of said tracks of the Burlington Company under the terms of this Section 10, provided, however, that if any such other company shall cause damage to the tracks, property or employes of the Burlington Company by reason of negligence on the part of such other company or its employes, then the Peoria Company shall be subrogated to the rights of the Burlington Company to the extent of any payment required to be made by the Peoria Company under this section.

§ 11. The Burlington Company does not warrant its right to grant to the Peoria Company the use of any track or tracks included under the terms of this agreement and no obligation shall be construed to rest upon the Burlington Company requiring it to secure to the Peoria Company the right to use any such track or tracks, the sole and only obligation of the Burlington Company hereunder being to grant to the Peoria Company the right to use said tracks insofar as said Burlington Company may have or acquire the ownership thereof or the right to admit an additional user thereto.

ARTICLE II.

Section 1. For the use of the track shown in solid red on said Exhibit "A", the Peoria Company shall pay as rental to the Burlington Company Three Hundred Thirty-Four and 38/100 Dollars (\$334.38) monthly throughout the terms of this agreement.

§ 2. For the use of the track shown in dashed green on said Exhibit "A" or any portion thereof, the Peoria Company shall pay as rental to the Burlington Company Two and 56/100 Dollars (\$2.56) monthly for so long a period as it shall use said track under the terms of this agreement.

§ 3. The Peoria Company shall further pay the Burlington Company monthly a sum of money which shall be equal to one-twelfth (1/12) of three percent (3%) upon the total cost properly chargeable to Road and Equipment Accounts under the rules of the Interstate Commerce Commission in effect at time such expenditures are made incurred by the Burlington

Company in the replacement of the present cross-over "S" to "C" with the No. 11 cross-over from "S" to "M" and the re-arrangement of the so-called crook tracks, as indicated on Exhibit "A". All other expense incurred by the Burlington Company in said cross-over replacement and in the re-arrangement of said crook tracks is to be borne by the Peoria Company.

Payments under this Section 3 shall begin in the month in which construction work is started and the rental shall be applied each month to the total amount expended by the Burlington Company in or about the replacement or re-arrangement of said tracks, up to the last day of the month immediately preceding that for which rental is being paid. After the completion of said work the amounts paid by the Peoria Company hereunder shall be increased from time to time by an amount which shall be equal to one-twelfth ($1/12$) of three percent (3%) upon all expenditures made by the Burlington Company for additions and betterments to said tracks and properly chargeable to Road and Equipment accounts under the rules of the Interstate Commerce Commission in effect at the time such expenditures are made.

§ 4. The Peoria Company shall further pay the Burlington Company monthly a sum of money which shall be equal to one-twelfth ($1/12$) of six percent (6%) upon the total cost incurred by the Burlington Company in the construction of the connecting track shown in dashed red on said Exhibit "A" between the points "O" and "P" and, if constructed, the connecting track shown in dashed purple lake between the points "R" and "D". Such costs shall include any amounts expended by the Burlington Company because of changes required in the interlocking plant protecting the crossing of the tracks of the Burlington Company and the Peoria Terminal Company and resulting from the construction or use of the connecting track "O-P".

Payments under this Section 4 shall begin in the month in which construction of either of said connecting tracks is started and the rental shall be applied each month to the total amount expended by the Burlington Company in or about the construction of said connecting track or tracks, up to the last day of the month immediately preceding that for which rental is being paid. After the completion of said connecting track or tracks the amounts paid by the Peoria Company hereunder shall be increased from time to time by an amount which shall be equal to one-twelfth ($1/12$) of six percent (6%) upon all expenditures made by the Burlington Company for additions and betterments to said connecting track or tracks and properly chargeable to Road and Equipment Accounts under the rules of the Interstate Commerce Commission in effect at the time such expenditures are made.

§ 5. The Burlington Company shall make all improvements, additions and betterments to the tracks covered by this agreement, that in its opinion may be necessary or desirable for the safe and proper operation of the same (or that any competent public authority may require it to make) and the rentals to be paid by the Peoria Company under the terms of Sections 1, 2, 3 and 4 of this Article II shall be increased or decreased currently by an amount equal to one-twelfth ($1/12$) of three percent (3%) upon the amount of all expenditures for such improvements, additions and betterments, including retirements, when made to the tracks referred to in said Sections

1, 2, 3 and 4 and properly chargeable or creditable to Road and Equipment Accounts under the rules of the Interstate Commerce Commission in effect at the time such expenditures are made.

§ 6. In the event that the Burlington Company shall admit any other company or companies to the use of the tracks covered hereby or any portion thereof, the rentals to be paid by the Peoria Company under the terms of this Article II shall be equitably reduced during the period of such additional use;

§ 7. The Peoria Company shall pay the Burlington Company monthly the full cost and expense incurred by the Burlington Company in the maintenance and operation during the month covered by said bill of the tracks shown in dashed red between the points "O" and "P" and in dashed purple lake between the points "R" and "D", should the latter be constructed. In the event the Burlington Company or any other company or companies, not admitted under the terms of this agreement, shall make use of said connections, or either of them, then the expense of maintenance and operation of the connection or connections so used shall be apportioned between the Burlington Company and the Peoria Company in the manner provided in Section 8 of this Article II.

§ 8. The Peoria Company shall further pay the Burlington Company monthly a car handled proportion of all expenses incurred by the Burlington Company in the maintenance and operation of said tracks shown on Exhibit "A" in solid red from "A" to "O", in dashed green from "S" to "C" (while used by the Peoria Company) and in dashed red from "S" to "M" when constructed, and in determining said car handled proportion, the proportion due from the Peoria Company shall be determined to be that proportion of the total expense so incurred by the Burlington Company, which the number of cars of the Peoria Company passing over said track or tracks or any portion thereof during the month covered by said bill shall bear to the total number of cars passing over said track or tracks or any portion thereof during said period, each engine with or without a caboose to be counted as two cars.

The engines and cars of other companies using said tracks to interchange cars with either the Burlington Company or the Peoria Company shall be included in the count of cars above referred to. Switching movements of either party hereto shall not be counted and the engines and cars of other companies using said tracks to interchange cars with the Peoria Company shall be counted against the Peoria Company.

§ 9. The charges for operation regularly to be made under Sections 7 and 8 of this Article II shall only include such items as are directly assignable to the operation of the tracks provided to be used by the Peoria Company under this agreement by reason of the employees directly engaged in such operation, it being understood that all items of supervision and superintendence shall be paid for as provided in Section 10 of this Article II.

§ 10. In arriving at the amounts to be charged the Peoria Company under the provisions of Sections 3, 4, 7 and 8 of this Article II, the Burlington Company shall add to all items of direct labor ten percent (10%) and to all items of material fifteen percent (15%) to cover freight, handling,

cost of accounting, general supervision and all similar items of expense not capable of exact ascertainment.

§ 11. All payments herein provided to be made by the Peoria Company to the Burlington Company shall be made within thirty (30) days after rendition of bills therefor to the Peoria Company by the Burlington Company and payment of such bills shall not be delayed for errors which are not serious or important, but bills shall be paid as rendered notwithstanding any error of ordinary character likely to occur in railroad accounts, the necessary correction to be made in subsequent bills.

§ 12. Taxes and assessments shall be construed to be a proper charge against the joint account under the terms of this agreement, and shall be included in operating expenses and assumed by the parties hereto as hereinabove provided, excepting only that should any tax or special assessment be paid by the Burlington Company, which is properly chargeable to Road and Equipment Accounts under the rules of the Interstate Commerce Commission in effect at the time such tax or assessment is paid, then and in that event the full amount of said tax or assessment shall be capitalized, and interest rental shall be paid thereon as hereinbefore provided.

Should any tax or assessment be levied against the property of the Burlington Company, the use of which is granted the Peoria Company hereunder and should such tax or assessment cover not only such property so used by the Peoria Company but also other property of the Burlington Company, then and in that event, said tax or assessment shall be divided between the facilities used by the Peoria Company and the remaining facilities of the Burlington Company on the basis that the taxable valuation of the facilities used hereunder shall bear to the total taxable valuation of all facilities of the Burlington Company upon which said tax or assessment may be levied; and the Peoria Company shall assume its proper proportion of the tax or assessment determined in such manner.

§ 13. The Burlington Company shall maintain, repair, renew and operate the facilities covered hereby, furnishing all employes and material required therein, excepting those employes engaged in train and engine service for the exclusive benefit of one of the parties hereto and excepting those employes of the Peoria Terminal Company referred to in Section 5 of Article III hereof, and the Peoria Company shall assume its proportion as determined under the provisions of this agreement, of all the expenses incurred by the Burlington Company in such maintenance, repair, renewal and operation.

ARTICLE III.

Section 1. The Peoria Company shall have the use of the tracks covered hereby for the purpose of handling its own business only, it being hereby specifically agreed that the Peoria Company shall never permit the use of said tracks or any of them by any other company or companies whatsoever in the City of Peoria except when engaged in such use in the interchange of cars with the Peoria Company as under the terms of this agreement specifically permitted. The Peoria Company may use said tracks for road movements or for the movements of transfer trains, but it shall never under

cover of this agreement use said tracks, or any portion thereof, for yard switching or for any similar purpose.

§ 2. The Peoria Company shall not, under cover of this agreement, permit any other railroad company or companies to use said tracks, nor any portion thereof, except for interchange of cars with the Peoria Company nor shall it make connections with the said tracks either for its own use or for any other company, except as such connections are specifically authorized under the terms of this agreement.

§ 3. Trains of the Peoria Company shall be operated by its own engines and with its own crews, but such crews shall at all times and under all circumstances while upon the tracks covered hereby be under the complete supervision and control of employes of the Burlington Company authorized by it to exercise such supervision and control. Transfer trains of other companies admitted to said tracks under the terms of this agreement shall be construed to be trains of the Peoria Company hereunder.

§ 4. All rules, regulations and orders shall be reasonable, just and fair to the Peoria Company and all officers and employes engaged in the operation and maintenance of the tracks used by the Peoria Company hereunder, shall attend to the business of each party without preference to either. All passenger trains upon said tracks shall be given preference over other trains and the trains of the companies using said tracks shall be given equal dispatch according to their class. Regular trains of the Peoria Company shall be shown on the working time tables of the Burlington Company according to their class.

§ 5. Should the Peoria Terminal Company make any charge against the Burlington Company on account of the connection with its rails at the point "P" as shown on said Exhibit "A", then and in that event the full amount of such charge shall be borne and assumed by the Peoria Company, and all charges made by the Peoria Terminal Company on account of the use by the Peoria Company of its interlocking plant located adjacent to said point "P" shall likewise be assumed by the Peoria Company. Should it be necessary in the opinion of the Burlington Company to employ operators in said tower of the Peoria Terminal Company and such fact require the hiring of additional men by the Peoria Terminal Company, or the payment of higher rates to men already employed by it on account of the telegraphing service required in the opinion of the Burlington Company, then and in that event the Peoria Company shall pay the full amount of any additional cost incurred by the Burlington Company thereby.

§ 6. Each of the parties hereto shall assume and pay the full cost of printing new time cards when such new time cards are made necessary solely by a change in the time of such party's trains. In all other cases one-fifth ($1/5$) of the cost of printing such new time cards shall be construed to be an item of joint expense and shall be divided between the parties hereto in the same manner as other expenses of maintenance and operation are divided under the terms of Section 8 of Article II hereof.

§ 7. The books, records and papers of the Burlington Company touching on or material to the cost of improvements, additions or betterments to said joint track and touching on or material to the cost of maintenance or

operation thereof, shall at all times be freely open to the examination of the Peoria Company.

ARTICLE IV.

Section 1. The Burlington Company shall maintain and keep all of the tracks and facilities used by the Peoria Company hereunder, in reasonable repair and reasonably suitable for the combined business of both parties, but it is expressly understood that the Peoria Company shall not by reason of any defect in the roadway, tracks, or appliances, of, or pertaining to, said tracks and facilities, or by reason of the failure of the Burlington Company to repair such defect, have or make against the Burlington Company any claim or demand for any loss, damage or injury whatsoever arising from such defect, neglect or failure; provided, however, that in case the Burlington Company shall fail to repair any defect in said tracks and/or facilities within twenty (20) days after the Peoria Company shall have given to the Burlington Company written notice specifying the defect and requesting that it be repaired, then the Peoria Company shall have the right to make the necessary repairs at once, and the Burlington Company shall and will pay the cost thereof, which shall thereupon be apportioned between the parties as in this agreement provided.

§ 2. The Burlington Company may admit to the use of said tracks, or any portion thereof, the trains, engines or cars of any other railroad company or companies whatever, but in such event, for the purpose of determining liability as between the parties hereto under the terms of this Article IV, such engines, trains, or cars and the employees operating the same shall be construed to be the engines, trains, cars and employees of the Burlington Company unless they shall be upon said tracks in connection with the interchange of cars with the Peoria Company as permitted under the terms of this agreement, in which case they shall be construed to be the engines, trains, cars and employees of the Peoria Company.

§ 3. All persons engaged in the maintenance, repair, renewal or operation of the said tracks shown on said Exhibit "A" in solid red, dashed red between "S" and "M" and in dashed green shall, as respects liability for loss, damage, injury or death, be deemed the joint employees of the parties hereto; employees engaged in the construction of tracks shown in dashed red between "O" and "P" and in purple lake on said Exhibit "A" and in the maintenance, repair, renewal or operation of tracks shown on said Exhibit "A" in purple lake and in dashed red between "O" and "P" shall be deemed the sole employees of the Peoria Company. If any persons are engaged partly in such construction, maintenance, repair, renewal or operation and partly in service not connected therewith, then and in that case, they shall be regarded as joint employees only while they are engaged in the construction, maintenance, repair, renewal or operation of said tracks. Enginemen and trainmen of each party engaged solely in its own service shall not be considered as joint employees hereunder.

§ 4. Liability for injury to or death of the person and destruction of or damage to property (including said tracks used by the Peoria Company hereunder and the person and property of said joint employees) shall be borne by the parties hereto as follows:

When the same shall be due to

- (a) the sole negligence of a sole employe (or sole employes, as the case may be), of either party hereto; or to
- (b) the concurring negligence of a joint employe and a sole employe of either party hereto; or to
- (c) any defect in or failure of the engines or cars of either party hereto; it shall be borne by the party whose sole employe was thus negligent, or whose engines or cars were thus defective.

When the same shall be due to

- (d) the concurring negligence of sole employes of both parties hereto; or to
- (e) the concurring negligence of a joint employe and sole employes of both parties hereto; or to
- (f) the sole negligence of a joint employe; or to
- (g) the failure of or any defect in any part of said tracks; or to
- (h) unknown or concealed causes, acts of third persons, act of God, or inevitable accident;

it shall be borne by each of the parties hereto as to its own property, property in its care, custody or control, and as to its own employes, patrons and passengers, whether the same be upon or about said tracks or facilities or upon its own engines, trains or cars; while as to third persons and their property, including joint employes, and as to said tracks and facilities, such liability shall be borne by the party hereto whose engines, trains, cars or sole employes are concerned in the accident causing such injury, death, destruction or damage, but if the trains, engines, cars or sole employes of both parties hereto are concerned in such accident, then such liability shall be borne by both the parties hereto in the same proportion as the cost of maintenance of the tracks upon which the accident occurred is borne under the provisions of Article II hereof.

All liability not hereinbefore covered by this Section 4 shall be borne by the parties hereto in the same proportion that the cost of maintenance of said tracks is borne under the terms of Section 8 of Article II hereof, unless such liability shall come under the terms of Section 7 of Article I hereof.

§ 5. Each party hereto covenants and agrees with the other that it will pay for all loss, damage, and expense, both as to persons and property, the risk of which it has herein assumed, the judgment of any court to the contrary notwithstanding, and will forever indemnify and save harmless the other, its successors and assigns from and against all liability and claim therefor, or by reason thereof, and will pay, satisfy and discharge all judgments that may be rendered by reason thereof and all costs, charges and expenses incident thereto. In the event both parties hereto shall be liable hereunder upon any claim, demand, suit or cause of action arising under the liability sections of this agreement, and the same shall be compromised or settled by a voluntary payment of money or other valuable consideration by either party hereto, release from liability shall be taken to and in the names of both parties hereto. Neither party hereto, however, shall make any such compromise or settlement in excess of the sum of Five Hundred Dollars (\$500.00), without the authority of the other; but any settle-

ment made by either party hereto in consideration of said sum or a less sum shall be binding upon the other party hereto.

§ 6. In case a suit or suits shall be commenced against either party hereto for or on account of any damage or injury for which the other party hereto is solely or jointly liable under this agreement, the party so sued shall give to the other party written notice of the pendency of such suit, and thereupon the other party shall and will assume or join in the defense thereof; and if the party so notified is solely liable under this agreement, it shall and will save and hold harmless the party so sued from its proportion of all such loss, cost and expense, as determined by this agreement. Neither party hereto shall be concluded by any judgment against the other party hereto unless it shall have had reasonable notice that it was required to defend or join in the defense and reasonable opportunity so to do. When such notice and opportunity shall have been given, the party so notified shall, to the extent of its liability, as determined by this agreement, be concluded by the judgment as to all matters which could have been litigated in such suit.

ARTICLE V.

If at any time a question shall arise touching the construction of any part of this agreement, or concerning the business or manner of transacting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein contained, upon which question the parties hereto cannot agree, such question shall be submitted to the arbitrament of three disinterested persons to be chosen, one by the Burlington Company, one by the Peoria Company, and one by the two so chosen. The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within twenty (20) days after notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice may and shall name and appoint an arbitrator for and in behalf of the party so in default and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party. If the two arbitrators so chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator as aforesaid, such third arbitrator may be appointed upon ten (10) days' notice by either party hereto to the other party hereto of its intention to make application therefor, by any Judge of the District Court of the United States for the District which shall then include Peoria, Illinois. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the questions submitted to them and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigation as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them and shall serve a copy of such award upon each party hereto, and the award of such arbitrators, or a majority of them, shall be final and binding upon both parties, and each or

either party shall immediately make such changes in the conduct of its business or such payment or restitution as the case may be as in and by such award may be required of them respectively. The books and papers of both parties, so far as they relate to matters submitted to arbitration, shall be open to the examination of the arbitrators and the party against whom the award shall be made shall pay all the fees and expenses of the arbitrators. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

ARTICLE VI.

This agreement shall take effect as of July 1st, 1928, and shall remain in effect and be binding upon the parties hereto, their successors and assigns, until July 1st, 1953; and in further consideration of the several covenants, conditions and agreements to be performed by the Peoria Company as herein set forth, the Burlington Company hereby gives and grants to the Peoria Company, its successors and assigns, the right and option of extending this agreement for an additional term of twenty-five (25) years from and after July 1st, 1953, with the right at the expiration of such additional term to extend this agreement for an additional term of twenty-five (25) years; provided, nevertheless, that the foregoing extensions, and each of them, shall become effective if and when the Peoria Company, its successors or assigns, shall give to the Burlington Company, its successors or assigns, not less than twelve (12) months preceding the expiration of the then existing term of this agreement, written notice of its election to so extend this agreement, and provided further that before each extension of twenty-five (25) years shall become effective, the property used hereunder by the Peoria Company shall be re-appraised and rental payments to be made during such extended period by the Peoria Company shall be based on the re-appraised value, but in no event shall the annual rental payments to be made by the Peoria Company for any portion of any extension of twenty-five (25) years be less than the annual rental paid by the Peoria Company hereunder for the last calendar year preceding the year in which any extension of twenty-five (25) years shall become effective.

It is also agreed by and between the parties hereto that the Peoria Company shall not assign this agreement except as a part of the assignment of its entire line of railroad, and provided further that should the Peoria Company, its successors and/or assigns make default in any of the payments hereinbefore required by it to be made, or fail to faithfully perform any of the covenants hereinbefore set forth on its part to be performed, then and in such case, and after such default or failure shall have continued for a period of sixty (60) days after the Burlington Company shall have given to the Peoria Company, its successors and/or assigns, written notice thereof, the Burlington Company may, on thirty (30) days' written notice to the Peoria Company, thereupon declare this agreement terminated and exclude the Peoria Company, its successors and/or assigns, from the use of said tracks, or any portion thereof, and from all the rights and privileges

1962 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

hereinbefore granted to it, and the Peoria Company, its successors and/or assigns, shall have no claim or demand upon the Burlington Company by suit at law or otherwise on account of such exclusion; and provided further that no termination of this agreement shall operate to relieve either party hereto from any obligation incurred under the provisions hereof, and arising out of transactions had hereunder prior to the date of such termination.

The Burlington Company may waive any such default or failure, but no action of the Burlington Company in waiving such default or failure shall extend to or be taken to affect any subsequent defaults or failures, or impair its rights resulting therefrom.

In Witness Whereof, the parties hereto have executed this agreement in duplicate, as of the day and date first above written.

AGREEMENT, January 1, 1914. Chicago, Burlington & Quincy Railroad Company and Wabash Railroad Company.

This Agreement, made and entered into this First day of January, 1914, by and between the Chicago, Burlington & Quincy Railroad Company, a corporation, organized and existing under the laws of the State of Illinois, hereinafter called the "Burlington Company," first party, and the Wabash Railroad Company, a corporation, organized and existing under the laws of the State of Illinois and other States, and Edward B. Pryor, Receiver of said Wabash Railroad Company, hereinafter called the "Receiver," second parties,

Witnesseth: Whereas, under a certain agreement between the Burlington Company and the said Wabash Railroad Company, dated the 26th day of November, 1899, and certain other agreements supplementary thereto, the said Wabash Railroad Company has been operating over a portion of the railway of the Burlington Company between East Hannibal and Quincy, Illinois; and

Whereas, the parties hereto desire to change the terms of said agreements and the conditions under which the Receiver shall hereafter operate over said portion of railway, as hereinafter set forth;

Now, Therefore, it is agreed as follows:

ARTICLE I.

Sec. 1. The Burlington Company hereby grants to the Receiver for the term, upon the conditions in the manner in this agreement set out, the use, in common with the Burlington Company and such other company or companies as the Burlington Company has permitted or shall at any time hereafter permit to use the same or any part thereof, of the portion of the railway of the Burlington Company, extending from a connection

with the tracks of the Receiver in Front Street between Monroe and Madison Streets in the City of Quincy, Illinois, thence in a southeasterly direction to a point of connection with the tracks of the Receiver on the north side of the Mississippi River in East Hannibal, Illinois (but not including any branches), together with all side, passing and industrial tracks and all the appurtenances thereunto belonging, and all present and future improvements and betterments thereof and additions thereto; the said present railway and premises, the use of which is hereby granted, is for convenience hereinafter designated as the "Joint Line," and more particularly described and shown in red on plat No. 26051-C, which is hereto attached, identified by the signatures of W. L. Breckinridge, Engineer Maintenance of Way, of the Burlington Company, and A. O. Cunningham, Chief Engineer, of the Receiver, and made a part of this agreement.

§ 2. Except as in this agreement otherwise provided, the Receiver shall have the full and unrestricted right to do all business of a common carrier at any and all points upon and over said joint line, and shall have the right to run, operate and manage his engines, trains and cars of all classes in the conduct of his business as a common carrier, in common with said Burlington Company, and such other company or companies as the Burlington Company has permitted or shall at any time hereafter permit to use the same or any part thereof.

Excepting contracts already entered into between the Burlington Company and other companies, the Burlington Company shall not, before the termination of this agreement, make or renew any contract with any Express Company whatever, concerning the carriage of express matter, business or messengers, upon or over the joint line which will in any way interfere with the right of the Receiver to carry through—but not local—express matter, business or messengers upon or over the same, or to enter into a contract with any Express Company which it may at any time or times for that purpose select.

§ 3. Such wires as the Receiver may require along the said joint line for the operation of his trains or for railroad purposes shall be erected on the Burlington Company's poles by the Receiver to the satisfaction and approval of the Burlington Company at the sole expense of the Receiver, after the Receiver shall have first secured the consent of the Western Union Telegraph Company. Thereafter such wire or wires shall be maintained and repaired by the Burlington Company and the Receiver shall reimburse the Burlington Company for such expense in the ratio that the mileage of the Receiver's wires along said joint line shall bear to the combined mileage of all wires on said poles along said joint line.

The Receiver shall also have the right to install and maintain at his own expense, such instruments as he may require in the station buildings of the Burlington Company along the said joint line and connect the same with the said wires of the Receiver, all in a manner to the satisfaction and approval of the Burlington Company.

§ 4. Nothing in this agreement contained shall be construed in any manner to affect or abridge any of the corporate franchises or powers of the Burlington Company to use and operate its railroad and property on its own behalf at all times and to exercise all the corporate franchises, powers

and privileges which it may at any time possess, but not so as to unnecessarily impair the rights and privileges hereby granted to the Receiver.

§ 5. The use hereby granted to the Receiver is for his own business only, including all business transported over his own line; and the Receiver shall not under cover of this agreement, permit or provide for the use by any other railroad, or other company, person or persons, of the said joint line, or any part thereof, or haul the trains of others over the same, nor shall the Receiver assign this agreement, nor grant any interest therein, without the written consent of the Burlington Company; provided, however, that trains of other railroad companies using other parts of the Wabash Railroad under detour agreements may be permitted to run over the joint line under said agreement.

§ 6. The Burlington Company reserves the right to admit other tenants to the use of said joint line or any part thereof on such terms and conditions as it may deem proper; provided that such additional burden shall not deprive the Receiver of the reasonable and proper use of said joint line for the purposes herein granted, and provided further, that any and all payments made by such other tenants for the use of said joint line shall accrue to the benefit of the parties hereto in the proportion of their respective wheelage.

§ 7. The Receiver shall, at his own expense, construct, and maintain in reasonably safe condition, the necessary connections between his railroad and the tracks of the Burlington Company, constituting the Northerly and Southerly termini of the said joint line, and shall also, at his own expense, construct and maintain in reasonably safe condition, the necessary connections between his tracks in Quincy, Illinois, and the said joint line, which tracks are shown in green on said plat. If at any time during the continuance of this agreement either party hereto shall desire, or any competent public authority shall require, the construction of an interlocking plant or plants to protect said connections, or any of them, such interlocking plant or plants shall be constructed, maintained and operated by the Burlington Company, and the entire cost and expense of the construction, maintenance and operation of said interlocking plant or plants shall be divided between the parties hereto in the same proportion as the number of functions of said plants used by each party bears to the total number of said functions; and the employes of the Burlington Company engaged in such construction, maintenance or operation shall be deemed the joint employes of the parties hereto.

ARTICLE II.

Sec. 1. As rental for the use of said joint line and the rights and privileges herein granted, the Receiver shall pay to the Burlington Company the sum of One Thousand Eight Hundred and Eighteen Dollars and Sixty-four Cents (\$1,818.64) per month.

§ 2. Either party shall have the right, from time to time during the term of this agreement, to demand a change in the amount of rental provided for in Section 1 of this Article, upon six (6) months' notice in writing to the other party, the new amount of said rental to be agreed upon by the parties during said notice period, and said new amount so agreed upon shall, from

and after the expiration of said period, be and remain the rental to be paid by the Receiver to the Burlington Company for the use of said joint line, unless and until the same shall be again in like manner changed. In the event that the parties hereto shall fail to agree upon a new amount of said rental by the expiration of said notice period, then the Burlington Company shall have the option either to continue the negotiations for new amount of rental, or to terminate this agreement upon three (3) months' written notice to the Receiver; it being understood and agreed that if the Burlington Company elects to continue the negotiations, it may at any time pending the same, terminate this agreement upon three (3) months' written notice to the Receiver; and it being further understood and agreed that the amount of rental being paid by the Receiver at the time of the service of notice of a demand for a change therein hereunder, shall continue until a new amount of rental is agreed upon, or the agreement is terminated by the Burlington Company as above provided.

§ 3. The Receiver shall pay the cost of issuing time cards from time to time when new cards are made necessary solely by change in the time of the Receiver's trains. When new cards are made necessary by changes in the time of the Receiver's trains and the trains of any other company or companies using said joint line, the Receiver shall pay such proportion of the cost of issuing new time cards as one bears to the total number of companies making such new time cards necessary by changes in the time of their trains.

§ 4. The Receiver shall pay, as bills therefor may be rendered by the Burlington Company, for any coal or other supplies furnished to the Receiver on said joint line by the Burlington Company.

§ 5. Payments provided for in Section 1 of this Article shall be made by the Receiver to the Burlington Company on or before the fifteenth day of each month for the preceding month; all other payments provided for under the terms of this agreement shall be made by the Receiver to the Burlington Company within thirty (30) days after the receipt of bills from the Burlington Company therefor.

ARTICLE III.

Sec. 1. The Burlington Company shall have the charge, supervision and control of the said joint line and the operation and maintenance thereof, and shall pay all taxes and assessments that shall be legally levied thereon, maintain the same in good condition and repair and do all acts and things necessary and proper, in its discretion, for the protection, maintenance and operation of the same.

If the Burlington Company shall fail to repair any defect or defects in the said joint line within a reasonable time after notice in writing from the Receiver so to do, specifying the said defect or defects, the Receiver may repair the same at the cost and expense of the Burlington Company.

§ 2. The Burlington Company shall at all stations on the joint line employ all necessary agents and servants and will require them to give the same care and attention to the business and telegraph and telephone service of the Receiver as to its own business. All such employees shall be neutral

and impartial and shall give the Receiver equality of service with the Burlington Company. They shall receive general orders from the Burlington Company, but the Receiver may issue orders direct to such employes respecting the conduct of his own business; no such orders, however, shall in any way interfere or conflict with the duties of such employes respecting the Burlington Company. The Burlington Company shall, upon the complaint of the Receiver, for reasonable cause by him stated, transfer any such agent or servant from the joint line.

The Receiver shall at all times, at his own expense, furnish such station supplies as may be required solely for the transaction of the separate business of the Receiver; and the Burlington Company shall at all times furnish such stations with all other station supplies.

§ 3. The Burlington Company shall, upon request of the Receiver, require such station agents and other employes as receive or handle moneys for or on account of the Receiver, to give such reasonable bonds or other indemnity as the Receiver may require against loss through the carelessness or dishonesty of such employes. The premiums or compensation for the same shall be paid by the Receivers.

In case of a shortage occurring in the accounts of any such agent or employe where it is impracticable to determine the amount thereof due to each party, the shortage shall be apportioned between the parties hereto on the basis of net unsettled balance due each party.

Neither party shall have or make any claim against the other party hereto on account of the shortage, dishonesty or defalcation of any such employe.

§ 4. The Burlington Company shall make all rules, regulations and schedules for the operation of the said joint line, which shall have like application to all engines, cars and trains which may be moved thereon; and all engines, cars and trains shall move under and in accordance with said rules, regulations and schedules, and the orders of the Superintendent, Train Despatchers, or other authorized agents of the Burlington Company made thereunder; but the engines, cars and trains of the Receiver shall, in respect to such movement, be treated, as nearly as practicable, as equal in right with the engines, cars and trains of a similar class of the Burlington Company, or of any person, persons or company using the said joint line.

The engines, cars and trains of the Receiver shall be operated by his own employes at his own expense while on said joint line.

§ 5. If the use of said joint line, or any part thereof, shall at any time or times be interrupted, or traffic thereon be delayed by any cause which could not have been reasonably foreseen and provided against, and if in such case the use thereof shall be fully restored with all reasonable diligence, then and in that case neither of the parties hereto shall have any claim against the other or its lessors, lessees, successors or assigns for loss or damage of any kind caused by or resulting from such interruption or delay; nor shall the Receiver in such case be entitled to any abatement of any of his rentals, unless said interruption shall continue for a period of one month or more.

In case any of the Receiver's engines, trains or cars shall be wrecked while upon any portion of the joint line, such wreck shall be picked up and

removed by the Burlington Company and the cost of said service will be borne by said Receiver or otherwise according to the respective liability of the parties hereto as provided in Article IV hereof.

ARTICLE IV.

Sec. 1. All persons engaged in the maintenance, repair, operation and protection of the joint line, and in the construction work thereon, although paid by the Burlington Company shall, as respects liability for loss, damage, injury or death be deemed and considered the joint employes of the Burlington Company and the Receiver.

If any persons are engaged partly in such maintenance, repair, operation, protection or construction, and partly in service not connected therewith, then and in that case they shall be regarded as joint employes only to the extent of their engagement for the joint use and benefit of the Burlington Company and the Receiver.

Engine and train men of each party engaged solely in its own service, as well as the employes of the Receiver engaged in the services mentioned in Section 7 of Article I hereof, shall not be considered joint employes hereunder.

§ 2. Each party hereto shall bear and pay for:

All loss, damage, injury or death sustained by any person or persons whomsoever (including both parties hereto and their employes) which is caused wholly by the negligence or willful acts of its sole employes, or by any defect in or failure of its engines or cars.

§ 3. Each party hereto shall bear and pay for:

All loss or damage to its own property; property in its custody; property of its employes; property of its passengers and other persons on its trains;—injury to, or death of, its employes; its passengers and other persons on its trains;—loss, damage, injury or death not in this section specifically mentioned, sustained by itself, its employes, its passengers and other persons on its trains and the owners of property in its custody.

When such loss, damage, injury or death is caused by or results from:

- (a) Any defect or imperfection in said joint line, or any part thereof.
- (b) Unknown causes.
- (c) The negligence or willful act of a joint employe.
- (d) The concurrent negligence or willful acts of a joint employe and a sole employe of either or both parties.
- (e) The concurrent negligence or willful acts of the sole employes of both parties.
- (f) Negligence or willful acts of third persons.
- (g) Negligence or willful acts when the responsibility therefor cannot be determined.
- (h) An Act of God or inevitable accident.

§ 4. Each party hereto shall bear and pay for all:

Loss or damage to property of joint employes; property of third persons— injury to or death of joint employes or of third persons, when such loss, damage, injury or death is caused by or results from the concurrent negligence or willful acts of a joint employe and its sole employe.

§ 5. All loss, damage, injury or death, liability for which is not in this agreement otherwise provided for, shall be borne and paid for by the parties hereto, share and share alike, each party bearing and paying one-half thereof; the intention being that this Section 5 shall cover all loss, damage, injury or death not mentioned in Section 3 of this Article (except as provided in Section 4 hereof) due to any of the causes specified therein.

§ 6. If either party hereto shall pay or be compelled to pay any sum or sums for which the other party is liable under the terms of this agreement, such other party agrees to repay to it, such sum or sums, together with all costs and expenses incident thereto, promptly upon receipt of bills therefor; provided, however, that neither party shall pay any such sum or sums without giving to the other party an opportunity to assume the payment or defend against the payment thereof.

In case a suit or suits shall be commenced against either party hereto, for or on account of any loss, damage, injury or death for which the other party is liable under the terms of this agreement, the party so sued shall give to the other party notice in writing of the pendency of such suit, and thereupon such other party shall assume the defense of such suit and shall save and hold the party so sued harmless from all loss, cost and expense by reason thereof.

Neither party shall be concluded by any judgment against the other unless it had reasonable notice that it was required to defend, and had reasonable opportunity to make such defense. When such notice and opportunity shall have been given, the party so notified shall be concluded by the judgment as to all matters which could have been litigated in such suit.

ARTICLE V.

If the Receiver shall make default in any of the payments hereinbefore required of him to be made, or shall fail to perform any of the covenants herein required of him to be performed, then and in such case, and if such default or failure shall continue for a period of sixty (60) days after the Burlington Company shall have given the Receiver a written notice thereof, the Burlington Company may by a thirty (30) days' notice in writing to the Receiver, declare this agreement terminated, and may at the termination of the thirty (30) days in said notice mentioned, exclude the Receiver from the use and enjoyment of any and all of the premises and rights hereinbefore granted to him, and the Receiver shall surrender to the Burlington Company all of said premises, and shall have no claim or demand upon it by suit at law or otherwise, by reason of such exclusion. Provided, that failure to make any payment or perform any covenant which is the subject of arbitration or of litigation between the parties hereto, shall not, pending such arbitration or litigation, be deemed a cause of forfeiture.

The Burlington Company may waive any such default or failure, but no action of the Burlington Company in waiving such default or failure shall extend to, or be taken to affect any subsequent default or failure, or impair its rights resulting therefrom.

ARTICLE VI.

Sec. 1. If at any time a question shall arise touching the construction of any part of this agreement, or concerning the business, or manner of trans-

acting the business carried on under the provisions hereof, or concerning the observance or performance of any of the conditions herein contained, upon which question the parties hereto can not agree, such question shall be submitted to the arbitrament of three (3) disinterested persons, to be chosen one by the Burlington Company, one by the Receiver, and one by the two so chosen; provided, however, that the amount of rental to be paid by the Receiver for the use of said joint line shall not be a question for arbitration hereunder.

The party desiring such arbitration shall select its arbitrator and give written notice thereof to the other party, and shall in such notice state precisely the matter or matters which it proposes to bring before the arbitrators; and only the matters so stated shall be considered or decided by them. If either party shall fail to name an arbitrator within ten (10) days after written notice as aforesaid has been by the other party given to it, the arbitrator named by the party giving such notice, may and shall, name and appoint an arbitrator for and in behalf of the party so in default, and the arbitrator so named and appointed shall have the same power and authority as if he had been chosen by such party.

If the two arbitrators so chosen shall fail to select a third arbitrator within ten (10) days after the selection of the second arbitrator as aforesaid, such third arbitrator may be appointed upon ten (10) days notice by either party hereto to the other party hereto of its intention to make application therefor, by any Judge of the District Court of the United States for the District which shall then include the City of Chicago, Illinois. The arbitrators shall, as soon as possible after their selection, meet to hear and decide the questions submitted to them, and shall give to each party reasonable notice of the time and place of such meeting. After hearing both parties and taking such testimony or making such investigations as they may deem necessary, they shall make in writing their award upon the question or questions so submitted to them, and shall serve a copy of such award upon each party hereto, and the award of such arbitrators or a majority of them, shall be final and binding upon both parties; and each or either party shall immediately make such changes in the conduct of its business or such payment or restitution, as the case may be, as in and by such award may be required of them respectively.

The books and papers of both parties, so far as they relate to the matters submitted to arbitration, shall be open to the examination of the arbitrators, and the party against whom the award shall be made shall pay all the fees and expenses of the arbitrators. Until the arbitrators shall make their award upon any question submitted to them, the business, settlements and payments to be transacted and made under this agreement shall continue to be transacted and made in the manner and form existing prior to the rise of such question.

ARTICLE VII.

Sec. 1. This agreement shall go into effect on the date hereof, and, unless sooner terminated as is in this agreement elsewhere provided, continue in force and effect until the Receiver now in possession of said Wabash Railroad shall be discharged.

1970 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

§ 2. If at any time hereafter, by operation of law or judicial proceedings or otherwise, either party hereto, or any Receiver, trustee under mortgage, or other person for it, shall have the right or option to terminate this agreement, then and in such case the other party, its successors and assigns shall also have the right to terminate it.

ARTICLE VIII.

This agreement shall extend to and be binding upon the respective lessees, successors and assigns of each of the parties hereto and shall run with the property.

ARTICLE IX.

The aforesaid agreement of November 26, 1899, as well as agreements supplementary thereto, are hereby terminated; but each party hereto shall nevertheless have the right to recover from the other party hereto any obligations or liability which may have accrued thereunder while the same were effective and in operation.

It is further agreed that on the execution of this agreement, the agreement heretofore entered into between the Burlington Company and the Wabash Railroad Company, dated August 1, 1900, and covering certain facilities at Fall Creek, Illinois, shall be cancelled.

In Witness Whereof, the first party and the said Wabash Railroad Company have caused their corporate names to be hereunto subscribed by their proper officers and their corporate seals to be affixed and attested by their respective Secretaries, and the Receiver being thereunto duly authorized has hereunto set his hand, the day and year first above written.

SUPPLEMENTAL AGREEMENT, November 1, 1915, Chicago, Burlington & Quincy Railroad Company and Wabash Railway Company.

This Supplemental Agreement, made and entered into this first day of November, 1915, by and between the Chicago, Burlington & Quincy Railroad Company, a corporation, created under the laws of the State of Illinois,

hereinafter called the "Burlington Company," first party, and the Wabash Railway Company, a corporation, created under the laws of the State of Indiana, hereinafter called the "Wabash Company," second party;

Witnesseth: That,

Whereas, under a certain contract, of date January 1, 1914, between the Burlington Company as first party and the Wabash Railroad Company, and Edward B. Pryor, Receiver of said Wabash Railroad Company, as second parties (the said second parties being referred to in said contract as the "Receiver"), the Burlington Company granted unto said Receiver the right to use during the term of said receivership, under the terms and conditions set forth in said contract, the railroad of the Burlington Company between Quincy, Illinois and East Hannibal, Illinois, as in said contract described and as shown in red on plat No. 26051-C attached to said contract and made a part thereof, the said railroad of the Burlington Company as so described and shown being referred to in said contract as the "joint line"; and,

Whereas, effective on the date hereof said Receiver was discharged, said receivership terminated and the Wabash Company became the successor of the Receiver, and the parties hereto desire to continue said contract, as hereinafter amended, in force and effect for the term hereinafter set forth;

Now, Therefore, in consideration of the premises it is agreed by and between the parties hereto as follows:

I.

Plat No. 26051-D, with the said joint line shown in red thereon, hereto attached, identified by the signatures of W. L. Breekinridge, Engineer Maintenance of Way of the Burlington Company, and A. O. Cunningham, Chief Engineer of the Wabash Company, and made a part hereof, is hereby substituted for said plat No. 26051-C attached to said contract, and said last named plat is hereby made void.

II.

The sum of Eighteen Hundred and eighteen dollars and sixty-four cents (\$1818.64) per month, provided in Section 1 of Article II of said contract to be paid to the Burlington Company as rental for the use of said joint line and the rights and privileges granted in said contract shall be, and the same is hereby, amended to read Eighteen Hundred and fifty-four dollars and twenty cents (\$1854.20) per month, and the Wabash Company hereby agrees to pay to the Burlington Company said sum of \$1854.20 per month as rental for the use of said joint line.

The Wabash Company further agrees to pay to the Burlington Company for the use of said joint line an annual sum equal to two and one-half per cent (2½%) interest, from the time when expenditure for each thereof shall be made, upon that portion of the cost of all additions, betterments and improvements which the Burlington Company may make to and on said joint line, and upon that portion of any assessments lawfully levied on said joint line and actually paid by the Burlington Company, which shall, under the rules of accounting then prescribed by the

1972 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

Interstate Commerce Commission be chargeable to capital account; and also such additional monthly sum as the General Managers of the parties hereto shall agree upon as representing the Wabash Company's proportion of the cost of maintenance, repair, renewal, operation and taxes on said additions, betterments and improvements.

III.

The said contract of date January 1, 1914, with all its terms and conditions as herein modified and amended, shall inure to the benefit of and be binding upon the parties hereto, their successors and assigns, and shall continue in force and effect for the term of One (1) year from the date hereof, and thereafter until terminated upon One (1) year's notice in writing by either party, unless sooner terminated under the provisions of Article II, Article V, or Section 2 of Article VII of said contract.

In Witness Whereof, the parties hereto have caused their corporate names to be hereunto subscribed by their proper officers, and their corporate seals to be affixed and attested by their respective Secretaries, or Assistant Secretaries, as of the day and year first above written.

Attest:

T. J. TOBIN, *Asst. Secretary.*

Chicago, January 11, 1923.

Mr. S. E. Cotter,
VP&GM, Wabash Ry. Co.,
St. Louis, Missouri.

Dear Sir:—

On May 3rd, 1918, the Burlington Company completed some track changes and installed a track in the vicinity of Adams and Monroe Streets, Quincy, Ill., at an expense of \$5,873.57, for the purpose of serving the American Strawboard Company, the said track so installed being shown in red on attached Burlington print No. 53569.

This track serving the Strawboard Company and running in a north-westerly direction leads out of the Burlington main line which is used jointly by the Wabash under contract dated January 1st, 1914, and supplemental agreement dated Nov. 1, 1915. It is understood that, effective Jan. 15th, 1923, the Wabash Company shall likewise be permitted to use said trackage, shown in red on attached print, such use by the Wabash Company to be subject to all the terms and conditions of said

contract dated Jan. 1st, 1914 and supplemental agreement dated Nov. 1, 1915, covering joint use of Burlington main line.

It is agreed that for the use of said trackage, shown in red on attached blue print, the Wabash Company will pay to the Burlington Company the sum of Four Hundred Thirty Dollars and Fifty Two Cents (\$430.52) per annum, computed upon the following basis:

2½% per year on \$5873.57.....	\$146.84
Perishable material renewals—15 yr. life.....	\$ 96.78
Permanent material, 50% net renewals 20 year life....	54.58
Maintenance labor.....	100.00
	\$251.36
Wabash wheelage proportion—87%.....	\$218.68
Taxes (\$130) Wabash proportion—50%.....	65.00
	\$430.52

Bills rendered the Wabash Company under said contract dated Jan. 1, 1914, and supplemental agreement dated Nov. 1, 1915, shall be increased to cover the amount herein agreed to be paid by the Wabash for the use of said trackage shown in red on print hereto attached.

This supplemental arrangement as to said trackage, shown on attached print, may be terminated by either party giving to the other ninety (90) days' notice in writing of its desire to terminate the same and unless so terminated shall run concurrently with, and terminate with, said contract dated January 1st, 1914 and supplemental agreement dated November 1st, 1915.

This letter is written and executed in duplicate by me, and if the terms and conditions as herein set forth meet with your approval, please likewise execute both copies for the Wabash and return one of the copies to me—this letter agreement to stand in lieu of formal supplemental contract.

Yours truly,

W. F. THIEHOFF,
General Manager.

Accepted: Wabash Railway Company,

By S. E. COTTER.

Form approved:

N. S. BROWN.

Approved as to form,

THOS. J. LAWLESS.

Chicago, April 11, 1923.

Mr. S. E. Cotter,
VP&GM, Wabash Ry. Co.,
St. Louis, Missouri.

Dear Sir:—

You are using certain Burlington facilities Quincy to East Hannibal under terms of contract of January 1st, 1914 and supplement of November 1st, 1915, on an interest rental and user basis. The second paragraph

1974 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

of Article 2 of the supplemental contract above mentioned states that your company is also to pay $2\frac{1}{2}\%$ per annum interest from the time when expenditure for each thereof shall be made, upon that portion of the cost of all additions, betterments and improvements which the Burlington Company may make to and on said joint line.

In 1919 certain trackage was constructed to lead out of the joint line to serve the American Strawboard Company, and your company expressed a desire to use such trackage on the basis of the second paragraph of Article 2 above mentioned. After such trackage to the Strawboard Company was completed, your company decided that it would be cheaper for you to pay a switching charge on all business that came in or out of these tracks via your line than to secure the use of the tracks on the interest rental and user basis mentioned in Article 2 of the supplemental contract. The latter part of 1922, you decided that you would like to use the tracks on the said interest rental and user basis. This you will observe is the third decision made by your company in connection with this particular trackage.

We have no assurance but what some day if conditions change, your company may serve a notice on us that you will discontinue paying the interest rental, maintenance, etc. charges for use of the said trackage and go back to the switching arrangement.

I am sure you will agree with me that the contracts above mentioned did not contemplate that your company was to be at Liberty to use the tracks under one arrangement for one period and on another arrangement for a second period and, perhaps, go back to the first arrangement at a third period. It seems to me we should at the present time arrive at an understanding for future guidance that after your company once decides to join in the use of industrial trackage under the contracts in question, per the provisions of Article 2 of the supplemental contract of November 1st, 1915, your company is not to have the privilege of withdrawing from that arrangement during the life of said agreements; also that if your company once decides that you do not care to join in the use of such industrial trackage under the provisions of said contracts, you have not at some later date a right to withdraw such decision and demand right to use of the industrial trackage.

We gave you the benefit of the doubt in the case of the trackage serving the American Strawboard Company, but we do not feel that we should leave the situation, with reference to other tracks, in such a position that we will have a recurrence of the American Strawboard case.

We are perfectly willing to agree to the same understanding in connection with contracts of January 1st, 1914, and supplemental contract of November 1st, 1915, whereby we use your facilities between Bloomfield and Moulton.

I should be glad to receive acknowledgment from you of this letter, and advice that the proposition herein outlined is acceptable to your company.

Yours very truly

W. F. THIEHOFF,
General Manager.

WABASH RAILWAY COMPANY

St. Louis, Mo., May 2, 1923.
6604-B

Mr. W. F. Thiehoff, General Manager,
Chicago, Burlington & Quincy R. R. Co.
547 West Jackson Blvd.,
Chicago, Illinois.

Dear Sir:—

Replying to your letter of April 11th:

We are agreeable to the suggestion made in your letter as to the effective date of R & E charges agreed to in connection with the East Hannibal-Quincy trackage contract of January 1, 1914, and supplement of November 1, 1915.

I believe that, at the present time, the only R & E charge under consideration is that in connection with the construction of the track serving the American Strawboard Company's plant at Quincy.

Yours very truly
S. E. COTTER.

Chicago, October 6, 1927.

Mr. S. E. Cotter,
VP&GM,—Wabash Ry. Co.,
St. Louis, Missouri.

Dear Sir:—

In 1925 and 1926 the C. B. & Q. completed the construction of two tracks to serve the North Star Strawboard Mills at Quincy, Ill., under AFEs 8937 and 9931, at a total cost of \$4,186.80, tracks installed being shown in red on attached Burlington print 63428.

These tracks lead out of track installed in 1918 which is used by the Wabash under letter of agreement dated January 11th, 1923. Your Superintendent advised that the Wabash desired to use these additional tracks under terms of contract dated January 1st, 1914 and supplement thereto dated November 1st, 1915, which contracts cover use of Burlington main line between Quincy and East Hannibal.

It is understood and agreed that the Wabash shall be permitted to use the trackage shown in red on attached print, such use by the Wabash to be subject to all the terms and conditions of said contract dated January 1st, 1914 and supplement thereto dated November 1st, 1915.

It is also agreed that for the use of the trackage shown in red on attached print the Wabash will pay to the Burlington the sum of \$397.04, effective November 1st, 1927, computed on the following basis:

2½% per annum on \$4,186.80	\$104.67
Perishable material renewals—15 year life	\$149.16
Permanent material, 50% net renewals	
20 year life,	29.43
Maintenance labor	100.00
	\$278.59

1976 CHICAGO, BURLINGTON & QUINCY RAILROAD COMPANY

Wabash wheelage proportion—87%	242.37
Taxes (\$100.00) Wabash proportion—50%	50.00

\$397.04

Effective November 1st, 1927, bills rendered against the Wabash under said contract dated January 1st, 1914 and supplement thereto dated November 1st, 1915, shall be increased to cover the amount herein agreed to be paid by the Wabash for use of trackage shown in red on print 63428 attached.

This supplemental arrangement as to said trackage shown on attached print may be terminated by either party giving the other ninety days notice in writing of its desire to terminate the same and unless so terminated shall run concurrently with and terminate with said contract dated January 1st, 1914 and supplemental agreement dated November 1st, 1915.

This letter is written and executed by me in duplicate and if terms and conditions as herein set forth meet with your approval please sign both copies on behalf of the Wabash and return one copy to me for the files of the Burlington.

This letter of agreement is to serve in lieu of formal supplemental contract.

Yours truly
W. F. THIEHOFF,
General Manager.

Accepted:

Wabash Railway Company

S. E. COTTER.

Vice President & General Manager. (12-8-1927.)

WABASH RAILWAY COMPANY

St. Louis, Mo.

December 31, 1927.
6604-B.

Mr. W. F. Thiehoff, General Manager,
C. B. & Q. Railroad,
Chicago, Illinois.

Dear Sir:—

Referring to your letter of December 10th:

We will accept rental bills for use of the two industrial tracks at the North Star Strawboard Mills, Quincy on basis of \$207.21 beginning April 1, 1925, and an additional payment of \$189.83, effective May 21, 1926.

Your very truly,
S. E. COTTER.

Chicago, December 10, 1927.

Mr. S. E. Cotter,
VP&GM—Wabash Ry Co.,
St. Louis, Mo.

Dear Sir:—

Please be referred to your letter of December 8th, file 6604-B, about my letter of October 6th, 1927, concerning additional payments to be made by the Wabash on account of two tracks serving the North Star Strawboard Mills at Quiney, Ill., which tracks were constructed under our AFEs 8937 and 9931.

The track constructed under AFE 8937 was completed on March 31st, 1925 and the track constructed under AFE 9931 was completed on May 21st, 1926.

My letter of October 6th states that the increased payments to be made by the Wabash are to be effective November 1st, 1927. When this date was inserted it was with the idea that your Company had just commenced use of the trackage in question, but my attention has just been called to the fact that you have had the use thereof ever since the tracks were completed. Under the circumstances there is no question but what your Company should pay increased payments effective date tracks were completed. Therefore, I propose, for your consideration, that your Company pay increased rental amounting to \$207.21, effective April 1st, 1925, for track constructed on AFE 8937 and \$189.83, effective May 21st, 1926, for track constructed under AFE 9931.

I shall be glad to receive advice from you that this is acceptable to your Company.

Yours truly,
W. F. THIEHOFF.
